INTRODUCTORY SECTION

The Introductory Section contains unaudited information about the Airport Enterprise Fund.

MESSAGE FROM THE AVIATION DEPARTMENT CHIEF EXECUTIVE OFFICER AND THE CITY OF CHARLOTTE CHIEF FINANCIAL OFFICER

December 15, 2023

Honorable Mayor, City Council and Citizens of Charlotte:

We are honored to present the Charlotte Douglas International Airport (an enterprise fund of the City of Charlotte, North Carolina) Annual Comprehensive Financial Report for the fiscal year ended June 30, 2023. The basic financial statements in this report are prepared and presented in conformity with Generally Accepted Accounting Principles (GAAP) of the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB).

This report consists of management's representations concerning the finances of Charlotte Douglas International Airport (Airport or CLT). Consequently, management assumes full responsibility for the preparation and fair presentation of the information presented in this report. To provide a reasonable basis for making these representations, management has established a comprehensive internal controls framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the basic financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City and the Airport's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement.

To the best of our knowledge, we believe this report to be accurate in all material respects and reported in a manner designed to present the financial position and results of the City of Charlotte, Charlotte Douglas International Airport Enterprise Fund.

Management's Discussion and Analysis (MD&A) begins on page 31 and provides a narrative introduction, overview, and analysis of the Financial Statements and Notes. This transmittal letter is designed to complement the MD&A and should be read in conjunction with the MD&A. Starting on page 91, the Statistical Section provides additional relevant unaudited information.

FISCAL YEAR 2023 HIGHLIGHTS

Fiscal Year (FY) 2023 was a record year for the Airport by many metrics, including passenger traffic, which surpassed pre-COVID levels. A total of 25.4 million passengers enplaned at CLT during the fiscal year, an all-time record for the Airport and 6.2 percent higher than for FY 2019, the previous record and last pre-COVID year. The Airport continued to benefit from American Airlines' continued strategy to focus on connectivity at its two largest hubs in CLT and Dallas Fort Worth (DFW). Additionally, non-hub airlines like United moved to restore their pre-pandemic capacity with larger aircraft, and ultra low-cost airlines like Spirit continued to increase their market share with further expansion of service from the Airport. In total, FY 2023 enplaned passenger traffic increased 10.5 percent from FY 2022.

The Airport continues to be one of the busiest in the world, ranking tenth in the nation in passenger traffic for calendar year 2022 according to Airports Council International – North America, an industry trade group. While this ranking is lower than for 2021, when the Airport ranked sixth worldwide due to temporary schedule reductions at international gateway airports during the pandemic, it is an improvement from the Airport's rank as eleventh prior to the pandemic.

Paralleling the strong traffic growth, the Airport set financial records as well, with operating revenues exceeding \$350.0 million for the first time ever and year-over-year percentage growth exceeding that for passenger traffic. FY 2023 operating revenues totaled \$353.5 million, an increase of 10.8 percent. The revenue growth was driven entirely by non-airline revenues, reflecting the success of CLT's continued efforts to diversify revenue sources and keep airline costs low. While non-airline revenues from Included Cost Centers grew 20.7 percent from FY 2022 to FY 2023, airline revenues increased by 12.8 percent. Particularly strong growth was experienced in the parking and terminal concession business segments, indicative not only of the effects of a parking rate increase, but the increased average spend of passengers on these services in general as the pandemic entered the rear-view mirror. The strong non-airline revenue performance reflected steps taken by airport management to improve terminal concession offerings in FY 2023, including contactless shopping and order technology at many outlets to reduce passenger wait times and enhance convenience. These improvements included mobile ordering and payment, and "instant" self check-out with proximity technology. Passengers can now even make reservations using Open Table at selected CLT restaurants.

CLT continues to implement improvements and achieve recognition "behind the scenes" as well. In October 2022, the Airport was recertified as a Carolina Public Sector Star by the State of North Carolina Department of Labor in recognition for its leadership in occupational safety and health. CLT was the first airport in the State and the first department of the City of Charlotte to receive this accolade. In January 2023, the State of North Carolina Department of Transportation validated the critical importance of CLT to the State, finding that the Airport contributed \$32.0 billion to the State's economy in 2021, including the creation of \$1.8 billion in tax revenue, supported by over 150,000 jobs and \$9.9 billion in personal income. This impact was the largest by far in the State, with CLT alone accounting for more than 44.0 percent of the combined estimated \$72.0 billion in economic impact from North Carolina's 10 commercial service and 62 general aviation airports. Finally, in May 2023, the Airport was awarded a \$32.0 million competitive grant from the Federal Aviation Administration's (FAA) Airport Terminal Program (ATP) to renovate Concourse E with new carpet in gate areas, terrazzo flooring in passenger circulation areas, new LED lighting, seating with integrated power, and other improvements. The ATP is part of the FAA's Bipartisan Infrastructure Law (BIL) program in addition to the Airport Infrastructure Grant (AIG) entitlement program, under which the Airport expects to receive over \$200.0 million over five years to fund eligible improvements. CLT will continue to aggressively pursue additional competitive grants through the ATP to maximize grant funding.

The "face" of the Airport continued to change in FY 2023 as CLT continued to implement its Destination CLT capacity modernization program, now in its seventh year. The highest profile—and most visible—of these improvements is the Terminal Lobby Expansion and Roadway Canopy. The Airport opened the west portion of the expansion in July 2022, adding approximately 90,000 square feet of additional circulation space and access to the west pedestrian tunnel. The \$608.0 million project is anticipated to be completed in 2025. Additionally, the Airport made significant progress on its next round of gate expansion with the construction of the 10 gate Concourse A Expansion Phase II in full swing. The project is expected to open in Summer 2024.

Airport Director's Management Team

The Airport's capacity expansion projects are not just limited to the terminal. In May 2023, CLT broke ground on its long-awaited Fourth Parallel Runway, which is expected to ultimately increase airfield capacity 39.0 percent from 72 arrivals and 72 departures per hour to over 100 each upon completion in fall 2027. Passengers will benefit from the increased capacity which has reduced delays estimated to average four minutes per operation. A benefit-cost analysis found the project, which has an estimated cost of approximately \$1.0 billion including related taxiway systems, to generate \$5.8 billion in benefits. The project is important not only for CLT passengers, but for the nation as well. CLT's status as the nation's third-busiest single-airline hubbing operation (behind Atlanta and Dallas-Fort Worth) means that delays at the Airport can have ripple effects throughout the National Airspace System, resulting in delays for passengers not even touching CLT. In recognition of this fact, the Airport submitted a Letter of Intent application to the FAA for up to \$450.0 million in Airport Improvement Program (AIP) grants for the project. The Airport expects to receive the FAA's final determination in FY 2024.

To ensure adequate recovery of these capital investments and CLT's continued strong financial performance, the Airport has begun internal planning for the successor Airline Use and Lease Agreement (AUA), which is expected to take effect in 2026 following the expiration of the current agreement which took effect in 2016. The Airport and airlines both acknowledge the success of the AUA in providing a strong and secure financial platform that built upon the existing strong relationship between the parties and will be exploring changes to further enhance this proven partnership while providing adequate capital for responsible reinvestment into Airport facilities.

PROFILE OF THE REPORTING ENTITY

The Airport is located in the Southeastern U.S., a two-hour flight from 60.0 percent of the nation's population and an integral part of a thriving regional economic center. The Airport is one of the busiest in the nation, serving approximately 25.4 million enplaned passengers in FY 2023. CLT ranks as the 10th busiest in passengers in the nation according to Airports Council International – North America's calendar year 2022 traffic summary. The Airport is owned by the City of Charlotte, North Carolina (the City) and operated by the City of Charlotte Aviation Department (Aviation Department or Aviation).

The City is the core of the Airport's air service area. As defined by the U.S. Bureau of Economic Analysis, the Charlotte-Concord-Gastonia NC-SC Economic Area is a region in North Carolina and South Carolina with a population of over 2.8 million in 2022. Since 1929, the City of Charlotte has had a Council-Manager form of government. Policy-making and legislative authority are vested in a governing body consisting of a Mayor and 11 City Council members who are elected every two years on a partisan basis. The Mayor and four Council members are elected at-large by a citywide vote. The remaining seven Council members are elected by district, from voters who reside in each district. The Mayor and Council are responsible for appointing the City Manager, City Attorney, City Clerk, and members of various boards and commissions. The Council appropriates the annual budget, sets the tax rate and approves the financing of all city operations and capital investments. The City Manager is responsible for carrying out policies and ordinances and directs the daily operations and programs of the City.

The mission of the City of Charlotte is to ensure the delivery of a full range of quality public services and to promote the safety, health and quality of life of its citizens.

Within the City structure, the Aviation CEO leads the Aviation Department's leadership team, overseeing operations and development of the Airport and long-term strategic planning. The leadership team includes four chief officers for the core Airport functions of Operations, Infrastructure, Business & Innovation, and Finance, Administration & Technology. These chief officers are currently overseeing 14 divisions of the Airport. Managers overseeing Strategy and Organizational & Talent Development report directly to the Aviation CEO, and the Aviation's Chief Legal Counsel reports to the City Attorney with a dotted line to the Aviation CEO. The organizational chart, shown on the next page, reflects leadership as of June 30, 2023.

Airport financial operations are accounted for in a separate enterprise fund according to GAAP for governmental entities. The Aviation department is self-supporting and does not use local tax money to fund its operating costs. Funds come from airport-generated revenues, including those from parking, concessions, landing fees, rental cars, advertising, cargo, the fixed base operator, and airline rentals.

Aviation management utilizes six core Strategic Principles to manage and run the nation’s 10th busiest airport by passengers, including: Safety and Security; Employee Success; Customer Experience; Strategic Growth; Positive Partnerships; and Asset Preservation.

	<h2>STRATEGIC PRINCIPLES</h2>	
<p>Safety and Security Establish a strong safety and security culture that protects people and property.</p>	<p>Employee Success Promote a diverse and inclusive workplace that values authenticity, belonging, and teamwork.</p>	
<p>Customer Experience Deliver a superior travel experience anchored by innovation and creative solutions.</p>	<p>Strategic Growth Maintain global competitiveness through demand driven, economically conscious development.</p>	
<p>Positive Partnerships Safeguard business and community relationships by practicing integrity, transparency, and fiscal responsibility.</p>	<p>Asset Preservation Minimize service disruptions and improve reliability through proactive strategies.</p>	

AIRPORT OPERATIONS

Fiscal Year 2023 saw record passenger traffic at CLT, with enplaned passengers up 10.5 percent to 25.4 million, a new all-time high for the Airport. While American Airlines continued to grow its seat capacity at CLT in line with its strategy to concentrate connecting traffic at its CLT and DFW hubs, the nonhub airlines also drove a significant portion of the growth as they aggressively restored capacity to the Airport back to—and in some cases, above—pre-pandemic levels to accommodate the return of business travel demand. Whereas seat capacity on American grew a healthy 6.3 percent for FY 2023 versus FY 2022 according to data provided by Cirium’s Diio Mi Schedules database, total seat capacity on airlines other than American grew 27.7 percent. Leading this capacity growth were Spirit (119.3 percent increase in seat capacity), United (+47.5 percent), Frontier (+20.0 percent), and Southwest (+18.4 percent). Contour (+119.3 percent), Lufthansa (+53.0 percent), and JetBlue (+19.1 percent), grew significantly as well, albeit off smaller bases. Total enplaned passengers on airlines other than American increased 33.6 percent for FY 2023 versus FY 2022, compared with 8.4 percent for American. As a result, American’s market share decreased from 91.8 percent in FY 2022 to 90.2 percent in FY 2023.

During FY 2023, 21 airlines provided regularly scheduled passenger service at the Airport, providing an average of 634 daily departures to 185 destinations in 25 countries in the Americas, the Caribbean, and Europe. Additionally, four all-cargo airlines operated regularly at CLT. Additional detail regarding airline market shares is available in the Statistical Section, Schedule 24 on page 132.

The table below lists the passenger and cargo airlines providing service at the Airport during FY 2023.

AIRLINES PROVIDING SCHEDULED SERVICE AT CLT			
(Fiscal Year Ended June 30, 2023)			
Major/National	Regional and Other	Foreign Flag	All Cargo
American Airlines	Contour Airlines	Air Canada	Air Transport International
Delta Air Lines	Endeavor Air	Lufthansa	Atlas Air
Frontier Airlines	Envoy Air	Viva Aerobus	FedEx Express
JetBlue Airways	GoJet Airlines	Volaris	UPS Airlines
Southwest Airlines	Mesa Airlines		
Spirit Airlines	Piedmont Airlines		
United Airlines	PSA Airlines		
	Republic Airways		
	SkyWest Airlines		
	Sun Country Airlines		

The composition of traffic in FY 2023 consisted of 31.9 percent Origin & Destination (O&D) and 68.1 percent connecting passenger activity. O&D passengers are those beginning or ending their trips at the Airport, as opposed to connecting passengers who change planes at the Airport to reach their final destination. For FY 2023, total enplaned passengers increased 10.5 percent to 25.4 million. CLT primarily provides domestic service, with only 8.0 percent of FY 2023 enplanements being international. For more detailed information on enplaned passenger numbers, please refer to Schedules 22 - 24 on pages 130 through 132 in the Statistical Section.

During FY 2023, American Airlines added the new destinations of State College, PA and Santa Ana/Orange County, CA; and resumed service to Freeport, Bahamas; Paris, France; and San Jose, CA, which were previously served in 2019. Contour Airlines added service to Clarksburg, WV; Lewisburg/Greenbrier Valley, WV; Paducah, KY; and Shenandoah Valley, VA. Frontier Airlines added service to Cleveland, OH. Spirit Airlines added service to Boston, MA; Dallas Fort Worth, TX; Los Angeles (International), CA; Miami, FL; Nashville, TN; and New York (LaGuardia), NY. Sun Country Airlines added service to Minneapolis/St. Paul, MN. Viva Aerobus resumed service to Cancun, Mexico, also previously served in 2019.

Below is the FY 2023 list of the 25 busiest domestic O&D markets served from CLT.

TOP 25 DOMESTIC O&D MARKETS

	City	FY 2023 O&D Enplanements ¹	Percent of Total Domestic Enplanements	Distance from Airport (miles)
1	New York Area ²	697,054	10.3%	534
2	South Florida ³	298,507	4.4%	650
3	Washington DC Area ⁴	297,618	4.4%	331
4	Orlando	285,737	4.2%	468
5	Chicago ⁵	275,235	4.1%	599
6	Dallas ⁶	244,284	3.6%	936
7	Boston	244,156	3.6%	728
8	Los Angeles ⁷	232,712	3.4%	2,125
9	Denver	216,076	3.2%	1,338
10	Las Vegas	203,915	3.0%	1,916
11	Philadelphia	185,742	2.7%	448
12	Houston ⁸	169,115	2.5%	913
13	Phoenix	145,165	2.1%	1,774
14	Nashville	134,832	2.0%	329
15	San Francisco ⁹	125,031	1.8%	2,296

AIRPORT FACILITIES

The Airport, located approximately seven miles from the City's central business district, was established in 1935 as Charlotte Municipal Airport. It occupies approximately 6,000 acres of land located within the City and is accessible within minutes from Interstate 85 and Interstate 77. In North Carolina, CLT is the only large hub airport as designated by the FAA as a commercial airport serving more than 1.0 percent of national annual passenger boardings. The closest commercial service airports are Concord-Padgett Regional Airport (JQF, 30 miles), Greenville-Spartanburg International Airport (GSP, 88 miles), Columbia Metropolitan Airport (CAE, 102 miles), Piedmont Triad International Airport (GSO, 103 miles), Asheville Regional Airport (AVL, 111 miles), Florence Regional Airport (FLO, 118 miles) and Raleigh-Durham International Airport (RDU, 161 miles). According to FAA data, CLT enplaned more than 3.9 times the number of passengers as the busiest of these airports, RDU, during calendar year 2022.

The Airport has a 2.1 million square foot terminal with five concourses and 114 gates. The terminal includes approximately 200,000 square feet of concession space, including casual and fast-food options, as well as a variety of retail shops and services to meet passenger needs. The airfield has three parallel runways and one crosswind runway. Runway 18C/36C (north/south) is 10,000 feet, 18R/36L (north/south) is 9,000 feet, 18L/36R (north/south) is 8,676 feet, and 5/23 (crosswind) is 7,502 feet. Runway 5/23 is currently only available for taxiing operations as it is being decommissioned as part of the South Ramp Expansion project.

There are approximately 22,000 public parking spaces at the Airport. These are comprised of short-term and long-term lots, and spaces for Valet and Express Deck operations, to accommodate differing passenger needs and price points. The Hourly Parking Deck, located directly across from the terminal, houses the Airport's Consolidated Rental Car Facility (CONRAC) on the bottom three levels. The CONRAC provides the rental car operators approximately 2,900 ready/return and quick-turn-around spaces and a facility for fueling and cleaning operations.

CLT's Fixed Based Operator (FBO), Wilson Air Center – Charlotte, manages private and corporate aircraft operations on behalf of the Airport. Wilson Air Center has more than 50 acres of facilities including an executive terminal and aircraft storage and offers corporate support services.

The North Carolina Army Guard and North Carolina Air National Guard also have active facilities at the Airport.

AIRLINE AGREEMENTS AND FINANCIAL POLICIES

CLT adopted a modernized Airline Use and Lease Agreement (AUA) in July 2016, and FY 2023 was the seventh year under the AUA. The AUA governs the use of the Airport by the seven Signatory Airlines and the establishment of rates, fees and charges payable annually by the Signatory Airlines. These fees and charges generate revenues sufficient to compensate the City for debt service on airport revenue bonds, operation and maintenance expenses and other financial requirements. The AUA continues the historical 40.0 percent share of excess non-airline terminal revenues with the Signatory Airlines.

Long-term debt, among other funding sources, is a critical funding source for the Airport’s Destination CLT capital improvement program. With the program well underway, management remains focused on bondholder security. All capital project funding plans and debt issuances are evaluated using the Airport’s financial targets listed below. Management continues to fully assess risk and cost impacts before undertaking projects.

MANAGEMENT’S FINANCIAL TARGETS & ACTUAL RESULTS		
	FY 2023 Targets	FY 2023 Actual Results
Debt Service Coverage:		
1. Debt Service Coverage - Bond Ordinance (PFC Offset Method) ¹	≥2.00x	6.0x
2. Debt Service Coverage - PFCs Classified as Revenues and Excluding Rolling Coverage	≥1.50x	2.97x
Airport Revenue Bond Debt per Enplanement	≤\$100	\$54.67
Liquidity – Days Cash on Hand ²	≥800 days	993
Net Airline Cost per Enplaned Passenger ³	-	\$1.45

¹The debt service coverage of 6.0x is presented as a financial calculation. North Carolina Airport Improvement Program (NCAIP) and Airport Coronavirus Response Grant Program (Federal COVID Relief Grant) funds were used to reimburse the debt service payments reflected in this calculation for FY 2023. FY 2023 debt service was paid in full by PFCs and grants.

²Days Cash on Hand calculation is unrestricted cash/operating expenses (excluding depreciation and amortization) x365.

³Net Airline Cost per Enplaned Passenger is Airline Rents and Fees less revenue share divided by total passenger enplanements.

RATING AGENCY ACTIONS

The Airport maintained a Aa3 rating with a Stable outlook from Moody’s Investors Service and the equivalent AA- rating with a Stable outlook from Fitch Ratings.

In connection with the issuance of the 2023 Bonds in September 2023, both Moody’s and Fitch affirmed these ratings. In their reports, they cited the Airport’s strong long-term traffic growth, including its very strong recovery from COVID, growing originating traffic base, and management’s continued focus on maintaining strong financial metrics, particularly days cash on hand and debt service coverage.

DEVELOPMENT INITIATIVES

DESTINATION CLT

Strategic Growth is one of CLT’s six core strategic principles. In keeping with this principle, management completed a thorough master planning process resulting in the Airfield Capacity Enhancement Plan and the Terminal Capacity Enhancement Plan. These plans were used in the development of Destination CLT – the Airport’s current \$3.1 billion capital improvement program. Destination CLT is targeted to enhance capacity based on the Airport’s growth forecast through 2035 while remaining demand driven or scalable to respond to airline and passenger demand.

Destination CLT is well underway and the status of each major component as of June 30, 2023 is listed below:

DESTINATION CLT		
PROJECTS	DESCRIPTION OF PROJECT	STATUS
Concourse A Expansion Phase I	Construction of nine gates north of Concourse A to accommodate expanding air service and replace several existing gates	Construction Complete – Opened July 2018
Elevated Roadway and Terminal Curb Front	Expansion of roadway and curb front facilities to meet growing local passenger demand and reduce congestion	Construction Complete – Opened October 2019
East Terminal Expansion Phase II	Construction of a three-level addition of approximately 51,000 sq. ft. at Concourses D and E, enhancing passenger circulation and providing area for multiple concessions on the Departures/Ticketing level	Construction Complete – Opened November 2019
Terminal Renovations	Updates and refurbishment of the aging terminal building, including infrastructure replacement and upgrades to finishes such as walls, ceilings, and flooring	Construction Complete – Opened Winter 2020
Concourse E Expansion Phase VIII and IX	Construction of 34,000 sq. ft. of hold room and support space on the north and east end of Concourse E	Construction Complete – Opened Spring 2022
Concourse A Expansion Phase II	Construction of 10 gates north of Concourse A, Phase I to accommodate expanding air service	Design Underway – Estimated Completion: Summer 2024
Terminal Lobby Expansion	The terminal lobby will be expanded to the north to create additional space for security lanes, ticketing and baggage claim, a basement level for offices and access to the subterranean walkways, an exterior canopy as well as increased circulation space in the lobby.	Construction Underway – Estimated Completion: Winter 2025
Fourth Parallel Runway	Construction of a new 10,000-foot-long, 150-foot-wide, Runway 1-19 between Runway 18C-36C and Runway 18R-36L. The New Fourth Parallel Runway would be constructed to accommodate Group V aircraft and be located 1,100 feet to the west of Runway 18C-36C.	Construction Underway – Estimated Completion: Fall 2027

COMMERCIAL DEVELOPMENT STRATEGY

Commercial Development strategy formerly known as the Project AMP (Airport Master Plan) continued in FY 2023. CLT began site readiness work in Destination District Central and West, understanding site constraints, development potential and demand for asset types likely to locate in these two development areas.

For the first time, CLT leased land as part of Destination District West to franchise businesses, generating \$235.0 thousand in annual revenue. Also, the Commercial Development strategy project was selected by Duke Energy for their competitive site readiness program, enabling the future development study of an Airport site.

THE REGION'S ECONOMY

The dynamic and growing region, with the City of Charlotte at its core, is fueling the Airport's strong O&D growth. The Charlotte-Concord-Gastonia, North Carolina and South Carolina Metropolitan Statistical Area (MSA), has an estimated 2022 population of 2.8 million. Charlotte is home to nine Fortune 500 companies. The City ranks as the nation's second largest financial banking center. According to the Charlotte Regional Business Alliance, there have been more than 800 international companies representing over 40 countries and employing more than 80,000 people that have spawned the creation of several honorary consulates, international and cultural organizations. The Charlotte region ranked 21st in the United States for total Gross Domestic Product (GDP) output and Mecklenburg County accounted for about 20.0 percent of the total GDP output for the state in 2021, the most recently available data from the Bureau of Economic Analysis. The regional economy continues to experience strong growth, with unemployment at 3.2 percent as of the second quarter of 2023.

Trucking, rail, and logistics firms are major industries in the region. Other transportation assets in the region besides the Airport include four interstate highways (I-85, I-77, I-485 and I-40). The City is also at the center of the country's largest consolidated rail system.

Charlotte continues to be a destination of choice for tourism including recreational opportunities such as the NASCAR Hall of Fame complex, Charlotte Motor Speedway, the National Football League's Carolina Panthers, Minor League Baseball's Charlotte Knights, American Hockey League's Charlotte Checkers, the National Basketball Association's Charlotte Hornets and Major League Soccer's Charlotte Football Club. The U.S. National Whitewater Center is located nearby on the Catawba River and contains the world's largest artificial whitewater river and a U.S. Olympic Training site.

ECONOMIC IMPACT

Charlotte Douglas International Airport continues to be a major economic driver to Charlotte's regional economy with the continuous growth and expansion of its facilities and infrastructures. In 2021, North Carolina Department of Transportation (NCDOT) reported on the economic impact and contribution of CLT, showing \$32.0 billion in economic output, \$1.8 billion in state and local taxes, 151,575 jobs for North Carolina residents and \$9.9 billion in personal income.

Aviation Department Finance Managers and Financial Reporting Team

ACCOLADES

Government Finance Officers Association

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Charlotte Douglas International Airport, North Carolina for its annual comprehensive financial report for its fiscal year ended June 30, 2022. This was the seventh consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

Carolina Public Sector Star

The Aviation Department was recognized by the North Carolina Department of Labor with a Carolina Public Sector Star designation in October 2022. The Carolina Star program recognizes state agencies and local governments for their leadership and success in providing a safe and healthy work environment.

Gold Awards

Administration received two MarCom awards in October 2022. The groups earned a Gold Award for the 2021 Report of Achievement and an Honorable Mention for social media content.

The MarCom awards recognize excellence in communications and marketing. Each year, around 6,500 print and digital entries are submitted from dozens of countries. MarCom is administered by the Association of Marketing and Communication Professionals.

Terminal Lobby Expansion's West Side Opens

Portions of the Terminal Lobby Expansion's (TLE) west side opened to the public in July 2022, providing approximately 90,000 square feet of additional circulation space and access to the west subterranean walkway.

Runway 5K

The 15th Runway 5K drew 1,200 runners and walkers to CLT's airfield in October 2022. In all, the event raised \$38,810. Proceeds from the race once again assisted with funding Airport Opportunity Scholarships for local students. The amount raised will allow three local students to attend college for free, covering tuition, books and providing internship opportunities.

Overall race winners received American Airlines flight certificates while winners for different age groups were given Omega Sports certificates.

Phoenix Marketing International Survey

Eight out of ten passengers were satisfied with their experience at CLT, the check-in experience, service at the security checkpoint, terminal facilities, gate area, food, beverage and retail services and baggage delivery, according to a Phoenix Marketing International Survey of 429 CLT customers in December 2022. Seven out of ten passengers gave high marks to getting to and from the terminal.

Airports Council International Preliminary Rankings

CLT ranks the seventh busiest airport worldwide for arrival and departure operations and tenth for passenger traffic, according to 2022 Airports Council International rankings.

ACKNOWLEDGEMENTS

We hope you find this report to be informative and helpful. Our management philosophy is grounded in sound financial stewardship, as evidenced by FY 2023's financial results and the production of this report. We greatly appreciate all the team members who work tirelessly providing and supporting excellent airport operations, including those who assisted in the preparation of this report.

Respectfully submitted,

Haley Gentry

FINANCIAL SECTION

- 28 Report of Independent Auditor
- 31 Management's Discussion & Analysis
- 27 Basic Financial Statements
- 79 Required Supplementary Information

The Financial Section contains audited information about the Airport Enterprise Fund.

Report of Independent Auditor

To the Honorable Mayor and Members of the City Council
City of Charlotte, North Carolina

Opinion

We have audited the accompanying statement of net position of the Charlotte Douglas International Airport (the “Airport”), an enterprise fund of the City of Charlotte, North Carolina (the “City”), as of June 30, 2023, and the statements of revenues, expenses, and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the Airport’s basic financial statements as listed in the table of contents.

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of the Airport as of June 30, 2023, and the changes in its financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Airport and do not purport to, and do not, present fairly the financial position of the City as of June 30, 2023 and the changes in its financial position and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Airport’s ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Airport's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Airport's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A) and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MANAGEMENT'S DISCUSSION & ANALYSIS

MANAGEMENT'S DISCUSSION & ANALYSIS

Management's Discussion & Analysis (MD&A) provides a narrative introduction, overview and analysis of the financial activities of Charlotte Douglas International Airport (Airport or CLT), an enterprise fund of the City of Charlotte. The information contained herein pertains to the financial performance of the Airport for the Fiscal Year (FY) ended June 30, 2023. This MD&A should be read in conjunction with the Financial Statements and Notes that follow.

FINANCIAL HIGHLIGHTS

FISCAL YEAR 2023

- Total net position for the Airport Enterprise Fund on June 30, 2023 was \$2.3 billion; 23.3 percent or \$540.6 million of that total was unrestricted. The net position increased \$209.9 million from total net position on June 30, 2022.
- Operating revenues increased by \$34.5 million to \$353.5 million in FY 2023. This increase was primarily attributed to ongoing economic recovery and growth in increased airline activity.
- Operating expenses, excluding depreciation and amortization, increased by \$25.0 million to \$217.9 million in FY 2023. Overall, the increase in operating expense is attributable to higher operational costs in the Terminal Building, Ground Transportation, Airfield and Fixed base operator (FBO), as the result of significant inflationary increases and increased air traffic activity.
- Capital contributions increased by \$48.4 million to \$90.4 million in FY 2023. This category is primarily comprised of grants used to fund capital projects directly and grants used to pay debt service on bond funded projects in FY 2023.
- The Airport received \$70.6 million in federal grant revenue in FY 2023 related to three Coronavirus aid and relief grants. This included \$384k from the Coronavirus Aid, Relief and Economic Security Act (CARES Act) grant for reimbursement for COVID-19- related capital improvements to the Terminal Building; \$1.3 million from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRS Act) grant for reimbursement for debt service expenses; \$20.7 million from the American Rescue Plan Act (ARP Act) grant related to federally mandated relief to concessionaires, and \$48.2 million from the American Rescue Plan Act (ARP Act) for reimbursement for debt service and operating expense. Also, in FY 2023 the Airport received \$52.7 million in state grant revenue related to the North Carolina Airport Improvement Program (NCAIP). This amount represents reimbursements related to debt service paid in FY 2023 and capital improvements to the Terminal Building as well improvements to the Fixed Base Operator terminal building.
- During FY 2023, the City implemented GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs), to all City departments. The implementation of this standard employs the same logic as GASB Statement No. 87, Leases, in that it requires a right to use asset and a corresponding liability to be recorded for certain IT arrangements. A SBITA is classified as information technology (IT) software that expresses control of the right to use another party's (a SBITA vendor's) IT software, alone or in combination with tangible capital assets as specified in the contract for a period of time in an exchange or exchange-like transaction.
- Nonoperating revenues increased by \$47.1 million to \$188.7 million. This increase was primarily due to Passenger Facility Charges (PFCs), Contract Facility Charges (CFCs) and a significant increase in investment earnings.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Section of this report consists of two parts: Management's Discussion & Analysis (this section) and the Basic Financial Statements. The Basic Financial Statements section includes Notes to the Financial Statements that provide explanations and detailed data on pages 50 through 76.

The Airport Enterprise Fund is an enterprise fund of the City of Charlotte. This fund is used to account for the Airport's ongoing operations. The City uses the accrual basis of accounting, so revenues are recognized when earned and expenses are recognized when incurred.

The following is a summary of the Airport's Net Position as of June 30:

NET POSITION		
(Fiscal Years Ended June 30; \$000)		
	2023	2022
ASSETS		
Current and other assets	\$ 1,594,271	\$ 1,649,298
Capital assets, net	2,637,347	2,271,486
Total assets	4,231,618	3,920,784
DEFERRED OUTFLOWS OF RESOURCES	24,881	19,231
LIABILITIES		
Current liabilities	223,998	182,864
Noncurrent liabilities	1,557,383	1,459,218
Total liabilities	1,781,381	1,642,082
DEFERRED INFLOWS OF RESOURCES	155,310	188,037
NET POSITION		
Net investment in capital assets	1,321,585	1,177,828
Restricted	457,673	444,797
Unrestricted	540,550	487,271
TOTAL NET POSITION	\$ 2,319,808	\$ 2,109,896

The analysis below explains the Net Position.

FISCAL YEAR 2023 COMPARED TO FISCAL YEAR 2022

Total assets increased by \$310.8 million, or 7.9 percent, in FY 2023 compared to FY 2022. The increase in capital assets is primarily due to the ongoing construction of the Airport's Terminal Lobby Expansion, Concourse A Expansion Phase II, North End Around Taxiway, Fourth Parallel Runway, Taxiway F Extension, Deice Pad & Taxiway South Crossfield projects.

Total liabilities increased by \$139.3 million, or 8.5 percent, in FY 2023 compared to FY 2022. This increase is primarily due to an issuance of revenue bond anticipation notes payable. The remaining increase in total liabilities is due to accounts payables accruals at year-end to include non-airline terminal revenue share of \$56.2 million in FY 2023 in comparison to \$46.1 million in FY 2022.

Total net position increased by \$209.9 million, or 9.9 percent in FY 2023 compared to FY 2022. As of June 30, 2023, \$1.3 billion was invested in capital assets, \$457.7 million was restricted for debt service reserves, PFCs, CFCs, working capital, and net OPEB assets, while \$540.6 million was unrestricted and available for short-term operational needs. This increased net position is primarily due to ongoing capital development, which increases the airport's capital assets.

FBO	36,512	32,210
Other	20,721	16,792
Total FBO & other revenues	57,233	49,002
TOTAL OPERATING REVENUES	\$ 353,506	\$ 318,984

The analysis below explains the increases and decreases in operating revenues.

FISCAL YEAR 2023 COMPARED TO FISCAL YEAR 2022

Operating revenues increased by \$34.5 million, or 10.8 percent, to \$353.5 million in FY 2023 from \$319.0 in FY 2022. This increase was due to ongoing economic recovery and growth in increased airline activity.

Airline revenues increased \$18.4 million, or 16.2 percent, to \$132.1 million in FY 2023. Terminal revenues and airfield revenues both increased. Terminal rents and fees increased by \$15.1 million to \$88.9 million while airfield revenues, which are associated with the airline landing fees, increased by \$3.3 million to \$43.2 million. The increase in revenues is attributable overall to significantly higher passenger activity in FY 2023. Airline revenues constitute 37.4 percent of total operating revenues in FY 2023.

Concessions, rental cars and parking revenues increased \$7.8 million, or 5.0 percent, to \$164.2 million in FY 2023. Parking revenues increased by \$13.3 million to \$94.7 million; a 16.3 percent increase. This resulted from the increase in passenger activity, as well as enhanced parking options and online booking system. Overall concessions revenues reflect a net decrease of \$7.9 million due to the application of COVID concessions relief grants applied to concession activity. However, exclusive of this grant activity, concessions revenues increased by \$10.2 million, or 17.9 percent, to \$67.5 million driven by significant increases in food and beverage and retail sales.

FBO and other revenues increased \$8.2 million, or 16.8 percent, to \$57.2 million in FY 2023. FBO revenues increased \$4.3 million, or 13.4 percent, due to the increase in the sale of aviation fuel. Other revenues increased by \$3.9 million, or 23.4 percent, due to increased miscellaneous revenues to include non-terminal rents and deicing. FBO & other revenues were 16.2 percent of total operating revenues in FY 2023.

OPERATING EXPENSES BEFORE DEPRECIATION AND AMORTIZATION

OPERATING EXPENSES BEFORE DEPRECIATION AND AMORTIZATION		
(Fiscal Years Ended June 30; \$'000)		
	2023	2022
TERMINAL & AIRFIELD

Cargo	2,562	2,229
Other	3,724	6,487
Total FBO, cargo & other	35,884	34,555
TOTAL OPERATING EXPENSES BEFORE DEPRECIATION AND AMORTIZATION	\$ 217,889	\$ 192,922

The analysis below explains the increases in operating expenses.

FISCAL YEAR 2023 COMPARED TO FISCAL YEAR 2022

Operating expenses before depreciation and amortization increased \$25.0 million, or 12.9 percent, to \$217.9 million in FY 2023.

Terminal Building expenses increased \$11.4 million to \$79.1 million, or 16.9 percent, Ground Transportation expenses increased by \$8.6 million and Airfield expenses increased only \$0.2 million in FY 2023. Terminal Building expenses increased due to higher operational costs, as well as maintenance and materials usage, as a result of increased passenger activity. Ground Transportation expenses increased because of increased required maintenance, personnel costs and increased cost of fuel, resulting from increased passenger activity. The Airfield experienced higher expenses due to increased aircraft activity, staffing needs and increased contractual services. Terminal and Airfield expenses accounted for 61.1 percent of operating expenses before depreciation and amortization in FY 2023.

Airport Services Facilities (ASF) expenses (the Airport's indirect overhead expense allocation) increased \$3.5 million, or 7.6 percent, to \$48.8 million in FY 2023. ASF's increase was due to higher personnel costs, operations and maintenance and contractual increases. ASF accounted for 22.4 percent of operating expenses before depreciation and amortization in FY 2023.

FBO, cargo and other expenses increased \$1.3 million, or 3.8 percent, to \$35.9 million in FY 2023. FBO expenses increased \$3.8 million, or 14.5 percent, primarily due to increased fuel costs. Cargo and other operating expenses also increased. FBO, cargo and other expenses accounted for 16.5 percent of operating expenses before depreciation and amortization in FY 2023.

CAPITAL ASSETS

The Airport Enterprise Fund's net capital assets were \$2.6 billion in FY 2023 and \$2.3 billion in FY 2022.

FY 2023's increase of \$365.9 million, or 16.1 percent, was primarily due to Construction in Progress for other improvements, as some Destination CLT projects are still in progress. The following is a summary of capital assets at June 30, 2023, and 2022:

CAPITAL ASSETS		
(Fiscal Years Ended June 30; \$000)		
	2023	2022
Land	\$ 424,905	\$ 406,538
Buildings	1,393,154	1,381,566
Runways	542,153	536,134
Other improvements	526,456	369,228
Intangibles	20,113	18,791
Machinery & equipment	205,666	168,791
Construction in progress	716,691	496,449
Right to use machinery & equipment	1,233	547
SBITAs	7,429	-
TOTAL CAPITAL ASSETS	3,837,800	3,378,044
Less: accumulated depreciation	1,198,495	1,106,450
Less: accumulated lease asset amortization	310	108
Less: accumulated SBITA asset amortization	1,648	-
NET CAPITAL ASSETS	\$ 2,637,347	\$ 2,271,486

SIGNIFICANT CAPITAL ASSET ADDITIONS DURING FY 2023

- Construction in Progress increased \$220.2 million primarily due to the ongoing construction on the Terminal Lobby Expansion project, Concourse A Expansion Phase II and the North End Around Taxiway project in FY 2023. Progress was made on several large projects during FY 2023 including:
 - Terminal Lobby Expansion — \$87.1 million increase in construction expense
 - Concourse A Expansion Phase II — \$82.9 million increase in construction expense
 - North End Around Taxiway — \$52.6 million increase in construction expense
 - Fourth Parallel Runway — \$43.6 million increase in construction expense
 - Taxiway F Extension, Deice Pad & Taxiway South Crossfield — \$34.2 million increase in construction expense
 - Terminal Lobby Canopy — \$16.8 million increase in construction expense
 - Airport Surveillance Radar Relocation — \$3.0 million increase in construction expense
 - Concourse E Expansion Phase VIII (Passenger Board Bridges) — \$2.2 million increase in construction expense
 - Terminal Building Sprinkler and Voice — \$1.6 million increase in construction expense
 - Concourse E Passenger Boarding Bridges — \$1.5 million increase in construction expense
 - Concourse A, B, and C replacement Passenger Boarding Bridges — \$1.5 million increase in construction expense
- New project capitalizations recorded in FY 2023 include:
 - Central Energy Plant of \$64.7 million
 - Ramp D&E Dual Taxilane of \$24.6 million
 - North End Around Taxiway of \$10.7 million
 - Terminal Lobby Expansion of \$10.4 million
 - Concourse E Expansion Phase VIII (Passenger Board Bridges) of \$10.2 million
 - Atrium and Mezzanine Renovations of \$8.0 million

Additional information on the Airport Enterprise Fund's Capital Assets can be found in Note 3 in the Notes to the Financial Statements, page 58.

DEBT ADMINISTRATION

City Of Charlotte, North Carolina Charlotte Douglas International Airport Airport Revenue Bonds (ARBs)

City of Charlotte, North Carolina Charlotte Douglas International Airport ARBs are issued pursuant to the State and Local Government Revenue Bond Act and the Bond Order. Pursuant to the Bond Order, the City irrevocably pledges (i) Net Revenues, (ii) the City's right to receive Net Revenues, and (iii) money and investments in certain funds and accounts held under the Bond Order, including the Renewal and Improvement Fund. PFCs are excluded from the definition of Net Revenues; however, pursuant to the second supplemental bond order, PFCs transferred to the bond fund to pay debt service on PFC eligible bonds offset to the City's debt service payable from Net Revenues.

As of June 30, 2023 and 2022, the Airport had \$1.3 billion, of Airport Revenue Bond principal outstanding.

For more information regarding the ARBs, please refer to Note 4 in the Notes to the Financial Statements, page 59.

Additionally, as of June 30, 2023 and 2022, the Airport had Bond Anticipation Notes (BANs) outstanding in the amounts of \$122.0 million and \$13.3 million, respectively. Net Revenues on parity with the outstanding Airport Revenue Bonds secure the BANs.

For more information regarding the BANs, please refer to Note 4 in the Notes to the Financial Statements, page 59.

ECONOMIC FACTORS AFFECTING THE AIRPORT ENTERPRISE FUND

- CLT passenger enplanements increased by 10.5 percent over FY 2022 to 25.4 million.
- The Airport's air service area is the Charlotte-Gastonia-Salisbury NC-SC Economic Area, as defined by the U.S. Bureau of Economic Analysis. The Charlotte-Concord-Gastonia North Carolina & South Carolina Metropolitan Statistical Area (MSA) is the primary economic center of the Economic Area. According to U.S. Census estimates, the MSA's estimated calendar year 2022 population was 2.8 million.
- The MSA and State of North Carolina unemployment rates were lower than the nation in calendar year 2022. The MSA and North Carolina rates were 3.4 percent while the nation's unemployment rate was 3.6 percent.
- American Airlines served 90.2 percent of the enplaned Airport's passengers in FY 2023. For the fiscal year ended June 30, 2023, American Airlines and its affiliates provided 28.9 percent of the Airport's operating revenues.

REQUESTS FOR FINANCIAL INFORMATION

This annual financial report is designed to provide a general overview of the Airport's finances.

Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the City of Charlotte's Finance Department, 600 East Fourth Street, Charlotte, NC 28202-2848.

For prior Airport financial reports or other City financial information please visit the City of Charlotte's Finance Department website at: charlottenc.gov/City-Government/Departments/Finance/Publications.

BASIC FINANCIAL STATEMENTS

- 44 Statement of Net Position
- 47 Statement of Revenues, Expenses and Changes in Net Position
- 48 Statement of Cash Flows
- 50 Notes to the Financial Statements

The Financial Section contains audited information about the Airport Enterprise Fund.

STATEMENT OF NET POSITION

JUNE 30, 2023; \$000

ASSETS

Current assets:

Cash, cash equivalents and investments	\$ 736,437
Receivables, net of allowance for uncollectibles (\$460)	
Accounts	44,157
Lease receivable	14,964
Other	9,472
Total receivables	68,593
Due from other governmental agencies	23,591
Due from other funds	105
Prepaid items	4,304
Restricted assets-	
Cash and cash equivalents	341,573
Investments	273,721
Total restricted assets	615,294
Total current assets	1,448,324

Long-term assets:

Lease receivable	136,419
Net OPEB asset	9,528
Capital assets (Note 3)	
Land	424,905
Buildings	1,393,154
Runways	542,153
Other improvements	526,456
Intangibles	20,113
Machinery and equipment	205,666
Construction in progress	716,691
Right to use lease assets	1,233
Right to use SBITA assets	7,429
Total capital assets	3,837,800
Less accumulated depreciation	1,198,495
Less accumulated right to use lease asset amortization	310
Less accumulated right to use SBITA asset amortization	1,648
Total capital assets, net	2,637,347
Total long-term assets	2,783,294
Total assets	4,231,618

DEFERRED OUTFLOWS OF RESOURCES

Pension deferrals	15,971
OPEB deferrals	2,657
Contributions to pension plan in current fiscal year	5,836
Unamortized bond refunding charges	417
Total deferred outflows of resources	24,881

STATEMENT OF CASH FLOWS

FOR THE YEAR ENDED JUNE 30, 2023, \$000

CASH FLOWS FROM OPERATING ACTIVITIES:

Receipts from customers	\$ 357,221
Payments to suppliers	(127,681)
Payments to other City funds for services	(35,124)
Payments to employees	(56,758)
Payments to airlines for non-airline terminal revenue distribution	(46,098)
Other (payments)	(9,973)
Net cash provided by operating activities	<u>81,587</u>

CASH FLOWS FROM NONCAPITAL FINANCING ACTIVITIES:

Noncapital contributions	71,398
Transfers	(728)
Net cash provided by noncapital financing activities	<u>70,670</u>

CASH FLOWS FROM CAPITAL AND RELATED FINANCING ACTIVITIES:

Proceeds from capital debt	108,761
Passenger facility charges	65,823
Contract facility charges	12,611
Acquisition and construction of capital assets	(430,870)
Leases	(6,044)
SBITAs	(2,053)
Principal paid on capital debt	(21,550)
Interest and other charges paid on capital debt	(52,815)
Capital contributions	68,913
Net cash (used) by capital and related financing activities	<u>(257,224)</u>

CASH FLOWS FROM INVESTING ACTIVITIES:

Purchase of investments	(148,934)
Proceeds from sale and maturities of investments	283,232
Interest received	39,871
Net cash provided by investing activities	<u>174,169</u>
Net increase in cash, cash equivalents and investments	69,202
Cash, cash equivalents and investments - beginning	<u>1,008,808</u>
Cash, cash equivalents and investments - ending	<u>\$ 1,078,010</u>

(Decrease) in deferred inflows of resources for OPEB	(97)
Increase in compensated absences payable	693
Total adjustments	40,962
Net cash provided by operating activities	\$ 81,587

NONCASH INVESTING, CAPITAL AND FINANCING ACTIVITIES

Acquisition of capital assets through leases	\$ 686
Acquisition of capital assets through SBITAs	7,429
Net noncash investing, capital and financing activities	\$ 8,115

The notes to the financial statements are an integral part of this statement.

NOTES TO THE FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

A. Reporting Entity

The accompanying financial statements present only the activities and resources of Charlotte Douglas International Airport (Airport), an enterprise fund of the City of Charlotte (City), North Carolina, and accordingly, do not purport to and do not present the financial position of the City of Charlotte, North Carolina.

B. Basis Of Presentation

The Airport is an enterprise fund of the City that accounts for the operations of Charlotte Douglas International Airport. All assets and liabilities associated with the Airport's activities are included on the Statement of Net Position. The Airport financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

C. Cash And Cash Equivalents/Investments

The City maintains a cash management pool (pool) that is used by the Airport and other funds of the City. The pool facilitates disbursement and investment and maximizes investment income. Earnings on the pooled funds are apportioned and credited to the funds monthly based on the average daily balance of each fund. Since the Airport may deposit additional amounts at any time and may withdraw funds at any time without prior notice or penalty, the pool is used essentially as a demand deposit account. Therefore, for the Statement of Net Position and Statement of Cash Flows, the Airport's portion of pooled cash is considered cash and cash equivalents. The restricted cash includes PFC, CFC, and cash equivalents/investments held by trustees as required by revenue bond covenants. All restricted money market funds are considered cash and cash equivalents. The remaining amount of restricted assets is considered investments.

DEPOSITS

As of June 30, 2023, the carrying amount of bank deposits was \$95,824 and the bank balance solely in the Airport's name was \$2,523. The remainder of the Airport's bank balance is included in the City's pooled cash account. All deposits of the City are made in board-designated official depositories and are secured as required by state statutes. The City may designate as an official depository any bank or savings and loan association whose principal office is located in North Carolina. Also, the City may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts and certificates of deposit. The Airport has petty cash of \$3.

According to the City's policy regarding custodial credit risk for deposits, all of the City's deposits are either insured or collateralized by using the Pooling Method. Under the Pooling Method, a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City, these deposits are considered to be held by the City's agent in the City's name. The amount of the pledged collateral is based on an approved averaging method for noninterest bearing deposits and the actual current balance for interest bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the City or the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the City under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. Of the Airport's bank balance, \$250 was covered at the federal depository insurance coverage level and \$2,273 was covered by collateral held under the Pooling Method.

INVESTMENTS

State statute 159-30 authorizes the City to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances; repurchase agreements having third-party safekeeping; and the North Carolina Capital Management Trust (NCCMT), an SEC registered mutual fund. The City is not authorized to enter into reverse repurchase agreements.

The investments of the Airport at June 30, 2023, stated at fair value, were \$1,255,904. Of this amount, \$273,721 were restricted. The investments and maturities were as follows:

Investment type	Fair Value	2023 Investment Maturities (in Years)		
		Less than 1	1-3	More than 3
U.S. Treasuries	\$ 166,036	\$ 136,122	\$ 29,914	\$ -
U.S. Agencies	681,161	490,921	190,240	-
Commercial paper	7,639	7,639	-	-
Mutual funds	71,209	N/A	N/A	N/A
NCCMT Government Portfolio	329,859	N/A	N/A	N/A
Total	\$ 1,255,904	\$ 634,682	\$ 220,154	\$ -

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure fair value of the assets. Level 1 inputs are quoted prices in an active market for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The following is a summary of the fair value hierarchy of the fair value of investments as of June 30, 2023:

Investments by fair value level	6/30/2023	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Fair Value Measurements Using Quoted Prices in Active Markets for Similar Assets (Level 2)
Debt securities			
U.S. Treasuries	\$ 166,036	\$ 166,036	\$ -
U.S. Agencies	681,161	-	681,161
Commercial paper	7,639	7,639	-
Mutual funds	71,209	71,209	-
NCCMT Government Portfolio	329,859	329,859	-
Total investments by fair value level	\$ 1,255,904	\$ 574,743	\$ 681,161

Investments classified in Level 1 of the fair value hierarchy are valued using quoted prices in active markets. Level 2 debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities benchmark quoted prices.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy structures the investment portfolio so security maturities match cash flow requirements for ongoing operations, avoiding the need to sell securities on the open market prior to maturity. Also, the City's investment policy requires the investment of operating funds primarily in shorter-term securities (0-5 years), money market mutual funds, or similar investment pools.

Concentration of Credit Risk. The City's investment policy limits the amount of commercial paper or bankers' acceptances to a maximum of 25 percent of the portfolio. For commercial paper, a maximum of \$20 million may be invested in any one issuer. For bankers' acceptances, the maximum investment is limited to 10 percent of the portfolio for any one issuer.

Credit Risk. The City's investment policy seeks to minimize credit risk by pre-qualifying and conducting ongoing due diligence of the financial institutions, broker/dealers, and intermediaries with which the City will do business and diversifying the investment portfolio so the impact of potential losses from any one type of security or from any one individual issuer will be minimized. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs). As of June 30, 2023, the Airport's investments in commercial paper carried at least S&P A1, Moody's P1 or Fitch F1 ratings. The Airport's investments in the NCCMT Government Portfolio carried a credit rating of AAAm by S&P as of June 30, 2023. The Airport's investments in U.S. Agencies (Federal Home Loan Bank, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation and Federal Farm Credit Bank) are rated AA+ by S&P and Aaa by Moody's.

Custodial Credit Risk. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. At June 30, 2023, the City had no investments subject to custodial credit risk. The City's investment policy limits custodial credit risk by providing purchased securities be delivered to a third-party safekeeping bank designated by the City.

D. Accounts Receivables

Accounts receivables are shown net of an allowance for uncollectibles. This amount is estimated by identifying receivables unlikely to be paid but not yet eligible for final write-off.

E. Lease Receivables

The City's lease receivables are measured at the present value of lease payments expected to be received during the lease term. Under the lease agreements, the City may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as an inflow of resources in the period the payment is received.

A deferred inflow of resources is recorded for the lease. The deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

F. Capital Assets

Capital assets are assets with an initial, individual cost of \$5 or more, except intangible assets and subscription-based information technology arrangements which have a minimum cost of \$100. Depreciation is computed using the straight-line method over the following estimated useful lives:

Buildings	25 years
Runways	33 years
Other Improvements	25 years
Intangibles	5 years
Machinery and Equipment	3–15 years

The right to use lease assets are initially measured at an amount equal to the present value of the related lease liability plus any lease payments made prior to the lease term, less lease incentives, and plus ancillary charges

necessary to place the lease into service. The right to use lease assets are amortized on a straight-line basis over the life of the related lease.

The right to use Subscription-Based Information Technology Arrangement (SBITA) assets are initially measured at an amount equal to the present value of the SBITA liability plus any SBITA payments made at the start of the SBITA term, if applicable, plus capitalizable initial implementation costs at the start of the SBITA term, less any incentives received from the SBITA vendor at the start of the SBITA term. The right to use SBITA assets are amortized on a straight-line basis over the SBITA term.

G. Deferred Outflows And Deferred Inflows Of Resources

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. The Deferred Outflows of Resources financial statement element represents a consumption of net asset that applies to a future period and so will not be recognized as an expense until then.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. The Deferred Inflows of Resources financial statement element represents an acquisition of net assets that applies to a future period and so will not be recognized as revenue until then.

H. Noncurrent Liabilities

Bond premiums are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of applicable premiums. Bond issuance costs are expensed in the reporting period in which they are incurred.

I. Compensated Absences

Employees earn vacation leave at the rate of 10-20 days per year and can accrue a maximum of 20-40 days, depending on length of service. Effective January 1, 2016, vacation in excess of the maximum accumulation is transferred into the employee's wellbeing leave balance. Unused vacation days are payable upon termination, resignation, retirement or death.

Employees accumulate wellbeing leave at the rate of one day per month and can accrue an unlimited number of days. Wellbeing leave can be taken for the physical or mental health care of the employee or family member. Wellbeing leave is lost upon termination or resignation, unless the employee retires and immediately begins drawing a retirement benefit. Employees may be paid 20 percent of outstanding wellbeing leave, with a maximum of 43.5 days, upon retirement or death.

Compensated absences payable includes accumulated unpaid vacation leave and wellbeing leave.

J. Net Position

Net position is classified as net investment in capital assets, restricted and unrestricted. Restricted net position represents constraints on resources that are externally imposed by creditors, grantors, contributors, bond covenants or regulations of other governments.

K. Revenues

The primary sources of revenue at the Airport are fees and charges paid by the airlines, revenues paid by concessionaires providing services to the general public and revenues generated from airport parking. Signatory airline terminal and airfield rates and charges are governed by a 10 year Airline Use and Lease Agreement, effective in FY 2017, and concession revenues are established by leases of varying methodologies and terms. The airlines are assessed fees and charges to include: Terminal Building charges, Airport services facilities fees, and landing fees. Airline fees and charges are established at a level adequate to recover the related services and facilities costs. Concession revenues are generated either through fixed annual charges or on the basis of a percentage of sales generated by the tenants' operations.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

The Airport distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the Airport's principal ongoing operations. The principal operating revenues of the Airport result from exchange transactions associated with the principal activity of the Airport. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as investment earnings and grants, and nonoperating expenses, such as interest expense and other charges, result from nonexchange transactions or ancillary activities.

L. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The City of Charlotte's employer contributions are recognized when due and there is a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

For purposes of measuring the net OPEB liability (asset), deferred outflows and inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Employee Benefit Trust Plan (EBTP) and additions to/deductions from the EBTP fiduciary net position have been determined on the same basis as they are reported by the EBTP. For this purpose, the EBTP recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value.

M. Adoption Of New Accounting Pronouncements

As of July 1, 2022, the City adopted the provisions of GASB 96, Subscription-Based Information Technology Arrangements. The new GASB 96 guidance requires the government to disclose a general description of its SBITAs, which includes the basis, terms, and conditions on which variable payments not included in the measurement of the subscription liability are determined. GASB 96, SBITAs is new guidance issued by the GASB which is largely based on GASB 87 and applies to subscriptions for software. The new standard will, for the first time, require a subscription asset and a corresponding liability to be recognized on the statement of financial position for any SBITA arrangements a government has with software vendors.

2. RECEIVABLES

A. Lease Receivable

The Airport leases land, buildings, machinery and equipment, and Airport facilities (non-regulated leases) to various third-party tenants doing business in the City of Charlotte. These leases have terms including options to extend between 5 and 50 years, with payments required monthly, semiannually, or annually. In addition to fixed payments and variable payments that are fixed in substance, the present value of which are included in the lease receivable, the Airport receives variable payments that depend on future performance of the lessee or usage of the underlying asset and non lease payments that are excluded from the measurement of the lease receivable and recognized as inflows of resources.

In FY 2023, the Airport recognized \$16,294 of lease revenue and \$3,552 of interest revenue related to these leases. In addition, the Airport recognized \$69,777 in variable lease revenue not included in the lease receivable. As of June 30, 2023, the Airport's lease receivables were valued at \$151,383. The deferred inflow of resources associated with these leases to be recognized as revenue over the remaining terms of the leases is \$144,497.

The principal and interest requirements to maturity for the lease receivable at June 30, 2023, are as follows:

Year Ending June 30	Principal	Interest	Total
2024	\$ 14,964	\$ 3,425	\$ 18,389
2025	15,438	3,030	18,468
2026	15,596	2,631	18,227
2027	15,289	2,222	17,511
2028	15,073	1,816	16,889
2029-2033	28,023	5,601	33,624
2034-2038	12,331	3,961	16,292
2039-2043	8,315	2,974	11,289
2044-2048	2,786	2,587	5,373
2049-2053	3,433	2,301	5,734
2054-2058	4,186	1,938	6,124
2059-2063	5,066	1,478	6,544
2064-2068	6,093	903	6,996
2069-2073	4,790	228	5,018
Total	\$ 151,383	\$ 35,095	\$ 186,478

NOTES TO THE FINANCIAL STATEMENTS

B. Regulated Leases

The City has leasing agreements for aeronautical use of the Airport's airfield, terminal, and other facilities as defined by the Federal Aviation Administration. The City leases land and buildings to third parties under these agreements.

As of June 30, 2023, the remaining amount of expected future minimum payments under these agreements is as follows:

Year Ending June 30		
2024	\$	49,419
2025		49,419
2026		48,940
2027		5,057
2028		4,539
2029-2033		19,963
2034-2038		16,816
2039-2043		10,789
2044-2048		2,446
2049-2053		894
2054-2056		74
Total	\$	208,356

In July 2016, the City and American Airlines Group, Inc. (American Airlines), Frontier Airlines, JetBlue Airlines, Southwest Airlines, Delta Air Lines, United Airlines and Spirit Airlines (collectively, the Signatory Airlines) entered into an Airline Use and Lease Agreement (AUA) for usage of Charlotte Douglas International Airport (Airport) facilities to conduct business as air transportation businesses. This agreement is non-cancellable and terminates no later than 2026 with no option to extend. Under the terms of this agreement, Signatory Airlines pay the Airport monthly based on the annual rental rate and fee schedule. Rate calculations are based on total estimates of cost and expenses, estimates of passengers and total landed weight, and other factors. Final settlements are made each year after the audit of the Airport fund's Annual Comprehensive Financial Report. Other airlines operating at the Airport are billed at rates established by the City's ordinances.

Pursuant to the AUA, the Signatory Airlines lease certain premises in the passenger terminal building (terminal) and are obligated to pay landing fees and terminal rentals which, in the aggregate, are sufficient to enable the City to pay the annual operating expenses of the airfield and terminal, and the annual debt service on Airport Revenue Bonds (ARBs) issued by the City to fund airfield, terminal, and other airport improvements. Under the Agreement, American Airlines exclusively leases terminal space and facilities on the ramp levels of Concourses A, B, C, D, and E, ancillary space on the ticketing level of those Concourses, airline club space, and office space in the mezzanine of the Airport Atrium. American Airlines also preferentially leases gates on A, B, C, D and E Concourses. Delta, United, Southwest, JetBlue, Spirit, and Frontier exclusively lease support space on the ramp level of A Concourse; these airlines also preferentially lease gates on A Concourse. All of the Signatory Airlines under the agreement exclusively lease airline ticket counter support space in the Airport lobby and baggage service office space in the baggage claim area of the Airport. All Signatory Airlines also preferentially lease ticket counters in the Airport lobby.

NOTES TO THE FINANCIAL STATEMENTS

CONTINUED

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

In addition, the agreement grants American Airlines preferential use of boarding gates, aircraft parking, and other areas at the Airport. No other airlines have exclusive or preferential use of more than five (5) percent of terminal space or other areas of the Airport as of June 30, 2023. Exclusive and preferential use of space are summarized as follows:

Charlotte Douglas International Airport Leased Terminal Space										
	American	Delta	United	Southwest	JetBlue	Spirit	Frontier	Joint Use	Other Space	Total
Airline Leased Space (sq. ft.)	450,167	34,040	20,761	8,631	4,335	3,611	2,545	289,361	-	813,451

Common and preferential use gate assignments										
Number of gates	87	7	4	2	1 ¹	1	1	-	11 ²	114

¹JetBlue leased A22 on a Preferential Basis for eight months during FY 23.

²The City operated 10 Common Use Gates for all of FY 23 and Common Use Gates A22 and A28 for three and one months respectively during FY 23.

For the year ended June 30, 2023, the Airport recognized \$48,988 of inflows of resources from fixed lease revenue payments and \$44,449 of inflows of resources from variable lease payments not included in expected future minimum payments related to these regulated lease agreements. Variable lease payments were based on usage measures and included landing fees, bag processing fees, gate use fees, international facility use fees, and ticket counter use fees.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

A. Refunding Airport Revenue Bonds (ARBs)

The Revenue Bonds do not constitute a legal or equitable pledge, charge, lien or encumbrance upon any of the City's property or upon any of its income, receipts or revenues, except as provided in the Revenue Bond Order. Neither the credit nor the taxing power of the City is pledged for the payment of the principal or interest and no owner has the right to compel the exercise of the taxing power of the City or the forfeiture of any of its property in connection with any default under the Revenue Bond Order.

In the event of default, the City agrees to pay the purchaser on-demand interest on any and all amounts due and owed by the City under the related documents. New debt is issued on parity with existing debt. Revenue bonds are backed by revenue bond covenants.

The Revenue Bond Order provided for the establishment of a special fund designated the Revenue Fund into which the City is required to deposit most Airport revenues upon receipt. Moneys on deposit in this fund will be applied at such times and in accordance with the priorities established by the Revenue Bond Order. Moneys in the Revenue Fund are required to be transferred to the following funds, established pursuant to the Revenue Bond Order, in the following order of priority: the Operating Fund, the Revenue Bond Fund and the Renewal and Improvement Fund.

The principal and interest on the Revenue Bonds are payable from net revenues of the Airport. Pursuant to the Revenue Bond Order, the City has covenanted to fix, charge and collect rates, fees, rentals and charges for the use of the Airport and to revise such rates, fees, rentals and charges as often as necessary to produce revenues at least equal to the amounts required to be transferred to the funds indicated above plus an amount sufficient to have on deposit in the Revenue Fund, as of the first business day of the next fiscal year, an amount equal to the Coverage factor for the preceding fiscal year. The Coverage factor is equal to 25 percent of the amounts required to be deposited to the Revenue Bond Fund for the principal and interest payments for the fiscal year. In addition, the Revenue Bond Order provided for the establishment of the following reserves:

1. In the Revenue Bond Fund an amount equal to the maximum principal and interest requirements for the Revenue Bonds for any current or succeeding fiscal year, \$89,292.
2. In the Operating Fund an amount equal to 1/4 of the annual budget for current expenses, \$53,967 in 2023.

The debt service reserve requirements for the ARBs are fully cash funded. See the table below for details:

Bond Series	Reserve Account Requirement (in thousands)
2014AB	\$ 8,348
2017A	\$ 11,297
2017B	\$ 1,103
2017C	\$ 8,034
2019A	\$ 9,328
2019B	\$ 2,371
2021AB	\$ 21,922
2022AB	\$ 26,889

B. Airport Revenue Bond Anticipation Notes

The City has available an Airport direct placement revenue bond anticipation note program to finance the cost of Airport improvements. The aggregate principal amount of the note outstanding at any one time shall not exceed \$300,000. The note is payable from net revenues of the Airport. The note does not constitute a legal or equitable pledge, charge, lien or encumbrance upon any of the City's property or upon any of its income, receipts or revenues, except as provided in the Revenue Bond Orders. Neither the credit nor the taxing power

of the City is pledged for the payment of the principal or interest, and no owner has the right to compel the exercise of the taxing power of the City or the forfeiture of any of its property in connection with any default on the note. In addition, the City has entered into a Note Purchase and Advance Agreement. The note will be replaced by Airport Revenue Bonds. The note will mature no later than the third anniversary of the closing date or June 2, 2025. The City had Airport direct placement revenue bond anticipation notes payable of \$122,029 outstanding at June 30, 2023. Interest rates are based upon market conditions.

Direct placement airport revenue bond anticipation note debt service requirements to maturity are as follows:

Year Ending June 30	Principal	Interest
2024	\$ -	\$ 5,198
2025	122,029	4,800
Total	\$ 122,029	\$ 9,998

C. Lease Liabilities

The Airport has entered into agreements to lease certain machinery and other equipment. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the present value of the future minimum lease payments as of the date of their inception. The terms and conditions for these leases vary and generally contain renewal options for periods ranging from 5 to 20 years. If the Airport is not reasonably certain to exercise these renewal options, the options are not considered in determining the lease term and associated potential option payments are excluded from the present value calculation of the right to use lease asset and the lease liability determination. The Airport’s leases generally do not include termination options for either party to the lease or restrictive financial or other covenants. As a result of the leases, the Airport has recorded the right to use assets with a total net book value of \$923.

Payments due under the lease contracts include fixed, periodic payments over the lease terms plus, for many of the Airport’s leases, variable and non lease component payments. For the Airport’s leases, variable lease payments that depend on future performance or usage of the underlying asset and non lease components are excluded from the measurement of the lease liability and recognized as outflows of resources.

In FY 2023, the Airport recognized \$220 in variable lease payments not previously included in the measurement of the lease liability. As of June 30, 2023, the Airport’s lease payables were valued at \$930.

The future minimum lease obligations and the net present value of these minimum lease payments as of June 30, 2023, are as follows:

Year Ending June 30	Principal	Interest	Total
2024	\$ 166	\$ 20	\$ 186
2025	138	16	154
2026	140	13	153
2027	144	10	154
2028	147	6	153
2029-2030	195	3	198
Total	\$ 930	\$ 68	\$ 998

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

D. Subscription-Based Information Technology Arrangements (SBITAs)

For the year ended June 30, 2023, the City implemented the requirements of GASB Statement No. 96, Subscription-Based Information Technology Arrangements (SBITAs). The Statement provides a definition of SBITAs and provides uniform guidance for accounting and financial reporting for such transactions. The guidance will decrease diversity in the accounting and financial reporting for these transactions, thereby, increasing comparability in financial reporting among governments. Further, the reporting of a SBITA asset (a right to use intangible capital asset) and a SBITA liability will enhance the relevance and reliability of the financial statements.

SBITAs in effect at the end of the prior fiscal year had their assets and liabilities initially measured at the present value of the subscription payments expected over the remaining term of the SBITA after July 1, 2022. Accordingly, the City's estimated incremental borrowing rates of 2.41 percent to 3.37 percent were used to discount the SBITA payments. As a result, the amount of \$7,429 was added as a right to use SBITA asset and a SBITA liability as of July 1, 2022. The Airport's SBITA asset, net of amortization, was \$5,781 and the liability balance was \$5,525 at June 30, 2023.

The future minimum SBITA obligations and the net present value of these minimum SBITA payments as of June 30, 2023, are as follows:

Year Ending June 30	Principal	Interest	Total
2024	\$ 1,798	\$ 143	\$ 1,941
2025	1,509	98	1,607
2026	1,103	59	1,162
2027	872	31	903
2028	243	7	250
Total	\$ 5,525	\$ 338	\$ 5,863

5. LEASE AGREEMENTS:**Airline use and lease agreement**

Airport facilities are leased primarily to the signatory airlines under agreements having terms of 10 years. Fees and charges under these agreements are computed in a manner designed to recover the cost of operating the Airport. Provisions in these agreements give the airlines the right to approve future expansion of the Airport facilities and any issuance of new debt affecting the fees and charges to the airlines. Other provisions ensure that sufficient fees and charges will be collected to meet Airport debt service requirements. In addition, the agreements provide for a distribution to the airlines of a portion of the non-airline terminal revenues.

Airport Leasing Arrangements

A major portion of the Airport’s assets are leased under operating agreements with airlines and other tenants. The total cost and accumulated depreciation of the assets at June 30 were as follows:

////////////////////////////////////	
	<u>2023</u>
Land	\$ 424,905
Buildings	1,393,154
Runways	542,153
Improvements other than buildings	526,456
Intangibles	20,113
Machinery and equipment	<u>205,666</u>
Total	3,112,447
Less accumulated depreciation	<u>1,198,495</u>
Total	<u>\$ 1,913,952</u>

6. TRANSACTIONS WITH THE CITY OF CHARLOTTE:

Expenses include certain costs charged to the Aviation Department by other funds of the City. These charges were as follows:

////////////////////////////////////	
	<u>2023</u>
Administrative and other City services	\$ 14,933
Airport security provided by CMPD	11,605
Crash, fire and rescue services	<u>8,586</u>
Total	<u>\$ 35,124</u>

7. PENSION PLANS AND OTHER BENEFITS:

A. Local Governmental Employees’ Retirement System

Plan Description. The City of Charlotte, and the Aviation Department as an enterprise fund of the City, is a participating employer in the statewide Local Governmental Employees’ Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The LGERS is included in the Annual Comprehensive Financial Report (ACFR) for the State of North Carolina. The State’s ACFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 707-0500, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined at 1.85 percent of the member’s average final compensation times the member’s years of creditable service. A member’s average final compensation is calculated as the average of a member’s four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service. Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

Contributions. Contribution provisions are established by North Carolina General Statute § 128-30 and may be amended only by the North Carolina General Assembly. Aviation Department employees are required to contribute 6 percent of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The contractually required contribution rate for the year ended June 30, 2023 was 12.85 percent for general employees of the Aviation Department, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the Aviation Department were \$5,836 for the year ended June 30, 2023.

Refund of Contributions. Aviation Department employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4 percent interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of

Resources Related to Pensions. At June 30, 2023, the Aviation Department reported a liability of \$32,828 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2021. The total pension liability was then rolled forward to the measurement date of June 30, 2022 utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2022 (measurement date), the City's proportion was 6.466 percent, which was a decrease of 0.378 percent from its proportion measured as of June 30, 2021.

For the year ended June 30, 2023, the Aviation Department recognized pension expense of \$9,258. At June 30, 2023, the Aviation Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 1,414	\$ 139
Changes of assumptions	3,276	-
Net difference between projected and actual earnings on pension plan investments	10,850	-
Changes in proportion and differences between Aviation contributions and proportionate share of contributions	431	586
Aviation Department's contributions subsequent to the measurement date	5,836	-
Total	\$ 21,807	\$ 725

\$5,836 reported as deferred outflows of resources related to pensions resulting from Aviation Department contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability

in the year ending June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30		
2024	\$	4,927
2025		4,124
2026		1,026
2027		5,169
Total	\$	15,246

Actuarial Assumptions. The total pension liability in the December 31, 2021 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary increases	3.25 to 8.25%, including inflation and productivity factor
Investment rate of return	6.50%, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2021 valuation were based on the results of an actuarial experience study for the period January 1, 2015 through December 31, 2019.

Future ad hoc cost of living adjustment amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2022 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.1%
Global Equity	42.0%	6.5%
Real Estate	8.0%	5.9%
Alternatives	8.0%	7.5%
Opportunistic Fixed Income	7.0%	5.0%
Inflation Sensitive	6.0%	2.7%
Total	100%	

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

The information in the previous table is based on 30-year expectations developed with the consulting actuary for the asset, liability and investment policy study for the North Carolina Retirement Systems. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 2.25 percent. All rates of return and inflation are annualized.

Discount Rate. The discount rate used to measure the total pension liability was 6.50 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the Aviation Department’s proportionate share of the net pension liability calculated using the discount rate of 6.50 percent, as well as what the Aviation Department’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (5.50 percent) or one percentage point higher (7.50 percent) than the current rate:

	1% Decrease (5.50%)	Discount Rate (6.50%)	1% Increase (7.50%)
Aviation Department’s proportionate share of the net position liability	\$ 59,251	\$ 32,828	\$ 11,055

Pension Plan Fiduciary Net Position. Detailed information about the pension plan’s fiduciary net position is available in the separately issued Annual Comprehensive Financial Report (ACFR) for the State of North Carolina.

B. Other Postemployment Benefits

The Aviation Department participates in the City of Charlotte Employee Benefit Trust Plan (EBTP).

Plan Description. The EBTP is a single-employer defined benefit healthcare plan administered by the City of Charlotte. The EBTP provides health and welfare benefit plans for the benefit of eligible retired employees of the City. Section 4.05 of the Charlotte City Code assigns the authority to establish benefit provisions for EBTP to the City Council. The EBTP is included in the Annual Comprehensive Financial Report (ACFR) for the City of Charlotte. The City’s ACFR includes financial statements and required supplementary information for EBTP. That report may be obtained by writing to City of Charlotte, Finance Department, Charlotte-Mecklenburg Government Center, 600 East Fourth Street, 10th Floor, Charlotte, North Carolina 28202-2848.

Plan Membership. At June 30, 2022 the membership of the EBTP for the City consisted of the following:

Inactive plan members or beneficiaries currently receiving benefit payments	2,207
Active plan members	2,654
Total	4,861

Benefits Provided. The EBTP provides healthcare benefits for retirees hired before July 1, 2009 and have at least ten years of consecutive City service in a benefit eligible position and immediately begin drawing a retirement benefit. The City pays a percentage of the cost of coverage for employees’ benefits through private insurers based on years of service.

Contributions. The contribution requirements of plan members and the City are established and may be amended by the City Council. The required contribution rates for plan members were dependent on the years of service and the coverage selected. Monthly rates ranged from \$221 to \$5,350 per retiree.

City Contributions to EBTP based on years of creditable service		
Years of Creditable Service	Date Hired	
	Pre-July 1, 2009	On or after July 1, 2009
less than 10 years	0%	0%
10 to 20 years	51%	0%
20 + years	60%	0%

The City Council set the employer contribution rate to contribute the projected pay-as-you-go-financing requirements, with additional amounts to prefund benefits as determined annually. For the current year, the City contributed \$16,395 to the plan; the Aviation Department’s proportionate share of the employer contribution was \$474.

Investments. The Long-Term Investment Program (LTIP) represents an investment program in which long-term capital reserves of the City are invested under expanded investment authorization outlined in state law G.S. 147-69.2(b)(1)-(6) and (8) as rewritten with additional investment authorization in Senate Bill 703, ratified June 3, 2009, in order to diversify investment assets of the City. In addition, the LTIP is expected to be a source of funding for OPEB obligations of the City.

The LTIP is overseen by its Board which works with an external investment consultant to manage the LTIP by developing and monitoring its investment policy, including asset allocation, selecting qualified investment managers to manage LTIP assets, and to monitor and evaluate individual manager performance.

The LTIP policy regarding the allocation of invested assets is established and may be amended by a majority vote of its Board members. It is the policy of the Board to pursue an investment strategy with moderate risk that provides a rate of return that exceeds the rate of inflation and that is above average compared to relevant market benchmarks. The Board also seeks prudent diversification of the portfolio across a broad selection of distinct asset classes. The LTIP discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. LTIP investments are valued at fair value. The following was the Board’s adopted asset allocation policy based on an analysis of historical and projected capital market return patterns and consistent with the moderate risk tolerance defined in its policy.

Asset Class	Target Allocation
Non-Domestic Equity	18%
Domestic Equity	50%
Non-Domestic Fixed Income	20%
Domestic Fixed Income	12%
Total	100%

Rate of Return. For the year ended June 30, 2023, the annual money market weighted rate of return on investment, net of investment expenses, was 13.85 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

The components of the net OPEB liability of the City at June 30, 2023 were as follows:

Measurement Date of June 30, 2023		
	City	Airport's Proportionate Share
Total OPEB Liability	\$ 362,261	\$ 9,458
Plan fiduciary net position	147,982	18,986
Net OPEB liability (asset)	<u>\$ 214,279</u>	<u>\$ (9,528)</u>
Plan fiduciary net position as a percentage of the total OPEB liability	40.85%	200.74%

Actuarial Assumptions. The total OPEB liability of the City was determined by an actuarial valuation as of June 30, 2022, using the following key actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Real wage growth	0.75%
Wage inflation	3.25%
Salary increases, including wage inflation:	
General employees	3.25% - 8.41%
Firefighters	3.75% - 9.00%
Law Enforcement Officers	3.25% - 7.90%
Long-term Investment rate of return, net of OPEB plan investment expense, including price inflation	7.25%
Municipal Bond Index Rate:	
Prior measurement date	3.54%
Measurement date	3.65%
Year FNP is projected to be depleted:	
Prior measurement date	2047
Measurement date	N/A
Single Equivalent Interest Rate, net of OPEB plan investment expense, including price inflation:	
Prior measurement date	5.28%
Measurement date	7.25%
Healthcare cost trends:	
Pre-Medicare medical and prescription drug	7.00% for 2022 decreasing to an ultimate rate of 4.50% by 2032
Medicare medical and prescription drug	5.125% for 2022 decreasing to an ultimate rate of 4.50% by 2025

Total OPEB liabilities were rolled forward to June 30, 2022 and June 30, 2023 for the employer and the plan, respectively, utilizing updated procedures incorporating the actuarial assumptions.

Mortality rates were based on the Pub-2010 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2019.

Discount Rate. The discount rate used to measure the total OPEB liability at June 30, 2023 was 7.25 percent. The projection's basis was an actuarial valuation performed as of June 30, 2022.

Sensitivity of the Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate.

The following exhibits the Aviation Department's proportionate share of the net OPEB asset of the EBTP as of June 30, 2023, as well as what the Aviation Department's proportionate share of the EBTP's asset would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1% Decrease (6.25%)	Discount Rate (7.25%)	1% Increase (8.25%)
Net OPEB (asset)	\$ (7,902)	\$ (9,528)	\$ (11,486)

Sensitivity of the Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Healthcare Cost Trend Rates.

The following presents the Aviation Department's proportionate share of the net OPEB asset of the EBTP as of June 30, 2023, as well as what the Aviation Department's proportionate share of the EBTP asset would be if it were to calculate the healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare cost trend rate.

	Healthcare Cost Trend Rates		
	1% Decrease	Current Rate	1% Increase
Net OPEB (asset)	\$ (11,762)	\$ (9,528)	\$ (7,682)

Changes in Net OPEB Liability (Asset), OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB. At June 30, 2023, the Aviation Department's proportionate share of the EBTP's reported net OPEB asset was \$(9,528). The total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of June 30, 2022. The total OPEB liability was then rolled forward to the measurement date of June 30, 2023 utilizing update procedures incorporating the actuarial assumptions.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

At June 30, 2023, the components of the Aviation Department's proportionate share of the net OPEB asset of the EBTP, measured as of June 30, 2023, were as follows:

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB Asset (a)-(b)
Balances at June 30, 2022	\$ 11,425	\$ 16,713	\$ (5,288)
Changes for the year:			
Service cost	215	-	215
Interest	629	-	629
Difference between expected and actual experience	(152)	-	(152)
Changes of Assumptions or other inputs	(2,274)	-	(2,274)
Contributions-employers	-	474	(474)
Net investment income	-	3,948	(3,948)
Administrative expense	-	(1,892)	1,892
Benefit payments	(385)	(257)	(128)
Net change	(1,967)	2,273	(4,240)
Balances at June 30, 2023	\$ 9,458	\$ 18,986	\$ (9,528)

Changes of Assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 5.28 percent in 2022 to 7.25 percent in 2023. Medical claims cost and rates were changed based on most recent experience and changed to the current schedule. The impacts of the Affordable Care Act (ACA) and the Inflation Reduction Act (IRA) were addressed in this valuation. The impact of the COVID-19 pandemic was considered in the valuation; however, no changes were incorporated at this time due to the level of uncertainty regarding the impact on both plan costs and contribution levels going forward.

For the year ended June 30, 2023, the Aviation Department's proportionate share of the EBTP's recognized OPEB income was \$(1,303). At June 30, 2023, the Aviation Department's proportionate share of the EBTP's reported deferred outflows of resources and deferred inflows of resources related to OPEB were from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 19	\$ 1,063
Changes of assumptions or other inputs	2,339	3,922
Net difference between projected and actual earnings on plan investments	299	-
Total	\$ 2,657	\$ 4,985

Total amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB benefits will be recognized in OPEB expense as follows:

Year Ending June 30		
2024	\$	(1,416)
2025		(578)
2026		(289)
2027		(45)
Total	\$	(2,328)

C. Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The plan assets are placed in trust for the exclusive benefit of the participants and their beneficiaries and therefore are not included in the City's financial statements.

The City participates in the NC 401(k) Plan which is a retirement savings plan administered by the North Carolina Department of the State Treasurer, and available exclusively to North Carolina public employees who are actively contributing to one of the NC Retirement Systems.

8. INSURANCE:

A. Employee Health And Life

The City provides health and life benefits to employees and retirees. Private companies administer these benefits pursuant to administrative services agreements. The City maintained insurance coverage with private carriers for life claims, vision claims and excess coverage for health claims in excess of five-hundred thousand.

The Aviation Department participates in the City's employee health and life insurance program which is accounted for in the Employee Health and Life Insurance Fund (EHLIF), an internal service fund, of the City. The Aviation Department makes payments to the EHLIF for both an amount per employee and a proportionate share of the administrative cost. The amount per employee is based on actuarial estimates of amounts needed to pay prior and current year claims. The employees and retirees contribute a portion of the cost for health coverage. The City provides basic life insurance and accidental death and dismemberment benefits for employees in the amount of two times the employees' salary up to a maximum of five-hundred thousand. Employees may purchase additional life insurance up to a maximum of five times their salary. The City provides short-term disability that equals 60 percent of salary for up to 26 weeks. The Aviation Department made payments to the EHLIF for the year ended June 30, 2023 in the amount of \$5,897.

B. Risk Management

The Airport is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Airport participates in the risk management program of the City. The City has a Risk Management Fund (RMF), an internal service fund, to account for and finance its insured and uninsured risks of loss. Currently, insurance coverage is purchased for excess property damage for buildings, contents, and light rail trains; excess workers' compensation; excess vehicle and general liability; network security liability; police professional liability; police helicopter hull liability; drone liability; airport liability; City bus liability and passenger railway liability for the light rail train operations. Insurance coverage includes vehicle and general liability claims in excess of \$2,000 but less than \$22,000 per occurrence, workers' compensation claims in excess of \$2,000, property damage claims in excess of \$250 and flood insurance of \$100,000 in all flood zones, except \$10,000 in flood zone A in excess of federal flood program maximums, network security coverage in the amount of \$40,000, and drone liability in the amount of \$2,000. The finance officer is bonded for \$100. Employees who handle funds or have access to inventories are bonded under a blanket bond for \$500. The actuarially determined losses for the remaining risks and deductible amounts are funded in the RMF. Settled claims have not exceeded insurance coverage in the past three years. The Airport makes payments to the RMF based on historical cost information or actuarial estimates of the amounts needed to pay prior and current year claims and establish a reserve for catastrophic losses. The Airport made payments to the RMF for the year ended June 30, 2023 in the amount of \$2,641.

9. COMMITMENTS AND CONTINGENCIES:

Noise litigation suits have been filed against the City in connection with the operation of the Airport. In the opinion of the City's attorney and management, the ultimate outcome of the suits is not expected to have a significant impact upon the financial position or results of operations of the Airport.

The Airport has received a number of federal and state grants for specific purposes that are subject to review by the grantor agencies. Such reviews could lead to requests for reimbursement to the grantor agencies for expenditures disallowed under terms of the grants. The City management believes that such disallowances, if any, would not be significant.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

The Airport had authorized capital projects at June 30 as follows:

	2023	
Project Authorization	\$	3,121,356
Expended		2,562,357
Unexpended	\$	558,999

Financial resources are available to fund the total amount of unexpended authorizations.

The Airport had construction and other contractual commitments of approximately \$283 million at June 30, 2023.

10. MAJOR CUSTOMERS:

American Airlines Group, Inc. (American Airlines), is the major passenger airline serving the Airport. For the fiscal year ended June 30, 2023, American Airlines and its affiliates provided 28.86 percent of the Airport's operating revenues.

American Airlines conducts its passenger air carrier operations at the Airport pursuant to several agreements, the most significant of which is the City of Charlotte's 2016 Airline Use and Lease Agreement (AUA), which has also been executed by Frontier Airlines, JetBlue Airlines, Southwest Airlines, Delta Air Lines, United Airlines and Spirit Airlines (collectively, the Signatory Airlines). Pursuant to the AUA, the Signatory Airlines lease certain premises in the passenger terminal building (terminal) and are obligated to pay landing fees and terminal rentals which, in the aggregate, are sufficient to enable the City to pay the annual operating expenses of the airfield and terminal, and the annual debt service on Airport Revenue Bonds (ARBs) issued by the City to fund airfield, terminal, and other airport improvements.

11. DEBT SERVICE COVERAGE:

The 2017 Revenue Bond Order provided that revenues pledged under the Revenue Bond Order be sufficient to meet Revenue Bond Debt Service, current expenses, and other required deposits to funds and accounts established by the Bond Order. Net revenues for calculation of coverage as defined by the 2017 Revenue Bond Order are determined as follows:

////////////////////////////////////	
	<u>2023</u>
Revenues:	
Operating revenues	\$ 353,506
Nonoperating revenues	78,274
Coverage factor	<u>23,102</u>
Total revenues	454,882
Application of revenues:	
Operating expense	(217,889)
Grants applied to operating expense	11,800
Change in operating fund reserve	(6,858)
Debt service fees	<u>(46)</u>
Total application of revenues	(212,993)
Net revenues available for revenue bond debt service (1)	<u>\$ 241,889</u>
Requirement for revenue bond fund (2)	<u>\$ 40,295</u>
Debt Service Coverage (1)/(2)	6.0

The debt service coverage of 6.0 is presented as a financial calculation. North Carolina Airport Improvement Program (NCAIP) and Airport Coronavirus Response Grant Program (Federal COVID Relief Grant) funds were used to reimburse the debt service payments reflected in this calculation for FY 2023. FY 2023 debt service was paid in full by PFCs and grants.

12. PASSENGER FACILITY CHARGES:

The Federal Aviation Administration (FAA) authorized the Airport to collect Passenger Facility Charges (PFC) of \$3 per qualifying enplaned passenger commencing November 1, 2004. The net receipts from PFC are accounted for on the accrual basis of accounting in the statement of revenues, expenses and changes in fund net position and are restricted for use on FAA approved projects. The Airport has been authorized to collect PFC in the aggregate amount of \$3,258,937.

////////////////////////////////////	
	<u>2023</u>
Aggregate PFC collections, beginning	\$ 964,249
PFC collections	<u>69,923</u>
Aggregate PFC collections, ending	<u>\$ 1,034,172</u>

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023 (DOLLAR AMOUNTS IN \$000)

CONTINUED

13. CONTRACT FACILITY CHARGES:

Beginning July 1, 2007 Contract Facility Charges (CFCs) were imposed on rental car companies at a rate of \$3.50 per transaction, per day. On October 1, 2011 the rate was increased to \$4.00 per transaction, per day. The City may, at its discretion, raise the CFC per-transaction-per-day rate. In 2023, the City received \$12,763 in CFC revenue.

14. SUBSEQUENT EVENTS:

On September 28, 2023, the City issued \$256,875 in Airport Revenue Bonds, Series 2023A, to refinance \$55,699 of the 2022 bond anticipation note, finance the cost of various Airport improvements, fund capitalized interest, and fund a deposit of the debt service reserve fund.

On September 28, 2023, the City issued \$110,285 in Airport Revenue Bonds, Series 2023B, to refinance \$31,032 of the 2022 bond anticipation note, finance the costs of various Airport improvements, fund capitalized interest, and fund a deposit of the debt service reserve fund.

On September 28, 2023, the City entered into a direct placement Airport Revenue Bond Anticipation Note, Series 2023, along with \$46,966 in available funds from the City, to refinance \$49,024 of the 2022 bond anticipation note and finance the cost of various Airport improvements. The aggregate principal amount of the note outstanding at any one time shall not exceed \$280,000.

STATISTICAL SECTION

- 94 Financial Trends
- 104 Revenue Capacity
- 118 Debt Capacity
- 124 Demographic and Economic Information
- 130 Operating Information

The Statistical Section contains unaudited information about the Airport Enterprise Fund.

This part of the annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Airport's overall financial health. This information is presented in five categories:

FINANCIAL TRENDS – These schedules contain trend information to help the reader understand how the Airport's financial performance and well-being have changed over time.

REVENUE CAPACITY – These schedules contain information to help the reader understand and assess the factors that affect the Airport's ability to generate its own revenues.

DEBT CAPACITY – These schedules present information to help the reader assess the affordability of the Airport's current levels of outstanding debt and the Airport's ability to issue additional debt in the future.

DEMOGRAPHIC AND ECONOMIC INFORMATION – These schedules offer demographic and economic indicators to help the reader understand the environment within which the Airport's financial activities take place.

OPERATING INFORMATION – These schedules contain operational data to help the reader understand how the information in the Airport's financial report relates to the services the Airport provides.

SOURCES: Unless otherwise noted, the information in these schedules is derived from the Airport's Annual Comprehensive Financial Report for the relevant year.

NOTES:

FY 2020 and 2021 have been restated to include North Carolina Airport Improvement Program (NCAIP) and Airport Coronavirus Response Grant Program (Federal COVID Relief Grant) funds as non-operating revenues. Grant funds were used to pay debt service in these years.

Beginning with the issuance of the Series 2021 Bonds, and as provided by the Bond Order, the City has elected to reclassify all revenue and expense of the Excluded Cost Centers as Included Cost Center Revenue and Current Expense and to pledge such net revenue to payment of debt service on the City's Outstanding Bonds as of July 1, 2021. Prior to FY 2022, Excluded Cost Centers net revenues were not pledged to the payment of debt service and are not included in the application of revenues or debt service coverage calculation.

FY 2014 has been updated to tie to historical detail and align with City of Charlotte ACFR.

¹Coverage factor equal to 25.0 percent of the Gross Revenue Bond Debt Service from prior Fiscal Year.

²NCAIP and Federal COVID Relief Grant funds applied to the payment of operating expenses.

³Change required per bond order to the operating fund reserve to maintain reserve equal to 25.0 percent of included operating expense.

⁴Trustee, remarketing and other revenue bond debt service fees.

⁵Scheduled principal and interest payments without regard to early redemptions of principal, if any.

SCHEDULE 17

POPULATION (MSA)

CALENDAR YEAR	POPULATION
2023	N/A
2022	2,756,069
2021	2,707,369
2020	2,668,915
2019	2,626,694
2018	2,584,646
2017	2,542,910
2016	2,493,738
2015	2,443,016
2014	2,396,711

NOTES:

Census Bureau midyear population estimate. Bureau of Economic Analysis produced intercensal annual county population statistics for 2010 to 2019 that are tied to the Census Bureau decennial counts for 2010 and 2020. Bureau of Economic Analysis developed intercensal population statistics because this data was not published when Census released county population data for 2020 through 2022, which are based on the 2020 decennial counts.

Population was computed using Census Bureau with the revision statistics for 2014-2021.
