The Port Authority is obligated to deliver to the Recognized Mortgagee a copy of each Event of Default Notice given under the Lease Agreement, or otherwise at the same time as and whenever any such Event of Default Notice shall have been sent to the Lessee, and (so long as the Leasehold Mortgage is in effect and a Recognized Mortgagee is named therein), as between the Port Authority and such named Recognized Mortgagee, no Event of Default Notice shall be deemed to have been given unless and until a copy thereof shall have been so sent by the Port Authority to such named Recognized Mortgagee (with such copy deemed to have been sent when it is received by the Recognized Mortgagee). If the Port Authority shall elect to terminate the letting of the Premises under the Lease Agreement in connection with an Event of Default, the Port Authority shall at the same time send to the Recognized Mortgagee a copy of the Port Authority Termination Notice, and (so long as the Leasehold Mortgage is in effect and a Recognized Mortgagee is named therein), as between the Port Authority and such named Recognized Mortgagee, no Port Authority Termination Notice shall be deemed to have been given unless and until a copy thereof shall have been so sent by the Port Authority to such named Recognized Mortgagee (with such copy deemed to have been sent when it is received by the Recognized Mortgagee). The effective time and date of such termination, so long as the Leasehold Mortgage is in effect (A) shall not be before 11:59 p.m. New York City time on (i) the tenth (10<sup>th</sup>) day after the date of the sending of the Port Authority Termination Notice if the Event of Default triggering such notice is a Payment Event of Default, (ii) the ninetieth (90th) Business Day after the date of sending of the Port Authority Termination Notice if the Event of Default triggering such notice is an Other Event of Default and, in each case of (i) and (ii) shall be subject to the extension and/or stay provided in the Lease Agreement, and (B) if a Personal Default has occurred and is continuing and the Recognized Mortgagee has notified the Port Authority that it will exercise its Foreclosure Rights

and/or an Equity Foreclosure, and has started to exercise such rights within ninety (90) Business Days of its receipt of the related Event of Default Notice from the Port Authority, shall not be before the execution and delivery of a Lessee Assignment and Assumption Agreement pursuant to the foreclosure provisions of the Lease Agreement.

The Recognized Mortgagee shall have a period of (i) ten (10) days with respect to any Payment Event of Default, (ii) ninety (90) Business Days with respect to any Other Event of Default (other than certain bankruptcy related Events of Default or a Personal Default, as to which no cure shall be required), and (iii) one hundred eighty (180) days with respect to a Completion Event of Default, in each case beyond any cure period expressly provided to the Lessee herein, in which to cure or cause to be cured any such Event of Default; provided, however, that (x) in the case of clause (ii), the Recognized Mortgagee shall diligently and continuously work to cure the Other Event of Default during the ninety (90) Business Day period and such ninety (90) Business Day period shall be extended (A) with respect to an Event of Default that may be cured without possession, but (1) such cure cannot reasonably be accomplished during such ninety (90) Business Day period, (2) the Recognized Mortgagee provides no less than thirty (30) days' notice to the Port Authority that the Recognized Mortgagee cannot accomplish such cure within such ninety (90) Business Day period and (3) the Recognized Mortgagee begins to and is diligently working to cure such Event of Default within such ninety (90) Business Day period, such additional period of time as is (I) reasonably necessary to effectuate cure with the exercise of reasonable diligence, but in no event more than one hundred twenty (120) days, and (II) acceptable to the Port Authority in its sole and absolute discretion, and (B) if possession is necessary in order to effect such cure, the Recognized Mortgagee, within such ninety (90) Business Day period, files the appropriate legal action, subject to certain conditions, to commence foreclosure on the liens of the Leasehold Mortgage and the Recognized Mortgagee is diligently and continuously working to cure such Event of Default during such ninety (90) Business Day period (including by proceeding with all due diligence to effect such foreclosure) and thereafter to effect such a cure, such additional period of time as is (I) reasonably necessary, with the exercise of diligence, to complete foreclosure and effectuate cure and (II) acceptable to the Port Authority in its sole and absolute discretion; and (y) if any Recognized Mortgagee is prohibited from curing any Event of Default by any process, stay or injunction issued by any Governmental Authority or pursuant to any bankruptcy or insolvency proceeding involving the Lessee, then the time periods specified in the Lease Agreement for curing such Event of Default shall be extended for the shorter of the period of such prohibition and one hundred fifty (150) days. If the Recognized Mortgagee is acting to cure an Event of Default in accordance with the rights accorded to it under the Lease Agreement then the Port Authority shall not exercise its right to terminate the Lease Agreement by reason of such Event of Default; provided, however, that the Port Authority may exercise any of its other rights and remedies provided for under the Lease Agreement, including, without limitation, its rights to perform the Lessee's obligations, or under the Construction Security, or at law or in equity and the exercise of such rights by the Port Authority shall not be deemed to constitute interference with the Recognized Mortgagee's rights under the Lease Agreement. In furtherance of the foregoing, the Lessee acknowledges and agrees that prior to possession by the Recognized Mortgagee, the Port Authority shall permit the Recognized Mortgagee and its designees the same access to the Premises as is permitted to the Lessee under the Lease Agreement (subject to, among other requirements, the security requirements of the Lease Agreement) and permit the Recognized Mortgagee or its designees to take all actions and exercise all rights of the Lessee under the Lease Agreement (all at the Lessee's or Recognized Mortgagee's sole cost and expense); provided, that any actions to be taken or taken by a Recognized Mortgagee or its designees pursuant to its cure rights under the Lease Agreement shall be undertaken only in accordance with the provisions of the Lease Agreement that would be applicable to the Lessee were it taking such actions, and so as not to cause or result in an Event of Default, and in no event

shall any such action be taken by a Prohibited Party or an affiliate, agent, employee, officer or director of a Prohibited Party.

#### Assignment of Leasehold Mortgage

A Recognized Mortgagee shall not assign or transfer the Leasehold Mortgage to any Person other than a Successor Recognized Mortgagee without the prior written consent of the Port Authority in its sole and absolute discretion. Any approval or consent given by the Port Authority under the Lease Agreement to such assignment or transfer of the Leasehold Mortgage to another Person, shall apply only to the specific transaction thereby authorized and shall not relieve the Lessee or the Recognized Mortgagee from the requirement of obtaining the prior approval or consent of the Port Authority to each and every further assignment or transfer of the Leasehold Mortgage. Each Successor Recognized Mortgagee shall hold the Leasehold Mortgage subject to all the project financing terms and provisions of the Lease Agreement as if it were the original Recognized Mortgagee.

#### Foreclosure

Subject in all events to certain bankruptcy terms and provisions of the Lease Agreement, the Recognized Mortgagee may exercise its Foreclosure Rights and/or an Equity Foreclosure (or any contractual or statutory power of sale under the applicable Financing Documents or an assignment in lieu) and enforce any applicable Financing Document in any lawful way, provided that (A) the Recognized Mortgagee is not then a Prohibited Party, and (B) in connection with the exercise of its Foreclosure Rights and/or an Equity Foreclosure (or any contractual or statutory power of sale under the applicable Financing Documents or an assignment in lieu): (i) the rights of the Lessee under the Lease Agreement may be assigned or transferred only to a Person that is approved as a Qualified Terminal Operator pursuant to the Lease Agreement, (ii) any Person to whom the Recognized Mortgagee transfers or assigns the Lessee's interest in the Lease Agreement (including the Recognized Mortgagee) pursuant to clause (B)(i) above shall enter into an assignment and assumption agreement (the "Lessee Assignment and Assumption Agreement"), pursuant to which such Person shall have the rights and powers of, and assume the obligations of, the Lessee under the Lease Agreement; (iv) if any such foreclosure proceedings occur during the D&C Work Period, the Person to whom the Recognized Mortgagee transfers or assigns the Lessee's interest in the Lease Agreement (including the Recognized Mortgagee) pursuant to clause (B)(i) above shall demonstrate, to the satisfaction of the Port Authority, that it has the financial standing and capability to complete, or to arrange for the completion of, the D&C Work; (v) the Recognized Mortgagee is not permitted in connection with its enforcement of its lien under the Leasehold Mortgage to do anything that would materially and adversely affect the Premises, the Operations and Maintenance Work or is otherwise inconsistent with the Lease Agreement, (vi) such Qualified Terminal Operator (or its designee or nominee) shall pay or cause to be paid to the Port Authority, at the time of the execution and delivery of such Lessee Assignment and Assumption Agreement, all amounts set forth in a Statement of Estimated Liabilities which are past-due or due and payable in accordance with the provisions of the Lease Agreement and the Statement of Estimated Liabilities provided pursuant to the Lease Agreement; and (vi) upon certain other conditions as set forth in the project finance provisions of the Lease Agreement.

#### New Agreement

Without prejudice to the cure rights of a Recognized Mortgagee under the Lease Agreement, if the Lease Agreement is rejected or disaffirmed pursuant to any bankruptcy law or proceeding or other similar law or proceeding affecting creditors' rights generally with respect to a bankruptcy proceeding relating to the Lessee or otherwise or is terminated as a result of any other Personal Default, then the Port Authority agrees, if there are outstanding obligations to a Recognized Mortgagee (subject to the receipt of all necessary

Governmental Approvals, which the Port Authority agrees to use commercially reasonable efforts to obtain), to enter into a new lease of the Premises (a “New Agreement”) with the Recognized Mortgagee (or its designee or nominee that is not a Prohibited Party) and any ancillary documents or agreements as may be necessary or desirable to give full effect to the New Agreement for the remainder of the Term upon all of the remaining, unperformed covenants, agreements, terms, provisions and limitations of the Lease Agreement, effective as of the date of such termination; provided that the Port Authority’s obligation to enter into a New Agreement is subject to the satisfaction of various requirements and conditions precedent set forth in the Lease Agreement.

#### Port Authority’s Right to Pay Off Lessee Debt

At any time, within ten (10) days after the Port Authority’s request, the Recognized Mortgagee shall give the Port Authority written notice which shall state the principal amount of Lessee Debt then outstanding and secured by the Leasehold Mortgage or other Collateral Documents, including the amount of accrued and unpaid interest thereon (including any default interest then outstanding under the Financing Documents), any prepayment premiums or penalties, make-whole amounts or other prepayment amounts or breakage costs that would be due and payable upon payoff of such Lessee Debt, and all other amounts that would be due and owing under the Financing Documents with respect to such Lessee Debt and secured thereby, and the per diem interest which will accrue on the principal amount of such outstanding Lessee Debt from and after the date of such notice.

The Port Authority shall have the right, without the obligation, after the occurrence and during the continuation of a Lessee default under the Leasehold Mortgage, written notice has been received from the Recognized Mortgagee pursuant to the Lease Agreement that the Lessee Debt outstanding under the Financing Documents has become immediately due and payable, and (z) termination of the rights of the Lessee and the letting under the Lease Agreement in connection with an Event of Default, to tender to the Recognized Mortgagee an amount equal to the total amount specified in the notice described in the preceding paragraph, including per diem interest through the date of such tender, and upon such tender the Leasehold Mortgage shall terminate and be of no further force and effect. Promptly following the Port Authority’s tender of such amount specified in such notice, the Lessee shall cause to be executed, and the Recognized Mortgagee shall execute a satisfaction of the Leasehold Mortgage, cause the same to be filed in the Office of the City Register for Queens County and take all other and additional actions that are required in order to discharge the lien of the Leasehold Mortgage as of record.

#### Statement of Estimated Liabilities

The Port Authority shall provide a Statement of Estimated Liabilities from time to time, and update any previously delivered Statement of Estimated Liabilities, at the reasonable request of the Recognized Mortgagee in order to allow the Recognized Mortgagee to comply with certain requirements in the Lease Agreement. Any omission from a Statement of Estimated Liabilities of (A) any amounts payable to the Port Authority under the Lease Agreement (including, without limitation, amounts incurred by the Port Authority in connection with its rights to perform Lessee obligations whether during the pendency of a foreclosure action or otherwise), (B) any unperformed obligations of the Lessee under the Lease Agreement or (C) any other costs of the Port Authority shall be without prejudice against the Port Authority and not excuse the payment of such amounts or costs or the performance of such unperformed obligations.

### Port Authority Consent to Financing Documents

The Lessee shall deliver to the Port Authority a true, correct and complete copy of a substantially final draft of each Financing Document contemplated to be entered into with respect to any Lessee Debt no later than ten (10) Business Days prior to the intended execution date of the same (or such shorter period as the Port Authority may approve). Each such proposed Financing Document must be approved by the Port Authority, subject to certain exceptions, including Financing Documents effectuating a Refinancing incurred to refinance all or any portion of the Initial Bank Lessee Debt originated under the initial Bank Financing Documents, which does not require Port Authority.

### Security Documents and Equity Pledge

The Lessee shall have the right, at its sole cost and expense, in connection with incurring (i) the Initial Bank Lessee Debt under the initial Bank Financing Documents applicable to the Initial Bank Lessee Debt, (ii) Lessee Debt incurred in connection with the Construction Project under Financing Documents applicable thereto, or (iii) subject to the refinancing provisions of the Lease Agreement, any subsequent Lessee Debt (including any other Lessee Debt issued in accordance with the terms of then-existing Financing Documents that were approved by the Port Authority in accordance with the Lease Agreement), to enter into the Financing Documents and cause each Equity Member to pledge its Equity Interests in HoldCo or the Lessee, as applicable, pursuant to one or more Equity Pledges, in each case to secure the obligations of the Lessee with respect to such Lessee Debt.

Notwithstanding anything to the contrary contained in the Lease Agreement, the Port Authority agrees that the Recognized Mortgagee may, subject to compliance with the Lease Agreement and the consent of the Port Authority contemplated in the definition of Qualified Terminal Operator, exercise its Equity Foreclosure rights without any further consent of the Port Authority.

To the extent Lessee desires to exercise its rights under the Collateral Agency and Accounts Agreement to terminate all or any of the Project Accounts (as defined in the Collateral Agency and Accounts Agreement), the Lessee shall provide thirty (30) days advance notice to the Port Authority (together with a description of how payments will continue to be made to the Port Authority under the Lease Agreement and through which of the remaining Project Accounts) for the Port Authority's review, and the Lessee will in any event ensure that withdrawals from the Post-Completion Revenue Account (as defined in the Collateral Agency and Accounts Agreement) continue to be made by the Collateral Agents pursuant to a Funds Transfer Certificate in accordance with the provisions of the Collateral Agency and Accounts Agreement unless otherwise authorized in writing by the Port Authority.

### ***Refinancing***

The Lessee shall obtain the Port Authority's prior written consent to any proposed Refinancing; provided that, subject to the cap on Lessee Debt as described above under the heading "*Project Financing*" – Leasehold Mortgage," no such consent shall be required if the Lessee first demonstrates to the Port Authority that it has met certain conditions, including, without limitation, that:

- (a) the proposed Refinancing is incurred to refinance all or any portion of the Initial Bank Lessee Debt originated under the initial Bank Financing Documents; or

- (b) (1)(A) the proposed Refinancing does not increase either (x) the weighted average maturity or (y) the borrowing cost of the Lessee Debt (after taking into account any reduction in Refinancing proceeds required to refinance Lessee Debt due to the application towards such refinancing of any settlement or termination payments required to be made to the Lessee pursuant to Swap Documents entered into prior to such Refinancing and approved by the Port Authority in accordance with the Lease Agreement and (B) the proceeds of the proposed Refinancing refinances Lessee Debt without increasing the principal amount of replacement Lessee Debt then outstanding other than by an amount equal to the reasonable costs of closing the Refinancing and results in projected debt service costs in each year to the end of the Term that are no greater than the corresponding debt service costs projected for each year immediately prior to such Refinancing; or
- (2) the proposed Refinancing: (w) will occur during the D&C Work Period, (x) is for the purpose of obtaining additional funds required to reach the applicable Completion Date, and the proceeds of the proposed Refinancing will be used exclusively to pay, reimburse or refinance the costs and expenses incurred by or on behalf of Lessee directly in connection with the D&C Work, (y) is on terms consistent with the terms of, and is otherwise permitted under, the initial Financing Documents, and (z) does not result in an increase in the aggregate outstanding principal amount secured by the Leasehold Mortgage then in effect by more than 10%; or
- (3) the proceeds of the proposed Refinancing will be used exclusively (x) to finance up to \$150 million of additional liquidity reserve to be established and used exclusively during periods of Force Majeure (regardless of whether the Lessee or the Port Authority is the Affected Party), Unavailability Events or Port Authority Breach; or (y) to pay increased D&C Work costs and/or other capital expenditures resulting from changes in (i) Applicable Law, (ii) Applicable Standards (including Rules and Regulations Changes), (iii) Good Order Requirements or (iv) RPW Changes; provided, that (I) in the case of clause (x), (A) such Refinancing can only be incurred if the applicable Force Majeure, Unavailability Event or Port Authority Breach extends for a period in excess of 90 days, and (B) any such Refinancing shall be fully amortized over a period not extending longer than the earlier of (1) the date that is three years after the replenishment of senior reserve accounts under the Financing Documents, and (2) the date that is seven years following issuance of the debt constituting such Refinancing; (II) in the case of clause (y), (A) no such Refinancing may occur unless, at the time of such Refinancing, the Senior Debt Service Coverage Ratio for each year that such debt will be outstanding is projected to be not less than 1.25x, based on the report of an independent airport consultant, which report shall be approved by the Port Authority, such approval not to be unreasonably withheld, (B) an independent third party advisor (which may include any existing lender's technical advisor) has determined that the amount of proceeds of such proposed Refinancing will not exceed the sum of such increased D&C Work costs and/or other capital expenditures, as applicable, plus any reasonably required reserves and reasonable costs of issuance, (C) the scope of such increased D&C Work and/or other capital improvement has been consented to by the Port Authority, which consent shall not be unreasonably withheld, (D) any such Refinancing will be amortized so as to provide for level debt service over the useful life of the assets being financed, and (III) while any Refinancing incurred in connection with this paragraph remains outstanding, the Lessee shall be prohibited from making any distributions to Equity Members unless, at the time of such distribution, the Senior Debt Service Coverage Ratio for the immediately preceding twelve-month calculation period was not less than 1.20x; and (II) the proposed Refinancing shall not: (i) cause any change or series of changes in the obligations of the Lessee that would, or could be expected to, result in an increase in the Port Authority's liabilities, obligations or risks under the Lease Agreement; (ii) result, or could reasonably be expected to result, in an adverse effect on the ability of the Lessee to perform its obligations under the Lease Agreement; or (iii) result in any portion of the proceeds of the Refinancing being used to make distributions or (except with respect to any Refinancing permitted pursuant to clause (x) of the preceding paragraph) to pay

non-capital costs and expenses other than customary and normal costs, fees and expenses associated with such Refinancing; provided, however, a portion of the proceeds may be used to reimburse the Lessee for reasonable capital expenditures, costs, fees and expenses previously expended by or on behalf of the Lessee in connection with the Lessee's operations at, management of, and construction of the New Terminal Facilities.

Notwithstanding the preceding paragraphs under this heading, any Recapitalization shall be permitted without the consent of the Port Authority as long as:

- to the extent the Lessee Debt incurred in connection with such Recapitalization is Senior Debt, then after giving pro forma effect to the incurrence of such Senior Debt, (i) the aggregate Senior Debt then encumbering the Premises shall obtain an investment grade rating from at least two Rating Agencies, one of which must be either Standard & Poor's Financial Services LLC or Moody's Investor Services, Inc., and (ii) the consolidated debt service coverage ratio for all Senior Debt and Subordinated Debt, on a pro forma forward looking basis, is at least 1.45x; and

Proceeds from any Recapitalization may be used by Lessee for any purpose, including Distributions to the Equity Members, subject to amounts which may be distributable to the Port Authority as Excess Value Rent.

***Minority Business Enterprises, Women-Owned Business Enterprises and Local Business Enterprises Commitment***

Throughout the Term of the Lease Agreement, the Lessee commits to use good faith efforts to implement an extensive program to ensure maximum opportunities for MBEs and WBEs and to maximum the use of LBEs in accordance with the requirements of the Lease Agreement.

The Lessee shall document its efforts to ensure maximum opportunities for MBEs and WBEs and to maximize the use of LBEs in accordance with the Lease Agreement. The Lessee shall keep the Port Authority fully advised of the Lessee's progress in implementing such programs and shall supply the Port Authority with such information, data and documentation with respect thereto as the Port Authority may from time to time request, including but not limited to annual reports.

The Lessee's non-compliance with these provisions shall constitute a material breach of the Lease Agreement. Nothing in the Lease Agreement shall be construed as a limitation upon the application of any laws which establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents. Nothing in the Lease Agreement shall grant or be deemed to grant to the Lessee the right to make any agreement or award for concessions or consumer services at the Airport. At the request of the Port Authority, the Lessee must terminate any agreements related to Covered Services (as defined in the Minimum Wage Policy) with parties that fail to comply with the Minimum Wage Policy.

With respect to Labor Harmony, the Lessee agreed to enter into and comply with a project labor agreement with The Building and Construction Trades Council of Greater New York with respect to the D&C Work (and to cause its Contractors to do the same). In performing the D&C Work, the Lessee agrees to prevent any situation or condition that causes Labor Troubles at the Premises. The Port Authority's determination of the existence of Labor Troubles shall be conclusive on the Lessee. Upon written notice, the Lessee will (or will cause its Contractors to) promptly rectify any such condition. Under the Lease Agreement, neither the Lessee nor its Contractors waive legal rights to challenge allegations regarding Labor Troubles under Applicable Laws or pursuant to the project labor agreement. The Port Authority's remedies for breaching Lessee's obligations related to Labor Troubles include suspending the Port Authority's permission to proceed with the applicable portion of the D&C Work. Once Labor Troubles are settled and the Lessee (or its Contractor, as applicable) is in compliance, the Port Authority will promptly reinstate the permission to recommence the D&C Work on the same terms and conditions as before.

### ***Dispute Resolution***

Except as expressly set out otherwise in the Lease Agreement, upon the referral of a dispute between the Port Authority and the Lessee regarding any matter in the Lease Agreement, designated senior representatives of each of the Port Authority and the Lessee will meet and use commercially reasonable efforts resolve such dispute for at least 15 days. If resolution is not reached within 15 days, unless the parties agree to extend the 15 day negotiation period, either the Port Authority or the Lessee may proceed pursuant to the litigation rules and procedures outlined in the Lease Agreement. Any dispute that involves a technical or engineering matter with respect to the D&C Work and any capital improvements or replacement or renovation work performed by the Lessee on the Premises during the O&M Period, will be determined by the Port Authority's Chief Engineer in his or her sole discretion and (subject to any remedies the Lessee may have as matter of public law in respect of the Chief Engineer's determination) such determination will be conclusive, final and binding.

(b) The Lessee has not agreed or consented to cause or permit any of its property, whether now owned or hereafter acquired, to be subject to a Lien other than Permitted Liens, or to cause or permit in the future (upon the happening of a contingency or otherwise) any of its property, whether now owned or hereafter acquired, to be subject to a Lien other than Permitted Liens.

(c) The Lessee is not a party to, or otherwise subject to any provision contained in, any instrument evidencing Indebtedness of the Lessee, any agreement relating thereto or any other agreement (including, but not limited to, its Organizational Documents), other than the Transaction Documents, which limits the amount of, or otherwise imposes restrictions on the incurring of, Indebtedness of the Lessee under the Financing Documents.

Section 3.15 **Foreign Assets Control Regulations; Sanctions; Anti-Corruption Laws; Anti-Money Laundering Laws.**

(a) Neither the Lessee nor any Controlled Entity is a Sanctioned Person. To the Lessee's knowledge, no Sanctioned Person, directly or indirectly, owns more than 5% of the Equity Interests in the Lessee.

(b) Neither the Lessee nor any Controlled Entity, or any of its or, to the Lessee's knowledge, their directors, officers, employees, or, to the knowledge of the Lessee, any agent or other Person acting on behalf of the Lessee, or Controlled Entity, has not taken any action in connection with the performance of this Agreement of the transactions contemplated hereunder, directly or indirectly, that would result in a violation of Anti-Corruption Laws and/or Anti-Money Laundering Laws.

(ii) will knowingly be used, directly or indirectly, in violation of, or cause any Bank Finance Party to be in violation of, any applicable Anti-Money Laundering Laws; or

(iii) will knowingly be used, directly or indirectly, for the purpose of making any improper payments, including bribes, to any Governmental Official or commercial counterparty in order to obtain, retain or direct business or obtain any improper advantage, in each case which would be in violation of, or cause any Bank Finance Party to be in violation of, any applicable Anti-Corruption Laws.

Section 3.16 **Investment Company Act.** The Lessee is not (a) subject to regulation under the Investment Company Act of 1940 or (b) a "covered fund" under the Volcker Rule (Section 619 of the Dodd-Frank Wall Street Reform and Consumer Protection Act).

(b) The provisions of the Senior Collateral Documents are effective to create, in favor of the Senior Collateral Agent, for the benefit of the Senior Secured Parties, valid and enforceable perfected

Security Interests on the Senior Collateral described therein prior and superior to all other Security Interests (other than Permitted Liens having priority by operation of Law), subject to no other Security Interests except for Permitted Liens. Each Security Interest granted in the Senior Collateral pursuant to the Senior Collateral Documents (i) will, upon the filings, recordations and delivery of possessory collateral contemplated by the Senior Financing Documents to be made on the Closing Date (or in the case of the recordation of the Senior Leasehold Mortgage and related fixture filing on or as promptly as practicable following the filing thereof on the Closing Date) or upon acquiring the applicable Senior Collateral, constitute as to personal property included in the Senior Collateral (other than Excluded Perfection Collateral) a perfected Security Interest under Applicable Law, and (ii) is, as to Senior Collateral perfected under Applicable Law as aforesaid, superior and prior to the rights of all third Persons now existing or hereafter arising whether by way of mortgage, lien, security interest, encumbrance, assignment or otherwise (except for Permitted Liens having priority by operation of law). All such action as is necessary has been or will be taken, within the time periods required by the Senior Financing Documents, to establish and perfect the rights of the Senior Collateral Agent, for the benefit of the Senior Secured Parties in and to the Senior Collateral, including any recording, filing, registration, giving of notice or other similar action (other than actions with respect to the Excluded Perfection Collateral). Except for the filing of UCC financing statements, recordation of the Senior Leasehold Mortgage, notations on certificates of title, and, with respect to any trademark, patent, patent application or registered copyrights constituting Collateral, if any, filings with the United States Patent and Trademark Office or the United States Copyright Office, as applicable, no filing or recordation is necessary to perfect the Security Interests created by the Senior Collateral Documents.

Section 9.02 **Administrative Agent's Rights as a Bank Finance Party.** The Administrative Agent shall have the same rights and powers in its capacity as a Bank Finance Party as any other Bank Finance Party and may exercise the same as though it were not Administrative Agent, and the Administrative Agent and its Affiliates may accept deposits from, lend money to and generally engage in any kind of business with the Lessee or any Affiliate thereof as if it were not the Administrative Agent hereunder.

Section 9.03 **Duties of the Administrative Agent; Exculpatory Provisions.** The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Senior Bank Financing Documents. Without limiting the generality of the foregoing, (a) the Administrative Agent shall not be subject to any fiduciary or other implied duties, regardless of whether a Default or Event of Default has occurred and is continuing, (b) the Administrative Agent shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Senior Bank Financing Documents that the Administrative Agent is required to exercise in writing by the Required Bank Finance Parties, the Required Lenders or the Required Security Deposit Facility Lenders, as applicable, and (c) except as expressly set forth herein and in the other Senior Bank Financing Documents, the Administrative Agent shall not have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Lessee that is communicated to or obtained by the bank serving as Administrative Agent or any of its Affiliates in any capacity. The Administrative Agent shall not be liable for any action taken or not taken by it with the consent or at the request of the Required Bank Finance Parties, the Required Lenders or the Required Security Deposit Facility Lenders, as applicable, or in the absence of its own gross negligence or willful misconduct. The Administrative Agent shall not be deemed to have knowledge of any Default or Event of Default unless and until written notice thereof is given to the Administrative Agent by the Lessee or a Bank Finance Party, and the Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Agreement or any other Financing Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein, (iv) the validity,

Section 9.06 **Withholding of Taxes by the Administrative Agent; Indemnification.** To the extent required by any Applicable Law, the Administrative Agent may withhold from any payment to any Bank Finance Party an amount equivalent to any applicable withholding Taxes. If any Governmental Authority asserts a claim that the Administrative Agent did not properly withhold Taxes from amounts paid to or for the account of any Bank Finance Party because the appropriate form was not delivered by the Bank Finance Party or was not properly executed by the Bank Finance Party or because such Bank Finance Party failed to notify the Administrative Agent of a change in circumstance which rendered the exemption from, or reduction of, withholding Taxes ineffective, such Bank Finance Party shall indemnify the Administrative Agent fully for all amounts paid, directly or indirectly, by Administrative Agent as Taxes or otherwise (except, in the case of any Indemnified Taxes, to the extent the Lessee has already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Lessee to do so), including any penalties or interest and together with reasonable expenses incurred and documented except that no Bank Finance Party shall be liable to the Administrative Agent for any portion of such amounts resulting from the gross negligence or willful misconduct of the Administrative Agent as determined by a final, non-appealable judicial order of a court having jurisdiction over the subject matter.

Upon the acceptance of its appointment as Administrative Agent hereunder by a

successor, such successor shall succeed to and become vested with all the rights, powers, privileges and duties of the retiring (or retired) Administrative Agent and the retiring Administrative Agent shall be discharged from its duties and obligations hereunder (if not already discharged therefrom as provided above in this Section 9.07). The fees payable by the Lessee to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Lessee and such successor. After the Administrative Agent's resignation or removal hereunder, the provisions of this Article IX and Section 10.03 shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as Administrative Agent.

**Section 9.08 Non-Reliance on the Administrative Agent or Other Bank Finance Parties.** Each Bank Finance Party acknowledges that it has, independently and without reliance upon the Administrative Agent or any other Bank Finance Party and based on such documents and information as it has deemed appropriate, made its own credit analysis and decision to enter into this Agreement. Each Bank Finance Party also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Bank Finance Party, and based on such documents and information as it shall from time to time deem appropriate, continue to make its own decisions in taking or not taking action under or based upon this Agreement, any other Financing Document or any related agreement or any document furnished hereunder or thereunder.

**Section 9.09 No Other Duties; Etc.** The parties agree that none of the Agents shall have any obligations, liabilities or responsibilities except for those expressly set forth herein and in the other Senior Bank Financing Documents.

**Section 9.10 Non-Receipt of Funds by Administrative Agent; Erroneous Payments; Netting and Set Off Exclusion for Hedge Agreement.**

(a) Unless the Administrative Agent shall have received notice from a Bank Finance Party or Lessee (either one as appropriate being the "Payor") prior to the date on which such Bank Finance Party is to make payment hereunder to Administrative Agent of the proceeds of a Loan or Lessee is to make payment to Administrative Agent, as the case may be (either such payment being a "Required Payment"), which notice shall be effective upon receipt, that the Payor will not make the Required Payment in full to Administrative Agent, Administrative Agent may assume that the Required Payment has been made in full to Administrative Agent on such date, and Administrative Agent in its sole discretion may, but shall not be obligated to, in reliance upon such assumption, make the amount thereof available to the intended recipient on such date. If and to the extent the Payor shall not have in fact so made the Required Payment in full to Administrative Agent, the recipient of such payment shall repay to Administrative Agent forthwith on demand such amount made available to it together with interest thereon, for each day from the date such amount was so made available by Administrative Agent until the date Administrative Agent recovers such amount, at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect.

(b)

(i) Each Bank Finance Party hereby agrees that (x) if the Administrative Agent notifies such Bank Finance Party that the Administrative Agent has determined in its sole discretion that any funds received by such Bank Finance Party from the Administrative Agent or any of its Affiliates (whether as a payment, prepayment or repayment of principal, interest, fees or otherwise; individually and collectively, a "Payment") were erroneously transmitted to such Bank Finance Party (whether or not known to such Bank Finance Party), and demands the return of such Payment (or a portion thereof), such Bank Finance Party shall promptly, but in no event later than one Business Day thereafter, return to the Administrative Agent the amount of any such Payment (or

portion thereof) as to which such a demand was made in same day funds, together with interest thereon in respect of each day from and including the date such Payment (or portion thereof) was received by such Bank Finance Party to the date such amount is repaid to the Administrative Agent at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect, and (y) to the extent permitted by applicable law, such Bank Finance Party shall not assert, and hereby waives, as to the Administrative Agent, any claim, counterclaim, defense or right of set-off or recoupment with respect to any demand, claim or counterclaim by the Administrative Agent for the return of any Payments received, including without limitation any defense based on “discharge for value” or any similar doctrine. A notice of the Administrative Agent to any Bank Finance Party under this Section 9.10 shall be conclusive, absent manifest error.

(ii) Each Bank Finance Party hereby further agrees that if it receives a Payment from the Administrative Agent or any of its Affiliates (x) that is in a different amount than, or on a different date from, that specified in a notice of payment sent by the Administrative Agent (or any of its Affiliates) with respect to such Payment (a “Payment Notice”) or (y) that was not preceded or accompanied by a Payment Notice, it shall be on notice, in each such case, that an error has been made with respect to such Payment. Each Bank Finance Party agrees that, in each such case, or if it otherwise becomes aware a Payment (or portion thereof) may have been sent in error, such Bank Finance Party shall promptly notify the Administrative Agent of such occurrence and, upon demand from the Administrative Agent, it shall promptly, but in no event later than one Business Day thereafter, return to the Administrative Agent the amount of any such Payment (or portion thereof) as to which such a demand was made in same day funds, together with interest thereon in respect of each day from and including the date such Payment (or portion thereof) was received by such Bank Finance Party to the date such amount is repaid to the Administrative Agent at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation from time to time in effect.

(iii) The Lessee hereby agrees that (x) in the event an erroneous Payment (or portion thereof) is not recovered from any Bank Finance Party that has received such Payment (or portion thereof) for any reason, the Administrative Agent shall be subrogated to all the rights of such Bank Finance Party with respect to such amount and (y) an erroneous Payment shall not pay, prepay, repay, discharge or otherwise satisfy any Obligations owed by the Lessee, except, in each case, to the extent such erroneous Payment is, and solely with respect to the amount of such erroneous Payment that is, comprised of funds received by the Administrative Agent from the Lessee for the purpose of making a payment of the Senior Bank Obligations.

(iv) Each party’s obligations under this Section 9.10 shall survive the resignation or replacement of the Administrative Agent or any transfer of rights or obligations by, or the replacement of, a Bank Finance Party, the termination of the Senior Term Loan Commitments or the repayment, satisfaction or discharge of all Obligations under any Financing Document.

(c) Nothing contained in this Agreement or any other Financing Document shall be construed to impair the rights of any Permitted Hedge Provider to exercise its rights to setoff and net amounts under and among any Permitted Hedge Agreements to which it is a party, to the extent permitted under such Permitted Hedge Agreements; provided that each Permitted Hedge Provider agrees that it shall

only exercise such rights of setoff and netting among amounts owing by or to such Permitted Hedge Provider, as applicable, under the Permitted Hedge Agreements, to which it is a party.

Section 9.11 **Force Majeure**. In no event shall the Administrative Agent be responsible or liable for any failure or delay in the performance of its obligations under the Senior Bank Financing Documents arising out of or caused by, directly or indirectly, forces beyond its control, including strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services, the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility or any act or provision of any present or future law; it being understood that the Administrative Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances.

Section 9.12 **Certain ERISA Matters**

(a) Each Bank Finance Party (x) represents and warrants, as of the date such Person became a Bank Finance Party party hereto, and (y) covenants, from the date such Person became a Bank Finance Party party hereto to the date such Person ceases being a Bank Finance Party party hereto, for the benefit of, the Administrative Agent and its respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Lessee, that at least one of the following is and will be true:

(b) such Bank Finance Party is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise for purposes of Title I of ERISA or Section 4975 of the Code) of one or more Benefit Plans in connection with such Bank Finance Party’s entrance into, participation in, administration of and performance of the Credit Extensions, the Commitments or the Senior Bank Financing Documents,

(c) the prohibited transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable so as to exempt from the prohibitions of Section 406 of ERISA and Section 4975 of the Code such Bank Finance Party’s entrance into, participation in, administration of and performance of the Credit Extensions or the Commitments and the Senior Bank Financing Documents,

(i) (A) such Bank Finance Party is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Bank Finance Party to enter into, participate in, administer and perform the Credit Extensions or the Commitments and the Senior Bank Financing Documents, (C) the entrance into, participation in, administration of and performance of the Credit Extensions or the Commitments and the Senior Bank Financing Documents satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Bank Finance Party, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Bank Finance Party’s entrance into, participation in, administration of and performance of the Credit Extensions or the Commitments and the Senior Bank Financing Documents, or

(ii) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Bank Finance Party.

(d) In addition, unless either (i) sub-clause (b) in the immediately preceding clause (a) is true with respect to a Bank Finance Party or (ii) a Bank Finance Party has provided another representation, warranty and covenant as provided in sub-clause (ii) in the immediately preceding clause 0, such Bank Finance Party further (x) represents and warrants, as of the date such Person became a Bank Finance Party party hereto, and (y) covenants, from the date such Person became a Bank Finance Party party hereto to the date such Person ceases being a Bank Finance Party party hereto, for the benefit of, the Administrative Agent and its respective Affiliates, and not, for the avoidance of doubt, to or for the benefit of the Lessee, that neither the Administrative Agent nor any of its Affiliates is a fiduciary with respect to the assets of such Bank Finance Party involved in such Bank Finance Party's entrance into, participation in, administration of and performance of the Credit Extensions or the Commitments and the Senior Bank Financing Documents (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Agreement, any Senior Bank Financing Document or any documents related hereto or thereto).

Section 10.02 **Waivers; Amendments.**

(a) **No Waiver; Remedies Cumulative; Enforcement.** No failure or delay by the Administrative Agent or any Bank Finance Party in exercising any right, remedy, power or privilege hereunder or under any other Financing Document, and no course of dealing between the Lessee, or any of its Affiliates, on the one hand, and the Administrative Agent or any Bank Finance Party on the other hand, shall impair any such right, power or privilege or operate as a waiver thereof, nor shall any single or partial exercise of any such right, remedy, power or privilege, or any abandonment or discontinuance of steps to enforce such a right remedy, power or privilege, preclude any other or further exercise thereof or the exercise of any other right remedy, power or privilege. The rights, remedies, powers and privileges of the Administrative Agent and the Bank Finance Parties hereunder and under the Senior Bank Financing Documents are cumulative and are not exclusive of any rights, remedies, powers or privileges that any such Person would otherwise have.

(b) **Amendments, Etc.** Except as otherwise expressly set forth in this Agreement, no amendment or waiver of any provision of this Agreement or any other Senior Bank Financing Document, and no consent to any departure by the Lessee therefrom, shall be effective unless in writing executed by the Lessee and the Required Bank Finance Parties, and acknowledged by the Administrative Agent, or by the Lessee and the Administrative Agent with the consent of the Required Bank Finance Parties (other than with respect to any amendment or waiver contemplated in clauses (B), (C) or (D) of Section 10.02(b)(vii), which shall only require the consent of the Required Lenders, the Required Senior Term Lenders, the Required Security Deposit Facility Lenders and the Security Deposit Facility LC Issuing Bank), and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided that no such amendment, waiver or consent shall:

(i) extend or increase any Commitment of any Bank Finance Party without the written consent of such Bank Finance Party (it being understood that a waiver of any condition precedent set forth in Article IV or the waiver of any Default or Event of Default shall not constitute an extension or increase of any Commitment of any Bank Finance Party);

(ii) reduce the principal or par value of, or rate of interest on, any Credit Extension, or any fees or other amounts payable hereunder or under any other Financing Document, without the written consent of each Bank Finance Party directly and adversely affected thereby (provided that only the consent of the Required Bank Finance Parties shall be necessary to amend the definition of “Post-Default Rate” or to waive the obligation of the Lessee to pay interest at the Post-Default Rate under any applicable Senior Bank Financing Document);

(iii) postpone any date scheduled for any payment of principal or redemption of, or interest on, any Credit Extension, or any fees or other amounts payable hereunder or under any other Senior Bank Financing Document, or reduce the amount of, waive or excuse any such payment, without the written consent of each Bank Finance Party directly and adversely affected thereby (provided that only the consent of the Required Bank Finance Parties shall be necessary to amend the definition of “Post-Default Rate” or to waive the obligation of the Lessee to pay interest at the Post-Default Rate under any applicable Senior Bank Financing Document);

(iv) amend or modify Section 2.01(b) or Section 10.08, in each case, without the written consent of each Bank Finance Party directly and adversely affected thereby;

(ix) cause any Senior Bank Obligations to cease to be secured on a pari passu basis with all other Senior Obligations or add, modify or waive any provision of the Financing Documents so as to subordinate the Senior Bank Obligations to any other Obligations without the prior written consent of each Lender affected thereby;

provided, further, that no such amendment, waiver or consent shall amend, modify or otherwise affect the rights or duties hereunder or under any other Financing Document of the Administrative Agent, unless in writing executed by the Administrative Agent, in each case in addition to the Lessee and the Bank Finance Parties required above.

In addition, notwithstanding anything in this Section to the contrary, if (i) the Administrative Agent and the Lessee shall have jointly identified an obvious error or any error or omission of a technical nature, in each case, in any provision of the Senior Bank Financing Documents, then the Administrative Agent and the Lessee shall be permitted to amend such provision, or (ii) the Lessee and the Port Authority enter into the amendment contemplated by the letter agreement, dated as of the Closing Date, between the Port Authority and the Lessee related to the agreement to amend the Lease Agreement (a copy of which has been delivered by the Lessee to the Bank Finance Parties on the Closing Date), (A) the Administrative Agent and the Lessee shall be permitted to amend this Agreement, and consent to the amendment of the other Senior Bank Financing Documents, as may be necessary, and only to the extent necessary, to reflect the changes described in Exhibit A to such letter agreement; it being understood that nothing herein shall allow the Administrative Agent or the Lessee to consent to any modification (whether directly or indirectly) to the priority of transfers and disbursements contemplated in Sections 5.02(b) or 5.03(b) of the Collateral Agency and Accounts Agreement, (B) notwithstanding anything to the contrary in Section 6.07 hereof, the Bank Finance Parties and the Senior Collateral Agent, in its role as Leasehold Mortgagee under the Leasehold Mortgages, hereby consent to the Lessee’s entry into an amendment to the Lease Agreement implementing the changes that are necessary, and only to the extent that is necessary, to implement only the modified terms described in Exhibit A to such letter agreement, in each case of clauses (i) and (ii)(A), such

amendment shall become effective without any further action or consent of any other party hereto if the same is not objected to in writing by the Required Bank Finance Parties to the Administrative Agent within ten (10) Business Days following receipt of notice thereof.

In addition, notwithstanding anything to the contrary contained in this Agreement or the other Senior Bank Financing Documents, no amendment, modification, supplement or waiver under this Agreement or any other such Financing Document that discriminates against or adversely affects any or all of the Permitted Hedge Providers or its or their rights hereunder or thereunder and does not affect the other Bank Finance Parties at least equally adversely in relation to their respective rights hereunder or thereunder, shall be agreed or become effective without the prior written consent of such Permitted Hedge Providers or the affected Permitted Hedge Providers (and each Permitted Hedge Provider shall be a third party beneficiary under this Agreement with respect to all such rights, benefits and privileges set forth under the Senior Bank Financing Documents shall have all of the rights, benefits and privileges of a third party beneficiary).

Notwithstanding anything to the contrary contained in this Agreement or the other Senior Bank Financing Documents, no amendment, modification, supplement or waiver under this Agreement or any other Financing Document that (A) removes any right of the Port Authority to receive notices or copies of certificates and/or the right to provide written instructions to the Collateral Agents, as applicable, and/or (B) is inconsistent with or conflicts with any term of the Lease Agreement, shall be agreed or become effective without the prior written consent of the Port Authority.

**Section 10.03 Expenses; Indemnity; Damage Waiver.**

(a) Costs and Expenses. The Lessee shall pay (i) all reasonable and documented out-of-pocket expenses incurred by the Administrative Agent, the Bank Finance Parties and their respective Affiliates (including the reasonable fees, charges and disbursements of counsel for the Administrative Agent) in connection with the preparation, negotiation, execution, delivery and administration of the Senior Bank Financing Documents, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), and (ii) all out-of-pocket expenses incurred by the Administrative Agent or any Bank Finance Party (including the fees, charges and disbursements of any counsel for the Administrative Agent or any Bank Finance Party) in connection with the enforcement or protection of its rights (A) in connection with the Senior Bank Financing Documents, including its rights under this Section, or (B) in connection with the Credit Extensions, including all such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Credit Extensions; provided that, in the case of fees and expenses of counsel, the Lessee's obligation under this Section 10.03(a) shall be limited to the fees, charges and disbursements of one primary counsel, one local counsel in each relevant jurisdictions, one specialty counsel for each relevant specialty, in each case for the Administrative Agent and the Bank Finance Parties, taken as a whole, and one or more additional counsel (for each such category of counsel) if one or more conflicts of interest, or perceived conflicts of interest arise.

The Lessee shall indemnify the Administrative Agent (and any sub-agent thereof) and each Bank Finance Party, and each Related Party of any of the foregoing Persons (each such Person being called an "Indemnatee") against, and hold each Indemnatee harmless from, any and all losses, claims, damages, liabilities and related expenses (including the reasonable fees, charges and disbursements of any counsel for any Indemnatee) incurred by any Indemnatee or asserted against any Indemnatee by any Person (including the Lessee) arising out of, in connection with, or as a result of (i) the execution or delivery of this Agreement, any other Senior Bank Financing Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto or thereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby or thereby, (ii) any Credit Extensions or the use or proposed use of the proceeds

No Indemnitee referred to in clause (b) above shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Senior Bank Financing Documents or the transactions contemplated hereby or thereby, except to the extent that such damages have resulted from the willful misconduct or gross negligence of such Indemnitee (as determined by a court of competent jurisdiction in a final and non-appealable judgment).

(e) Payments. All amounts due under this Section shall be payable promptly after demand therefor.

(f) **Survival.** Each party's obligations under this Section shall survive the termination of the Senior Bank Financing Documents and payment of the obligations hereunder and thereunder and be enforceable by the Related Parties of the Administrative Agent and the Bank Finance Parties as third party beneficiaries hereof.

(iii) the expiry date of such requested Security Deposit LC would occur after the Security Deposit LC Expiration Date unless the Security Deposit Facility LC Issuing Bank has approved such expiry date at least three (3) Business Days prior to the Security Deposit LC Expiration Date;

(iv) such Security Deposit LC is in an initial stated amount of less than five thousand Dollars (\$5,000) or such lesser amount as is acceptable to the Security Deposit Facility LC Issuing Bank in its sole discretion;

(v) if the proceeds of any Security Deposit LC would be made available to any Person (A) to fund any activity or business of or with any Sanctioned Person, or in any country or territory that, at the time of such funding, is the subject of any sanctions, in each case, in violation of Sanctions Laws or (B) in any manner that would result in a violation of any Sanctions Laws by any party to this Agreement; or

In the case of a request for an initial issuance of a Security Deposit LC, such Letter of Credit Application shall specify in form and detail reasonably satisfactory to the Security Deposit Facility LC Issuing Bank: (A) the proposed issuance date of the requested Security Deposit LC (which shall be a Business Day not later than thirty (30) days prior to the Bank Financing Maturity Date, unless the Administrative Agent and the Security Deposit Facility LC Issuing Bank otherwise agree); (B) the amount thereof; (C) the expiry date thereof; (D) the name and address of the beneficiary thereof, which shall be the Port Authority; (E) the documents to be presented by such beneficiary in case of any drawing thereunder; (F) the full text of any certificate or other documents to be presented by such beneficiary in case of any drawing thereunder; and (G) such other matters as the Security Deposit Facility LC Issuing Bank may reasonably request. Upon receipt by such Security Deposit Facility LC Issuing Bank of confirmation from the Administrative Agent that the requested issuance or amendment is permitted in accordance with the terms hereof, then, subject to the terms and conditions hereof, such Security Deposit Facility LC Issuing Bank shall, on the requested date, issue Security Deposit LC for the account of the Issuer or enter into the applicable amendment, as the case may be.

(iii) If the Lessee so requests in any applicable Letter of Credit Application, the Security Deposit Facility LC Issuing Bank may, in its sole and absolute discretion, agree to issue a Security Deposit LC that has automatic renewal provisions (each, an “Auto-Renewal Letter of Credit”); provided that any such Auto-Renewal Letter of Credit must permit such Security Deposit Facility LC Issuing Bank to prevent any such automatic renewal at least once in each twelve (12)-month period (commencing with the date of issuance of such Security Deposit LC) by giving prior notice to the beneficiary thereof not later than a day in each such twelve (12)-month period to be agreed upon at the time such Security Deposit LC is issued. Unless otherwise directed by the Security Deposit Facility LC Issuing Bank, the Issuer shall not be required to make a specific request to such Security Deposit Facility LC Issuing Bank for any such renewal. Once an Auto-Renewal Letter of Credit has been issued, the Security Deposit Facility Lender shall be deemed to have authorized (but may not require) the Security Deposit Facility LC Issuing Bank to permit the automatic renewal of such Security Deposit LC at any time prior to an expiry

date to be set forth in such Auto-Renewal Letter of Credit not later than the Security Deposit LC Expiration Date, as applicable; provided, however, that such Security Deposit Facility LC Issuing Bank shall not permit any such automatic renewal if such Security Deposit Facility LC Issuing Bank has determined that it would have no obligation at such time to issue such Security Deposit LC in its renewed form under the terms hereof (by reason of the provisions of Section 2.03(d)(ii)).

(iv) Promptly upon request thereof by the Issuer, the Lessee or the Administrative Agent and after its delivery of any Security Deposit LC or any amendment to a Security Deposit LC to an advising bank with respect thereto or to the beneficiary thereof, the Security Deposit Facility LC Issuing Bank will also (A) deliver to the Issuer, the Lessee and the Administrative Agent a true and complete copy of such Security Deposit LC or amendment and (B) the Administrative Agent in turn will notify the Security Deposit Facility Lenders of such issuance or amendment and the amount of each Security Deposit Facility Lender's pro rata share therein.

(v) Notwithstanding anything to the contrary set forth above, the issuance of any Security Deposit LC by any Security Deposit Facility LC Issuing Bank under this Agreement shall be subject to such reasonable additional letter of credit issuance procedures and requirements as may be required by such Security Deposit Facility LC Issuing Bank's internal letter of credit issuance policies and procedures, in its sole discretion, as in effect at the time of such issuance, including requirements with respect to the prior receipt by such Security Deposit Facility LC Issuing Bank of customary "know your customer" information regarding a prospective account party or applicant that is not the Issuer (or the Lessee), as well as regarding any beneficiaries of a requested Security Deposit LC.

(e) Drawings and Reimbursements. Upon receipt from the Port Authority of any drawing documents under a Security Deposit LC, the Security Deposit Facility LC Issuing Bank shall, within the period determined by applicable Law or rules specified in such Security Deposit LC, examine the drawing document(s). After such examination of drawing document(s), the Security Deposit Facility LC Issuing Bank shall notify the Issuer and the Lessee of the date and the amount of a draft presented under any Security Deposit LC and paid by such Security Deposit Facility LC Issuing Bank; provided, that any failure to give or delay in giving such notice shall not relieve the Issuer and the Lessee of their obligations to reimburse upon receipt of such notice. Each Security Deposit Facility LC Issuing Bank shall notify the Issuer and the Lessee on the date of any payment by such Security Deposit Facility LC Issuing Bank under a Security Deposit LC (each such date, an "Honor Date"), and the Lessee, on behalf of the Issuer, shall reimburse such Security Deposit Facility LC Issuing Bank through the Administrative Agent in an amount equal to the amount of such drawing with interest on the amount so paid or disbursed by such Security Deposit Facility LC Issuing Bank, to the extent not reimbursed prior to 3:00 p.m. (New York City time) on the applicable Honor Date, from and including the date paid or disbursed to but excluding the date such Security Deposit Facility LC Issuing Bank was reimbursed by the Lessee therefor at a rate per annum equal to the ABR as in effect from time to time plus the Applicable Margin as in effect from time to time for Security Deposit Loans, as applicable, that are maintained as ABR Loans, in each case no later than on the next succeeding Business Day (and any reimbursement made on such next Business Day shall be taken into account in computing interest and fees in respect of any such Security Deposit LC) after the Issuer and the Lessee shall have received notice of such payment. If the Issuer (or the Lessee on its behalf) fails to so reimburse such Security Deposit Facility LC Issuing Bank on such next Business Day, such Security Deposit Facility LC Issuing Bank will notify the Administrative Agent thereof and the Administrative Agent shall promptly notify each Security Deposit Facility Lender and the Lessee, on behalf of the Issuer, shall be deemed to have requested a Security Deposit LC Borrowing of ABR Loans in Dollars to be disbursed on such date in an amount equal to the amount of the unreimbursed drawing (the "Unreimbursed Amount"), subject to the amount of the unused portion of the Security Deposit Facility Commitments (such loan, a "Security Deposit Loan") and an equivalent Project Loan shall be made by the Issuer to the Lessee pursuant to the TDC Project Loan Agreement. Any notice given by a Security Deposit Facility LC Issuing

Bank or the Administrative Agent pursuant to this Section 2.03(e) may be given by telephone if promptly confirmed in writing; provided that the lack of such a prompt confirmation shall not affect the conclusiveness or binding effect of such notice.

(f) Participations. By the issuance of any Security Deposit LC, or an amendment to or renewal of any Security Deposit LC increasing the amount thereof, by a Security Deposit Facility LC Issuing Bank, and without any further action on the part of the Security Deposit Facility LC Issuing Bank or any Security Deposit Facility Lender, the Security Deposit Facility LC Issuing Bank hereby grants to each Security Deposit Facility Lender with a Security Deposit Facility Commitment and each Security Deposit Facility Lender hereby acquires from the Security Deposit Facility LC Issuing Bank, without any separate action or agreement, a participation in such Security Deposit LC equal to such Security Deposit Facility Lender's pro rata share of the aggregate amount available to be drawn under such Security Deposit LC. Each Security Deposit Facility Lender acknowledges and agrees that its obligation to acquire participations pursuant to this Section 2.03(f) in respect of Security Deposit LCs is absolute and unconditional and shall not be affected by any circumstance whatsoever, including any amendment, renewal or extension of any Security Deposit LC or the occurrence and continuance of a Default or Event of Default or reduction or termination of Security Deposit Facility Commitments.

In consideration and in furtherance of the foregoing, each Security Deposit Facility Lender with a Security Deposit Facility Commitment in respect of a Security Deposit LC hereby absolutely and unconditionally agrees to pay to the Administrative Agent, for account of the Security Deposit Facility LC Issuing Bank of such Security Deposit LC (unless such Security Deposit Facility Lender is also the Security Deposit Facility LC Issuing Bank), such Security Deposit Facility Lender's pro rata share of each Security Deposit LC Borrowing made by the Security Deposit Facility LC Issuing Bank under such Security Deposit LC on the Business Day following the date of the Security Deposit LC Borrowing in respect of such Security Deposit LC Borrowing. Such payment shall be made without any offset, abatement, withholding or reduction whatsoever. Each such payment shall be made in the manner set forth in Section 2.15 and the Administrative Agent shall promptly pay to the Security Deposit Facility LC Issuing Bank the amounts so received by it from the applicable Security Deposit Facility Lenders.

(g) Obligations Absolute. Subject in all respects to Section 8.19, the obligation of the Issuer (or the Lessee on its behalf) to reimburse the Security Deposit Facility LC Issuing Bank for each drawing under each Security Deposit LC and to repay each Security Deposit LC Borrowing shall be absolute, unconditional and irrevocable, and shall be paid strictly in accordance with the terms of this Agreement under all circumstances, including the following:

(i) any lack of validity or enforceability of such Security Deposit LC, this Agreement, or any other agreement or instrument relating thereto;

(ii) the existence of any claim, counterclaim, set-off, defense or other right that the Lessee or Issuer may have at any time against any beneficiary or any transferee of such Security Deposit LC (or any Person for whom any such beneficiary or any such transferee may be acting), the Security Deposit Facility LC Issuing Bank or any other Person, whether in connection with this Agreement, the transactions contemplated hereby or by such Security Deposit LC or any agreement or instrument relating thereto, or any unrelated transaction;

(iii) any draft, demand, certificate or other document presented under such Security Deposit LC proving to be forged, fraudulent, invalid or insufficient in any respect or any statement therein being untrue or inaccurate in any respect; or any loss or delay in the transmission or otherwise of any document required in order to make a drawing under such Security Deposit LC;

(iv) any payment by the Security Deposit Facility LC Issuing Bank under such Security Deposit LC against presentation of a draft, certificate or other drawing document that does not comply with the terms of such Security Deposit LC; or any payment made by the Security Deposit Facility LC Issuing Bank under such Security Deposit LC to any Person purporting to be a trustee in bankruptcy, debtor-in-possession, assignee for the benefit of creditors, administrator, administrative receiver, judicial manager, liquidator, receiver or other representative of or successor to any beneficiary or any transferee of such Security Deposit LC, including any arising in connection with any proceeding under any Debtor Relief Law; in each case other than any such payment made as a result of Security Deposit Facility LC Issuing Bank's bad faith, gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final and non-appealable judgment;

(v) any exchange, release or non-perfection of any Collateral, or any release or amendment or waiver of or consent to departure from any guarantee, for all or any of the Obligations of the Issuer or the Lessee in respect of such Security Deposit LC; or

(vi) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing, including any other circumstance that might otherwise constitute a defense available to, or a legal or equitable discharge of, or provide a right of set-off against the Lessee's or the Issuer's obligations hereunder (other than a defense of proper payment or performance).

The Lessee shall promptly examine a copy of each Security Deposit LC and each amendment thereto that is delivered to them and, in the event of any claim of non-compliance with the instructions of the Issuer or other irregularity, the Lessee will promptly notify the Security Deposit Facility LC Issuing Bank. The Lessee and the Issuer shall be conclusively deemed to have waived any such claim against any Security Deposit Facility LC Issuing Bank unless such notice is given as aforesaid.

(h) Role of Security Deposit Facility LC Issuing Bank. Each of the Issuer and the Lessee agrees that, in paying any drawing under a Security Deposit LC, the Security Deposit Facility LC Issuing Bank shall not have any responsibility to obtain any document (other than any sight draft, certificates and other documents expressly required by the Security Deposit LC) or to ascertain or inquire as to the validity or accuracy of any such document or the authority of the Person executing or delivering any such document. No Security Deposit Facility LC Issuing Bank, Agent-Related Person nor any of their respective correspondents, participants or assignees shall be liable to any Lender for (i) any action taken or omitted in connection herewith at the request or with the approval of any Security Deposit Facility Lender; (ii) any action taken or omitted in the absence of bad faith, gross negligence or willful misconduct as determined by a court of competent jurisdiction in a final and non-appealable judgment; or (iii) the due execution, effectiveness, validity or enforceability of any document or instrument related to any Security Deposit LC or Letter of Credit Application. The Lessee hereby assumes all risks of the acts or omissions of any beneficiary or transferee with respect to its or the Issuer's use of any Security Deposit LC; provided, however, that this assumption is not intended to, and shall not, preclude the Lessee or the Issuer from pursuing such rights and remedies as they may have against the beneficiary or transferee at Law or under any other agreement. No Security Deposit Facility LC Issuing Bank, Agent-Related Person, nor any of their respective participants or assignees, shall be liable or responsible for any of the matters described in sub-paragraphs (i) to (vi) of Section 2.03(g); provided, however, that anything in such sub-paragraphs to the contrary notwithstanding, the Lessee or the Issuer may have a claim against such Security Deposit Facility LC Issuing Bank, and such Security Deposit Facility LC Issuing Bank may be liable to the Lessee or the Issuer, to the extent, but only to the extent, of any direct, as opposed to indirect, special, punitive, consequential or exemplary, damages suffered by the Lessee or the Issuer which a court of competent jurisdiction determines in a final non-appealable judgment were caused by such Security Deposit Facility LC Issuing Bank's bad faith, willful misconduct or gross negligence. In furtherance and not in limitation of the foregoing, the Security Deposit Facility LC Issuing Bank may, in its sole discretion, either accept

documents that appear on their face to be in order and make payment upon such documents, without responsibility for further investigation, regardless of any notice or information to the contrary, and such Security Deposit Facility LC Issuing Bank shall not be responsible for the validity or sufficiency of any instrument transferring or assigning or purporting to transfer or assign a Security Deposit LC or the rights or benefits thereunder or proceeds thereof, in whole or in part, which may prove to be invalid or ineffective for any reason or refuse to accept and make payment upon such documents if such documents are not in strict compliance with the terms of such Security Deposit LC.

(i) Security Deposit LC Fees. Pursuant to the procedure set forth in this Section 2.03(i), the Lessee, on behalf of the Issuer, shall pay to the Administrative Agent, for the account of each Security Deposit Facility LC Issuing Bank, a Security Deposit LC fee in Dollars which shall accrue for each Security Deposit LC on the amount thereof in an amount equal to the Applicable Margin then in effect for SOFR Loans with respect to the Security Deposit Facility in the case of Security Deposit LCs, in each case multiplied by the average daily maximum amount then available to be drawn under such Security Deposit LC (whether or not such maximum amount is then in effect under such Security Deposit LC if such maximum amount increases automatically pursuant to the terms of such Security Deposit LC) during the applicable period; provided, however, that no Security Deposit LC fees shall be paid to a Security Deposit Facility LC Issuing Bank that is a Defaulting Lender. Such Security Deposit LC fees shall be computed on a monthly basis in arrears and shall be due and payable on the last Business Day of each month, in respect of the monthly period then ending (or portion thereof, in the case of the first payment), commencing with the first such date to occur after the issuance of such Security Deposit LC, on Security Deposit LC Expiration Date and thereafter on demand. If there is any change in the Applicable Margin during any month, the daily maximum amount of each Security Deposit LC shall be computed and multiplied by the Applicable Margin separately for each period during such month that such Applicable Margin was in effect. The Issuer shall be deemed to have made a payment of any Security Deposit LC fee under this Section 2.03(i) upon the making of an equivalent payment by the Lessee to the Administrative Agent for the account of each Security Deposit Facility LC Issuing Bank pursuant to the TDC Project Loan Agreement and pursuant to the Collateral Agency and Accounts Agreement. Without limitation of any obligation of the Lessee under the Senior Financing Documents, under no circumstances shall the Issuer be required to make any payment of Security Deposit LC fees or have any obligation with respect to any such payment, other than from amounts received by the Issuer from the Lessee for payment pursuant to the terms of the TDC Building Loan Agreement, the TDC Project Loan Agreement, any Senior Collateral Document or the Common Terms Agreement.

(j) Documentary and Processing Charges Payable to a Security Deposit Facility LC Issuing Bank. The Issuer shall pay (at the direction of the Lessee), or the Lessee shall cause, on behalf of the Issuer, to be paid pursuant to and in accordance with the Collateral Agency and Accounts Agreement, directly to the Security Deposit Facility LC Issuing Bank for its own account, without duplication, the customary and documented issuance, presentation, administration, amendment and other processing fees, and other standard costs and charges, of such Security Deposit Facility LC Issuing Bank relating to letters of credit as from time to time in effect. Such customary and documented fees and standard costs and charges are due and payable within five Business Days of demand and are non-refundable. The Issuer shall be deemed to have made a payment of any such customary fees and standard costs and charges under this Section 2.03(j) upon the making of an equivalent payment by the Lessee to the Administrative Agent for the account of each Security Deposit Facility LC Issuing Bank pursuant to the TDC Project Loan Agreement and the Collateral Agency and Accounts Agreement. Without limitation of any obligations of the Lessee under the Financing Documents, under no circumstances shall the Issuer be required to make any payment of such customary and documented fees and standard costs and charges or have any obligation with respect to any such payment, other than from amounts received by the Issuer from the Lessee for payment pursuant to the terms of the Bank Financing TDC Loan Agreements, any Senior Collateral Document or the Common Terms Agreement.

(k) Conflict with Letter of Credit Application. In the event of any conflict between the terms hereof and the terms of any Letter of Credit Application, the terms hereof shall control.

(l) Reporting. Each Security Deposit Facility LC Issuing Bank shall furnish to the Administrative Agent a report detailing the daily Security Deposit LC Obligations, as applicable, outstanding under all Security Deposit LCs issued by it, such report to be in a form and at reporting intervals as shall be agreed between the Administrative Agent and such Security Deposit Facility LC Issuing Bank; provided that in no event shall such reports be furnished at intervals greater than thirty-one (31) days (and in no event shall any such report be provided earlier than the fifth (5th) Business Day after the end of any calendar month in respect of a calendar month period). The Security Deposit Facility LC Issuing Bank shall promptly notify the Administrative Agent, the Lessee and the Issuer in the event that it no longer is an Eligible LC Issuer.

(m) Applicability of ISP. Unless otherwise expressly agreed in writing by the Security Deposit Facility LC Issuing Bank and the Lessee when a Security Deposit LC is issued by such Security Deposit Facility LC Issuing Bank, the rules of the ISP shall apply to each Security Deposit LC. Notwithstanding the foregoing, no Security Deposit Facility LC Issuing Bank shall be responsible to the Issuer or Lessee for, and such Security Deposit Facility LC Issuing Bank's rights and remedies against the Issuer or Lessee shall not be impaired by, any action or inaction of such Security Deposit Facility LC Issuing Bank required or permitted under any law, order, or practice that is required or permitted to be applied to any Security Deposit LC or this Agreement, including the Laws or any order of a jurisdiction where such Security Deposit Facility LC Issuing Bank or the beneficiary is located, the practice stated in the ISP, as applicable, or in the decisions, opinions, practice statements, or official commentary of the International Chamber of Commerce Banking Commission, the Bankers Association for Finance and Trade (BAFT), or the Institute of International Banking Law & Practice, whether or not any Security Deposit LC chooses such laws or practice rules.

(n) Replacement of Security Deposit Facility LC Issuing Bank. Subject to the appointment and acceptance of a successor Security Deposit Facility LC Issuing Bank as provided below, the Security Deposit Facility LC Issuing Bank may be replaced at any time if it no longer is an Eligible LC Issuer, by written agreement among the Lessee, the Administrative Agent, the Required Security Deposit Facility Lenders, at such time, the assigning Security Deposit Facility LC Issuing Bank and the successor Security Deposit Facility LC Issuing Bank. Upon any such removal, the Required Security Deposit Facility Lenders shall have the right to appoint a successor Security Deposit Facility LC Issuing Bank (which is reasonably acceptable to the Lessee if no Default or Event of Default has occurred and is continuing), which shall be an Eligible LC Issuer and otherwise satisfy the requirements of the Lease Agreement. If no successor Security Deposit Facility LC Issuing Bank shall have been appointed within thirty (30) days after the retiring Security Deposit Facility LC Issuing Bank is given notice of such removal, then the retiring Security Deposit Facility LC Issuing Bank may, on behalf of the Required Security Deposit Facility Lenders, appoint a successor Security Deposit Facility LC Issuing Bank, which shall be an Eligible LC Issuer and otherwise be in compliance with the Lease Agreement and have an office in New York, New York (or any other location in the United States that is satisfactory to the beneficiary of the Security Deposit LC issued hereunder), which successor Security Deposit Facility LC Issuing Bank shall (so long as no Default or Event of Default has occurred and is continuing) be reasonably acceptable to the Lessee. Any such replacement of the Security Deposit Facility LC Issuing Bank shall be made in accordance with and subject to the requirements of Section 8.04(b). At the time any such replacement shall become effective, the Lessee, on behalf of the Issuer, shall pay (which payment shall be made pursuant to and in accordance with the Collateral Agency and Accounts Agreement) all unpaid fees accrued for account of the replaced or assigning Security Deposit Facility LC Issuing Bank pursuant to Section 2.03(i). From and after the effective date of any such replacement, the successor Security Deposit Facility LC Issuing Bank shall have all the rights and obligations of the replaced Security Deposit Facility LC Issuing Bank under this

Agreement with respect to the Security Deposit Facility. After the replacement of the Security Deposit Facility LC Issuing Bank hereunder, (x) the Lessee shall use reasonable commercial efforts to replace the outstanding Security Deposit LC or Security Deposit LCs issued by the replaced Security Deposit Facility LC Issuing Bank by a Security Deposit LC or Security Deposit LCs issued by the successor Security Deposit Facility LC Issuing Bank in the relevant amounts, and (y) the replaced Security Deposit Facility LC Issuing Bank shall remain a party hereto and shall continue to have all the rights and obligations of a Security Deposit Facility LC Issuing Bank under this Agreement with respect to Security Deposit LCs issued by it prior to such replacement in respect of which Security Deposit Loans or other Unreimbursed Amounts in respect of Security Deposit LCs that remain outstanding, but shall not be required to issue additional Security Deposit LCs to the extent replaced.

(o) The Security Deposit Facility LC Issuing Bank shall act on behalf of the Security Deposit Facility Lenders with respect to any Letters of Credit issued by it and the documents associated therewith, and each Security Deposit Facility LC Issuing Bank shall have all of the benefits and immunities (i) provided to the Administrative Agent in Article IX of the Common Terms Agreement with respect to any acts taken or omissions suffered by such Security Deposit Facility LC Issuing Bank in connection with Letters of Credit issued by it or proposed to be issued by it and Issuing Documents pertaining to such Letters of Credit as fully as if the term “Administrative Agent” as used in Article IX of the Common Terms Agreement included each Security Deposit Facility LC Issuing Bank with respect to such acts or omissions, and (ii) as additionally provided herein with respect to each Security Deposit Facility LC Issuing Bank.

Section 2.04 **Borrowing Requests.**

(a) **Notice by Lessee.** Each Borrowing of Senior Term Loans shall be made on a Scheduled Credit Extension Date in accordance with Schedule 2.04. The Lessee shall deliver to the Administrative Agent a written Borrowing Request, appropriately completed and signed by an Authorized Lessee Representative, and must be received by the Administrative Agent not later than 11:00 a.m. (New York City time) three (3) U.S. Government Securities Business Days (or in the case of a Borrowing on the Closing Date, two (2) U.S. Government Securities Business Days) prior to the applicable Scheduled Credit Extension Date.

(b) **Content of Borrowing Requests.** Each Borrowing Request for a Borrowing pursuant to this Section shall be substantially in the form of Exhibit B attached hereto and specify the following information in compliance with Section 2.02: (i) the aggregate amount of the requested Borrowing; (ii) the date of such Borrowing; (iii) instructions to deposit the proceeds from such Borrowing in the Bank Proceeds Sub-Account of the Construction Account pursuant to Section 5.04 of the Collateral Agency and Accounts Agreement.

(c) **Failure to Deliver Borrowing Request.** If the Lessee does not deliver a Borrowing Request, then the Issuer shall be deemed to have requested a Borrowing on the applicable Scheduled Credit Extension Date in the amount set forth in Schedule 2.04 opposite such Scheduled Credit Extension Date for deposit into the Bank Proceeds Sub-Account of the Construction Account.

Section 2.05 **Funding of Senior Term Loan Borrowings.**

(a) **Funding by Lender.** Upon satisfaction of the applicable conditions set forth in Article IV, the applicable Senior Term Lenders shall make their ratable shares of each Senior Term Loan to be made hereunder by wire transfer of immediately available funds, in Dollars, by 12:00 noon New York City time on the Scheduled Credit Extension Date, to the account of the Administrative Agent most recently designated by it for such purpose by notice to the Senior Term Lenders. The Issuer hereby authorizes and instructs the Administrative Agent to, and the Administrative Agent on behalf of the Issuer will, make such Senior Term Loans available to the Lessee, pursuant to the terms of the Bank Financing TDC Loan

Agreements by promptly crediting the amounts so received, in like funds, to the Bank Proceeds Sub-Account of the Construction Account pursuant to Section 5.04 of the Collateral Agency and Accounts Agreement. The failure of any Senior Term Lender to make any Senior Term Loan required to be made by it shall not relieve any other Senior Term Lender of its obligations hereunder; provided that the Senior Term Loan Commitments of the Senior Term Lenders are several and no Senior Term Lender shall be responsible for any other Senior Term Lender's failure to make Senior Term Loans on the Scheduled Credit Extension Date as required hereby.

(b) Presumption by Administrative Agent.

(i) Unless the Administrative Agent shall have received notice from a Bank Finance Party, prior to 8:00a.m. New York City time on the Business Day immediately preceding the applicable Scheduled Credit Extension Date that such Bank Finance Party is not satisfied that the conditions set forth in Section 4.01 hereof and/or Section 4.02 of the Common Terms Agreement have been satisfied with respect to the requested Borrowing, the Administrative Agent may assume that such Bank Finance Party is satisfied that such conditions have been satisfied. If the Administrative Agent has received notice, or is entitled to assume that, the Required Bank Finance Parties are satisfied that the conditions set forth in Section 4.01 hereof and Section 4.02 of the Common Terms Agreement have been satisfied it shall so notify to each Bank Finance Party no later than 10:00a.m. on the Business Day immediately preceding such Scheduled Credit Extension Date. Upon receipt of such notice from the Administrative Agent, each Lender shall fund its ratable share of each Senior Term Loan, if any, in accordance with and subject to the terms hereof.

(ii) Unless the Administrative Agent shall have received notice from a Senior Term Lender, prior to the applicable Scheduled Credit Extension Date that such Senior Term Lender will not make available to the Administrative Agent such Senior Term Lender's share of such Borrowing, the Administrative Agent may assume that such Lender has made such share available on such date in accordance with the terms hereof and may, in reliance upon such assumption, make available to the Lessee a corresponding amount. In such event, if a Senior Term Lender has not in fact made its share of the applicable Borrowing available to the Administrative Agent, then the applicable Senior Term Lender and the Lessee severally agree to pay (or in the case of the Lessee, agrees to cause to be paid, on behalf of the Issuer, in accordance with the Collateral Agency and Accounts Agreement) to the Administrative Agent forthwith on demand such corresponding amount with interest thereon, for each day from and including the date such amount is made available to the Lessee but excluding the date of payment to the Administrative Agent, at (i) in the case of a payment to be made by such Senior Term Lender, the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation, and (ii) in the case of a payment to be caused by Issuer to be made by the Lessee, the interest rate applicable to ABR Loans. If the Lessee and such Senior Term Lender shall pay or cause to be paid such interest to the Administrative Agent for the same or an overlapping period, the Administrative Agent shall promptly remit to Lessee, for deposit into the Bank Proceeds Sub-Account of the Construction Account the amount of such interest caused by Lessee to be paid for such period. If such Senior Term Lender pays its share of the applicable Borrowing to the Administrative Agent, then the amount so paid shall constitute such Senior Term Lender's Term Loan included in such Borrowing. Any payment caused by Lessee to be made under this provision shall be without prejudice to any claim the Issuer or Lessee may have against a Lender that shall have failed to make such payment to the Administrative Agent.

Section 2.06 Interest Elections.

(a) Subject to Section 2.02, the Senior Loans comprising each Borrowing initially shall be a SOFR Borrowing. Thereafter, subject to Section 2.13, Section 2.20 and Section 2.21, such Borrowing shall be continued as a Borrowing of the same Type. Upon notice by the Administrative Agent

to the Issuer and the Lessee that the event that caused any Borrowing to be converted to and continued as an ABR Borrowing pursuant to Section 2.13, Section 2.20 or Section 2.21 has ceased, and that the Lessee (on behalf of the Issuer) is again entitled to continue Borrowings as SOFR Borrowings, such Borrowing shall be converted into a SOFR Borrowing effective as of the end of the last U.S. Government Securities Business Day of the then applicable Interest Period.

(b) Notice by Administrative Agent to Lenders. The Administrative Agent shall advise each applicable Lender of the details of the conversion of any Borrowing and such Lender's portion of such resulting Borrowing no less than one Business Day before the effective date of the conversion.

Section 2.07 **Termination and Reduction of the Senior Term Loan Commitments.**

(a) Scheduled Reduction and Termination. Unless previously terminated in accordance with this Agreement, the Senior Term Loan Commitment shall terminate on the last day of the Availability Period and the Security Deposit Facility Commitment shall terminate on the Bank Financing Maturity Date.

(b) Voluntary Termination or Reduction. Lessee may at any time terminate, or from time to time reduce, the unutilized portion of the Senior Term Loan Commitments or the Security Deposit Facility Commitments; provided that (i) the Administrative Agent shall have received, as a condition precedent to such reduction, (x) a certificate from the Technical Advisor to the effect that, after giving effect to such reduction, the Available Funding is or will be sufficient to pay all Project Costs (including all financing costs such as capitalized interest) necessary to achieve Substantial Completion of the Project on or prior to the Outside Completion Date, and (y) documentation satisfactory to the Required Lenders evidencing that the Lessee has, or will, effect an equivalent termination or reduction pursuant to the Bank Financing TDC Loan Agreements, (ii) any partial reduction of such Senior Term Loan Commitment pursuant to this Section 2.07(b) shall be in an amount that is \$500,000 or a larger multiple of \$100,000, (iii) no Funding Shortfall shall arise as a result of such termination or reduction of the Senior Term Loan Commitment, (iv) each reduction or termination of such Senior Term Loan Commitment shall be made ratably among the Lenders holding such Senior Term Loan Commitment in accordance with their respective amounts of such Senior Term Loan Commitment, (v) shall be applied to reduce the Borrowing amount on each Scheduled Credit Extension Date in inverse order of Borrowing, (vi) the Lessee may not terminate or reduce the Commitments under the Security Deposit Facility if, after giving effect thereto and to any concurrent prepayments hereunder, the Total Security Deposit Outstandings would exceed the Security Deposit Facility Commitments.

(c) Notice of Voluntary Termination or Reduction. Lessee shall notify the Administrative Agent of any election to terminate or reduce the Senior Term Loan Commitments or the Security Deposit Facility Commitments pursuant to Section 2.07(b) at least two Business Days prior to the effective date of such termination or reduction, specifying such election and the effective date thereof. Promptly following receipt of any notice, the Administrative Agent shall advise the Lenders and the Security Deposit Facility LC Issuing Bank of the contents thereof. Each notice delivered by Lessee pursuant to this Section 2.07 shall be, absent manifest error, irrevocable.

(d) Effect of Termination or Reduction. Any termination or reduction of any Senior Term Loan Commitment or Security Deposit Facility Commitment pursuant to this Section 2.07 shall be, absent manifest error, permanent.

(e) True-up Adjustments. In addition to the foregoing the Senior Term Loan Commitments shall be increased or decreased in accordance with Section 8.01(f) of the Common Terms Agreement.

Section 2.08 **Repayment of Senior Loans; Evidence of Debt.**

(a) **Repayment of Senior Loans.** Subject to Section 2.10, the principal amount of all Senior Loans, together with accrued interest and fees with respect thereto, shall be due and payable on the Bank Financing Maturity Date.

(b) **Evidence of Debt.** Each Lender may maintain in accordance with its usual practice an account or accounts evidencing the Indebtedness of the Issuer to such Lender resulting from each Senior Loan made by such Lender, including the amounts of principal and interest payable and paid to such Lender from time to time hereunder. Such account or accounts shall, to the extent not inconsistent with the notations made by the Administrative Agent in the Register, be conclusive and binding on the Issuer absent manifest error; provided that the failure of any Lender to maintain such account or accounts or any error in any such account shall not limit or otherwise affect any obligations of the Issuer and such account or accounts shall not limit, increase or otherwise affect the obligations of the Issuer as set forth herein.

Section 2.09 **Interest.**

(a) **Interest Rates.** Subject to paragraph (b) of this Section, (i) each ABR Loan shall bear interest at a rate per annum equal to the ABR plus the Applicable Margin; and (ii) each SOFR Loan shall bear interest at a rate per annum equal to Daily Compounded SOFR plus the Applicable Margin.

(b) **Default Interest.** If any amount payable to the Lenders or the Security Deposit Facility LC Issuing Bank under this Agreement or any other Financing Document (including principal of any Senior Loan, interest, fees and other amount) is not paid when due, whether at stated maturity, by acceleration or otherwise, such amount shall thereafter bear interest at a rate per annum equal to the applicable Post-Default Rate. While any Event of Default exists, at the election of Required Lenders, the Lessee, on behalf of the Issuer, shall pay interest on the principal amount of all Senior Loans outstanding hereunder at a rate per annum equal to the applicable Post-Default Rate.

(c) **Payment Dates.** Accrued interest on each Senior Loan shall be payable in arrears on each Interest Payment Date applicable thereto and at such other times as may be specified herein; provided that (i) interest accrued pursuant to paragraph (b) of this Section shall be payable on demand, (ii) in the event of any repayment or prepayment of any Senior Loan (other than a prepayment of an ABR Loan prior to the Bank Financing Maturity Date), accrued interest on the principal amount repaid or prepaid shall be payable on the date of such repayment or prepayment and (iii) in the event of any conversion of any SOFR Borrowing prior to the end of the Interest Period therefor, accrued interest on such Borrowing shall be payable on the effective date of such conversion.

(d) **Interest Computation.** All interest hereunder shall be computed on the basis of a year of 360 days (or in the case of interest computed by reference to the ABR at times when the ABR is based on the Prime Rate, such interest shall be computed on the basis of a year of 365 days (or 366 days in a leap year)), and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day). All interest hereunder on any Senior Loan shall be computed on a daily basis based upon the outstanding principal amount of such Senior Loan as of the applicable date of determination. The applicable ABR or Daily Compounded SOFR shall be determined by the Administrative Agent, and such determination shall be conclusive absent manifest error.

(e) **Daily Compounded SOFR Conforming Changes.** In connection with the use or administration of Daily Compounded SOFR, the Administrative Agent will have the right to make Conforming Changes from time to time, in consultation with the Lessee, and, notwithstanding anything to the contrary herein or in any other Financing Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Financing Document. The Administrative Agent will promptly notify the Issuer, the Lessee

and the Lenders of the effectiveness of any Conforming Changes in connection with the use or administration of Daily Compounded SOFR.

Section 2.10 **Prepayment of Senior Loans.**

(a) **Optional Prepayments.** Lessee shall have the right at any time and from time to time to cause the prepayment of any Senior Loans in whole or in part, without premium or penalty (other than amounts payable under Section 2.17, if any), subject to the requirements of this Section 2.10. Each partial prepayment of any Senior Loan under this Section 2.10(a) shall be in an aggregate amount at least equal to \$1,000,000 and an integral multiple of \$500,000 in excess thereof (or such lesser amount as may be necessary to prepay the aggregate principal amount then outstanding with respect to such Borrowing).

(b) **Terms of Optional Prepayments.** Any prepayment of Senior Loans pursuant to Section 2.10(a) shall be applied as directed by the Lessee and in accordance with the Collateral Agency and Accounts Agreement. Each prepayment of Senior Loans shall be accompanied by payment of all accrued and unpaid interest on principal amounts prepaid, and any additional amounts required pursuant to Section 2.17. The Lessee, on behalf of the Issuer, shall pay costs contemplated in Section 2.17 in respect of any prepayment made of any principal of any SOFR Loan other than on the last day of an Interest Period therefor, which costs shall be paid in accordance with the Collateral Agency and Accounts Agreement.

(c) **Notices, Etc.** The Lessee shall notify the Administrative Agent in writing of any prepayment hereunder not later than 2:00 p.m., New York City time (i) in the case of SOFR Borrowings, three (3) U.S. Government Securities Business Days before the date of prepayment or (ii) in the case of ABR Loans, one (1) Business Day before the date of prepayment. Each such notice shall specify (i) the prepayment date, and (ii) the principal amount of each Borrowing or portion thereof to be prepaid. Promptly following receipt of any such notice relating to a Borrowing, the Administrative Agent shall advise the relevant Lenders of the contents thereof. Each prepayment of a Borrowing shall be applied ratably to the Senior Loans included in the prepaid Borrowing. No prepayment of a SOFR Loan hereunder shall be made on any day that is not a U.S. Government Securities Business Day, and if any prepayment to be made hereunder shall fall due on a day that is not a U.S. Government Securities Business Day, payment shall be made on the next succeeding U.S. Government Securities Business Day and such extension of time shall be reflected in computing interest or fees, as the case may be.

(d) **Mandatory Prepayments.** Unless otherwise instructed by the Required Lenders, the Issuer shall mandatorily prepay the Senior Loans at par (together with accrued and unpaid interest thereon to the applicable repayment date with respect to the principal amount being repaid) when and as required pursuant to Section 2.02 of the Common Terms Agreement.

(e) **True-up Prepayments.** The Senior Loans shall be subject to mandatory prepayment with the proceeds of Credit Extensions made pursuant to Section 8.01 of the Common Terms Agreement, without requiring any notice other than a True-Up Notice, subject to and in accordance with the terms of such Section 8.01.

Section 2.11 **Fees.**

(a) **Commitment Fees.** The Lessee shall pay to the Administrative Agent in accordance with Sections 5.02 and 5.03 of the Collateral Agency and Accounts Agreement for the account of each Lender a commitment fee, which shall accrue on (i) the aggregate average daily unused amount of the Senior Term Loan Commitments of such Lender and (ii) the amount by which the Security Deposit Facility Commitments of such Lender exceeds its pro rata share of the outstanding Security Deposit LC Obligations and Security Deposit Loans, in each case, during the period from and including the Closing Date to but excluding the date such Senior Term Loan Commitments or Security Deposit Facility Commitments expire or are otherwise terminated, at a rate per annum equal to ■% of the Applicable

Margin. All commitment fees shall be computed on the basis of a year of 360 days and shall be payable for the actual number of days elapsed (including the first day but excluding the last day). For purposes of computing commitment fees, (x) a Lender's Senior Term Loan Commitment shall be deemed to be used to the extent such Lender has made a Senior Term Loan in respect thereof and (y) "Applicable Margin" shall mean the margin that would apply to any SOFR Loans bearing interest at a rate determined by reference to Daily Compounded SOFR at such time (as set forth in limb (b) of the definition of "Applicable Margin"). Accrued commitment fees shall be due and payable in arrears (i) on each Interest Payment Date, commencing on the first such date to occur after the Closing Date, and (ii) on the Bank Financing Maturity Date.

(b) Payment of Fees. All fees payable hereunder shall be paid on the dates due, in Dollars and immediately available funds. Fees paid shall not be refundable under any circumstances absent manifest error.

Section 2.12 **Increased Costs.**

(a) Increased Costs Generally. If any Change in Law shall:

(i) impose, modify or deem applicable any reserve, special deposit, compulsory loan, insurance charge, capital adequacy or similar requirement (including any such requirement imposed by the Board under Regulation D or otherwise) against assets of, deposits with or for account of, or credit extended by, any Lender;

(ii) subject any Lender to any Taxes (other than (x) Indemnified Taxes and Excluded Taxes) on or with respect to loans, letters of credit, commitments, or other obligations or its deposits, reserves, other liabilities or capital attributable thereto; or

(iii) impose on any Lender any other condition (other than Taxes) not otherwise contemplated hereunder affecting this Agreement or Senior Loans made by such Lender;

and the result of any of the foregoing shall be to increase the cost to such Lender of making, converting to, continuing or maintaining any Senior Loan or of maintaining its obligation to make any such Senior Loan, or to increase the cost to such Lender, or to reduce the amount of any sum received or receivable by such Lender hereunder (whether of principal, interest or any other amount) then, upon request of such Lender, the Lessee will pay to such Lender in accordance with the Collateral Agency and Accounts Agreement such additional amount or amounts as will compensate such Lender for such additional costs incurred or reduction suffered.

(b) Capital Requirements. If any Lender determines that any Change in Law regarding capital requirements or liquidity requirements has or would have the effect of reducing the rate of return on such Lender's capital or liquidity or on the capital or liquidity of such Lender's holding company, if any, as a consequence of this Agreement or its obligations hereunder in respect of the Senior Loans made by it hereunder, to a level below that which such Lender or such Lender's holding company could have achieved but for such Change in Law (taking into consideration such Lender's policies and the policies of such Lender's holding company with respect to capital adequacy and liquidity), then from time to time the Lessee will pay to such Lender in accordance with the Collateral Agency and Accounts Agreement, as the case may be, such additional amount or amounts as will compensate such Lender or such Lender's holding company for any such reduction suffered.

(c) Certificates from Lenders. A certificate of a Lender setting forth the amount or amounts necessary to compensate such Lender or its holding company, as the case may be, as specified in Section 2.12(a) or (b) shall be delivered to the Lessee and shall be conclusive absent manifest error. The

Lessee shall pay such Lender the amount shown as due on any such certificate within 10 days after receipt thereof.

(d) Delay in Requests. Failure or delay on the part of any Lender to demand compensation pursuant to this Section 2.12 shall not constitute a waiver of such Lender's right to demand such compensation; provided that the Lessee shall not be required to compensate any Lender pursuant to this Section 2.12 for any increased costs or reductions incurred more than 180 days prior to the date that such Lender notifies the Lessee of the Change in Law giving rise to such increased costs or reductions and of such Lender's intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the 180-day period referred to above shall be extended to include the period of retroactive effect thereof).

Section 2.13 Illegality. If any Lender determines that any Law has made it unlawful, or that any Governmental Authority has asserted that it is unlawful, for any Lender or its applicable lending office to make, maintain or fund Senior Loans whose interest is determined by reference to SOFR or Daily Compounded SOFR, or to determine or charge interest based upon SOFR or Daily Compounded SOFR, then, upon notice thereof by such Lender to the Lessee (through the Administrative Agent) (an "Illegality Notice"), (a) any obligation of the Lenders to make SOFR Loans, and any right of the Lessee to continue SOFR Loans or to convert ABR Loans to SOFR Loans, shall be suspended, and (b) the interest rate on which ABR Loans shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to paragraph (c) of the definition of "ABR", in each case until each affected Lender notifies the Administrative Agent and the Lessee that the circumstances giving rise to such determination no longer exist. Upon receipt of an Illegality Notice, the Lessee shall, upon demand from any Lender (with a copy to the Administrative Agent), cause to be prepaid or, if applicable, convert all SOFR Loans to ABR Loans (the interest rate on which ABR Loans shall, if necessary to avoid such illegality, be determined by the Administrative Agent without reference to clause (c) of the definition of "ABR"), on the Interest Payment Date therefor, if all affected Lenders may lawfully continue to maintain such SOFR Loans to such day, or immediately, if any Lender may not lawfully continue to maintain such SOFR Loans to such day. Upon any such prepayment or conversion, the Lessee shall also pay accrued interest on the amount so prepaid or converted, together with any additional amounts required pursuant to Section 2.17.

Section 2.14 Taxes.

(a) Payments Free of Taxes. Any and all payments by or on account of any obligation of the Issuer or the Lessee hereunder or under any other Financing Document shall be made free and clear of and without withholding or deduction for any Taxes, except as required by Applicable Law; provided that if the Issuer, the Lessee, or the Administrative Agent, as applicable, shall be required by Applicable Law to withhold or deduct any Indemnified Taxes from such payments, then (i) the sum payable shall be increased by the Lessee as necessary so that after the making of all required deductions or withholdings of Indemnified Taxes (including deductions or withholdings of Indemnified Taxes applicable to additional sums payable under this Section 2.14) the Administrative Agent or Lender (as the case may be) receives an amount equal to the sum it would have received had no such deductions or withholdings been made, (ii) the Lessee or the Administrative Agent, as applicable, shall timely make or shall cause to be made such deductions or deductions and (iii) the Lessee or its withholding agent shall pay or shall cause to be paid, the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law.

(b) Payment of Other Taxes. The Lessee for itself or on behalf of the Issuer shall timely pay or cause to be paid any Other Taxes to the relevant Governmental Authority in accordance with Applicable Law or, at the option of the Administrative Agent, timely reimburse the Administrative Agent for the payment of, any Other Taxes.

(c) Indemnification. The Lessee shall indemnify or cause to be indemnified the Administrative Agent and each Lender, within ten (10) days after demand therefor, for the full amount of any Indemnified Taxes and Other Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section 2.14) payable or paid by such Lender or Agent or required to be withheld or deducted from a payment to such Lender or Agent and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability and the basis for calculation thereof delivered to the Lessee by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of the Senior Collateral Agent or a Lender, shall be conclusive absent manifest error.

(d) Indemnification by the Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Lessee has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Lessee to do so), (ii) any Taxes attributable to such Lender's failure to comply with the provisions of Section 8.04(b)(i)(E) and Section 8.04(e) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (d).

(e) Evidence of Payments. As soon as practicable after any payment of Excluded Taxes or Indemnified Taxes by the Lessee to a Governmental Authority pursuant to this Section 2.14, the Lessee shall deliver or cause to be delivered to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(f) Forms.

(i) Any of the Administrative Agent, the Senior Collateral Agent or any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Financing Document shall deliver to the Lessee (with a copy to the Administrative Agent), at the time or times reasonably requested by the Lessee or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Lessee or the Administrative Agent as will permit such payments to be made without, or at a reduced rate of, withholding. In addition, any of the Administrative Agent, the Senior Collateral Agent or any Lender, if reasonably requested by the Lessee or the Administrative Agent, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Lessee or the Administrative Agent as will enable the Lessee or the Administrative Agent to determine whether or not such Administrative Agent, Senior Collateral Agent or Lender, as the case may be, is subject to any withholding tax or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in paragraphs (e)(ii), (iii) or (iv)) shall not be required if in a Lender's reasonable judgment such completion, execution or submission would subject such Lender to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Lender.

(ii) If a payment made to any Lender under any Financing Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Lender were to fail to comply with the applicable reporting requirements of FATCA (including those contained in section 1471(b) or 1472(b) of the Code, as applicable), such Lender shall deliver to the Lessee and the Administrative Agent at the time or times prescribed by Applicable Law and at such time or times reasonably requested by the Lessee or the Administrative Agent such documentation prescribed by Applicable Law (including as prescribed by section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Lessee or the Administrative Agent as may be necessary for the Lessee and the Administrative Agent to comply with their obligations under FATCA and to determine that such Lender has complied with such Lender's obligations under FATCA or to determine the amount to deduct and withhold from such payment. Solely for purposes of this paragraph (ii), "FATCA" shall include any amendments made to FATCA after the Closing Date.

(iii) Any Lender that is a United States person (as defined in section 7701(a)(30) of the Code) shall deliver to the Lessee and the Administrative Agent on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Lessee or the Administrative Agent), executed copies of IRS Form W-9 certifying that such Lender is exempt from U.S. federal backup withholding tax.

(iv) Any Lender that is not a United States person (as defined in section 7701(a)(30) of the Code) shall, to the extent it is legally entitled to do so, deliver to the Lessee and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Lessee or the Administrative Agent), whichever of the following is applicable:

(A) in the case of a Lender claiming the benefits of an income tax treaty to which the United States is a party (x) with respect to payments of interest under any Financing Document, executed copies of IRS Form W-8BEN or W-8BEN-E, as applicable, establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "interest" article of such tax treaty and (y) with respect to any other applicable payments under any Financing Document, IRS Form W-8BEN or W-8BEN-E, as applicable, establishing an exemption from, or reduction of, U.S. federal withholding Tax pursuant to the "business profits" or "other income" article of such tax treaty;

(B) executed copies of IRS Form W-8ECI;

(C) in the case of a Lender claiming the benefits of the exemption for portfolio interest under section 881(c) of the Code, (x) a certificate to the effect that such Lender is not a "bank" within the meaning of section 881(c)(3)(A) of the Code, a "10 percent shareholder" of the Issuer or the Lessee within the meaning of section 881(c)(3)(B) of the Code, or a "controlled foreign corporation" described in section 881(c)(3)(C) of the Code (a "U.S. Tax Compliance Certificate") and (y) executed copies of IRS Form W-8BEN or W-8BEN-E, as applicable; and

(D) to the extent a Lender is not the beneficial owner, executed copies of IRS Form W-8IMY, accompanied by IRS Form W-8ECI, IRS Form W-8BEN or W-8BEN-E, as applicable, a U.S. Tax Compliance Certificate, IRS Form W-9, and/or other certification documents from each beneficial owner, as applicable; provided that if the Lender is a partnership and one or more direct or indirect partners of such Lender are claiming the portfolio interest exemption, such Lender may provide a U.S. Tax Compliance Certificate on behalf of each such direct and indirect partner.

(v) Any Lender that is not a United States person (as defined in section 7701(a)(30) of the Code) shall, to the extent it is legally entitled to do so, deliver to the Lessee and the Administrative Agent (in such number of copies as shall be requested by the recipient) on or prior to the date on which such Lender becomes a Lender under this Agreement (and from time to time thereafter upon the reasonable request of the Lessee or the Administrative Agent), executed copies of any other form prescribed by Applicable Law as a basis for claiming exemption from or a reduction in U.S. federal withholding Tax, duly completed, together with such supplementary documentation as may be prescribed by Applicable Law to permit the Lessee or the Administrative Agent to determine the withholding or deduction required to be made.

(vi) Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Lessee and the Administrative Agent in writing of its legal inability to do so.

(g) **Treatment of Certain Refunds.** If the Administrative Agent, the Senior Collateral Agent or any Lender determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified by the Lessee or with respect to which the Lessee has paid additional amounts pursuant to this Section 2.14, it shall pay over such refund to the Lessee (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all of its out-of-pocket expenses incurred in order to obtain such refund (including Taxes with respect to such refund) and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund); provided that the Lessee, upon the request of the Administrative Agent or any Lender, as the case may be, agrees to repay to such party as soon as reasonably practicable the amount paid over to the Lessee pursuant to this paragraph (g) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event such party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (g), in no event will the party be required to pay any amount to the Lessee pursuant to this Section 2.14 the payment of which would place the indemnified party in a less favorable net after-Tax position than it would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and indemnification payments or additional amounts giving rise to such refund had never been paid. This paragraph shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes which it deems confidential) to the Lessee or any other Person.

(h) **Survival.** Each party's obligations under this Section 2.14 shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments and the repayment, satisfaction or discharge of all obligations under any Financing Document.

(i) For purposes of this Section 2.14, the term "Applicable Law" includes FATCA.

**Section 2.15 Payments Generally; Pro Rata Treatment; Sharing of Setoffs.**

(a) **Payments by the Issuer.** Unless otherwise specified, the Lessee or the Issuer, as applicable, shall make or cause to be made each payment required to be made by it hereunder (whether of principal, interest, fees or under Section 2.12, Section 2.14 or Section 2.17 or otherwise) or under any other Financing Document (other than the Fee Letters and except to the extent otherwise provided therein) (whether of principal, interest, fees, under Section 2.12, Section 2.14 or Section 2.17, or otherwise) prior to 3:00 p.m., New York City time, on the date when due, in immediately available funds, without setoff or counterclaim. Any amounts received after such time on any date will be deemed to have been received on the next succeeding Business Day for purposes of calculating interest thereon. All such payments (other than those under the Fee Letters) shall be made to the Administrative Agent at its offices at [REDACTED]

(payment instructions: Bank Name: [REDACTED]; ABA/Routing No.: [REDACTED]; SWIFT ID.: [REDACTED]; Beneficiary Name: [REDACTED]; Beneficiary Account: [REDACTED], Attention: [REDACTED];

Reference: NYTDC – JFK Millennium Partners), except as otherwise expressly provided in the relevant Financing Document and, except payments pursuant to Section 2.12, Section 2.14, Section 2.17 and Section 8.03, which shall be made directly to the Persons entitled thereto, in each case subject to the terms of the Intercreditor Agreement. The Administrative Agent shall distribute any such payments received by it for account of any other Person to the appropriate recipient promptly following receipt thereof. If any payment hereunder shall be due on a day that is not a Business Day, such payment shall be made on the next succeeding Business Day; provided that, if such next succeeding Business Day would fall after the Bank Financing Maturity Date, payment shall be made on the immediately preceding Business Day. All amounts owing under this Agreement are payable in Dollars.

(b) Application of Insufficient Payments. If at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, interest, fees and other amounts then due hereunder, such funds shall be applied (i) first, to pay interest, fees and other amounts (except for the amounts required to be paid pursuant to the following paragraph (ii)) then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of interest, fees and such other amounts then due to such parties, and (ii) second, to pay principal then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

(c) Pro Rata Treatment. Each Borrowing shall be made from the relevant Lenders, each payment of a commitment fee under Section 2.11(a) in respect of Commitments shall be made for account of the Lenders, and each termination or reduction of the amount of the Commitments under Section 2.07 shall be applied to the respective Commitments of the Lenders, pro rata according to the amounts of their respective Commitments. Each Borrowing shall be allocated pro rata among the Lenders according to the amounts of their respective Commitments (in the case of the making of Senior Loans) or their respective Senior Loans that are to be included in such Borrowing (in the case of conversions and continuations of Senior Loans).

(d) Certain Deductions by the Administrative Agent. If any Lender shall fail to make any payment required to be made by it pursuant to Section 2.05, then the Administrative Agent may, in its discretion (notwithstanding any contrary provision hereof), apply any amounts thereafter received by the Administrative Agent for account of such Lender to satisfy such Lender's obligations under such Sections until all such unsatisfied obligations are fully paid.

Section 2.16 Several Obligations of Lenders. The obligations of the Lenders hereunder to make Senior Loans are several and not joint. The failure of any Lender to make any Senior Loan or to make any such payment on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to make its Senior Loan.

Section 2.17 Compensation for Losses. In the event of (a) the payment of any principal of any SOFR Loan other than on the last day of the Interest Period applicable thereto (including as a result of an Event of Default), (b) the conversion of any SOFR Loan other than on the last day of the Interest Period applicable thereto, the failure to borrow, convert, continue or prepay any SOFR Loan on the date specified in any notice delivered pursuant hereto, or (d) the assignment of any SOFR Loan other than on the last day of the Interest Period applicable thereto as a result of a request by the Lessee pursuant to Section 2.18(b), then, in any such event, the Lessee shall compensate each Lender for any loss, cost and expense attributable to such event, including any loss, cost or expense arising from the liquidation or redeployment of funds or from any fees payable. A certificate of any Lender setting forth any amount or amounts that such Lender is entitled to receive pursuant to this Section shall be delivered to the Lessee and shall be conclusive absent

manifest error. The Lessee or the Issuer, as applicable, shall pay such Lender the amount shown as due on any such certificate within 10 days after receipt thereof.

Section 2.18 **Mitigation Obligations; Replacement of Lenders.**

(a) **Designation of a Different Lending Office.** If any Lender requests compensation under Section 2.12, or if the Lessee or the Issuer, as applicable, is required to pay any additional amount to any Lender or any Governmental Authority for account of any Lender pursuant to Section 2.14, then such Lender shall (at the request of the Lessee) use reasonable efforts to designate a different lending office for funding or booking its Senior Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the sole judgment of such Lender, such designation or assignment (i) would eliminate or reduce such amounts payable pursuant to Section 2.12 or Section 2.14, as the case may be, in the future and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Lessee or, subject to Section 5.02, the Issuer, as applicable, hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) **Replacement of Lenders.** If any Lender (i) requests compensation under Section 2.12, or if the Lessee or the Issuer, as applicable, is required to indemnify, or pay any additional amount to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.14, and, in each case, such Lender has declined or is unable to designate a different lending office in accordance with paragraph (a) of this Section 2.18, (ii) is a Defaulting Lender or (iii) refuses or fails to consent to a proposed change, waiver, discharge or termination which has otherwise been approved by the Required Lenders as (and to the extent) provided in Section 8.02(b), then, in any such case, the Lessee may, at its sole expense, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in Section 8.04), all its interests, rights and obligations under this Agreement (other than its existing rights to payments pursuant to Section 2.11 or Section 2.13) to an assignee that shall assume such obligations which assignee may be another Lender if a Lender accepts such assignment; provided that (A) such Lender shall have received payment of an amount equal to the outstanding principal of its Senior Loans, accrued interest thereon, accrued fees and all other amounts then payable to it hereunder and under the other Financing Documents (including any break costs), from the assignee (to the extent of such outstanding principal and accrued interest and fees) or the Lessee or, subject to Section 5.02, the Issuer, as applicable (in the case of all other amounts), (B) in the case of any such assignment resulting from a claim for compensation under Section 2.12 or payments required to be made pursuant to Section 2.14, such assignment will result in the elimination or a reduction in such compensation or payments; (C) such assignment does not conflict with Applicable Law; (D) in the case of any assignment resulting from a Lender refusing or failing to consent to a proposed change, waiver, discharge or termination, the applicable assignee shall have consented to the applicable proposed change, waiver, discharge or termination. Such assignee(s) or transferee(s) shall execute any required assignment and accession or novation documentation and comply with the Financing Documents and the Collateral Agency and Accounts Agreement.

Section 2.19 **Defaulting Lenders.** Notwithstanding any provision of this Agreement to the contrary, if any Lender becomes a Defaulting Lender, then the following provisions shall apply for so long as such Lender is a Defaulting Lender:

(a) the Senior Loans and unused Commitments of such Defaulting Lender shall not be included in determining whether the Required Lenders, Required Security Deposit Facility Lenders or Required Bank Finance Parties have taken or may take any action hereunder (including any consent to any amendment or waiver pursuant to Section 8.02); provided, however, that a Defaulting Lender shall retain its voting rights where its outstanding Commitments or Senior Loans

are being extended or increased, where payments of outstanding interest and principal are being reduced or waived, or where the applicable interest rate thereon is being reduced or waived;

(b) Any payment of principal, interest, fees or other amounts received by the Administrative Agent for the account of such Defaulting Lender (whether voluntary or mandatory, at maturity, pursuant to Article VI or otherwise) or received by the Administrative Agent from a Defaulting Lender pursuant to Section 8.08 shall be applied at such time or times as may be determined by the Administrative Agent as follows: first, to the payment of any amounts owing by such Defaulting Lender to the Administrative Agent hereunder; second, as the Lessee may request (so long as no Default or Event of Default exists), to the funding of any Senior Loan in respect of which such Defaulting Lender has failed to fund its portion thereof as required by this Agreement, as determined by the Administrative Agent; third, if so determined by the Administrative Agent and the Lessee, to be held in a deposit account and released *pro rata* in order to satisfy such Defaulting Lender's potential future funding obligations with respect to Senior Loans under this Agreement in form and substance satisfactory to the Administrative Agent; fourth, to the payment of any amounts owing to the Lenders as a result of any judgment of a court of competent jurisdiction obtained by any Lender against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; fifth, so long as no Default or Event of Default exists, to the payment of any amounts owing to the Lessee or the Issuer, as applicable, as a result of any judgment of a court of competent jurisdiction obtained by the Lessee or the Issuer, as applicable, against such Defaulting Lender as a result of such Defaulting Lender's breach of its obligations under this Agreement; and sixth, to such Defaulting Lender or as otherwise directed by a court of competent jurisdiction. Any payments, prepayments or other amounts paid or payable to a Defaulting Lender that are applied (or held) to pay amounts owed by a Defaulting Lender shall be deemed paid to and redirected by such Defaulting Lender, and each Lender irrevocably consents hereto.

(c) No Defaulting Lender shall be entitled to receive any commitment fee pursuant to Section 2.11(a) for any period during which that Lender is a Defaulting Lender (and the Lessee or the Issuer, as applicable, shall not be required to pay any commitment fee pursuant to Section 2.11(a) that otherwise would have been required to have been paid to such Defaulting Lender).

(d) During any period in which there is a Defaulting Lender, for purposes of computing the amount of the obligation of each Non-Defaulting Lender to acquire or refinance a Security Deposit LC pursuant to Section 2.03, the pro rata share of each Non-Defaulting Lender under the Security Deposit Facility shall be determined without giving effect to the Commitment under the Security Deposit Facility of such Defaulting Lender; provided that the aggregate obligation of each Non-Defaulting Lender under the Security Deposit Facility to acquire or refinance a Security Deposit LC issued under the Security Deposit Facility shall not exceed the positive difference if any of (i) the Security Deposit Facility Commitment of that Non-Defaulting Lender minus (ii) the aggregate Outstanding amount of the Security Deposit Loans of that Security Deposit Facility Lender, including any claim of a Non-Defaulting Lender as a result of such Non-Defaulting Lender's increased exposure following such reallocation.

(e) If the Lessee and the Administrative Agent agree in writing that a Lender is no longer a Defaulting Lender, the Administrative Agent will so notify the parties hereto, whereupon as of the effective date specified in such notice and subject to any conditions set forth therein, that Lender will, to the extent applicable, purchase at par that portion of outstanding Senior Loans of the other Lenders or take such other actions as the Administrative Agent may determine to be necessary to cause the Senior Loans to be held pro rata by the Lenders under the applicable Commitment, whereupon such Lender will cease to be a Defaulting Lender; provided that no

adjustments will be made retroactively with respect to fees accrued or payments made by or on behalf of the Lessee while that Lender was a Defaulting Lender; and provided, further, that except to the extent otherwise expressly agreed by the affected parties, no change hereunder from Defaulting Lender to Lender will constitute a waiver or release of any claim of any party hereunder arising from that Lender's having been a Defaulting Lender.

Section 2.20 **Inability to Determine Rates**. Subject to Section 2.21, if, on or prior to the first day of any Interest Period for any SOFR Loan, (i) the Administrative Agent determines (which determination shall be conclusive and binding absent manifest error) that Daily Compounded SOFR cannot be determined pursuant to the definition thereof or (ii) the Required Lenders determine that for any reason in connection with any request for a SOFR Loan or a conversion thereto or a continuation thereof that Daily Compounded SOFR for any requested Interest Period with respect to a proposed SOFR Loan does not adequately and fairly reflect the cost to such Lenders of making and maintaining such Senior Loan, and the Required Lenders have provided notice of such determination to the Administrative Agent, the Administrative Agent will promptly so notify the Issuer, the Lessee and each Lender. Upon notice thereof by the Administrative Agent to the Lessee, (a) any obligation of the Lenders to make SOFR Loans, and any right of the Lessee to continue SOFR Loans or to convert ABR Loans to SOFR Loans, shall be suspended and (b) all SOFR Loans shall be immediately converted to ABR Loans and (c) the component of ABR based upon Daily Compounded SOFR will not be used in any determination of ABR, in each case until the Administrative Agent (at the instruction of the Required Lenders) revokes such notice. Upon receipt of such notice, the Lessee may revoke any pending request for a borrowing of, conversion to or continuation of SOFR Loans (to the extent of the affected SOFR Loans) or, failing that, the Lessee will be deemed to have converted any such request into a request for a Borrowing of or conversion to ABR Loans in the amount specified therein. Upon any such conversion, the Lessee, on behalf of the Issuer, shall also pay any additional amounts required pursuant to Section 2.17.

Section 2.21 **Benchmark Replacement Setting**.

(a) **Benchmark Replacement**.

(i) Notwithstanding anything to the contrary herein or in any other Financing Document, upon the occurrence of a Benchmark Transition Event, the Administrative Agent and the Issuer (in the case of the Issuer, at the direction of the Lessee) may amend this Agreement to replace the then-current Benchmark with a Benchmark Replacement. Any such amendment with respect to a Benchmark Transition Event will become effective at 5:00 p.m. (New York City time) on the fifth (5<sup>th</sup>) Business Day after the Administrative Agent has posted such proposed amendment to all affected Lenders and the Lessee so long as, if the Benchmark Replacement has been selected pursuant to paragraph (b) of the definition of "Benchmark Replacement", the Administrative Agent has not received, by such time, written notice of objection to such amendment from Lenders comprising the Required Lenders. No replacement of a Benchmark with a Benchmark Replacement pursuant to this Section 2.21(a) will occur prior to the applicable Benchmark Transition Start Date.

(ii) No Hedge Agreement shall be deemed to be a "Financing Document" for the purposes of this Section 2.21.

(b) **Benchmark Replacement Conforming Changes**. In connection with the use, administration, adoption or implementation of a Benchmark Replacement, the Administrative Agent will have the right to make Conforming Changes from time to time in consultation with the Issuer and the Lessee and, notwithstanding anything to the contrary herein or in any other Financing Document, any amendments implementing such Conforming Changes will become effective without any further action or consent of any other party to this Agreement or any other Financing Document.

(c) Notices; Standards for Decisions and Determinations. The Administrative Agent will promptly notify the Issuer, the Lessee and the Lenders of (i) the implementation of any Benchmark Replacement and (ii) the effectiveness of any Conforming Changes in connection with the use, administration, adoption or implementation of a Benchmark Replacement. The Administrative Agent will notify the Lessee and the Issuer of (x) the removal or reinstatement of any tenor of a Benchmark pursuant to Section 2.21(d) and (y) the commencement of any Benchmark Unavailability Period. Any determination, decision or election that may be made by the Administrative Agent or, if applicable, any Lender (or group of Lenders) pursuant to this Section 2.21, including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error and may be made in its or their sole discretion and without consent from any other party to this Agreement or any other Financing Document, except, in each case, as expressly required pursuant to this Section 2.21.

(d) Unavailability of Tenor of Benchmark. Notwithstanding anything to the contrary herein or in any other Financing Document, at any time (including in connection with the implementation of a Benchmark Replacement), (i) if the then-current Benchmark is a term rate and either (A) any tenor for such Benchmark is not displayed on a screen or other information service that publishes such rate from time to time as selected by the Administrative Agent in its reasonable discretion or (B) the regulatory supervisor for the administrator of such Benchmark has provided a public statement or publication of information announcing that any tenor for such Benchmark is not or will not be representative, then the Administrative Agent may modify the definition of “Interest Period” (or any similar or analogous definition) for any Benchmark settings at or after such time to remove such unavailable or non-representative tenor and (ii) if a tenor that was removed pursuant to paragraph (i) above either (A) is subsequently displayed on a screen or information service for a Benchmark (including a Benchmark Replacement) or (B) is not, or is no longer, subject to an announcement that it is not or will not be representative for a Benchmark (including a Benchmark Replacement), then the Administrative Agent may modify the definition of “Interest Period” (or any similar or analogous definition) for all Benchmark settings at or after such time to reinstate such previously removed tenor.

(e) Benchmark Unavailability Period. Upon the Lessee’s and Issuer’s receipt of notice of the commencement of a Benchmark Unavailability Period, any pending request for a SOFR Borrowing will be deemed to have converted into a request for a Borrowing of ABR Loans and (ii) any outstanding affected SOFR Loans will be deemed have been converted to ABR Loans immediately. During a SOFR Unavailability Period, the component of ABR based upon Daily Compounded SOFR, will not be used in any determination of ABR.

## Article V

### NATURE OF THE ISSUER'S OBLIGATIONS; COVENANTS

Section 5.01 **Issuer's Obligations Not to Create a Pecuniary Liability.** Each and every covenant herein made, including all covenants made in the various sections of this **Article V,** is predicated upon the condition that any obligation for the payment of money incurred by the Issuer (or the Lessee) shall not create a debt of the State, the Port Authority, JDA, ESD or any local development corporation, agency, authority or political subdivision of the State (other than the Issuer), and the State, the Port Authority, JDA, ESD or any local development corporation, agency, authority or political subdivision of the State (other than the Issuer) shall not be liable on any obligation so incurred, and any Borrowing shall not be payable out of any funds of the Issuer other than those pledged therefor but shall be payable by the Issuer solely from the payments made by the Lessee under the TDC Bank Debt Building Note or the TDC Bank Debt Project Note, and the revenues and receipts pledged to the payment thereof in the manner and to the extent in this Agreement and other Financing Documents specified, and nothing in this Agreement, in the TDC Loan Agreements or in any other Financing Document shall be considered as pledging any other funds or assets of the Issuer, in each case, without prejudice to the Senior Secured Parties recourse to the Collateral or against the Lessee.

Section 5.02 **Payment of Principal and Interest.** Subject in all respects to **Section 8.16,** the Issuer covenants that it will, solely from amounts received from or paid by the Lessee pursuant to the terms of the Bank Financing TDC Loan Agreements, promptly pay or cause to be paid (to the extent not already paid by the Lessee directly) the principal of and interest on the Senior Loans and other amounts payable by the Issuer hereunder, at the place, on the dates and in the manner provided in this Agreement, the Common Terms Agreement, TDC Bank Debt Building Note, the TDC Bank Debt Project Note, the TDC Security Deposit Project Note, the Bank Financing TDC Loan Agreements and the Senior Collateral Documents to

which it is a party, without prejudice to the Senior Secured Parties' recourse to the Collateral or against the Lessee. All covenants, stipulations, promises, agreements and obligations of the Issuer contained herein shall be deemed to be covenants, stipulations, promises, agreements and obligations of the Issuer and not of any member, officer, director, employee or agent thereof in his individual capacity, and no resort shall be had for the payment of the principal or interest on any Senior Loan or for any claim based thereon or hereunder against any such member, officer, director, employee or agent or against any natural person executing this Agreement.

Section 5.03 **Performance of Covenants.** The Issuer covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Agreement and in all proceedings pertaining thereto.

Section 5.04 **Books and Records; Certificate as to Defaults.** The Issuer covenants and agrees that, so long as any of the Senior Loans shall remain outstanding, proper books of record and account will be kept showing complete and correct entries of all transactions relating to the Project and that the Lessee and the Lenders shall have the right at all reasonable times to inspect all records, accounts and data relating thereto. In this regard, so long as the Bank Financing TDC Loan Agreements are in full force and effect, records furnished by the Lessee (provided, however, that the Issuer shall not be liable for the failure of Lessee to keep any records), or kept by the Administrative Agent in connection with its duties as much shall be deemed to be in compliance with the Issuer's obligations under this Section 5.04.

Section 5.05 **Bank Financing TDC Loan Agreements.** It is understood and agreed that the Issuer will, pursuant to the Bank Financing TDC Loan Agreements, loan to the Lessee an amount equal to the principal amount of each Borrowing. Executed copies of the Bank Financing TDC Loan Agreements, the TDC Bank Debt Building Note and TDC Bank Debt Project Note will be on file in the office of the Issuer and in the designated corporate office of the Intercreditor Agent and the Administrative Agent. Reference is hereby made to the Bank Financing TDC Loan Agreements for a detailed statement of the terms and conditions thereof and for a statement of the rights and obligations of the parties thereunder. All covenants and obligations of the Lessee under the Bank Financing TDC Loan Agreements shall be enforceable either by the Issuer, acting on the direction of the Senior Collateral Agent, or by the Senior Collateral Agent, to whom (in the case of the Senior Collateral Agent, in its own name or in the name of the Issuer) is hereby granted the right (to the extent provided therefor in this Section 5.05 and subject to the terms of the Collateral Agency and Accounts Agreement and the Intercreditor Agreement) to enforce all rights of the Issuer and all obligations of the Lessee under the Bank Financing TDC Loan Agreements, whether or not the Issuer is enforcing such rights and obligations. Unless such action is reserved to the Senior Collateral Agent pursuant to other Senior Financing Document, the Administrative Agent may (upon direction of the Required Lenders) take such action in respect of any matter as is provided to be taken by the Issuer in the Bank Financing TDC Loan Agreements, upon compliance or noncompliance by the Lessee or the Issuer with the provisions of the Bank Financing TDC Loan Agreements relating to the same, subject to the terms hereof.

Section 5.06 **Creation of Liens; Indebtedness.** The Issuer shall not create or suffer to be created, or incur or issue any evidences of indebtedness secured by, any lien or charge upon or pledge of its rights under this Agreement or the Bank Financing TDC Loan Agreements, including the revenues and payments required to be made under the Bank Financing TDC Loan Agreements, except for Permitted Liens created by operation of law or the lien, charge and pledge created by Senior Collateral Documents or the Subordinate Collateral Documents. Except with respect to any breach of its obligations hereunder, the Common Terms Agreement, the Indenture or the Senior Leasehold Mortgage, the Issuer shall have no pecuniary liability (other than payment of principal, interest and other amounts, and from the sources, expressly contemplated herein) for its covenants set forth in this Agreement, including under this Section 5.06, and the Senior Leasehold Mortgage.

Section 5.07 **Ownership; Instruments of Further Assurance.** Subject to the terms of the Intercreditor Agreement, unless such action is reserved to the Senior Collateral Agent pursuant to other Senior Financing Document, the Administrative Agent, on behalf of the Issuer, at the expense of the Lessee, shall defend the rights of the Issuer under the Financing Documents for the benefit of the Lenders under this Agreement, to the extent permitted by law, against the claims and demands of all Persons. The Issuer covenants that it will do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such Financing Documents and such further acts, instruments and transfers as the Administrative Agent may reasonably require for the better assuring, transferring, conveying, pledging, assigning and confirming unto the Senior Collateral Agent, any and all property described in the Senior Collateral Documents, subject to the liens, pledge and security interests of the Senior Collateral Documents, and the payments received under the Bank Financing TDC Loan Agreements, revenues and receipts pledged thereby to the payment of the principal and interest under the Bank Financing TDC Loan Agreements. Any and all property hereafter acquired that is of the kind or nature provided to be and become subject to the lien, pledge and security interest created by the Senior Financing Documents shall ipso facto, and without any further conveyance, assignment or act on the part of the Issuer or the Administrative Agent, become and be subject to the liens, pledge and security interests created by the Senior Financing Documents as fully and completely as though specifically described therein, but nothing in this sentence contained shall be deemed to modify or change the obligations of the Issuer heretofore made by this Section 5.07.

Section 5.08 **Notices, Etc.** The Administrative Agent shall promptly deliver to the Issuer, the Intercreditor Agent, and the Senior Collateral Agent:

(a) any notice provided to it by the Lessee under the terms of any Bank Financing TDC Loan Agreement or this Agreement;

(b) after acquiring actual knowledge thereof, written notice of the occurrence of any Event of Default under this Agreement (with a description of any action being taken or proposed to be taken with respect thereto), including any payment defaults under Section 6.01(a) and (b) hereof and any Event of Default (as defined in any Bank Financing TDC Loan Agreement) pursuant to any TDC Loan Agreement; and

(c) written notice of any Security Interest placed on, or any claim against, this Agreement (other than the Security Interests created under the Senior Collateral Documents or the other Financing Documents or any other Permitted Lien created by operation of law) to the extent it has knowledge thereof. In addition to the above means of giving notice, the Administrative Agent shall have the right to accept and act upon instructions, including funds transfer instructions ("Instructions") given pursuant to (and in accordance with) this Agreement and delivered using Electronic Means; provided, however, that the Issuer and the Lessee shall provide to the Administrative Agent an incumbency certificate listing persons with the authority to provide such Instructions ("Authorized Persons") and containing specimen signatures of such Authorized Persons, which incumbency certificate shall be amended by the Issuer and the Lessee whenever a person is to be added or deleted from the listing. If the Lessee elects to give the Administrative Agent any Instructions using Electronic Means, and the Administrative Agent, in its discretion, elects to act upon such Instructions, the Administrative Agent's understanding of such Instructions shall be deemed controlling. The Lessee understands and agrees that if the Administrative Agent cannot determine the identity of the actual sender of such Instructions, the Administrative Agent may conclusively presume that directions that purport to have been sent by an Authorized Person listed on the incumbency certificate provided to the Administrative Agent have been sent by such Authorized Persons. The Lessee shall be responsible for ensuring that only Authorized Persons transmit such Instructions to the Administrative Agent and that the Lessee and all Authorized Persons are solely responsible to safeguard the use and confidentiality of applicable user and

authorization codes, passwords and/or authentication keys upon receipt by the Lessee. The Administrative Agent shall not be liable for any losses, costs or expenses arising directly or indirectly from the Administrative Agent's reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction; provided that the Administrative Agent will not be relieved from liability for its own bad faith, negligence or willful misconduct. Except as provided above in this paragraph, the Lessee agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Administrative Agent, including without limitation the risk of the Administrative Agent acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Administrative Agent and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Lessee; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Administrative Agent immediately upon learning of any compromise or unauthorized use of the security procedures.

Section 5.09 **Maintenance of Existence.** The Issuer shall maintain its legal existence under the laws of the State and preserve all of its rights and powers under the JDA.

Section 5.10 **Cooperation.** The Issuer agrees that it will cooperate with the Administrative Agent in connection with its obligation to cause all documents, statements, memoranda or other instruments to be registered, filed or recorded in such manner and at such places as may be required by Laws to fully protect the security of the Administrative Agent and Lenders and the right, title and interest of the Senior Collateral Agent in and to the Security Interests (whether now existing or hereafter arising) and any moneys or securities held hereunder or any part thereof and to perfect and maintain the perfection of the same (including any re-filings, continuation statements or such other documents as may be required). The Issuer shall have no responsibilities for such filings whatsoever, other than executing the documents reasonably requested by the Administrative Agent. The Issuer's approval shall not be required prior to the release of liens that have been properly discharged in accordance with applicable Law.

Section 5.11 **Compliance with Law.** The Issuer shall comply with all Laws and regulations, the State's Constitution, and all other State Laws relating to the this Agreement, the TDC Loan Agreements and the other Financing Documents, the Project, and the organization and operation of the Issuer.

Section 5.12 **Know Your Customer Information.** The Issuer shall deliver, promptly following a written request by a Bank Finance Party, such documentation or other information that such Bank Finance Party requires pursuant to Applicable Law or reasonably requests, in any such case, in order to comply with its ongoing obligations under applicable Anti-Money Laundering Laws and Anti-Corruption Laws.

(g) the occurrence of an “Event of Default” under and as defined in the Common Terms Agreement or the Senior Leasehold Mortgage that continues beyond any grace or cure period provided for under the applicable Senior Financing Document.

If an Event of Default shall occur and be continuing, the Administrative Agent shall, at the request of the Required Bank Finance Parties, by notice to the Issuer and subject to the terms of the Intercreditor Agreement, take, or request to be taken, any or all of the actions described in the post-amble of Section 7.01 of the Common Terms Agreement.

The Administrative Agent shall, within thirty (30) days of having actual knowledge of the occurrence of an Event of Default or of any event of which the Administrative Agent receives written notice and which would result in an Event of Default with the passage of time or the giving of notice, notify the Issuer, the Lessee, the Senior Collateral Agent, the Intercreditor Agent, and all Lenders of the occurrence of such Event of Default or such other event.

(a) Each Lender hereby confirms the Administrative Agent's designation and appointment pursuant to the Common Terms Agreement, to act on its behalf as its agent hereunder and under the other Financing Documents and Administrative Agent's authorization to act in such capacity, to take such actions on its behalf and to exercise such powers and perform such duties as are expressly delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The Administrative Agent, by executing this Agreement, hereby confirms its acceptance of such appointment.

(b) The Administrative Agent shall enjoy all rights and privileges and have the obligations and duties attributed to it pursuant to Article IX of the Common Terms Agreement.

The Administrative Agent and its affiliates or other related entities may engage in transactions that affect the calculation of ABR, Daily Compounded SOFR, any alternative, successor or replacement rate (including any Benchmark Replacement) or any relevant adjustments thereto, in each case, in a manner adverse to the Issuer or Lessee. The Administrative Agent may select information sources or services in its reasonable discretion to ascertain ABR, Daily Compounded SOFR or any other Benchmark, in each case pursuant to the terms of this Agreement, and shall have no liability to the Issuer, Lessee, any Lender or any other person or entity for damages of any kind, including direct or indirect, special, punitive, incidental or consequential damages, costs, losses or expenses (whether in tort, contract or otherwise and whether at law or in equity), for any error or calculation of any such rate (or component thereof) provided by any such information source or service.

Section 8.02 **Waivers; Amendments.**

(a) **No Waiver; Remedies Cumulative; Enforcement.** No failure or delay by the Administrative Agent or any Lender in exercising any right, remedy, power or privilege hereunder or under any other Financing Document, and no course of dealing between the Issuer, or any of its Affiliates, on the one hand, and the Administrative Agent or any Lender on the other hand, shall impair any such right, power or privilege or operate as a waiver thereof, nor shall any single or partial exercise of any such right, remedy, power or privilege, or any abandonment or discontinuance of steps to enforce such a right remedy, power or privilege, preclude any other or further exercise thereof or the exercise of any other right remedy, power or privilege. The rights, remedies, powers and privileges of the Administrative Agent and the Lenders hereunder and under the Financing Documents are cumulative and are not exclusive of any rights, remedies, powers or privileges that any such Person would otherwise have.

(b) **Amendments, Etc.** Except as otherwise expressly set forth in this Agreement (including Section 2.21) or the other Senior Bank Financing Documents and subject to the terms of the Common Terms Agreement and the Intercreditor Agreement, no amendment or waiver of any provision of this Agreement or any other Senior Bank Financing Document, and no consent to any departure by the Issuer or the Lessee, as applicable, therefrom, shall be effective unless in writing executed by the Lessee and the Required Lenders, and acknowledged by the Administrative Agent, or by the Issuer, the Lessee and the Administrative Agent with the consent of the Required Lenders (other than with respect to any amendment or waiver contemplated in paragraph (vi), which shall only require the consent of the Required Security Facility Lenders and the Security Deposit Facility LC Issuing Bank), and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided that no such amendment, waiver or consent shall:

(i) extend or increase any Commitment of any Lender without the written consent of such Lender (it being understood that a waiver of any condition precedent set forth in Article IV or the waiver of any Default shall not constitute an extension or increase of any Commitment of any Lender);

(ii) reduce the principal of, or rate of interest specified herein on, any Senior Loan, or any fees or other amounts payable hereunder or under any other Financing Document, without the written consent of each Lender directly and adversely affected thereby (provided that only the consent of the Required Lenders shall be necessary to amend the definition of “Post-Default Rate” or to waive the obligation of the Issuer to pay interest at the Post-Default Rate);

(iii) postpone any date scheduled for any payment of principal of, or interest on, any Senior Loan, or any fees or other amounts payable hereunder or under any other Financing Document, or reduce the amount of, waive or excuse any such payment, without the written consent of each Lender directly and adversely affected thereby (provided that only the consent of the Required Lenders shall be necessary to amend the definition of “Post-Default Rate” or to waive the obligation of the Issuer to pay interest at the Post-Default Rate);

(iv) change Section 2.15(b), Section 2.15(c), Section 2.15(d) or Section 8.08, in each case, without the written consent of each Lender directly and adversely affected thereby;

(viii) (A) consent to the assignment or transfer by the Issuer or Lessee, as applicable, of any of its rights and obligations under this Agreement and the other Financing Documents, or (B) release all or any material part of the Senior Collateral (except as expressly permitted by the Financing Documents) in each case without the written consent of all Lenders and the Security Deposit Facility LC Issuing Bank; or

(ix) cause any Senior Bank Obligations to cease to be secured on a pari passu basis with all other Senior Obligations or add, modify or waive any provision of the Financing Documents so as to subordinate the Senior Bank Obligations to any other Obligations without the prior written consent of each Lender affected thereby;

provided, further, that no such amendment, waiver or consent shall amend, modify or otherwise affect the rights or duties hereunder or under any other Financing Document of the Administrative Agent, unless in writing executed by the Administrative Agent, in each case in addition to the Issuer, the Lessee and the Lenders required above.

In addition, notwithstanding anything in this Section to the contrary, if the Administrative Agent and the Issuer or the Lessee shall have jointly identified an obvious error or any error or omission of a technical nature, in each case, in any provision of the Financing Documents, then the Administrative Agent and the Issuer or Lessee shall be permitted to amend such provision, and, in each case, such amendment shall become effective without any further action or consent of any other party to any Financing Document if the same is not objected to in writing by the Required Lenders to the Administrative Agent within ten Business Days following receipt of notice thereof.

Section 8.03 **Damages Waiver.**

(a) Waiver of Consequential Damages, Etc. To the fullest extent permitted by Applicable Law, no party hereto shall assert, and each party hereto hereby waives, any claim against any other party hereto, on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Agreement, any other Financing Document or any agreement or instrument contemplated hereby, the transactions contemplated hereby or thereby, any Credit Extensions, or the use of the proceeds thereof; provided that nothing herein shall limit the Lessee’s indemnification obligations set forth herein to the extent such indirect, special, punitive or consequential damages are included in any third party claim in connection with which an Indemnitee is entitled to indemnification hereunder. No Indemnitee shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Agreement or the other Senior Bank Financing Documents or the transactions contemplated hereby or thereby, except to the extent that such damages have resulted from the willful misconduct or gross

negligence of such Indemnitee (as determined by a court of competent jurisdiction in a final and non-appealable judgment).

(b) Payments. All amounts due under this Section shall be payable promptly after demand therefor.

(c) Survival. Each party's obligations under this Section shall survive the termination of the Financing Documents and payment of the obligations hereunder and be enforceable by the Related Parties of the Administrative Agent and the Lenders as third party beneficiaries hereof.

#### Section 8.04 Successors and Assigns.

(a) Assignments Generally. All covenants and other agreements contained in this Agreement by or on behalf of any of the parties hereto bind and inure to the benefit of their respective successors and assigns whether so expressed or not, except that (i) the Issuer and the Lessee may not assign or otherwise transfer any of its rights or obligations hereunder (and any attempted assignment or transfer by the Issuer or the Lessee without such consent shall be null and void) without the prior written consent of each Lender and (ii) no Lender may assign or otherwise transfer its rights or obligations hereunder except in accordance with this Section 8.04. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants (to the extent provided in Section 8.04(e)) and, to the extent expressly contemplated hereby, the Related Parties of the Administrative Agent and the Lenders referred to in Section 8.03) any legal or equitable right, remedy or claim under or by reason of this Agreement.

#### (b) Assignments by Lenders.

(i) Any Lender or the Security Deposit Facility LC Issuing Bank may assign to one or more Eligible Assignees (in the case of an assignment by the Security Deposit Facility LC Issuing Bank, that is also an Eligible LC Issuer) all or a portion of its rights and obligations under this Agreement (including all or a portion of its Commitments and the Senior Loans at the time owing to it); provided that:

(A) unless a Default or an Event of Default has occurred and is continuing at the time of such assignment, prior to the end of the Availability Period, a Lender may only assign all or any portion of its Senior Term Loan Commitments to (1) an Eligible Assignee whose or whose parent's long term debt has a rating at least equal to the rating assigned by any Rating Agency to the Senior Secured Debt (or the equivalent rating by any other Rating Agency) at the time of such assignment, or to a Bank Finance Party or (2) so long as Lenders (x) whose long term debt is not rated by any Rating Agency or whose long term debt has a rating that is not equal to or better than the rating assigned by any Rating Agency to the Senior Secured Debt (or the equivalent rating by any other Rating Agency) and (y) that do not have a direct or indirect parent whose long term debt has a rating that is at least equal to the rating assigned by any Rating Agency to the Senior Secured Debt (or the equivalent rating by any other Rating Agency), hold, in the aggregate no more than \$250,000,000 of Senior Term Loan Commitments, after giving effect to such assignment, to any other Eligible Assignee whose long term debt is not rated by any Rating Agency;

(B) unless a Default or an Event of Default has occurred and is continuing at the time of such assignment, the Issuer and the Lessee shall have given its prior written consent to such assignment (such consent not to be unreasonably withheld or delayed); provided, that (1) no consent of the Issuer or the Lessee shall be required for (I) an assignment to an Eligible Assignee (other than an Institutional Lender), a Bank Finance Party, an Affiliate of a Lender or a Whitelisted Assignee or (II) its collateral assignment to

a central bank or federal reserve bank, (2) the Administrative Agent shall provide notice to the Issuer and the Lessee of any such assignment under this Section 8.04(b) and (3) the Issuer and the Lessee shall be deemed to have consented to any such assignment unless it shall object thereto by written notice to the Administrative Agent within seven (7) Business Days after having received notice thereof;

(C) any assignment of a Lender's Commitment(s) or Senior Loans to a Prohibited Person or a Disqualified Institution shall not be permitted unless the Issuer and the Lessee otherwise consent in writing;

(D) no assignment shall be made to the Issuer, the Lessee, Pledgor or any Sponsor, or any of the Issuer's, the Lessee's, Pledgor's or any Sponsor's Affiliates, or a natural person;

(E) each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Agreement;

(F) except in the case of an assignment to an Affiliate, the parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of [REDACTED];

(G) the assignee, if it shall not be a Lender, shall deliver to the Administrative Agent an Administrative Questionnaire;

(H) any costs, fees and expenses relating to any such assignment shall be borne by the assigning Lender and/or the assignee, and in no event by the Issuer or the Lessee; and

(I) the consent of the Security Deposit Facility LC Issuing Bank shall be required for any assignment in respect of the Security Deposit Facility.

Upon acceptance and recording pursuant to paragraph (d) of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party hereto and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Agreement, such Lender shall cease to be a party hereto but shall continue to be entitled to the benefits of Section 2.12, Section 2.14, Section 2.17, and Section 8.03 in respect of the period prior to the date of the assignment). Any assignment or transfer by a Lender of rights or obligations under this Agreement that does not comply with this Section 8.04(b) shall be treated for purposes of this Agreement as a sale by such Lender of a participation in such rights and obligations in accordance Section 8.04(e).

(c) Maintenance of Register by the Administrative Agent. The Administrative Agent, acting for this purpose as an agent of the Issuer, shall maintain at one of its offices in New York City a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amount of (and stated interest on) the Senior Loans owing to each Lender pursuant to the terms hereof from time to time (the "Register"). The entries in the Register shall be conclusive absent manifest error, and the Issuer, the Lessee, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Agreement, absent manifest

error. The Register shall be available for inspection by the Issuer, the Lessee and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) Effectiveness of Assignments. Upon its receipt of a duly completed Assignment and Assumption executed by an assigning Lender and an assignee, the assignee's completed Administrative Questionnaire (unless the assignee shall already be a Lender hereunder), the processing and recordation fee referred to in Section 8.04(b)(i)(F) and any written consent to such assignment required by Section 8.04(b), the Administrative Agent shall accept such Assignment and Assumption and record the information contained therein in the Register. No assignment shall be effective for purposes of this Agreement unless it has been recorded in the Register as provided in this Section 8.04(d).

(e) Participations. Any Lender may, without the consent of the Issuer, the Lessee or the Administrative Agent, sell participations to any Person (other than a natural Person, any Defaulting Lender, any Disqualified Institution, any Prohibited Person, the Issuer, the Lessee or any of the Issuer's or Lessee's Affiliates) (a "Participant") in all or a portion of such Lender's rights and obligations under this Agreement (including all or a portion of its Commitments and the Senior Loans owing to it); provided that (i) such Lender's obligations under this Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations and (iii) the Issuer, the Lessee, the Administrative Agent and the other Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Agreement. Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Agreement and to approve any amendment, modification or waiver of any provision of this Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver described in Section 8.02 that requires the unanimous consent of the Lenders and that affects such Participant. Subject to Section 8.04(f), the Issuer and the Lessee each agree that each Participant shall be entitled to the benefits of Section 2.12, Section 2.14 and Section 2.17 to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to Section 8.04(b). Each Lender that grants a participation shall, acting for this purpose as a non-fiduciary agent of the Issuer and the Lessee, as applicable, maintain a register on which it enters the name and address of each participant and the principal and interest amount of each participant's interest in the Senior Loans held by it (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register to any Person (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans, letters of credit or its other obligations under this Agreement) except to the extent that such disclosure is necessary to establish that such Commitment, Senior Loan or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations and Section 1.163-5(b) of the United States Proposed Treasury Regulations (or any amended or successor version). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Agreement notwithstanding any notice to the contrary.

(f) Limitations on Rights of Participants. A Participant shall not be entitled to receive any greater payment under Section 2.12 or Section 2.14, with respect to any participation, than the applicable Lender would have been entitled to receive with respect to the participation sold to such Participant, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. A Participant shall not be entitled to the benefits of Section 2.14 unless the Participant agrees, for the benefit of the Issuer and the Lessee, to comply with Section 2.14(f) as though it were a Lender (it being understood that the documentation required under Section 2.14(f) shall be delivered to the participating Lender).

(g) **Certain Pledges.** Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Agreement to secure obligations of such Lender, including any such pledge or assignment to a Federal Reserve Bank, the European Central Bank or any other central bank or similar monetary authority in the jurisdiction of such Lender, and this Section 8.04 shall not apply to any such pledge or assignment of a security interest; provided that no such pledge or assignment of a security interest shall release a Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

(h) Notwithstanding anything to the contrary herein, the Security Deposit Facility LC Issuing Bank may, upon thirty (30) days' notice to the Issuer and the Lessee and the Administrative Agent, resign as Security Deposit Facility LC Issuing Bank; provided that on or prior to the expiration of such thirty (30)-day period with respect to such resignation, the Security Deposit Facility LC Issuing Bank shall have identified a successor Security Deposit Facility LC Issuing Bank that is an Eligible LC Issuer Bank willing to accept its appointment as successor Security Deposit Facility LC Issuing Bank, and the effectiveness of such resignation shall be conditioned upon such successor assuming the rights and duties of the Security Deposit Facility LC Issuing Bank. In the event of any such resignation as Security Deposit Facility LC Issuing Bank, the Lessee, on behalf of the Issuer, shall be entitled to appoint from among the Lenders agreeing to accept such appointment a successor Security Deposit Facility LC Issuing Bank hereunder; provided that no failure by the Lessee to appoint any such successor shall affect the resignation of the Security Deposit Facility LC Issuing Bank. If a Security Deposit Facility LC Issuing Bank resigns as Security Deposit Facility LC Issuing Bank, it shall retain all the rights and obligations of an LC Issuing Bank hereunder with respect to all Security Deposit LCs outstanding as of the effective date of such resignation and all Security Deposit LC Obligations with respect thereto (including the right to require the Lenders to make Loans or fund risk participations in Unreimbursed Amounts pursuant to Section 2.03(n)). Upon the appointment of a successor Security Deposit Facility LC Issuing Bank, (i) such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring Security Deposit Facility LC Issuing Bank and (ii) the successor Security Deposit Facility LC Issuing Bank shall issue letters of credit in substitution for the Letters of Credit, if any, outstanding at the time of such succession or make other arrangements satisfactory to the retiring Security Deposit Facility LC Issuing Bank to effectively assume the obligations of the retiring Security Deposit Facility LC Issuing Bank with respect to such Security Deposit LCs.

**Section 8.05 Survival; Entire Agreement.** All covenants, agreements, representations and warranties contained herein and in each Financing Document shall survive the execution and delivery of this Agreement and the making of any Senior Loans or Security Deposit LC Credit Extension and other extensions of credit hereunder, regardless of any investigation made at any time by or on behalf of any Lender and notwithstanding that the Administrative Agent or any Lender may have had notice or knowledge of any Default or Event of Default at the time of any Borrowing, and shall continue in full force and effect until the Credit Termination Date. This Agreement and the other Financing Documents embody the entire agreement and understanding between each Lender, the Administrative Agent, the Lessee and the Issuer and supersede all prior agreements and understandings relating to the subject matter hereof. The provisions of Section 2.12, Section 2.14, Section 2.17, and Section 8.03 and Article VII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the repayment of the Senior Loans, the expiration or termination of the Commitments, the cancellation of the Security Deposit LCs, the discharge of the Senior Deposit LC Obligations or the termination of this Agreement or any provision hereof or the resignation or removal of the Agents.

**Section 8.06 Counterparts; Electronic Execution of Financing Documents.** This Agreement may be executed in any number of counterparts, each of which shall be an original but all of which together shall constitute one instrument. Each counterpart may consist of a number of copies hereof, each signed by less than all, but together signed by all, of the parties hereto. Delivery of an executed counterpart of a

signature page to this Agreement by electronic transmission (i.e., a “pdf” or “tiff”), including email, shall be effective as delivery of a manually executed counterpart of this Agreement. The words “execution,” “signed,” “signature,” and words of like import in this Agreement and the other Financing Documents, including any Assignment and Assumption, shall be deemed to include electronic signatures or electronic records, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any Applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

Section 8.07 **Severability.** Any provision of this Agreement or any other Financing Document that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof and any such prohibition or unenforceability in any jurisdiction shall (to the full extent permitted by law) not invalidate or render unenforceable such provision in any other jurisdiction.

Section 8.08 **Right of Setoff.** If an Event of Default shall have occurred and be continuing, each Lender is hereby authorized at any time and from time to time, to the fullest extent permitted by law, to set off and apply any and all deposits (general or special, time or demand, provisional or final) at any time held, and any other obligations at any time owing, by such Lender to or for the credit or the account of the Lessee against any of and all the obligations of the Issuer and the Lessee now or hereafter existing under this Agreement or any other Senior Bank Financing Document to such Lender, irrespective of whether or not such Lender shall have made any demand under this Agreement or any other Senior Bank Financing Document and although such obligations may be contingent or unmaturing or are owed to a branch office of such Lender different from the branch office holding such deposit or obligated on such indebtedness. Each Lender agrees to promptly notify the Lessee and the Administrative Agent after any such application made by such Lender; provided that the failure to give such notice shall not affect the validity of such setoff and application. The rights of each Lender under this Section 8.08 are in addition to other rights and remedies (including other rights of setoff) which such Lender may have.

Section 8.09 **Governing Law; Jurisdiction; Etc..**

(a) **Governing Law.** This Agreement shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the law of the State of New York excluding choice-of-law principles of the law of such State that would require the application of the laws of a jurisdiction other than such State.

(b) **Submission to Jurisdiction.** The Lessee irrevocably and unconditionally agree that it will not commence any action, litigation or proceeding of any kind or description, whether in law or equity, whether in contract or in tort or otherwise, against the Administrative Agent, any Lender, or any Related Party of the foregoing in any way relating to this Agreement or any other Financing Document or the transactions relating hereto or thereto, in any forum other than the courts of the State of New York sitting in New York County, and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, and each of the parties hereto irrevocably and unconditionally submits to the jurisdiction of such courts and agrees that all claims in respect of any such action, litigation or proceeding may be heard and determined in such New York State court or, to the fullest extent permitted by Applicable Law, in such federal court. Each of the parties hereto agrees that a final judgment in any such action, litigation or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement or in any other Financing Document shall affect any right that the Administrative Agent or any Lender may otherwise have to bring any action or proceeding relating to this Agreement or any other Financing Document against the Lessee or its properties in the courts of any jurisdiction.

(c) Waiver of Venue. The Lessee irrevocably and unconditionally waives, to the fullest extent permitted by Applicable Law, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to this Agreement or any other Financing Document in any court referred to in Section 8.09(b). Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by Applicable Law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) **WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER FINANCING DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS AGREEMENT AND THE OTHER FINANCING DOCUMENTS BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.**

(e) Service of Process. Each party hereto consents to process being served by or on behalf of any Lender in any suit, action or proceeding arising out of or relating to this Agreement by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, return receipt requested, to its address specified in Section 8.01 or at such other address of which such Person shall then have been notified pursuant to said Section. To the extent that the Lessee has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether through service of notice, attachment prior to judgment, attachment in aid of execution, execution, sovereign immunity or otherwise) with respect to itself or its property, it hereby irrevocably waives such immunity, to the fullest extent permitted by law, in respect of its obligations under this Agreement and the other Financing Documents to which it is a party.

Section 8.10 **Headings**. Article and Section headings and the table of contents used herein are for convenience of reference only, are not part of this Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Agreement.

Except as expressly set forth in Section 8.04(a), the agreement of the Lenders to make the Senior Loans, the Security Deposit LC Credit Extensions and other extensions of credit to the Issuer or the Lessee, on the terms and conditions set forth in this Agreement, is solely for the benefit of the Issuer, the Agents, the Lessee and the Lenders, and no other Person (including any contractor, subcontractor, supplier, workman, carrier, warehouseman or materialman furnishing labor, supplies, goods or services to or for the benefit of the Project) shall have any rights under this Agreement or under any other Financing Document as against the Agents or any Lender or with respect to any extension of credit contemplated by this Agreement.

Section 8.12 **Reinstatement.** The obligations of the Issuer and the Lessee under this Agreement shall be automatically reinstated if and to the extent that for any reason any payment by or on behalf of the Issuer or the Lessee in respect of the Senior Obligations under this Agreement is rescinded or must be otherwise restored by any holder of any of such Senior Obligations, whether as a result of any proceedings in bankruptcy or reorganization or otherwise, and the Issuer or the Lessee, as applicable, agrees that it will indemnify each Secured Party under this Agreement on demand for all reasonable and documented costs and expenses (including reasonable fees of counsel) incurred by such Secured Party in connection with such rescission or restoration, including any such costs and expenses incurred in defending against any claim alleging that such payment constituted a preference, fraudulent transfer or similar payment under any Bankruptcy Law.

Section 8.13 **USA PATRIOT Act.** Each Lender hereby notifies the Issuer and the Lessee that pursuant to the requirements of the USA PATRIOT Act and the requirements of 31 C.F.R. §1010.230, it is required to obtain, verify and record information that identifies the Issuer and the Lessee, which information includes the name and address of the Issuer and the Lessee and other information that will allow such Lender to identify the Issuer and the Lessee in accordance with the USA PATRIOT Act and the requirements of 31 C.F.R. §1010.230.

Section 8.14 **Acknowledgment and Consent to Bail-In of Affected Financial Institutions.** Notwithstanding anything to the contrary in any Financing Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Affected Financial Institution arising under any Financing Document, to the extent such liability is unsecured, may be subject to the Write-Down and Conversion Powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder which may be payable to it by any party hereto that is an Affected Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable, (i) a reduction in full or in part or cancellation of any such liability, (ii) a conversion of all, or a portion of, such liability into shares or other instruments of ownership in such Affected Financial Institution, its parent entity, or a bridge institution that may be issued to it or otherwise conferred on it, and that such shares or other instruments of ownership will be accepted by it in lieu of any rights with respect to any such liability under this Agreement or any other Financing Document, or (iii) the variation of the terms of such liability in connection with the exercise of the Write-Down and Conversion Powers of any applicable Resolution Authority.

Section 8.15 **Acknowledgement Regarding Any Supported QFCs.** To the extent that the Financing Documents provide QFC Credit Support, the parties acknowledge and agree as follows with respect to the resolution power of the Federal Deposit Insurance Corporation under the Federal Deposit Insurance Act and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act (together with the regulations promulgated thereunder, the “U.S. Special Resolution Regimes”) in respect of such Supported QFC and QFC Credit Support (with the provisions below (including the defined terms used therein) applicable notwithstanding that the Financing Documents and any Supported QFC may in fact be stated to be governed by the laws of the State of New York or of the United States or any other state of the United States):

(a) In the event a Covered Entity that is party to a Supported QFC (each, a “Covered Party”) becomes subject to a proceeding under a U.S. Special Resolution Regime, the transfer of such Supported QFC and the benefit of such QFC Credit Support (and any interest and obligation in or under such Supported QFC and such QFC Credit Support, and any rights in property securing such Supported

QFC or such QFC Credit Support) from such Covered Party will be effective to the same extent as the transfer would be effective under the U.S. Special Resolution Regime if the Supported QFC and such QFC Credit Support (and any such interest, obligation and rights in property) were governed by the laws of the United States or a state of the United States. In the event a Covered Party or a BHC Act Affiliate of a Covered Party becomes subject to a proceeding under a U.S. Special Resolution Regime, Default Rights under the Financing Documents that might otherwise apply to such Supported QFC or any QFC Credit Support that may be exercised against such Covered Party are permitted to be exercised to no greater extent than such Default Rights could be exercised under the U.S. Special Resolution Regime if the Supported QFC and the Financing Documents were governed by the laws of the United States or a state of the United States.

Section 8.16 **Exculpation of Issuer; Issuer Payments.** In the exercise of the powers of the Issuer and its members, officers, employees or agents under this Agreement, and including without limitation the application of moneys, the investment of funds, or the assignment or other disposition of the funds in the Project Account in the case of an Event of Default by the Issuer, neither the Issuer nor any Issuer Indemnified Party shall be accountable, except for the Issuer in the case of acts or omissions of gross negligence or willful misconduct of such parties as determined by a court of competent jurisdiction in a final and non-appealable judgment, to the Lenders or the Lessee for any action taken or omitted by it or them in good faith and believed by it or them to be authorized or within the discretion or rights or powers conferred thereto. The Issuer and the Issuer Indemnified Parties shall be protected in acting upon any paper or document believed by it or them to be genuine, they may conclusively rely upon the advice of counsel and they may (but need not) require further evidence of any fact or matter before taking any action. Without limiting any obligation of the Lessee under the Financing Documents, the Issuer shall not (except in the case of acts or omissions of gross negligence or willful misconduct of the Issuer or any Issuer Indemnified Party as determined by a court of competent jurisdiction in a final and non-appealable judgment) be required to make any payment to any Lender or Governmental Authority hereunder or have any obligation with respect to any payment herein, other than as expressly contemplated, and subject to the limitations, in this Agreement. In no event will the officers, directors, employees, or agent of Issuer have any liability under this Agreement or any of the Financing Documents.

Section 8.17 **Issuer Not Responsible for Insurance, Taxes, or Application of Moneys Applied in Accordance with this Agreement.**

(a) The Issuer is not under any obligation to effect or maintain insurance or to renew any policies of insurance or to inquire as to the sufficiency of any policies of insurance carried by the Lessee, or to report, or make or file claims or proof of loss for, any loss or damage insured against or which may occur, or to keep itself informed or advised as to the payment of any taxes or assessments, or to require any such payment to be made. The Issuer shall have no responsibility in respect of the sufficiency of the security provided by the Senior Collateral Documents. The Issuer shall not be under any obligation to see that any duties herein imposed upon any party other than itself, or any covenants herein contained on the part of any party other than itself to be performed, shall be done or performed, and the Issuer shall not be under any liability for failure to see that any such duties or covenants are so done or performed.

(b) The immunities and exemptions from liability of the Issuer hereunder shall extend to its directors, members, attorneys, officers, employees and agents.

Section 8.18 **Issuer May Rely on Certificates.** The Issuer shall be protected and shall incur no liability in acting or proceeding, or in not acting or not proceeding, in good faith, in a reasonable manner and in accordance with the terms of this Agreement, upon any resolution, order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond or other paper or document which it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or Person or

Section 8.19 **Limitation of Issuer's Liability.**

(a) Anything in this Agreement, any other Financing Document, the TDC Loan Agreements or any Security Document to the contrary notwithstanding, any obligations of the Issuer for the payment of money under this Agreement, any other Financing Document, the TDC Loan Agreements, any Senior Collateral Document or related document are the special limited obligations of the Issuer secured and payable solely as provided in this Agreement and the other Senior Financing Documents and none of the State, the Port Authority, the JDA, ESD, or any other local development corporation, agency, or authority of the State (other than the Issuer) shall be liable thereon, nor shall any such amounts be payable out of any funds of the Issuer (other than in the case of any liability of the Issuer arising from the gross negligence or willful misconduct of the Issuer or any of its members, officers, employees or agents) other than those pledged therefor.

(c) The Issuer shall not be required under this Agreement, the Common Terms Agreement, the TDC Loan Agreements or any other Security Document to expend any of its funds (in each case other than with respect to any liability of the Issuer arising from the gross negligence or willful misconduct of the Issuer or any of its members, officers, employees or agents) other than (a) the proceeds of the Senior Term Loans, (b) the loan payments, revenues, receipts and proceeds of the Collateral pledged to the payment of the Senior Loans under the Security Documents, and (c) investment earnings, if any, on the amounts identified in paragraph (a) or (b) above, in each case to the extent received by the Issuer. In no event will the Issuer, or any of its officers, directors, employees, or agents, be liable or obligated for liabilities and obligations of the Lessee.

(d) Nothing in this Section 8.19 or elsewhere in this Agreement shall affect the Senior Secured Parties' recourse to the Collateral or against the Lessee.

Section 8.20 **Issuer Standing Instructions.** Anything in this Agreement to the contrary notwithstanding, the Issuer hereby instructs and authorizes the Lessee to take any and all actions on behalf of the Issuer under and in accordance with this Agreement in the name of and on behalf of the Issuer solely in its capacity as a "borrower" hereunder or thereunder and any and all other actions that the Lessee is entitled to perform in accordance with this Agreement and the other Senior Bank Financing Documents, in each case at the Lessee's discretion, subject to compliance with its obligations and other terms hereunder and the terms of each other Senior Bank Financing Agreement, including delivering Borrowing Requests and any and all documentation to satisfy the conditions precedent to the Lenders' obligations to make a Borrowing.

The Borrower shall pay or cause to be paid the Purchaser, any such Owner or the Credit Protection Provider, as the case may be, the amount shown as due on any such certificate within ten (10) Business Days after receipt thereof.

(d) *Delay in Requests.* Failure or delay on the part of the Purchaser, any such Owner or the Credit Protection Provider to demand compensation pursuant to the foregoing provisions of this Section shall not constitute a waiver of the Purchaser's, any such Owner's or the Credit Protection Provider's right to demand such compensation; *provided*, that the Borrower shall not be required to compensate the Purchaser, any such Owner or the Credit Protection Provider pursuant to this Section 4.06 for any increased costs or reductions incurred more than 180 days prior to the date that the Purchaser, any such Owner or the Credit Protection Provider, as applicable, notifies the Borrower of the Change in Law giving rise to such increased costs or reductions and of the Purchaser's, any such Owner's or the Credit Protection Provider's, as applicable, intention to claim compensation therefor (except that, if the Change in Law giving rise to such increased costs or reductions is retroactive, then the 180-day period referred to above shall be extended to include the period of retroactive effect thereof).

(e) *Survival.* Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the Borrower contained in this Section shall survive the termination of this Agreement and the payment in full of the Series 2022A Bonds and the other Obligations.

*Section 4.07. Taxes.*

(a) *Payments Free of Taxes.* Any and all payments to the Purchaser, the Owners and the Credit Protection Provider by or on account of any obligation of the Borrower hereunder or under the Series 2022A Bonds shall be made free and clear of and without reduction or withholding for any Indemnified Taxes; *provided, however,* that if the Borrower shall be required by Applicable Law to deduct any Indemnified Taxes from such payments, then (i) the sum payable shall be increased as necessary so that after making all required deductions (including deductions applicable to additional sums payable under this Section) the Purchaser or such Owner or the Credit Protection Provider receives an amount equal to the sum it would have received had no such deductions for Indemnified Taxes been made, and the Borrower shall timely pay the full amount deducted to the relevant Governmental Authority in accordance with Applicable Law.

(b) *Payment of Other Taxes.* Without limiting the provisions of paragraph (a) above, the Borrower shall timely pay any Other Taxes to the relevant Governmental Authority in accordance with Applicable Law.

(c) *Indemnification.* The Borrower shall indemnify the Purchaser, the Owners and the Credit Protection Provider, within ten (10) days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) paid by the Purchaser, such Owner or the Credit Protection Provider and any penalties, interest and reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate stating the amount of such payment or liability delivered to the Borrower by the Purchaser, such Owner or the Credit Protection Provider shall be conclusive absent manifest error.

(d) *Evidence of Payments.* As soon as practicable after any payment of Indemnified Taxes by the Borrower to a Governmental Authority, the Borrower shall deliver to the Purchaser, the Owners and the Credit Protection Provider, as applicable, the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Purchaser, such Owner or the Credit Protection Provider, as applicable.

(e) *Treatment of Certain Refunds.* If the Purchaser, any Owners or the Credit Protection Provider determines, in its sole discretion, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section (including additional amounts paid by the Borrower pursuant to this Section), it shall pay to the applicable indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made, or additional amounts paid, under this Section with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses of the Purchaser, such Owner or the Credit Protection Provider, as applicable, incurred in order to

obtain such refund, and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund); *provided, however*, that the applicable indemnifying party, upon the request of the Purchaser, such Owner or the Credit Protection Provider, as applicable, agrees to repay the amount paid over pursuant to this Section (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) to the Purchaser, such Owner or the Credit Protection Provider, as applicable, in the event the Purchaser, such Owner or the Credit Protection Provider, as applicable, is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (e), in no event will the Purchaser, such Owner or the Credit Protection Provider, as applicable, be required to pay any amount to an indemnifying party pursuant to this paragraph (e) the payment of which would place the Purchaser, such Owner or the Credit Protection Provider, as applicable, in a less favorable net after-Tax position than the Purchaser, such Owner or the Credit Protection Provider, as applicable, would have been in if the indemnification payments or additional amounts giving rise to such refund had never been paid. This paragraph shall not be construed to require the Purchaser, such Owner or the Credit Protection Provider, as applicable, to make available its tax returns (or any other information relating to its taxes which it deems confidential) to the Borrower or any other Person.

(f) *Status of Lenders.* (i) Any Owner that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Related Document shall deliver to the Borrower, at the time or times reasonably requested by the Borrower, such properly completed and executed documentation reasonably requested by the Borrower as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Owner, if reasonably requested by the Borrower, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrower as will enable the Borrower to determine whether or not such Owner is subject to backup withholding or information reporting requirements. Notwithstanding anything to the contrary in the preceding two sentences, the completion, execution and submission of such documentation (other than such documentation set forth in paragraph (f)(ii) of this Section) shall not be required if in the Owner's reasonable judgment such completion, execution or submission would subject such Owner to any material unreimbursed cost or expense or would materially prejudice the legal or commercial position of such Owner.

(ii) Without limiting the generality of the foregoing:

(A) any Owner that is a U.S. Person shall deliver to the Borrower on or about the date on which such Owner becomes an Owner under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower), executed copies of IRS Form W-9 certifying that such Owner is exempt from U.S. federal backup withholding tax;

(B) any Owner that is not a U.S. Person, to the extent it is legally entitled to do so, deliver to the Borrower (in such number of copies as shall be requested by the recipient) on or about the date on which such Owner becomes a Owner under this Agreement (and from time to time thereafter upon the reasonable request of the Borrower), executed copies of whichever IRS Form W-8 certifying that such Owner is exempt from U.S. federal backup withholding tax; and

(C) if a payment made to an Owner under any Related Document would be subject to U.S. federal withholding Tax imposed by FATCA if such Owner were to fail to comply with the applicable reporting requirements of FATCA (including those contained in Section 1471(b) or 1472(b) of the Code, as applicable), such Owner shall deliver to the Borrower at the time or times prescribed by law and at such time or times reasonably requested by the Borrower such documentation prescribed by Applicable Law (including as prescribed by Section 1471(b)(3)(C)(i) of the Code) and such additional documentation reasonably requested by the Borrower as may be necessary for the Borrower to comply with its obligations under FATCA and to determine that such Owner has complied with such Owner's obligations under FATCA or to determine the amount, if any, to deduct and withhold from such payment. Solely for purposes of this clause (C), "FATCA" shall include any amendments made to FATCA after the Closing Date.

Each Owner agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower in writing of its legal inability to do so.

(g) *Survival.* Without prejudice to the survival of any other agreement of the Borrower hereunder, the agreements and obligations of the Borrower contained in this Section shall survive the termination of this Agreement and the payment in full of the Series 2022A Bonds and the other Obligations.

*Section 4.08. Method and Application of Payments.* All payments by or on behalf of the Borrower to the Purchaser hereunder shall be fully earned when due and nonrefundable when paid and made in lawful currency of the United States of America and in immediately available funds. Any payment received by the Purchaser after 3:30 p.m., New York City time, on the date payment is due shall be deemed to have been received by the Purchaser on the next Business Day. If any payment hereunder is due on a day that is not a Business Day, then such payment shall be due on the next succeeding Business Day, and, in the case of the computation of the interest or fees hereunder, such extension of time shall, in such case, be included in the computation of the payment due hereunder. Payments received by the Purchaser shall be applied, first, to any fees, costs, charges or expenses payable by the Borrower under this Agreement; second, to past due interest; third, to current interest; and, fourth, to principal. All payments hereunder to the Purchaser shall be made by wire transfer of funds to the following account: U.S. Bank, ABA#

Account Name: (or to such other account as the Purchaser may specify in writing from time to time). Notwithstanding anything in this Section 4.08 to the contrary, so long as the Series 2022A Bonds are held in the Book-Entry System, all payments with respect to the principal of and interest on the Series 2022A Bonds and all notices with respect to such Series 2022A Bonds shall be made and given, respectively, to DTC as provided in the DTC Letter of Representation.

*Section 4.09. Maintenance of Accounts.* The Purchaser shall maintain in accordance with its usual practice an account or accounts evidencing the indebtedness of the Borrower and the amounts payable and paid from time to time hereunder. In any legal action or proceeding in respect of this Agreement, the entries made in such account or accounts shall be presumptive evidence of the existence and amounts of the obligations of the Borrower therein recorded. The failure to

record any such amount shall not, however, limit or otherwise affect the obligations of the Borrower hereunder to repay all amounts owed hereunder, together with all interest accrued thereon as provided herein.

*Section 4.10. Cure.* The Purchaser shall have the right, but not the obligation, to cure any Default, Event of Default or event of nonperformance. The Borrower agrees to pay or cause to be paid to the Purchaser on demand, any amounts advanced by or on behalf of the Purchaser, to the extent required to cure any Default, Event of Default or event of nonperformance under this Agreement or any Related Document, together with interest thereon at the Post-Default Rate.

*Section 4.11. Maximum Interest Rate.* (a) If the amount of interest payable for any period in accordance with the terms hereof or the Series 2022A Bonds exceeds the amount of interest that would be payable for such period had interest for such period been calculated at the Maximum Interest Rate, then interest for such period shall be payable in an amount calculated at the Maximum Interest Rate for such period.

(b) Any interest that would have been due and payable for any period but for the operation of subsection (a) above shall accrue and be payable as provided in this subsection (b) and shall, less interest actually paid to the Purchaser or any other Owner, as applicable, for such period, constitute the “*Excess Interest Amount.*” If there is any accrued and unpaid Excess Interest Amount as of any date then the principal amount with respect to which interest is payable shall bear interest at the Maximum Interest Rate, until payment to the Purchaser and each other Owner, as applicable, of the entire Excess Interest Amount.

(c) Notwithstanding the foregoing, on the date on which no principal amount hereunder remains unpaid, to the extent possible without violating Applicable Law, the Borrower shall pay or cause to be paid to the Purchaser and each other Owner, as applicable, a fee equal to any accrued and unpaid Excess Interest Amount.

*Section 4.12. Obligations Absolute.* The obligations of the Borrower under this Agreement shall be unconditional and irrevocable and shall be paid and performed strictly in accordance with the terms of this Agreement under all circumstances, including without limitation the following:

(a) any lack of validity or enforceability of this Agreement, the Series 2022A Bonds or any of the other Related Documents;

(b) any amendment or waiver of or any consent to departure from all or any of the Related Documents;

(c) the existence of any claim, set-off, defense or other right (other than a defense of payment in full of the Obligations) which the Borrower may have at any time against the Purchaser, any other Owner or any other person or entity, whether in connection with this Agreement, the other Related Documents, the transactions contemplated herein or therein or any unrelated transaction; or

(d) any other circumstance or happening whatsoever, whether or not similar to any of the foregoing.

*Section 4.13. Obligations.* The Borrower hereby acknowledges and agrees that the Obligations payable to the Purchaser hereunder are the obligations of the Borrower and are absolute and unconditional and shall not in any manner be affected or impaired by any acts or omissions whatsoever by the Purchaser. By the execution and delivery of this Agreement by the Borrower hereby expressly waives and surrenders any defense to its obligation with respect to the Obligations based upon any of the foregoing.

## ARTICLE V

### REPRESENTATIONS AND WARRANTIES

In order to induce the Purchaser to enter into this Agreement, the Borrower hereby makes the following representations and warranties to the Purchaser and each other Owner as of the Closing Date, each Scheduled Drawing Date, the date of any Deemed Drawing and each other date required under the Common Terms Agreement:

*Section 5.01. Incorporation by Reference.* The representations and warranties of the Borrower set forth in Article III of the Common Terms Agreement are hereby incorporated by reference in this Agreement as if set forth herein in their entirety.

*Section 5.02. Representations Ongoing; Incorporation by Reference.* The Borrower hereby makes to the Underwriter the same representations and warranties of the Borrower as are set forth in the TDC Loan Agreements and each other Senior Bank Financing Document to which the Borrower is a party, which representations and warranties, as well as the related defined terms contained therein, are hereby incorporated by reference for the benefit of the Underwriter with the same effect as if each and every such representation and warranty and defined term were set forth herein in its entirety. Any certificate signed by the Borrower and delivered to any of the Underwriter, the Purchaser, the Issuer or Bond Counsel shall be deemed a representation and warranty by the Borrower to the Underwriter, the Purchaser, the Issuer and Bond Counsel, as the case may be, as to the truth of the statements made by the Borrower therein.

*Section 5.03. Arm's Length Transaction .* The Borrower acknowledges and agrees that (i) the transaction contemplated by the Bond Purchase Agreement is an arm's length, commercial transaction among the Issuer, the Borrower and the Underwriter in which the Underwriter is acting solely as a principal and is not acting as a municipal advisor (within the meaning of Section 15B of the Securities Exchange Act of 1934, as amended), financial advisor or fiduciary to the Borrower, (ii) the Underwriter has not assumed any advisory or fiduciary responsibility to the Borrower with respect to the Bond Purchase Agreement, the sale of the Series 2022A Bonds and the discussions, undertakings and procedures leading thereto (irrespective of whether the Underwriter or any affiliate of the Underwriter has provided other services or is currently providing other services to the Borrower on other matters), (iii) the only contractual obligations the Underwriter has to the Borrower and the Issuer with respect to the transactions contemplated hereby are the contractual obligations set forth in the Bond Purchase Agreement, (iv) the

Underwriter has financial and other interests that differ from those of the Borrower and (v) the Borrower and the Underwriter have consulted with their own municipal, legal, accounting, tax, financial and other advisors, as applicable, to the extent they have deemed appropriate. Nothing in the foregoing paragraph is intended to limit the Underwriters' obligations of fair dealing under MSRB Rule G-17.

*Section 5.04. Tax-Exempt Status of Series 2022A Bonds.* The Borrower has not taken or failed to take any action which action or omission would adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Series 2022A Bonds or in any way cause the proceeds from the sale of the Series 2022A Bonds to be applied in a manner contrary to that provided for in the Indenture, the TDC Loan Agreements, the Collateral Agency and Accounts Agreement and the Tax Certificate related to the Series 2022A Bonds.

*Section 5.05. Sale of Series 2022A Bonds to Underwriter.* Neither the Borrower nor anyone authorized to act on its behalf, directly or indirectly, has offered the Series 2022A Bonds for sale to, or solicited any offer to buy the Series 2022A Bonds from, anyone other than the Underwriter in accordance with the terms hereof and of the other Financing Documents.

## ARTICLE VI

### COVENANTS OF THE BORROWER

The Borrower covenants and agrees that it will do the following, until the full and final payment and satisfaction of the principal of and interest on the Series 2022A Bonds and all other Obligations, except in any instance in which the Required Bank Finance Parties specially agree in writing to any nonperformance or noncompliance:

*Section 6.01. Terms in Common Terms Agreement.* The Borrower agrees that it will perform and comply with each and every covenant and agreement of the Borrower set forth in Article V and Article VI of the Common Terms Agreement, which provisions, as well as the related defined terms contained therein, are hereby incorporated by reference herein with the same effect as if each and every such provision were set forth herein in its entirety, all of which shall be deemed to be made for the benefit of the Purchaser and, subject to the Common Terms Agreement and the Intercreditor Agreement, shall be enforceable against the Borrower.

*Section 6.02. Reporting.* In addition to the items to be delivered pursuant to Section 5.16 of the Common Terms Agreement, the Borrower shall deliver to the Purchaser:

(a) *Trustee Notices.* As soon as available, all notices, certificates, instruments, letters and written commitments in connection with the Series 2022A Bonds provided to the Trustee other than those notices, certificates, instruments, letters and written commitments that relate solely to the routine issuance and payment of the Series 2022A Bonds;

(b) *Notices Relating to the Trustee.* As promptly as practicable, (i) written notice of any resignation of the Trustee immediately upon receiving notice of the same and (ii) in any event not less than thirty (30) days prior to the appointment of a successor or replacement Trustee, written

notice of the Person to be appointed as successor or replacement Trustee, together with the notice address for such Person; and

(c) *Taxability.* (i) Within five (5) Business Days after (1) a Determination of Taxability with respect to the Series 2022A Bonds, (2) determination by the Borrower that a Determination of Taxability has occurred with respect to the Series 2022A Bonds, or (3) receipt by the Borrower of any other material event or notice affecting the tax-exempt status of the Series 2022A Bonds, the Borrower will furnish or cause to be furnished to the Purchaser written notice thereof and a certificate signed by an Authorized Lessee Representative specifying in reasonable detail the nature and period of existence.

(ii) Promptly upon receipt of a Notice of Proposed Adverse Determination or a Notice of Proposed Issue, and in any event within five (5) Business Days of such receipt, the Borrower will furnish or cause to be furnished to the Purchaser written notice of such Notice of Proposed Adverse Determination or Notice of Proposed Issue.

(iii) The Borrower will furnish the information referred to in this paragraph (c), at its option, either (A) by delivery directly to the Purchaser or (B) by publication on EMMA (at any time it has other bonds outstanding subject to a continuing disclosure undertaking pursuant to Rule 15c2-12 promulgated under the Securities Exchange Act of 1934, as amended, using the CUSIP numbers for such bonds); and *provided, further*, to the extent such information shall be provided through publication on EMMA, such information shall be in a format consistent with the most recent continuing disclosure undertaking of the Borrower, if any.

*Section 6.03. Incorporation by Reference; Other Agreements.* The Borrower shall perform and comply with, abide by, and be restricted by each and every agreement, covenant, obligation and undertaking applicable to it and contained in the Collateral Agency and Accounts Agreement, the TDC Loan Agreements and the Common Terms Agreement, subject in each case to the cure periods, materiality standards and exceptions set forth therein. Each covenant, agreement, obligation and undertaking of the Borrower set forth in the Collateral Agency and Accounts Agreement, the TDC Loan Agreements and the Common Terms Agreement, as well as related defined terms, exhibits, schedules, annexes and ancillary provisions contained or incorporated by reference therein (collectively, the “*Incorporated Provisions*”), are hereby incorporated by reference herein, *mutatis mutandis*, with the same effect as if each and every such Incorporated Provision were set forth in this Agreement in its entirety for the benefit of the Purchaser and shall be enforceable by the Purchaser against the Borrower. All such Incorporated Provisions shall be in addition to the express covenants contained herein and shall not be limited by the express covenants contained herein, nor shall such Incorporated Provisions be a limitation on the express covenants contained herein.

*Section 6.04. [Reserved].*

*Section 6.05. Notice of Redemption.* The Borrower shall provide the Purchaser with a copy of any notice of redemption provided to the Trustee under the terms of the Indenture with respect to any redemption of the Series 2022A Bonds.

*Section 6.06. Disclosure to Participant.* The Borrower (a) shall permit the Purchaser to disclose the Related Documents (to the extent not readily available on EMMA) and the financial information received by it pursuant to this Agreement to each actual or prospective Participant of the Purchaser and each other permitted transferee (each, a “*Transferee*”), and (b) hereby consents to, ratifies and approves of any disclosure by the Purchaser of the Related Documents (to the extent not readily available on EMMA) and of any financial information received by it to the Underwriter and to any actual or prospective Participant or Transferee; *provided* that the Underwriter or actual or prospective Participant or Transferee shall have agreed to customary confidentiality undertakings with respect to such information.

*Section 6.07. Use of Purchaser’s Name.* Except as may be required by law (including, but not limited to, federal and state securities laws), the Borrower shall not use the Purchaser’s or Underwriter’s name in any published materials (other than the Borrower’s staff reports, annual statements, audited financial statements, rating agency presentations, or disclosure materials in connection with any other Secured Obligations of the Borrower) without the prior written consent of the Purchaser or the Underwriter, as applicable.

*Section 6.08. Exempt Status.* The Borrower shall not take any action or omit to take any action that, if taken or omitted, would adversely affect the excludability of interest on the Series 2022A Bonds from the gross income of the Owners thereof for purposes of federal income taxation under the Code.

*Section 6.09. Filing of Agreement.* In the event the Borrower delivers or permits, authorizes or consents to the delivery of this Agreement to any Person for delivery to the Municipal Securities Rulemaking Board, prior to such delivery the Borrower agrees that it shall redact such information contained herein as may be requested by the Purchaser and which is consistent with MSRB Notice 2011-17 (February 23, 2011). Only such copy of this Agreement reflecting such redacted material shall be delivered to the Municipal Securities Rulemaking Board.

*Section 6.10. Calculation Agent.* The Borrower shall not remove, or seek to remove, the Calculation Agent. The Borrower shall at all times maintain a Calculation Agent pursuant to the terms of the Indenture that is acceptable to the Purchaser; *provided* that the parties agree that the Trustee is an acceptable Calculation Agent.

## ARTICLE VII

### EVENTS OF DEFAULT

*Section 7.01. Events of Default.* The occurrence of any of the following events (whatever the reason for such event and whether voluntary, involuntary, or effected by operation of Law) shall be an “Event of Default” hereunder:

- (a) the Borrower shall default in the due performance or observance of any of the covenants set forth in any of the following Sections: 6.02(c), 6.05, 6.07, 6.08, 6.09 or 6.10 hereof; or

(b) any “Event of Default” under Section 7.01 of the Common Terms Agreement shall have occurred and is continuing and any applicable cure periods have expired.

*Section 7.02. Consequences of an Event of Default.* If an Event of Default specified in Section 7.01 shall occur and be continuing, the Required Bank Finance Parties may take one or more of the following actions at any time and from time to time (regardless of whether the actions are taken at the same or different times):

(a) subject to the terms of Section 7.01 of the Common Terms Agreement and the Intercreditor Agreement, direct the Administrative Agent to take any action permitted to be taken under the Common Terms Agreement;

(b) subject to the terms of Section 7.01 of the Common Terms Agreement and the Intercreditor Agreement, terminate the Commitment of the Purchaser and the Underwriter and any obligation of the Purchaser and/or the Underwriter with respect to any future Drawings; or

(c) subject to the terms of Section 7.01 of the Common Terms Agreement and the Intercreditor Agreement, exercise, or cause to be exercised, any and all remedies as it may have under the Related Documents and as otherwise available at law and at equity.

*Section 7.03. Remedies Cumulative; Solely for the Benefit of Purchaser.* To the extent permitted by, and subject to the mandatory requirements of, applicable Law, and subject to the terms of the Common Terms Agreement and the Intercreditor Agreement, each and every right, power and remedy herein specifically given to the Purchaser in the Related Documents shall be cumulative, concurrent and nonexclusive and shall be in addition to every other right, power and remedy herein specifically given or now or hereafter existing at law, in equity or by statute, and each and every right, power and remedy (whether specifically herein given or otherwise existing) may be exercised from time to time and as often and in such order as may be deemed expedient by the Purchaser, and the exercise or the beginning of the exercise of any power or remedy shall not be construed to be a waiver of the right to exercise at the same time or thereafter any other right, power or remedy.

The rights and remedies of the Purchaser specified herein are for the sole and exclusive benefit, use and protection of the Purchaser, and subject to the terms of the Common Terms Agreement and the Intercreditor Agreement, the Purchaser is entitled, but shall have no duty or obligation to the Borrower, the Trustee or any other Person or otherwise, to exercise or to refrain from exercising any right or remedy reserved to the Purchaser hereunder or under any of the other Related Documents.

*Section 7.04. Waivers or Omissions.* No delay or omission by the Purchaser in the exercise of any right, remedy or power or in the pursuit of any remedy shall impair any such right remedy or power or be construed to be a waiver of any default on the part of the Purchaser or to be acquiescence therein. No express or implied waiver by the Purchaser of any Event of Default shall in any way be a waiver of any future or subsequent Event of Default.

*Section 7.05. Discontinuance of Proceedings.* Subject to the terms of the Common Terms Agreement, in case the Purchaser shall proceed to invoke any right, remedy or recourse permitted hereunder or under the Related Documents and shall thereafter elect to discontinue or abandon the same for any reason, the Purchaser shall have the unqualified right so to do and, in such event, the Borrower and the Purchaser shall be restored to their former positions with respect to the Obligations, the Related Documents and otherwise, and the rights, remedies, recourse and powers of the Purchaser hereunder shall continue as if the same had never been invoked.

## **ARTICLE VIII**

### **INDEMNIFICATION**

*Section 8.01. Indemnification.* The Borrower shall perform and comply with the provisions of Section 10.03(b) of the Common Terms Agreement, which provisions, as well as the related defined terms contained therein, are hereby incorporated by reference herein with the same effect as if each and every such provision were set forth herein in its entirety, all of which shall be deemed to be made for the benefit of the Purchaser and the Underwriter and each Related Party and, subject to the Common Terms Agreement, shall be enforceable against the Borrower.

*Section 8.02. Survival.* The obligations of the Borrower under this Article VIII shall survive the payment of the Series 2022A Bonds and the termination of this Agreement.

## **ARTICLE IX**

### **MISCELLANEOUS**

*Section 9.01. Patriot Act Notice.* The Purchaser hereby notifies the Borrower that pursuant to the requirements of the Patriot Act it is required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow the Purchaser to identify the Borrower in accordance with the Patriot Act. The Borrower hereby agrees that it shall promptly provide such information upon request by the Purchaser.

*Section 9.02. Further Assurances.* From time to time upon the request of either party hereto, the other shall promptly and duly execute, acknowledge and deliver any and all such further instruments and documents as the requesting party may in its reasonable discretion deem necessary or desirable to confirm this Agreement, and the other Related Documents, to carry out the purpose and intent hereof and thereof or to enable the requesting party to enforce any of its rights hereunder or thereunder. At any time, and from time to time, upon request by the Purchaser, the Borrower will, at the Borrower's expense, correct any defect, error or omission which may be discovered in the form or content of this Agreement. Upon any failure by the Borrower to do so, the Purchaser may make, execute and record any and all such instruments, certificates and other documents for and in the name of the Borrower, all at the sole expense of the Borrower, and the Borrower hereby appoints the Purchaser the agent and attorney-in-fact of the Borrower to do so, this appointment being coupled with an interest and being irrevocable. In addition, at any time, and from time to

time, upon request by the Purchaser, the Borrower will, at the Borrower's expense, provide any and all further instruments, certificates and other documents as may, in the opinion of the Purchaser, be necessary or desirable in order to verify the Borrower's identity and background in a manner satisfactory to the Purchaser.

*Section 9.03. Amendments and Waivers; Enforcement.* Subject to the terms and provisions of Section 10.02 of the Common Terms Agreement, the Purchaser, the Underwriter and the Borrower may from time to time enter into agreements amending, modifying or supplementing this Agreement or the other Related Documents or changing the rights of the Purchaser or the Borrower hereunder or thereunder, and the Purchaser may from time to time grant waivers or consents to a departure from the due performance of the obligations of the Borrower hereunder or thereunder. Any such agreement, waiver or consent must be in writing and shall be effective only to the extent specifically set forth in such writing. Subject to the terms and provisions of Section 10.02 of the Common Terms Agreement, in the case of any such waiver or consent relating to any provision hereof, any Default or Event of Default so waived or consented to shall be deemed to be cured and not continuing, but no such waiver or consent shall extend to any other or subsequent Default or Event of Default or impair any right consequent thereto.

*Section 9.04. No Implied Waiver; Cumulative Remedies.* No course of dealing and no delay or failure of the Purchaser in exercising any right, power or privilege under this Agreement or the other Related Documents shall affect any other or future exercise thereof or exercise of any right, power or privilege; nor shall any single or partial exercise of any such right, power or privilege or any abandonment or discontinuance of steps to enforce such a right, power or privilege preclude any further exercise thereof or of any other right, power or privilege. The rights and remedies of the Purchaser under this Agreement are cumulative and not exclusive of any rights or remedies which the Purchaser would otherwise have under any Related Document, at law or in equity.

*Section 9.05. Notices.* Any notice or other communication to be given to the Issuer, the Borrower, the Trustee or the Purchaser under this Agreement may be given in the manner set forth in Section 10.01 of the Common Terms Agreement.

*Section 9.06. Right of Setoff.* Upon the occurrence of an Event of Default, each Owner and the Credit Protection Provider shall have the rights of a Bank Finance Party under the provisions of Section 10.08 of the Common Terms Agreement, which provisions, as well as the related defined terms contained therein, are hereby incorporated by reference herein with the same effect as if each and every such provision were set forth herein in its entirety, all of which shall be deemed to be made for the benefit of the Purchaser.

*Section 9.07. No Third-Party Rights.* Nothing in this Agreement, whether express or implied, shall be construed to give to any Person other than the parties hereto and the Owners any legal or equitable right, remedy or claim under or in respect of this Agreement, which is intended for the sole and exclusive benefit of the parties hereto.

*Section 9.08. Severability.* The provisions of this Agreement are intended to be severable. If any provision of this Agreement shall be held invalid or unenforceable in whole or in part in any

jurisdiction, such provision shall, as to such jurisdiction, be ineffective to the extent of such invalidity or unenforceability without in any manner affecting the validity or enforceability thereof in any other jurisdiction or the remaining provisions hereof in any jurisdiction.

*Section 9.09. Governing Law; Jurisdiction; Etc.* (a) *Governing Law.* This Agreement shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the law of the State of New York excluding choice-of-law principles of the law of such State that would require the application of the laws of a jurisdiction other than such State.

(b) *Submission to Jurisdiction.* The Borrower irrevocably and unconditionally agrees that it will not commence any action, litigation or proceeding of any kind or description, whether in law or equity, whether in contract or in tort or otherwise, against the Purchaser or any Related Party thereof in any way relating to this Agreement or any other Related Document or the transactions relating hereto or thereto, in any forum other than the courts of the State of New York sitting in New York County, and of the United States District Court of the Southern District of New York, and any appellate court from any thereof, and each of the parties hereto irrevocably and unconditionally submits to the jurisdiction of such courts and agrees that all claims in respect of any such action, litigation or proceeding may be heard and determined in such New York State court or, to the fullest extent permitted by Applicable Law, in such federal court. Each of the parties hereto agrees that a final judgment in any such action, litigation or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Agreement or in any other Related Document shall affect any right that the Purchaser may otherwise have to bring any action or proceeding relating to this Agreement or any other Related Document against the Borrower or its properties in the courts of any jurisdiction.

(c) *Waiver of Venue.* The Borrower irrevocably and unconditionally waives, to the fullest extent permitted by Applicable Law, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to this Agreement or any other Related Document in any court referred to in Section 9.09(b) hereof. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by Applicable Law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

**(d) WAIVER OF JURY TRIAL. EACH PARTY HERETO HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY LEGAL PROCEEDING DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OTHER RELATED DOCUMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY). EACH PARTY HERETO (A) CERTIFIES THAT NO REPRESENTATIVE, AGENT OR ATTORNEY OF ANY OTHER PERSON HAS REPRESENTED, EXPRESSLY OR OTHERWISE, THAT SUCH OTHER PERSON WOULD NOT, IN THE EVENT OF LITIGATION, SEEK TO ENFORCE THE FOREGOING WAIVER AND (B) ACKNOWLEDGES THAT IT AND THE OTHER PARTIES HERETO HAVE BEEN INDUCED TO ENTER INTO THIS**

**AGREEMENT AND THE OTHER RELATED DOCUMENTS BY, AMONG OTHER THINGS, THE MUTUAL WAIVERS AND CERTIFICATIONS IN THIS SECTION.**

(e) *Service of Process.* Each party hereto consents to process being served by or on behalf of the Purchaser in any suit, action or proceeding arising out of or relating to this Agreement by mailing a copy thereof by registered or certified mail (or any substantially similar form of mail), postage prepaid, return receipt requested, to its address specified in Section 9.05 hereof or at such other address of which such Person shall then have been notified pursuant to said Section. Each party hereto agrees that such service upon receipt (i) shall be deemed in every respect effective service of process upon it in any such suit, action or proceeding and (ii) shall, to the fullest extent permitted by Applicable Law, be taken and held to be valid personal service upon and personal delivery to it. Notices hereunder shall be conclusively presumed received as evidenced by a delivery receipt furnished by the United States Postal Service or any reputable commercial delivery service. Nothing in this Section 9.09 shall affect the right of the Purchaser to serve process in any manner permitted by law.

(f) *Waiver of Immunity.* To the extent that the Borrower has or hereafter may acquire any immunity from jurisdiction of any court or from any legal process (whether through service of notice, attachment prior to judgment, attachment in aid of execution, execution, sovereign immunity or otherwise) with respect to itself or its property, it hereby irrevocably waives such immunity, to the fullest extent permitted by law, in respect of its obligations under this Agreement and the other Related Documents to which it is a party.

*Section 9.10. Prior Understandings.* This Agreement and the other Related Documents supersede all other prior understandings and agreements, whether written or oral, among the parties hereto relating to the transactions provided for herein and therein.

*Section 9.11. Duration.* All representations and warranties of the Borrower contained herein or made in connection herewith shall survive the making of and shall not be waived by the execution and delivery of this Agreement or the other Related Documents. All covenants and agreements of the Borrower contained herein shall continue in full force and effect from and after the Closing Date until the Obligations (other than contingent indemnification and expense reimbursement obligations for which no claim has been made) have been fully discharged.

*Section 9.12. Counterparts.* This Agreement may be executed in any number of counterparts and by the different parties hereto on separate counterparts each of which, when so executed, shall be deemed an original, but all such counterparts shall constitute but one and the same instrument.

*Section 9.13. Successors and Assigns.*

(a) *Generally.* This Agreement is a continuing obligation and shall be binding upon the Borrower, its respective successors, transferees and assigns and shall inure to the benefit of the Purchaser and each Transferee and their respective permitted successors, transferees and assigns. None of the Borrower may assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Purchaser. The Purchaser and each Transferee may, in its

sole discretion and in accordance with Applicable Law, from time to time assign, sell or transfer in whole or in part, this Agreement, its interest in the Series 2022A Bonds and the other Related Documents in accordance with the provisions of subsections (c) or (d) below. The Purchaser and each Transferee may at any time and from time to time pledge or assign a certain security interest in accordance with the provisions of subsection (e) below and enter into participation agreements in accordance with the provisions of subsection (f) below.

(b) *Designation of Purchaser.* (i) [REDACTED] shall be the Purchaser hereunder until such time as the Majority Bondholder [REDACTED] in consent of the Borrower (such consent not to be unreasonably withheld or delayed), designates an alternate Person to serve as the Purchaser hereunder by delivery of written notice to the Trustee and such Person accepts and agrees to act as the Purchaser hereunder and under the Related Documents. The Majority Bondholder, with the prior written consent of the Borrower (such consent not to be unreasonably withheld or delayed), may so designate an alternate Person to act as the Purchaser from time to time. Upon acceptance and notification thereof to the Borrower and the Trustee, the successor to the Purchaser for such purposes shall thereupon succeed to and become vested with all of the rights, powers, privileges and responsibilities of the Purchaser, and [REDACTED] or any other Person being replaced as the Purchaser shall be discharged from [REDACTED] obligations as the Purchaser hereunder, *provided* that the predecessor Purchaser will continue to be entitled to the benefits of Article IV and Article VIII hereof and of each other provision of any other Related Document granting a right of indemnity or reimbursement in favor of the Purchaser. Anything in this Section 9.13(b)(i) to the contrary notwithstanding, upon the occurrence and during the continuance of any Event of Default, the Borrower shall have no consent rights under this Section 9.13(b) so long as the action taken by the Majority Bondholder hereunder is otherwise in accordance with the terms and conditions set forth herein.

(ii) The Purchaser may designate any nominee, designee or agent to act for and in the name of the Purchaser by written notice to the Borrower, and any such duly designated nominee, designee or agent will thereupon be empowered to act for and on behalf of the Purchaser and exercise the rights, powers, privileges and responsibilities of the Purchaser in each of the Related Documents.

(c) *Transfer to Trust or Affiliates.* The Purchaser has the right at any time on or after the Closing Date to transfer the Series 2022A Bonds or any portion thereof or interest therein to any Trust or any Affiliate without the need for the consent of the Borrower or any other party; *provided, however,* that no such sale or transfer referred to in this clause (c) shall in any way affect the obligation, if any, of the Purchaser to purchase Series 2022A Bonds hereunder.

(d) *Transfer to QIBs.* Each Owner of Series 2022A Bonds, including any Trust or Custodial Trustee on its behalf, may at any time sell or otherwise transfer, without the need for consent of the Borrower or any other party, all or any portion of or interest in such Series 2022A Bonds to a “qualified institutional buyer” as defined in Rule 144A promulgated under the Securities Act; *provided, however,* that no such sale or transfer referred to in this clause (d) shall in any way affect the obligation, if any, of the Purchaser to purchase Series 2022A Bonds hereunder.

(e) *Certain Pledges.* The Purchaser may at any time pledge or grant a security interest in all of its rights under this Agreement, the Series 2022A Bonds and the other Related Documents to secure obligations of the Purchaser, including any pledge or assignment to secure obligations to a Federal Reserve Bank, or the United States Treasury or to any state or local governmental entity or with respect to public deposits; *provided, however*, that no such pledge or assignment shall release the Purchaser from any of its obligations hereunder or substitute any such pledgee or assignee for the Purchaser as a party hereto.

(f) *Participations.* The Purchaser shall have the right to grant participations in all of the Purchaser's interest in this Agreement, the Series 2022A Bonds and the other Related Documents to a single Participant, and such Participant shall, except as set forth in the clause (ii) of this subsection, be entitled to the benefits of the this Agreement and the Related Documents to the same extent as if they were a direct party to this Agreement; *provided, however*, that (i) no such participation by any such Participant shall in any way affect the obligations of the Purchaser hereunder and (ii) the Issuer, the Trustee and the Borrower shall be required to deal only with the Purchaser with respect to any matters under this Agreement and the Related Documents and no such Participant shall be entitled to enforce against the Borrower any provision hereunder.

*Section 9.14. Headings.* Section headings in this Agreement are included herein for convenience of reference only and shall not constitute a part of this Agreement for any other purpose.

*Section 9.15. No Fiduciary Relationship.* The Borrower acknowledges and agrees that in connection with all aspects of the transactions contemplated by this Agreement and the Related Documents (including in connection with any amendment, waiver or other modification of this Agreement or of any Related Document): (a)(i) any arranging, structuring and other services regarding this Agreement and the Related Documents provided by the Purchaser, the Underwriter or any of their respective Affiliates are arm's length commercial transactions between the Borrower on the one hand, and the Purchaser, the Underwriter and any of their respective Affiliates on the other hand, (ii) the Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent it has deemed appropriate, and (iii) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated by this Agreement and the Related Documents; (b)(i) the Purchaser, the Underwriter and each of their respective Affiliates is and has been acting solely as a principal and has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower or any other Person and (ii) none of the Purchaser, the Underwriter nor any of their respective Affiliates has any obligation to the Borrower with respect to the transactions contemplated by this Agreement and the Related Documents, except those obligations expressly set forth herein; and (c) the Purchaser, the Underwriter and each of their respective Affiliates may be engaged in a broad range of transactions that involve interests that differ from those of the Borrower, and none of the Purchaser, the Underwriter nor any of their respective Affiliates has any obligation to disclose any of such interests to the Borrower. To the fullest extent permitted by Applicable Laws, the Borrower hereby waives and releases any claims that it may have against the Purchaser, the Underwriter and each of their respective Affiliates with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of the transactions contemplated by this Agreement and the Related Documents.

*Section 9.16. Electronic Signatures.* The parties agree that the Electronic Signature of a party to this Agreement shall be as valid as an original signature of such party and shall be effective to bind such party to this Agreement. The parties agree that any electronically signed document (including this Agreement) shall be deemed (a) to be “written” or “in writing,” (b) to have been signed and (c) to constitute a record established and maintained in the ordinary course of business and an original written record when printed from electronic files. Such paper copies or “printouts,” if introduced as evidence in any judicial, arbitral, mediation or administrative proceeding, will be admissible as between the parties to the same extent and under the same conditions as other original business records created and maintained in documentary form. Neither party shall contest the admissibility of true and accurate copies of electronically signed documents on the basis of the best evidence rule or as not satisfying the business records exception to the hearsay rule. This Agreement may be in the form of an Electronic Record and may be executed using Electronic Signatures, including, without limitation, facsimile and/or .pdf. Each party hereto agrees that any Electronic Signature (including, without limitation, facsimile or .pdf) on this Agreement shall be valid and binding on the other counterparties, and have the same force and effect, to the same extent as a manual, original signature. For the avoidance of doubt, the authorization under this paragraph may include, without limitation, use or acceptance by the Purchaser of a manually signed paper counterpart which has been converted into electronic form (such as scanned into PDF format), or an electronically signed counterpart converted into another format, for transmission, delivery and/or retention. The Purchaser may, at their option, create one or more copies of this Agreement in the form of an imaged Electronic Record (“*Electronic Copy*”), which shall be deemed created in the ordinary course of the Purchaser’s business, and destroy the original paper document. This Agreement in the form of an Electronic Record, including an Electronic Copy, shall be considered an original for all purposes, and shall have the same legal effect, validity and enforceability as a paper record. Notwithstanding anything contained herein to the contrary, (a) the Purchaser shall be entitled to rely on any such Electronic Signature without further verification and (b) upon the request of the Purchaser any Electronic Signature shall be promptly followed by a manually executed, original counterpart. For purposes hereof, “*Electronic Record*” and “*Electronic Signature*” shall have the meanings assigned to them, respectively, by 15 USC §7006, as it may be amended from time to time.

*Section 9.17. EMMA Postings.* The Borrower agrees that it shall not post this Agreement or the Bond Purchase Agreement or any amendment hereto or thereto on EMMA or any other website or attach the same to any offering or disclosure document until the Purchaser or its counsel has provided redacted versions of this Agreement, the Bond Purchase Agreement or such amendment, as applicable.

### SUMMARY OF CERTAIN PROVISIONS OF THE D&C CONTRACT

*The following is a summary of selected provisions of the D&C Contract and is not a full statement of the terms of such agreement. Accordingly, the following summary is qualified in its entirety by reference to such agreement and is subject to the full text of such agreement. Unless otherwise stated, any reference in this Official Statement to the D&C Contract shall mean such agreement and all schedules, exhibits and attachments thereto, as amended, supplemented or otherwise modified and in effect as of the date hereof. Capitalized terms used in this Appendix G but not otherwise defined in this Official Statement have the meanings given to such terms in the Exhibit A to this Appendix G.*

#### 1. OVERARCHING REQUIREMENTS.

##### a. **Back-to-Back Obligations** (Section 2.6.2 of the D&C Contract)

The Borrower and the D&C Contractor agree in the D&C Contract that the obligations and liabilities imposed on the D&C Contractor under the D&C Contract, subject to the terms and conditions set forth therein (including, without limitation, such terms and conditions that explicitly impose an obligation on the Borrower and the limitation of the D&C Contractor's liability (see "– Consequential Damages; Limitations on Liability" in this Appendix G)), are "back-to-back" with the obligations and liabilities imposed on the Borrower in the Lease Agreement to the extent applicable to the DB D&C Work. The D&C Contractor acknowledges and agrees in the D&C Contract that it is familiar with and also will comply with all other obligations and liabilities imposed by the Port Authority under the Lease Agreement that are applicable to the D&C Contractor due to its status as the Lead Contractor, the D&C Contractor, a contractor and a party to a Key Contract.

##### b. **Term** (Section 2.1.8 of the D&C Contract)

The term of the D&C Contract commenced on the date the D&C Contractor first performed any portion of the DB D&C Work on the Project under the Field Services Agreement and will continue until all of the D&C Contractor's and the Borrower's respective obligations under the D&C Contract have been fully discharged, unless earlier terminated in accordance with the termination provisions of the D&C Contract and/or the Lease Agreement.

#### 2. DESIGN AND CONSTRUCTION OF THE PROJECT

##### a. **Scope of Work** (Article 2 of the D&C Contract)

The D&C Contractor is responsible for performing the DB D&C Work.

##### b. **Governmental Approvals** (Sections 2.8 and 5.8 of the D&C Contract)

Unless otherwise noted in the permit matrix agreed to by the Borrower and the D&C Contractor, the D&C Contractor shall be solely responsible for securing, obtaining and maintaining all Governmental Approvals required in connection with the performance of the DB D&C Work in accordance with the D&C Contract and shall perform all of the Borrower's obligations under and expressly comply with the Lease Agreement to the extent those obligations apply to the DB D&C Work.

The D&C Contractor shall, prior to the submission of any materials pertaining to a Governmental Approval to the Port Authority, obtain prior written approval of such materials from the Borrower or the Borrower's Representative (which approval or rejection shall not be unreasonably withheld or delayed). The D&C Contractor shall allocate reasonable time for the Borrower and the Borrower's Representative to review, comment on, and approve all of the D&C Contractor's proposed submissions to the Port Authority. Notwithstanding the foregoing, the D&C Contractor shall not engage in any communications with the Port Authority without (i) prior approval of the Borrower and the Borrower's Representative in each instance, (ii) copying the Borrower and the Borrower's Representative on all written communications, and (iii) inviting the Borrower and/or the Borrower's Representative to any meetings between the D&C Contractor and the Port Authority; provided that the Borrower acts reasonably and without unreasonable delay in providing any approval and/or participating in meetings and communications.

The D&C Contractor is responsible for obtaining all Permits for which it is responsible, including expediting where appropriate by the D&C Contractor, except for those Permits agreed to be obtained by the Borrower and as otherwise noted in the Permit Matrix. The D&C Contractor is responsible for obtaining any and all after hours Permits.

*c. **Other Redevelopments** (Sections 2.6 and 5.4 of the D&C Contract)*

The D&C Contractor has included the known costs of compliance with the Construction Coordination Agreement in the GMP. The D&C Contractor acknowledges that the Borrower has entered or will enter into certain agreements (of which the D&C Contractor may be a party to) with certain stakeholders at the Project and at the Airport ("Interface Agreements"). The D&C Contractor shall comply with the terms and requirements of all Interface Agreements to the extent they are incorporated into the D&C Contract (either at execution or by Change thereafter) and apply to the DB D&C Work and to the D&C Contractor's obligations under the D&C Contract and to cause its Subcontractors to do the same. The D&C Contractor acknowledges and agrees that any required coordination work in connection with, required by, or related to the Interface Agreements shall not constitute a Change to the extent that the work is coordination and does not require additional work either due to a change to a DB D&C Work element previously purchased or installed.

The D&C Contractor shall not cause any unnecessary hindrance or delay to the progress of the work being performed by separate contractors of the Port Authority or developers of Other Redevelopments (collectively "JFK Separate Contractors"). If any JFK Separate Contractor sustains any damage through any act or omission of the D&C Contractor or its Subcontractors, the D&C Contractor shall indemnify and hold harmless the Borrower from any losses incurred by the Borrower by reason of such damage.

The D&C Contractor shall coordinate with the JFK Separate Contractors, the Borrower and Port Authority in accordance with the Lease Agreement and the Construction Coordination Agreement so that it has a full understanding of the extent of the geographically overlapping work zones. The D&C Contractor shall coordinate with the Borrower and Port Authority in advance of the DB D&C Work such that both the D&C Contractor and the JFK Separate Contractors can agree to an approach that allows the work of each to proceed within their respective schedules. At times this will mean that the work of one will be in advance of the initial schedule and resulting effects will be absorbed accordingly by each.

*d. **Required Coordination** (Section 2.17 of the D&C Contract)*

Subject to the terms of the D&C Contract, the D&C Contractor shall coordinate the DB D&C Work with the Borrower, the Port Authority (and its contractors and/or consultants), the Borrower's Representative and Separate Contractors. The D&C Contractor acknowledges that the Borrower, directly

and through its Separate Contractors, is and shall be actively involved in the development of the Project, and in interaction with the D&C Contractor.

The D&C Contractor shall cooperate with all Governmental Authorities and the Port Authority, with respect to any reasonable requests made in connection with the DB D&C Work or D&C Work, including without limitation attending meetings with such Governmental Authorities and the Port Authority. The D&C Contractor shall coordinate all of its DB D&C Work with any other D&C Work, Governmental Authorities, the Port Authority, and Other Redevelopments, including landscape and utility D&C Work being performed within the Project Site. The D&C Contractor shall take all reasonable steps to protect the DB D&C Work and Project Site from all work performed in connection with the Other Redevelopments.

The D&C Contractor shall be responsible for managing and coordinating the applications required for, and the installation performed by, telecommunications and utility companies applicable to the DB D&C Work. The D&C Contractor shall be required to coordinate the process for obtaining approvals required by the New York City Department of Environmental Protection applicable to the DB D&C Work.

e. ***Cooperation with the Port Authority (Section 2.18 of the D&C Contract)***

The D&C Contractor shall be solely responsible for compliance with the cooperation requirements of the Lease Agreement in connection with the performance of the DB D&C Work and shall perform all of the Borrower's obligations and be subject to any limitations relation to cooperation requirements under the Lease Agreement to the extent those obligations apply to the DB D&C Work.

f. ***Compliance with the Law, Other Lease Agreement Requirements, and Future Agreements (Sections 2.19 through 2.24 of the D&C Contract)***

i. Compliance with Applicable Provisions and Future Agreements

If the Borrower enters into any future agreements that may contain provisions relating to the Borrower's operation of the Project Site, the Project, D&C Work and/or the DB D&C ("Applicable Provisions") and supplies the Borrower with notice of such agreement(s), the D&C Contractor shall comply with all Applicable Provisions, and, if requested in connection with the Borrower's obligations under any such Applicable Provisions shall assist and cooperate with the Borrower; such assistance and cooperation shall include without limitation responding promptly to any reasonable inquiries or requests by the Port Authority or any Governmental Authority related to the DB D&C Work, but only after the Borrower has approved of such response. The D&C Contractor assumes no responsibility or liability for the terms and conditions of the Applicable Provisions being in contravention of the Lease Agreement, but has a responsibility at the same time to notify the Borrower in writing as soon as practicable if, to the best knowledge of the D&C Contractor, an Applicable Provision (or potential Applicable Provision) is identified.

ii. Lease Agreement Requirements

The D&C Contractor shall perform the DB D&C Work in compliance with, and ensure that the performance of the DB D&C Work by each Subcontractor conforms to all terms and conditions of the Lease Agreement applicable to the DB D&C Work, including without limitation Governmental Approvals, Applicable Laws, Applicable Standards, Rules and Regulations, Rules and Regulations Changes, Requirements and Provisions for Work, Good Order Requirements, New Airport Design Guidelines (including the design and construction elements as necessary to achieve the One JFK Environment in accordance with the Lease Agreement), and the requirements of Governmental Authorities and the Port

Authority. In addition, the D&C Contract provides that in the event that a change in Applicable Law impacts the GMP or causes a delay to the critical path of the Baseline Schedule and/or Milestone Events, which change in Applicable Laws was not reasonably foreseeable by the D&C Contractor prior to the date of the D&C Contract, did not result from a failure by the D&C Contractor to comply with the D&C Contract, and could not have been reasonably mitigated any time without material cost, the D&C Contractor shall be entitled to a Material Borrower Change reflecting an adjustment to the GMP and/or the Baseline Schedule (subject to approval by the Port Authority, if required to adjust a date on the Baseline Schedule) and/or Milestone Event Dates.

iii. Employment/Affirmative Action/Equal Employment Opportunity/Diversity/M/WBE/LBE/SDVOB/Non-Discrimination

To the extent applicable to the DB D&C Work, the D&C Contractor shall be solely responsible for compliance with the requirements of, and shall cause its Subcontractors to comply with the provisions in the Lease Agreement related to employment, affirmative action, equal opportunity, minority business enterprises, women-owned business enterprises and local business enterprises commitment.

iv. Labor and Labor Relations

The D&C Contractor has entered into a project labor agreement for the Project. The D&C Contractor shall use all reasonable efforts to maintain good relations with labor unions as well as minority and other related interest groups to maintain peaceful labor relations and a trouble-free job site for the duration of the DB D&C Work and advise the Borrower of any anticipated problems in connection therewith. Further, the D&C Contractor has entered into a project labor agreement, which sets forth certain terms related to the hiring of union labor for the project. The D&C Contractor shall be solely responsible for compliance with Port Authority labor requirements as well. The Borrower shall have the same rights and remedies against the D&C Contractor as the Port Authority has against the Borrower in the event of non-compliance related to the DB D&C Work. The D&C Contractor also warrants that it has not violated any ethical standards imposed by the Lease Agreement, engaged in any form of bribery or corruption, direct or indirect, or otherwise violated the United States Foreign Corrupt Practices Act of 1977 in any form.

v. No Discrimination

Without limiting the generality of any of the provisions of the D&C Contract, the D&C Contractor, for itself, its successors in interest and assigns, as part of the consideration therein, covenants and agrees that (i) no person on the grounds of race, creed or religion, color, sex, national origin, handicap or disability, or age shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of the Premises by it, (ii) in the construction of any improvements on, over, or under the Premises and furnishing of services thereon by it, no person on the ground of race, creed or religion, color, sex, national origin, handicap or disability, or age shall be excluded from participation in, denied the benefits of, or otherwise be subject to discrimination in the use of the Premises by it, (iii) that the D&C Contractor shall use the Premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 22, Non-discrimination in Federally-assisted programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said regulations may be amended, and any other present or future laws, rules, regulations, orders or directions of the United States of America with respect thereto which from time to time may be applicable to the D&C Contractor's operations at the Airport, whether by reason of agreement between the Port Authority and the United States of America or otherwise. The Port Authority shall have the right to take such action as the United States of America may direct to enforce such covenant. Further, the D&C Contractor is required to comply with all applicable laws and other requirements set forth in the Lease Agreement. These requirements are also passed down to the D&C Contractor's Subcontractors and consultants.

**g. *Traffic Management* (Section 2.27 of the D&C Contract)**

The D&C Contractor shall perform the DB D&C Work in accordance with the Port Authority approved parking and traffic mitigation plan that describes, to the extent applicable, alternative parking solutions for each Phase of the DB D&C Work and traffic circulation and control management, roadway paving, staging, level of maintenance service, pedestrian walkways and site logistics, during the DB D&C Work Period which is referred to herein as the Transportation Management Plan. The D&C Contractor shall be responsible for all costs and expenses associated with the compliance with the Transportation Management Plan which are included in the GMP.

Failure of the D&C Contractor to comply with the approved Transportation Management Plan and the Port Authority's airport-wide transportation management plan shall allow the Borrower or the Port Authority to require the D&C Contractor to prepare a Transportation Deficiency Plan of Action, which shall be subject to the Borrower's and Port Authority's prior written approval. Any increased costs resulting therefrom shall be the responsibility of the D&C Contractor.

**h. *Site Access; Coordination between the Borrower and the D&C Contractor* (Sections 2.29 and 8.3 of the D&C Contract)**

Subject to the terms and conditions set forth in the Lease Agreement and to the extent provided to the Borrower by the Port Authority, the Borrower shall provide the D&C Contractor with access to the Premises for the performance of the DB D&C Work as and when required by the Baseline Schedule. The D&C Contractor shall comply with any site access requirements of the Port Authority as required by the Lease Agreement, including without limitation the Port Authority's right to inspect the D&C Work and any plans and specifications. The D&C Contractor agrees to advise the Borrower of certain site access requirements with respect to the Project Site and the Borrower's representatives will undergo appropriate and applicable training and obtain appropriate credentials, such as, but not limited to, construction site badging, OSHA cards, scaffold training and site-specific safety training, in accordance with such requirements.

Subject to the immediately preceding paragraph, the D&C Contractor will provide access to all areas of the Project Site requested by the Borrower for itself and for its officers, employees, agents, authorized representatives, designees, designers, sublessees, Separate Contractors, and lenders (if applicable), at all times for any purpose whatsoever; provided, that the parties shall cooperate with one another in coordinating their respective activities within the Project Site so as to minimize each party's (or their representatives' or contracted parties') interference with the activities of the other party. The D&C Contractor shall not take or permit any action or inaction to be taken to interfere, hinder, or delay the Borrower's Rights of Access to the Project Site. The D&C Contractor shall not be responsible for the cost to repair any damage caused to the Premises by the Borrower, the Separate Contractors or the Manager. Each party will cooperate in providing such information and taking such actions as the other party may reasonably require in connection with the D&C Work or the DB D&C work, as the case may be.

The Borrower shall not permit any Operations and Maintenance Work or the work of the Separate Contractors to be performed in a manner that (a) fails to comply with the D&C Contract, the DB Project Documents, Applicable Laws, Applicable Standard or Governmental Approvals, and (b) interferes in any material respect with the D&C Contractor's ability to discharge its own obligations to the Borrower under the D&C Contract as a result of such failure

### **3. DB PROJECT DOCUMENTS / ORDER OF PRECEDENCE** *(Article 3 of the D&C Contract)*

The D&C Contract incorporates the Order of Precedence from the Lease Agreement. As compliance with the terms of the Lease Agreement is required to achieve Equivalent Project Relief, the order of precedence for the D&C Contract follows the Lease Agreement except as explicitly excluded by the Qualifications and Assumptions in the GMP.

### **4. DB DESIGN WORK** *(Article 4 of the D&C Contract)*

The D&C Contract sets forth the process for developing the DB Design Work for the Project, including without limitation design submittals, preparation of work product, design coordination and input (e.g., the Borrower and the Port Authority), the design review process, and submission of work product to receive the Port Authority's approval.

### **5. CONSTRUCTION MANAGEMENT SERVICES** *(Article 5 of the D&C Contract)*

The D&C Contract details the D&C Contractor's preconstruction and construction related services for the Project, including without limitation continuation of procurement analysis and pre-purchasing, value analysis, investigation of existing conditions, coordination and response to existing conditions and adjacent work at the Airport (e.g., the Port Authority, other developers, and utility companies), implementation of safety programs and procedures and obtaining permits. Certain other provisions from Article 5 include the following:

- a. The D&C Contractor Obligations with respect to Known Non-Environmental Site Conditions  
*(Section 5.3 of the D&C Contract)*

The D&C Contractor has been provided and reviewed the Available Documents, and solely as between the D&C Contractor and the Borrower, the D&C Contractor may rely on the content of the Available Documents solely for the purpose of calculating the cost of the DB D&C Work with respect to existing environmental conditions and non-environmental conditions. In addition, the D&C Contractor has been provided with additional supplementary examinations, investigations, explorations, tests, studies, and data analysis concerning conditions (surface, subsurface, and underground facilities, both natural and man-made, and surface and subsurface water conditions of the Project Site and surrounding areas) at or contiguous to the Project Site, and the D&C Contractor has performed certain examinations, investigations, explorations, tests, studies and data analysis pursuant to the Rights of Entry Agreements, including an investigation of environmental conditions (some Rights of Entry Agreements remain ongoing at the time of signing of the D&C Contract). To the extent access is granted to the D&C Contractor, the D&C Contractor shall also examine the Adjoining Premises to determine whether it may interfere with the DB D&C Work.

Notwithstanding anything to the contrary in the D&C Contract and except as set forth in Borrower's allowance set forth in the D&C Contract, the D&C Contractor shall be responsible for all increased costs and delays to the extent caused by any existing non-environmental subsurface condition at the Project Site forming part of the DB D&C Work that: (a) were caused by the D&C Contractor or any party for which it is responsible, (b) were known to the D&C Contractor based on and reasonably inferable from the site conditions report annexed to the D&C Contract, (c) should have or could have reasonably been identified through implementation of Best Management Practices through review and analysis of (or to the extent such information was reasonably inferable from): (i) the DB Project Documents, (ii) the Available Documents, or (iii) publicly available information. For the avoidance of doubt, the D&C Contractor will only be entitled to a Material Borrower Change or Unavoidable Delay for any existing conditions encountered at the Project Site other than those described in (a)-(c) listed in the previous sentence. For the

avoidance of doubt, the D&C Contractor shall not be permitted to make any claims against the Port Authority for any errors, omissions, inconsistencies, or ambiguities contained in Project Documents, the Available Documents and/or Environmental Report.

b. The D&C Contractor Obligations with respect to Known Environmental Site Conditions  
*(Section 5.14 of the D&C Contract)*

Subject to the terms of the D&C Contract, the D&C Contractor shall perform the DB D&C Work in full accordance and compliance with the Lease Agreement and shall perform all of the Borrower's obligations under environmental obligations of the Lease Agreement to the extent those obligations apply to the DB D&C Work, provided, however, that the D&C Contractor shall without interruption or suspension perform all DB D&C Work unless and only to the extent that any such work is ordered to cease by any Governmental Authority with jurisdiction over the Airport or the DB D&C Work. The D&C Contractor acknowledges that it has received the DB Project Documents from the Borrower, and the D&C Contractor represents that it has reviewed the DB Project Documents, understands the conditions of the subject property as defined in the DB Project Documents, performed its own independent investigation of the conditions of the subject property, and has accounted for all such conditions in the planning, design, and performance of the DB D&C Work and the GMP. The D&C Contractor shall not be deemed to be the generator and/or transporter of waste materials disposed of from the Project Site or otherwise on behalf of the Borrower, including any tanks or tank systems or parts thereof encountered during the DB D&C Work that must be disposed of as waste materials. the Borrower agrees that title and ownership of any tanks or tank systems does not vest and is not transferred to the D&C Contractor. For the avoidance of doubt, the D&C Contractor's compliance with the foregoing shall not relieve the D&C Contractor of compliance with the requirements of environmental obligations of the Lease Agreement to the extent they apply to the DB D&C Work. The D&C Contractor shall have the full extent of rights, responsibilities and entitlements as well as any requirements or limitations afforded to or imposed on the Borrower under the environmental obligations of the Lease Agreement on the basis of Equivalent Project Relief as set forth in Part 12 of this Official Statement, except to the extent otherwise limited by the D&C Contract.

The D&C Contractor is required to, among other things, (a) perform management, excavation, treatment, storage, handling, characterization for use or disposal, transportation, and disposal of soil, other debris, storm water or groundwater containing Hazardous Substances in connection with the DB D&C Work, and (b) any Remediation required under the Lease Agreement. To the extent that the D&C Contractor encounters at the Project Site materials reasonably believed to be Hazardous Substances, which have not been previously identified in, or reasonably inferred from, the DB Project Documents and which require action pursuant to Environmental Requirements, the D&C Contractor shall immediately notify the Borrower of the condition in writing; provided, however, that the D&C Contractor shall without interruption or suspension perform all DB D&C Work unless and only to the extent that any such work is ordered to cease pursuant to the Lease Agreement or by any Governmental Authority with jurisdiction over the Airport or the DB D&C Work or is otherwise required to cease pursuant to Environmental Requirements.

The D&C Contractor shall perform any necessary environmental remediation work at no additional cost to the Borrower to the extent that such environmental condition (a) was caused by the D&C Contractor or any party for which it is responsible, (b) was known to the D&C Contractor based on or reasonably inferable from the environmental site conditions report annexed to the D&C Contract, subject to the qualifications, assumptions and exclusions of the GMP, or (c) related to the presence of petroleum hydrocarbons in surface materials, soils or other subsurface materials, soil vapor, or groundwater at the Project Site subject to the qualifications, assumptions and exclusions of the GMP. Notwithstanding the foregoing, certain environmental conditions are carried as a Borrower Allowance and is included in the GMP to address unknown environmental site conditions. The D&C Contractor shall perform any necessary

remediation work, provided, however, that such work that does not qualify as (a)–(c) shall constitute a Material Borrower Change.

## **6. REPORTING REQUIREMENTS** *(Article 6 of the D&C Contract)*

Article 6 of the D&C Contract details the reporting requirements for the DB D&C Work, which includes the generation of certain daily, weekly, and monthly reports, forecasts, studies, and analyses that are typically generated by general contractors engaged in similar work and applicable to the DB D&C Work, or otherwise required by, the Lease Agreement or the RPWs or at the request of the Port Authority. This article also incorporates the Lease Agreement requirements regarding reporting for MWBE/LBE/SDVOB and Workforce Compliance Reporting Requirements.

## **7. CHANGES IN THE DB D&C WORK** *(Article 7 of the D&C Contract)*

### **a. Changes Generally** *(Section 7.1 of the D&C Contract)*

The D&C Contractor acknowledges and agrees that the Borrower shall have the right from time to time during the DB D&C Work Period to effectuate changes to the DB D&C Work, to substitute materials, require different methods, to add to or remove portions of the DB D&C Work, or alter the time, method, or cost of the D&C Contractor's execution of the DB D&C Work as the Borrower deems necessary or appropriate (each, a "Change"). The cost and expenses of Changes shall not be paid from the Construction Contingency.

### **b. Change Order Procedure** *(Section 7.1 of the D&C Contract)*

A Change may be initiated (i) by the Borrower (a "Borrower Change"), (ii) as a result of a Port Authority Change or any other Qualifying D&C Change, (iii) as a result of any other Change permitted by the Lease Agreement for which the D&C Contractor is entitled to Equivalent Project Relief, (iv) as a result of a Change expressly permitted by the D&C Contract, (v) through a Site Instructive, or (vi) through a Field Proceed Order. The D&C Contractor acknowledges and agrees that the volume and/or extent of Changes ordered by the Borrower may be substantial and that the D&C Contractor shall make no Claims for additional compensation based solely on the number or extent of the approved Changes; provided however, that the D&C Contractor's Design Professionals assistance with the preparation of Contemplated Change Order Requests shall be compensated as a time and materials design fee as a percentage of the total cost of the Change Order. The review of a proposed Change or Changes by the D&C Contractor and any Subcontractor, regardless of the number of such reviews, is included in the D&C Contractor's General Conditions Costs, and shall not be included as an additional cost to the Borrower on any Change Order. All Change Orders, Change Order Proposals, Contemplated Change Order Requests and Compensation Event Notices must be prepared through the Borrower's electronic system. The D&C Contractor shall also prepare any necessary documents, including without limitation drawings, sketches, specifications, studies, etc. to support the development of a Borrower Change or Contemplated Change Order Request. If requested by the Borrower on multi-trade scope packages, the D&C Contractor shall submit detailed estimates of cost from additional subcontractors (as agreed to by the Borrower and the D&C Contractor) in addition to the proposal submitted by the Subcontractor, provided that the D&C Contractor shall be entitled to recover any time and cost related to soliciting the additional estimates. Preparation of such supporting documentation shall be commenced within five (5) Days of the Borrower's request to minimize risk of cost and delay impact to the DB D&C Work.

Changes may be initiated by the Borrower, including Changes requested by the Port Authority, by submitting to the D&C Contractor a Contemplated Change Order Request setting forth in detail the nature of the Change. As soon as practicable, but in no event later than twenty (20) Days or as otherwise agreed

to by the Borrower and the D&C Contractor (provided that such time period satisfies RPW requirements) after the receipt of the Contemplated Change Order Request, the D&C Contractor shall prepare and submit to the Borrower a Change Order Proposal; provided, however, that prior to the expiration of the initial ten (10) Day period, the D&C Contractor may submit a written request to the Borrower, together with the explanation of the reasons therefor, to extend the time to provide the Change Order Proposal, which request the Borrower shall consider in good faith and submit to the Port Authority for its consideration pursuant to the Lease Agreement, if required; provided further that the Borrower or the Port Authority may in such case require the D&C Contractor to provide to the Borrower such information it prepared within the initial ten (10) Day period and deliver the remaining information to the Borrower within the time period agreed to by the Borrower, but subject in all cases to approval by the Borrower and the Port Authority. If the Change proposed would not constitute a Borrower Change, and therefore, would not require the review or approval of the Port Authority, the D&C Contractor shall submit the complete Change Order Proposal to the Borrower, and the Borrower shall approve such request, reject such request or provide such other direction (e.g., Borrower Change Directive or request for additional information) within ten (10) business Days after receipt thereof from the D&C Contractor.

Each Change Order Proposal shall include the following, as applicable, in each case, that are directly associated with the requested Change:

- i) the estimated incremental DB D&C Work Costs (including applicable soft costs) during the DB D&C Work Period, including any applicable adjustments to the critical path or otherwise to the Baseline Schedule;
- ii) the time impact analysis of the proposed change to the Baseline Schedule, including to any Milestone Event Date (unless there is no impact to the Baseline Schedule);
- iii) any other deviation from the D&C Contractor's obligations under the D&C Contract or from the Requirements and Provisions for Work that would result from the implementation of the proposed Change; and
- iv) such other supporting documentation as may be reasonably requested by the Port Authority or the Borrower, as applicable.

DB D&C Work that is performed on a time and material basis shall be documented (i.e., daily tickets) on a Day-to-Day basis within forty-eight (48) hours after covered DB D&C Work is accomplished. When a schedule of unit prices for additions to or deletions from the DB D&C Work is made a part of the D&C Contract or a Subcontract, and the Change Order Proposal contains unit pricing, such unit pricing shall conform to such schedule of unit prices.

If the Borrower (and, if required under the Lease Agreement, the Port Authority) approves a Change Order Proposal, the Borrower shall issue a Change Order that includes the agreed terms (including the payment terms) for that Change, which Change Order shall reflect the terms of the approved Change Order Proposal and, upon execution, shall become a part of the Construction Application and the D&C Contract. If applicable, the Baseline Schedule and/or Milestone Event Dates shall be extended to a new date reflected in the approved Change Order.

c. *Limitation for Port Authority Change or Qualifying D&C Change (Section 7.1.6 of the D&C Contract)*

The D&C Contractor's remedies against the Borrower under the D&C Contract due to a Port Authority Change or Qualifying D&C Change arising under the Lease Agreement, including additional

compensation, extension of the Baseline Schedule or Milestone Event Dates, or relief from Liquidated Damages, shall be limited against the Borrower in all instances to Equivalent Project Relief payable or provided by the Borrower (it being understood that the D&C Contractor is not entitled to any relief or compensation directly from the Port Authority). Where a Change Order Proposal is issued pursuant to the D&C Contract as a result of a Port Authority Change or Qualifying D&C Change under the Lease Agreement, and Port Authority Change or Qualifying D&C Change is deemed to be withdrawn under the Lease Agreement (which the Borrower shall promptly notify the D&C Contractor of), the applicable Change Order Proposal shall also be deemed to be withdrawn under the D&C Contract.

d. ***Borrower Change Directives (Section 7.1.8 of the D&C Contract)***

If the Borrower and the D&C Contractor (and the Port Authority, in the event Port Authority Approval is required under the Lease Agreement) are unable to reach an agreement on a Change Order proposal within seven (7) Days of submission, the Borrower may, in its sole and absolute discretion, issue a Borrower Change Directive directing the D&C Contractor to proceed with the DB D&C Work constituting such Change and, if applicable, providing for any adjustment in the Cost of the DB D&C Work, Baseline Schedule, Milestone Events, and/or Milestone Event Dates (in the case of the Baseline Schedule, subject to approval by the Port Authority, if required to adjust a date on the Baseline Schedule) resulting from such Change. Any such adjustment to (a) the GMP, General Requirements Costs or General Conditions Costs shall, at the Borrower's election, equal either (i) the respective lump sum amounts and paid pursuant to the terms set forth in such Borrower Change Directive as mutually agreed, or (ii) the actual net increase or decrease (i.e., time and materials), as the case may be, in the Direct DB D&C Work Cost, General Requirements Costs or General Conditions Costs, and Base Fee as the case may be, attributable to such Change (in which latter case, such adjustments shall be determined and set forth in writing by the Borrower and the D&C Contractor within twenty (20) Days after completion of that portion of the DB D&C Work constituting such Change), or (b) the Baseline Schedule and/or Milestone Event Dates, if applicable, shall, at the Borrower's election, equal the period of time set forth in such Borrower Change Directive or, if no period is set forth therein, then the period of time, if any, fairly attributable, in the aggregate, to such Change which can be shown to have impacted the Baseline Schedule and/or Milestone Event Dates (in the case of the Baseline Schedule, subject to approval by the Port Authority, if required to adjust a date on the Baseline Schedule).

Upon the D&C Contractor's receipt of a Borrower Change Directive, the D&C Contractor shall proceed with the DB D&C Work constituting the Change provided for therein, promptly after such receipt or as otherwise may be required in such Borrower Change Directive; provided that the D&C Contractor retains the right to dispute a Borrower Change Directive pursuant to Section 16 of this Appendix G, and provided further that, if the value of the Borrower Change Directive(s), Field Proceed Order(s) and other amounts in dispute arising from this Agreement is equal to Ten Million Dollars (\$10,000,000) in the aggregate at any given time, then the Borrower and the D&C Contractor shall proceed with interim dispute resolution under the procedures outlined in Section 16 of this Appendix G.

If the D&C Contractor fails to object to a Borrower Change Directive or any portion thereof within twenty-one (21) days after the D&C Contractor's receipt of same, then the D&C Contractor shall thereby be deemed to have (a) waived any right to object to any adjustments (or absence of adjustments) in the Cost of the DB D&C Work, Baseline Schedule, Milestone Events, and/or Milestone Event Dates provided for in such Borrower Change Directive or portion thereof, (b) agreed to any such adjustment, and (c) acknowledged that such adjustments, if any, shall constitute the complete and final consideration for all costs, claims, delays, or damages incurred by the D&C Contractor as a consequence of the change provided for in such Borrower Change Directive or portion thereof; in such event, such Borrower Change Directive or portion thereof shall thereupon be deemed to constitute a Change Order for all purposes under the D&C Contract. Notwithstanding anything to the contrary in the D&C Contract, (a) the Borrower agrees to make

payment (otherwise in accordance with the terms of the D&C Contract) to the D&C Contractor of amounts not in dispute related to Borrower Change Directives, and (b) the D&C Contractor shall not be deemed to waive a claim for Equivalent Project Relief if such relief is available to the Borrower pursuant to the Lease Agreement.

e. *Material Borrower Changes (Section 7.2 of the D&C Contract)*

A Borrower Change shall only be compensable under the D&C Contract if it satisfies the following criteria (a “Material Borrower Change”):

- i. it is requested by the Borrower (including third-party requests made through authorized representatives of the Borrower);
- ii. it either (i) arises out of a specific right or entitlement granted to the D&C Contractor by the terms of the D&C Contract (including the D&C Contractor’s breach of the D&C Contract), or (ii) was not reasonably inferable from the DB Project Documents by the D&C Contractor and was not capable of having been clarified by the D&C Contractor prior to the date of the D&C Contract;
- iii. it cannot be reasonably anticipated from the Basis of Design; and
- iv. it is material in nature (either alone or in the aggregate).

For the avoidance of doubt, the following without limitation shall not constitute a Material Borrower Change: (1) any changes resulting from errors and omissions in the DB Project Documents, (2) coordinating separate contractors engaged by the Borrower or third-parties that are performing work at the Airport as required by the Lease Agreement or the D&C Contract, (3) reasonably anticipated coordination of the DB D&C Work with separate contractors engaged by the Borrower or third-parties that are performing work on the Project or other construction projects underway at the Airport, and (4) unforeseen conditions, including environmental conditions, except as otherwise provided for in Section 5 of this Appendix G.

If a Material Borrower Change may increase the actual Direct DB D&C Work Cost or GMP or extends the Baseline Schedule and/or Milestone Event Date, then the Direct DB D&C Work Cost, General Requirements Costs, General Conditions Costs, GMP, Baseline Schedule and/or Milestone Event Date, and Base Fee shall be adjusted only to the extent as follows:

- i. the Direct DB D&C Work Cost shall be increased by the amount of the actual net increase in Direct DB D&C Work Cost attributable to such Material Borrower Change, resulting in a corresponding increase in the Direct DB D&C Work Cost and SDI components of the GMP;
- ii. if the Baseline Schedule and/or Milestone Event Dates are impacted by such Material Borrower Change, the Baseline Schedule and/or Milestone Event Dates shall be extended by the impact to the DB D&C Work’s critical path attributable to the Material Borrower Change (in the case of the Baseline Schedule, subject to approval by the Port Authority, if required to adjust a date on the Baseline Schedule);
- iii. the General Conditions Costs shall be increased by five percent (5%) of the net amount that the Direct DB D&C Work Cost actually attributable to such Material Borrower Changes, resulting in a corresponding increase in the GMP;

- iv. the General Requirements Costs shall be increased by five percent (5%) of the net amount that the Direct DB D&C Work Cost actually attributable to such Material Borrower Changes, resulting in a corresponding increase in the GMP;
- v. the Design Costs shall be increased based upon a time and materials design fee as a percentage of the total cost of the Change Order attributable to such Material Borrower Changes, resulting in a corresponding increase in the GMP;
- vi. the Construction Contingency shall be increased by five percent (5%) only for changes that involve two or more subtrade work scopes, of the net amount that the Direct DB D&C Work Cost actually attributable to such Material Borrower Changes attributable solely to any new scope of DB D&C Work, resulting in a corresponding increase in the GMP; and
- vii. if the aggregate amount of all Material Borrower Changes exceeds the Covered Increase Amount, the D&C Contractor shall be entitled to receive a fee of four percent (4%) of the net amount that the DB D&C Work Cost actually attributable to such Material Borrower Changes exceed the Covered Increase Amount, resulting in a corresponding increase in the GMP.

In the event of a Material Borrower Change that decreases the actual Direct DB D&C Work Cost or reduces the DB D&C Work period in the Baseline Schedule, the Direct DB D&C Work Cost and GMP shall be reduced by the actual net decrease in the Direct DB D&C Work Cost, including the applicable SDI amounts. For the sake of clarity, General Requirements Costs, the General Conditions Costs and the D&C Contractor's Base Fee shall not be reduced.

f. ***Compensation Event Notice (Section 7.3.2 of the D&C Contract)***

The D&C Contractor shall fully cooperate and assist the Borrower with all submissions, discussions and negotiations with the Port Authority in connection with the Borrower's submission of a Compensation Event Notice and the determination of any Lessee Damages in accordance with the provisions of the Lease Agreement. The D&C Contractor shall share with the Borrower all data, documents and information pertaining to the relevant claimed Compensation Event by the Borrower to the Port Authority, on an open book basis. The D&C Contractor shall submit any documents required for a Compensation Event Notice to the Borrower at least five (5) Business Days prior to the deadline for submitting such Compensation Event Notice to the Port Authority as set forth in the Lease Agreement.

Upon the occurrence of a claimed Compensation Event, the D&C Contractor shall, and shall cause each of its Subcontractors to, take all steps reasonably necessary to mitigate the amount of change in the Cost of the DB D&C Work or schedule impact attributable to, and other consequences of, such event, including all steps that would generally be taken in accordance with Best Management Practice, including filing a timely claim for insurance and pursuing such claims in accordance with the D&C Contract. In the event that the D&C Contractor fails to take (or to cause its Subcontractors to take) mitigation measures required pursuant to the D&C Contract, the amount of the compensation recoverable by the D&C Contractor for a Compensation Event shall be reduced to the extent that such mitigation measures, if taken, would have reduced the amount of the Borrower Damages under the Lease Agreement.

g. ***Delay Events Notice (Section 7.3.3 of the D&C Contract)***

In addition to any other requirements set forth in the D&C Contract for Unavoidable Delays, the D&C Contractor shall fully cooperate and assist the Borrower with all submissions, discussions and negotiations with the Port Authority in connection with the Borrower's submission of a Delay Event Notice

and the determination of any the Borrower Damages as set forth in Part 10 of this Official Statement. The D&C Contractor shall share with the Borrower all data, documents and information pertaining to the relevant claimed Delay Event by the Borrower to the Port Authority, on an open book basis. Notwithstanding anything to the contrary contained in the D&C Contract, the D&C Contractor shall submit any documents required for a Delay Event Notice to the Borrower at least five (5) Business Days prior to the deadline for submitting such Delay Event Notice to the Port Authority as set forth in the Lease Agreement.

*h. The D&C Contractor Claims for Equivalent Project Relief (Section 7.3 of the D&C Contract)*

Except as expressly set forth in the D&C Contract, the D&C Contractor shall have the same rights, benefits and entitlements, including to financial compensation or any extension of time or relief from performance of DB D&C Work obligations under the D&C Contract (“Equivalent Project Relief”), as the Borrower has with respect to the D&C Work under the Lease Agreement (“Primary Project Relief”). The D&C Contractor shall not be entitled to any form of Equivalent Project Relief unless and only to the extent that the Borrower is able to and does actually secure such Primary Project Relief under the Lease Agreement including, if applicable, with respect to a Compensation Event, approval from the Port Authority to utilize a portion of the Port Authority Contingency Amount. The D&C Contractor shall have no right to assert any claim for Equivalent Project Relief or Primary Project Relief directly against the Port Authority.

At the Borrower’s request, the D&C Contractor shall participate in discussions with the Port Authority with respect to any claim for Primary Project Relief relating to the D&C Contractor’s obligations under the D&C Contract. To the extent that the Borrower has not requested the D&C Contractor’s participation in such discussions, the D&C Contractor shall have the right to: (i) consult with the Borrower; (ii) participate in such discussions solely with respect to Claims of a technical nature or with respect to Reasonable D&C Contractor Claims; and (iii) attend and observe such discussions with respect to all other Claims that pertain to the D&C Contractor. In all discussions with the Port Authority, the Borrower will take the lead, and the D&C Contractor shall not initiate discussions with the Port Authority with respect to any claim for Primary Project Relief relating to the D&C Contractor’s obligations under the D&C Contract without the prior written consent of the Borrower. Except as expressly provided in the D&C Contract, the D&C Contractor shall have no separate right to claim against the Borrower or its designees in connection with a Claim for Primary Project Relief.

The D&C Contractor shall use commercially reasonable efforts to assist the Borrower in the Borrower’s pursuit of potential sources of funds or reimbursement from any third-party source to offset the Borrower’s damages, including as permitted by the Lease Agreement.

The D&C Contractor shall provide to the Borrower any Claim for Equivalent Project Relief within sufficient time and in sufficient detail to enable the Borrower to review such Claim and to submit such Claim for which Primary Project Relief may be available to the Borrower to the Port Authority in accordance with the requirements of the Lease Agreement. Provided that the D&C Contractor complies with the foregoing, the Borrower shall coordinate such Reasonable D&C Contractor Claim with any other the Borrower or Separate Contractor claims arising from the same event and shall ensure that all Reasonable D&C Contractor Claims are promptly submitted to the Port Authority in accordance with the Lease Agreement. If, for any reason, the D&C Contractor fails to provide proper notice of a Claim and that failure forecloses the Borrower’s right to Equivalent Project Relief under the Lease Agreement, the D&C Contractor will be deemed to have irrevocably and forever waived and released any Claim against the Borrower or right to Equivalent Project Relief. The D&C Contractor acknowledges and agrees that its Claim(s) for damages and Equivalent Project Relief are subject to the terms, conditions, requirements and

limitations set forth in the Lease Agreement for Compensation Events and Delay Events, and the D&C Contractor shall comply with such provisions to the same extent as required by the Borrower.

The Borrower shall promptly forward and process all Reasonable D&C Contractor Claims to the Port Authority as Claims for Primary Project Relief. The Borrower shall use all reasonable efforts to pursue and prosecute diligently all such Claims for Primary Project Relief in good faith with the Port Authority, and the Borrower and the D&C Contractor shall pay their own respective costs and expenses incurred in the pursuit of any such Reasonable D&C Contractor Claim, including reporting and compliance expenses, subject to any reimbursement thereof to the D&C Contractor to the extent any such costs and expenses are included in the final payment issued by the Port Authority after resolution of claim for Primary Project Relief. Notwithstanding the immediately preceding sentence, the Borrower may decline to pursue any Claim provided by the D&C Contractor that the Borrower determines (in its reasonable discretion) is not a Reasonable D&C Contractor Claim, and informs the D&C Contractor thereof in writing, within two (2) Business Days of receipt from the D&C Contractor of the Claim for Equivalent Project Relief (including all required supporting documentation). If the D&C Contractor disagrees with such action, the D&C Contractor shall direct the Borrower to pursue such claim at the D&C Contractor's sole cost and expense.

The Borrower may also settle any Reasonable D&C Contractor Claim (in whole or in part) without the prior consent of the D&C Contractor; provided that if the amount requested in a Reasonable D&C Contractor Claim is greater than the amount for which the Borrower settles such claim, then (i) the D&C Contractor will be paid the percentage of the total amount (e.g., the pro rata portion) to be paid by the Port Authority that such Reasonable D&C Contractor Claim bears to all the claims that were submitted to the Port Authority and settled or resolved through such settlement or dispute process) or (ii) the D&C Contractor may bring a Claim against the Borrower to recover such difference pursuant to the dispute resolution provisions as described in Section 16 below. In the event that any third-party sources (such as insurance) provide coverage for a Reasonable D&C Contractor claim, the D&C Contractor shall be entitled to payment of such amounts recovered from third-party sources, in an amount not to exceed the full value of such claim, and promptly upon receipt of the same by the Borrower from the applicable third-party source. In the event that the Port Authority elects to prepay any Lessee Damages, the Borrower shall not be required to prepay to the D&C Contractor: (i) any damages attributable to the D&C Contractor; or (ii) any future costs not yet incurred by the D&C Contractor, provided that such future costs shall become payable when they are paid or incurred by the D&C Contractor. Notwithstanding anything to the contrary in the D&C Contract, the D&C Contractor's remedies for any Compensation Events or Delay Events shall be limited to Equivalent Project Relief.

## **8. QUALITY CONTROL AND QUALITY ACCEPTANCE; TESTS; INSPECTIONS** *(Article 8 of the D&C Contract)*

Article 8 of the D&C Contract requires that the D&C Contractor establish a quality control program for the DB D&C Work that must comply with (i) Section 6 of the General Provisions, and (ii) all quality control and quality acceptance requirements of the Borrower and the Port Authority, for all stages of construction, including the turn-over of each DB D&C Work area. The Borrower will also establish its own quality assurance program ("Borrower's QAP") for the Project that the D&C Contractor must cooperate and coordinate with; provided, in no event shall any result, conclusion, implementation, or aspect of the Borrower's QAP relieve or be deemed to relieve the D&C Contractor of its obligation to perform the DB D&C Work in accordance with the terms of the D&C Contract, other DB Project Documents, and all Applicable Laws, Applicable Standards, Best Management Practices, and Rules and Regulations. Any acceptance by the Borrower or the Borrower's Representative of test data or inspections of any portion of the DB D&C Work shall not relieve the D&C Contractor of its obligation to cause the DB D&C Work to be performed in accordance with the DB Project Documents. Notwithstanding the General Provisions

requirements and its right arising from the Lease Agreement, the Port Authority also has no duty to inspect the DB D&C Work.

**9. SUBCONTRACTORS** (*Article 9 of the D&C Contract*)

Article 9 of the D&C Contract sets forth the requirements related to subcontracting the DB D&C Work to qualified subcontracting firms. Specifically, Article 9 notes that: (i) the Borrower approval is required before hiring, terminating, or replacing a Subcontractor; and (ii) Subcontracts must include certain language that: (a) incorporates the D&C Contractor's obligations to the Borrower in the D&C Contract, including all Lease Agreement provisions (to the extent applicable to the Subcontractor's scope of the DB D&C Work), (b) imposes liquidated damages of ten (10%) of the amount of any lien filed without thirty days written notice in advance to the D&C Contractor, which amount shall be payable to the Borrower, (c) provides for "no-damages-for-delays," (d) allows for the Borrower to take assignment of the subcontract upon termination of the D&C Contractor and to further assign a Subcontract, and (e) designates the Borrower as a third-party beneficiary of the Subcontract. Article 9 further makes the D&C Contractor expressly responsible to the Borrower and the Port Authority for the acts and omissions of all Subcontractors and their respective agents and employees. The D&C Contractor must also use commercially reasonable efforts to resolve all disputes between Subcontractors and have all Subcontractors agree to continue performance of their work notwithstanding their dispute with another Subcontractor.

**10. BASELINE SCHEDULE** (*Article 10 of the D&C Contract*)

a. **Facilitation of the DB D&C Work** (*Section 10.2.1 of the D&C Contract*)

The D&C Contractor shall perform, and cause to be performed, the DB D&C Work in compliance with the Baseline Schedule. The D&C Contractor shall provide, and cause to be provided, an adequate workforce and sufficient equipment, materials, tools and supplies so that the DB D&C Work is performed in compliance with the Baseline Schedule. Time shall be of the essence for the D&C Contractor's performance of the DB D&C Work. The D&C Contractor shall perform the DB D&C Work, and cause the DB D&C Work to be performed, in a diligent manner. The D&C Contractor shall maintain, and cause to be maintained, the progress of the DB D&C Work so as to achieve each Milestone Event on or before the applicable Milestone Event Dates.

b. **Schedules** (*Section 10.1 of the D&C Contract*)

i. Baseline Schedule (*Section 10.1 of the D&C Contract*)

The Baseline Schedule shall be produced using Primavera P6 software in "Critical Path Method" format with monthly updates in ".xer" format and ".pdf" format, and shall set forth the Milestone Events and Milestone Event Dates, the Scheduled Phase 1 Completion Date, the Scheduled Completion Date, and all other requirements provided in the Requirements and Provisions for Work. The Baseline Schedule shall fully describe the intended sequence of accomplishing all the various portions of the DB D&C Work, relevant portions of the D&C Work and related activities necessary to complete the DB D&C Work, D&C Work and DBO for each Phase. The Baseline Schedule shall demonstrate, to the reasonable satisfaction of the Borrower (and subject to the approval of the Port Authority, if applicable), an expeditious, practicable and reasonable plan for achieving the Milestone Events by the Milestone Event Dates. In no event shall the Baseline Schedule contain any extension of a Milestone Event Date or any other revisions which would result in any Milestone Event not being achieved by the relevant Milestone Event Date, without in either such instance obtaining the prior written consent of the Borrower (and the Port Authority, if applicable) to such extension or other revision. The D&C Contractor shall apply Best Management Practices for scheduling, and shall: (i) be responsible for providing the Borrower and the Port Authority with updates to

the Baseline Schedule in accordance with the Requirements and Provisions for Work or as may be required sooner pursuant to a provision of the D&C Contract; and (ii) be responsible for providing a written general description of the D&C Contractor's proposed means and methods that will be used in executing the DB D&C Work. The D&C Contractor shall also prepare detailed trade-by-trade critical path method schedules for each Subcontract. These Subcontract Schedules shall be integrated into the Baseline Schedule. The Borrower, the Port Authority, and the Borrower's Representative shall be entitled to rely fully on the content of the Baseline Schedule in planning and scheduling performance of their obligations under the DB Project Documents or of interrelated work by their own forces or Managed Contractors and Separate Contractors. The D&C Contractor may also alter the Baseline Schedule, upon the Borrower's prior written consent, and also subject to the review and comment or approval of the Port Authority, as applicable, in accordance with the provisions of the Lease Agreement for the Project Schedule.

ii. Recovery Schedules and Remedial Plan (*Sections 10.1.8 and 10.7.1 of the D&C Contract*)

The D&C Contractor shall submit immediate reports of any delay in the DB D&C Work, which reports shall identify the cause for the delay, the estimated duration and cost of the delay, and a specific remedy of the delay. To the fullest extent possible, notifications shall be submitted to the Borrower in advance of the anticipated delay to allow for all reasonable action on behalf of all involved parties to achieve a resolution minimizing schedule or cost impact. If any critical path element of the DB D&C Work (including any Milestone Event) is not achieved by its corresponding critical path date, or the Borrower believes, in the exercise of its reasonable judgment, that any critical path element of the DB D&C Work will not be achieved by its corresponding critical path date due to the fault, act or omission of the D&C Contractor or any Subcontractor, then, upon written notice from the Borrower, the D&C Contractor shall cause its employees and Subcontractors, at its own expense, to perform and work at hours and on Days, in addition to the normal working hours and normal working Days, whatever overtime work or shift work is necessary to return such critical path elements of the DB D&C Work to being in compliance with the Baseline Schedule. Notwithstanding the foregoing, if the critical path progress of the DB D&C Work is more than thirty (30) Days behind the then-current Baseline Schedule (or if otherwise required by the Project Documents), the D&C Contractor shall submit an "Alternative Solutions report" in accordance with, and as referred to in, Chapter 3.2.8(d) of the General Provisions that includes a proposed schedule recovery efforts such as multiple shifts or overtime to mitigate any potential delay, and will reasonably consider revisions to the Baseline Schedule proposed by the Borrower and the Port Authority to achieve completion within the timeframe set forth in the D&C Contract. The D&C Contractor shall work "premium" time and shifts and incur any other costs necessary to recover or accelerate the Baseline Schedule with no increase in the GMP for the relevant Phase, unless GMP adjustments and/or Baseline Schedule recovery is necessary due to Material Borrower Changes or available via Equivalent Project Relief. The D&C Contractor may propose schedule recovery options for the acceleration of work in lieu of overtime, subject to the Borrower's prior written approval in its sole discretion (and Port Authority approval, if applicable). To the extent that the D&C Contractor is unable to obtain any permits or approvals required for overtime work from the Port Authority or Governmental Authorities, or the Borrower is unable to obtain any required consent of a tenant to perform overtime work, it shall, to the extent reasonably practicable, revise its means and methods of construction, including increasing the amount of labor and equipment, in order to achieve such compliance. In addition to (and without limiting) any step-in or other rights of the Port Authority under the Project Documents, if the D&C Contractor fails to take prompt and adequate corrective action to bring the DB D&C Work back on schedule to the satisfaction of the Borrower, the Borrower reserves the right, on five (5) Days' notice to the D&C Contractor, to perform such DB D&C Work as it deems necessary and to back charge the cost thereof against payments due to the D&C Contractor under the D&C Contract.

If (i) the D&C Contractor fails to achieve any interim Milestone Events identified on the "Project Summary" section of the Baseline Schedule, within thirty (30) Days of the scheduled date therefor as set forth in the Baseline Schedule, or (ii) a remedial plan is otherwise required pursuant to the Lease

Agreement, the D&C Contractor shall be required to prepare and deliver to the Borrower and, if required by the Lease Agreement, the Port Authority, within thirty (30) Days of failing to achieve such interim Milestone Event (or, if sooner, within the time period required by the Lease Agreement), a Remedial Plan (in accordance with the Borrower's obligation to cure an event of default under the Lease Agreement and otherwise required by the D&C Contract) to address such failure, setting out a program (e.g., accelerated work program) providing reasonable assurance that the applicable Milestone Event will be achieved by the completion date set forth in such Remedial Plan, provided that such Remedial Plan is subject to the Borrower's approval and, if applicable, the Port Authority. Unless otherwise provided in the D&C Contract, the D&C Contractor shall not be deemed to be in breach of the D&C Contract for failing to achieve interim Milestone Event(s) unless the D&C Contractor is not using all reasonable and diligent efforts to comply with the terms of the Remedial Plan.

c. ***Completion of the DB D&C Work (Section 10.4 of the D&C Contract)***

i. ***Completion of the Phase 1 DB D&C Work (Section 10.4.1 of the D&C Contract)***

The D&C Contractor shall substantially complete the Phase 1 DB D&C Work (other than Punch List items approved by the Borrower and the Port Authority) by no later than the Scheduled Phase 1 DB Completion Date as adjusted in accordance with the terms of the D&C Contract. Subject to Borrower's right to assess Liquidated Damages against the D&C Contractor, the Borrower's remedy in the event of the D&C Contractor's failure to meet a Liquidated Damages Milestone Event by the applicable Milestone Event Date shall be limited to the assessment of Liquidated Damages.

When the D&C Contractor believes that it has satisfied all of the requirements in order to achieve Substantial Completion of Phase 1, the D&C Contractor shall advise the Borrower in accordance with this Agreement, the Lease Agreement and the Requirements and Provisions for Work and shall deliver to the Borrower and, if requested by the Borrower, the Port Authority a certificate by an authorized officer of the Architect of Record or Engineer of Record certifying that the underlying requirements have been met and complying with the Lease Agreement and that the Phase 1 DB D&C Work has been constructed in accordance with this Agreement, the Lease Agreement and the other DB Project Documents and in compliance with all Good Order Requirements, Applicable Laws and Applicable Standards (including installation, commissioning and activation of all equipment and systems required to be installed, commissioned and activated by the D&C Contractor and/or Borrower in accordance with the this Agreement, Lease Agreement and the other Project Documents.

In addition to the requirements of the foregoing two paragraphs, substantial completion of the Phase 1 DB D&C Work ("Substantial Completion of Phase 1") shall only occur if the D&C Contractor has satisfied (x) all of the applicable conditions set forth in the RPWs, TCAP Process and the Airport Security Guidelines Manual with respect to the Phase 1 DB D&C Work, and (y) the following conditions:

i. all certifications for mechanical, electrical, electronics, structural, plumbing, architectural and other systems that are essential to the operation, functionality and safety of the Phase 1 Improvements, as identified by and agreed to by the D&C Contractor, the Borrower and the Port Authority in the DB Project Documents (other than such certifications that shall be delivered in connection with the Phase 2 Improvements) shall have been received; and (2) all inspection reports for such systems shall have been made; in each case in accordance with the requirements of the DB Project Documents, Applicable Laws and Applicable Standards;

ii. all plans and manuals for mechanical, electrical, electronics, structural, plumbing, architectural and other systems that are essential to the operation, functionality and safety of the Phase 1 Improvements, as identified by and agreed to by the D&C Contractor, the Borrower and the Port Authority in the DB Project Documents, and are required in accordance with the DB Project Documents, Good Order

iv. the D&C Contractor shall have prepared, in consultation with the Borrower and the Port Authority (including with respect to the Port Authority's right to add or remove items to or from the punch list in its discretion), the punch list in respect of the Phase 1 DB D&C Work, and such punch list for all D&C Work shall have received Port Authority and the Borrower approval; and

v. with respect to the individual tenant spaces in the New Terminal Facilities intended to be subleased to Concession Sublessees or Airline Sublessees (to the extent of any Subleases for portions of the New Terminal Facilities related to airline passenger services), the D&C Contractor shall be required to have installed the basic infrastructure and equipment for the supply of necessary Utilities to such tenant spaces and to have provided fire alarm, fire protection and space separation between occupied and construction sites.

Following (and subject to) delivery of the certificate(s) as required in subsections above to the Borrower and the provision of the certificate required by the Lease Agreement from the Borrower to the Port Authority, the Phase 1 DB D&C Work will be inspected by the Port Authority and the Borrower (and the D&C Contractor shall be required to cooperate and coordinate with the Port Authority and the Borrower to facilitate such inspection and allow the Port Authority to perform an audit review of all compliance-related documents in accordance with the TCAP Process, the Airport Security Guidelines Manual, the Requirements and Provisions for Work (including Chapter 21.2.8 of the General Provisions) and within the timeframes set forth in the Requirements and Provisions for Work in order to Permit the Port Authority and the Borrower to certify that the conditions for Substantial Completion of Phase 1 have (or have not) been met), and if the same has been completed as certified by the D&C Contractor and the Architect of Record or Engineer of Record, and the D&C Contractor and the Borrower have been found in compliance by the Port Authority, in all respects, with the requirements of the Lease Agreement, the other DB Project Documents, Good Order Requirements, Applicable Standards and Applicable Law with respect to such Phase 1 D&C Work, a certificate to such effect shall be issued to the Borrower by the Port Authority (as so issued by the Port Authority, the "Phase 1 Completion Certificate"). The D&C Contractor shall promptly transfer custody and control of the Off-Premises Facilities forming part of the Phase 1 Improvements to the Borrower following receipt of the Phase 1 Completion Certificate (if not previously transferred upon completion thereof), and the D&C Contractor shall have no further obligations with respect to such Off-Premises Facilities and the associated Temporary Rights of Access except as otherwise set forth in this Agreement or the other DB Project Documents. The date specified in the Phase 1 Completion Certificate shall be referred to in this Agreement as the "Phase 1 Completion Date" and shall be the date on which substantial completion of the Phase 1 D&C Work (i.e., completion of all Phase 1 D&C Work other than Punch List items approved by the Port Authority and the Borrower and the Phase 1 D&C Work specifically identified in the Baseline Schedule as extended beyond Substantial Completion) has been achieved.

Following Substantial Completion of Phase 1, the D&C Contractor shall promptly proceed to complete any remaining Phase 1 DB D&C Work required to achieve DBO, and assist the Borrower in the achievement of DBO for the Phase 1 D&C Work in accordance with the Lease Agreement.

Following DBO of the Phase 1 D&C Work, the D&C Contractor shall promptly proceed to complete all outstanding Punch List items for the Phase 1 DB D&C Work and, in coordination with the Borrower, prepare a “Request for Final Inspection” of the Phase 1 D&C Work in accordance with the TCAP Process for submission to the Port Authority. Following (A) a final inspection by the Port Authority and the Borrower of the Phase 1 D&C Work under the TCAP Process, (B) confirmation by the Port Authority and the Borrower that all outstanding Punch List items for the Phase 1 D&C Work have been completed and (C) the submission of all required documentation by the D&C Contractor to the Port Authority and the Borrower and the approval thereof by the Port Authority and the Borrower where such approval is required in accordance with the DB Project Documents, Good Order Requirements, Applicable Law or Applicable Standards, the Lease Agreement provides that the Port Authority shall promptly issue a “Final Certificate of Authorization to Occupy or Use” under the TCAP Process with respect to the Phase 1 D&C Work.

ii. Completion of the Phase 2 DB D&C Work (*Section 10.4.2 of the D&C Contract*)

The D&C Contractor shall substantially complete the Phase 2 DB D&C Work (other than Punch List items approved by Borrower and the Port Authority) by no later than the Scheduled DB Completion Date. Subject to Borrower’s right to assess Liquidated Damages against the D&C Contractor, the Borrower’s remedy in the event of the D&C Contractor’s failure to meet such Liquidated Damages Milestone Event by the applicable Milestone Event Date shall be limited to the assessment of Liquidated Damages.

When the D&C Contractor believes that it has satisfied all of the requirements in order to achieve Substantial Completion of Phase 2, the D&C Contractor shall advise the Borrower to such effect in accordance with this Agreement, the Lease Agreement and the Requirements and Provisions for Work and shall deliver the Borrower, and, if requested by the Borrower, to the Port Authority a certificate by an authorized officer of the D&C Contractor and the Architect of Record or Engineer of Record certifying that the underlying requirements of the Lease Agreement have been met and that the Phase 2 of the DB D&C Work has been constructed in accordance with the DB Project Documents, approved Construction Applications (including all Drawings and Specifications thereof) and the provisions of this Agreement, the Lease Agreement and in compliance with all Good Order Requirements, Applicable Laws and Applicable Standards (including installation, commissioning and activation of all equipment and systems required to be installed, commissioned and activated by the D&C Contractor and/or the Borrower in accordance with the Lease Agreement, the D&C Contract and other DB Project Documents).

Without limiting the generality of the foregoing, substantial completion of the Phase 2 DB D&C Work (“Substantial Completion of Phase 2”) shall only occur if the D&C Contractor, and the Borrower so concurs, shall have: (i) obtained a Phase 1 Completion Certificate with respect to the Phase 1 D&C Work, (ii) satisfied all of the applicable conditions set forth in the Requirements and Provisions for Work, the TCAP Process, the Lease Agreement and the Airport Security Guidelines Manual with respect to the Phase 2 D&C Work; and (iii) satisfied the following conditions

i. all certifications for mechanical, electrical, electronics, structural, plumbing, architectural and other systems that are essential to the operation, functionality and safety of the New Terminal Facilities, as identified by and agreed to by the D&C Contractor, the Borrower and the Port Authority in the DB Project Documents, shall have been received; and (2) all inspection reports for such systems shall have been made; in each case in accordance with the requirements of the DB Project Documents, Good Order Requirements, Applicable Law and Applicable Standards;

ii. all plans and manuals for mechanical, electrical, electronics, structural, plumbing, architectural and other systems that are essential to the operation, functionality and safety of the New

Terminal Facilities, as identified by and agreed to by the D&C Contractor, the Borrower and the Port Authority in the DB Project Documents, and are required in accordance with the DB Project Documents, Good Order Requirements, Applicable Law or Applicable Standards shall have been submitted and, if required under the DB Project Documents, Good Order Requirements, Applicable Law or Applicable Standards, shall have received Port Authority approval and, if applicable, the Borrower approval;

iii. all other submittals required by the DB Project Documents, Good Order Requirements, Applicable Law or Applicable Standards to have been provided by the D&C Contractor prior to or at Substantial Completion of Phase 2 shall have been submitted and, if required under this Agreement, the other DB Project Documents, Good Order Requirements, Applicable Law or Applicable Standards, shall have been approved by the Port Authority approval and, if applicable, the Borrower approval;

iv. the D&C Contractor shall have prepared, in consultation with the Borrower and Port Authority (including with respect to the Port Authority's right to add or remove items to or from the punch list in its discretion), the punch list in respect of the Phase 2 D&C Work, and such punch list shall have received the Port Authority and the Borrower approval; and

v. with respect to the individual tenant spaces in the New Terminal Facilities intended to be subleased to Concession Sublessees or Airline Sublessees (to the extent of any Subleases for portions of the New Terminal Facilities related to airline passenger services), the D&C Contractor shall be required to have installed the basic infrastructure and equipment for the supply of necessary Utilities to such tenant spaces and to have provided fire alarm, fire protection and space separation between occupied and construction sites.

Following (and subject to) delivery of the certificate(s) as required in this subsection above made to the Borrower and the provision of the certificate required by the Lease Agreement from the Borrower to the Port Authority, the Phase 2 DB D&C Work will be inspected by the Port Authority and the Borrower (and the D&C Contractor shall be required to cooperate and coordinate with the Port Authority and the Borrower to facilitate such inspection and allow the Port Authority to perform an audit review of all compliance-related documents in accordance with the TCAP Process, the Airport Security Guidelines Manual, the Requirements and Provisions for Work (including Chapter 21.2.8 of the General Provisions) and within the timeframes set forth in the Requirements and Provisions for Work in order to permit the Port Authority and the Borrower to certify that the conditions for Substantial Completion of Phase 2 have (or have not) been met), and if the same has been completed as certified by the D&C Contractor and Architect of Record or Engineer of Record, and the D&C Contractor and the Borrower have been found in compliance by the Port Authority, in all respects, with the requirements of the Lease Agreement, the other DB Project Documents, Good Order Requirements, Applicable Standards and Applicable Laws with respect to such Phase 2 D&C Work, a certificate to such effect shall be issued to the Borrower by the Port Authority (as so issued by the Port Authority, the "Completion Certificate"). The D&C Contractor shall promptly transfer, following receipt of the Completion Certificate, custody and control to the Borrower of the Off-Premises Facilities not previously transferred to the Borrower, and the D&C Contractor shall have no further obligations with respect to such Off-Premises Facilities and the associated Temporary Rights of Access except as otherwise set forth in this Agreement, the Lease Agreement and the other DB Project Documents.

The date specified in the Completion Certificate shall be referred to in this Agreement as the "Completion Date" and shall be the date on which substantial completion of the entire D&C Work (i.e., completion of all D&C Work other than Punch List items approved by the Port Authority and the Borrower and D&C Work specifically identified in the Baseline Schedule as extending beyond Substantial Completion of Phase 2) has been achieved.

Following Substantial Completion of Phase 2, the D&C Contractor shall promptly proceed to complete any remaining Phase 2 DB D&C Work required to achieve DBO, and assist the Borrower in the achievement DBO of the Phase 2 D&C Work in accordance with the Lease Agreement.

When a Phase of the DB D&C Work or designated portion thereof shall have achieved substantial completion and the Borrower has so concurred, the D&C Contractor shall, with respect to the Punch List that has been approved by the Borrower and the Port Authority: (a) review the Punch List with the Borrower and the Borrower's Representative; (b) schedule, coordinate, and perform or cause to be performed the prompt correction and completion of the items on the Punch List; and (c) institute a comprehensive and detailed Punch List management system that includes repetitive follow-up with all Subcontractors, Design Professionals and others as required until the Borrower and the Port Authority have accepted the correction of each deficient item on the Punch List. Punch List tracking documents shall be issued on a regular basis no less frequently than once a week. The D&C Contractor shall promptly perform all Punch List work at such times and in such a manner so as to not unreasonably interfere with the use or occupancy of the Project Site. Failure to include an item in any punch list does not alter the responsibility of the D&C Contractor to complete all DB D&C Work in accordance with the DB Project Documents. Upon notice from the D&C Contractor that it has completed or corrected the items contained on the Punch List, the Borrower and, pursuant to the terms of the Lease Agreement, the Port Authority will make an inspection to determine whether the DB D&C Work or designated portion thereof has achieved substantial completion. If such inspection discloses any item other than minor Punch List or corrective work, whether or not included on the D&C Contractor's list, which is incomplete or not in accordance with the requirements of the Contract Documents, the D&C Contractor shall, as a condition to the issuance of the Completion Certificate, complete or correct such item upon notification by the Borrower or the Borrower's Representative. The D&C Contractor shall then submit a request for another inspection by the Borrower or the Borrower's Representative, and the Port Authority to determine whether substantial completion shall have occurred. Only two such inspections shall be made at the Borrower's cost as a component of the GMP. The cost of all subsequent inspections requested by the D&C Contractor shall be paid by the D&C Contractor, at its sole cost and expense.

Following DBO of Phase 2, the D&C Contractor shall promptly proceed to complete all outstanding Punch List items for the Phase 2 DB D&C Work and submit to the Borrower a Request for Final Inspection in accordance with the TCAP Process for submission to the Port Authority. Following (i) a final inspection by the Port Authority and the Borrower of the Phase 2 D&C Work under the TCAP Process, (ii) confirmation by the Port Authority and the Borrower that all outstanding Punch List items for the Phase 2 D&C Work have been completed, (iii) the submission of all required documentation by the D&C Contractor to the Port Authority and the Borrower and the approval thereof by the Port Authority and the Borrower where such approval is required in accordance with the DB Project Documents, Good Order Requirements, Applicable Law or Applicable Standards, and (iv) the payment by the Borrower to the Port Authority of the remaining portion of the Port Authority Contingency Amount, if any, as of the Completion Date (less, if applicable, the Negotiated Change Adjustment (as defined in the Lease Agreement)), the Lease Agreement provides that the Port Authority shall promptly issue a Final Certificate of Authorization to Occupy or Use under the TCAP Process with respect to the Phase 2 D&C Work.

iii. Partial and Final Completion of the DB D&C Work *(Section 10.4.3 of the D&C Contract)*

Notwithstanding the provisions in the D&C Contract affecting the D&C Contractor's obligations to achieve Substantial Completion of Phase 1 and Substantial Completion of Phase 2, when a material portion of the D&C Work is substantially completed or is properly usable for the purposes set forth in the Lease Agreement (any portion of an Installation, hereinafter called an "Installation Portion," and any portion of the D&C Work relating to the New Terminal Facilities, hereinafter called a "Partial Occupancy Portion"), the D&C Contractor shall advise the Borrower to such effect and, if the Borrower concurs, deliver

to the Borrower: (a) a certificate signed by an authorized officer of the D&C Contractor certifying that the requirements of Section 10(c)(i) of this Appendix G (if such Installation Portion or Partial Occupancy Portion is part of the Phase 1 D&C Work) or Section 10(c)(i) of this Appendix G (if such Installation Portion or Partial Occupancy Portion is part of the Phase 2 D&C Work) of the Design Build Contract with respect to such Installation Portion or Partial Occupancy Portion have been met and that such Installation Portion or the Partial Occupancy Portion, as applicable, has been constructed, in all respects, in accordance with all approved Construction Applications (including all Drawings and Specifications thereof) and the provisions of the DB Project Documents and all Good Order Requirements, Applicable Law and Applicable Standards (including installation, commissioning and activation of all equipment and systems required to be installed, commissioned and activated by the D&C Contractor and/or the Borrower in accordance with this Agreement, the Lease Agreement and the other DB Project Documents), (b) a certificate substantially in the form required by the Lease Agreement signed and sealed on behalf of the Architect of Record by a New York State licensed architect on its staff certifying that the approved Construction Application (including all Drawings and Specifications thereof) relating to such Installation Portion or Partial Occupancy Portion, as applicable, are in compliance, in all respects, with the DB Project Documents, Good Order Requirements, Applicable Law and Applicable Standards, and (c) a certificate in substantially in the form required by the Lease Agreement signed and sealed on behalf of the Engineer of Record by a New York State licensed engineer on its staff certifying that such Installation Portion or Partial Occupancy Portion, as applicable, has been constructed, in all respects, in accordance with the DB Project Documents, Good Order Requirements, Applicable Law and Applicable Standards. The D&C Contractor shall also certify that such Installation Portion or Partial Occupancy Portion, as applicable, can be properly used without interfering in any material respect with the completion of the remaining DB D&C Work of the applicable Phase. Without limiting the generality of the foregoing, the D&C Contractor shall have satisfied all of the applicable conditions set forth in the TCAP Process and the conditions set forth Section 10(c)(i) of this Appendix G (if such Installation Portion or Partial Occupancy Portion is part of the Phase 1 D&C Work) or Section 10(c)(i) of this Appendix G (if such Installation Portion or Partial Occupancy Portion is part of the Phase 2 D&C Work), but solely with respect to the Installation Portion or the Partial Occupancy Portion.

After conducting an inspection, if any, the Port Authority may, in its discretion, issue a “Temporary Certificate of Authorization to Occupy or Use” with respect to such Installation Portion or Partial Occupancy Portion, as applicable; provided that, (a) the D&C Contractor shall not use or permit the use of any Partial Occupancy Portion until such Temporary Certificate of Authorization to Occupy or Use is received, (b) the D&C Contractor shall assist the Borrower, if requested, in the transfer of custody and control of any Installation Portion to the Port Authority following receipt of such Temporary Certificate of Authorization to Occupy or Use with respect to an Installation Portion, and (c) the D&C Contractor shall have no further obligations with respect to such Installation Portion and the associated Temporary Rights of Access except as otherwise set forth in this Agreement, the Lease Agreement and the other DB Project Documents. The effective date of the Temporary Certificate of Authorization to Occupy or Use shall be the date on which substantial completion of the Installation Portion or Partial Occupancy Portion has been achieved and DBO for such portion(s) has occurred. Unless otherwise agreed upon, partial occupancy or use of a portion or portions of the DB D&C Work shall not constitute acceptance of DB D&C Work not complying with the requirements of the DB Project Documents.

Final Completion of the DB D&C Work occurs when all of the following items are completed: (i) the Port Authority issues a Final Certificate of Authorization to Occupy or Use for both Phases; (ii) the D&C Contractor completes all of the DB D&C Work in accordance with the DB Project Documents to the satisfaction of the Borrower; (iii) all equipment passes respective acceptance tests; (iv) all Punch List items are completed and/or corrected to the satisfaction of the Borrower’s Representative; (v) all mechanics’, materialmen’s and similar liens, are released or adequate security for those liens is otherwise provided, as determined in the Borrower’s sole and absolute discretion; (vi) all Warranties and guarantees, air balance reports, equipment operation and maintenance manuals, Subcontractors’ As-built Drawings, Architect and

Engineer of Record Drawings, and the final BIM model deliverables in accordance with the General Provisions have been delivered; (vii) all rubbish, tools, scaffolding and surplus materials and equipment from the Project Site have been removed; (viii) the D&C Contractor has executed its Final Affidavit and Release of Claims; and (ix) each Subcontractor (and any person who has filed a lien against the Project Site) has executed a Subcontractor's Final Affidavit and Release of Claims, to the extent the D&C Contractor has not provided adequate security as required by the D&C Contract. The D&C Contractor shall also: (i) assist the Borrower in resolving any disputes with the Port Authority with respect to the Port Authority's award, issuance, or approval of Partial Approvals, Partial Approval Work Plans, Temporary Certificates of Authorization to Occupy or Use, substantial completion, Final Certificates of Authorization to Occupy or Use, or Completion Certificates for the DB D&C Work; and (ii) provide appropriate support and assistance to, and cooperate and coordinate with, the facilities manager for initial operating services at the Project, including without limitation the ORAT Service Provider.

d. *Unavoidable Delay Events/Entitlement to Extension of Time (Section 10.8 of the D&C Contract)*

If an Unavoidable Delay results from one of the following Unavoidable Delay Events:

- i. terrorism or war;
- ii. strikes (not specific to the DB D&C Work) that are beyond the D&C Contractor's or its Subcontractors' reasonable control;
- iii. fire or other casualty resulting in property damage to the DB D&C Work (not caused by the D&C Contractor or any Subcontractor's negligence or willful misconduct);
- iv. other Force Majeure events, subject to terms and conditions of the D&C Contract and the Lease Agreement;
- v. Compensation Events, subject to terms and conditions of the D&C Contract and the Lease Agreement; and
- vi. acts or omissions or willful misconduct of the Borrower-Related Entities (or their agents, including without limitation ORAT, operation and maintenance contractors of the Borrower, the Manager, the Borrower's Separate Contractors, and not subject to Equivalent Project Relief), subject to a notice and ten (10) Day opportunity to cure;

then, subject to the terms of the D&C Contract and the terms of the Lease Agreement, and except, in each case, to the extent arising by reason of or attributable to (i) the negligence or willful misconduct of the D&C Contractor or its Subcontractors or (ii) any act or omission by the D&C Contractor or its Subcontractors in breach of the provisions of the D&C Contract or any other DB Project Documents, the Milestone Event Date (and each subsequent related Milestone Event Date) for the applicable Milestone Event shall be extended for each Day of delay to the critical path of the DB D&C Work attributable to the Unavoidable Delay Event, provided that the D&C Contractor strictly complies with its Unavoidable Delay Event Notice requirements, including demonstrating to the Borrower (a) the amount of time past the applicable Milestone Event Date that achievement of the Milestone Event will be delayed by reason of such Unavoidable Delay Event, and (b) that such delay was caused specifically by such Unavoidable Delay Event.

Should an Unavoidable Delay event specified in (i) – (iv) of the Unavoidable Delay Events listed above occur, the D&C Contractor shall only be entitled to non-monetary relief unless the Borrower is

granted Primary Project Relief by the Port Authority under the Lease Agreement. Should an Unavoidable Delay Event specified in subsection (v) above occur, and notwithstanding anything to the contrary in the D&C Contract, the D&C Contractor shall only be entitled to Equivalent Project Relief and only to the extent the Borrower is granted such Primary Project Relief by the Port Authority under the Lease Agreement. Unavoidable Delay events described in subsection (vi) above shall be deemed a Material Borrower Change.

The D&C Contractor shall give written notice to the Borrower within fourteen (14) Days following the date following the D&C Contractor's knowledge of the occurrence of any Unavoidable Delay Event (or event likely to become an Unavoidable Delay Event ) (or such shorter period as may be required by the Lease Agreement), provided that in the case of the same Unavoidable Delay Event being a continuing cause of delay, only one (1) notice shall be necessary) (an "Unavoidable Delay Event Notice"). The Unavoidable Delay Event Notice must include (A) a detailed description of what is known about the Unavoidable Delay Event claimed by the D&C Contractor, (B) details of the circumstances from which the claimed Unavoidable Delay Event arises, (C) an estimate of the duration of the delay in the performance of obligations pursuant to the D&C Contract attributable to such Unavoidable Delay Event as shown on a time impact analysis in accordance with the requirements set forth in the General Provisions, together with such other information in support thereof, if known at that time, and (D) evidence reasonably satisfactory to the Borrower that such event could not reasonably be avoided by the D&C Contractor without material cost or delay, including by re-sequencing, reallocating or redeploying its forces to other portions of the DB D&C Work. The D&C Contractor shall also provide such further information relating to the claimed Unavoidable Delay Event as the Borrower may reasonably require or as required to pursue a claim for Equivalent Project Relief pursuant to the Lease Agreement. The D&C Contractor may update the information provided in the Unavoidable Delay Event Notice within the seven (7) Day period commencing at the submission of the Unavoidable Delay Event Notice (or at other times, if reasonably requested by the Borrower or agreed to by the Borrower), which information shall be subject to further updates until the Borrower and the D&C Contractor agree to the duration of the Unavoidable Delay Event. The Borrower agrees that any Unavoidable Delay Event Notice issued by the D&C Contractor may be included as part of a Compensation Event Notice or Delay Event Notice, if applicable.

If for any reason the D&C Contractor fails to deliver such written Unavoidable Delay Event Notice within the time period required above or such shorter period as required by the Lease Agreement, the D&C Contractor shall be deemed to have irrevocably and forever waived and released any Claim or right to time extensions or any other relief, with respect to such event that the D&C Contractor may otherwise have been able to claim as an Unavoidable Delay Event pursuant to the D&C Contract.

Upon the D&C Contractor's knowledge (based upon the applicable standard of care) of an event that is or may be an Unavoidable Delay Event, the D&C Contractor shall, and shall cause each of its Subcontractors to take all steps reasonably necessary to mitigate the effects of such event, including all steps that would generally be taken in accordance with Best Management Practice. The D&C Contractor shall promptly deliver to the Borrower an explanation of the measures being undertaken to mitigate the delay and other consequences of such event. The D&C Contractor shall notify the Borrower within ten (10) Days following the date on which it first became aware (or should have become aware, using all reasonable due diligence) that such event has ceased. In the event that the D&C Contractor fails to take (or to cause its Subcontractors to take) mitigation measures as required pursuant to the D&C Contract, the delay and excuse of performance permitted shall be reduced to the extent that such mitigation measures, if taken, would have reduced the impact of such event on the D&C Contractor.

Notwithstanding the occurrence of an event that is or may be an Unavoidable Delay Event, the D&C Contractor shall continue its performance and observance pursuant to the D&C Contract of all of its obligations and covenants to be performed to the extent that it is reasonably able to do so and shall use reasonable efforts to, and shall cause each of its Subcontractors to use reasonable efforts to, minimize the

effect and duration of such event. Without limiting the foregoing, the occurrence of an Unavoidable Delay Event shall not excuse the D&C Contractor from timely payment of its payment obligations to Subcontractors pursuant to the D&C Contract or compliance with Applicable Law, Applicable Standards, and the DB Project Documents, except temporary inability to comply as a direct result of the Unavoidable Delay Event or Delay Event affecting the performance of the DB D&C Work.

Notwithstanding anything to the contrary contained in the D&C Contract, no extension of time shall be granted by reason of an Unavoidable Delay Event if and to the extent that the D&C Contractor could have avoided or mitigated the resulting delay and such mitigation steps were approved by the Borrower. If the D&C Contractor identifies steps to avoid or mitigate such delays and obtains the Borrower's prior written approval for such costs and expenses, then the D&C Contractor shall be entitled to a Change Order for the actual, documented, reasonable, and unavoidable costs incurred in connection with such efforts to avoid or mitigate such delays. If the D&C Contractor could not have avoided or mitigated the resulting delay or if the Borrower does not approve the D&C Contractor's identified mitigation steps, then the D&C Contractor's sole and exclusive remedy shall be such relief as set forth in this subsection above. The D&C Contractor shall in no event be entitled to any Claim for damages whatsoever by reason of any such Unavoidable Delay Event, including so-called Eichleay damages. The D&C Contractor shall bear the burden of proving the occurrence of an Unavoidable Delay Event and the resulting impacts.

Notwithstanding anything to the contrary in the DB Project Documents, the D&C Contractor shall not be entitled to receive any additional compensation for an Unavoidable Delay to the extent such delay occurs concurrently with delay due to or caused by the D&C Contractor or its Subcontractors.

The D&C Contractor acknowledges that the following events shall not constitute Unavoidable Delays, and that the D&C Contractor shall not be entitled to any extension of time on account thereof: (a) incompleteness or lack of coordination of DB Project Documents, Drawings, Specifications, Shop Drawings or Submittals (b) normal weather delays or conditions based on NOAA standards; (c) the acts, omissions or enforcement by the Port Authority or any Governmental Authority, including without limitation, the enforcement by the Port Authority or Governmental Authorities of their existing rules, requirements, regulations or standard operating procedures, which the D&C Contractor should have reasonably anticipated given the size and complexity of the Project or the D&C Contractor's prior experience with the Port Authority or Governmental Authorities (d) errors and omissions in the Drawings and Specifications arising from the DB Design Work performed by the Design Professionals; and (e) existing conditions which were or should have been known to the D&C Contractor; provided, however, that nothing in the D&C Contract shall impact the ability of the D&C Contractor to seek Equivalent Project Relief for events and delays for which Primary Project Relief is provided in the Lease Agreement to the Borrower.

e. ***Liquidated Damages*** (Section 10.10 of the D&C Contract)

The Borrower and the D&C Contractor recognize that the delay damages to the Borrower which would result from the D&C Contractor's failure to achieve completion of any of the Liquidated Damages Milestone Events are uncertain and cannot be calculated exactly and have agreed that, in lieu of actual damages and subject to the Borrower to seek the Borrower's Direct Damages, if the D&C Contractor shall have failed to achieve any Liquidated Damages Milestone Events by the applicable Milestone Event Dates (as the same may be adjusted pursuant to the D&C Contract) of the D&C Contract and after expiration of a thirty (30) Day grace period, the D&C Contractor shall pay to the Borrower, as liquidated damages and

not as a penalty, with respect to each Liquidated Damages Milestone Event, the applicable Liquidated Damages subject to the Liquidated Damages Cap.

For avoidance of doubt, in the event that the D&C Contractor does not achieve the applicable Liquidated Damages Milestone Event after the expiration of such grace period, then the Liquidated Damages corresponding to such Liquidated Damages Milestone Event shall begin to be assessed against the D&C Contractor starting from the Liquidated Damages Milestone Event Date and for each Day thereafter that the D&C Contractor has not achieved such Liquidated Damages Milestone Event. The Borrower shall have the right to withhold from any sums due to the D&C Contractor under the D&C Contract the amount of Liquidated Damages then due to the Borrower, and apply the same towards payment of such Liquidated Damages. Liquidated Damages shall be assessed for each Day that the D&C Contractor fails to achieve each specific Liquidated Damages Milestone Events (subject to the grace period) until such Liquidated Damages Milestone Events is achieved, or the Liquidated Damages Cap is reached.

The Borrower and the D&C Contractor further acknowledge that the amount of Liquidated Damages provided for represents fair and reasonable consideration under the circumstances existing as of the date of the D&C Contract, and that such sum represents the Borrower's best estimate as of the date of the D&C Contract of the Borrower's damages for delay in the event of the D&C Contractor's failure to achieve any Liquidated Damages Milestone Events by the applicable Milestone Event Dates.

The Borrower and the D&C Contractor acknowledge and agree that the Liquidated Damages relate only to damages to the Borrower caused by the D&C Contractor's delay in achieving any Liquidated Damages Milestone Event by the applicable Milestone Event Date (as the same may be adjusted); provided however, that such Liquidated Damages are not intended to, and, subject to the limitation of liability set forth in the D&C Contract, shall not limit the Borrower's recovery from the D&C Contractor under the terms of the D&C Contract for any direct damages to complete the DB D&C Work arising out of a termination in whole or in part as set forth in the D&C Contract, less the Borrower's extended staffing costs and third-party consultant costs (collectively, the "Borrower Direct Damages");

- (a) if the D&C Contractor is terminated in whole for cause by reason of an Event of Default in accordance with the terms of the D&C Contract, then subject to and without limitation of the Borrower's rights under the D&C Contract to assess Liquidated Damages, the Borrower shall be entitled to recover (i) any Liquidated Damages that have accrued but not been previously recovered by the Borrower, and (ii) the Borrower Direct Damages; and
- (b) if the Borrower issues a partial termination of the DB D&C Work for cause by reason of an Event of Default in accordance with its rights under the D&C Contract, then subject to and without limitation of the Borrower's rights under the D&C Contract to assess Liquidated Damages, the Borrower shall be entitled to recover (i) any Liquidated Damages that have accrued but not been previously recovered by the Borrower, and (ii) the Borrower Direct Damages for completion of the terminated portion of the DB D&C Work.

The Borrower and the D&C Contractor acknowledge and agree that except for the waiver of consequential damages within the D&C Contract, the Liquidated Damages shall be the Borrower's sole remedy for the consequential damages resulting from the D&C Contractor's failure to achieve any Liquidated Damages Milestone Events by the applicable Milestone Event Dates.

The Liquidated Damages due to the Borrower from the D&C Contractor shall not exceed the Liquidated Damages Cap. Notwithstanding anything to the contrary in the D&C Contract, the Liquidated

Damages Cap shall not apply and shall not in any way limit the amount of the Borrower's recovery of Liquidated Damages for: (i) the D&C Contractor's gross negligence or willful misconduct, (ii) claims covered by the D&C Contractor's insurance required to be maintained pursuant to the D&C Contract, (iii) the D&C Contractor's failure to continue to perform services in an event of dispute (provided that the Borrower continues to make undisputed payments to the D&C Contractor), (iv) the D&C Contractor's failure to assign Subcontracts to the Borrower upon termination, (v) the D&C Contractor preventing the Borrower's personnel reasonable access to any portion of the Project Site or DB D&C Work, and/or (vi) the D&C Contractor breaching any anti-bribery and anti-corruption laws, including OFAC. Further, notwithstanding anything to the contrary, the Liquidated Damages Cap shall not be construed to limit the amount the Borrower is entitled to recover for cost overruns.

The limitation of liability for Liquidated Damages to the Liquidated Damages Cap shall apply only to delay claims alleged by the Borrower directly against the D&C Contractor, and nothing in the D&C Contract shall be construed to limit the Borrower's rights of recovery against any third-parties or any Subcontractor, including without limitation the Borrower's claims as third-party beneficiary of any Subcontract, except as may be contained in any limitation of liability expressly included in any Subcontract approved in writing by the Borrower.

#### **11. WARRANTY; NONCONFORMING WORK** *(Article 11 of the D&C Contract)*

The D&C Contractor shall be responsible for the recertification of all Nonconforming Work, including, to the extent necessary, through removal and/or replacement, whether discovered by the D&C Contractor, the Borrower, or by the Port Authority. With respect to the DB D&C Work, the D&C Contractor warrants and guarantees to the Borrower the same Warranty that the Borrower provides the Port Authority pursuant to the Lease Agreement. The D&C Contractor warrants and guarantees (the "Warranty") to the Borrower and Port Authority as follows:

- i. the design of the Project shall satisfy the requirements of the Lease Agreement, D&C Contract, the Requirements and Provisions for Work and the other Project Documents;
- ii. all D&C Work including materials and equipment furnished as part of the construction, shall be (A) complete and conform to Best Management Practice, (B) new or approved recycled materials, of good quality, in conformance with Good Order Requirements, Applicable Laws, Applicable Standards, the Lease Agreement, the D&C Contract, the Requirements and Provisions for Work and the other Project Documents, and (C) once completed, free of all Defects in design, materials and workmanship and fit for its intended purpose; and
- iii. the Final Design Documents, including all final Construction Applications approved by the Port Authority shall (A) be accurate and complete, (B) comply with the requirements of the Project Documents, and (C) accurately reflect the condition of the Project as of the Completion Date.

The "Warranty Period" with respect to each Phase shall be for a term of two (2) years from the issuance by the Port Authority of the Phase 1 Completion Certificate or the Completion Certificate, as applicable, or for such term as is required by the PDD, but, with respect to any portion of the DB D&C Work that is repaired or replaced during such two (2) year period, such term shall be for two (2) years from the date of repair or replacement of such portion of the DB D&C Work, but in no event more than four (4) years from the date of commencement of the original warranty; provided that the Warranty with respect to any Installation Portion or Partial Occupancy Portion that has achieved partial completion prior to the Phase 1 Completion Date or the Completion Date, as applicable shall commence from the issuance by the Port

Authority of a “Temporary Certificate of Authorization to Occupy or Use” with respect to such Installation Portion or Partial Occupancy Portion, as applicable.

If (i) any DB D&C Work is identified as being Nonconforming Work during the Warranty Period, or (ii) a Defect in the DB D&C Work encompassed by the Warranty has occurred during the applicable Warranty Period, then at any time during the DB D&C Work Period with respect to clause (i) and at any time during the Warranty Period and thereafter during the Warranty Period with respect to clause (ii) as applicable, the Borrower or the Port Authority shall be entitled to require that the D&C Contractor, at its sole expense, rectify such Nonconforming Work or Defect, as applicable. The D&C Contractor shall prepare and submit for the Borrower’s and the Port Authority’s approval a corrective action plan meeting the requirements of the D&C Contract (a “Corrective Action Plan”) developed by the D&C Contractor with respect to such Nonconforming Work or Defect in the DB D&C Work, as applicable.

The D&C Contractor shall, within three (3) Days of its receipt of notice of the approval of a Corrective Action Plan, implement the Corrective Action Plan approved by the Borrower and the Port Authority, the Issuing Agent (as such term is defined in the General Provisions) if the Port Authority is not such Issuing Agent and by the Architect/Engineer of Record (as such term is defined in the General Provisions), and shall make any and all repairs or replacements of such DB D&C Work, including the repair and replacement of any and all damage caused by such repair or replacements, to the satisfaction of the Borrower (and, if required by the Lease Agreement, the Port Authority) and at the D&C Contractor’s sole cost and expense.

If the D&C Contractor fails within ten (10) Business Days after receipt of written notice from the Borrower or the Port Authority of any Nonconforming Work or Defect, as applicable, to provide a Corrective Action Plan acceptable to the Borrower and the Port Authority or thereafter fail to commence and diligently continue and complete the correction of such Nonconforming Work or Defect, as applicable, pursuant to, and within the time permitted in the Corrective Action Plan, the Borrower, or the Port Authority, in accordance with their rights to self-help or backcharge, shall be entitled to rectify such Nonconforming Work or Defect, as applicable.

In the event that the D&C Contractor fails to make the foregoing payment or reimbursement to the Borrower (or the Port Authority) for costs incurred to rectify Nonconforming Work, then in addition to all other rights and remedies, the Borrower will be entitled to draw upon (or shall draw upon, wherever it may be required under the Lease Agreement) the D&C Letter of Credit (or other such security) furnished by the D&C Contractor and pay all or a portion of such amounts over to the Port Authority, if required by the Lease Agreement.

In the event that the D&C Contractor’s or any Subcontractor’s failure to perform any of the DB D&C Work in accordance with the terms of the D&C Contract causes or results in a Defect or Nonconforming Work, and the D&C Contractor fails to correct such Defect or Nonconforming Work after receipt of written notice from the Borrower that the Borrower intends to perform such work and expiration of a three (3) Day opportunity to cure, the Borrower shall be entitled to recover the actual, necessary and reasonable costs it incurs to correct such Defect or Nonconforming Work. If the Borrower or the Port Authority determines that an Emergency exists which requires more immediate action than the D&C Contractor is able to provide, the Borrower or the Port Authority may, with prompt notice to the D&C Contractor, perform or cause to be performed such repairs or replacements, in which event the D&C Contractor shall compensate the Borrower or the Port Authority for the cost thereof, on demand.

Any repairs or replacements that the D&C Contractor is required to make pursuant to the D&C Contract shall be completed by the D&C Contractor even if such repairs or replacements may not be completed until after the expiration of the Warranty Period. The Warranty Period solely for the portion or

element of work requiring repair or replacement shall be deemed extended for any repair or replacement, subject to the outside date set forth above. The obligations of the D&C Contractor to make repairs or replacements shall not be satisfied by the payment of money to the Borrower. If the Borrower determines that any materials or equipment installed as part of the DB D&C Work are inherently defective or not fit for their intended use and thus being incapable of repair, then the D&C Contractor shall, upon notification by the Borrower of such determination, furnish and install a replacement for such materials or equipment. The Borrower may, if it so elects, specify the manufacturer and the trade name or model number of the replacement for such materials or equipment provided the replacement is of similar quality and cost as the original materials or equipment. In the event that the D&C Contractor fails to comply with any of the Warranty requirements set forth in the D&C Contract, the Borrower may, in addition to exercising all other legal and equitable remedies it may have, (1) deduct from any payment due or thereafter to become due to the D&C Contractor under the D&C Contract, the amount of damage, cost or expense that has been or, as reasonably estimated by the Borrower, incurred by the Borrower due to such failure by the D&C Contractor, and (2) perform or cause to be performed any needed repairs and replacements, in which event the D&C Contractor shall compensate the Borrower for the cost thereof, on demand. The D&C Contractor hereby expressly waives all claims that its guaranty or any of its Warranties were impaired due to any corrective work performed by, or at the direction of, the Borrower.

The D&C Contract's Warranty provisions shall survive Final Completion of the Project or the expiration or earlier termination of the D&C Contract.

## **12. INSURANCE** *(Article 12 of the D&C Contract)*

### **a. Owner Controlled Insurance Program** *(Sections 12.1.1 and 12.1.2 of the D&C Contract)*

The D&C Contractor is required during the term of the D&C Contract, and until receipt of written notice from the Borrower (if any), to comply with the insurance requirements set forth in the D&C Contract and the insurance requirements set forth in the Lease Agreement to the extent applicable to the D&C Contractor. The D&C Contractor shall be entitled to reimbursement for costs of maintaining such insurance at the costs set forth in the GMP. The D&C Contractor shall compensate the Borrower for any costs assessed by the Port Authority as a result of the D&C Contractor's failure to comply with the insurance requirements to the extent applicable to the D&C Contractor.

The Borrower has obtained an OCIP for the Project to provide for builder's risk, contractor's pollution liability, excess liability, general liability, and workers' compensation insurance. The Borrower must notify the D&C Contractor within seven (7) Days of any notice to cancel any insurance coverages to the extent specially obtained for the Project, and the D&C Contractor shall be reimbursed for any costs incurred through the date of the cancellation of the policies.

### **b. Contractor Professional Indemnity Insurance and Professional Liability Insurance** *(Section 12.1.3 and Exhibit 27 of the D&C Contract)*

The D&C Contractor shall, at a minimum, procure and maintain for six (6) years beyond the completion of all DB D&C Work (or as otherwise provided in the D&C Contract or the Lease Agreement) a project-specific contractor's protective professional indemnity insurance policy in the amount of Fifty Million Dollars (\$50,000,000), as approved by the Borrower. If such policy is not renewed or allowed to lapse, the D&C Contractor shall purchase a six (6) year Extended Reporting Period for the policy.

The Architect and Engineer of Record for the Project are separately required to provide professional liability insurance in the per claim and aggregate amount of Twenty Million Dollars (\$20,000,000). Such insurance policy need not be on a project-specific basis but shall be written on a claims-made basis and

maintained for a ten (10) year reporting/discovery period following the completion of each portion of the Project, and subject to the policy requirements of the Lease Agreement. Should such policy be a project specific professional liability policy, the aggregate limits of such policy will not be required to be reinstated annually.

c. ***Subcontractor Insurance Requirements (Section 12.5 of the D&C Contract)***

The D&C Contractor shall require any Subcontractors performing the DB D&C Work to provide either: (i) a surety bond, in each case in form and substance reasonably acceptable to the Borrower from a surety acceptable to the Borrower and the Port Authority, or (ii) as an alternative to requiring surety bonds from certain Subcontractors (as approved by the Borrower), the D&C Contractor shall obtain Subcontractor Default Insurance (“SDI”) ((i) and (ii) collectively, the “Subcontractor Construction Security”), in a form and amount satisfactory to the Borrower, and including a financial endorsement in favor of the Borrower and the Senior Collateral Agent. The Subcontractor Construction Security shall expressly name the Borrower or the Senior Collateral Agent, as applicable, as assignee beneficiaries, transferee beneficiaries, additional obligees or other applicable type of beneficiaries thereof with the right to enforce such security (a) upon an Event of Default (under the D&C Contract and the Lease Agreement) caused by the D&C Contractor or its Subcontractors, or (b) with respect to Subcontracts to which the Borrower is a third-party beneficiary or is enforcing indemnity rights, upon a material breach by the D&C Contractor of its obligations under the D&C Contract. All Subcontractor Construction Security must provide that such Subcontractor Construction Security may be transferred by the Borrower to the Port Authority as transferee beneficiary in the event that the Port Authority succeeds to the position of the Borrower under the D&C Contract or Subcontractor Construction Security must be re-issued in favor of the Port Authority. The D&C Contractor shall deliver a duplicate original of each such Subcontractor Construction Security to the Borrower and the Port Authority before its effective date. The existence of any such Subcontractor Construction Security shall not limit or alter any other remedies of the Borrower or the Port Authority under the D&C Contract or Applicable Law.

The D&C Contractor shall provide subcontractor payment and performance bonds for the amount of the Direct DB D&C Work, or, alternatively enroll such Subcontractor in SDI, with respect to select Subcontracts as determined mutually by the D&C Contractor and the Borrower. Such bonds shall (i) name the Borrower or the Senior Collateral Agent, as applicable, and any other entity reasonably requested by the Borrower, as an obligee, each withstanding to enforce the obligations undertaken by the Subcontractors and surety and the bonds, and (ii) provide that they may be transferred by the Borrower to the Port Authority as transferee beneficiary in the event that the Port Authority succeeds to the position of the Borrower under this Agreement or Subcontractor Construction Security must be re-issued in favor of the Port Authority.

As an alternative to payment and performance bonds (as and to the extent permitted under the Lease Agreement), and upon the Borrower’s written consent, the D&C Contractor may obtain SDI relative to the DB D&C Work. Subcontractors performing DB D&C Work that have a contract value greater than Forty Million Dollars (\$40,000,000) for DB D&C Work shall be excluded from enrollment in SDI. The D&C Contractor may reasonably request that the Borrower approve the exclusion of certain other Subcontractors from the SDI program and instead such Subcontractor shall be required to provide payment and performance bonds in a form acceptable to the Borrower. Such decision to exclude a Subcontractor shall be based on agreement between the D&C Contractor and the Borrower; provided, however, that the D&C Contractor may exclude certain Subcontractors from the SDI program when they present the list of bidders to the Borrower. The costs of payment and performance bonds and SDI, as applicable, shall not be included in the General Conditions Costs or General Requirements Costs, provided however, the cost of SDI and payment and performance bonds shall be included in the GMP. Proof of SDI or payment and performance bonds shall be furnished to the Borrower before commencement of the DB D&C Work by any entity required to obtain such SDI or payment and performance bonds.

In the event the Borrower directs the D&C Contractor to engage a particular Subcontractor who (i) is excluded by the SDI program insurer from the SDI program, and (ii) cannot furnish performance and payment bonds satisfactory to the Borrower issued by sureties licensed to transact the business of a surety in the State where the Project is located; then the Borrower (x) shall bear all risk for that Subcontractor's default, including all increased costs, charges and extensions of the Milestone Event Dates arising out of such Subcontractor's default, and to the extent such default delays the critical path of the Project and cannot be mitigated, (y) if necessary, shall issue a Change Order(s) for such increased costs, and/or extension of the Milestone Event Dates.

**d. *Builder's Risk Insurance (Section 12.2.1 of the D&C Contract)***

The Borrower shall purchase and maintain builder's risk insurance in accordance with the D&C Contract. The Borrower shall pay costs not covered because of such deductibles. However, the Borrower shall be entitled to backcharge the D&C Contractor up to One Hundred Thousand Dollars (\$100,000) in builder's risk deductibles for each claim made against the Borrower's builder's risk policy in any event that any actions of the D&C Contractor or any Subcontractor(s) results in a builder's risk claim. If the D&C Contractor fails to pay any such deductible or backcharge any responsible Subcontractor for the same, the Borrower shall be entitled to withhold the same against a progress payment. The builder's risk insurance shall cover portions of the DB D&C Work stored off the Project Site, and also portions of the DB D&C Work in transit, so long as storage and transit are within the contiguous United States.

**e. *Pollution Legal Liability Insurance (Section 12.2.2 of the D&C Contract)***

Unless otherwise provided, the Borrower has procured the pollution legal liability insurance. The Borrower shall pay costs not covered because of such deductibles, provided, however, the Borrower shall be entitled to backcharge the D&C Contractor up to One Hundred Thousand Dollars (\$100,000) in pollution legal liability deductibles for each claim made against the Borrower's pollution policy in any event that any actions of the D&C Contractor or any Subcontractor(s) results in a pollution policy claim. If the D&C Contractor fails to pay any such deductible or back charge any responsible Subcontractor for the same, the Borrower shall be entitled withhold the same against a progress payment.

**13. INDEMNITY (Article 13 of the D&C Contract)**

**a. *Indemnity arising from the Lease Agreement (Section 13.1.2 of the D&C Contract)***

To the extent required by the Lease Agreement and permitted by law, the D&C Contractor shall defend, indemnify and hold the Indemnitees harmless for all Claims and Losses for matters related to the DB D&C Work or the D&C Contractor or its Subcontractors.

**b. *Other Indemnity Requirements (Section 13.1.1 of the D&C Contract)***

To the fullest extent permitted by law, the D&C Contractor shall indemnify, defend, and hold harmless each of the Indemnitees, from and against any and all Claims and Losses that may be incurred by any of the Indemnitees as a result of, in connection with, or as a consequence of: (i) the negligent performance of the DB D&C Work; (ii) the infringement of any Intellectual Property right arising out of the performance of any of the DB D&C Work; (iii) the negligence or willful misconduct of the D&C Contractor or its Subcontractors; (iv) personal injury or property damage; and (v) the failure to comply with the applicable terms of the Lease Agreement or the Basic Lease or causing the Borrower to fail to comply with the terms of the Lease Agreement or the Basic Lease or to pay any amounts due thereunder. Each of the foregoing (i)–(v) shall be referred to as a "Recovery Action." The D&C Contractor is contractually obligated to include in each Subcontract an indemnity provision substantially similar to the provisions in

the D&C Contract, which shall also expressly provide that the Subcontractor thereunder shall defend, indemnify and hold harmless the Indemnitees, in addition to the D&C Contractor, and that the Indemnitees are third-party beneficiaries of such provision.

#### **14. PAYMENTS TO D&C CONTRACTOR** (*Article 14 of the D&C Contract*)

In consideration of the D&C Contractor's performance of the DB D&C Work and its other obligations under the D&C Contract, the Borrower shall pay to the D&C Contractor the Base Fee, in addition to payments for the Cost of the DB D&C Work, which shall be a fee in an amount equal to Seventy-Two Million Nine Hundred Four Thousand Nineteen Dollars (\$72,904,019), adjusted for fees paid under the Interim Agreement and subject to adjustment as provided in Article 7 of the D&C Contract. In no event shall the D&C Contractor be entitled to receive a Base Fee from the Borrower on account of the costs of insurance or SDI. The Base Fee shall be paid to the D&C Contractor monthly according to the Monthly Cost Projections agreed to between the Borrower and the D&C Contractor. The Borrower may withhold retainage on the Base Fee through fifty percent (50%) completion of the Project, as reasonably determined by the Borrower.

In addition to Base Fee, the Borrower is obligated to reimburse the D&C Contractor for other costs, including without limitation General Conditions Costs, General Requirements Costs, insurance costs (to the extent not already contemplated by the Borrower's OCIP and otherwise required under the D&C Contract), and Direct DB D&C Work Costs (including Subcontractor security – bonds and SDI – up to an amount not to exceed one and one-quarter percent (1.25%) of the aggregate Direct DB D&C Work Cost). The D&C Contractor shall not be entitled to receive any Base Fee on the Cost of the DB C&C Work to the extent attributable to the D&C Contractor's or any Subcontractor's overtime added by a Change; provided nothing shall impact the D&C Contractor's ability to seek Equivalent Project Relief for events and delays for which Primary Project Relief is provided in the Lease Agreement to the Borrower. Subcontractors who incur overtime fees, however, are precluded from making claims for Equivalent Project Relief.

#### **15. GUARANTEED MAXIMUM PRICE (“GMP”), SUBCONTRACTOR BUYOUT AND PAYMENTS** (*Article 15 of the D&C Contract*)

##### **a. The GMP** (*Sections 15.4 and 15.7 of the D&C Contract*)

The GMP for the design and construction of the DB D&C Work is Two Billion Three Hundred Twenty Million Eight Hundred Ninety-Eight Thousand Five Hundred Sixty-Nine Dollars (\$2,320,898,569). The GMP includes One Hundred Fifteen Million One Hundred Seventy-One Thousand Seven Hundred Forty-One Dollars (\$115,171,741) paid or to be paid by the Borrower to the D&C Contractor pursuant to the Interim Agreement. The contract value of the D&C Contract, as opposed to the GMP amount, is therefore Two Billion Two Hundred Five Million Seven Hundred Twenty-Six Thousand Eight Hundred Twenty-Eight Dollars (\$2,205,726,828). The GMP is premised upon the D&C Contractor's Qualifications and Assumptions.

The D&C Contract also allows the Borrower to elect to add the Add Alternates to the GMP. In the event the Borrower makes such election the Borrower (and it is approved by the Port Authority, if applicable), the Borrower and the D&C Contractor shall execute a Change Order for the Add Alternate amount determined by the Borrower and the D&C Contractor (“Add Alternate(s) Lump Sum”), and all work required by the Add Alternates shall become part of the DB D&C Work and shall be subject to the terms and conditions of the D&C Contract. To the extent the aggregate Changes and Add Alternates exceed the Covered Increase Amount, the D&C Contractor shall be entitled to a Base Fee, General Conditions Costs, General Requirements Costs and Construction Contingency for each Add Alternate. Notwithstanding anything else in the D&C Contract, if the Borrower elects to add an Add Alternate, the

D&C Contractor agrees to (i) make no claim for any payment, reimbursement, or damage relating to any Add Alternates, other than for the amount reflected in the Change Order and (ii) submit a revised Schedule of Values subject to the Borrower's approval, incorporating the Add Alternates.

Should the aggregate of the actual Cost of the DB D&C Work, the Base Fee, and other costs and expenses payable to the D&C Contractor under the D&C Contract exceed the GMP, subject to permissible adjustments under the same, the D&C Contractor shall pay for and bear the entire amount of excess.

**b. *Contingency (Sections 15.9 and 15.10 of the D&C Contract)***

The Borrower has provided a Construction Contingency for the Project in the amount of Eighty-Seven Million Five Hundred Sixty-Seven Thousand Three Hundred Seventy-Six Dollars (\$87,567,376) plus any amounts added under the terms of the D&C Contract. The D&C Contractor shall provide an explanation to the Borrower on a monthly basis in connection with the payment application process when it utilizes funds from the Construction Contingency. Provided that the D&C Contractor has achieved Final Completion, any Construction Contingency that is unused upon Final Completion of the DB D&C Work shall be paid to the D&C Contractor ("Construction Contingency Savings"). The Borrower shall at all times have the right to reasonably disallow the D&C Contractor's utilization of the Construction Contingency to the extent that the Borrower concludes that the costs to be paid do not qualify as part of the Cost of the DB D&C Work.

The D&C Contractor may not use the Construction Contingency to pay for Material Borrower Changes or Equivalent Project Relief. As discussed in subsection (e) below, the Construction Contingency may also be increased in the event that "Buyout Savings," defined as the greater of zero or the sum of money that remains in the GMP's subtrade budget (*i.e.*, the sum of all subtrade budgets in the GMP) after all subtrades are procured, exist; provided that the Borrower is also entitled to 50% of such Savings before they form part of the Construction Contingency.

**c. *No Escalations (Section 15.5 of the D&C Contract)***

Escalations in the costs of labor and/or materials, regardless of the cause for such escalations, including without limitation Unavoidable Delays, shall not constitute a Change or entitle the D&C Contractor to a Change Order or additional compensation of any nature, other than as may be available through Equivalent Project Relief.

**d. *Allowances and Exposure Holds (Section 15.6 of the D&C Contract)***

The Borrower and the D&C Contractor acknowledge that the Allowances, Allowance Items and Total Allowance Amount may fluctuate due to a number of circumstances, including the fact that the Borrower may not have yet selected the exact type or quantity of such materials, equipment or other items. No Allowance or portion of Allowance shall be committed without the prior written authorization of the Borrower, which shall be through the use of a Change Order. Once an Allowance Item has been adjusted in accordance with the D&C Contract, the Allowance shall be deemed closed. To the extent an Allowance Amount is insufficient to cover the scope of work, then the GMP will be increased by Change Order. If the line item amount is less than the Allowance, the GMP shall be decreased (and the Construction Contingency shall not be increased) by an amount equal to the amount by which the Allowance is less than the line item. Accordingly, the Borrower is taking the risk for Allowance overruns that would increase the GMP. Any additional costs to the Borrower as a result of such increase in the cost of the Allowance Item may also be funded through certain unallocated contingencies which may be available for any and all Project related activities.

The Direct DB D&C Work Cost contains certain, but not all that will be implemented, individual trade contingency amounts (each an “Exposure Hold”) to cover unforeseen costs with respect to certain identified elements of a Subcontractor’s scope of work, which Exposure Hold may or may not (as determined by the Borrower) be contained in the applicable Subcontract price. An Exposure Hold may only be spent for the element of work for which it is established and only upon prior notice to and approval by the Borrower in writing. Any costs in excess of an Exposure Hold to complete the element of work for which it is established shall be: (i) funded first from available, unused Exposure Holds; and (ii) after such Exposure Holds are exhausted, funded second from any Buyout Savings; and (iii) after exhausting the aforementioned avenues, funded third by the D&C Contractor. In the event and to the extent that funds allocated to Exposure Holds remain available after such DB D&C Work allocated to Exposure Holds is fully performed, the unused exposure hold shall be allocated to Buyout Savings.

*e. Trade Procurement (Section 15.11 of the D&C Contract)*

Notwithstanding that the GMP shall contain a trade breakdown, the completion of the DB D&C Work for the GMP is being guaranteed with respect to the total cost of the DB D&C Work and not the cost for each or any component or part thereof. As Subcontracts are awarded for each of the trades shown in the trade breakdown which were not awarded prior to the establishment of the GMP, the trade breakdown shall be adjusted as follows:

(i) Promptly after all Subcontracts have been awarded and all exposure holds have been resolved, the Borrower shall issue a Change Order reallocating the sum of awards. Any Buyout Savings (excluding savings attributable to value analysis agreed to with the Port Authority) will be split fifty percent (50%) to the Borrower (through a deductive change order reducing the GMP) and fifty percent (50%) to Construction Contingency.

(ii) If, after all of the Subcontracts have been awarded, the total net amount as awarded is greater than the amount shown on the trade breakdown, the costs will be borne by the D&C Contractor.

*f. Progress Payments (Section 15.13 of the D&C Contract)*

By no later than the twenty (20th) Day of each month during the Construction Phase, the D&C Contractor shall submit to the Borrower and the Borrower’s Representative a preliminary Application for Payment for DB D&C Work completed and projected to be completed in such month, in accordance with the respective Schedule of Values, in a form acceptable to the Borrower. The D&C Contractor shall receive, review, and recommend for payment, in whole or in part, all Subcontractors’ pay requests and assemble all costs on a monthly basis into a single Application for Payment. The D&C Contractor shall meet with the Borrower and the Borrower’s Representative within five (5) Days after the receipt by them of such preliminary Application for Payment to review same. On or before the fifth (5th) Day of immediately succeeding month, the D&C Contractor shall submit to the Borrower and the Borrower’s Representative a final form of the Application for Payment based on the aforesaid preliminary copies and incorporating any changes thereto agreed upon during such review meeting. Subject to timely submission by the D&C Contractor of the completed Application for Payment and the Borrower’s right to withhold including for required Subcontractor Retainage and retainage on Base Fee, the Borrower shall pay the D&C Contractor the undisputed amount for each progress payments approved by the Borrower within thirty (30) Days after receipt of the final Application for Payment. Provisions in the D&C Contract governing the timing of payment expressly supersede any New York state ‘Prompt Payment Laws’ in their entirety.

***g. The Borrower's Right to Withhold Payments (Section 15.16.1 of the D&C Contract)***

If any one or more of the following conditions exist:

- (a) Nonconforming Work has not been remedied within a reasonable period following a written request to do so, or as otherwise required by the DB Project Documents;
- (b) the DB D&C Work has not progressed to the point indicated in an Application for Payment;
- (c) third party claims have been filed or reasonable evidence exists indicating likelihood of the filing of such claims;
- (d) failure of the D&C Contractor to make payments to Subcontractors or Suppliers for DB D&C Work performed or labor or materials furnished for the D&C Contractor in accordance with the relevant Subcontract and Applicable Laws, provided the Borrower has previously made payment to the D&C Contractor for such amounts under the DB Project Documents;
- (e) damage to the property of the Borrower, the Port Authority or any Separate Contractor caused by the D&C Contractor or any Subcontractor which has not been repaired within a reasonable time following a written request to do so, or as otherwise required by the DB Project Documents;
- (f) failure to carry out the DB D&C Work in accordance with the DB Project Documents;
- (g) filing by any of the D&C Contractor's laborers, Suppliers, Subcontractors or their sub-subcontractors of a mechanic's lien against the Project Site, and the D&C Contractor has not caused the lien to be discharged; the amount withheld shall equal 150% of the amount of the lien plus any reasonable expenses which may be incurred in discharging the lien, provided Borrower has previously made undisputed payments to the D&C Contractor for such amount;
- (h) an Event of Default shall have occurred; or
- (i) failure of the D&C Contractor to provide the Borrower with satisfactory release and lien waivers;

The Borrower may (i) disapprove, in whole or in part, a Certificate for Payment; (ii) otherwise decide to withhold payment, in whole or in part, from the D&C Contractor; or (iii) nullify the whole or a part of a payment previously made because of subsequently discovered evidence or subsequent observations, in each case to the extent reasonably necessary to protect the Borrower from the losses arising from or relating to a default by the D&C Contractor or its Subcontractors.

Regarding the amounts withheld for items mentioned in clauses (a), (c), (d), (e), (f), (h), and (i) immediately preceding this paragraph, the Borrower shall be entitled to withhold the estimated value of such items, and for all other items, the Borrower shall be entitled to withhold an amount reasonably related to the grounds for disapproval.

If the conditions giving rise to the Borrower's disapproval, withholding, or nullification have been cured however, payment will be made of the applicable withheld amounts, subject to the Borrower's right to withhold payment as may be provided elsewhere in the D&C Contract.

In addition to any right of setoff provided by law, the Borrower may also deduct any amounts due or to become due from the D&C Contractor to the Borrower or its Affiliates from any sums or damages due or to become due from the Borrower to the D&C Contractor under the D&C Contract. No progress payments made shall constitute the Borrower's or Port Authority's final acceptance or approval of the DB D&C Work or a waiver of any of Borrower's or the Port Authority's respective rights or remedies, with respect to the DB D&C Work.

## **16. DISPUTE RESOLUTION** *(Article 16 of the D&C Contract)*

### **a. Disputes Related to the Port Authority and Lease Agreement** *(Section 16.1.1 and 16.5 of the D&C Contract)*

Any dispute that is subject to the dispute resolution procedures set forth in the Lease Agreement will be resolved in accordance with the Lease Agreement, including but not limited to the provisions of the Lease Agreement governing disputes involving technical or engineering matters that are subject to resolution by the Chief Engineer, provisions of the Lease Agreement involving a dispute or disagreement regarding Other Redevelopments, and provisions of the Lease Agreement providing the right of joinder for certain disputes under the D&C Contract.

### **b. Dispute Resolution Process** *(Section 16.2 of the D&C Contract)*

In the event of a dispute between the D&C Contractor and the Borrower arising from or in connection with the D&C Contract that is not subject to Section 16(a) of Appendix G of this Official Statement, such dispute will be subject to the dispute resolution process set forth below. For the avoidance of doubt, the dispute resolution procedure shall apply only to Disputes directly between the D&C Contractor and the Borrower and, if at any time during the pendency of such Dispute, the Dispute becomes subject to the provisions governing disputes related to the Port Authority and the Lease Agreement, the terms of this Section 16(b) of Appendix G of this Official Statement shall cease to apply and such Dispute shall be governed by the provisions governing disputes related to the Port Authority and the Lease Agreement.

The D&C Contractor and the Borrower are fully committed to working with each other throughout the performance of the DB D&C Work and agree to communicate regularly with each other at all times so as to avoid or minimize Disputes. If Disputes do arise, the D&C Contractor and the Borrower each commit to resolving such Disputes in an amicable, professional and expeditious manner so as to avoid unnecessary losses, delays and disruptions to the DB D&C Work

The D&C Contractor and the Borrower will first attempt to resolve any through discussions between representatives of each party (the "D&C Contractor's Dispute Representative" and the "Borrower's Dispute Representative," respectively), which discussions shall conclude within five (5) Days of the written request to meet unless the D&C Contractor and the Borrower mutually agree otherwise.

If a Dispute cannot be resolved through the D&C Contractor's Dispute Representative and the Borrower's Dispute Representative, then, upon the request of either party, senior representatives from each party (the "Senior Representatives"), each with the necessary settlement authority within their own organizations to fully resolve the Dispute on behalf of their respective organizations, shall meet as soon as possible, but in no case later than ten (10) Days after such a request is made, to attempt to resolve such Dispute. Three (3) Days prior to any meetings between the Senior Representatives, the parties will exchange relevant information that will assist the parties in resolving their Dispute.

Engagement in the foregoing dispute avoidance and resolution procedures is a condition precedent to a Party's right to refer a Dispute to mediation or litigation.

If, after meeting, the Senior Representatives determine that the Dispute cannot be resolved on terms satisfactory to both parties, either party may demand that the other party attend a mediation session and attempt to negotiate a resolution of the Claim. The D&C Contractor and the Borrower shall use best efforts to select a neutral mediator acceptable to both the D&C Contractor and the Borrower. In the event no such acceptable neutral mediator is selected, the parties shall request a mediator be assigned by the American Arbitration Association. If the Claim is not resolved pursuant to mediation within thirty (30) Days (or such longer period as reasonably agreed to by the parties) from the request for a mediation session made pursuant to that Section, then the Claim shall be resolved by recourse to litigation. Engagement in the mediation procedures is a condition precedent to a party's right to commence litigation pursuant to Section

If, after engaging in the mediation procedures required pursuant to the D&C Contract, the dispute remains unresolved, the dispute will be finally decided by litigation in any New York State court or the U.S. District Court for the Southern District of New York sitting in the City and County of New York, and any appellate court from any thereof, unless the Borrower and the D&C Contractor mutually agree otherwise. Each party will bear its own attorneys' fees and costs in any dispute or litigation arising out of or pertaining to the D&C Contract and no party will seek or accept an award of attorneys' fees or costs except as otherwise expressly provided in the D&C Contract.

***c. Cooperation with the Borrower in the Event of a Dispute (Section 16.4.1 of the D&C Contract)***

In the event of any dispute, claim or potential claim with any Subcontractor, Separate Contractor, Managed Contractor or other Person arising from the DB D&C Work, in which the D&C Contractor and the Borrower are not in conflict over such dispute, claim, or potential claim, the D&C Contractor shall: (i) promptly give notice to the Borrower of any such dispute, claim, or potential claim; (ii) cooperate with and provide general assistance in connection with the Borrower's efforts to resolve such dispute, claim, or potential claim; and (iii) resolve any such dispute, claim, or potential claim in accordance with the Borrower's directions.

***d. Continued Performance Obligation in the Event of a Dispute (Section 16.2.4 of the D&C Contract)***

Pending final resolution of a Claim, including without limitation through mediation and litigation or otherwise, and unless otherwise agreed to in writing by the Borrower and the D&C Contractor, the D&C Contractor shall proceed diligently with performance of the DB D&C Work and the Borrower shall continue to pay those undisputed sums due to the D&C Contractor in accordance with the D&C Contract. Should the D&C Contractor fail to continue to perform the DB D&C Work pending final resolution of a Claim, and notwithstanding anything to the contrary contained in the D&C Contract, the D&C Contractor shall be liable for all direct, indirect, and consequential damages sustained by the Borrower as a result of the D&C Contractor's breach.

**17. ACCOUNTING REQUIREMENTS (Article 17 of the D&C Contract)**

Article 17 of the D&C Contract sets forth the accounts and records requirements related to the DB D&C Work. In connection therewith, the D&C Contractor shall keep complete and detailed accounts and records of all costs included in the Cost of the DB D&C Work, which accounts and records shall be adequate to verify the amount and expenditure of such costs and in such form and detail as may be acceptable to the Borrower and the Technical Advisor. The D&C Contractor shall exercise such controls as may be reasonably necessary for proper financial management of the DB D&C Work. The D&C Contractor shall maintain a complete set of such accounts and records at the D&C Contractor's field office and institute appropriate back-up systems (hard copy and computerized) to safeguard the information. Promptly after a

request by the Borrower or the Technical Advisor, the D&C Contractor shall deliver to the requesting party supporting documentation, in both hard copies and computer readable format, for amounts paid or payable by the Borrower, including invoices and payroll records. The D&C Contractor shall also keep such accounts and records in such a manner as to comply with the requirements of the Lease Agreement, as applicable.

If an audit reveals overcharges to the Borrower by the D&C Contractor, the latter shall, upon demand, repay the Borrower the costs of such audit and all such overcharges, together with interest earned on such overcharges at the rate of three percent (3%) per annum from the date such overcharged amount was paid to or on behalf of the D&C Contractor.

## **18. BORROWER'S RESPONSIBILITIES** *(Article 18 of the D&C Contract)*

Article 18 of the D&C Contract sets forth the Borrower's responsibilities related to the DB D&C Work. In connection therewith, the Borrower shall timely and fully perform all of its obligations in the D&C Contract, including the provision of any approvals, consents, actions or input, so as to enable the D&C Contractor to perform its obligations under the D&C Contract. The Borrower shall promptly notify the D&C Contractor of faults or defect in the DB D&C Work or non-compliance with the DB Project Documents, but the failure to do so will not waive, modify, or otherwise affect the D&C Contractor's obligations or liability under the D&C Contract, or impose any liability on the Borrower.

The Borrower is also responsible for providing notices, information, materials, consents, approvals and communications applicable to the DB D&C Work as required by the Lease Agreement within the time set forth in the Lease Agreement where such notice, information, material, consent, approval or communication may impact the performance of the DB D&C Work by the D&C Contractor pursuant to the terms of the D&C Contract or the right or ability of the D&C Contractor to recover any sort of entitlements, adjustment, compensation or other relief pursuant to the terms of the Lease Agreement, in respect of which the failure by the Borrower to timely provide notice under the Lease Agreement would or does impact, waive, diminish or prevent recovery by the D&C Contractor of such entitlement, adjustment, compensation or other relief pursuant to the D&C Contract; provided, however, that this obligation is subject to the D&C Contractor providing such notices, information, materials, consents, approvals and communications to the Borrower in accordance with the schedule and timeframes set for advance submission to the Borrower as set forth in the D&C Contract and the other DB Project Documents, to enable the Borrower to have sufficient time for review or comment (as applicable) and submission to the Port Authority as required by the Lease Agreement.

### **a. Termination by the Borrower – For Cause** *(Section 19.1.1 of the D&C Contract)*

ii. Compensation to the D&C Contractor Upon Termination – For Cause

In the event of a termination of the D&C Contract for cause and subject to the Borrower's right to withhold payments to the extent permitted under the terms of the D&C Contract, the D&C Contractor shall be paid by the Borrower for the portion of the GMP incurred by the D&C Contractor in the performance of the DB D&C Work up to the date of termination and for all materials, supplies and equipment incorporated in the DB D&C Work and/or stored at the Project Site or at such off-site storage locations as shall have been approved by the Borrower in accordance with the provisions of the D&C Contract, it being understood that the D&C Contractor shall not be entitled to recover anticipated profits on account of the Base Fee, General Requirements Costs and/or the General Conditions Costs or the anticipated profits of Subcontractors for portions of the DB D&C Work unperformed or for materials or equipment unfurnished, nor for reimbursement for Losses arising out of matters covered by insurance. Notwithstanding the foregoing, the Borrower shall have no obligation to pay the D&C Contractor for any amount to be paid by the Port Authority in the event of such termination, unless and until the Borrower first receives such payment from the Port Authority pursuant to the Lease Agreement.

**c. *Termination by the Borrower – For Convenience (Section 19.1.4 of the D&C Contract)***

The Borrower also has the right to terminate the D&C Contract without cause at any time by giving the D&C Contractor written notice thereof. Upon receipt of such notice, the D&C Contractor shall suspend performance of the DB D&C Work as soon as reasonably practicable or on such later date as may be specified in such notice, and make every reasonable effort to prevent incurrence of any further costs; provided, however, in connection with such termination the D&C Contractor shall perform such acts as may be reasonably necessary to preserve and protect all existing DB D&C Work. Upon such termination without cause, the D&C Contractor shall retain all sums of money theretofore paid hereunder to the D&C Contractor, except if and to the extent such sums of money are due to Subcontractors or were paid in advance to the D&C Contractor prior to the payment becoming due to the D&C Contractor, in which event the D&C Contractor shall pay the same, immediately upon the Borrower's direction, to such Subcontractors or to the Borrower, and the Borrower shall pay to the D&C Contractor, subject to the Borrower's right to withhold payments to the extent permitted under the terms of the D&C Contract, (a) all retainages, if any, earned by the D&C Contractor except retainages as to any Subcontracts assumed by the Borrower hereunder; (b) a sum of money equal to the Cost of the DB D&C Work incurred hereunder by the D&C Contractor for which payments have not theretofore been made hereunder, including all reasonable costs

of demobilization, close-out and site stabilization costs; and (c) the pro rata portion of the Base Fee applicable to the DB D&C Work performed by the D&C Contractor through the effective date of such termination, including any “true up” thereof. In the event of such termination of this Agreement, the D&C Contractor shall not be entitled to receive anticipated profits on any DB D&C Work not yet performed or any damages, consequential or otherwise.

d. ***Termination by the D&C Contractor (Section 19.2 of the D&C Contract)***

The D&C Contractor shall have the right to terminate the D&C Contract for cause upon forty-five (45) Days’ prior written notice and opportunity to cure to the Borrower in the event that any undisputed amounts due to the D&C Contractor remain unpaid for more than forty-five (45) Days after the date the same becomes due to the D&C Contractor under the D&C Contract, and then only if the undisputed amount remaining unpaid shall not have been paid to the D&C Contractor by the end of such notice and cure period. Upon any such termination, the Borrower shall pay to the D&C Contractor within fifteen (15) Days of the D&C Contractor’s termination of the D&C Contract: (i) the Cost of the DB D&C Work due to the D&C Contractor for DB D&C Work performed through the date of termination, (ii) the Base Fee on (i) above, and (iii) actual, reasonable and demonstrated demobilization costs, close-out costs and costs incurred to protect or preserve the DB D&C Work.

e. ***Termination of the Lease Agreement and Remedial Plan (Sections 19.3 and 19.4 of the D&C Contract)***

In the event of a termination of the Lease Agreement entitling the Borrower to compensation from the Port Authority, the Borrower will (i) notify the D&C Contractor and work with the D&C Contractor in preparing any applicable claim for termination compensation, and (ii) to the extent practicable, provide the D&C Contractor with an opportunity to participate in the discussion and resolution of any claim with the Port Authority. In the event that the Port Authority pays the Borrower a claim for termination compensation attributable to the DB D&C Work performed by the D&C Contractor, then pursuant to the D&C Contract, the Borrower shall pay to the D&C Contractor the amounts paid to the Borrower by the Port Authority applicable to the DB D&C Work performed by the D&C Contractor.

If the Lessee desires for the Manager to provide additional services outside the scope of services required under the MSA, the Lessee will invite the Manager to submit a proposal identifying the estimated cost and staffing requirements for such additional services. In the event that, with respect to any calendar year, (a) the Lessee is assessed deductions under the Lease Agreement on account of the Lessee's failure to achieve the performance standards prescribed by the Lease Agreement, and (b) the failure to achieve such performance standards was caused by the failure of the Manager to perform the services in accordance with Best Management Practice, the Lessee may

reduce the Management Fee payable to the Manager in respect of such year by the amount of such deductions that is attributable to the failure of the Manager to perform its services in accordance with Best Management Practice.

In the event that, with respect to any calendar year, the Lessee receives a financial bonus under the Lease Agreement on account of the Lessee's achievement of the incentive key performance indicators prescribed by the Lease Agreement, the Lessee will increase the Management Fee payable to the Manager in respect of such year by the amount of such financial bonus.

under the MSA exceeding a certain liability cap in certain periods or the Manager no longer qualifying as a Qualified Terminal Operator under the Lease Agreement. In the event of a Manager event of default, the Lessee shall have the right to terminate the MSA in addition to exercising any rights the Lessee may have at law or in equity.

## APPENDIX I

### BOOK-ENTRY ONLY SYSTEM

*The Role of DTC.* Cede & Co., as nominee for DTC, will hold the Series 2024 Bonds.

*The Function of DTC.* DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's Rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com). No information available on or through such website shall be deemed to be part of or incorporated in this Official Statement.

*The Rules for Transfers Among DTC.* Transfers between DTC participants will occur in accordance with DTC rules.

*DTC Will Be the Holder of the Series 2024 Bonds.* Purchases of the Series 2024 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2024 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2024 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2024 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Series 2024 Bonds, except in the event that use of the book-entry system for the Series 2024 Bonds is discontinued.

To facilitate subsequent transfers, all Series 2024 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Series 2024 Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2024 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Series 2024 Bonds

are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Series 2024 Bonds unless authorized by a Direct Participant in accordance with DTC's Money Market Instrument ("MMI") Procedures. Under its usual procedures, DTC mails an omnibus proxy to the Issuer as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Series 2024 Bonds are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal and interest payments on the Series 2024 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Issuer, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Issuer, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owner will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2024 Bonds at any time by giving reasonable notice to the Issuer. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The Issuer may decide to discontinue the use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered to DTC.

The information in this subsection concerning DTC has been obtained from sources that the Issuer believes to be reliable, but the Issuer does not take any responsibility for the accuracy thereof or make any representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

We have served as co-bond counsel to our client the New York Transportation Development Corporation (the “Issuer”), a not-for-profit local development corporation organized and existing under Section 1411 of the New York Not-for-Profit Corporation Law, being Chapter 35 of the Consolidated Laws of the State of New York (the “Act”), created by action of the New York Job Development Authority established under Section 1802, Subtitle I, Title 8, Article 8, of the New York Public Authorities Law in connection with the issuance by the Issuer of its (i) \$1,845,640,000 Special Facilities Revenue Bonds, Senior Series 2024A (Green Bonds) (AMT) (Current Interest Bonds) (JFK Airport Terminal 6 Redevelopment Project) (the “Series 2024A Bonds”) and (ii) \$99,997,768 Special Facilities Revenue Bonds, Senior Series 2024B (AMT) (Convertible Capital Appreciation Bonds) (JFK Airport Terminal 6 Redevelopment Project) (the “Series 2024B Bonds”) and, together with the Series 2024A Bonds, the “Series 2024 Bonds”), dated the date of this letter.

The Series 2024 Bonds are issued under the Act and the TDC Master Bond Indenture of Trust (the “Master Indenture”), as supplemented by the TDC First Supplemental Bond Indenture of Trust (the “First Supplemental Indenture”), each dated as of November 1, 2022, and each by and between the Issuer and the Bank of New York Mellon, as trustee (the “Trustee”), as further supplemented and amended by the TDC Second Supplemental Bond Indenture of Trust, dated as of November 1, 2024 by and among the Issuer, the Trustee and Assured Guaranty Inc., as Bond Insurer (the “Second Supplemental Indenture,” and together with the First Supplemental Indenture and the Master Indenture, the “Indenture”), and a resolution of the Issuer adopted on October 1, 2024 (the “Resolution”). *Capitalized terms not otherwise defined in this letter are used as defined in the Indenture.*

In our capacity as co-bond counsel, we have examined the transcript of proceedings relating to the issuance of the Series 2024 Bonds, a copy of the signed and authenticated Series 2024 Bonds, the Indenture, the TDC Building Loan Agreement, dated as of November 1, 2022 (the “Original TDC Building Loan Agreement”), as amended by the First Building Loan Agreement Amendment, dated as of November 1, 2024 (the “First Building Loan Agreement Amendment,” and together with the Original TDC Building Loan Agreement, the “TDC Building Loan Agreement”) and the TDC Project Loan Agreement, dated as of November 1, 2022 (the “Original TDC Project Loan Agreement”), as amended by the First Amendment to TDC Project Loan Agreement, dated as of November 1, 2024 (the “First Project Loan Agreement Amendment,” and together with the Original TDC Project Loan Agreement, the “TDC Project Loan Agreement”), (the TDC Building Loan Agreement together with the TDC Project Loan Agreement the “Loan Agreements”), each by and between the Issuer and JFK Millennium Partners, LLC, a Delaware limited liability company (the “Borrower”) and the related promissory notes of the

Borrower (the “Series 2024 Notes”) evidencing the loans made pursuant to the Loan Agreements; and such other documents, matters and law as we deem necessary to render the opinions set forth in this letter.

Based on that examination and subject to the limitations stated below, we are of the opinion that under existing law:

1. The Resolution has been duly and lawfully adopted by the Issuer.
2. The Series 2024 Bonds, the Indenture, and the Loan Agreements are valid and binding obligations of the Issuer, enforceable in accordance with their respective terms.
3. The Indenture creates the valid pledge which it purports to create in the Trust Estate, including the loan payments, revenues and receipts payable or receivable under the Loan Agreements and the Series 2024 Notes and the moneys and securities from time to time held by the Trustee under the terms of the Indenture, subject only to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.
4. The Issuer has the right and power to authorize, execute and deliver the Series 2024 Bonds, and the Series 2024 Bonds have been duly authorized, executed and delivered by the Issuer. The Series 2024 Bonds are valid and binding special limited revenue obligations of the Issuer, are enforceable against the Issuer in accordance with their terms and the terms of the Indenture and are payable as to principal, Redemption Price, Accreted Value and interest from moneys on deposit in the funds and accounts maintained under the Indenture. The payment of debt service on the Series 2024 Bonds is not secured by an obligation or pledge of any money raised by taxation, and the Series 2024 Bonds do not represent or constitute a general obligation or a pledge of the faith and credit of the Issuer, the State of New York or any of its political subdivisions.
5. Interest on the Series 2024 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), except interest on any Series 2024 Bonds for any period during which any such Series 2024 Bonds are held by a “substantial user” of the facilities financed or a “related person,” as those terms are used in Section 147(a) of the Code, and is an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. Interest on the Series 2024 Bonds is exempt from personal income taxes imposed by the State of New York and political subdivisions thereof, including The City of New York and the City of Yonkers, so long as that interest is excluded from gross income for federal income tax purposes. We express no opinion as to any other tax consequences regarding the Series 2024 Bonds.

The opinions stated above are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. In

rendering all such opinions, we assume, without independent verification, and rely upon (i) the accuracy of the factual matters represented, warranted or certified in the proceedings and documents we have examined and (ii) the due and legal authorization, execution and delivery of those documents by, and the valid, binding and enforceable nature of those documents upon, any parties other than the Issuer.

In rendering those opinions with respect to the treatment of the interest on the Series 2024 Bonds under the federal tax laws and the tax laws of the State of New York and its political subdivisions, including The City of New York and the City of Yonkers, we further assume and rely upon compliance with the covenants in the proceedings and documents we have examined, including those of the Issuer, the Borrower, and certain other entities. Failure to comply with certain of those covenants subsequent to issuance of the Series 2024 Bonds may cause interest on the Series 2024 Bonds to be included in gross income for federal, state and local income tax purposes retroactively to their date of issuance.

The rights of the owners of the Series 2024 Bonds and the enforceability of the Series 2024 Bonds, the Indenture and the Loan Agreements are subject to bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance or transfer, and other laws relating to or affecting the rights and remedies of creditors generally; to the application of equitable principles, whether considered in a proceeding at law or in equity; to the exercise of judicial discretion; and to limitations on legal remedies against public entities.

We express no opinion with respect to any indemnification, contribution, penalty, choice of law, choice of forum, choice of venue, waiver or severability provisions contained in the Series 2024 Bonds, the Indenture, or the Loan Agreements. Furthermore, we express no opinion herein regarding the perfection or priority of the lien on the funds created by the Indenture. We express no opinion with respect to the status or quality of title to, or interest in, any of the real, personal or intangible property and other assets described in, or subject to, the pledge or lien granted in the Loan Agreements, or the accuracy or sufficiency of the description contained therein of, or the priority of, or the remedies available to enforce, any pledge or lien on any such assets.

In connection with the delivery of this opinion, we are not passing upon the authorization, execution and delivery of the Loan Agreements by the Borrower. We have assumed the due authorization, execution and delivery of the Loan Agreements by the Borrower.

We express no opinion in this letter as to the accuracy, completeness, fairness or sufficiency of the Official Statement relating to the Series 2024 Bonds, or any appendices thereto.

No opinions other than those expressly stated herein are implied or shall be inferred as a result of anything contained in or omitted from this letter. The opinions expressed in this letter are stated only as of the time of its delivery, and we disclaim any obligation to revise or supplement this letter thereafter. Our engagement as co-bond counsel in connection with the original issuance and delivery of the Series 2024 Bonds is concluded upon delivery of this letter.

Respectfully submitted,

ASSURED GUARANTY INC. ("AG"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AG, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AG shall have received Notice of Nonpayment, AG will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AG, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AG. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AG is incomplete, it shall be deemed not to have been received by AG for purposes of the preceding sentence and AG shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AG shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AG hereunder. Payment by AG to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AG under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AG shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AG which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AG may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AG pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AG and shall not be deemed received until received by both and (b) all payments required to be made by AG under this Policy may be made directly by AG or by the Insurer's Fiscal Agent on behalf of AG. The Insurer's Fiscal Agent is the agent of AG only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AG to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AG agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AG to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AG, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

### GREEN BONDS DESIGNATION

Kestrel, an Approved Verifier accredited by the Climate Bonds Initiative, conducted an independent external review of the New York Transportation Development Corporation Special Facilities Revenue Bonds, Senior Series 2024A (Green Bonds) (AMT) (Current Interest Bonds) (JFK Airport Terminal 6 Redevelopment Project) (the "Series 2024A Bonds") to evaluate conformance with the Green Bond Principles (June 2021 with June 2022 Appendix 1) established by the International Capital Market Association. Our team for this engagement included analysts with experience in sustainability and environmental science.

This Second Party Opinion reflects our review of the uses and allocation of proceeds, oversight, and conformance of the Series 2024A Bonds with the Green Bond Principles. In our opinion, the Series 2024A Bonds are impactful, net zero aligned, conform with the four core components of the Green Bond Principles, and qualify for Green Bonds designation.

### ABOUT THE ISSUER

#### About the Conduit Issuer and the Borrower

The New York Transportation Development Corporation (the "Corporation") is a local development corporation created in 2015 by the State of New York and is the conduit issuer for JFK Millennium Partners LLC (the "Borrower"). JFK Millennium Partners LLC was formed in August 2022 to implement and manage the project being partially refinanced by the Series 2024A Bonds.<sup>1</sup> The Borrower leases certain

premises at John F. Kennedy International Airport, located in Queens, New York (“JFK Airport” or the “Airport”), from the Port Authority of New York and New Jersey (the “Port Authority”). During the term of the lease, the Borrower will develop and operate the new facilities financed, in part, by the Series 2024A Bonds.<sup>2</sup>

### About JFK Airport

JFK Airport is the largest airport in the New York City metropolitan region, in terms of both passenger and cargo volume. As the sixth busiest airport in the United States and one of the most well-known international airports in North America, over half of the 62.5 million passengers served in 2023 traveled on international flights. As a significant economic engine in the New York metropolitan area, the Airport contributes over \$45 billion in economic activity and supports over 278,000 total jobs.<sup>3</sup>

JFK Airport is an industry leader in environmental sustainability and decarbonization. In 2017, the Airport joined the Airport Council International (“ACI”) Airport Carbon Accreditation Program to measure, manage, and reduce Scope 1, 2, and 3 emissions.<sup>4</sup> Several substantial renewable energy projects are under construction or planned at the Airport, including a 12-MW rooftop solar array on top of Long Term Parking Lot 9, a 7.7-MW rooftop solar array for the New Terminal One project, and a 3-MW solar array for the bond-financed Terminal 6 project described herein.<sup>5</sup>

The Port Authority has multiple sustainability goals, plans, and commitments, most notably the *Net Zero Roadmap* (“*Roadmap*”) dated September 2023.<sup>6</sup> The *Roadmap* details strategies for the Port Authority to reduce direct greenhouse gas (“GHG”) emissions by 50% by 2030 and achieve net zero emissions by 2050. Strategies in the *Roadmap* include the Zero-Emission Airside Vehicle rule, which requires all ground service equipment (“GSE”) at JFK Airport to transition to zero-emission vehicles by 2030. The *Roadmap* also requires that all airport redevelopment projects include charging ports for GSEs as well as electric ground power and pre-conditioned air at all gates. Approximately 98 charging points for GSEs are planned throughout the Airport.

In addition, the Port Authority has established sustainable design standards for capital projects. New building construction projects greater than 20,000 square feet must be designed to a minimum LEED Silver standard and large, multi-disciplinary and high-profile infrastructure projects must be designed to the Envision Gold sustainable infrastructure standard.<sup>7</sup> Additionally, the Port Authority requires projects located within a current or future floodplain to integrate climate resilience strategies, such as coastal protection, strategic site selection, and elevation of utilities.

---

<sup>2</sup> Upon expiration of the lease in 2060, the Port Authority will assume operation of the facilities.

## ALIGNMENT TO GREEN STANDARDS<sup>8</sup>

### Use of Proceeds

The Series 2024A Bonds refinance debt for construction of Phases I and II of the Terminal 6 Redevelopment Project at JFK (“Terminal 6” or the “Project”). The Project includes construction of an approximately 1.2-million-square foot terminal targeting LEED Gold<sup>9</sup> certification and meeting Envision Gold sustainable infrastructure standards. The activities financed by the Series 2024A Bonds are eligible projects as defined by the Green Bond Principles in the *Green Buildings* project category.

Built on the previously demolished Terminal 6 and existing Terminal 7 sites, the new building will replace the existing Terminal 7 with a new 10-gate international terminal. The Project reconfigures existing facilities to improve connectivity between terminals and includes energy-efficient baggage handling, concessions, lounges, and security and customs areas. The total Terminal 6 Redevelopment Project cost is approximately \$5 billion.

### Construction Status

The majority of Series 2024A Bond Proceeds refinance Phase I, which includes design, engineering and construction of most of the Terminal 6 building footprint with five gates, arrivals, baggage handling, and customs. Phase 1 also includes some demolition. Phase II includes demolition of the old Terminal 7 and construction of five additional gates. Construction began in February 2023 and is expected to be complete in 2028. As of September 2024, construction is ongoing, and roof installation is underway. The first five gates are scheduled to open in early 2026.

### Sustainable and Resilient Design

The Terminal 6 building is expected to achieve LEED Gold certification, and the Project is expected to achieve an Envision Gold rating. The Project will meet the Port Authority of New York and New Jersey Sustainable Design Guidelines for both buildings and infrastructure<sup>10</sup> and is targeting SITES Gold certification for outdoor spaces.<sup>11</sup> The Project is designed to minimize energy and water use and reduce greenhouse gas emissions. Key sustainability features for Terminal 6 are highlighted below.

- High-efficiency HVAC, lighting, building envelope, and automated monitoring systems are incorporated to minimize energy use.
- A total of 3 MW of solar will be installed on roof areas, aligned with the State of New York target to reach 50% renewables by 2030.

<sup>8</sup> Green Bonds are any type of debt instrument where the proceeds will be exclusively applied to finance or refinance eligible Green Projects which are aligned with the four core components of ICMA Green Bond Principles.

<sup>9</sup> Minimum LEED Silver Building Design + Construction (BD+C), LEED Gold is expected; Project is also designed to achieve LEED Silver for Operations and Maintenance (O+M)

<sup>10</sup> “Sustainable Design Guidelines: Part 1 - Sustainable Building Guidelines,” Port Authority NY NJ, 2018 v1.0, Last Updated 1/1/2017, <https://www.panynj.gov/content/dam/port-authority/pdfs/-available-engineering-documents/sustainable-building-guidelines.pdf>; “Sustainable Design Guidelines: Part 2 - Sustainable Infrastructure Guidelines,” Port Authority NY NJ, 2022 v2.1, Last Updated 1/1/2022, <https://www.panynj.gov/content/dam/port-authority/about/environmental-initiatives/-clean-construction/Sustainable-infrastructure-guidelines.pdf>.

<sup>11</sup> The Sustainable Sites Initiative is administered by Green Business Certification, Inc., and is a rating system that certifies sustainability and resilience features in design, development and management of outdoor spaces. “About the Sustainable SITES Initiative,” Sustainable Sites Initiative, accessed October 4, 2024, <https://sustainablesites.org/about>.

- Commitments to track and report on annual greenhouse gas emissions in compliance with the New York City Climate Mobilization Act. The facility is designed for compliance with progressively lower building emissions intensity limits through 2050.
- Infrastructure to provide pre-conditioned air will be added at all gates and the project design supports fully electrified ground service equipment. These are best practices for reducing GHG emissions at airports.
- A whole-building life-cycle assessment was used to prioritize low-carbon building materials.
- At least 90% of waste will be diverted from landfills through recycling and reuse of asphalt, concrete, steel and other materials.
- A stormwater capture and reuse system will collect over 35% of rainwater from the roof area in an underground 75,000-gallon collection tank. Collected stormwater is reused for flushing low-flow fixtures.
- The Project includes a flood barrier designed to reduce risk from future flooding scenarios. Backup power sources improve resilience to power outages. A terminal-specific Resilience Plan is in development, with completion planned for the end of 2024.

The Project is also designed to achieve the Envision Gold rating. Managed by the Institute for Sustainable Infrastructure (“ISI”), Envision provides a comprehensive approach to building and maintaining sustainable, resilient, and equitable infrastructure. ISI was established by the American Public Works Association, the American Society of Civil Engineers, and the American Council of Engineering Companies. Infrastructure projects may receive an Envision Rating based on credits received in five categories: Quality of Life, Leadership, Resource Allocation, Natural World, and Climate and Resilience.

While aviation is a significant source of global greenhouse gas emissions, Kestrel views construction of airport facilities that meet green building standards as eligible for financing with Green Bond proceeds. In Kestrel’s opinion, the mechanisms for reducing the carbon footprint of airline travel may be viewed distinctly from the emissions associated with constructing and operating the terminal buildings and facilities.

#### Net Zero Alignment of the Series 2024A Bonds

Bonds are net zero aligned if bond-financed activities advance goals to reach net zero greenhouse gas emissions by at least 2050. The Port Authority has a goal to reach net zero direct GHG emissions by 2050, and the State of New York has established a goal to reduce statewide GHG emissions 40% below 1990 levels by 2030.<sup>12</sup>

The Terminal 6 project advances both of these goals with an energy-efficient design; low embodied carbon materials and incorporation of renewable energy. The Project is expected to achieve at least 20% energy savings over ASHRAE 90.1-2016. State-of-the-art monitoring systems for energy and water use have been incorporated into the design so that additional opportunities for emissions reduction can be identified after the building becomes operational.

## Process for Project Evaluation and Selection

In 2017, the Port Authority began a master planning program for facilities to accommodate 100 million annual passengers by 2050. Through this effort, several existing terminals were prioritized for redevelopment, including the Terminal 6 project refinanced by the Series 2024A Bonds.<sup>13</sup> Redevelopment of the Terminal 6 and Terminal 7 sites will modernize facilities originally constructed in the 1960s, improve operational efficiency and connectivity between JFK terminals, and contribute to meeting the Port's climate action goals.

Comprehensive considerations of sustainability have been integrated throughout the planning process for Terminal 6. The Sustainability Plan for Terminal 6 establishes a roadmap for achieving sustainability targets and includes:

- Quantifiable objectives that meet regional and stakeholder requirements, including the Port Authority's Sustainable Building and Sustainable Infrastructure Guidelines; the Port Authority's Climate Resilience Guideline; and requirements under the NYC Climate Mobilization Act;
- Baseline energy use data and project status;
- Processes to monitor progress toward LEED and Envision certifications;
- Implementation steps to meet performance thresholds; and
- Commitments to ongoing project monitoring and greenhouse gas emissions reporting.

## Management of Proceeds

Proceeds of the Series 2024A Bonds will solely be used to refinance debt for the Project and pay costs of issuance. Upon closing, proceeds will be used to refinance outstanding debt and no proceeds will be held in temporary investments. JFK Millennium Partners, LLC is responsible for overseeing the allocation of proceeds.

## Reporting

Multiple forms of reporting provide assurance on sustainability attributes and demonstrate a commitment to monitoring and disclosing progress toward sustainability goals. Reporting commitments in the Lease Agreement between the Port Authority and JFK Millennium Partners are highlighted below, and may be made publicly available by the Port Authority.

- Progress on the Terminal 6 Sustainability Plan is reported quarterly to the Port Authority.
- Once the terminal is operational, Annual Sustainability Reports will be provided to the Port Authority for the duration of the lease through 2060. The Sustainability Report will follow Global Reporting Initiative ("GRI") 300 standard for Environmental Disclosures and include greenhouse gas emissions reporting and auditing.<sup>14</sup>
- The Energy Model for Terminal 6 will be kept up-to-date and provided annually to the Port Authority.

---

<sup>13</sup> "A Vision Plan for John F. Kennedy International Airport", Airport Advisory Panel, January 2017, <https://www.anewjfk.com/wp-content/uploads/pdf/JFK-Vision-Plan.pdf>.

<sup>14</sup> Emissions reporting consistent with ISO 14064 and external audits conducted every three years consistent with ISO 14065. This reporting supports compliance with the New York City Climate Mobilization Act and JFK Airport's accreditation under the Airport Council International Airport Carbon Accreditation program.

- Regular progress updates and announcements will be available on the Terminal 6 project website: [anewjfk.com/jmp-terminal6/](http://anewjfk.com/jmp-terminal6/).

In addition to these reporting commitments, Kestrel will provide one update report on the Series 2024A Bonds within 12 to 24 months of issuance. This report is expected to confirm use of proceeds, confirm continued alignment with the Green Bond Principles, and provide relevant updates on financed projects. These updates may include allocation of proceeds, project-level metrics for energy savings and water savings relative to a baseline, confirmation of LEED and Envision certifications, square footage of energy-efficient buildings and number of fully electrified gates constructed. It is expected that JFK Millenium Partners will voluntarily make this available for investors on the on the Terminal 6 project website: [anewjfk.com/jmp-terminal6/](http://anewjfk.com/jmp-terminal6/).

The Borrower will also submit continuing financial disclosures to the Municipal Securities Rulemaking Board (“MSRB”) as long as the Series 2024A Bonds are outstanding, as well as reports in the event of certain material developments. This reporting will be done annually, or as needed on the Electronic Municipal Market Access (“EMMA”) system operated by the MSRB.

## ALIGNMENT WITH UN SDGs

The Series 2024A Bonds support and advance the vision of the United Nations Sustainable Development Goals (“UN SDGs”), including:

### **Affordable and Clean Energy (Target 7.3)**

Improved energy efficiency of Terminal 6 and LEED certification

### **Industry, Innovation and Infrastructure (Target 9.4)**

Sustainable infrastructure for regional access and implementation of energy-efficient designs to minimize greenhouse gas emissions

### **Climate Action (Target 13.1)**

Installation of flood barriers, emergency power backups and conformance with resilient design standards

Full text of the Targets is available on the United Nations website: [un.org/sustainabledevelopment](http://un.org/sustainabledevelopment)

## CONCLUSION

Based on our independent external review, the Series 2024A Bonds are impactful, net zero aligned, conform, in all material respects, with the Green Bond Principles (2021) and are in complete alignment with the *Green Buildings* eligible project category.
