<b>Cancellation:</b>	<p>The insurers have refused to provide notice of cancellation to the Lenders. ----------------------	---

INTECH hereby confirms that the insurance is in full force and effect and the Finance Parties have been appropriately protected as described above.

## 17.0 DEDUCTIBLES AND SELF-INSURED RETENTIONS

As between the Port Authority and the Lessee, the Lessee shall be solely responsible to ensure that all deductibles under each insurance policy or coverage required to be procured and maintained hereunder in accordance with Section 12 (Insurance) of the Lease Agreement are paid. The Port Authority Indemnified Parties shall not be responsible for payment of such deductibles, or for any payment of premium or other financial obligation with respect to insurance, under any circumstances. Any deductible (including retention under professional liability insurance and pollution liability insurance) shall not impair or otherwise reduce the limits required for each insurance policy required to be procured and maintained in accordance with Section 12 (Insurance).

In our opinion the deductibles are appropriate for the current marketplace as outlined in Section 18 above and are, in our opinion, acceptable.

## 18.0 RATINGS FOR INSURERS

As per the Lease Agreement, all insurance provided for (other than any captive insurer providing terrorism risk insurance in accordance with Section 12(d)(6) and Section 12(o)) shall be issued by insurance carriers having and maintaining an A.M. Best rating of at least A minus (X) or an equivalent rating by a comparable insurance rating agency, including, without limitation, Fitch, Inc.

INTECH can confirm that all Insurers on cover have acceptable ratings for this Project as outlined above in Section 16.

## 19.0 UNAVAILABILITY OF INSURANCE

Section 12 (f) (2) of the Lease Agreement outlines the procedure in the event that the Port Authority requires an increase in minimum limits, changes in deductibles, or other additions, deletions, amendments or modifications to the required coverage as follows:

Under this section, the Lessee may request in writing that the Port Authority reconsider such change on grounds that such change is:

- Commercially unavailable;

- Only available at premiums that are disproportionate to the coverage provided
- Not customarily required for comparable large urban commercial air passenger terminals within the USA.
- The Lessee must provide sufficient information to the Port Authority’s risk manager and the Port Authority will then provide an answer within thirty (30) days.

In our opinion the unavailability provisions are reasonable and acceptable.

## 20.0 INSURANCE PREMIUM BENCHMARKING

Premium benchmarking generally refers to the project company or developer’s ability to apply for an increase or decrease in service or availability payments from the relevant project authority to account for insurance pricing fluctuations which are not the fault of the developer over the course of the project term.

We note that the Lease does not contain a provision for premium benchmarking therefore the Lessee bears the risk of higher insurance costs; however, this is to be expected on a concession or lease which does not utilize an availability-based payment model. We understand that the insurance premiums for OCIP will be fixed at Financial Close, which will substantially mitigate the risk of pricing fluctuations.

## 21.0 FINANCE PARTIES PROTECTION

If under the terms of any Project Document the Lessee is obligated to, and does, carry insurance coverage with higher limits or lower deductibles, or broader coverage than required under the Lease Agreement, the Lessee’s provision of such insurance shall satisfy the applicable requirements of this Agreement; provided that such policy meets all the other applicable requirements of Section 12 (insurance) of the Lease.

## Independent Auditors' Report

The Members

JFK Millennium Partners Holdings, LLC:

### *Opinion*

We have audited the consolidated financial statements of JFK Millennium Partners Holdings, LLC and its subsidiary (the Company), which comprise the consolidated balance sheets as of December 31, 2023 and December 31, 2022, and the related consolidated statements of operations, changes in members' equity (deficit), and cash flows for the year ended December 31, 2023 and the period from inception (February 24, 2022) through December 31, 2022, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and December 31, 2022, and the results of its operations and its cash flows for the year ended December 31, 2023 and the period from inception (February 24, 2022) through December 31, 2022 in accordance with U.S. generally accepted accounting principles.

### *Basis for Opinion*

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Responsibilities of Management for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date that the consolidated financial statements are issued.

### *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements*

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

For the years ended December 31, 2023 and 2022, no equity contributions were made by the Members.

Per the LLC Agreement, the fees related to carrying the letters of credit and cash collateral are reimbursable to each Member by the Company.

The Company entered into an agreement, effective from November 17, 2022 through December 30, 2060 (referred to herein as “the Port Authority Agreement”, “the Agreement”, or “the Port Agreement”), with the Port Authority of New York and New Jersey (“the Port Authority”). Under that agreement, the Company has taken occupancy of two parcels at JFK Airport, the Terminal 6 and Terminal 7 Parcels, is responsible for the design and construction of the New JFK Terminal 6 (“the Construction Project”), as well as the operations and maintenance of the Existing JFK Terminal 7 (from December 1, 2022) and, when completed, New JFK Terminal 6 (“the Operations and Maintenance Project”) at New York’s John F. Kennedy International Airport (“the Airport”).

The Project includes:

1. The operation, maintenance, decommissioning and demolition of the Existing Terminal 7 (referred to as “the Existing Terminal 7”);
2. The design and construction of the New Terminal 6, that will connect behind security to Terminal 5, owned and operated by JetBlue, and will be built in two phases:
  - i) Phase I will deliver five gates, a Federal Inspection Station (“FIS”) for international passenger processing, ticketing counters, passenger security screening, concessions, and airport lounge space.
  - ii) Upon demolition of the Existing Terminal 7, Phase 2 construction will commence and will consist of an additional five gates, concession space, and additional airline lounges in the New Terminal 6.
3. The operation and maintenance of the New Terminal 6.

Collectively, the Construction Project and Operations and Maintenance Project are referred to as the Project, which is further described in Note 1(k), *Revenue Recognition*. Concurrent with the execution of the Port Authority Agreement, the Company entered into a Design-Build Agreement (“the DBA”) with Hunt Construction Group, Inc. (“the DB Contractor”). The DBA requires that the DB Contractor perform all activities related to the Construction Project. The Construction Project commenced in January 2023. The estimated amount of the cost of the Construction Project, which includes the DBA and all other Project costs, as of December 31, 2023 and 2022 is \$5,051 million and \$5,027 million, respectively. As additional security to reduce the risks to the Company and lenders, the DB Contractor has posted a letter of credit totaling \$232.1 million.

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

The New York Transportation Development Corporation issued Special Facilities Bonds, Series 2022A (Tax-Exempt) (AMT) in the aggregate principal amount of \$435.0 million (“the Series 2022A Bonds”) on November 17, 2022, with Royal Bank of Canada as the Purchaser and the Company as the Borrower pursuant to an Indenture of Trust (“the Trust Indenture”) between the New York Transportation Development Corporation and the Bank of New York Mellon, as trustee, (“the Trustee”). The proceeds of the Series 2022A Bonds were loaned to the Company pursuant to a Building Loan and Project Loan Agreement (“the 2022A Loan Agreements”) to (1) finance a portion of the costs relating to the design and construction of the Project, (2) partially fund capitalized interest during construction, (3) fund a working capital reserve account, and (4) pay certain costs of issuance related to the Series 2022A Bonds. Accordingly, a portion of the Company’s cash and investments are restricted for these purposes.

In addition to the Series 2022A Bonds, The New York Transportation Development Corporation as conduit lender, entered into an agreement on November 17, 2022, to issue in the aggregate, \$3,009 million, Senior Taxable Loans (“the Taxable Debt”) through a Credit Agreement with a series of lenders, pursuant to the Credit Agreement Indenture. The proceeds will be released on scheduled credit extension dates in amounts determined in the Credit Agreement. Total amounts funded through December 31, 2023 and 2022, are \$1,297 million and \$586 million, respectively. The proceeds of the Taxable Debt were loaned to the Company pursuant to a Building Loan and Project Loan Agreement (“the Taxable Loan Agreements”) to (1) finance a portion of the costs relating to the design and construction of the Project, (2) partially fund capitalized interest during construction, (3) fund a working capital reserve account, and (4) pay certain costs of issuance related to the Taxable Debt. Construction Project costs not funded by the Series 2022A Bonds and Taxable Debt, will be funded with (1) certain revenues received from the operation of the Existing Terminal 7 and New Terminal 6, (2) equity contributions from the Company’s Members, and (3) interest income. The proceeds from the Series 2022A Bonds and Taxable Debt are expected to cover the majority of the costs to complete the Construction Project. The remaining costs will be funded through equity contributions from the Members, interest income on investments and cash flow generated from operations.

The 2022A Loan Agreement, Taxable Loan Agreements, Trust Indenture and Credit Agreement Indenture may be referenced here within as the Financing Documents.

#### **(b) Basis of Presentation of the Consolidated Financial Statements**

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The accompanying consolidated financial statements include the accounts of Parent and Subsidiary. The Parent had no activity in 2023 or 2022 and therefore all amounts reflected are that of the Subsidiary. No intercompany balances or transactions have been eliminated in consolidation.

The Company has reclassified certain amounts relating to its prior period results to conform to its current period presentation. These reclassifications have not changed the results of operations of the prior period.

For purposes of note disclosures, the amounts reported for the period from inception (February 24, 2022) through December 31, 2022, are defined as the year ended December 31, 2022.

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

#### **(c) Use of Estimates**

The preparation of consolidated financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Significant items subject to such estimates and assumptions include the stand-alone selling prices, estimated total costs, estimated margins for each performance obligation, and estimated total transaction price, as further discussed in Note 1(k), *Revenue Recognition*. The estimates and assumptions used in the preparation of the consolidated financial statements are based upon management's evaluation of the relevant facts and circumstances through the date of issuance. Actual results could differ from those estimates.

#### **(d) Cash**

The balance of unrestricted cash as of December 31, 2023 and 2022 is \$2.9 million and \$4.0 million, respectively.

#### **(e) Restricted Cash and Cash Equivalents**

As of December 31, 2023 and 2022, \$17.2 million and \$16.4 million, respectively, was restricted for the payment of, among other things, the construction cost of the New Terminal 6, rent, operating costs and working capital reserve requirements.

#### **(f) Restricted Short-Term Investments**

As of December 31, 2023 and 2022, restricted short-term investments are classified as held-to-maturity for use as working capital reserves and construction cost, if required, and are carried at cost and consisted of approximately \$594.2 million and \$594.0 million, respectively. In 2023, these balances consist of fixed income debt securities invested in guaranteed investment contracts ("GICs") with a financial institution with maturities in 2026 and, for both 2023 and 2022, the balance is invested in money market accounts, including US Treasury Obligation accounts with immediate availability of funds. The costs of the investments approximate fair value due to their short-term nature.

Restricted short-term investments are dedicated to the payment of, among other things, the construction cost of the New Terminal 6. The Company's policy is to include all interest-bearing investments in short-term investments.

#### **(g) Accounts Receivable**

The Company manages the airline and concession activities and is also responsible for the Construction Project. In general, accounts receivable are due within 30 days.

#### **(h) Prepaid Expenses and Other Current Assets**

Prepaid expenses and other current assets primarily include amounts paid by the Company for general business and Project insurance coverage and stored materials.

Notes to Consolidated Financial Statements

December 31, 2023 and 2022

### (i) **Long-Lived Assets**

Long-lived assets are reviewed for impairment at an asset group level (which for the Company consists primarily of its contract asset) whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable. If the estimated undiscounted future cash flows expected from the use and eventual disposition of the assets are less than their carrying amount, an impairment loss is recognized equal to the difference between the assets' fair values and their carrying amounts. The Company has not recognized any impairment losses for the years ended December 31, 2023 and 2022.

Capitalized contract costs represent costs incurred related to the Project and are reflected in the consolidated balance sheets. These amounts include development costs related to design and construction incurred prior to financial close. In addition, costs were incurred to allow for the DB Contractor to hire staff, enable work, set up offices, trailers, preconstruction design, and reimbursables. These amounts will be recovered over the contract period. The balance of Capitalized Contract Costs at December 31, 2023 and 2022 were \$219.8 million and \$252.9 million, respectively.

The Company also incurred Project costs related to the Port Authority Agreement, including rent, oversight fees and milestone payments that are to be recognized over the term of the Construction Project. These amounts appear on the consolidated balance sheet as Other Assets, project and will be treated in a manner similar to the capitalized contract costs. The balance reflected at December 31, 2023 and 2022, were \$43.4 million and \$50.0 million, respectively.

### (j) **Service Concession Arrangement**

The Company has long-term obligations under the Port Authority Agreement. Under the terms of the Project (specifically, the New Terminal 6), the Company is responsible for the build-out of the premises and, as the assets are the property of the Port Authority, the Company is not the owner of the related premises. Although the Company is not considered to be the owner, the Company has responsibility for the development, construction, and operation of the New Terminal 6, on a long-term basis. Based on the terms of the Port Authority Agreement, the Company accounts for its operations as a service concession arrangement, as defined by ASC Topic 853, *Service Concession Arrangements*. The agreement with the Port Authority entails design, construction, and operation and maintenance of public infrastructure. The Port Authority is the Company's only customer, and not third parties such as airlines or concessionaires (refer to Note 1(k), *Revenue Recognition*, for further discussion). The Port Authority is considered the Grantor of its rights to the Company for the infrastructure addressed under the Service Concession Arrangement. ASC 853 stipulates that the infrastructure subject to the standard may not be accounted for as a lease, nor should the infrastructure used in the service concession arrangement be recognized as property and equipment by the operating entity. Instead, the arrangement should be accounted for under the applicable revenue standard. Therefore, the Company recognizes revenue in accordance with ASC 606, *Revenue from Contracts with Customers*, to this arrangement.

### **(k) Revenue Recognition**

The Company applies the following five steps in order to recognize revenue from contracts with customers: (i) identify the contract(s) with a customer; (ii) identify the performance obligation(s) in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligation(s) in the contract; and (v) recognize revenue when (or as) the entity satisfies a performance obligation.

In accordance with ASC 606, the Company applies the five-step model to a contract when it is probable that the entity will collect substantially all of the consideration it is entitled to in exchange for the goods or services it transfers to the customer (the Port Authority). The consideration is variable and is estimated using the expected value method taking into consideration that under the contract consideration is generated primarily from its right to charge airlines and non-airline concessionaires that are using the infrastructure. The Company is negotiating airline lease agreements and retail concession agreements with multiple airlines and concessionaires. The term for each of these agreements will vary, with many of the airline agreements commencing with the operations at the Existing Terminal 7 and a few including both Terminal 6 and Existing Terminal 7 operations. Based upon the demand for travel in New York City, and more specifically John F. Kennedy Airport, the Company believes that it is probable it will collect the consideration to which it is entitled to in exchange for the services that transferred under the contract barring any unforeseen events that would affect airport transportation in New York. In addition, taking into consideration the slot-constrained nature of John F. Kennedy Airport, it is believed that demand for Terminal 6 of John F. Kennedy Airport will be consistent with that forecasted during the Company's initial financing. At contract inception, the Company assessed whether the goods or services promised within the Port Authority Agreement represent a performance obligation. Under the Port Authority Agreement, the Company is responsible for the Construction Project and the Operations and Maintenance Project. The Company determined that the Construction Project and Operations and Maintenance Project are both capable of being distinct and distinct in the context of the contract. Accordingly, each is determined to be a separate performance obligation under the Port Authority Agreement. No other performance obligations were identified. The total estimated transaction price of \$24,468.6 million was allocated to each performance obligation. The Company allocates the contract's transaction price to each performance obligation using the best estimate of the stand-alone selling price of each performance obligation, which is estimated using the expected-cost-plus-margin approach. The transaction price is reduced by payments made to the Port Authority as the Grantor. These payments are discussed in Note 2, *Port Authority Agreement*.

## JFK MILLENNIUM PARTNERS HOLDINGS, LLC

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

The Company recognizes the transaction price allocated to each performance obligation over time by measuring the progress toward complete satisfaction using the input method of costs incurred. Due to the long-term nature of the contract, developing the estimated total cost at completion requires judgment. In estimating the cost of the work to be completed, the following factors are considered: the nature and complexity of the work to be performed, subcontractor performance, and the risk and impact of delayed performance. There was no material change in the transaction price year-over-year and therefore there was no material cumulative catch-up adjustment recorded.

(i) *Construction Revenue*

Revenue related to the Construction Project performance obligation is recognized over time as the Company's performance creates or enhances an asset that the customer controls as it is created or enhanced. The Company measures progress towards the satisfaction of a performance obligation over time using the cost-to-cost input method. Incurred costs represent work performed, which corresponds with, and thereby best depicts, the transfer of control to the customer.

At each reporting period, the Company determines the costs incurred project-to-date for the Construction Project performance obligation and recognizes revenue based on the ratio of costs incurred to-date to the total estimated costs at completion of the performance obligation. Total estimates are reviewed and revised periodically throughout the Construction Project period. Changes in estimates of total cost or total transaction price are recorded in the period of revision as an adjustment of cumulative revenue recognized to-date.

The Construction Project performance obligation includes the revenues generated for:

1. The demolition of the Existing Terminal 7;
2. The design and construction of the New Terminal 6, that will connect behind security to Terminal 5 owned and operated by JetBlue, which will be built in two phases:
  - i) Phase I delivery of five gates, a FIS for international passenger processing, ticketing counters, passenger security screening, concessions, and airport lounge space.
  - ii) Phase 2 delivery of an additional five gates, concession space, and additional airline lounges.

The Company incurred certain construction-related costs before beginning of the Construction Project to satisfy the related performance obligation. As these costs are expected to be recovered through future fees for the services to be provided, they are capitalized and will be amortized over the term of the Construction Project on a systematic basis that is consistent with the transfer of the services to the customer. Costs incurred to obtain the contract were expensed as incurred because they would have been incurred regardless of whether the contract was obtained.

## JFK MILLENNIUM PARTNERS HOLDINGS, LLC

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

Total revenue expected to be recognized from the Construction Project performance obligation is currently estimated at approximately \$5,483.3 million (transaction price allocated to the Construction Project). The Construction Project stand-alone selling price was determined using the expected cost plus a margin approach. Management established the margin to be 9.0%, based on margins of comparable large-scale construction contractors. Approximately \$4.7 billion of the transaction price allocated to the Construction Project performance obligation remains unsatisfied as of December 31, 2023. The Company recognized Construction Project revenue for the years ended December 31, 2023 and 2022, of \$785.0 million and \$0.0, respectively. There was no cumulative catch-up adjustment as the Construction Project commenced in January 2023. The related construction costs incurred for years ended December 31, 2023 and 2022, is \$418.8 million and \$0.0 million, respectively.

Revenues related to the Construction Project performance obligation will be recognized over the period through the Scheduled Completion Date of the Project or Date of Beneficial Occupancy of Phase 2 (defined in the Port Authority Agreement as February 23, 2028).

(ii) *Operations and Maintenance Service Revenue*

Revenue related to the Operations and Maintenance performance obligation is recognized over time as the customer (the Port Authority) simultaneously receives and consumes the benefits as services are provided. These services are viewed as a single performance obligation comprised of a series of distinct services. The Company uses a cost-to-cost input method to measure progress towards complete satisfaction of the performance obligation. The selection of the method to measure progress requires judgment and is based on the nature of the services provided. As the Company's efforts with respect to Operations and Maintenance work are largely based on usage of the infrastructure, it is believed that the cost-to-cost input method best depicts the transfer of control to the customer.

At each reporting period, the Company determines the costs incurred period-to-date for the Operations and Maintenance Project performance obligation and recognize revenue based on the ratio of costs incurred to date to the total estimated costs to satisfy the performance obligation. Total estimates are reviewed and revised periodically throughout the Operations and Maintenance Project period. Changes in estimates of total cost or total transaction price will be recorded in the period of revision as an adjustment of cumulative revenue recognized to-date.

The costs associated with these revenues are expensed in the period in which they are incurred. The total revenue to be recognized through the Company's Operations and Maintenance Project performance obligation over the term of the Port Authority Agreement is currently estimated at \$18,985.3 million (transaction price allocated to the Operations and Maintenance Project). Approximately \$18.8 billion of the transaction price allocated to the performance obligation remains unsatisfied as of December 31, 2023. The Company recognized Operations and Maintenance Service revenue for the years ended December 31, 2023 and 2022, of \$180.0 million and \$22.7 million, respectively.

**JFK MILLENNIUM PARTNERS HOLDINGS, LLC**

Notes to Consolidated Financial Statements

December 31, 2023 and 2022

The stand-alone selling price of the Operations and Maintenance Project performance obligation represents estimated operating expenses to be incurred by the Company plus a margin of 20.0%, which is based on margins of comparable companies that provide similar operations and maintenance services.

*(iii) Contract Assets and Contract Liabilities*

Billing practices are governed by the contract terms with airlines and concessionaires and do not necessarily correlate with revenue recognized over time using the cost-to-cost method. Unbilled receivables (contract assets) include unbilled amounts resulting from revenue recognized under the cost-to-cost measure of progress, when recognized revenues exceed the amount billed to the customer and end users of infrastructure. Deferred revenue (contract liabilities) may arise when amounts received from the airlines and concessionaires exceed revenues recognized under the cost-to-cost measure of progress. The Company's contract assets and contract liabilities are reported in a net position at the end of each reporting period.

As of December 31, 2023 and 2022, the net contract asset balance in the accompanying consolidated balance sheets included a contract asset of \$972.5 million and \$18.3 million, respectively. A rollforward of the contract asset for the year ending December 31, 2023 includes the following amounts:

	<u>(In thousands)</u>
Construction contract asset:	
Beginning balance, December 31, 2022	\$ —
Construction revenue	785,021
Payments to the Port Authority	<u>73,893</u>

Ending balance, December 31, 2023	<u>113,563</u>
Contract asset	\$ <u><u>972,477</u></u>

*(i) Management Fees*

The Company entered into a management agreement ("the Management Agreement") with Vantage Airport Group (JFK) Ltd. ("the Management Company" or "Vantage Management"), a related party, through one of the Company's members (Note 5, *Transactions with Members*). Under the Management Agreement, Vantage Management provides personnel and services to support the operations at the Existing Terminal 7 and New Terminal 6, as well as the Construction Project.

## JFK MILLENNIUM PARTNERS HOLDINGS, LLC

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

Fees under the Management Agreement (“the Management Fees”) include:

- a) Management Fee – a base annual fee (“the O&M Fee”), until substantial completion of Phase 2 of the New Terminal 6 (“Phase 2 Substantial Completion”), of \$7.6 million of which \$1.5 million is in construction expense and the remainder is in Management fees in the consolidated Statement of Operations. For the period subsequent to Phase 2 Substantial Completion the O&M Fee will be equivalent to \$6.8 million adjusted annually by CPI, indexed to March 1, 2018. The O&M Fee relates to services provided for management of and concession operations at the Existing Terminal 7 and New Terminal 6.
- b) D&C Program Fee – a fee paid for provision of services in connection with the design and construction of the New Terminal 6 from November 17, 2022 through Phase 2 Substantial Completion will total \$20.0 million. The total fee incurred for the year amounting to \$3.6 million (2022 – \$0.4 million) is included in the construction expense in the consolidated Statement of Operations (2022 – included in the contract cost asset in the Statement of financial position).
- c) Mobilization Fee – a one-time fee of \$2.4 million in respect of mobilization services provided by the Management Company and paid on November 17, 2022 was included in the Professional services in the consolidated Statement of Operations.
- d) Operational Readiness and Transition Fee – three payments totaling \$7.5 million (“the ORAT fee”) for services provided by the Management Company related to operational readiness and transition services. The payments to be made are (i) \$2.3 million payable December 2022, (ii) \$3.75 million payable on the Date of Beneficial Occupancy of Phase 1, and (iii) \$1.5 million payable at the Date of Beneficial Occupancy of Phase 2. The ORAT fee amounting to \$0.9 million (2022 – \$2.3 million) is included in construction expense (2022 – management fee) in the consolidated Statement of Operations.

Management Fees incurred for the years ended December 31, 2023 and 2022, were \$12.1 million and \$6.0 million, which include O&M Fees of \$7.6 million and \$0.9 million, D&C Program Fees of \$3.6 million and \$0.4 million, Mobilization fee of \$0.0 million and \$2.4 million, and ORAT fee of \$0.9 million and \$2.3 million, respectively. Management Fees are recognized in operating expenses, as management fees, and Project costs that are expensed once the construction starts as a component of construction costs based upon an allocation of time and services provided. Construction-related costs incurred before beginning to satisfy the related performance obligation are capitalized and will be amortized over the term of the Construction Project on a systematic basis that is consistent with the transfer of the services to the customer.

#### **(m) Income Taxes**

The Company is a limited liability company and is a pass-through entity for federal and state income tax purposes. The Company is not liable for U.S. federal income taxes, as its Members recognize their share of income and loss on their respective tax returns. Accordingly, no provision for U.S. federal income taxes is recognized.

## **JFK MILLENNIUM PARTNERS HOLDINGS, LLC**

Notes to Consolidated Financial Statements

December 31, 2023 and 2022

### **(n) Concentration of Credit Risk**

The Company's financial instruments that are exposed to concentrations of credit risk consist primarily of restricted cash, restricted cash equivalents, restricted short-term investments, restricted investments, and certain receivables. The Company maintains its cash in a high-credit-quality commercial bank where the cash balance, at times, is more than the federally insured deposit limits. Investments are made with large, reputable financial institutions. The Company regularly monitors the financial stability of the commercial bank and financial institutions, including respective credit agency ratings, and believes they are not exposed to significant credit risk. Of the \$20.6 million and \$4.4 million of accounts receivable outstanding as of December 31, 2023 and 2022, respectively, all amounts relate to receivables from airlines, airline-related entities, and concessionaires.

### **(o) Fair Value of Financial Instruments**

The Company measures fair value as the price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants. As such, fair value is a market-based measurement that should be determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering assumptions, accounting principles generally accepted in the United States of America establishes a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of asset or liability as of the measurement date:

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement dates for identical, unrestricted assets or liabilities.

Level 2 Quoted prices for markets that are not active, or inputs that are observable either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported with little or no market activity).

The fair value of short term investments are deemed to be Level 1 and the interest rate swap derivative is deemed to be Level 2 in the fair value hierarchy.

### **(p) Risks and Uncertainties**

The Company's future operating results may be affected by various factors, including the continuance of the leases with retail and other operators, arrangements with airlines and the Port Authority Agreement and Project. Terrorist attacks, economic recession, bankruptcy of major airlines, public health epidemics and pandemics, the impact of war, and political turmoil have previously had a negative impact on the airline industry and could impact the Company's operating results.

While the Company has no reason to believe that its relationship with the airlines, concessionaires or the Port Authority will deteriorate, any interruption of these relationships or other adverse events affecting the airline industry or concession operations would adversely affect the Company. The Company may reassess estimates in the consolidated financial statements in response to the above referenced risks and uncertainties.

### Notes to Consolidated Financial Statements

#### **(q) Insurance**

The Company is required to carry certain insurance coverages pursuant to the Port Authority Agreement, the DBA, as well as the Loan Agreements. During the construction period, all major Project insurance policies are provided by the Company. Company insurance policies during the construction period include an owner-controlled insurance policy, as well as insurance covering workers' compensation, employment practices, vehicles, cyber liability and company, directors and officer's liability. Prepaid insurance costs represent insurance premiums paid that are related to future periods and these amounts are included in prepaid and other current assets and other long-term assets in the accompanying consolidated balance sheet. As of December 31, 2023 and 2022, prepaid insurance costs totaled \$27.0 million and \$21.7 million, respectively, of which \$9.9 million and \$7.0 million is in prepaid expenses and other current assets and \$17.1 million and \$14.7 million, respectively, is in other long-term assets on the accompanying consolidated balance sheet. Prepaid insurance policy premiums are amortized ratably over the respective policy coverage period. During the construction of the Project, insurance costs relating to the project are recorded as construction expense in the accompanying consolidated statements of operations. The portion of insurance related to the Existing Terminal 7 operation is expensed over the term of the policy and included in Insurance in the accompanying consolidated statements of operations.

#### **(r) Distributions**

The Company expects, from time to time, to make distributions of cash flows and capital to its Members, as and to the extent available subject to any limitations specified in the Port Authority Agreement or Loan Agreements.

For the years ended December 31, 2023 and 2022, no distributions were declared or made to the Members.

#### **(s) Leases**

The Company has leases in office premises under operating leases where it is the lessee. Such lease arrangements generally do not contain residual value guarantees or purchase options or if purchase options exist, they are not probable of being exercised.

The Company accounts for leases in accordance with Topic 842, *Leases*. The Company determines if an arrangement is or contains a lease at contract inception. The Company recognizes a right-of-use (ROU) asset and a lease liability at the lease commencement date. For operating and finance leases, the lease liability is initially measured at the present value of the unpaid lease payment at the commencement date. The lease liability is subsequently measured at amortized cost using the effective-interest method.

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

Key estimates and judgments include how the Company determines (i) the discount rate it uses to discount the unpaid lease payments to present value, (ii) lease term, and (iii) lease payments.

- (i) Topic 842 requires a lessee to discount its unpaid lease payments using the interest rate implicit in the lease or, if that rate cannot be readily determined, its incremental borrowing rate. Generally, the Company cannot determine the interest rate implicit in the lease because it does not have access to the lessor's estimated residual value or the amount of the lessor's deferred initial direct costs. An election is available to nonpublic entities to use a risk-free rate as the discount rate when the rate implicit in the lease is not determinable. The Company has elected to apply the risk-free rate as its discount rate for all asset classes of leases when such criteria is met.
- (ii) The lease term for all of the Company's leases includes the noncancellable period of the lease plus any additional periods that the Company will exercise the renewal option or not exercise the termination option or in which the exercise of those options is controlled by the lessor.
- (iii) Lease payments included in the measurement of the lease liability comprise the following:
  - a) Fixed payments, including in-substance fixed payments, owed over the lease term and
  - b) Variable lease payments that depend on an index or rate, initially measured using the index or rate at the lease commencement date.
  - c) Under Company's lessee arrangements, where both lease and nonlease (ASC 606, like repairs and maintenance) components exists, the Company has elected the practical expedient to account for the lease and nonlease components as a single lease component.

The ROU asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for lease payments made at or before the lease commencement date, plus any initial direct costs incurred, less any lease incentives received.

For operating leases, the ROU asset is subsequently measured throughout the lease term at the carrying amount of the lease liability, plus initial direct costs, plus any prepaid lease payments, less the unamortized balance of lease incentives received. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The Company monitors for events or changes in circumstances that require a reassessment of one of its leases. When a reassessment results in the remeasurement of a lease liability, a corresponding adjustment is made to the carrying amount of the corresponding ROU asset, unless doing so would reduce the carrying amount of the ROU asset to an amount less than zero. In that case, the ROU asset is reduced to zero and the remainder of the adjustment is recorded in profit or loss.

Operating lease ROU assets are presented as operating lease ROU assets on the consolidated balance sheet. The Operating lease liabilities is presented separately in current liabilities and the long-term portion on the consolidated balance sheet.

The Company has elected not to recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less. The Company recognizes the lease payments associated with its short-term leases as an expense on a straight-line basis over the lease term.

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

Variable lease payments associated with the Company's leases are recognized when the event, activity, or circumstance in the lease agreement on which those payments are assessed occurs. Variable lease payments are presented as operating expense in the Company's consolidated Statement of Operations in the same line item as expense arising from fixed lease payments.

ROU assets for operating leases are reduced by impairment losses, if any. The Company uses the long-lived assets impairment guidance in Subtopic 360-10, *Property, Plant, and Equipment – Overall*, to determine whether an ROU asset is impaired, and if so, the amount of the impairment loss to recognize.

The Company monitors for events or changes in circumstances that require a reassessment of one of its leases. When a reassessment results in the remeasurement of a lease liability, a corresponding adjustment is made to the carrying amount of the corresponding ROU asset unless doing so would reduce the carrying amount of the ROU asset to an amount less than zero. In that case, the ROU asset is reduced to zero and the remainder of the adjustment is recorded in profit or loss.

#### **(t) Derivative Instruments**

The Company recognizes all derivative instruments as either assets or liabilities in the consolidated balance sheet at their respective fair values except for those derivatives that are designated as qualified cash flow hedges that follow the simplified approach. Gains and losses on the derivative are recognized in current earnings (i.e., using a mark-to-market approach).

#### **(u) Recently Adopted Accounting Pronouncement**

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-13, *Financial Instruments – Credit Losses: Measurement of Credit Losses on Financial Instruments*, which applies a current expected credit loss ("CECL") model, a new impairment model based on expected losses rather than incurred losses. The CECL model is expected to result in more timely recognition of credit losses. Additionally, from 2016 through 2023, the FASB issued additional related ASUs that provide further guidance and clarification and became effective for the Company upon the adoption of ASU 2016-14.

The Company adopted ASU 2016-13 and its related ASUs (collectively referred to as "Topic 326") using the modified retrospective method for all financial assets measured at amortized cost on January 1, 2023. As a result, the Company was not required to adjust its comparative period financial information for effects of the standard or make the new required credit loss allowance disclosures for periods before the date of adoption. Prior period amounts continue to be presented in accordance with previously applicable generally accepted accounting principles.

The expected credit losses and subsequent adjustments to such losses will be recorded through an allowance account deducted from the amortized cost basis of the financial asset, with the net carrying value of the financial asset presented on the consolidated balance sheets at the amount expected to be collected. The credit loss expense and subsequent adjustments to such losses are recorded as a provision for (or reversal of) credit loss expense in the consolidated statements of operations. The CECL model is expected to result in more timely recognition of credit losses. With respect to private companies, the amendments in this update are effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years.

### Notes to Consolidated Financial Statements

December 31, 2023 and 2022

The Company determined that accounts receivable and contract assets are within the scope of the Topic 326 analysis. Accounts receivable are expected to be collected in less than one year and are therefore classified as current assets. Contract assets include unbilled amounts through 2060 upon expiration of the Port Authority Agreement, and therefore, are classified as long-term assets. The Company determines the allowance for credit losses for accounts receivable and contract assets using estimates of probability of customer default and loss given default percentages applied to estimated exposure at default. When measuring expected credit losses, the Company considers customers' historical payment patterns, customers' credit ratings as published by credit rating agencies, and current and reasonable and supportable forecasts of economic conditions in estimating customers' probability of default, exposure at default, and estimated loss given default. The Company collectively evaluates contract assets with similar industry risk and credit risk characteristics. In addition, the Company evaluates the collectability of contract assets on an individual basis, when they no longer have similar risk characteristics to determine if any are deemed uncollectible. Contract assets are written off against the allowance for credit losses when deemed uncollectible.

The Company will continually review and update, when necessary, all such relevant judgments and assessments in determining the reserves for credit losses. When specific customers are identified as no longer sharing the same risk profile as their current pool, they are removed from the pool and evaluated separately.

The Company adopted the updates on January 1, 2023, with no material impact on the consolidated financial statements.

All amounts discussed in items (a) through (h) below are considered consideration payable to Grantor and are reflected as a reduction in the transaction price discussed in Note 1(k), *Revenue Recognition*, above.

##### **(a) Ground Rent**

The Company uses variable rate debt to finance its operations. To manage fluctuations in cash flows resulting from changes in the contractually specified rate, the Company enters into 'pay-fixed, receive-variable' interest rate swap agreements. Taken together with the related debt, these swaps create the economic equivalent of fixed-rate debt, up to the notional amount of its hedged debt. The Company's Revolving Credit agreement and the related interest rate swap agreements were all based on Secured Overnight Financing Rate ("SOFR"). As of December 31, 2023 and 2022, the total notional amount of the Company's outstanding interest-rate swap agreements that were entered into to hedge outstanding or forecasted debt obligations were \$1.732 million and \$0.0 million, respectively. **(7) Leases**

In 2023, the Company entered into noncancellable operating leases, primarily for office space that expire over the next five years. Because the Company is not reasonably certain to exercise these renewal options, the options are not considered in determining the lease term and associated potential option payments are excluded from lease payments. The Company also elected to discount its leases using a risk-free rate.

Each Series of Bonds issued hereunder shall be special obligations of the Issuer, secured and payable (except to the extent payable out of proceeds from the sale of such Series of Bonds or the income from the temporary investments thereof) by the Issuer solely out of the payments or other receipts, funds or moneys pledged therefor pursuant to this Indenture and from any amounts otherwise available under this Indenture for the payment of such Bonds, and from amounts payable to the Collateral Agents as Leasehold Mortgagee under the Leasehold Mortgages. The Bonds shall be additionally secured by a pledge and assignment of the Issuer’s right, title and interest in and to the TDC Loan Agreements (excluding the Reserved Rights) and except for the Leasehold Mortgages, shall not be secured by any other Security Interest or other possessory interest in all or any part of the Project or by any leasehold interest of the Port Authority or the Borrower or any fee or leasehold interest of the City in any portion of the Airport or in the facilities operated or constructed as part of the Project. In the event the Borrower shall fail to make any payment under the TDC Loan Agreements or shall otherwise default under the TDC Loan Agreements, and, as a result thereof, the principal of the Bonds is declared or becomes due and payable, none of the Issuer, the Trustee, or any Holder of any of the Bonds shall have any rights or remedies with respect to the Project or the leasehold interest of the Port Authority or the Borrower or any fee or the leasehold interest of the City but shall only have the rights hereunder and under the TDC Loan Agreements and the Leasehold Mortgages, the Collateral Agency and Accounts Agreement, and the Intercreditor Agreement, including, to the extent set forth in such documents, the right to enforce against the Borrower the obligation of the Borrower to make loan payments sufficient to enable the Issuer to pay the

principal of, Redemption Price, if any, and interest on the Bonds and the right herein to realize upon any of the Funds. The Port Authority shall not have any obligation with respect to the Bonds; provided that the Port Authority has agreed to certain rights of the Recognized Mortgagee (as defined in the Lease Agreement) pursuant to Section 83 of the Lease Agreement.

Section 2.03 Terms of the Bonds; Securities Depository. Each Series of Bonds shall have the terms provided herein and in the Supplemental Indenture providing for the issuance thereof.

(a) Except as otherwise provided in this Section or in the Supplemental Indenture for a Series of Bonds, each Series and maturity of the Bonds shall be issued in the form of one typewritten Bond. Each Bond shall be registered in the name of the Securities Depository or its nominee, and beneficial ownership interests thereof shall be maintained in the Book-Entry System of the Securities Depository for the account of the Participants. Initially, each Bond shall be registered in the name of Cede & Co., as the nominee of The Depository Trust Company. Except as provided in subsection (c) of this Section, the Bonds may be transferred in whole, but not in part, only to the Securities Depository or a nominee of the Securities Depository or to a successor Securities Depository (or to a nominee of such successor Securities Depository) selected by the Borrower with prior written notice to the Issuer and the Trustee. Each Bond shall bear legends substantially to the following effect:

“Except as otherwise provided in the Indenture, this Bond may be transferred, in whole but not in part, only to another nominee of the Securities Depository (as defined in the Indenture) or to a successor Securities Depository or to a nominee of a successor Securities Depository.”

“Each Holder of this Bond (by purchase or transfer and acceptance hereof) acknowledges the Issuer shall have no interest in the facilities operated or constructed as part of the Project. Each Holder of this Bond (by purchase or transfer and acceptance hereof) agrees that none of the Issuer, any Bondholder, or the Trustee shall have any interest in the Project or the Lease Agreement (including but not limited to, any rights to perform the rights or obligations of the Borrower under the Lease Agreement or otherwise, any rights of possession, entry, re-entry, redemption, eviction or regaining or resumption of possession, any right to the appointment of a receiver or to sell, convey, transfer, mortgage, acquire, pledge, assign, let or resublet the facilities operated or constructed as part of the Project or the Lease Agreement or any part thereof or any rights created thereby or the letting thereunder) under (i) the Security Documents, (ii) the Act, (iii) the actions under the real property law and Proceedings Law of the State or (iv) the real property law of the State; or otherwise, in each case except for those rights pursuant to the Leasehold Mortgages. Further, the Bondholder acknowledges that it shall not have any claim, interest, remedy, right or action against the Port Authority or the facilities operated or constructed as part of the Project or under the Lease Agreement at law or in equity arising out of or in connection with the Act, the Security Documents or the Project (other than the interests, rights and remedies granted to the Leasehold Mortgagee under or pursuant to the Leasehold Mortgages). In addition to and without limiting the foregoing, the Bondholder hereby acknowledges and agrees that in the event there shall be a conflict between the provisions of the Leasehold Mortgages and the Lease Agreement, the Lease Agreement shall govern. Copies of the Indenture, the Basic Lease, the Lease Agreement, the TDC Loan Agreements and the Leasehold Mortgages are on file at the principal corporate trust office of the Trustee and reference is made to such documents for the provisions relating, among other things, to the terms and security of the Bonds, the custody and application of the proceeds of

the Bonds, the rights and remedies of the Holders of the Bonds, and the rights, duties and obligations of the Issuer, the Borrower, the City of New York, the Port Authority, and the Trustee. The Port Authority shall not have any obligation with respect to the Bonds; provided that the Port Authority has agreed to certain rights of the Recognized Mortgagee (as defined in the Lease Agreement) pursuant to Section 83 of the Lease Agreement.”

(b) The Issuer and the Trustee shall have no responsibility or obligation with respect to the accuracy of the records of the Securities Depository or any Participant with respect to any beneficial ownership interest in the Bonds, the delivery to any Participant, Beneficial Owner of the Bonds or other Person, other than the Securities Depository, of any notice with respect to the Bonds or the payment to any Participant, Beneficial Owner of the Bonds or other Person, other than the Securities Depository, of any amount with respect to the principal of, Redemption Price, if any, and interest on the Bonds. So long as definitive Bonds are not issued pursuant to subsection (c) of this Section, the Issuer and the Trustee may treat the Securities Depository as, and deem the Securities Depository to be, the absolute owner of such Bonds for all purposes whatsoever, including, without limitation, (i) the payment of the principal of, Redemption Price, if any, and interest on such Bonds, (ii) giving notices of redemption, purchase and other matters with respect to such Bonds and (iii) registering transfers with respect to such Bonds.

(c) If at any time the Securities Depository notifies the Issuer or the Trustee that it is unwilling or unable to continue as Securities Depository with respect to any or all of the Bonds or if at any time the Securities Depository shall no longer be registered or in good standing under the Securities Exchange Act or other applicable statute or regulation, then the Issuer or the Trustee shall notify the Borrower of the same, and the Borrower may as promptly as possible select a successor Securities Depository and provide written notice thereof to the Issuer and the Trustee. If a successor Securities Depository is not appointed by the Borrower within 45 days after the Issuer receives notice or becomes aware of such condition, as the case may be, the provisions of subsections (a) and (b) above shall no longer be applicable and the Issuer shall execute and the Trustee shall authenticate and deliver definitive Bonds as provided below, in each case at the sole cost and expense of the Borrower. Bonds issued in exchange for one or more Bonds pursuant to this subsection (c) shall be registered in such names and Authorized Denominations as the preceding Securities Depository, pursuant to instructions from the Participants or otherwise, shall instruct the Issuer and the Trustee. The Trustee shall promptly deliver such definitive Bonds to or for the account of the Persons in whose names such Bonds are so registered at their respective addresses set forth in such instructions.

#### Section 2.04 Execution of Bonds.

The Bonds shall be executed on behalf of the Issuer by the manual or facsimile signature of an Issuer Representative attested by the manual or facsimile signature of the Secretary or Assistant Secretary of the Issuer. Any facsimile signatures shall have the same force and effect as if the appropriate officers had personally signed each of said Bonds. In case any of the officers who shall have signed or whose reproduced facsimile signature appears thereon shall cease to be such officer before such Bonds shall have been actually issued and delivered, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and also any Bond may bear the facsimile signature of or may be signed by such persons as at the actual time of the execution of such Bond shall be the

proper officers to sign such Bond although at the date of such Bond such persons may not have been such officers. Neither the members, directors, officers or agents of the Issuer nor any person executing the Bonds shall be liable personally or be subject to any personal liability or accountability by reason of the issuance thereof.

Section 2.05 Registration of Transfer and Exchange of Bonds; Persons Treated as Owners.

The Issuer shall cause books for the registration and for the registration of transfer of the Bonds as provided in this Indenture to be kept by the Trustee, which is hereby appointed the Bond Registrar for the Bonds. The transfer of any Bond shall be registered upon surrender of such Bond at the designated corporate trust office of the Bond Registrar, duly endorsed for transfer or accompanied by an assignment duly executed by the Owner or his attorney duly authorized in writing, thereupon the Issuer shall execute and the Trustee shall authenticate and deliver, in the name of the transferee or transferees, a new fully registered Bond of the same Series and maturity, in any Authorized Denomination or Authorized Denominations and bearing interest at the same rate.

Bonds may be exchanged at the designated corporate trust office of the Bond Registrar for a like aggregate principal amount of fully registered Bonds of the same Series, maturity and interest rate in Authorized Denominations. The Issuer shall execute and the Trustee shall authenticate and deliver Bonds which the Bondholder making the exchange is entitled to receive, bearing numbers not contemporaneously outstanding.

The Bond Registrar shall not be required to register the transfer of or exchange of any Bond (i) after notice calling such Bond or portion thereof for redemption or purchase has been mailed or (ii) after any Bond (or portion thereof) has been selected for redemption or purchase.

No Bonds shall be transferred by the Bond Registrar subsequent to a purchase in lieu of redemption unless the Issuer obtains a Favorable Opinion of Bond Counsel, and the Bond Registrar may rely conclusively on such Opinion of Bond Counsel in complying with the requirements of this Section 2.05 hereof.

The Person in whose name a Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of the principal of, Redemption Price, if any, and interest on any Bond shall be made only to or upon the written order of the Owner or his legal representative, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums paid.

Any Bondholder requesting exchange or registration of transfer shall pay any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer.

Section 2.06 Lost, Stolen, Destroyed and Mutilated Bonds.

Upon receipt by the Issuer and the Bond Registrar of evidence satisfactory to them of the loss, theft, destruction or mutilation of any Bond and, in the case of a lost, stolen or destroyed Bond, of indemnity satisfactory to them, and upon surrender and cancellation of the Bond, if

mutilated, the Issuer shall execute, and the Trustee shall authenticate and deliver, a new Bond of the same Series, maturity, interest rate and Authorized Denomination in lieu of such lost, stolen, destroyed or mutilated Bond or, if such lost, stolen, destroyed or mutilated Bond shall have matured or have been called for redemption or purchase, or is about to mature, in lieu of executing and delivering a new Bond as aforesaid, the Issuer may pay such Bond. Any such new Bond shall bear a number not contemporaneously outstanding. The Owner of any such new Bond may be required to pay all expenses and charges of the Issuer, the Trustee and of the Bond Registrar in connection with the issuance of such Bond. All Bonds shall be held and owned upon the express condition that, to the extent permitted by law, the foregoing conditions are exclusive with respect to the replacement and payment of mutilated, destroyed, lost or stolen Bonds.

Section 2.07 Conditions for Delivery of Bonds. Upon the execution and delivery of a Supplemental Indenture providing for the issuance of a Series of Bonds, the Issuer shall execute and deliver such Series of Bonds to the Trustee, and the Trustee shall authenticate such Series of Bonds, *provided, however*, that prior to delivery by the Trustee of such Series of Bonds there shall be filed and delivered to the Trustee the following:

(a) A resolution duly adopted by the Issuer, certified by an Issuer Representative, authorizing the execution and delivery of the applicable Financing Documents and other documents relating to the issuance of the Series of Bonds to which the Issuer is a party (the “Issuer Documents”).

(b) Executed counterparts of (i) each of the Financing Documents executed and delivered in connection with the issuance of such Series of Bonds (including, without limitation, the applicable Supplemental Indenture, TDC Loan Agreements or any amendment(s) thereto, Notes, Tax Certificate, as applicable, and Leasehold Mortgages (or any amendment(s) thereto)), and (ii) the Lease Agreement (or any amendment(s) thereto), in each case as may be applicable.

(c) Certified copies of the previously executed Financing Documents then in effect that are amended or supplemented by any document delivered pursuant to Section 2.07(b) above.

(d) The written request of the Issuer to the Trustee, signed by an Issuer Representative, authorizing and directing the Trustee to authenticate the Series of Bonds and to deliver the Series of Bonds to the underwriters, if applicable, upon payment to the Trustee of the purchase price thereof.

(e) Receipt and acknowledgment by the Issuer of the financing fee to be paid by the Borrower in connection with the issuance of the Series of Bonds.

(f) The executed Series of Bonds.

(g) A certificate of an Authorized Borrower Representative stating that (i) each of the Financing Documents to which the Borrower is a party is in full force and effect, (ii) no Event of Default has occurred and is continuing thereunder nor to the knowledge of the person executing such certificate has there occurred any event which, upon notice or lapse of time or both, would become an Event of Default, and (iii) the consent of the Port Authority to the issuance of

the Series of Bonds has either been obtained or is not required pursuant to the terms of the Lease Agreement.

- (h) The Opinion of Bond Counsel.
- (i) The Opinion of Counsel to the Issuer.
- (j) The Opinion of Counsel to the Borrower.
- (k) The Opinion of Disclosure Counsel, if applicable.

(l) Any other items required by the Supplemental Indenture pursuant to which such Series of Bonds is being issued.

(m) Such additional documents, instruments, certificates or opinions as may be reasonably requested by the Issuer or Bond Counsel.

Section 2.08 Form of Bonds. The definitive Bonds of each Series shall be in substantially the form set forth as an exhibit to the Supplemental Indenture providing for the issuance of such Series of Bonds.

Section 2.09 Trustee's Authentication Certificate.

No Bond shall be secured hereby or entitled to the benefit hereof, or shall be valid or become obligatory for any purpose, unless the certificate of authentication has been duly executed by the Trustee; and such certificate of the Trustee upon any Bond shall be conclusive evidence and the only competent evidence that such Bond has been authenticated and delivered hereunder. The Trustee's certificate of authentication shall be deemed to have been duly executed by it if manually signed by an authorized representative of the Trustee, but it shall not be necessary that the same person sign the certificate of authentication on all of the Bonds issued hereunder.

Section 2.10 Other Obligations.

So long as any Bonds are Outstanding, the Issuer hereby covenants that it will not create or permit the creation of or issue any obligations or create any additional indebtedness which will be secured by a lien on all or any part of the Trust Estate established and created by or pursuant to this Indenture, except to the extent permitted by a Supplemental Indenture, the TDC Loan Agreements, and the Collateral Agency and Accounts Agreement.

Section 2.11 Cancellation and Destruction of Bonds by the Trustee.

Whenever any Outstanding Bonds shall be delivered to the Trustee for the cancellation thereof pursuant to this Indenture, upon payment of the principal amount and interest represented thereby, or for replacement pursuant to Section 2.05 or 2.06 hereof, such Bonds shall be promptly cancelled by the Trustee and disposed of in accordance with the Trustee's custom and practice. Evidence of such disposition shall be furnished to the Issuer and the Borrower at the Issuer's or Borrower's request.

#### Section 2.12 Temporary Bonds.

Pending the preparation of definitive Bonds of a Series, the Issuer may execute and the Trustee shall authenticate and deliver temporary Bonds of such Series. Temporary Bonds of such Series shall be issuable as fully registered Bonds without coupons, of any Authorized Denomination, and substantially in the form of the definitive Bonds of such Series but with such omissions, insertions and variations as may be appropriate for temporary Bonds of such Series, all as may be determined by the Issuer. Every temporary Bond of a Series shall be executed by the Issuer and be authenticated by the Trustee upon the same conditions and in substantially the same manner, and with like effect, as the definitive Bonds of such Series. As promptly as practicable, the Issuer shall execute and shall furnish definitive Bonds of such Series and thereupon temporary Bonds of such Series may be surrendered in exchange therefor without charge at the principal corporate trust office of the Trustee, and the Trustee shall authenticate and deliver in exchange for such temporary Bonds of such Series a like aggregate principal amount of definitive Bonds of such Series and, until so exchanged, the temporary Bonds of such Series shall be entitled to the same benefits under this Indenture as definitive Bonds of such Series.

#### Section 2.13 Authorization of Additional Senior Bonds.

Following the initial issuance of Bonds pursuant to this Indenture, additional Senior Bonds may be issued from time to time subject to the provisions of this Section and Sections 10.21 and 10.27 of the Collateral Agency and Accounts Agreement. Each Series of additional Senior Bonds shall be designated as Senior Bonds pursuant to the applicable Supplemental Indenture.

(a) Subject to Section 10.27 of the Collateral Agency and Accounts Agreement, and at the request of the Borrower, additional Senior Bonds may be delivered under and be equally and ratably secured by this Indenture on a parity with any other Senior Bonds Outstanding, at any time and from time to time while no Event of Default has occurred and is continuing under this Indenture, the Lease Agreement, the TDC Loan Agreements and the Collateral Agency and Accounts Agreement and no Enforcement Action is ongoing under the Collateral Agency and Accounts Agreement or the Intercreditor Agreement.

#### Section 2.14 Authorization of Subordinate Bonds.

Following the initial issuance of Bonds pursuant to this Indenture, Subordinate Bonds may be issued from time to time subject to the provisions of this Section and Section 10.27 of the Collateral Agency and Accounts Agreement. Each Series of Subordinate Bonds shall be designated as Subordinate Bonds pursuant to the applicable Supplemental Indenture.

(a) Subject to Section 10.27 of the Collateral Agency and Accounts Agreement, at the request of the Borrower, Subordinate Bonds may be delivered under and be equally and ratably secured by this Indenture on a parity with any other Subordinate Bonds Outstanding, at any time and from time to time while no Event of Default has occurred and is continuing under this Indenture, the Lease Agreement, the TDC Loan Agreements and the Collateral Agency and Accounts Agreement and no Enforcement Action is ongoing under the Collateral Agency and Accounts Agreement or the Intercreditor Agreement; provided, however that the Subordinate Bonds shall be subordinate in right of payment to any Senior Obligations Outstanding.

Section 2.15 Conditions to Issue Additional Bonds.

Before any Additional Bonds shall be delivered under the provisions of Sections 2.13 and 2.14, the following conditions shall occur:

(a) The Issuer shall authorize the issuance of such Additional Bonds, fixing the amount and terms thereof and describing the purpose or purposes for which such Additional Bonds are being delivered or describing the Outstanding Bonds to be refunded.

(b) The Issuer shall authorize a Supplemental Indenture for the purpose of delivering such Additional Bonds and such Supplemental Indenture shall specify, among other matters, whether the Additional Bonds are Senior Bonds or Subordinate Bonds, the related debt service reserve requirement, if any, and redemption terms, and whether any additional accounts shall be established hereunder or under the Collateral Agency and Accounts Agreement.

(c) Each Series of Additional Bonds that are issued as Senior Bonds shall be equally and ratably secured under this Indenture with any other Series of Senior Bonds, without preference, priority or distinction of any Senior Bonds over any other Senior Bonds. Each Series of Additional Bonds that are issued as Subordinate Bonds shall be equally and ratably secured under this Indenture with any other Series of Subordinate Bonds, without preference, priority or distinction of any Subordinate Bonds over any other Subordinate Bonds. All such Additional Bonds shall be in such denomination or denominations, bear such date or dates, bear interest at such rate or rates, have such maturity date or dates, Redemption Dates and Redemption Prices, contain an appropriate series designation, including the designation of Senior Bonds or Subordinate Bonds, and be delivered at such prices as shall be designated in a Supplemental Indenture and approved by the Issuer.

(d) Prior to or simultaneously with the execution and issuance of such Additional Bonds by the Issuer, there shall be filed with the Trustee the following:

(1) A certified copy of the resolution of the Issuer authorizing the issuance of such Additional Bonds.

(2) A certificate of the Borrower stating that as of the date of such issuance (A) no event or condition has happened or existed and is continuing, or is happening or existing, which constitutes, or which, with notice or lapse of time or both, would constitute an Event of Default under this Indenture, the Lease Agreement, and the TDC Loan Agreements or an Enforcement Action under the Collateral Agency and Accounts Agreement or the Intercreditor Agreement and (B) such Additional Bonds constitute Permitted Indebtedness.

(3) The written consent of the Borrower to the issuance of Additional Bonds and a certificate of the Issuer that no event or condition has happened or existed and is continuing, or is happening or existing, which constitutes, or which, with notice or lapse of time or both, would constitute, an Event of Default under the Indenture or the TDC Loan Agreements.

(4) Notice to and written consent of the Port Authority, if required by the Lease Agreement.

(5) An original executed counterpart of the Supplemental Indenture.

(6) An executed counterpart to the supplement to the TDC Loan Agreements and the respective Note related to such Additional Bonds.

(7) A request and authorization to the Trustee by the Issuer to authenticate the Additional Bonds and deliver said Additional Bonds to or upon the order of the purchaser(s) therein identified upon payment to the Trustee, of the purchase price thereof. The Trustee shall be entitled to rely conclusively upon such request and authorization as to the name(s) of the purchaser(s) and the amount of such purchase price.

(8) In the case of Additional Bonds being delivered to refund Outstanding Senior Bonds or Subordinate Bonds, such additional documents as shall be reasonably required by the Trustee to evidence that provision has been duly made in accordance with the provisions of Article VII herein for the payment of the Senior Bonds or Subordinate Bonds to be refunded.

(9) In the case of Additional Bonds being delivered to repay outstanding Senior Bank Obligations, such additional documents as shall be reasonably required by the Trustee to evidence that provision has been duly made for the repayment of the applicable Senior Bank Obligations.

(10) An Opinion of Bond Counsel to the effect that the issuance of such Additional Bonds has been duly authorized, that all legal conditions precedent to the delivery of such Additional Bonds have been fulfilled, and that the Additional Bonds are valid and binding obligations of the Issuer in accordance with their terms.

(11) Such other certificates, statements, receipts, opinions and documents as the Trustee shall reasonably require for the issuance of such Additional Bonds.

When the documents specified in this subsection have been filed with the Trustee, the Trustee shall authenticate and deliver such Additional Bonds to or upon the order of the purchasers thereof, but only upon payment of the purchase price of such Additional Bonds. The proceeds of the sale of such Additional Bonds, except Additional Bonds delivered to refund Outstanding Bonds, including accrued interest and premium thereon, if any, or outstanding Senior Bank Obligations, paid over to the Trustee shall be deposited and applied by the Trustee as provided herein and in the Supplemental Indenture authorizing the issuance of such Additional Bonds. The proceeds of all Additional Bonds delivered to refund Outstanding Senior Obligations or Subordinate Bonds shall be deposited by the Trustee, after payment or making provision for payment of all expenses incident to such financing, to the credit of a special trust fund, appropriately designated, to be held in trust for the exclusive purpose of paying the principal of, interest and premium, if any, on the Senior Obligations or Subordinate Bonds to be refunded, as provided in Article VII herein and in the Supplemental Indenture authorizing the issuance of such

refunding Additional Bonds. The proceeds of all Additional Bonds delivered to repay outstanding Senior Bank Obligations shall be deposited by the Trustee, after payment or making provision for payment of all expenses incident to such financing, to the credit of a special trust fund, appropriately designated, to be held in trust for the exclusive purpose of paying amounts necessary to repay the applicable Senior Bank Obligation or portion thereof.

Section 2.16 Limitation on Issuer's Liability.

Anything in this Indenture, the Bonds, the TDC Loan Agreements or any other Financing Document to the contrary notwithstanding, any obligations of the Issuer under this Indenture, the Bonds, the TDC Loan Agreements or any other Financing Document or related document for the payment of money shall not subject the Issuer to any pecuniary or other liability nor create a debt of the State (or any political subdivision or public benefit corporation), and the State (or any political subdivision or public benefit corporation) shall not be liable on any obligation so incurred, but any such obligation shall be a special limited obligation of the Issuer secured and payable solely as provided in this Indenture.

Section 2.17 CUSIP Numbers.

The Issuer in issuing the Bonds may use CUSIP numbers (if then generally in use), and, if so, the Trustee shall use CUSIP numbers in notices of redemption or purchase as a convenience to Holders; provided that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Bonds or as contained in any notice of redemption or purchase and that reliance may be placed only on the other identification numbers printed on the Bonds, and any such redemption or purchase shall not be affected by any defect in or omission of such numbers. The Issuer or the Borrower will promptly notify the Trustee in writing of any change in the CUSIP numbers.

Section 2.18 Denominations, Medium, Method and Place of Payment and Dating of Bonds.

(a) The Bonds shall be issued in the form of fully registered Bonds in Authorized Denominations. The respective principal amounts of the Bonds to be issued as Current Interest Bonds and Compounding Interest Bonds shall be specified in the applicable Supplemental Indenture. The principal of and interest on, and Redemption Price, if any, of the Bonds shall be payable in lawful money of the United States of America.

(b) Except as may be specifically set forth herein, the Trustee, the Borrower and the Issuer may treat the Owner of a Bond as the absolute owner thereof for all purposes, whether or not such Bond shall be overdue, and the Trustee, the Borrower and the Issuer shall not be affected by any knowledge or notice to the contrary; and payment of the principal of and Redemption Price, if any, and interest on such Bond shall be made only to such Owner, which payments shall be valid and effectual to satisfy and discharge the liability of such Bond to the extent of the sum or sums so paid. All Bonds at maturity or on earlier redemption paid pursuant to the provisions of this Section shall be cancelled by the Trustee.

(c) The Bonds shall be dated their respective dates of authentication and delivery thereof. Any Current Interest Bonds shall bear the rate or rates of interest per year as shall

be specified in the applicable Supplemental Indenture. Interest on Current Interest Bonds shall be payable on each Interest Payment Date until the principal amount has been paid or provided for. Any Current Interest Bonds shall bear interest from the most recent date to which interest has been paid or provided for or, if no interest has been paid or provided for, from their dated date.

Any Compounding Interest Bonds shall bear interest from their dated date at the compounding rate or rates of interest per year, accrued and compounded on each Interest Accretion Date and payable at maturity, that will result in the aggregate Maturity Amounts payable at maturity, as shall be specified in the applicable Supplemental Indenture. The total interest accrued on any Compounding Interest Bond as of any particular date shall be an amount equal to the amount by which the Accreted Value of that Compounding Interest Bond as of that date exceeds the principal amount of that Compounding Interest Bond.

(d) The principal of the Bonds of a Series shall become due and payable on its Principal Payment Dates. The principal or Redemption Price of the Bonds shall be payable by check or wire transfer to the Holders of such Series of Bonds at the Maturity Date or Redemption Date upon presentation and surrender of the Bonds of such Series at the designated corporate trust office of the Trustee. The interest payable on the Bonds of a Series on any Interest Payment Date shall be paid by the Trustee to the Holders of such Series of Bonds appearing on the registration books maintained by the Trustee as Bond Registrar at the close of business on the Record Date for such interest, and shall be paid (1) by check mailed to such Holders at their address as it appears on such registration books or at such other address furnished in writing by such Holders to the Trustee, or (2) at the written request addressed to the Trustee by any Holder of Bonds, or unless otherwise provided in any writing with or from the Securities Depository, by electronic wire transfer in immediately available funds for credit to the bank routing number and account number filed with the Trustee no later than a Record Date for any interest payment.

(e) Interest on any Bond that is due and payable but not paid on the date due (“Defaulted Interest”) shall cease to be payable to the Owner of such Bond on the relevant Record Date and shall be payable to the Owner in whose name such Bond is registered at the close of business on a special record date (the “Special Record Date”) for the payment of such Defaulted Interest, which Special Record Date shall be fixed in the following manner. The Collateral Agents shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Bond and the date of the proposed payment (which date shall be such as will enable the Trustee to comply with the next sentence hereof), and shall deposit with the Trustee at the time of such notice an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment; money deposited with the Trustee shall be held in trust for the benefit of the Owners of the Bonds entitled to such Defaulted Interest as provided in this Section. Following receipt of such funds the Trustee shall fix the Special Record Date for the payment of such Defaulted Interest which shall be not more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment and not less than ten (10) days after the receipt of such funds by the Trustee. The Trustee shall promptly notify the Borrower of such Special Record Date and, in the name and at the expense of the Borrower, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be delivered via Electronic Means if the Bonds are held in the Book-Entry System, or mailed first class postage prepaid, to each

Owner of a Bond entitled to such notice at the address of such Owner as it appears on the bond registration books not less than ten (10) days prior to such Special Record Date.

Subject to the foregoing provisions of this Section, each Bond delivered under this Indenture upon registration of transfer of or in exchange for or in lieu of any other Bond of the same Series shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Bond, and each such Bond shall bear interest from such date, so that neither gain nor loss in interest shall result from such registration of transfer or exchange.

[END OF ARTICLE II]

**ARTICLE III**  
**REDEMPTION OF BONDS BEFORE MATURITY**

Section 3.01 Redemption of Bonds. The Bonds shall be subject to redemption prior to maturity at such times, to the extent and in the manner provided herein and in the applicable Supplemental Indenture.

Section 3.02 Selection of Bonds to Be Redeemed or Purchased in Lieu of Redemption. In the case of redemption or purchase in lieu of redemption of less than all of a Series of Bonds, unless otherwise provided in the Supplemental Indenture providing for the issuance of a Series of Bonds, the Trustee at the direction of the Borrower will select the maturities of such Series of Bonds to be redeemed or purchased. If less than all of a maturity and Series of Bonds are to be redeemed or purchased, unless otherwise provided in the Supplemental Indenture providing for the issuance of such Series of Bonds, the Bonds of such Series and maturity to be redeemed or purchased will be selected by the Trustee, by lot, using such method of selection as the Trustee shall determine; provided however that so long as the Bonds are registered in the name of Cede & Co., as nominee of DTC, the particular Series and maturities of Bonds to be redeemed will be determined in accordance with DTC's procedures as from time to time in effect. No Bonds may be resold subsequent to a purchase in lieu of redemption unless the Issuer obtains a Favorable Opinion of Bond Counsel, and the Issuer may rely conclusively on such Opinion in complying with the requirements of this Section 3.02. The portion of any Bond to be redeemed in part shall be in an Authorized Denomination and, in selecting a Bond for redemption in part, the Trustee shall treat that Bond as representing that number of Bonds that is obtained by dividing the principal amount of such registered Bond by the Authorized Denomination (referred to below as a "unit") then issuable rounded down to the integral multiple of such minimum denomination. If it is determined that one or more, but not all, of the units of principal amount represented by any such Bond is to be called for redemption, then, upon notice of intention to redeem such unit or units, the Holder of such Bond shall forthwith surrender such Bond to the Trustee for (a) payment to such Holder of the Redemption Price of the unit or units of principal amount called for redemption and (b) delivery to such Holder of a new Bond or Bonds of the same maturity in the aggregate unpaid principal amount of the unredeemed balance of the principal amount of such Bond in accordance with Section 3.05. If the Holder of any such Bond of a denomination greater than a unit shall fail to present such Bond to the Trustee for payment and exchange as aforesaid, such Bond shall, nevertheless, become due and payable on the date fixed for redemption to the extent of the unit or units of principal amount called for redemption (and to that extent only).

Section 3.03 Notice of Redemption.

Unless as otherwise provided in a Supplemental Indenture, when redemption of any Bonds or any portions thereof is requested or required pursuant to this Indenture, upon written notice from the Borrower to the Trustee delivered no less than 30 days prior to the Redemption Date, the Trustee shall give notice of such redemption in the name of the Issuer, specifying the CUSIP number, the date of original issue, the date of mailing of the notice of redemption, maturities, interest rates and principal amounts of the Bonds or portions thereof to be redeemed, the Redemption Date, the Redemption Price and the place or places where amounts due upon such redemption will be payable (including the name, address and telephone number of a contact person at the Trustee) and specifying the principal amounts of the Bonds or portions thereof to be payable

and, if less than all of the Bonds of any maturity are to be redeemed, the numbers of such Bonds or portions thereof to be so redeemed. Such notice shall further state that on the Redemption Date there shall become due and payable upon each Bond or portion thereof to be redeemed the Redemption Price thereof, and if sufficient moneys are held in trust for the payment of such Redemption Price, from and after the Redemption Date interest thereon shall cease to accrue and be payable. Such notice may set forth any additional information relating to such redemption. The Trustee, in the name and on behalf of the Issuer, (i) shall, if the Bonds are held in the Book-Entry System, send by Electronic Means and, in all other cases, mail a copy of such notice by first-class mail, postage prepaid, not more than 45 nor less than 20 days prior to the Redemption Date to the registered owners of any such Bonds that are to be redeemed, at their last addresses, if any, appearing upon the registration books, but any defect in such notice shall not affect the validity of the proceedings for the redemption of any other Bonds and (ii) with respect to any Bonds in connection with which Borrower has entered into a continuing disclosure undertaking, cause notice of the redemption of such Bonds to be submitted to the MSRB's EMMA system. Any notice mailed as provided in this Section shall be conclusively presumed to have been duly given, whether or not the registered owner receives the notice. With respect to any optional redemption of the Bonds, such notice may state that such redemption shall be conditional upon the receipt by the Trustee on or prior to the Redemption Date of moneys sufficient to pay the Redemption Price of the Bonds to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the Issuer shall not be required to redeem such Bonds. In the event that such notice of redemption contains such a condition and such moneys are not so received, the redemption shall not be made and the Trustee shall within a reasonable time thereafter give notice to the registered owners of the Bonds, in the manner in which the notice of redemption was given, that such moneys were not so received. In the event of a postal strike, the Trustee shall give notice by overnight courier (if available), and in the absence of the availability of overnight courier, by Electronic Means.

Section 3.04 Payment of Redeemed Bonds. Notice having been given in the manner provided in Section 3.03 hereof, the Bonds or portions thereof so called for redemption shall become due and payable on the Redemption Date so designated at the Redemption Price. If, on the Redemption Date, moneys for the redemption of all Bonds or portions thereof to be redeemed, together with interest to the Redemption Date, shall be held by the Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the Redemption Date, interest on the Bonds or portions thereof so called for redemption shall cease to accrue and become payable. If said moneys shall not be so available on the Redemption Date, such Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

(b) Payment of the Redemption Price shall be made to or upon the order of the registered owners only upon presentation of such Bonds for cancellation and exchange as provided in Section 3.05 hereof; provided, however, that any Bondholder of at least \$1,000,000 in aggregate principal amount of Bonds to be redeemed may, by written request to the Trustee, received by the Trustee at least five (5) Business Days prior to the Redemption Date, direct that payments of Redemption Price be made by wire transfer in federal funds at such wire transfer address as the owner shall specify to the Trustee in such written request.

Section 3.05 Cancellation of Redeemed Bonds. Each Bond redeemed in full under the provisions of this Article shall forthwith be canceled and destroyed in accordance with the provisions hereof and no Bonds shall be executed, authenticated or issued hereunder in exchange or substitution therefor.

(b) If there shall be called for redemption less than all of any Bond, as described in Section 3.02 hereof, the Issuer shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, for the unredeemed portion of the Bond so surrendered, a Bond or Bonds of the same Series and maturity in any of the Authorized Denominations and bearing interest at the same rate.

Section 3.06 Redemption of Bonds.

All Bonds may be made subject to redemption upon such terms and conditions as set forth in the applicable Supplemental Indenture.

The moneys in each of said Funds and the Accounts therein shall be held in trust and applied as hereinafter provided with regard to each such Fund or Account therein and, pending such application, shall be subject to a lien and charge in favor of the Holders of the Bonds of the applicable lien priority issued and Outstanding under this Indenture and for the further security of such Holders until paid out or transferred as herein provided, subject, however, in each case, to the Granting Clauses of this Indenture. Each Fund and Account shall be held by the Trustee.

(b) There shall be deposited into the appropriate account of the Senior Bond Fund and the Subordinate Bond Fund (i) amounts remitted or transferred to such accounts pursuant to Sections 5.06(c), 5.06(f) or 5.06(i) of the Collateral Agency and Accounts Agreement, as applicable, and (ii) any other moneys received by the Trustee that are accompanied by directions from the Senior Collateral Agent that such moneys are to be deposited in such account.

With respect to any Sinking Fund Requirements, the Trustee shall call for redemption, in the manner provided in Article III hereof or the corresponding provision of any applicable Supplemental Indenture, Senior Bonds for which Sinking Fund Requirements are applicable in a principal amount equal to the Sinking Fund Requirement then due with respect to such Bonds. Such call for redemption shall be made even though at the time of mailing of the notice of such redemption sufficient moneys therefor shall not have been deposited in the applicable Senior Principal Account of the Senior Bond Fund.

(iii) Amounts in each applicable Senior Redemption Account of the Senior Bond Fund to be applied to the redemption of the applicable Series of Senior Bonds shall be paid to the respective Paying Agent therefor on or before each Redemption Date and applied by it on such Redemption Date to the payment of the Redemption Price of the applicable Series of Senior Bonds being redeemed (accrued interest being payable from the applicable Senior Interest Account of the Senior Bond Fund).

With respect to any Sinking Fund Requirements, the Trustee shall call for redemption, in the manner provided in Article III hereof or the corresponding provision of any applicable Supplemental Indenture, Subordinate Bonds for which Sinking Fund Requirements are applicable in a principal amount equal to the Sinking Fund Requirement then due with respect to such Bonds. Such call for redemption shall be made even though at the time of mailing of the notice of such redemption sufficient moneys therefor shall not have been deposited in the applicable Subordinate Principal Account of the Subordinate Bond Fund.

(iii) Amounts in each applicable Subordinate Redemption Account of the Subordinate Bond Fund to be applied to the redemption of the applicable Series of Subordinate Bonds shall be paid to the respective Paying Agent therefor on or before each Redemption Date and applied by it on such Redemption Date to the payment of the Redemption Price of the applicable Series of Subordinate Bonds being redeemed (accrued interest being payable from the applicable Subordinate Interest Account of the Subordinate Bond Fund).

Section 4.04 Pledged Funds Pledged for Payments. Subject to the terms and conditions set forth herein, moneys held for the credit of each Account in the Senior Bond Fund and the Subordinate Bond Fund (collectively, the “Pledged Funds”) shall be held in trust and disbursed by the Trustee for (a) the payment of interest upon the applicable Series of Bonds as such interest falls

due or (b) the payment of the principal of the applicable Series of Bonds at their respective maturities whether at the stated payment date or by redemption. Subject to the terms and conditions set forth herein, moneys held to the credit of the Pledged Funds are hereby pledged to and charged with the payments mentioned in this Section.

Section 4.05 Eligible Accounts. The Funds established under this Indenture and any Accounts and Sub-Accounts thereunder shall be Eligible Accounts. In the event that the accounts held by the Trustee are no longer deemed Eligible Accounts, the Trustee shall resign and a successor Trustee shall be appointed pursuant to Section 9.08 hereof.

Section 4.06 Trust Funds, Unclaimed Moneys. All moneys which the Trustee shall have withdrawn from the Senior Bond Fund and the Subordinate Bond Fund or shall have received from any other source and set aside or deposited with the respective Paying Agents for the purpose of paying any of the Bonds hereby secured, either at the maturity thereof or by call for redemption, shall be held uninvested (without liability for interest or other compensation) in trust for the respective Holders of such Bonds. Any moneys which shall be so set aside or deposited by the Trustee and which shall remain unclaimed by the Holders of such Bonds for a period of two (2) years after the date on which such Bonds shall have become payable shall, together with accumulated interest and earnings thereon, be paid to the Borrower as the absolute property thereof and free from trust, and the Trustee shall thereupon be released and discharged with respect thereto; *provided, however*, that before being required to make any such payments, the Trustee shall, at the expense of the Borrower, mail to the Holders of such Bonds a notice that such moneys remain unclaimed and that, after a date named in such notice, which date shall not be less than forty (40) nor more than ninety (90) days after the date of mailing of such notice, the balance of such moneys then unclaimed shall be paid to the Borrower in accordance herewith.

Section 4.07 Balance in Funds. Except as provided in Section 4.06 hereof, after provision shall be made for the payment of all Bonds then Outstanding and the interest thereon and for the payment of all other obligations, expenses and charges herein required to be paid, the Trustee shall pay any balance in the Pledged Funds then held by it under this Indenture to the Borrower.

Section 4.08 Creation of Additional Accounts and Sub-Accounts.

(a) The Trustee shall, at the written request of the Borrower, establish additional Accounts within any of the Funds established under this Indenture, and Sub-Accounts within any of the Accounts established pursuant to this Indenture, as shall be specified in such written request, for the purpose of identifying more precisely the sources of payments into and disbursements from such Funds, Accounts and Sub-Accounts (including in connection with the issuance of Additional Bonds); but the establishment of any such additional Accounts or Sub-Accounts shall not alter or modify any of the requirements of this Indenture with respect to the deposit or use of the moneys in any Fund established hereunder.

(b) The Trustee shall be reimbursed by the Borrower for all costs incurred by it in connection with the establishment of such additional Accounts or additional Sub-Accounts.

Section 4.09 Rebate Fund.

(a) The Trustee shall deposit amounts into the Rebate Accounts as provided herein. The Rebate Fund shall be held by the Trustee separate and apart from all other Funds and Accounts held under this Indenture and from all other moneys of the Trustee. Any provision hereof to the contrary notwithstanding, amounts credited to the Rebate Fund shall be free and clear of any lien hereunder.

(b) Pursuant to the TDC Loan Agreements, the Borrower has agreed to pay or provide the Trustee with funds sufficient to pay the Rebate Amount (if any) payable pursuant to Section 148(f) of the Code with respect to the Tax-Exempt Bonds. Amounts received from the Borrower to satisfy the Rebate Amount shall be deposited in the applicable Rebate Account of the Rebate Fund and paid by the Trustee, upon the written instruction of the Borrower, to the United States government not later than 60 days after the computation date to which such payment relates. Any excess moneys (including investment income) in the applicable Rebate Account of the Rebate Fund after any such payment is made shall be paid over to the Borrower at its written request.

[END OF ARTICLE IV]

## ARTICLE V PARTICULAR COVENANTS

Section 5.01 Issuer's Obligations Not to Create a Pecuniary Liability. Each and every covenant herein made, including all covenants made in the various sections of this Article V, is predicated upon the condition that any obligation for the payment of money incurred by the Issuer shall not create a debt of the State (or any political subdivision or public benefit corporation thereof), and the State shall not be liable on any obligation so incurred, and the Bonds shall not be payable out of any funds of the Issuer other than those pledged therefor but shall be payable by the Issuer solely from the Trust Estate including the payments made by the Borrower under the TDC Loan Agreements and the TDC Notes, and the revenues and receipts pledged to the payment thereof in the manner and to the extent in this Indenture specified, and nothing in the Bonds, in the TDC Loan Agreements, in the TDC Notes, in this Indenture or in any other Financing Document shall be considered as pledging any other funds or assets of the Issuer.

Section 5.02 Payment of Principal and Interest. The Issuer covenants that it will, from the sources contemplated herein or in the applicable Supplemental Indenture, promptly pay or cause to be paid the principal of, Redemption Price, if any, and interest on the Bonds, at the place, on the dates and in the manner provided in this Indenture and in the Bonds according to the true intent and meaning thereof. All covenants, stipulations, promises, agreements and obligations of the Issuer contained herein shall be deemed to be covenants, stipulations, promises, agreements and obligations of the Issuer and not of any member, officer, director, employee or agent thereof in his individual capacity, and no resort shall be had for the payment of the principal of, Redemption Price, if any, or interest on the Bonds or for any claim based thereon or hereunder against any such member, officer, director, employee or agent or against any natural person executing the Bonds. None of the Bonds, the principal thereof or the interest or Redemption Price, if any, thereon shall ever constitute a debt of the State, the Port Authority, JDA, the New York State Urban Development Corporation (d/b/a Empire State Development) or any local development corporation, agency, authority or political subdivision of the State (other than the Issuer) and neither the State nor any such other entity shall be liable on any obligation so incurred, and the Bonds shall not be payable out of any funds of the Issuer other than those pledged therefor. The Issuer shall not be required under this Indenture or the TDC Loan Agreements or any other Financing Document to expend any of its funds other than (i) the proceeds of the Bonds, (ii) the loan payments, revenues and receipts pledged to the payment of the Bonds, and (iii) any income or gains therefrom.

Section 5.03 Performance of Covenants; Issuer. The Issuer covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Indenture, in any and every Bond executed, authenticated and delivered hereunder and in all proceedings pertaining thereto. The Issuer represents and warrants that it is duly authorized under the Act and the laws of the State to issue the Bonds authorized hereby and to execute this Indenture, to make the loans pursuant to the TDC Loan Agreements and the TDC Notes, to assign the TDC Loan Agreements, the TDC Notes, and the Leasehold Mortgages, and to pledge the Trust Estate including the loan payments made by the Borrower under the TDC Loan Agreements and the TDC Notes, hereby pledged in the manner and to the extent herein set forth; that all action on its part for the issuance of the Bonds and the execution and delivery of this Indenture has been duly and effectively taken; and that the Bonds in the hands of the Holders

thereof are and will be the valid and enforceable special limited obligations of the Issuer according to the import thereof.

Section 5.04 Books and Records; Certificate as to Defaults. The Issuer and the Trustee each covenant and agree that, so long as any of the Bonds shall remain Outstanding, proper books of record and account will be kept showing complete and correct entries of all transactions relating to the Project and that the Borrower and the Holders of any of the Bonds shall have the right at all reasonable times to inspect all records, accounts and data relating thereto. In this regard, so long as the TDC Loan Agreements are in full force and effect, records furnished by the Issuer and the Borrower to, or kept by, the Trustee in connection with its duties as such shall be deemed to be in compliance with the Issuer's obligations under this Section 5.04.

Section 5.05 TDC Loan Agreements. It is understood and agreed that the Issuer will, pursuant to the TDC Loan Agreements and the TDC Notes, loan to the Borrower an amount equal to the principal amount of the Outstanding Bonds. Executed copies of the TDC Loan Agreements and each Note will be on file in the office of the Issuer and in the designated corporate trust office of the Trustee. Reference is hereby made to the TDC Loan Agreements for a detailed statement of the terms and conditions thereof and for a statement of the rights and obligations of the parties thereunder. All covenants and obligations of the Borrower under the TDC Loan Agreements shall be enforceable either by the Issuer or by the Trustee, to whom (in the case of the Trustee, in its own name as Trustee or in the name of the Issuer) is hereby granted the right (to the extent provided therefor in this Section 5.05 and subject to the provisions of Section 9.02 hereof and the terms of the Collateral Agency and Accounts Agreement and the Intercreditor Agreement) to enforce all rights of the Issuer and all obligations of the Borrower under the TDC Loan Agreements, whether or not the Issuer is enforcing such rights and obligations. The Trustee shall take such action in respect of any matter as is provided to be taken by it in the TDC Loan Agreements, upon compliance or noncompliance by the Borrower and the Issuer with the provisions of the TDC Loan Agreements relating to the same, subject to the terms hereof.Creation of Liens; Indebtedness. The Issuer shall not create or suffer to be created, or incur or issue any evidences of indebtedness secured by, any lien or charge upon or pledge of the Trust Estate, including the revenues and payments required to be made under the TDC Loan Agreements and the TDC Notes and assigned to the Trustee under this Indenture, except the lien, charge and pledge created by this Indenture (including the issuance of Additional Bonds hereunder) and the Leasehold Mortgages. The Issuer shall have no pecuniary liability for its covenants set forth in this Indenture, including under this Section 5.06, and the Leasehold Mortgages.

Section 5.07 Ownership; Instruments of Further Assurance. Subject to Article IX hereof and to the terms of the Intercreditor Agreement, the Trustee on behalf of the Issuer and at the expense of the Borrower shall defend the rights of the Issuer under the Financing Documents for the benefit of the Holders of the Bonds, to the extent permitted by law, against the claims and demands of all Persons whomsoever in the Trust Estate. The Issuer covenants that it will do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such Supplemental Indentures and such further acts, instruments and transfers as the Trustee may reasonably require for the better assuring, transferring, conveying, pledging, assigning and confirming unto the Trustee all and singular the property described herein, subject to the liens, pledge and security interests of this Indenture, and the payments received under the TDC Loan Agreements and the TDC Notes, revenues and receipts pledged hereby to the payment of the

principal or Redemption Price, if any, of, Sinking Fund Requirements for, if any, and interest on the Bonds. Any and all property hereafter acquired that is of the kind or nature herein provided to be and become subject to the lien, pledge and security interest hereof shall ipso facto, and without any further conveyance, assignment or act on the part of the Issuer or the Trustee, become and be subject to the liens, pledge and security interests of this Indenture as fully and completely as though specifically described herein and therein, but nothing in this sentence contained shall be deemed to modify or change the obligations of the Issuer heretofore made by this Section 5.07.

Section 5.08 Security Agreement; Filing.

(a) This Indenture constitutes a “security agreement” within the meaning of the New York State Uniform Commercial Code-Secured Transactions. The security interest created by this Indenture, in the rights and other intangible interests described herein, shall be perfected by the filing of financing statements by the Borrower at the direction of the Issuer (at the sole cost and expense of the Borrower) in the office of the Secretary of State of the State in the City of Albany, New York, which financing statements shall be in accordance with the New York State Uniform Commercial Code-Secured Transactions. Subsequent to the foregoing filings, financing and continuation statements shall be filed and re-filed by the Collateral Agents whenever such action is necessary to preserve the lien and security interest hereof. Any such filings or re-filings shall be prepared by the Borrower and delivered to the Collateral Agents (if electronic filing is not elected by the Issuer) on a timely basis accompanied by any fees or requisite charges. The Collateral Agents will thereupon effect any such filings and re-filings of financing and continuation statements in said office of the Secretary of State, and promptly notify the Borrower of any such filings.

(b) The Issuer and the Trustee acknowledge that, as of the Closing Date:

1. Section 9-515(b) of the New York State Uniform Commercial Code-Secured Transactions provides that an initial financing statement filed in connection with a “public-finance transaction” is effective for a period of 30 years after the date of filing if such initial financing statement indicates that it is filed in connection with a public finance transaction;

2. Section 9-102(67) of the New York State Uniform Commercial Code-Secured Transactions defines a public-finance transaction as a secured transaction in connection with which, in substance, (x) bonds are issued, (y) all or a portion of the bonds have an initial stated maturity of at least 20 years, and (z) the debtor, obligor, secured party or assignee with respect to the collateral or secured obligation is a governmental unit of a state (as such term is defined therein);

3. The Issuer represents that it is a “governmental unit of a state” as such term is defined in Section 9-102(45) of the New York State Uniform Code - Secured Transactions; and

4. Subject to any future change in law, the initial financing statement as shall be filed with respect to the security interest described above shall therefore

have an effective period of thirty (30) years after the date of filing, for the purpose of determining the date by which continuation statements shall be filed.

(c) Subsequent to the initial filings, if it is necessary to re-file financing statements and/or file continuation statements and/or take any other actions to preserve the lien and security interest of this Indenture (individually or collectively, the “Continuation Action(s)”), then the Borrower in a timely manner shall: (A) as applicable, upon the request of a Collateral Agent (i) prepare and deliver to the Collateral Agent all necessary instruments and filing papers, together with remittances equal to the costs of required filing fees and other charges, so that the Collateral Agent may perform the Continuation Actions, or (ii) electronically perform the Continuation Actions and deliver to the Collateral Agent written certification (upon which the Collateral Agent may conclusively rely) that such performance has occurred, specifying the Continuation Actions performed, or (iii) perform some of the Continuation Actions in the manner described in clause “(i)” and the others in the manner described in clause “(ii)”; and (B) if requested by a Collateral Agent or the Issuer, deliver or cause to be delivered to the Issuer and the Collateral Agents the Opinion of Counsel to the Borrower as described below. The Collateral Agent may conclusively rely upon (y) when applicable, the certification referred to in clause “(A)(ii),” and (z) in all instances, the Opinion of Counsel to the Borrower. In the event the Borrower chooses to have the Collateral Agents perform all or some of the Continuation Actions, as provided in clause “(A)(i),” the Collateral Agents shall reasonably promptly perform such Continuation Actions at the Borrower’s sole expense. The Borrower shall perform the obligations described hereinabove in clauses “(A)” (in every case) and “(B)” (if so requested) no later than ten (10) days prior to (i) thirtieth (30<sup>th</sup>) anniversary of the Closing Date, and/or (ii) the date (not covered by clause “(i)”) on which a Continuation Action is to be taken to preserve the lien and security interest of this Indenture.

If an Opinion of Counsel to the Borrower is requested pursuant to clause “(B),” then the Opinion of Counsel to the Borrower shall be addressed to the Borrower, the Issuer and the Collateral Agents. If so requested, the Borrower shall deliver successive Opinions of Counsel in respect of (i) the thirtieth (30<sup>th</sup>) anniversary of the Closing Date, and/or (ii) the date of any required Continuation Action not covered by clause “(i),” in each case not later than fifteen (15) days prior to the date on which a Continuation Action is required to be taken. In the Opinion of Counsel to the Borrower, counsel shall opine as to: (i) what Continuation Actions are necessary; (ii) the deadline dates for the required Continuation Actions; and (iii) the jurisdictions in which the Continuation Actions must be effected. Counsel in such opinion shall additionally opine that, upon performance of the Continuation Actions by, as the case may be, (i) the Collateral Agents with instruments and papers prepared by the Borrower, (ii) the Borrower through electronic filing, or (iii) the Collateral Agents as to some Continuation Actions, and the Borrower as to the others through electronic filings, all appropriate steps shall have been taken on the part of the Borrower, the Issuer and the Collateral Agents then requisite to the maintenance of the perfection of the security interest of the Collateral Agents in and to all property and interests which by the terms of this Indenture are to be subjected to the lien and security interest of this Indenture.

(d) Any filings with respect to UCC financing statements may be made electronically, and the Issuer shall have the right to designate a company (which shall be reasonably acceptable to the Collateral Agents) to facilitate the filing of UCC financing statements.

(e) The Trustee acknowledges and agrees (on behalf of itself and the Bondholders) that neither the Issuer, nor any of its directors, members, officers, employees, servants, agents, persons under its control or supervision, or attorneys (including Bond Counsel to the Issuer), nor any of the Borrower's directors, members, officers, employees, servants, agents, persons under their control or supervision, or attorneys, shall have any responsibility or liability whatsoever related in any way to the filing or re-filing of any UCC financing statements or continuation statements, or the perfection or continuation of perfection of any security interests, or the recording or rerecording of any document, or the failure to effect any act referred to in this Section, or the failure to effect any such act in all appropriate filing or recording offices, or the failure of sufficiency of any such act so effected.

(f) All costs (including reasonable attorneys' fees and expenses) incurred in connection with the effecting of the requirements specified in this Section shall be paid by the Borrower.

Section 5.09 Reporting between the Trustee and the Collateral Agents.

Any reports or notices required to be given hereunder or pursuant to any Supplemental Indenture from the Trustee to the Collateral Agents, may be deemed by the Collateral Agents to be delivered to the Collateral Agents without any further action on the part of the Trustee, as long as the Trustee and the Collateral Agents are the same entity.

Section 5.10 Reserved.

Section 5.11 List of Owners.

The Trustee will keep on file for the Bonds a list of names and addresses of the Owners of all Bonds, as from time to time registered on the registration books maintained by the Trustee, together with the principal amount and numbers of such Bonds owned by each such Owner. At reasonable times and under reasonable regulations established by the Trustee, such list may be inspected and copied for any purpose by the Borrower, and its counsel and other authorized agents, or by the Owners (or a designated representative thereof) of 15% or more in aggregate principal amount of Outstanding Bonds, such possession or ownership and the authority of such designated representative to be evidenced to the satisfaction of the Trustee.

Section 5.12 Reserved.

Section 5.13 Notices, Etc.

The Trustee shall promptly deliver to the Issuer, the Borrower, the Intercreditor Agent, and the Collateral Agents:

(a) any notice provided to it by the Borrower under the terms of the TDC Loan Agreements;

(b) written notice of the occurrence of any Event of Default under this Indenture (with a description of any action being taken or proposed to be taken with respect thereto),

including any payment defaults under Section 8.01(a) or (b) hereof and any Event of Default pursuant to the TDC Loan Agreements; and

(c) written notice of any Security Interest placed on, or any claim against, the Trust Estate (other than the Security Interests created under this Indenture or the other Financing Documents or any other Permitted Security Interest) to the extent it has knowledge thereof.

(d) In addition to the above means of giving notice, the Trustee shall have the right to accept and act upon instructions, including funds transfer instructions (“Instructions”) given pursuant to (and in accordance with) this Indenture and delivered using Electronic Means; provided, however, that the Borrower shall provide to the Trustee an incumbency certificate listing persons with the authority to provide such Instructions (“Authorized Persons”) and containing specimen signatures of such Authorized Persons, which incumbency certificate shall be amended by the Borrower whenever a person is to be added or deleted from the listing. If the Borrower elects to give the Trustee any Instructions using Electronic Means, and the Trustee, in its discretion, elects to act upon such Instructions, the Trustee’s understanding of such Instructions shall be deemed controlling. The Borrower understands and agrees that if the Trustee cannot determine the identity of the actual sender of such Instructions, the Trustee may conclusively presume that directions that purport to have been sent by an Authorized Person listed on the incumbency certificate provided to the Trustee have been sent by such Authorized Persons. The Borrower shall be responsible for ensuring that only Authorized Persons transmit such Instructions to the Trustee and that the Borrower and all Authorized Persons are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the Borrower. The Trustee shall not be liable for any losses, costs or expenses arising directly or indirectly from the Trustee’s reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction, provided that the Trustee will not be relieved from liability for its own bad faith, negligence or willful misconduct. Except as provided above in this paragraph, the Borrower agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Trustee, including without limitation the risk of the Trustee acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Trustee and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Borrower; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Trustee immediately upon learning of any compromise or unauthorized use of the security procedures.

## ARTICLE VI INVESTMENTS

Section 6.01 Investments. (a) *Article IV Accounts*. To the extent practicable and subject to the terms and conditions of this Indenture and the Collateral Agency and Accounts Agreement, immediately available funds held for the credit of the Accounts established under Article IV hereof (referred to collectively in this subsection as the “Article IV Accounts”) shall be invested and reinvested by the Trustee only in Eligible Investments. Any such investments shall mature not later than the respective dates when the funds held for the credit of the particular Article IV Account will be required for the purposes intended for such Account, and no Eligible Investments may mature beyond the latest maturity date of any Bonds Outstanding at the time such Eligible Investments are deposited.

The Borrower shall give to the Trustee specific written directions respecting the investment of any money in the Article IV Accounts, subject, however, to the provisions of this Article, and the Trustee shall invest such money under this subsection as so directed by the Borrower. The Trustee shall be entitled to rely on the written directions of the Borrower without further investigation. Ratings of Eligible Investments referred to herein shall be determined at the time of purchase of such Eligible Investments and without regard to ratings subcategories. The Trustee shall have no responsibility to monitor the ratings of Eligible Investments after the initial purchase of such Eligible Investments, including at the time of the reinvestment of proceeds thereof.

Eligible Investments credited to any Article IV Accounts shall be held by or under the control of the Trustee and, while so held, shall be deemed at all times to be part of such Account or Subaccount in which such money was originally held. Net income or gain received and collected from such investments shall be credited and losses charged to the Article IV Account, Account or Subaccount therein from which such investment shall have been made. Except as provided in any Supplemental Indenture, the Trustee shall sell or present for redemption any obligations so purchased whenever directed in writing by the Borrower in order to provide money to make any payment or transfer of money from any such Account or Subaccount therein.

(b) *No Liability for Investment Losses*. The Trustee shall not be liable or responsible for any loss, fee, tax or other charge resulting from any investment, reinvestment or liquidation of an investment of moneys held in the Article IV Accounts.

(c) *Valuation*. The value of the Eligible Investments shall be included on the monthly statements of account delivered by the Trustee to the Borrower.

### Section 6.02 Use of Trustee Affiliates to Make Investments.

The Trustee may make any investments of amounts held in Article IV Accounts permitted under this Indenture through its own bond department or the bond department of any bank or trust company which is an Affiliate of the Trustee.

### Section 6.03 No Trade Confirmation.

Although the Issuer and Borrower recognize that they may obtain a broker confirmation or written statement containing comparable information at no additional cost, the Issuer and Borrower

each individually agree that confirmations of Eligible Investments are not required to be issued by the Trustee for each month in which a monthly statement is rendered (and that no statement need be rendered for any Fund or Account if no activity occurred in such Fund or Account during such month).

**ARTICLE VII**  
**DISCHARGE OF INDENTURE**

Section 7.01 Discharge of this Indenture.

(a) If the Bonds secured hereby shall be paid in accordance with their terms (or payment of the Bonds has been provided for in the manner set forth in the following paragraph), and the fees and expenses of the Trustee and the Issuer due in connection with the payment of the Bonds and all other sums payable hereunder shall have been paid or provided for in accordance with the provisions of this Section 7.01, then this Indenture and the Trust Estate and all rights granted hereunder shall thereupon cease, terminate and become void and be discharged and satisfied. In such event, upon the written request of the Issuer, the Trustee shall execute such documents as may be reasonably required to evidence the discharge of this Indenture and shall turn over any surplus in any Account as the Authorized Borrower Representative shall direct in writing, except as otherwise provided herein.

(b) Payment of any Outstanding Bond (or portion thereof) shall, prior to the maturity or redemption date thereof, be deemed to have been provided for within the meaning and with the effect expressed in this Section if (i) in the case said Bond (or portion) is to be redeemed on any date prior to its maturity, the Issuer shall have given to the Trustee in form satisfactory to it irrevocable instructions to give notice of redemption of said Bonds in accordance with the provisions of Article III hereof, (ii) there shall have been irrevocably deposited with the Trustee in trust either cash in an amount which shall be sufficient, or Defeasance Obligations, the principal of and the interest on which when due, and without any reinvestment thereof, will provide moneys which, together with the cash, if any, deposited with or held by the Trustee, at the same time, shall be sufficient to pay when due the principal of and Redemption Price, if any, and interest due and to become due on said Bond (or portion) on and prior to the Redemption Date or Maturity Date thereof, as the case may be, (iii) there shall have been filed with the Trustee and the Issuer, (x) a report of a firm of nationally recognized independent certified public accountants, acceptable to the Trustee and the Issuer, confirming the arithmetical accuracy of the computations showing the cash or Defeasance Obligations, the principal of and interest on which when due, without reinvestment, together with cash, if any, deposited at the same time will be sufficient to pay when due, the principal and Redemption Price, if any, and interest due or to become due on such Bond (or portion), on and prior to the Redemption Date or Maturity Date thereof, as the case may be and (y) a Favorable Opinion of Bond Counsel, acceptable to the Trustee and the Issuer, to the further effect that upon provision for the payment of the principal of and Redemption Price, if any, and interest due or to become due on such Bonds, the pledge of moneys and securities hereunder and the grant of all rights to the Owners of such Bonds hereunder shall be discharged and satisfied, and (iv) the Issuer shall have given the Trustee in form satisfactory to it irrevocable instructions to give a notice to the Owners of such Bonds that the deposit required by (ii) above has been made with the Trustee, and that, with respect to such Bonds, the pledge of this Indenture has been released and discharged, except as otherwise herein provided, and that payment of said Bond (or portion) has been provided for in accordance with this Section and stating such Maturity Date or Redemption Date upon which moneys are to be available for the payment of the principal of and Redemption Price, if any, and interest on said Bond (or portion). At such time as payment of any Bond (or portion) has been provided for as aforesaid, such Bond (or portion) shall no longer be

secured by or entitled to the benefits of this Indenture, except for the purpose of any payment from such moneys or securities deposited with the Trustee.

(c) The release of the obligations of the Issuer under this Section shall be without prejudice to the right of the Trustee to be paid by the Borrower compensation that the Borrower has agreed to pay to the Trustee for all services rendered by it hereunder and all its expenses, charges and other disbursements incurred on or about the administration of the trust hereby created and the performance of its powers and duties hereunder.

[END OF ARTICLE VII]

**ARTICLE VIII  
DEFAULTS AND REMEDIES**

Section 8.01 Events of Default. Each of the following is hereby defined as and shall be deemed an “Event of Default”:

(a) Default in the payment of the principal of or Redemption Price, if any, on any Bond when the same shall become due and payable, whether at the stated maturity thereof, or through failure to satisfy any Sinking Fund Requirement, or upon redemption or otherwise;

(b) Default in the payment of any interest on any Bond when the same shall become due and payable;

(c) Default shall be made in the observance or performance of any covenant, agreement or other provision contained in the Bonds or this Indenture (other than as referred to in (a) or (b) of this Section) and such default shall continue for a period of thirty (30) days after written notice to the Issuer, the Borrower and the Trustee from the Owners of at least 25% in aggregate principal amount of the Bonds then Outstanding or from the Trustee specifying such default and requiring the same to be remedied, provided, with respect to any such failure covered by this subsection (c), no Event of Default shall be deemed to have occurred so long as a course of action adequate to remedy such failure shall have been commenced within such thirty (30) day period and shall thereafter be diligently prosecuted to completion and the failure shall be remedied thereby;

(d) The occurrence of an “Event of Default” under and as defined in the Collateral Agency and Accounts Agreement or the Leasehold Mortgages that continues beyond any grace or cure period provided for under the Collateral Agency and Accounts Agreement or the Leasehold Mortgages;

The Trustee shall, within thirty (30) days of the occurrence of an Event of Default or of any event of which the Trustee is required to take notice and which would result in an Event of Default with the passage of time or the giving of notice, notify the Issuer, the Borrower, the Collateral Agents, the Intercreditor Agent, and all Bondholders of the occurrence of such Event of Default or such other event.

Section 8.02 Remedies on Events of Default.

(a) *Transfer of Funds under the Collateral Agency and Accounts Agreement*. If such an Event of Default as described in Section 8.01(a) or (b) has occurred and is continuing, then, subject in all events to the provisions of the Intercreditor Agreement, without further demand or notice, the Trustee may request the Collateral Agents to transfer immediately available funds in the Project Accounts to the Sub-Accounts in the Senior Bond Payment Account and the Sub-Accounts in the Senior Bond Redemption Account for each Series of Bonds, as applicable, as provided in the Collateral Agency and Accounts Agreement and subject to the Intercreditor Agreement, and the Trustee shall deposit any moneys received as a result of such action in the Sub-Accounts in the Senior Bond Payment Account and the Senior Bond Redemption Account for each Series of Bonds, as applicable.

(b) *Legal Proceedings and Acceleration.* (1) The Trustee may, at the written direction of the Holders of a majority in aggregate principal amount of Senior Bonds Outstanding but excluding the aggregate principal amount of any Outstanding Series 2022A Bonds, (a) bring such suits, actions or proceedings at law or in equity to enforce the rights of the Holders of such Senior Bonds, and require the Issuer or the Borrower or either or both of them to carry out the agreements with or for the benefit of such Bondholders, and to perform its or their duties, under this Indenture and the other Financing Documents, or (b) by written notice to the Issuer, the Borrower and the Collateral Agents, declare the principal of such Bonds to be immediately due and payable, whereupon the principal of such Bonds and the interest thereon accrued to the date of payment shall, without further action, become and be immediately due and payable, anything in this Indenture or in the Bonds to the contrary notwithstanding. The Trustee may also, by action or suit in equity, enjoin any acts or things which may be unlawful or in violation of the rights of the Bondholders.

(2) In addition to the remedies described in the preceding paragraph, if a Credit Acceleration (as defined in the Common Terms Agreement) is declared, the Trustee hereby automatically (and without direction of the Holders) declares that the principal of all Bonds subject to the Intercreditor Agreement are immediately due and payable (unless provided otherwise in the Supplemental Indenture governing the terms of a Series of Bonds), whereupon the principal of such Bonds and the interest thereon accrued to the date of payment shall, without further action, become and be immediately due and payable, anything in this Indenture or in such Bonds to the contrary notwithstanding.

(c) *Suit for Judgment on the Bonds.* The Trustee shall be entitled to sue for and recover judgment, either before or after or during the pendency of any proceedings for the enforcement of the lien of this Indenture, for the enforcement of any of its rights, or the rights of the Bondholders hereunder, but any such judgment against the Issuer shall be enforceable only against the Trust Estate. No recovery of any judgment by the Trustee shall in any manner or to any extent affect the lien of this Indenture or any rights, powers or remedies of the Trustee hereunder, or any lien, rights, powers or remedies of the Owners of the Bonds, but such lien, rights, powers and remedies of the Trustee and of the Bondholders shall continue unimpaired as before.

No right or remedy is intended to be exclusive of any other right or remedy, but each and every such right or remedy shall be cumulative and in addition to any other right or remedy given hereunder or now or hereafter existing at law or in equity or by statute.

If any Event of Default shall have occurred and is continuing, and if requested by the Owners of a majority in aggregate principal amount of Bonds then Outstanding and the Trustee is indemnified as provided in Section 9.02 hereof, the Trustee shall be obligated to exercise such one or more of the rights and powers conferred by this Section as the Trustee, being advised by counsel (with such counsel being obtained at the expense of the Borrower), shall deem most expedient in the interests of the Bondholders.

(d) *Cure Rights of Borrower.* Pursuant to the TDC Loan Agreements, the Issuer has granted to the Borrower full authority for the account of the Issuer to perform any covenant or obligation of the Issuer, the non-performance of which is alleged in any notice received by the Borrower to constitute a default hereunder, in the name and stead of the Issuer with full power to

do any and all things and acts to the same extent that the Issuer could do and perform any such things and acts with power of substitution. The Trustee agrees to accept such performance by the Borrower as performance by the Issuer.

(e) *The Collateral Agency and Accounts Agreement.* The Trustee shall be entitled to deliver all notices, instructions, directions, and otherwise exercise all of the Trustee's rights under the Collateral Agency and Accounts Agreement (including, without limitation, the right to deliver a Direction Notice under Section 6.03 of the Collateral Agency and Accounts Agreement directing the Collateral Agents to deliver an activation notice under the Account Control Agreement). The Trustee may direct the Collateral Agents with respect to the exercise of rights and remedies and such matters as are described in subsections (a), (b) and (c) of this Section as it relates to the Collateral held pursuant to the Collateral Agency and Accounts Agreement, and may further direct the Collateral Agents as to application of Funds, Accounts and application of such Collateral.

(f) *Exercise of All Legal Remedies.* Subject to the Collateral Agency and Accounts Agreement, the Trustee may take whatever action at law or in equity may appear necessary or desirable to enforce the rights of the Owners (including in respect of the Trust Estate).

#### Section 8.03 Majority Bondholders May Control Proceedings.

The Owners of a majority in aggregate principal amount of the Senior Bonds then Outstanding shall have the right, at any time, to the extent permitted by law, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Indenture, or for the appointment of a receiver, or any other proceedings hereunder; provided that such direction shall not be otherwise than in accordance with the provisions hereof. The Trustee shall not be required to act on any direction given to it pursuant to this Section unless indemnified as provided in Section 9.02 hereof.

#### Section 8.04 Rights and Remedies of Bondholders.

No Owner of any Bond shall have any right to institute any suit, action or proceeding in equity or at law for the enforcement of this Indenture or for the execution of any trust hereof or for the appointment of a receiver or any other remedy hereunder, unless a default has occurred of which the Trustee has notice, and such default shall have become an Event of Default and the Owners of a majority in aggregate principal amount of Senior Bonds then Outstanding shall have made written request to the Trustee and shall have offered reasonable opportunity either to proceed to exercise the powers hereinbefore granted or to institute such action, suit or proceeding in its own name, and unless they have also offered to the Trustee indemnity as provided in Section 9.02 hereof and unless the Trustee shall thereafter fail or refuse to exercise the powers hereinbefore granted, or to institute such action, suit or proceeding in its own name; and such notification, request, offer of indemnity and consent are hereby declared in every case at the option of the Trustee to be conditions precedent to the execution of the powers and trusts of this Indenture, and to any action or cause of action for the enforcement of this Indenture, or for the appointment of a receiver or for any other remedy hereunder; it being understood and intended that no one or more Owners of the Bonds shall have the right in any manner whatsoever to affect, disturb or prejudice

the lien of this Indenture and the Trustee does not have an affirmative duty to ascertain whether or not such actions are so unduly prejudicial by his, her or their action or to enforce any right hereunder except in the manner herein provided and that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and, except as otherwise provided herein, for the equal benefit of the Owners of all Bonds then Outstanding. Nothing in this Indenture contained shall, however, affect or impair the right of any Owner of Bonds to enforce the payment, by the institution of any suit, action or proceeding in equity or at law, of the principal of and Redemption Price, if any, and interest on any Bond at and after the maturity thereof, or the obligation of the Issuer to pay the principal of, Redemption Price, if any, Sinking Fund Requirement and interest on each of the Bonds to the respective Owners of the Bonds at the time and place, from the source and in the manner herein and in the Bonds expressed.

Section 8.05 Application of Moneys. All moneys received or held by the Trustee from the Collateral Agents pursuant to and in accordance with the Collateral Agency and Accounts Agreement, this Indenture, and the other Financing Documents shall (subject to the terms of the Granting Clauses of this Indenture) after payment of the reasonable costs and expenses of the proceedings resulting in the collection of such moneys and the expenses, liabilities and advances incurred or made by the Trustee (the “Trustee Collection Costs”) and all fees and expenses due to the Trustee hereunder (“Trustee Fees”), be deposited into the respective Account of the Senior Bond Fund and the Subordinate Bond Fund and be applied to the payment of the Bonds in accordance with Section 4.03 hereof (provided, however, that any moneys held for non-presented Bonds under Section 4.06 or Section 11.11 hereof shall only be applied to the payment of such Bonds without reduction for Trustee Collection Costs or Trustee Fees).

Whenever the Trustee shall apply such funds to the payment of the Bonds, it shall fix the date (which shall be an Interest Payment Date unless it shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such dates shall cease to accrue. The Trustee shall give notice of the deposit of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Owner of any Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid. The Trustee shall set a Special Record Date for such payment in accordance with Section 2.19(e) hereof.

Whenever all of the Bonds and interest thereon have been paid under the provisions of this Section and all expenses and fees of the Trustee and any other amounts to be paid to the Issuer hereunder have been paid, any balance remaining in the Funds and Accounts shall be paid as provided in the Collateral Agency and Accounts Agreement.

Section 8.06 Trustee May Enforce Rights Without Bonds.

All rights of action and claims under this Indenture or any of the Bonds Outstanding hereunder may be enforced by the Trustee without the possession of any of the Bonds or the production thereof in any trial or proceedings relative thereto; and any suit or proceeding instituted by the Trustee shall be brought in its name as Trustee, without the necessity of joining as plaintiffs or defendants any Owners of the Bonds, and any recovery of judgment shall be for the ratable benefit of the Owners of the Bonds and subject to the provisions of this Indenture (including the Granting Clauses of this Indenture and the proviso in the first paragraph of Section 8.05 hereof).

Section 8.07 Delay or Omission No Waiver.

No delay or omission of the Trustee or of any Bondholder to exercise any right or power accruing upon any default shall exhaust or impair any such right or power or shall be construed to be a waiver of any such default, or acquiescence therein; and every power and remedy given by this Indenture may be exercised from time to time and as often as may be deemed expedient.

Section 8.08 No Waiver of One Default to Affect Another.

No waiver of any default hereunder, whether by the Trustee or the Bondholders, shall extend to or affect any subsequent or any other then existing default or shall impair any rights or remedies consequent thereon.

Section 8.09 Discontinuance of Proceedings on Default; Position of Parties Restored.

In case the Trustee shall have proceeded to enforce any rights under this Indenture and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely to the Trustee, then and in every such case the Issuer, the Borrower, the Trustee and the Owners shall be restored to their former position and rights hereunder with respect to the Trust Estate and all rights, remedies and powers of the Trustee shall continue as if no such proceedings had been taken.

Section 8.10 Waivers of Events of Default.

(a) Subject to the terms of the Intercreditor Agreement and the Common Terms Agreement, the Trustee may waive any Event of Default hereunder and its consequences and rescind any declaration of maturity of principal of and interest on the Bonds (other than the Series 2022A Bonds, with respect to which such actions may be taken by the Administrative Agent), and shall do so upon the written request of the Owners of a majority in aggregate principal amount of all the Bonds then Outstanding excluding the aggregate principal amount of any Outstanding Series 2022A Bonds in respect of which default exists; provided, however, that there shall not be waived any Event of Default in the payment of the principal of or Redemption Price, if any, on any Outstanding Bonds at the date of maturity or redemption thereof, or any default in the payment when due of the interest on any such Bonds, unless prior to such waiver or rescission, all arrears of interest or all arrears of payments of principal and Redemption Price, if any (with interest upon such principal, Sinking Fund Requirements and Redemption Price, if any, at the rates borne by the Bonds) and all expenses of the Trustee, in connection with such default shall have been paid or provided for. In case of any such waiver or rescission, or in case any proceedings taken by the Trustee on account of any such default shall have been discontinued or abandoned or determined adversely to the Trustee, then and in every such case the Issuer, the Borrower, the Trustee and the Bondholders shall be restored to their former positions and rights hereunder respectively, but no such waiver or rescission shall extend to or affect any subsequent or other default, or impair any rights or remedies consequent thereon.

(b) Notwithstanding anything in this Article VIII to the contrary, if, after the principal of all of the Bonds then Outstanding and the interest accrued thereon to the date of repayment is declared to be due and payable immediately, and before any judgment or decree for the payment thereof has been obtained or entered, the Issuer or the Borrower shall cause to be

deposited with the Trustee, an amount sufficient to pay all arrears of payments of the principal, Redemption Price and Sinking Fund Requirements, if any, of, and interest on the Bonds, and all expenses of the Trustee, in connection with such default shall have been paid or provided for, and all other Events of Default hereunder shall have been remedied, then such declaration of acceleration and its consequences shall be rescinded and annulled. In such event, the Trustee shall promptly give written notice of such waiver, rescission or annulment to the Issuer, the Collateral Agents, the Intercreditor Agent, the Borrower and the Port Authority, and shall give written notice by first class mail to the Owners of the Bonds at their addresses appearing on the registration books maintained by the Trustee.

Section 8.11 Trustee to Notify Parties of Default and Disclose Information Relating to Default.

The Trustee shall promptly notify in writing the Issuer, the Borrower, the Port Authority, the Intercreditor Agent, and the Collateral Agents of any default hereunder or the occurrence of any Event of Default. The Trustee may, in its discretion, notify in writing all Bondholders of the occurrence of any Event of Default and shall make available any and all information reasonably requested in writing of the Trustee concerning the Event of Default, the Bonds, the Issuer, the Collateral Agents, the Intercreditor Agent, the Borrower and any other information relevant to the Event of Default.

Section 8.12 Extended Interest.

In case the time for the payment of any interest on any Bond shall be extended, whether or not such extension be by or with the consent of the Issuer, such interest so extended shall not be entitled in case of default hereunder to the benefit or security of this Indenture except subject to the prior payment in full of the principal of all Bonds then outstanding and of all interest the time for the payment of which shall not have been extended.

[END OF ARTICLE VIII]

**ARTICLE IX**  
**THE TRUSTEE AND PAYING AGENT**

Section 9.01 Appointment and Acceptance of Duties.

(a) The Bank of New York Mellon, is hereby appointed as Trustee. The Bank of New York Mellon shall signify its acceptance of the duties and obligations of the Trustee hereunder and under each Financing Document by executing this Indenture and agrees to perform said trusts as a corporate trustee ordinarily would under a corporate mortgage subject to the express terms and conditions herein. All provisions of this Article IX shall be construed as extending to and including all the rights, duties and obligations imposed upon the Trustee under the TDC Loan Agreements and under any other Financing Document to which it shall be a party as fully for all intents and purposes as if this Article IX were contained in the TDC Loan Agreements and each such other Financing Document.

(b) The Bank of New York Mellon, is hereby appointed as Paying Agent for the Bonds. The Issuer may also from time to time appoint one or more other Paying Agents in the manner and subject to the conditions set forth in Section 9.09 for the appointment of a successor Paying Agent. Each Paying Agent shall signify its acceptance of the duties and obligations imposed upon it by this Indenture by executing and delivering to the Issuer, and in the case of all Paying Agents other than the Trustee, to the Trustee, a written acceptance thereof. The designated office of the Paying Agents is designated as the office of the Issuer for the payment of the principal or Redemption Price, if any, of, Sinking Fund Requirements, and interest on the Bonds.

Section 9.02 Indemnity.

The Trustee shall be under no obligation to institute any suit, or to take any remedial action under this Indenture, the Collateral Agency and Accounts Agreement, the Intercreditor Agreement, or under any other Financing Document or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers under this Indenture, the Collateral Agency and Accounts Agreement, the Intercreditor Agreement, or under any other Financing Document, until it shall be indemnified to its satisfaction against any and all reasonable compensation for services, costs and expenses, outlays, and counsel fees and other disbursements, and against all liability not due to its willful misconduct or gross negligence, provided, however, that the Trustee shall nevertheless be obligated to cause the principal amount of the Bonds to be accelerated or redeemed when required under this Indenture and to make payments (from the sources herein specified) on the Bonds when due, all at the times and in the manner specified in this Indenture. Nothing in this Section 9.02 shall be construed to require any indemnity from the Issuer to the Trustee.

Section 9.03 Responsibilities of Trustee.

(a) The Trustee shall have no responsibility in respect of the validity or sufficiency of this Indenture or of any other Financing Document or the security provided hereunder or thereunder or the due execution of this Indenture by the Issuer, or the due execution of any other Financing Document by any party (other than the Trustee) thereto, or in respect of the

validity of the Bonds authenticated and delivered by the Trustee in accordance with this Indenture or to see to the recording or filing of this Indenture or any other document or instrument whatsoever except as otherwise provided in Section 5.08 hereof. The recitals, statements and representations contained in this Indenture and in the Bonds shall be taken and be construed as made by and on the part of the Issuer and not by the Trustee, and the Trustee does not assume any responsibility for the correctness of the same; provided, however, that the Trustee shall be responsible for its representation contained in its certificate on the Bonds and for its responsibility as to filing, refiling, recording and re-recording as contained in Section 5.08 referred to above.

(b) The Trustee shall not be liable or responsible because of the failure of the Issuer to perform any act required of it by this Indenture or because of the loss of any moneys arising through the insolvency or the act or default or omission of any depository other than itself in which such moneys shall have been deposited under this Indenture or the Tax Certificate. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, invested, withdrawn or transferred in accordance with this Indenture or the Tax Certificate or for any loss, fee, tax or other charge resulting from any such investment. The Trustee shall not be liable in connection with the performance of its duties under the TDC Loan Agreements, under this Indenture or under any other Financing Document except for its own willful misconduct or gross negligence. The immunities and exemptions from liability of the Trustee shall extend to its directors, officers, employees, agents and servants and persons under the Trustee's control or supervision.

(c) The Trustee, prior to the occurrence of an Event of Default and after curing of all Events of Default which may have occurred, if any, undertakes to perform such duties and only such duties as are specifically set forth in this Indenture. In case an Event of Default has occurred (which has not been cured) the Trustee shall exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in their exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. The Trustee shall not be charged with knowledge of the occurrence of an Event of Default unless, (i) the Trustee has not received any certificate or other document regularly required to be delivered to the Trustee under the TDC Loan Agreements or any other Financing Document, (ii) the Trustee has not received from the Collateral Agents payment of any amount required to be remitted to the Trustee under the TDC Loan Agreements or any other Financing Document, (iii) an officer in the corporate trust department of the Trustee has actual knowledge thereof, or (iv) the Trustee has received written notice thereof from the Borrower, the Issuer or any Bondholder.

(d) The Trustee shall not be liable or responsible for the failure of the Borrower to effect or maintain insurance as provided in the TDC Loan Agreements nor shall it be responsible for any loss by reason of want or insufficiency in insurance or by reason of the failure of any insurer in which the insurance is carried to pay the full amount of any loss against which it may have insured the Issuer, the Borrower, the Trustee or any other Person.

(e) The Trustee shall execute (without the necessity of obtaining the signatures of the Borrower) and cause to be filed those continuation statements, any additional financing statements and all other instruments required by it by Section 5.08 hereof.

(f) The Trustee shall make annual reports to the Issuer, the Collateral Agents, and the Borrower of all moneys received and expended during the preceding year by it under this Indenture and of any Event of Default known to it under the TDC Loan Agreements or this Indenture or under any other Financing Document.

(g) With respect to the Tax Certificate, the Trustee shall not be required to make any payment of a Rebate Amount or any transfer of funds or take any other action required to be taken thereunder except upon the receipt of a written certificate of direction of an Authorized Borrower Representative delivered to the Trustee in accordance with the terms of the Tax Certificate. Notwithstanding any provision of the Tax Certificate or any other Financing Document, nothing in the Tax Certificate, either expressed or implied, shall be deemed to impose upon the Trustee any responsibility for the legal sufficiency of the Tax Certificate to effect compliance with the Code nor any duty to independently review or verify any information or calculation furnished to the Trustee by the Borrower.

(h) Subject to subsection (b) above, if consent of the Trustee is required under this Indenture, the Loan Agreement, the Collateral Agency and Accounts Agreement, or any other Financing Document to any action or event, the Trustee may, but shall not be obligated to, solicit consents therefor from Holders of the Bonds and shall not be in any way obligated to consent to any such action or event without the prior consent of the Holders of a majority in aggregate principal amount of the Bonds Outstanding unless a specific provision herein provides otherwise.

(i) The Trustee may consult with counsel of its selection and the advice of such counsel or any opinion of counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon.

(j) The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder.

(k) In no event shall the Trustee be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

(l) The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each agent, custodian and other Person employed to act hereunder.

(m) The Trustee shall not be required to give any bond or surety in respect of the performance of its powers and duties hereunder.

(n) Under no circumstances shall the Trustee be required to expend any of its own funds for any purpose for which funds are to be disbursed under this Indenture or any other Financing Document.

(o) The permissive right of the Trustee to do things enumerated in this Indenture, the Collateral Agency and Accounts Agreement or any other Financing Document shall not be construed as a duty, and in doing or not doing so the Trustee shall not be answerable for other than its gross negligence or willful misconduct.

#### Section 9.04 Compensation.

The Trustee and Paying Agents shall receive and collect from the Borrower as provided in the TDC Loan Agreements (and in accordance with the flow of funds set forth in the Collateral Agency and Accounts Agreement) payment or reimbursement for agreed upon fees for services rendered hereunder and under each other Financing Document and all advances, counsel fees and other expenses reasonably and necessarily made or incurred by the Trustee or Paying Agents in connection therewith.

#### Section 9.05 Evidence on Which Trustee May Act.

(a) In case at any time it shall be necessary or desirable for the Trustee to make any investigation respecting any fact preparatory to taking or not taking any action, or doing or not doing anything, as such Trustee, and in any case in which this Indenture provides for permitting or taking any action, it may conclusively rely upon any certificate required or permitted to be filed with it under the provisions of this Indenture, and any such certificate shall be evidence of such fact to protect it in any action that it may or may not take, or in respect of anything it may or may not do, in good faith, by reason of the supposed existence of such fact.

(b) The Trustee shall be protected and shall incur no liability in acting or proceeding, or in not acting or not proceeding, in good faith, reasonably and in accordance with the terms of this Indenture, upon any resolution, order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond or other paper or document which it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or person, or to have been prepared and furnished pursuant to any of the provisions of this Indenture, or, at the sole cost and expense of the Borrower, and when determined necessary in the reasonable discretion of the Trustee, upon the written opinion of any attorney (who may be an attorney for the Issuer or an employee of the Borrower), engineer, appraiser, architect or accountant believed by the Trustee to be qualified in relation to the subject matter.

#### Section 9.06 Trustee and Paying Agents May Deal in Bonds.

Any national banking association, bank or trust company acting as a Trustee or Paying Agent, and its directors, officers, employees or agents, may in good faith buy, sell, own, hold and deal in any of the Bonds, and may join in any action which any Bondholder may be entitled to take with like effect as if such association, bank or trust company were not such Trustee or Paying Agent.

#### Section 9.07 Resignation or Removal of Trustee.

The Trustee may resign and thereby become discharged from the trusts created under this Indenture for any reason by giving written notice by registered or certified mail, postage prepaid, to the Issuer, to the Borrower and to the Holders of all Bonds not less than sixty (60) days before

such resignation is to take effect, but such resignation shall not take effect until (i) the appointment and acceptance thereof of a successor Trustee pursuant to Section 9.08 hereof and (ii) the transfer of the Trust Corpus (hereinafter defined) to such successor Trustee. Following such sixty (60) days, if no successor Trustee has been appointed, the Trustee shall have the right to petition a court of competent jurisdiction to have a successor Trustee appointed.

The Trustee may be removed at any time upon not less than thirty (30) days' notice by an instrument or concurrent instruments in writing filed with the Trustee and signed by the Issuer or the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding or their attorneys-in-fact duly authorized. Such removal shall become effective upon the appointment and acceptance of such appointment by a successor Trustee and the transfer of the Trust Corpus to such successor Trustee in accordance with the terms hereof. The Trustee shall promptly give notice of such filing to the other Notice Parties. No removal shall take effect until the appointment and acceptance thereof of a successor Trustee pursuant to Section 9.08 hereof. If the Trustee shall resign or shall be removed, such Trustee must transfer and assign to the successor Trustee, not later than thirty (30) days from the date specified in the removal notice, if any, or the date of the acceptance by the successor Trustee of its appointment as such, whichever shall last occur, (i) all amounts (including all investments thereof) held in any Fund, Account or Subaccount under this Indenture, together with a full accounting thereof, (ii) all records, files, correspondence, registration books Bond inventory, all information relating to Bond payment status (i.e., Outstanding principal payment and interest payment schedules, pending notices of redemption, payments made and to whom, delinquent payments, default or delinquency notices, deficiencies in any Fund, Account or Subaccount balance, etc.) and all such other information (in whatever form) in the possession of the Trustee being removed or resigning and (iii) all Financing Documents and other documents or agreements (including, without limitation, all UCC financing statements), including, without limitation, all insurance policies or certificates, credit facilities, letters of credit or other instruments provided to the Trustee being removed or resigning (clauses (i), (ii) and (iii) together with the Trust Estate, being collectively referred to as the "Trust Corpus").

#### Section 9.08 Successor Trustee.

(a) If at any time the Trustee shall be dissolved or otherwise become incapable of acting or shall be adjudged a bankrupt or insolvent, or if a receiver, liquidator or conservator thereof, or of its property, shall be appointed, or if any public officer shall take charge or control of the Trustee or of its property or affairs, the position of Trustee shall thereupon become vacant. If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason or if the Trustee shall resign, the Issuer shall appoint a successor Trustee and shall use its best efforts to obtain acceptance of such trust by the successor Trustee within sixty (60) days from such vacancy or notice of resignation. Within twenty (20) days after such appointment and acceptance, the Issuer shall notify in writing the Borrower and the Holders of all Bonds.

(b) In the event of any such vacancy or resignation and if a successor Trustee shall not have been appointed within sixty (60) days of such vacancy or notice of resignation, the Holders of a majority in aggregate principal amount of the Bonds then Outstanding, by an instrument or concurrent instruments in writing, signed by such Bondholders or their attorneys-in-fact thereunto duly authorized and filed with the Issuer, may appoint a successor Trustee which shall, immediately upon its acceptance of such trusts, and without further act, supersede the

predecessor Trustee. If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of subsection (a) or (b), within sixty (60) days of such vacancy or notice of resignation, the Holder of any Bond then Outstanding, the Issuer or any retiring Trustee or the Borrower may apply, at the expense of the Borrower, to any court of competent jurisdiction to appoint a successor Trustee. Such court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Trustee.

(c) Any Trustee appointed under this Section shall be a national banking association or a bank or trust company duly organized under the laws of any state of the United States authorized to exercise corporate trust powers under the laws of the State and authorized by law and its charter to perform all the duties imposed upon it by this Indenture and each other Financing Document. (d) The predecessor Trustee shall transfer to any successor Trustee appointed under this Section as a result of a vacancy in the position, the Trust Corpus by a date not later than thirty (30) days from the date of the acceptance by the successor Trustee of its appointment as such. Where no vacancy in the position of the Trustee has occurred, the transfer of the Trust Corpus shall take effect in accordance with the provisions of Section 9.07 hereof.

(e) Every successor Trustee shall execute, acknowledge and deliver to its predecessor, and also to the Issuer, an instrument in writing accepting such appointment, and thereupon such successor Trustee, without any further act, deed, or conveyance, shall become fully vested with all moneys, estates, properties, rights, immunities, powers and trusts, and subject to all the duties and obligations, of its predecessor, with like effect as if originally named as such Trustee; but such predecessor shall, nevertheless, on the written request of its successor or of the Issuer, and upon payment by the Borrower of the compensation, expenses, charges and other disbursements of such predecessor which are due and payable pursuant to Section 9.04 hereof, execute and deliver an instrument transferring to such successor Trustee all the estate, properties, rights, immunities, powers and trusts of such predecessor; and every predecessor Trustee shall deliver all property and moneys, together with a full accounting thereof, held by it under this Indenture to its successor. Should any instrument in writing from the Issuer be required by any successor Trustee for more fully and certainly vesting in such Trustee the estate, properties, rights, immunities, powers and trusts vested or intended to be vested in the predecessor Trustee, any such instrument in writing shall, on request, be executed, acknowledged and delivered by the Issuer. Any successor Trustee shall promptly notify the other Notice Parties of its appointment as Trustee.

(f) Any company into which the Trustee may be merged or converted or with which it may be consolidated or any company resulting from any merger, conversion or consolidation to which it shall be a party or any company to which the Trustee may sell or transfer all or substantially all of its corporate trust business, provided such company shall be a national banking association or a bank or trust company duly organized under the laws of any state of the United States and shall be authorized by law and its charter to perform all the duties imposed upon it by this Indenture and each other Financing Document shall be the successor to such Trustee without the execution or filing of any paper or the performance of any further act.

Section 9.09 Resignation or Removal of Paying Agent; Successor.

(a) Any Paying Agent may at any time resign and the discharge of the duties and obligations created by this Indenture by giving at least sixty (60) days' prior written notice to the other Notice Parties. Any Paying Agent may be removed at any time upon not less than thirty (30) days' written notice by an instrument filed with such Paying Agent and the Trustee and signed by the Issuer. Any successor Paying Agent shall be appointed by the Issuer, with the prior written approval of the Trustee (such approval not to be unreasonably withheld), and shall be a commercial bank or trust company with trust powers and duly organized under the laws of any state of the United States of America or a national banking association, having a capital stock and surplus aggregating at least \$100,000,000, and willing and able to accept the office on reasonable and customary terms and authorized by law and its charter to perform all the duties imposed upon it by this Indenture.

(b) In the event of the resignation or removal of any Paying Agent, such Paying Agent shall pay over, assign and deliver any moneys held by it as Paying Agent to its successors, or if there be no successor, to the Trustee. In the event that for any reason there shall be a vacancy in the office of any Paying Agent, the Trustee shall act as such Paying Agent.

Section 9.10 Appointment of Co-Trustee.

(a) It is the purpose of this Indenture that there shall be no violation of any law of any jurisdiction denying or restricting the right of banking corporations or associations to transact business as trustee in such jurisdiction. It is recognized that in case of litigation under this Indenture or under any other Financing Document, and in particular in case of the enforcement of any on default, or in case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights or remedies herein granted to the Trustee or hold title to the properties, in trust, as herein granted, or take any other action which may be desirable or necessary in connection therewith, it may be necessary that the Trustee (with the prior written consent of the Issuer) appoint an additional institution as a separate trustee or co-trustee. The following provisions of this Section are adapted to these ends.

(b) In the event that the Trustee appoints an additional institution as a separate trustee or co-trustee, each and every remedy, power, right, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Indenture to be exercised by or vested in or conveyed to the Trustee with respect thereto shall be exercisable by and vest in such separate trustee or co-trustee but only to the extent necessary to enable such separate trustee or co-trustee to exercise such powers, rights and remedies, and every covenant and obligation necessary to the exercise thereof by such separate trustee or co-trustee shall run to and be enforceable by either of them. Such co-trustee may be removed by the Trustee at any time, with or without cause.

(c) Should any instrument in writing from the Issuer be required by the separate trustee or co-trustee so appointed or removed by the Trustee for more fully and certainly vesting in and confirming to it such properties, rights, powers, trusts, duties and obligations, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Issuer. In case any separate trustee or co-trustee, or a successor to either, shall become incapable of acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and

obligations of such separate trustee or co-trustee, so far as permitted by law, shall vest in and be exercised by the Trustee until the appointment of a new trustee or successor to such separate trustee or co-trustee.

(d) No trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder.

Section 9.11 Books and Records; Reports.

(a) The Trustee shall at all times keep, or cause to be kept, proper books of record and accounts in which complete and accurate entries shall be made of all transactions of the Trustee relating to the Bonds and all Funds, Accounts and subaccounts established pursuant to this Indenture. Such books of record and accounts shall be available for inspection by any Owner or its agents or representatives duly authorized in writing, at reasonable hours and under reasonable circumstances and upon reasonable prior written request.

(b) The Trustee shall maintain records of all receipts, disbursements, and investments of funds with respect to the Funds, Accounts and subaccounts until the fifth anniversary of the date on which all of the Bonds shall have been paid in full.

(c) The Trustee hereby agrees to provide a monthly report or statement to the Collateral Agents and to the Borrower four (4) Business Days prior to each Transfer Date setting forth, among other things, the balance for each Fund, Account and subaccount established and created pursuant to this Indenture.

Section 9.12 Notice to Rating Agencies.

The Trustee shall provide any Rating Agency then rating a particular Series of Bonds, with written notice, if possible, in advance or, if impossible, promptly following the effective date of (i) the appointment of any successor Trustee, (ii) any amendments to the Issuer Documents and Financing Documents, (iii) the payment in full of all of the applicable Bonds, (iv) the giving of a notice of redemption of the applicable Series of Bonds, (v) the acceleration of the payment of principal of and interest on the applicable Bonds or (vi) the redemption in whole or other payment in full of the applicable Bonds. The Trustee shall also furnish to any Rating Agency then rating a particular Series of Bonds, information reasonably requested in writing by such Rating Agency. The Trustee makes this covenant as a matter of courtesy and accommodation only and shall not be liable to any Person for any failure to comply therewith.

**ARTICLE X**  
**SUPPLEMENTAL INDENTURES**

Section 10.01 Supplemental Indentures Not Requiring Consent of Bondholders.

(a) The Issuer and the Trustee (with the consent of the Borrower) may enter into Supplemental Indentures for any one or more or all of the following purposes, and without the consent of or prior notice to the Holders of the Bonds (but in each case with the prior written consent of the Borrowers):

1. To cure any formal defect, omission or ambiguity in this Indenture or in any description of property subject to the lien hereof, if such action is not materially adverse to the interests of the Bondholders.

2. To grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security which may lawfully be granted or conferred and which are not contrary to or inconsistent with this Indenture as theretofore in effect.

3. To add to the covenants and agreements of the Issuer in this Indenture other covenants and agreements to be observed by the Issuer which are not contrary to or inconsistent with this Indenture as theretofore in effect.

4. To add to the limitations and restrictions in this Indenture other limitations and restrictions to be observed by the Issuer which are not contrary to or inconsistent with this Indenture as theretofore in effect.

5. To confirm, as further assurance, any pledge under, and the subjecting to any lien or pledge created or to be created by, this Indenture, or of any other moneys, securities or funds, or to subject to the lien or pledge of this Indenture additional revenues, properties or collateral.

6. To modify or amend such provisions of this Indenture as shall, in the Opinion of Bond Counsel, be necessary to assure that the interest on the Tax-Exempt Bonds not be includable in gross income for federal income tax purposes.

7. To effect any other change herein which, in the judgment of the Trustee, is not to the material prejudice of the Trustee or the Bondholders (which, in exercising such judgment, may conclusively rely, and shall be protected in relying, in good faith, upon an Opinion of Counsel or an opinion or report of engineers, accountants or other experts).

8. To modify, amend or supplement this Indenture or any Supplemental Indenture in such manner as to permit or preserve the qualification hereof and thereof under the Trust Indenture Act of 1939 or any similar federal statute hereafter in effect or to permit or preserve the qualification of the Bonds for sale or exemption from registration or other limitations under the securities laws of the United States of America or of any of the states of the United States of America,

and to add to this Indenture or any Supplemental Indenture such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939 or similar federal statute.

9. To authorize the issuance of Additional Bonds and prescribe the terms, forms and details thereof not inconsistent with this Indenture.

10. To make any change not materially adversely affecting any Bondholder's rights requested by a Rating Agency in order to secure or maintain a rating on the Bonds.

11. To evidence the succession of a successor Trustee or to evidence the appointment of a separate or a Co-Trustee or the succession of a successor separate or Co-Trustee.

(b) Before the Issuer and the Trustee shall enter into any Supplemental Indenture pursuant to this Section, there shall have been filed with the Trustee an Opinion of Bond Counsel stating that such Supplemental Indenture is authorized or permitted by this Indenture and complies with its terms, and that upon execution it will be valid and binding upon the Issuer in accordance with its terms, and that such Supplemental Indenture will not adversely affect the exclusion from federal income taxation of interest on any Series of Tax-Exempt Bonds Outstanding or the validity of any of the Bonds.

(c) In determining whether any amendment, consent or other action to be taken, or any failure to act, under this Indenture would adversely affect the rights of the Holders of any Series of Bonds, the Trustee shall consider the effect of such amendment, consent, action or inaction on the security of such Bonds and may rely on a written opinion of counsel in connection therewith.

#### Section 10.02 Supplemental Indentures Requiring Consent of Bondholders.

(a) Subject to the terms and provisions contained in this Section and not otherwise, the Holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding shall have the right, from time to time, to consent to and approve the entering into by the Issuer and the Trustee of any Supplemental Indenture as shall be deemed necessary or desirable by the Issuer for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained herein. Any such Supplemental Indenture shall also be subject to the prior written consent of the Borrower.

Nothing herein contained shall permit, or be construed as permitting, however, (i) a change in the times, amounts or currency of payment of the principal of or Redemption Price, if any, or interest on any Outstanding Bonds, a change in the terms of redemption or maturity of the principal of or the interest on any Outstanding Bonds, or a reduction (except as provided in this Indenture) in the principal amount of any Outstanding Bond or the Redemption Price, if any, or the rate of interest thereon or any extension of the time of payment thereof, (ii) the creation of a lien upon or pledge of the Trust Estate other than the lien or pledge created by this Indenture, or (iii) a reduction in the aggregate principal amount of Bonds required for consent to such Supplemental Indenture,

in each case unless the prior written consent of the Owners of each Bond affected thereby has been obtained.

(b) If at any time the Issuer shall determine to enter into any Supplemental Indenture for any of the purposes of this Section, it shall cause notice of the proposed Supplemental Indenture to be mailed, postage prepaid, to all Bondholders at least ten (10) days prior to the effective date thereof. Such notice shall briefly set forth the nature of the proposed Supplemental Indenture, and shall state that a copy thereof is on file at the offices of the Trustee for inspection by all Bondholders.

(c) Whenever, within one year after the date of such notice, there shall have first been filed with the Trustee (i) the written consents of Holders of each of (x) not less than a majority in aggregate principal amount of the Senior Bonds then Outstanding and (y) not less than a majority in aggregate principal amount of the Subordinate Bonds then Outstanding (or, if such Supplemental Indenture shall affect only a single Series of Bonds, or only Senior Bonds or only Subordinate Bonds, the written consents of not less than a majority in aggregate principal amount of such affected Series of Bonds Outstanding, Senior Bonds only, if only Senior Bonds are affected, or Subordinate Bonds only, if only Subordinate Bonds are affected), (ii) an Opinion of Bond Counsel stating that such Supplemental Indenture is authorized or permitted by this Indenture and complies with its terms, that upon execution it will be valid and binding upon the Issuer in accordance with its terms, and to the effect that such Supplemental Indenture will not cause the interest on the Tax-Exempt Bonds to become includable in gross income for federal income tax purposes, nor adversely affect the validity of the Bonds, and (iii) a Rating Confirmation (if a rating is then in effect) with respect to each affected Series or subseries of Bonds then Outstanding, the Issuer and the Trustee may enter into such Supplemental Indenture in substantially the form described in such notice. Each valid consent shall be effective only if accompanied by proof of the holding, at the date of such consent, of the Bonds with respect to which such consent is given. Any such consent shall be binding upon the Holder of the Bonds giving such consent and upon any subsequent Holder of such Bonds and of any Bonds issued in exchange therefor (whether or not such subsequent Holder thereof has notice thereof), unless such consent is revoked in writing by the Holder of such Bonds giving such consent or a subsequent Holder thereof by filing such revocation with the Trustee prior to the execution of such Supplemental Indenture.

(d) If the Holders of not less than the percentage of Bonds required by this Section shall have consented to and approved the execution thereof as herein provided, no Holder of any Bond shall have any right to object to the execution of such Supplemental Indenture, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Issuer from executing the same or from taking any action pursuant to the provisions thereof.

(e) Upon the execution of any Supplemental Indenture pursuant to the provisions of this Section, this Indenture shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Indenture of the Issuer, the Trustee and all Holders of Bonds then Outstanding shall thereafter be determined, exercised and enforced under this Indenture, subject in all respects to such modifications and amendments.

Section 10.03 Execution of Supplemental Indentures.

The Trustee is authorized to join with the Issuer in the execution of any such Supplemental Indenture and to make further agreements and stipulations which may be contained therein, but the Trustee shall not be obligated to enter into any such Supplemental Indenture which affects its rights, duties or immunities under this Indenture. Any Supplemental Indenture executed in accordance with the provisions of this Article shall thereafter form a part of this Indenture and all the terms and conditions contained in any such Supplemental Indenture as to any provision authorized to be contained therein shall be deemed to be part of this Indenture for any and all purposes. In case of the execution and delivery of any Supplemental Indenture, express reference may be made thereto in the text of the Bonds delivered thereafter, if any, if deemed necessary or desirable by the Trustee. In executing any Supplemental Indenture, the Trustee may conclusively rely on an Opinion of Bond Counsel stating that the execution of such Supplemental Indenture is authorized or permitted hereunder, complies with the terms hereof and will not adversely affect the exclusion from gross income of the interest payable on the Tax-Exempt Bonds.

Section 10.04 Reserved.

Section 10.05 Reserved.

Section 10.06 Amendments to Collateral Agency and Accounts Agreement and Other Financing Documents Not Requiring Consent of Bondholders.

The Trustee may, without the consent of or notice to the Bondholders (but, in each case, with the prior written consent of the Borrower if the Borrower is not a party to such Financing Documents), amend, change or modify the Collateral Agency and Accounts Agreement or any other Financing Documents (other than this Indenture), for any of the following purposes: (i) to cure any ambiguity, inconsistency, formal defect or omission therein; (ii) to grant to or confer upon the Trustee or the Collateral Agents for the benefit of the Bondholders any additional rights, remedies, powers, authority or security which may be lawfully granted or conferred; (iii) to subject thereto additional revenues, properties or collateral; (iv) (a) to evidence the succession of a successor Trustee or to evidence the appointment of a separate or a co-Trustee or the succession of a successor separate or co-Trustee or (b) to evidence the succession of a successor Collateral Agent or to evidence the appointment of a separate Collateral Agent, a Co-Collateral Agent or a Subordinate Collateral Agent or the succession of a successor separate Collateral Agent, Co-Collateral Agent or Subordinate Collateral Agent; (v) to make any change required in connection with an amendment permitted to another Financing Document, and (vi) to make any other change that, in the judgment of the Trustee (which, in exercising such judgment, may conclusively rely, and shall be protected in relying, in good faith, upon an Opinion of Counsel or an opinion or report of engineers, accountants or other experts) does not materially adversely affect the interests of the Bondholders. Before the Trustee shall enter into or consent to (or direct the Senior Collateral Agent to enter into or consent to) any amendment, change or modification to any of the Financing Documents, there shall be filed with the Trustee an Opinion of Bond Counsel to the effect that such amendment, change or modification will not adversely affect the exclusion from federal income taxation of interest on any Series of Tax-Exempt Bonds Outstanding or the validity of any of the Bonds. The Trustee shall have no liability to any Bondholder or any other Person for any action taken by it in good faith pursuant to this Section.

Section 10.07 Amendments to Collateral Agency and Accounts Agreement and Other Financing Documents Requiring Consent of Bondholders. Except as provided in Section 10.06 hereof, the Trustee shall not consent to any amendment, change or modification of the Collateral Agency and Accounts Agreement or any of the Financing Documents other than this Indenture (or direct or permit the Collateral Agents to consent to any amendment, change or modification of the Collateral Agency and Accounts Agreement or any of the Financing Documents), without the written approval or consent of the Holders of each of (i) not less than a majority in aggregate principal amount of the Senior Bonds hereby secured and then Outstanding and (ii) not less than a majority in aggregate principal amount of the Subordinate Bonds hereby secured and then Outstanding given and procured as set forth in Section 10.02 hereof (or the written consent of not less than a majority in aggregate principal amount of such affected Series of Bonds Outstanding, Senior Bonds only, if only Senior Bonds are affected, or Subordinate Bonds only, if only Subordinate Bonds are affected by such amendment, change or modification); provided, however, there shall be no amendment, change or modification to the obligation of the Borrower to make loan payments under the TDC Loan Agreements and the TDC Notes with respect to the Bonds (except as provided therein or in connection with the issuance of a Series of Outstanding Bonds) without the prior written approval of the Holders of 100% in aggregate principal amount of the Senior Bonds at the time Outstanding and the Holders of 100% in aggregate principal amount of the Subordinate Bonds at the time Outstanding given and procured as provided in Section 10.02 hereof (or the written consent of 100% in aggregate principal amount of such affected Series of Bonds Outstanding only, if only one Series of Bonds is affected, 100% in aggregate principal amount of Senior Bonds only, if only Senior Bonds are affected, or 100% in aggregate principal amount of Subordinate Bonds only, if only Subordinate Bonds are affected by such amendment, change or modification), without the delivery of an Opinion of Bond Counsel to the effect that such amendment, change, modification, reductions or postponement will not cause the interest on any Series of Tax-Exempt Bonds to cease to be excluded from gross income for federal income tax purposes. If at any time the Borrower or the Collateral Agents shall request the consent of the Trustee to any proposed amendment, change or modification described in this Section, the Trustee shall cause notice of such proposed amendment, change or modification to be mailed in the same manner as is provided in this Article X with respect to Supplemental Indentures. Such notice shall briefly set forth the nature of such proposed amendment, change or modification and shall state that copies of the instrument embodying the same are on file at the Principal Office of the Trustee for inspection by all Bondholders. The Trustee may, but shall not be obligated to, enter into (or permit the Collateral Agents to enter into) any such amendment, change or modification which affects the Trustee's or Collateral Agents' own rights, duties or immunities or otherwise. Before the Trustee shall enter into or consent to any such amendment, change or modification, there shall be filed with the Trustee an Opinion of Bond Counsel to the effect that such amendment, change or modification will not adversely affect the exclusion of interest on any Series of Tax-Exempt Bonds for federal income tax purposes under the Code or the validity of any of the Bonds.

All covenants, stipulations, promises, agreements and obligations of the Issuer contained herein shall be deemed to be covenants, stipulations, promises, agreements and obligations of the Issuer and not of any member, director, officer, employee or agent of the Issuer in his individual capacity, and no recourse shall be had for the payment of the principal or Redemption Price, if any, of, Sinking Fund Requirements for, if any, or interest on the Bonds or for any claim based thereon or hereunder against any member, director, officer, employee or agent of the Issuer or any natural person executing the Bonds.

Section 2.05 Terms of the Series 2024 Bonds.

(a) Interest on the Series 2024 Bonds shall be computed on the basis of a 360-day year consisting of twelve 30-day months. Interest on the Series 2024 Bonds shall be payable on each Interest Payment Date by the Paying Agent by check mailed on the date on which such interest is due to the Holders of the Series 2024 Bonds as of the close of business on the Record Date in respect of such Interest Payment Date at the registered addresses of Holders as shall appear on the registration books maintained pursuant to this Second Supplemental Indenture and the Master Indenture. In the case of any Holder of Series 2024 Bonds in an aggregate principal amount in excess of \$1,000,000 as shown on the registration books kept by the Bond Registrar who, prior to the Record Date next preceding any Interest Payment Date, shall have provided, or caused to be provided, wire transfer instructions to the Paying Agent, interest payable on such Series 2024 Bonds shall be paid in accordance with the wire transfer instructions provided by the Holder of such Series 2024 Bond. Payment of the principal of the Series 2024 Bonds shall be in lawful money of the United States of America made payable to the Holder thereof upon presentation and surrender of the Series 2024 Bonds at the principal corporate trust office of the Bond Registrar. Notwithstanding any other

provision of the Series 2024 Bonds to the contrary, so long as the Series 2024 Bonds shall be restricted to being registered on the registration books of the Issuer maintained by the Bond Registrar in the name of the Securities Depository for the Series 2024 Bonds, the provisions of the Master Indenture and this Second Supplemental Indenture governing Book-Entry Bonds shall govern the manner of payment of the principal, Accreted Value and Redemption Price of, and Sinking Fund Requirements, if any, of and interest on the Series 2024 Bonds.

(b) Interest on any Series 2024 Bond that is due and payable but not paid on the date due (“Defaulted Interest”) shall cease to be payable to the Owner of such Bond on the relevant Record Date and shall be payable to the Owner in whose name such Bond is registered at the close of business on a special record date (the “Special Record Date”) for the payment of such Defaulted Interest, which Special Record Date shall be fixed in the following manner. The Borrower shall notify the Trustee in writing of the amount of Defaulted Interest proposed to be paid on each Series 2024 Bond and the date of the proposed payment (which date shall be such as will enable the Trustee to comply with the next sentence hereof), and shall deposit with the Trustee at the time of such notice an amount of money equal to the aggregate amount proposed to be paid in respect of such Defaulted Interest or shall make arrangements satisfactory to the Trustee for such deposit prior to the date of the proposed payment; money deposited with the Trustee shall be held in trust for the benefit of the Owners of the Series 2024 Bonds entitled to such Defaulted Interest as provided in this Section. Following receipt of such funds the Trustee shall fix the Special Record Date for the payment of such Defaulted Interest, which shall be not more than fifteen (15) nor less than ten (10) days prior to the date of the proposed payment and not less than ten (10) days after the receipt of such funds by the Trustee. The Trustee shall promptly notify the Borrower and the Issuer of such Special Record Date and, in the name and at the expense of the Borrower, shall cause notice of the proposed payment of such Defaulted Interest and the Special Record Date therefor to be delivered by Electronic Means for so long as the Series 2024 Bonds are Book-Entry Bonds and, in all other cases, to be mailed, first-class postage prepaid, to each Owner of a Series 2024 Bond entitled to such notice at the address of such Owner as it appears on the bond registration books not less than ten (10) days prior to such Special Record Date.

Subject to the foregoing provisions of this Section, each Series 2024 Bond delivered under this Second Supplemental Indenture upon registration of transfer of or in exchange for or in lieu of any other Series 2024 Bond of the same Series shall carry all the rights to interest accrued and unpaid, and to accrue, which were carried by such other Series 2024 Bond, and each such Series 2024 Bond shall bear interest from such date, so that neither gain nor loss in interest shall result from such registration of transfer or exchange.

The person in whose name any Series 2024 Bond is registered at the close of business on any Record Date with respect to any Interest Payment Date shall be entitled to receive the interest payable on such Interest Payment Date notwithstanding the cancellation of such Series 2024 Bond upon any registration of transfer or exchange thereof subsequent to the Record Date and prior to such Interest Payment Date.

(c) The Series 2024 Bonds shall be dated the Series 2024 Closing Date. The Series 2024 Bonds, the certificate of authentication to be endorsed thereon and the form of assignment to be included therein, shall be substantially in the forms set forth in Exhibit A-1 and Exhibit A-2 hereto with such appropriate variations, omissions, substitutions and insertions as are permitted or required by this Second Supplemental Indenture.

Section 2.06 Book-Entry System. The Series 2024 Bonds shall be initially issued to a Securities Depository for holding in a Book-Entry System, without further action by the Issuer. There shall be a single bond certificate representing the entire aggregate principal amount of each separate maturity and interest

rate of the Series 2024 Bonds, and each bond certificate shall be registered in the name of the Securities Depository or its nominee, as Holder, and immobilized initially in the custody of the Securities Depository.

The Trustee, pursuant to a written request by the Issuer for the removal or replacement of the Securities Depository, and upon 30 days' notice to the Securities Depository, may remove or replace the Securities Depository. The Trustee agrees to remove or replace the Securities Depository at any time at the request of the Issuer. The Securities Depository may determine not to continue to act as Securities Depository for the Series 2024 Bonds upon 30 days' written notice to the Trustee. The Holders have no right to either a Book-Entry System or a Securities Depository for the Series 2024 Bonds.

Notwithstanding any other provision of this Second Supplemental Indenture or the Series 2024 Bonds, so long as the Series 2024 Bonds are in a Book-Entry System and the Securities Depository or its nominee is the Holder of the Series 2024 Bonds:

(i) Presentation of Series 2024 Bonds to the Paying Agent at redemption or at maturity shall be deemed made to the Paying Agent when the right to exercise ownership rights in the Series 2024 Bonds through the Securities Depository or the Securities Depository's participants is transferred by the Securities Depository on its books.

(ii) The Securities Depository may present notices, approvals, waivers, votes or other communications required or permitted to be made by Holders under this Second Supplemental Indenture on a fractionalized basis on behalf of some or all of those persons entitled to exercise ownership rights in the Series 2024 Bonds through the Securities Depository or its participants.

(iii) The Series 2024 Bonds or any portion thereof shall not be transferable or exchangeable except:

(A) to any successor of the Securities Depository;

(B) to any new Securities Depository not objected to by the Trustee, upon (i) the resignation of the then current Securities Depository or its successor from its functions as Securities Depository or (ii) termination of the use of the Securities Depository by direction of the Issuer; or

(C) to any Persons who are the assigns of the Securities Depository or its nominee, upon (i) the resignation of the Securities Depository from its functions as Securities Depository hereunder or (ii) termination of the use of the Securities Depository by direction of the Issuer.

If the use of the book-entry system is discontinued, then after the Trustee has made provision for notification of the beneficial Owners of their book-entry interests in the Series 2024 Bonds by appropriate notice to the then Securities Depository, the Trustee shall permit withdrawal of the Series 2024 Bonds from the Securities Depository, and authenticate and deliver Bond certificates in fully registered form and in Authorized Denominations to the assignees of the Securities Depository or its nominee. Such withdrawal, authentication and delivery shall (if the event is not the result of Issuer action or inaction) be at the cost and expense (including costs of printing or otherwise preparing, and delivering, such replacement Bond certificates) of those persons requesting that withdrawal, authentication and delivery.

Subject to any arrangements made by the Trustee with a Securities Depository with respect to the Series 2024 Bonds held in a Book-Entry System, principal and Redemption Price of and interest on any Series 2024 Bond shall be payable as provided in this Second Supplemental Indenture.

Section 2.07 Redemption Provisions for the Series 2024A Bonds. The Series 2024A Bonds are subject to redemption prior to maturity as follows:

(a) *Optional Redemption*. The Series 2024A Bonds maturing on and after \_\_\_\_\_ 1, 20\_\_ are subject to optional redemption prior to maturity by the Issuer, at the written direction of the Borrower, on and after \_\_\_\_\_ 1, 20\_\_, in whole or in part, at any time, without premium, at 100% of the principal amount of the Series 2024A Bonds to be redeemed plus interest accrued to the Redemption Date.

(b) *Extraordinary Optional Redemption Without Premium to Preserve Tax Exempt Status of the Series 2024A Bonds*. The Series 2024A Bonds shall be subject to extraordinary optional redemption by the Issuer, at the direction of the Borrower, on any date at the Redemption Price (including any interest accrued on such Bonds to the Redemption Date), without premium if the Borrower shall have delivered to the Trustee and the Issuer an Opinion of Bond Counsel addressed to the Trustee and the Issuer substantially to the effect that (i) a failure so to redeem Series 2024A Bonds (or the relevant portion thereof) may adversely affect the exclusion of interest on the Series 2024A Bonds from the gross income of the Holders pursuant to Section 103 of the Code and (ii) redemption of Series 2024A Bonds in the amount set forth in such opinion (but in no smaller amount than that set forth in such opinion) would permit the continuance of any exclusion so afforded under Section 103 of the Code. The Series 2024A Bonds to be redeemed in part as provided in this Section 2.07(b) shall be determined by the Borrower.

(c) *Extraordinary Mandatory Redemption of the Series 2024A Bonds*.

(i) Upon receipt by the Securities Intermediary of any (A) Borrower Insurance Proceeds or Borrower Condemnation Proceeds transferred from the Extraordinary Receipts Account to the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(a)(iii)(A)(II) of the Collateral Agency and Accounts Agreement, (B) Borrower Lease Termination Proceeds transferred from the Extraordinary Receipts Account to the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(b)(ii)(A)(II) of the Collateral Agency and Accounts Agreement or (C) Disposition Proceeds transferred from the Extraordinary Receipts Account to the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(d)(II) of the Collateral Agency and Accounts Agreement, the Trustee shall request the Securities Intermediary to transfer such funds to the Series 2024A Senior Bond Redemption Account.

(ii) The Series 2024A Bonds are subject to extraordinary mandatory redemption, in whole or in part, as the case may be, by the Issuer, at the Redemption Price without premium to the extent of funds available therefor from, and as soon as practical following:

(A) Receipt by the Trustee of proceeds of the Series 2024A Bonds pursuant to Section 10.07(g) of the Collateral Agency and Accounts Agreement;

(B) Receipt by the Trustee of Borrower Insurance Proceeds or Borrower Condemnation Proceeds transferred from the Extraordinary Receipts Account to the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(a)(iii)(A)(II) of the Collateral Agency and Accounts Agreement and Section 2.07(c) of this Second Supplemental Indenture;

(C) Receipt by the Trustee of Borrower Lease Termination Proceeds transferred from the Extraordinary Receipts Account to the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account by the Senior Collateral Agent or the Securities Intermediary pursuant to Section 5.15(b)(ii)(A)(II) of the Collateral Agency and Accounts Agreement and Section 2.07(c) of this Second Supplemental Indenture; or

(D) Receipt by the Trustee of Disposition Proceeds transferred from the Extraordinary Receipts Account to the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account by the Senior Collateral Agent or the Securities Intermediary pursuant to Section 5.15(d)(II) of the Collateral Agency and Accounts Agreement and Section 2.07(c) of this Second Supplemental Indenture; or

(E) Foreclosure by the Senior Collateral Agent on the leasehold estate pursuant to the Leasehold Mortgages and the Collateral Agency and Accounts Agreement.

(iii) The Series 2024A Balloon Indebtedness is subject to extraordinary mandatory redemption, in whole or in part, as the case may be, by the Issuer, at the Redemption Price without premium to the extent of funds available therefor from, and as soon as practical following receipt by the Trustee of amounts transferred from the Surplus Remaining Revenue Account pursuant to Section 6.06(a) of the Collateral Agency and Accounts Agreement.

(d) (i) *Purchase of Series 2024A Bonds in Lieu of Redemption.* If any Series 2024A Bond is called for optional redemption, in whole or in part, the Issuer, upon written direction of the Borrower, may elect to have such Series 2024A Bond purchased in lieu of redemption on the applicable Redemption Date (herein referred to as the “Purchase Date” with respect to the Series 2024A Bonds) at a purchase price equal to the applicable Redemption Price (including, any interest accrued on such Bonds to the Redemption Date) (herein referred to as the “Purchase Price” with respect to the Series 2024A Bonds).

(ii) If the Issuer, upon written request of the Borrower, elects to purchase any Series 2024A Bonds, the Trustee shall give notice of the purchase of such Series 2024A Bonds in the name of the Issuer to the registered Owners of the Series 2024A Bonds to be purchased by first-class mail, postage prepaid, not less than thirty (30) days prior to the Purchase Date with respect to the Series 2024A Bonds specified in such notice. The Series 2024A Bonds to be purchased are required to be tendered on the Purchase Date with respect to the Series 2024A Bonds to the Trustee. The Series 2024A Bonds to be purchased that are not so tendered will be deemed to have been properly tendered for purchase. Such purchase will not operate to extinguish the indebtedness of the Issuer evidenced thereby or modify the terms of the Series 2024A Bonds and such Series 2024A Bonds need not be cancelled, but will remain Outstanding under this Second Supplemental Indenture and continue to bear interest.

The Issuer’s obligation to purchase any Series 2024A Bond is conditioned upon the availability of sufficient money to pay the Purchase Price with respect to the Series 2024A Bonds for all of the Series 2024A Bonds to be purchased on the Purchase Date with respect to the Series 2024A Bonds. If sufficient money is available on the Purchase Date with respect to the Series 2024A Bonds to pay the Purchase Price with respect to the Series 2024A Bonds to be purchased, the former registered Owners of such Series 2024A Bonds will have no claim thereunder or under this Second Supplemental Indenture or otherwise for payment of any amount other than the Purchase Price with respect to the Series 2024A Bonds. If sufficient money is not available on the Purchase Date with respect to the Series 2024A Bonds for payment of the Purchase Price with

respect to the Series 2024A Bonds, the Series 2024A Bonds tendered or deemed tendered for purchase will continue to be registered in the name of the registered Owners on the Purchase Date with respect to the Series 2024A Bonds, who will be entitled to the payment of the Redemption Price of such Series 2024A Bonds on the Redemption Date in accordance with their respective terms.

(e) *Mandatory Sinking Fund Redemption.* The Series 2024A Bonds maturing on \_\_\_\_\_ 1, 20\_\_ and \_\_\_\_\_ 1, 20\_\_ shall be subject to mandatory redemption by the Issuer prior to maturity, in part, at a price equal to 100% of the principal amount thereof, together with accrued and unpaid interest to (but not including) the date of redemption without premium in satisfaction of the Sinking Fund Requirements on the dates and in the principal amounts set forth below, subject to the credits provided therefor in this Section 2.07(e):

Series 2024A Bonds maturing \_\_\_\_\_ 1, 20\_\_ with Interest Rate of . \_\_\_\_ %

At its option, to be exercised on or before the 45<sup>th</sup> day next preceding any mandatory Redemption Date for Series 2024A Bonds due to a Sinking Fund Requirement, the Borrower may deliver to the Trustee for cancellation Series 2024A Bonds of the appropriate maturity in any aggregate principal amount which have been purchased by the Borrower in the open market. Each Series 2024A Bond so delivered shall be credited by the Trustee at 100% of the principal amount thereof against the Sinking Fund Requirement for the Series 2024A Bonds on such mandatory Redemption Date in such chronological order as shall be directed in writing by the Borrower. The Borrower will, on or before the 45<sup>th</sup> day preceding each mandatory scheduled sinking fund Redemption Date, furnish the Trustee with a certificate stating the extent to which the provisions of the first sentence of this paragraph are to be availed of with respect to such mandatory Redemption Date; and unless such certificate is so timely furnished to the Trustee, the Sinking Fund Requirements for such mandatory Redemption Date shall not be reduced under the provisions of this paragraph.

(f) *Mandatory Redemption Upon the Occurrence of a Determination of Taxability.* The Series 2024A Bonds are subject to mandatory redemption in whole or, under certain circumstances, in part, at the Redemption Price without premium within ninety (90) days following receipt by the Trustee of written notice from a current or former Holder or Beneficial Owner of the Series 2024A Bonds or the Borrower of a Determination of Taxability. Payment of such Redemption Price with respect to the applicable Series 2024A Bonds shall constitute the full and complete payment and satisfaction to the Holders of such Series 2024A Bonds for any claim, damages, costs or expenses arising out of such Determination of Taxability. All of the Series 2024A Bonds shall be redeemed upon a Determination of Taxability as described above, unless, in the Opinion of Bond Counsel, redemption of a portion of the Series 2024A Bonds would have the result that interest payable on the remaining Series 2024A Bonds outstanding after the redemption would not be includable for federal income tax purposes in the gross income of any Holder or Beneficial Owner of a Series 2024A Bond, other than a Holder or Beneficial Owner who is a “substantial user” of the portion of the Project financed or refinanced with the proceeds of the Series 2024A Bonds or a “related person” of such substantial user within the meaning of the Code, in which case only such portion shall be redeemed. The Series 2024A Bonds to be redeemed in part as provided in this paragraph (g) shall be determined by the Borrower.

Notwithstanding the foregoing, any Holder may direct the Trustee not to redeem all or a portion of its Series 2024A Bonds upon the occurrence of a Determination of Taxability, if such Series 2024A Bonds or portions thereof not to be redeemed will be in an Authorized Denomination, by delivering to the Trustee at its principal office for delivery of notices on or prior to the second Business Day prior to the date of redemption an instrument which (A) states that such person is a Holder of such Series 2024A Bonds and specifies the denomination of such Series 2024A Bonds and the CUSIP number thereof, (B) states that the Holder has knowledge that a Determination of Taxability has occurred with respect to such Series 2024A Bonds and that interest received with respect to such Series 2024A Bonds may be includable in the gross income of the Holder for federal income tax purposes and (C) directs the Trustee not to redeem such Series 2024A Bonds. Once the Trustee has received such notice in a timely fashion, such Series 2024A Bonds will never again be subject to mandatory redemption as described under this caption.

Section 2.08 Redemption Provisions for the Series 2024B Bonds. The Series 2024B Bonds are subject to redemption prior to maturity as follows:

(a) *Optional Redemption.* The Series 2024B Bonds are subject to optional redemption prior to maturity by the Issuer, in whole or in part, at the written direction of the Borrower (A) from the Series 2024 Closing Date until \_\_\_\_\_ 1, 20\_\_\_\_, at the Make-Whole Redemption Price, or (B) on and after \_\_\_\_\_ 1, 20\_\_\_\_, at any time, without premium, at (x) if redeemed prior to the Interest Commencement Date, the Accreted Value as of the Redemption Date, and (y) if redeemed on or after the Interest Commencement Date, the Accreted Value at the Interest Commencement Date plus accrued interest to the Redemption Date.

(b) *Extraordinary Optional Redemption Without Premium to Preserve Tax Exempt Status of the Series 2024B Bonds.* The Series 2024B Bonds shall be subject to extraordinary optional redemption by the Issuer, at the direction of the Borrower, on any date at the Accreted Redemption Price (including, on any date after the Interest Commencement Date, any interest accrued on such Bonds to the Redemption Date), without premium if the Borrower shall have delivered to the Trustee and the Issuer an Opinion of Bond Counsel addressed to the Trustee and the Issuer substantially to the effect that (i) a failure so to redeem Series 2024B Bonds (or the relevant portion thereof) may adversely affect the exclusion of interest on the Series 2024B Bonds from the gross income of the Holders pursuant to Section 103 of the Code and (ii) redemption of Series 2024B Bonds in the amount set forth in such opinion (but in no smaller amount than that set forth in such opinion) would permit the continuance of any exclusion so afforded under

Section 103 of the Code. The Series 2024B Bonds to be redeemed in part as provided in this Section 2.08(b) shall be determined by the Borrower.

(c) *Extraordinary Mandatory Redemption of the Series 2024B Bonds.*

(i) Upon receipt by the Securities Intermediary of any (A) Borrower Insurance Proceeds or Borrower Condemnation Proceeds transferred from the Extraordinary Receipts Account to the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(a)(iii)(A)(II) of the Collateral Agency and Accounts Agreement, (B) Borrower Lease Termination Proceeds transferred from the Extraordinary Receipts Account to the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(b)(ii)(A)(II) of the Collateral Agency and Accounts Agreement or (C) Disposition Proceeds transferred from the Extraordinary Receipts Account to the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(d)(II) of the Collateral Agency and Accounts Agreement, the Trustee shall request the Securities Intermediary to transfer such funds to the Series 2024B Senior Bond Redemption Account.

(ii) The Series 2024B Bonds are subject to extraordinary mandatory redemption, in whole or in part, as the case may be, by the Issuer, at the Accreted Redemption Price without premium to the extent of funds available therefor from, and as soon as practical following:

(A) Receipt by the Trustee of proceeds of the Series 2024B Bonds pursuant to Section 10.07(g) of the Collateral Agency and Accounts Agreement;

(B) Receipt by the Trustee of Borrower Insurance Proceeds or Borrower Condemnation Proceeds transferred from the Extraordinary Receipts Account to the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account pursuant to Section 5.15(a)(iii)(A)(II) of the Collateral Agency and Accounts Agreement and Section 2.08(c) of this Second Supplemental Indenture;

(C) Receipt by the Trustee of Borrower Lease Termination Proceeds transferred from the Extraordinary Receipts Account to the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account by the Senior Collateral Agent or the Securities Intermediary pursuant to Section 5.15(b)(ii)(A)(II) of the Collateral Agency and Accounts Agreement and Section 2.08(c) of this Second Supplemental Indenture; or

(D) Receipt by the Trustee of Disposition Proceeds transferred from the Extraordinary Receipts Account to the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account by the Senior Collateral Agent or the Securities Intermediary pursuant to Section 5.15(d)(II) of the Collateral Agency and Accounts Agreement and Section 2.08(c) of this Second Supplemental Indenture; or

(E) Foreclosure by the Senior Collateral Agent on the leasehold estate pursuant to the Leasehold Mortgages and the Collateral Agency and Accounts Agreement.

(d) (i) *Purchase of Series 2024B Bonds in Lieu of Redemption.* If any Series 2024B Bond is called for optional redemption, in whole or in part, the Issuer, upon written direction of the Borrower, may elect to have such Series 2024B Bond purchased in lieu of redemption on the applicable Redemption Date (herein referred to as the “Purchase Date” with respect to the Series 2024B Bonds) at a purchase price equal to the applicable Accreted Redemption Price (including, on any date on or after the Interest Commencement Date, any interest accrued on such Bonds to the Redemption Date) (herein referred to as the “Purchase Price” with respect to the Series 2024B Bonds).

(ii) If the Issuer, upon written request of the Borrower, elects to purchase any Series 2024B Bonds, the Trustee shall give notice of the purchase of such Series 2024B Bonds in the name of the Issuer to the registered Owners of the Series 2024B Bonds to be purchased by first-class mail, postage prepaid, not less than thirty (30) days prior to the Purchase Date with respect to the Series 2024B Bonds specified in such notice. The Series 2024B Bonds to be purchased are required to be tendered on the Purchase Date with respect to the Series 2024B Bonds to the Trustee. The Series 2024B Bonds to be purchased that are not so tendered will be deemed to have been properly tendered for purchase. Such purchase will not operate to extinguish the indebtedness of the Issuer evidenced thereby or modify the terms of the Series 2024B Bonds and such Series 2024B Bonds need not be cancelled, but will remain Outstanding under this Second Supplemental Indenture and continue to bear interest.

The Issuer’s obligation to purchase any Series 2024B Bond is conditioned upon the availability of sufficient money to pay the Purchase Price with respect to the Series 2024B Bonds for all of the Series 2024B Bonds to be purchased on the Purchase Date with respect to the Series 2024B Bonds. If sufficient money is available on the Purchase Date with respect to the Series 2024B Bonds to pay the Purchase Price with respect to the Series 2024B Bonds to be purchased, the former registered Owners of such Series 2024B Bonds will have no claim thereunder or under this Second Supplemental Indenture or otherwise for payment of any amount other than the Purchase Price with respect to the Series 2024B Bonds. If sufficient money is not available on the Purchase Date with respect to the Series 2024B Bonds for payment of the Purchase Price with respect to the Series 2024B Bonds, the Series 2024B Bonds tendered or deemed tendered for purchase will continue to be registered in the name of the registered Owners on the Purchase Date with respect to the Series 2024B Bonds, who will be entitled to the payment of the Accreted Redemption Price of such Series 2024B Bonds on the Redemption Date in accordance with their respective terms.

(e) *Mandatory Sinking Fund Redemption.* The Series 2024B Bonds maturing on \_\_\_\_\_ 1, 20\_\_ and \_\_\_\_\_ 1, 20\_\_ shall be subject to mandatory redemption by the Issuer prior to maturity, in part, at a price equal to 100% of the principal amount thereof, together with accrued and unpaid interest to (but not including) the date of redemption without premium in satisfaction of the Sinking Fund Requirements on the dates and in the principal amounts set forth below, subject to the credits provided therefor in this Section 2.08(e):

At its option, to be exercised on or before the 45<sup>th</sup> day next preceding any mandatory Redemption Date for Series 2024B Bonds due to a Sinking Fund Requirement, the Borrower may deliver to the Trustee for cancellation Series 2024B Bonds of the appropriate maturity in any aggregate principal amount which have been purchased by the Borrower in the open market. Each Series 2024B Bond so delivered shall be credited by the Trustee at 100% of the principal amount thereof against the Sinking Fund Requirement for the Series 2024B Bonds on such mandatory Redemption Date in such chronological order as shall be directed in writing by the Borrower. The Borrower will, on or before the 45<sup>th</sup> day preceding each mandatory scheduled sinking fund Redemption Date, furnish the Trustee with a certificate stating the extent to which the provisions of the first sentence of this paragraph are to be availed of with respect to such mandatory Redemption Date; and unless such certificate is so timely furnished to the Trustee, the Sinking Fund Requirements for such mandatory Redemption Date shall not be reduced under the provisions of this paragraph.

(f) *Mandatory Redemption Upon the Occurrence of a Determination of Taxability.* The Series 2024B Bonds are subject to mandatory redemption in whole or, under certain circumstances, in part, at the Accreted Redemption Price without premium within ninety (90) days following receipt by the Trustee of written notice from a current or former Holder or Beneficial Owner of the Series 2024B Bonds or the Borrower of a Determination of Taxability. Payment of such Accreted Redemption Price with respect to the applicable Series 2024B Bonds shall constitute the full and complete payment and satisfaction to the Holders of such Series 2024B Bonds for any claim, damages, costs or expenses arising out of such Determination of Taxability. All of the Series 2024B Bonds shall be redeemed upon a Determination of Taxability as described above, unless, in the Opinion of Bond Counsel, redemption of a portion of the Series 2024B Bonds would have the result that interest payable on the remaining Series 2024B Bonds outstanding after the redemption would not be includable for federal income tax purposes in the gross income of any Holder or Beneficial Owner of a Series 2024B Bond, other than a Holder or Beneficial Owner who is a “substantial user” of the portion of the Project financed or refinanced with the proceeds of the Series 2024B Bonds or a “related person” of such substantial user within the meaning of the Code, in which case only such portion shall be redeemed. The Series 2024B Bonds to be redeemed in part as provided in this paragraph (g) shall be determined by the Borrower.

Notwithstanding the foregoing, any Holder may direct the Trustee not to redeem all or a portion of its Series 2024B Bonds upon the occurrence of a Determination of Taxability, if such Series 2024B Bonds or portions thereof not to be redeemed will be in an Authorized Denomination, by delivering to the Trustee at its principal office for delivery of notices on or prior to the second Business Day prior to the date of redemption an instrument which (A) states that such person is a Holder of such Series 2024B Bonds and specifies the denomination of such Series 2024B Bonds and the CUSIP number thereof, (B) states that the Holder has knowledge that a Determination of Taxability has occurred with respect to such Series 2024B Bonds and that interest received with respect to such Series 2024B Bonds may be includible in the gross

income of the Holder for federal income tax purposes and (C) directs the Trustee not to redeem such Series 2024B Bonds. Once the Trustee has received such notice in a timely fashion, such Series 2024B Bonds will never again be subject to mandatory redemption as described under this caption.

Section 2.09 Notice of Redemption.

(a) Notice of redemption of Series 2024 Bonds permitted or required by this Second Supplemental Indenture shall be given in the manner set forth in Section 3.03 of the Master Indenture, without the necessity of any instructions or further act of the Issuer or the Borrower. The Trustee shall not be responsible for mailing notices of redemption to anyone other than the Securities Depository or its nominee.

(b) Under no circumstances shall the Trustee be required to use any of its own funds to effect any redemption of Series 2024 Bonds.

(c) If all of the Series 2024 Bonds are redeemed as provided in Sections 2.07(b) and 2.08(b) hereof, then (i) the failure by the Borrower to observe or perform a covenant or agreement in any Financing Document or (ii) the inaccuracy of any representation or warranty made by the Borrower in any Financing Document or the Tax Certificate, any of which results in a Determination of Taxability, shall not constitute an Event of Default under any Financing Document and payment of the Redemption Price specified above and amounts payable pursuant to Sections 2.07(b) and 2.08(b) hereof, shall constitute full and complete payment and satisfaction to the Owners of the Series 2024 Bonds for any claims, damages, costs or expenses arising out of or based upon such failure by the Borrower.

(d) If the lien of this Second Supplemental Indenture has been defeased with respect to any Series 2024 Bonds prior to the occurrence of an event permitting or requiring redemption of such Series 2024 Bonds, such Series 2024 Bonds will not be subject to redemption in the manner described above, except for any Sinking Fund Requirement and any redemption provided for in connection with such defeasance.

(e) All Series 2024 Bonds redeemed and the Redemption Price therefor paid in full under the provisions of Sections 2.07 and 2.08 hereof shall forthwith be canceled and returned to the Issuer and no Series 2024 Bonds shall be executed, authenticated or issued hereunder in exchange or substitution therefor, or for or in respect of any paid portion of such Series 2024 Bonds.

Section 2.10 Payment of Redeemed Bonds. (a) Notice having been given in the manner provided in Section 2.09 hereof, the Series 2024 Bonds or portions thereof so called for redemption shall become due and payable on the Redemption Date so designated at the Redemption Price. If, on the Redemption Date, moneys for the redemption of the Series 2024 Bonds or portions thereof to be redeemed, together with interest to the Redemption Date, shall be held by the Paying Agents so as to be available therefor on said date and if notice of redemption shall have been given as aforesaid, then, from and after the Redemption Date, interest on the Series 2024 Bonds or portions thereof so called for redemption shall cease to accrue and become payable. If said moneys shall not be so available on the Redemption Date, such Series 2024 Bonds or portions thereof shall continue to bear interest until paid at the same rate as they would have borne had they not been called for redemption.

(b) Payment of the Redemption Price shall be made to or upon the order of the registered owners, without presentation of the Series 2024 Bonds, by wire transfer in federal funds.

Section 2.11 Cancellation of Redeemed Bonds.

(a) Each Series 2024 Bond redeemed in full under the provisions of this Second Supplemental Indenture shall forthwith be canceled and destroyed or removed from the appropriate digital ledger in accordance with the provisions hereof and no Series 2024 Bonds shall be executed, authenticated or issued hereunder in exchange or substitution therefor.

(b) If there shall be called for redemption less than all of any Series 2024 Bond, upon the written request of any Bondholder of such partially redeemed Series 2024 Bond to the Trustee, the Issuer shall execute, and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the owner thereof, for the unredeemed portion of the Series 2024 Bond so surrendered, a Series 2024 Bond or Series 2024 Bonds of the same Series and maturity in any of the Authorized Denominations and bearing interest at the same rate.

(a) *Mandatory Optional Redemption Definitions:* The following terms used in this Section have the meanings ascribed to them below:

(i) “10 Year Cash Sweep Date” means the date ten (10) years preceding the maturity date of the Series 2024A Balloon Indebtedness.

### BOND INSURANCE

Section 4.01 Nonpayment of Principal or Interest on the Insured Series 2024 Bonds. The Bond Insurer shall be entitled to pay principal or interest on the Insured Series 2024 Bonds that becomes Due for Payment (as such term is defined in the Bond Insurance Policy) but is unpaid by reason of Nonpayment by the Issuer (as such term is defined in the Bond Insurance Policy) and any amounts due on the Insured Series 2024 Bonds as a result of acceleration of the maturity thereof in accordance with the Indenture, whether or not the Bond Insurer has received a Notice of Nonpayment (as such term is defined in the Bond Insurance Policy) or a claim upon the Bond Insurance Policy.

Section 4.02 Bond Insurance Policy Payment Procedures. As long as the Bond Insurance Policy shall be in full force and effect, the Issuer, the Borrower and the Trustee agree to comply with the following provisions:

(a) If, on the third Business Day prior to the Transfer Date immediately preceding an Interest Payment Date or Principal Payment Date on which the principal of or interest on the Insured Series 2024 Bonds is payable (a "Payment Date"), the Borrower has determined that, upon making all transfers and deposits required under the Collateral Agency and Accounts Agreement in respect of amounts due and payable under the Senior Financing Documents on the next Transfer Date, there will not be sufficient money to pay the principal of and interest on the Insured Series 2024 Bonds due on such Payment Date, the Borrower shall give notice thereof to the Trustee, the Senior Collateral Agent and the Bond Insurer and to its designated agent, if any (the "Bond Insurer Fiscal Agent"), by telephone or teletype of the amount of such deficiency by 12:00 noon, New York City time, on such Business Day. Unless the Borrower has delivered notice to the Trustee (which may be by telephone or teletype, and otherwise in accordance with the notice requirements set forth in the Collateral Agency and Accounts Agreement) confirming that the previously determined deficiency is no longer expected, on the second Business Day prior to the related Transfer Date, the Trustee shall make a claim under the Bond Insurance Policy and give notice to the Bond Insurer and the Bond Insurer's Fiscal Agent, if any, by telephone of the amount of such deficiency, and the allocation of such deficiency between the amount required to pay interest on the Insured Series 2024 Bonds and the amount required to pay the principal of Insured Series 2024 Bonds, confirmed in writing to the Bond Insurer and the Bond Insurer's Fiscal Agent by 12:00 noon, New York City time, on such second Business Day by filing the form of Notice of Claim and Certificate delivered with the Bond Insurance Policy; provided, however, that the Bond Insurer will not be required to make any payment to the extent that on the Payment Date no such deficiency of funds remains.

(b) The Trustee shall designate any portion of payment of principal on Insured Series 2024 Bonds paid by the Bond Insurer, whether by virtue of mandatory sinking fund installments, maturity or other advancement of maturity, on its books as a reduction in the principal amount of Insured Series 2024 Bonds registered to the then current Owner, whether DTC, its nominee or otherwise, and such Series 2024 Bonds shall remain Outstanding until a new Series 2024 Bond in a principal amount equal to the amount of principal so paid (without regard to authorized denominations) shall be executed on behalf of and delivered by the Issuer and the Trustee in accordance with Sections 2.01, 2.02, 2.06 and 4.01 hereof to the Bond Insurer, registered in the name of Assured Guaranty Inc.; provided, however, that failure by the Trustee to so designate any payment or failure of the Issuer and the Trustee to execute and deliver any replacement Series 2024 Bonds, subject to Book-Entry provisions, shall have no effect on the amount of principal or interest payable on any Insured Series 2024 Bond or the subrogation rights of the Bond Insurer.

(c) Upon payment of a claim under the Bond Insurance Policy, the Trustee shall establish a separate special purpose trust account solely for the benefit of Owners of the Insured Series 2024 Bonds

and the Bond Insurer, which account shall be referred to herein as the “Segregated Policy Payments Account,” over which the Trustee shall have exclusive control and sole right of withdrawal. The Trustee shall receive any amount paid under the Bond Insurance Policy in trust on behalf of the Owners of Insured Series 2024 Bonds and shall deposit any such amount in the Segregated Policy Payments Account and distribute such amount only for purposes of making the payments for which a claim was made. Such amounts shall be disbursed by the Trustee to the Owners of Insured Series 2024 Bonds in the same manner as principal and interest payments are to be made with respect to the Insured Series 2024 Bonds under the sections hereof regarding payment of Insured Series 2024 Bonds. It shall not be necessary for such payments to be made by check or wire transfers separate from the check or wire transfer used to pay the principal and interest with other funds available to make such payments. Notwithstanding anything herein to the contrary, subject to compliance with the terms of the Intercreditor Agreement, the Issuer (or the Borrower on its behalf) shall cause the Senior Collateral Agent to pay, solely from funds received from (or on behalf of) the Borrower, other than any fees or other amounts paid to the Issuer by the Borrower under the TDC Loan Agreements, pursuant to, and in accordance with, each of Section 4.1(d)(i) of the First Amendments to the TDC Loan Agreements and Section 5.02(b)(4), Section 5.02(b)(5), Section 5.03(b)(4), Section 5.03(b)(5), Section 6.06(b)(i)(B), Section 6.06(b)(i)(C) or Section 6.06(b)(i)(E) of the Collateral Agency and Accounts Agreement, as applicable, to the Bond Insurer a sum equal to:

- (i) the total of all amounts paid by the Bond Insurer under the Bond Insurance Policy, (the “Bond Insurer Advances”); *and*
- (ii) interest on such Bond Insurer Advances from the date paid by the Bond Insurer until payment thereof in full, payable to the Bond Insurer at the Bond Insurer Late Payment Rate per annum (“Bond Insurer Late Payment Interest” and together with Bond Insurer Advances, the “Bond Insurer Reimbursement Amounts”).

As used herein, the “Bond Insurer Late Payment Rate” means the lesser of:

- (a) the greater of (I) WSJ Prime, plus 5%, and (II) 15%; *and*
- (b) the maximum rate permissible under applicable usury or similar laws limiting interest rates.

The Bond Insurer Late Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. The Issuer hereby covenants and agrees that the Bond Insurer Reimbursement Amounts are secured by a lien on and pledge of the Senior Collateral and payable from such Senior Collateral on a parity basis with Debt Service due on the Series 2024 Bonds and shall be payable by the Senior Collateral Agent or the Trustee from funds received from (or on behalf of) the Borrower, including funds provided pursuant to Section 5.02(b), Section 5.03(b), Section 6.06(a), or Section 6.06(b) of the Collateral Agency and Accounts Agreement, as applicable, on a parity basis with Debt Service due on the Series 2024 Bonds. All Bond Insurer Reimbursement Amounts shall be amounts owing to the Bond Insurer and not to the Owners of such Insured Series 2024 Bonds and any such amounts actually received by the Bond Insurer shall reduce, dollar-for-dollar, first, the Bond Insurer Late Payment Interest and second, without duplication, the Bond Insurer Advances and the claims that the Bond Insurer may have under the Insured Series 2024 Bonds as a result of the Bond Insurer having paid, including pursuant to Section 4.04 below, such Bond Insurer Advances.

(d) The Trustee shall keep a complete and accurate record of all funds deposited by the Bond Insurer into the Segregated Policy Payments Account (as defined above) and the allocation of such funds to payment of interest on and principal of any Insured Series 2024 Bonds. The Bond Insurer shall have the right to inspect such records at reasonable times upon reasonable notice to the Trustee.

(e) Funds held in the Segregated Policy Payments Account shall constitute Segregated Collateral solely for the benefit of the Owners of the Insured Series 2024 Bonds and the Bond Insurer, shall not be invested by the Trustee and may not be applied to satisfy any costs, expenses or liabilities of the Trustee. The Trustee shall notify the Bond Insurer of any funds remaining in the Segregated Policy Payments Account after the Trustee has made the payments for which a claim was made to the Owners of the Insured Series 2024 Bonds and shall, at the written direction of the Bond Insurer, promptly remit such funds remaining to the Bond Insurer.

Section 4.03 Acceleration. If any maturity of the Insured Series 2024 Bonds is accelerated pursuant to Section 8.02(b) of the Master Indenture, the Bond Insurer may elect, in its sole discretion, but shall have no obligation, to pay accelerated principal and interest accrued on such principal to the date of acceleration (to the extent unpaid) and the Trustee shall be required to accept such amounts. Upon payment of such accelerated principal and interest accrued to the acceleration date as provided above, the Bond Insurer's obligations under the Bond Insurance Policy with respect to such Insured Series 2024 Bonds shall be fully discharged. If the Bond Insurer does not so elect to pay the Insured Series 2024 Bonds on an accelerated basis, the Bond Insurer shall pay under the Bond Insurance Policy the principal of and interest on the Insured Series 2024 Bonds at the time principal and interest would have been due had the maturity of the Insured Series 2024 Bonds not been accelerated.

Section 4.04 Subrogation. Amounts paid by the Bond Insurer under the Bond Insurance Policy shall not be deemed paid for purposes of the Indenture and the Insured Series 2024 Bonds relating to such payments shall remain Outstanding and continue to be due and owing until paid by the Issuer (on behalf of the Borrower) or the Borrower in accordance with the Senior Financing Documents. For the avoidance of doubt, amounts paid by the Bond Insurer under the Bond Insurance Policy to be paid by the Issuer (on behalf of the Borrower) or the Borrower in the preceding sentence are the same as (and not in addition to) the Bond Insurer Advances required to be paid under Section 4.02(c)(i) hereof. The Indenture shall not be discharged unless all amounts due or to become due to the Bond Insurer have been paid in full or duly provided for. In the event that the principal of and/or interest on the Insured Series 2024 Bonds shall be paid by the Bond Insurer pursuant to the Bond Insurance Policy, the Bond Insurer shall be subrogated to the rights of the recipients of such payments in accordance with the terms of the Bond Insurance Policy. Each obligation of the Issuer or the Borrower to the Bond Insurer under the Senior Financing Documents shall survive discharge or termination of such Senior Financing Documents.

Section 4.05 Bond Insurer as Bond Owner. So long as no Bond Insurer Default shall have occurred and be continuing, the Bond Insurer is deemed to be the sole Owner of the Insured Series 2024 Bonds for the purpose of exercising any voting right or privilege or giving any consent or direction or taking any other action that the registered Owners of the Insured Series 2024 Bonds are entitled to take pursuant to the Financing Documents subject to the same terms to which the Owners of the Insured Series 2024 Bonds are subject under the Financing Documents, including the Intercreditor Agreement. In furtherance thereof and as a term of the Indenture and each Insured Series 2024 Bond, each Owner of the Insured Series 2024 Bonds appoints the Bond Insurer as its agent and attorney-in-fact with respect to the Insured Series 2024 Bonds and agrees that the Bond Insurer may at any time during the continuation of an Insolvency or Liquidation Proceeding direct all matters relating to such Insolvency or Liquidation Proceeding that the registered Owners of the Insured Series 2024 Bonds are entitled to take pursuant to, in accordance with, and subject to the Financing Documents, including without limitation, (a) all matters relating to any claim or enforcement proceeding in connection with an Insolvency or Liquidation Proceeding (a "Claim"), (b) the direction of any appeal of any order relating to any Claim, (c) the posting of any surety, supersedeas or performance bond pending any such appeal, and (d) provided that, in each case, the exercise of the rights of the Bond Insurer under this subpart (d) are subject to the terms of the Collateral Agency and Accounts Agreement, the Indenture and the Intercreditor Agreement, the right to vote to accept or reject any plan of adjustment. In addition, each Owner of the Insured Series 2024 Bonds delegates and assigns to the Bond

Insurer, to the fullest extent permitted by law, the rights of each Owner of the Insured Series 2024 Bonds in the conduct of any Insolvency or Liquidation Proceeding, including, without limitation, all rights of any Owner of the Insured Series 2024 Bonds to an adversary proceeding or action with respect to any court order issued in connection with any such Insolvency or Liquidation Proceeding. The Trustee acknowledges such appointment, delegation and assignment by each Owner of the Insured Series 2024 Bonds for the Bond Insurer's benefit and agrees to cooperate with the Bond Insurer in taking any action reasonably necessary or appropriate in connection with such appointment, delegation and assignment.

Section 4.06 Contractual Rights of the Bond Insurer. The Issuer and the Trustee acknowledge and agree that:

(a) the rights granted to the Bond Insurer under this Second Supplemental Indenture to request, consent to or direct any action are rights granted to the Bond Insurer in consideration of its issuance of the Bond Insurance Policy;

(b) in determining whether any amendment, consent, waiver or other action to be taken, or any failure to take action hereunder would adversely affect the security for the Insured Series 2024 Bonds or the rights of the related Owners, the Trustee shall consider the effect of any such amendment, consent, waiver, action or inaction as if there were no Bond Insurance Policy;

(c) any exercise by the Bond Insurer of such rights is merely an exercise of the Bond Insurer's contractual rights and shall not be construed or deemed to be taken for the benefit, or on behalf, of the registered holders of the Insured Series 2024 Bonds; and

(d) such action does not evidence any position of the Bond Insurer, affirmative or negative, as to whether the consent of any of the registered holders of the Insured Series 2024 Bonds or any other person is required in addition to the consent of the Bond Insurer.

Section 4.07 Amendments. Any amendment, supplement, modification to, or waiver of, or consent under the Indenture that would reasonably be expected to materially adversely affect the rights and interests of the Bond Insurer or the security for the Insured Series 2024 Bonds shall be subject to the prior written consent of the Bond Insurer; provided, that any amendment, supplement, modification, waiver or consent related (x) solely to one or more Supplemental Indentures other than the Second Supplemental Indenture or the Master Indenture but solely with respect to the rights, obligations and other agreements of the Senior Bonds issued under any Supplemental Indenture other than the Second Supplemental Indenture or (y) to the incurrence of Additional Obligations by the Borrower pursuant to Section 10.27 of the Collateral Agency and Accounts Agreement shall not be deemed to materially adversely affect the rights and interests of the Bond Insurer and shall not be subject to the prior written consent of the Bond Insurer pursuant to the provisions of this Section 4.07 so long as any such Additional Obligations have no greater priority to payment than the existing Senior Obligations. Without limiting the foregoing, in determining whether any amendment, supplement, modification, waiver, consent, or other action to be taken, or any failure to take action, under the Indenture would reasonably be expected to materially adversely affect the rights and interests of the Bond Insurer or the security for the Insured Series 2024 Bonds, the Trustee shall act upon the direction of the Bond Insurer. In the event that in connection with the issuance of Additional Insured Bonds, the Bond Insurer of such Additional Insured Bonds obtains terms under the Indenture (other than the Bond Insurer Premium amount) that are more favorable than those under the Indenture applicable to the Bond Insurer of the Insured 2024 Bonds, such terms under the Indenture applicable to the Bond Insurer of the Insured 2024 Bonds shall be revised at the time of the issuance of such Additional Insured Bonds so that they are as, but no more, favorable.

Section 4.08 Bond Insurer as Third-Party Beneficiary. To the extent that any Senior Financing Document to which the Bond Insurer is not a party confers upon, gives or grants to the Bond Insurer, itself

and not as a Senior Secured Party represented by the Trustee pursuant hereto, any right, remedy or claim hereunder or thereunder, the Bond Insurer, in its capacity as such, is intended to be and is hereby explicitly recognized as being a third-party beneficiary of such right, remedy or claim and may exercise all legal rights and remedies in connection therewith; provided, that any exercise of any right, remedy or claim by the Bond Insurer with respect to the Senior Bond Insurer Obligations (including seeking foreclosure or proceeding against the Senior Collateral) shall be done through the Trustee as the Bond Insurer's Secured Debt Representative in accordance with the provisions of the Intercreditor Agreement, this Second Supplemental Indenture and the other Financing Documents.

Section 4.09 Notices, etc. While the Bond Insurance Policy is in effect, the Trustee will provide the Bond Insurer with (a) copies of any notices, financial statements, reports or information provided by or to the Trustee pursuant to the Financing Documents and (b) copies of any notices related to Events of Default, or the exercise of any remedies provided by or to the Trustee (in its capacity as Trustee) pursuant to any Financing Document. The Trustee shall notify the Bond Insurer of any failure of the Issuer or the Borrower to provide notices, certificates or other information required to be provided by such Person to the Trustee pursuant to the Indenture, the TDC Loan Agreements or the Collateral Agency and Accounts Agreement.

Section 4.10 Bond Insurer Premium and Bond Insurer Fees. The Bond Insurance Premium shall constitute a fee, administrative cost and expense due and payable under the Financing Documents for the purposes of the Senior Financing Documents and the Issuer (or the Borrower on its behalf) shall cause the Senior Collateral Agent, subject to the terms of the Intercreditor Agreement and the Collateral Agency and Accounts Agreement, to pay, solely from funds received from (or on behalf of) the Borrower, other than any fees or other amounts paid to the Issuer by the Borrower under the TDC Loan Agreements, the Bond Insurance Premium in accordance with the Schedule I hereto (the "Bond Insurer Premium Schedule"), Section 4.1(d)(ii) of the First Amendments to the TDC Loan Agreements and Sections 5.02(b)(1), 5.03(b)(1) or 6.06(b)(i)(A) of the Collateral Agency and Accounts Agreement, as applicable. The Issuer (or the Borrower on its behalf) shall cause the Senior Collateral Agent to pay, solely from funds received from (or on behalf of) the Borrower, other than any fees or other amounts paid to the Issuer by the Borrower under the TDC Loan Agreements, the Bond Insurer Fees in accordance with Section 4.1(d)(iii) of the First Amendments to the TDC Loan Agreements and Section 5.02(b)(1), 5.03(b)(1) or Section 6.06(b)(i)(A) of the Collateral Agency and Accounts Agreement, as applicable.

Section 4.11 Access and Information. The Issuer and the Trustee each covenant and agree to provide the Bond Insurer, at reasonable hours and under reasonable circumstances and upon reasonable prior written request, access to their books and records relating to the Insured Series 2024 Bonds.

Section 4.12 Bond Insurer Default. Whenever by the terms hereof the consent or approval of the Bond Insurer is required or the Bond Insurer, alone or together with the Owners, is authorized to request or direct the Trustee to take any action, such consent or approval shall not be required, and the Trustee shall not be obligated to comply with such request or direction of the Bond Insurer if a Bond Insurer Default with respect to that Bond Insurer exists and is continuing. If a Bond Insurer Default with respect to a Bond Insurer exists and is continuing nothing contained herein shall limit or impair the rights of the Owners to give any consent or approval or to request or direct the Trustee to take any action, such consent or approval of the Owner shall be effective without the consent or approval of that Bond Insurer otherwise required hereby and the Trustee shall comply with such request or direction notwithstanding that such request or direction is required to be made or given together with or by the Bond Insurer. Nothing in this Section 4.12, however, shall in any way limit or affect the rights of a Bond Insurer as an Owner of Insured Bonds, as subrogee of an Owner of Insured Bonds or as assignee of an Owner of Insured Bonds or to otherwise be reimbursed and indemnified for its reasonable costs and expenses and other payment on or in connection with the Insured Bonds or the Bond Insurance Policy of such Bond Insurer either by operation of law or at equity or by contract.

Section 4.13 Applicability of Article 4. The provisions of this Article 4 shall govern notwithstanding anything to the contrary in the Indenture. The provisions of this Article 4 are solely for the benefit of the Bond Insurer and can be waived in whole or in part by the Bond Insurer or modified in whole or in part as may be agreed to in writing among the Bond Insurer, the Issuer, the Borrower and the Bond Insurer without the consent of the Trustee and the Owners of the Bonds.

Section 4.14 Appointment of Secured Debt Representative of Bond Insurer.

(a) The Trustee is hereby appointed as Secured Debt Representative and Paying Agent for the Bond Insurer with respect to all the Senior Bond Insurer Obligations held by the Bond Insurer, whether under the Indenture, any other Financing Document, the Bond Insurer Premium Schedule, the Bond Insurance Policy or otherwise. The Trustee shall signify its acceptance of the duties and obligations imposed upon it as Secured Debt Representative and Paying Agent for the Bond Insurer by executing this Supplemental Indenture. The Bond Insurer has reviewed the Indenture and the Intercreditor Agreement and acknowledges all of the Trustee's rights, authority, powers and prerogatives, and that the Trustee may exercise such rights, authority, powers and prerogatives with respect to the Senior Bond Insurer Obligations in the same manner and with the same effects as it may do so with respect to the rights and remedies with respect to the other Senior Bond Obligations.

(b) The Trustee may, at the written direction of the Bond Insurer with respect to all the Senior Bond Insurer Obligations the Bond Insurer holds (other than as an Owner of Series 2024 Bonds or any subrogated claim with respect to Series 2024 Bonds), subject to the Intercreditor Agreement, bring such suits, actions or proceedings at law or in equity to enforce the rights of the Bond Insurer, and require the Issuer or the Borrower or both of them to carry out the agreements with or for the benefit of the Bond Insurer, and to perform its or their duties, under this Supplemental Indenture and the other Financing Documents.

Section 4.15 Majority Bondholders May Control Proceedings. The Bond Insurer acknowledges that, subject to the Bond Insurer's voting rights under Section 4.05 and the Bond Insurer's rights under Section 4.08 and with respect to amounts in the Segregated Policy Payments Account, the Owners of a majority in aggregate principal amount of the Senior Bonds then Outstanding (subject to the terms of the Master Indenture) shall have the right, at any time, to the extent permitted by law, by an instrument or instruments in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Supplemental Indenture, or for the appointment of a receiver, or any other proceedings hereunder; provided that such direction must be in accordance with the provisions hereof. The Trustee shall not be required to act on any direction given to it pursuant to this Section unless indemnified as provided in Section 9.02 of the Master Indenture.

Section 4.16 Rights and Remedies of the Bond Insurer. The Bond Insurer shall have no right to institute any suit, action or proceeding in equity or at law for the enforcement of any Senior Bond Insurer Obligations under this Second Supplemental Indenture or any other Financing Document or for the execution of any trust hereof to pay any Senior Bond Insurer Obligations or for the appointment of a receiver, or to take any action with respect to the Collateral, except through the Trustee acting as its Secured Debt Representative and in accordance with this Second Supplemental Indenture, the Master Indenture, the Collateral Agency and Accounts Agreement and the Intercreditor Agreement. Nothing in this Second Supplemental Indenture shall, however, affect or impair the right of any Owner of Series 2024 Bonds or (solely as an Owner of Series 2024 Bonds and with respect to any subrogated claim with respect to Series 2024 Bonds) the Bond Insurer to enforce the payment, by the institution of any suit, action or proceeding in equity or at law, of the principal of and Redemption Price, if any, and interest on any Series 2024 Bond at and after the maturity thereof, or the obligation of the Issuer to pay the principal of, Redemption Price,

if any, Sinking Fund Requirement and interest on each of the Series 2024 Bonds to the respective Owners of the Series 2024 Bonds at the time and place, from the source and in the manner herein and in the Series 2024 Bonds expressed, subject to and in accordance with the Intercreditor Agreement. Each Senior Secured Party is intended to be and is hereby explicitly recognized as being a third-party beneficiary of this Section and is entitled to exercise and enforce all legal rights and remedies in connection therewith in accordance with the Intercreditor Agreement and the other Financing Documents. Any amendment, supplement, modification to, or waiver of, or consent under this Section will require, and shall become effective only with, the prior written consent of each Senior Secured Party or its Secured Debt Representative.

Section 4.17 Bond Insurer Designations. For the purposes of this Second Supplemental Indenture, unless expressly indicated otherwise, the Bond Insurer is the Series 2024 Bond Insurer, and each reference to the “Bond Insurance Policy”, the “Bond Insurer Advances”, the “Bond Insurer Fees”, the “Bond Insurer Late Payment Interest”, “the Bond Insurer Premium”, the “Bond Insurer Premium Schedule”, and the “Bond Insurer Reimbursement Amounts”, is in reference to such term only with respect to the Insured Series 2024 Bonds.

Section 4.18 Bond Insurer Unsecured Obligations. The Bond Insurer acknowledges and agrees that, notwithstanding anything to the contrary in any of the Financing Documents, the Bond Insurer Unsecured Obligations shall not be secured by the Senior Collateral; provided, that, each monetary judgment arising from non-monetary claims under the Senior Financing Documents shall constitute Senior Bond Insurer Obligations and shall be secured by the Senior Collateral.

Section 4.19 Special Limited Obligations of the Issuer. Notwithstanding anything to the contrary in this Article IV, the monetary obligations of the Issuer under this Article IV are special limited obligations of the Issuer secured and payable solely from funds received by the Senior Collateral Agent from (or on behalf of) the Borrower, other than any fees or other amounts paid to the Issuer by the Borrower under the TDC Loan Agreements, as provided in the Senior Financing Documents. None of the State, the Port Authority, the JDA, ESD, or any other local development corporation, agency, or authority of the State (other than the Issuer) shall be liable thereon, nor shall any such amounts be payable out of any funds of the Issuer (other than in the case of any liability of the Issuer arising from the gross negligence or willful misconduct of the Issuer or any of its members, officers, employees or agents) other than those pledged therefor.

**ARTICLE V**  
**AMENDMENT TO THE MASTER INDENTURE**

Section 5.01 Amendment to Section 1.01 Definition of Master Indenture. Section 1.01 of the Master Indenture is hereby amended and replaced in its entirety as follows:

“Section 1.01 Definitions and Rules of Interpretation. All capitalized terms used herein but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Collateral Agency and Accounts Agreement dated as of November 1, 2022, by and among the Borrower, The Bank of New York Mellon, as the Intercreditor Agent, The Bank of New York Mellon, as the Senior Collateral Agent, The Bank of New York Mellon, as the Securities Intermediary, The Bank of New York Mellon, as the Trustee, ING Capital LLC, as the Administrative Agent, The Bank of New York Mellon, as the Deposit Account Bank and the Issuer, as it may be amended, restated, supplemented or modified from time to time (the “Collateral Agency and Accounts Agreement”). Except as otherwise expressly provided or unless the context otherwise requires, the rules of interpretation included in Exhibit A to the Collateral Agency and Accounts Agreement shall apply to this Indenture.”

Section 5.02 Amendment to Section 10.06 of Master Indenture. Section 10.06 of the Master Indenture is hereby amended by inserting the double-underlined text and deleting the stricken language as follows:

“The Trustee may, without the consent of or notice to the Bondholders (but, in each case, with the prior written consent of the Borrower if the Borrower is not a party to such Financing Documents), amend, change or modify the Collateral Agency and Accounts Agreement, any Security Document or any other Financing Documents (other than this Indenture), for any of the following purposes: (i) to cure any ambiguity, inconsistency, formal defect or omission therein; (ii) to grant to or confer upon the Trustee or the Collateral Agents for the benefit of the Bondholders any additional rights, remedies, powers, authority or security which may be lawfully granted or conferred; (iii) to subject thereto additional revenues, properties or collateral; (iv) (a) to evidence the succession of a successor Trustee or to evidence the appointment of a separate or a co-Trustee or the succession of a successor separate or co-Trustee or (b) to evidence the succession of a successor Collateral Agent or to evidence the appointment of a separate Collateral Agent, a Co-Collateral Agent or a Subordinate Collateral Agent or the succession of a successor separate Collateral Agent, Co-Collateral Agent or Subordinate Collateral Agent; (v) to make any amendment, change or modification required in connection with a Supplemental Indenture entered into pursuant to Section 10.1 hereof or an amendment permitted to another Financing Document permitted under this Section 10.6, and (vi) to make any other change that, in the judgment of the Trustee (which, in exercising such judgment, may conclusively rely, and shall be protected in relying, in good faith, upon an Opinion of Counsel or an opinion or report of engineers, accountants or other experts) does not materially adversely affect the interests of the Bondholders. Notwithstanding anything to the contrary herein, for the purposes of Section 10.3(b) of the Intercreditor Agreement, the Bondholders shall be deemed to have consented to any amendment, change or modification to a Security Document that is otherwise in compliance with the foregoing clauses (i)-(vi). Before the Trustee shall enter into or consent to (or direct the Senior Collateral Agent to enter into or consent to) any amendment, change or modification to any of the Financing Documents, there shall be filed with the Trustee an Opinion of Bond Counsel to the effect that such amendment, change or modification will not adversely affect the exclusion from

federal income taxation of interest on any Series of Tax-Exempt Bonds Outstanding or the validity of any of the Bonds. The Trustee shall have no liability to any Bondholder or any other Person for any action taken by it in good faith pursuant to this Section.”

(a) Subject to the terms hereof, each Collateral Agent agrees, for the benefit of the applicable Secured Parties in accordance with the Intercreditor Agreement, to administer and enforce this Agreement and the other Security Documents to which it is a party or assignee as a Collateral Agent, and, among other remedies, to foreclose upon, collect and dispose of the

respective Collateral and to apply the proceeds therefrom as provided herein and in the Intercreditor Agreement, and otherwise to perform its duties and obligations as a Collateral Agent hereunder and thereunder in accordance with the terms hereof and thereof; provided, however, that each Collateral Agent shall have no duties or responsibilities except those expressly set forth herein, in the Intercreditor Agreement or in the other Security Documents to which it is a party or an assignee, and no implied covenants or obligations, fiduciary or otherwise, shall be read into this Agreement, the Intercreditor Agreement, or any such other Security Documents against either Collateral Agent.

(b) Notwithstanding anything contained herein to the contrary, no Collateral Agent shall be required to exercise any discretion or take any discretionary action but shall only be required to act or refrain from acting (and shall be fully protected in so acting or refraining from acting) in accordance with this Agreement and the Intercreditor Agreement or upon written instructions received by such Collateral Agent from the Borrower, the Intercreditor Agent or the Port Authority, in each case as expressly authorized by the terms hereof, and in accordance with the terms specified herein and in the Intercreditor Agreement, and such instructions shall be binding upon the applicable Collateral Agent and each of the applicable Secured Parties; provided, further, that neither Collateral Agent shall be required to take any action which is contrary to any provision hereof or of the Intercreditor Agreement or the other Security Documents or applicable Law.

(c) Notwithstanding any other provision of the Security Documents, in no event shall a Collateral Agent be required to foreclose on, or take possession of, any Collateral, if, in the reasonable judgment of such Collateral Agent, such action would be in violation of the Intercreditor Agreement or any applicable Law, rule or regulation pertaining thereto, or if such Collateral Agent reasonably believes that such action would result in the incurrence of liability by such Collateral Agent for which it is not provided with security or indemnity reasonably satisfactory to it against the costs, expenses and liabilities which might thereby be incurred pursuant to Section 2.10 of this Agreement.

(d) Neither Collateral Agent shall be responsible to the other Secured Parties for (i) any recitals, statements, representations or warranties by the Borrower, or any of the Secured Parties (other than its own) contained in this Agreement or the other Financing Documents, or any certificate or other document delivered by the Borrower, or any of the other Secured Parties thereunder, (ii) the value, validity, effectiveness, genuineness, enforceability (other than as to each Collateral Agent with respect to such documents to which such Collateral Agent is a party) or sufficiency of this Agreement or any other document referred to or provided for herein or therein or of the Collateral, (iii) the performance or observance by the Borrower or any of the Secured Parties (other than as to itself) of any of their respective agreements contained herein or in the other Financing Documents, nor shall the Collateral Agents be liable because of the invalidity or unenforceability of any provisions of this Agreement (other than as to itself) or (iv) the validity, perfection, priority or enforceability of the Security Interests on any of the Collateral, whether impaired by operation of Law or by reason of any action or omission to act on its part hereunder (except to the extent such action or omission constitutes gross negligence, bad faith or willful misconduct on the part of an applicable Collateral Agent), the validity of the title of the Borrower to the Collateral owned by it, insuring the Collateral or the payment of Taxes, charges, assessments on the Collateral or otherwise as to the maintenance of the Collateral.

(e) Except when a mandatory action is required by a Collateral Agent under the Security Documents or the Intercreditor Agreement, each Collateral Agent may at any time request instructions from the Intercreditor Agent as to a course of action to be taken by the Collateral Agent hereunder and under any of the Security Documents or in connection herewith and therewith or any other matters relating hereto and thereto. The Intercreditor Agent shall promptly reply to such request with direction to act in accordance with the Intercreditor Agreement and the requisite Security Document, and each Collateral Agent shall be fully justified in failing or refusing to take any such action if it shall not have received such written instruction in accordance with the Intercreditor Agreement. This provision is intended solely for the benefit of the Collateral Agents and their successors and permitted assigns and is not intended to and will not entitle the other parties hereto to any defense, claim or counterclaim or confer any rights on any other party hereto.

(f) None of the Collateral Agents, the Securities Intermediary or any of their respective directors, officers, employees or agents shall be liable or responsible for any action taken or omitted to be taken by it or them hereunder or in connection herewith, except for its or their own gross negligence, bad faith or willful misconduct.

(g) Pursuant to Section 83(a)(18) (Leasehold Mortgages) of the Lease, the Securities Intermediary shall act in accordance with instructions that it receives pursuant to this Agreement and the other Financing Documents in respect of disbursements from the Project Accounts (including disbursements for the benefit of the Port Authority).

**Section 2.03 Authorization.** The Administrative Agent (on behalf of the Bank Lenders and the Bondholders of the Series 2022A Bonds), the Trustee (on behalf of the Bondholders of any Additional Bonds) and the Intercreditor Agent (on behalf of each other Secured Party) hereby authorize the Collateral Agents (and any party that shall become a Secured Party after the date hereof pursuant to the terms hereof and of the Intercreditor Agreement shall be deemed to have so acknowledged and consented to such authorization) to (a) execute, deliver, and perform in such capacity under this Agreement and each other Financing Document to which each Collateral Agent is or is intended to be a party or is an assignee, (b) exercise and enforce any and all rights, powers and remedies provided to the Collateral Agents under this Agreement, any other Financing Document, any applicable Law, or any other document, instrument, or agreement, in each case in accordance with the terms thereof, in each case, to the extent applicable, in accordance with the terms of the Lease Agreement, (c) take any other action under and in accordance with this Agreement and any other Financing Document to which the applicable Collateral Agent is a party or an assignee and which the applicable Collateral Agent shall be entitled to have taken hereunder or under any other Financing Document and (d) take any other action under this Agreement and any other Financing Document that the Collateral Agents are directed to take by the Intercreditor Agent on behalf of the Secured Parties in accordance with the terms hereof and of the Intercreditor Agreement. Notwithstanding the foregoing, neither Collateral Agent shall commence an Enforcement Action except in accordance with instructions given by the Intercreditor Agent (acting in accordance with the Intercreditor Agreement). All decisions with respect to the type of Enforcement Action which is to be commenced shall be made by, and all actions with respect to prosecution and settlement of such Enforcement Action shall require the written consent of, the Intercreditor Agent (acting in accordance with the Intercreditor Agreement), and no Collateral Agent shall be required to take any Enforcement Action in the absence of any such written consent. Each Collateral Agent will use its reasonable efforts to pursue diligently the prosecution of any

Enforcement Action, which the Collateral Agent is so instructed to initiate pursuant to this Agreement and the Intercreditor Agreement. The Bank of New York Mellon represents that it is a banking corporation duly organized and validly existing and authorized to accept and execute trusts of the character set out herein under the laws of the State of New York on behalf of itself and the Secured Parties and to perform the duties of Senior Collateral Agent, Securities Intermediary and Deposit Account Bank hereunder. The Collateral Agents acknowledge that the Trustee's interest in the Collateral is part of the Trust Estate pursuant to the Indenture.

**Section 2.04 Administrative Actions.** Each Collateral Agent shall take such action as it reasonably deems necessary to continue the perfection of the Security Interests on the applicable Collateral held for the benefit of the applicable Secured Parties and to cause to be filed all continuation statements under the UCC in such manner and in such places as may be required by law in order to protect and maintain in force the lien of the Collateral Agent in the applicable Collateral created by the Security Documents. The Borrower shall be responsible for the reasonable costs incurred by the Collateral Agents performing their duties under this Section and in filing all continuation statements hereunder. The Collateral Agents shall not release any of the Collateral held for the benefit of the Secured Parties, except: (a) upon the written direction of the Intercreditor Agent (acting in accordance with the terms of the Intercreditor Agreement); (b) upon the Discharge of Senior Obligations or Discharge of Subordinate Obligations, as applicable, as certified to the Collateral Agents by the Intercreditor Agent; (c) for Collateral consisting of a debt instrument if the related Indebtedness evidenced thereby has been paid in full in cash, as certified to the Collateral Agent by the Intercreditor Agent; or (d) in connection with the permitted disposition of any assets of the Borrower made in accordance with the terms of the Financing Documents or where such release is expressly permitted under the terms of the Security Documents. Upon the written request by a Collateral Agent or the Borrower at any time, the Intercreditor Agent (acting in accordance with the terms of the Intercreditor Agreement) will confirm in writing (to the extent applicable) the Collateral Agent's authority to release particular types or items of Collateral pursuant to this Section and the Intercreditor Agent hereby agrees to provide such confirmations (or objections thereto) promptly in accordance with the Intercreditor Agreement.

**Section 2.05 Determination of Amounts of Secured Obligations.** Upon the written request of a Collateral Agent or the Borrower, the applicable Secured Debt Representative (acting in accordance with the applicable Financing Documents) shall promptly deliver to the applicable Collateral Agent and the Borrower a certificate, dated the date of delivery thereof (and the applicable Collateral Agent shall forward a copy of such certificate to the Secured Parties represented by it and to the Intercreditor Agent promptly, but in any event within two (2) Business Days after receipt thereof), as to (a) the identity and address of each applicable Secured Party (and, if applicable, any representative thereof), (b) the principal, accrued but unpaid interest, or any other amounts of the Secured Obligations then Outstanding held by, owed or payable to each such Secured Party, (c) in the case of any such certificate being delivered in contemplation of the application of amounts received by the Collateral Agent in respect of the Collateral pursuant to Article VI hereof, the amount of interest on the Secured Obligations owing and any other amounts in respect of the Secured Obligations owing to each Secured Party, as the case may be (in the case of any such other amounts, accompanied by appropriate evidence thereof), and/or (d) in the event that any of the Secured Obligations shall have become or been declared to be due and payable (whether at stated maturity, by required prepayment, redemption, declaration, acceleration,

demand, termination or early termination, close-out, liquidation, or otherwise), the amount of such Secured Obligations then due and payable to each Secured Party, as the case may be (to the extent that such information is different from that provided in clause (b) above); provided that each of the Borrower and each Secured Party shall have not less than five (5) Business Days from receipt of a copy of any such certificate to review such certificate and provide any objections to information contained therein related to any Secured Party within the above-mentioned period, to the applicable Collateral Agent. Absent receipt of notice of objection from the Borrower or a Secured Party within the above-mentioned period, each Collateral Agent shall be entitled to rely on certifications received by them from the applicable Secured Debt Representatives in accordance with the above for the purposes of determining the amount of the Secured Obligations then Outstanding held by each Secured Party; provided, that in the absence of a Collateral Agent's receipt of any certification requested by it pursuant to this sentence, such Collateral Agent shall be entitled (but not obligated) to take such action if such Collateral Agent shall have sufficient knowledge (acting reasonably) to make any determination required to be made in connection with such action.

**Section 2.06 Employment of Agents.** Each Collateral Agent may, at the Borrower's reasonable cost and expense, employ or retain such qualified counsel, accountants, appraisers or other experts or advisers as they may reasonably require for the purpose of determining and discharging their rights and duties hereunder and, in the absence of a Collateral Agent's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisers, may act and rely and shall be protected in acting and relying on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or such Collateral Agent, in relation to any matter arising in the administration hereof or in the determination or discharging of its rights and duties hereunder, and shall not be responsible for any act or omission on the part of any of them or for acting or relying on the opinion or advice or information obtained from such expert or advisor; provided, however, that in the absence of an Event of Default under the Financing Documents having occurred and being continuing, neither Collateral Agent shall be entitled to incur any costs or expenses of the scope contemplated in this Section in excess of \$15,000 in any six-month period without the prior approval of the Borrower, which approval shall not be unreasonably withheld, delayed or conditioned. In addition, neither Collateral Agent shall be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or sub-custodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such Persons and so long as such Persons are permitted to act hereunder.

**Section 2.07 Reliance of Collateral Agents.** In connection with the performance of their duties hereunder, the Collateral Agents shall be entitled to rely conclusively upon, and shall be fully protected in acting or refraining from acting in accordance with, any written certification, notice, instrument, opinion, request, consent, order, approval, direction or other written communication (including any thereof by electronic communication) of or from the Intercreditor Agent (to the extent not in violation of the terms hereof or of the other Financing Documents), which the Collateral Agents reasonably believe to be genuine and to have been signed or sent by or on behalf of the proper Person or Persons, and the Collateral Agents shall be entitled to rely conclusively upon the due execution, validity and effectiveness, and the truth, correctness and acceptability of, any provisions contained therein. The Collateral Agents shall not have any responsibility to make any investigation into the facts or matters stated in any notice, certificate,

instrument, demand, request, direction, instruction, or other communication furnished to them that they reasonably believe to be genuine. Whenever this Agreement specifies that any instruction or consent by any Secured Debt Representative, the Intercreditor Agent, the Borrower or the Port Authority is to be given, the Collateral Agents shall be entitled to rely upon any such instruction or consent by such Secured Debt Representative, the Intercreditor Agent, the Borrower or the Port Authority, as applicable. Whenever this Agreement (or any other Financing Document) specifies that any instruction, direction or consent by the Intercreditor Agent is to be given in accordance with the terms of the Intercreditor Agreement, the Collateral Agents shall be entitled to rely upon any such instruction, direction or consent by the Intercreditor Agent (which instruction, direction or consent need not state that it is given in accordance with the terms of the Intercreditor Agreement), and the Collateral Agents may presume without investigation that any such instruction, direction or consent by the Intercreditor Agent has been given in accordance with the terms of the Intercreditor Agreement. The Intercreditor Agent hereby agrees to give any instruction, direction or consent required to be given by it to the Collateral Agents, as applicable, subject to and in accordance with the terms of the Intercreditor Agreement. Notwithstanding any provision of the Lease Agreement to the contrary, the Intercreditor Agent, Collateral Agents, the Deposit Account Bank and Securities Intermediary will not take any action or refrain from taking any action for which they have received an Opinion of Bond Counsel stating that the action or non-action will negatively impact the tax-exempt status of the Tax-Exempt Obligations; and the Intercreditor Agent, Collateral Agents, the Deposit Account Bank and Securities Intermediary shall be accorded all of their rights, privileges and immunities hereunder and under the Indenture or the Credit Agreement, as applicable, when taking action under the Lease Agreement.

**Section 2.08 Non-Reliance on Collateral Agents.** The Administrative Agent (on behalf of the Bank Lenders and the Bondholders of the Series 2022A Bonds), the Trustee (on behalf of the Bondholders of any Additional Bonds) and the Intercreditor Agent (on behalf of each other Secured Parties) hereby expressly acknowledge that neither the Collateral Agents nor any of their officers, directors, employees, agents, attorneys-in-fact or Affiliates has made any representations or warranties to such Secured Party and that no act by the Collateral Agents (other than any explicit written representation or warranty made by a Collateral Agent) hereafter taken shall be deemed to constitute any representation or warranty by the Collateral Agents to any other Secured Party. Except for any notices, reports and other documents expressly required to be furnished to the other Secured Parties by the Collateral Agents hereunder, the Collateral Agents shall not have any duty or responsibility to provide any other Secured Party with any credit or other information concerning the business, operations, property, condition (financial or other), prospects or creditworthiness of the Borrower or the Sponsors. The Bank of New York Mellon, in its roles as Senior Collateral Agent, Intercreditor Agent, Securities Intermediary, Deposit Account Bank and Trustee under this Agreement, the Intercreditor Agreement, the Indenture and the other Security Documents, is acting under this Agreement, the Intercreditor Agreement, the Indenture and the other Security Documents solely in its capacity as Senior Collateral Agent, Intercreditor Agent, Securities Intermediary, Deposit Account Bank and Trustee, respectively, and not in its individual capacity. ING Capital LLC, in its role as Administrative Agent under the applicable Financing Documents, is acting solely in its capacity as Administrative Agent and not in its individual capacity. In no case shall the Trustee (or any Person acting as successor Trustee under the Indenture), the Administrative Agent (or any Person acting as successor Administrative Agent under the Credit Agreement), or the Intercreditor Agent (or any Person acting as successor Intercreditor Agent under the Intercreditor Agreement) be personally liable for or on account of

any of the statements, representations, warranties, covenants or obligations of the Borrower hereunder or thereunder, all such liability, if any, being expressly waived by the parties hereto and any Person claiming by, through or under such party. This Section shall survive the payment of all Secured Obligations.

**Section 2.09 Collateral Agent in Individual Capacity.** Each Collateral Agent and its respective Affiliates may make loans to, issue letters of credit in favor of, accept deposits from and generally engage in any kind of business with the Borrower (to the extent the Borrower is permitted by the Financing Documents to enter into those transactions), the Sponsors and their respective Affiliates as though the Collateral Agent were not the Collateral Agent hereunder and under the Security Documents. With respect to Secured Obligations owed to a Collateral Agent and any Bonds issued to it, such Collateral Agent shall have the same rights and powers under this Agreement and the Financing Documents as any other Secured Party and may exercise the same as though it were not a Collateral Agent, and the term “Secured Party” shall include such Collateral Agent in its individual capacity, as applicable.

**Section 2.10 Collateral Agents Under No Obligation.** None of the provisions of the Security Documents shall be construed to require the Collateral Agents to expend or risk their own funds or otherwise to incur any personal liability, financial or otherwise, in the performance of any of their respective duties hereunder or thereunder. The Collateral Agents shall be under no obligation to exercise any of the rights or powers vested in them by the Security Documents unless the applicable Collateral Agent shall have been offered and accepted security or indemnity from the Borrower or any other Person reasonably satisfactory to them (provided that in no event shall any Secured Party be required to provide such security or indemnity) against the costs, expenses and liabilities which might be incurred by them in exercising such rights or powers (including interest thereon from the time incurred until reimbursed).

**Section 2.11 Resignation and Removal; Subordinate Collateral Agent; Successor Collateral Agent; Individual Collateral Agent.**

(a) **Resignation and Removal.** Subject to the appointment and acceptance of a successor Collateral Agent as provided below, a Collateral Agent may resign at any time by giving at least sixty (60) days’ prior written notice thereof to the other Secured Parties and the Borrower, and a Collateral Agent may be removed at any time with or without cause by the Intercreditor Agent upon thirty (30) days’ prior written notice thereof to such Collateral Agent and the Borrower and otherwise in accordance with the terms of the Intercreditor Agreement. No resignation or removal of a Collateral Agent shall be effective until a successor Collateral Agent has been appointed (it being understood that a successor Collateral Agent shall be an Institutional Lender as set forth in subclause (ii)(A) of the definition of “Institutional Lender” in the Lease Agreement). Upon any such resignation or removal, the Intercreditor Agent shall have the right to appoint a successor Collateral Agent which, so long as no Event of Default has occurred and is continuing, shall be acceptable to the Borrower, such acceptance not to be unreasonably withheld, delayed or conditioned.

(b) **Requirements for Successor Collateral Agent.** If no successor Collateral Agent shall have been so appointed by the Intercreditor Agent within sixty (60) days after the retiring Collateral Agent’s giving of notice of resignation or within thirty (30) days after the Intercreditor

Agent's giving of notice of the removal of the Collateral Agent, then the outgoing Collateral Agent may, on behalf of the Secured Parties, apply to a court of competent jurisdiction (with notice to the Intercreditor Agent and the Borrower) for the appointment of a successor Collateral Agent. In all such cases, the successor Collateral Agent shall be a bank organized under the laws of the United States of America or any state thereof that has an office in the State of New York and which agrees to administer the Collateral in accordance with the terms hereof and of the Intercreditor Agreement and the other Security Documents and the unsecured long-term debt of which shall be rated "A" or better by S&P or "A2" or better by Moody's and shall have a total capital stock and unimpaired surplus of not less than \$500,000,000 and assets of not less than \$1,000,000,000, shall not be a Prohibited Party (as defined in the Lease Agreement) and, so long as no Event of Default has occurred and is continuing, shall be reasonably acceptable to the Borrower (such acceptance not to be unreasonably withheld, delayed or conditioned). The Bank of New York Mellon, as Senior Collateral Agent hereby represents and confirms that it meets the qualifications provided in the preceding sentence as of the date hereof. Upon the acceptance of any appointment as Collateral Agent hereunder by a successor Collateral Agent, such successor Collateral Agent shall thereupon succeed to and become vested with all the rights, powers, privileges, obligations and duties of the outgoing Collateral Agent, and the outgoing Collateral Agent shall be discharged from its duties and responsibilities hereunder. After any outgoing Collateral Agent's resignation or removal hereunder as Collateral Agent, the provisions of this Agreement (including Sections 2.13, 7.01 and 7.02) shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as a Collateral Agent. For the avoidance of doubt, no resignation or removal pursuant to this Section 2.11 shall be effective until (A) a successor for the Collateral Agent has been appointed in accordance with (and subject to) the provisions of this Section 2.11, (B) the resigning or removed Collateral Agent has transferred to its successor all of its rights and obligations in its capacity as the Collateral Agent under this Agreement and the other Financing Documents, (C) the resigning or removed Collateral Agent has assigned, transferred or delivered, as applicable, all Collateral held by it to the successor Collateral Agent, together with all records, instruments and other documents necessary or appropriate to execute such assignment, transfer or delivery to the successor Collateral Agent, (D) the resigning or removed Collateral Agent has executed and delivered to the successor Collateral Agent the amendments to the applicable financing statements, and has taken other actions as may be necessary or appropriate, in connection with the assignment, transfer or delivery to the successor Collateral Agent of the security interests created under the Security Documents, and (E) the successor Collateral Agent has executed and delivered an agreement to be bound by the terms of this Agreement and the other Financing Documents to which prior Collateral Agent is a party and to perform all duties required of the prior Collateral Agent hereunder and thereunder.

(c) **Subordinate Collateral Agent.** Upon the issuance or incurrence by the Borrower of any Additional Subordinate Obligations, the Issuer, the Senior Collateral Agent, the Intercreditor Agent and any Secured Debt Representative on behalf of the Subordinate Secured Parties (with written notice to the other Secured Parties, the Borrower and the Port Authority) shall execute and deliver the Accession Agreement attached hereto as Exhibit L and all additional instruments necessary to appoint any Person as a Subordinate Collateral Agent ("Subordinate Collateral Agent"), with respect to all or any portion of the Collateral held by it that will secure the Additional Subordinate Obligations, in any case with such powers, rights, duties, obligations and immunities conferred upon the Subordinate Collateral Agent hereunder as may be specified therein (but not in excess of or different from those set forth herein for a Collateral Agent). If the

Borrower shall nevertheless refuse to join in the execution of any such instrument within five (5) Business Days of any written request therefor by the Senior Collateral Agent or if any Event of Default shall have occurred and is continuing, the Senior Collateral Agent may act under the foregoing provisions without the concurrence of the Borrower; and the Borrower hereby irrevocably makes, constitutes and appoints the Senior Collateral Agent as the agent and attorney-in-fact for the same to act for it under the provisions of (and in accordance with) this sub-Section. Until such time as a Subordinate Collateral Agent is appointed hereunder, all references herein to the “Collateral Agents” shall refer exclusively to the Senior Collateral Agent.

(d) **Co-Collateral Agent.** If at any time a Collateral Agent shall determine that it shall be necessary under applicable Law or in order to permit any action to be taken hereunder in accordance with the terms hereof, such Collateral Agent and the Intercreditor Agent (with written notice to the other Secured Parties, the Borrower and the Port Authority) shall execute and deliver all instruments necessary to appoint any Person as a co-collateral agent (“Co-Collateral Agent”) or substitute Collateral Agent, with respect to all or any portion of the Collateral held by it, in any case with such powers, rights, duties, obligations and immunities conferred upon the applicable Collateral Agent hereunder as may be specified therein (but not in excess of or different from those set forth herein for a Collateral Agent). If the Borrower shall nevertheless refuse to join in the execution of any such instrument within five (5) Business Days of any written request therefor by a Collateral Agent or if any Event of Default shall have occurred and is continuing, the Collateral Agent may act under the foregoing provisions without the concurrence of the Borrower; and the Borrower hereby irrevocably makes, constitutes and appoints each Collateral Agent as the agent and attorney-in-fact for the same to act for it under the provisions of (and in accordance with) this sub-Section.

(e) **Requirements for Subordinate Collateral Agent and Co-Collateral Agent.** Every Subordinate Collateral Agent and Co-Collateral Agent shall, to the extent permitted by Law, be appointed and act subject to the following provisions and conditions:

(i) all rights and powers conferred or imposed upon the Senior Collateral Agent may be conferred or imposed upon and may be exercised or performed by such Subordinate Collateral Agent or Co-Collateral Agent as specified in this Agreement and the instrument appointing such Subordinate Collateral Agent or Co-Collateral Agent;

(ii) the Senior Collateral Agent shall not be personally liable by reason of any act or omission of any Subordinate Collateral Agent or Co-Collateral Agent hereunder; and

(iii) each Subordinate Collateral Agent and Co-Collateral Agent shall be subject to the same restrictions or limitations on liability (to the extent applicable) that apply to the Senior Collateral Agent hereunder.

(f) **Co-Collateral Agents Holding Insubstantial Collateral.** A Co-Collateral Agent shall not be required to meet the conditions of eligibility under Section 2.11(b) if such Co-Collateral Agent holds only an insubstantial amount of the Collateral, as determined by the Intercreditor Agent (acting pursuant to the terms of the Intercreditor Agreement), and shall otherwise be subject to the same terms and conditions regarding resignation and replacement.

## **Section 2.12 Books and Records; Reports.**

(a) The Securities Intermediary shall at all times keep, or cause to be kept, proper books of record and accounts in which complete and accurate entries shall be made of all transactions relating to the applicable Secured Obligations, Project Revenues and the Project Accounts, including the status and expiration date of all financing statements and continuation statements filed with respect to the Collateral. The Securities Intermediary shall provide to each Collateral Agent access to the proper books of record, all information on accounts and transactions relating to the applicable Secured Obligations, Project Revenues and the Project Accounts related to Collateral for which such Collateral Agent is Secured Party. The Securities Intermediary shall deliver to the Collateral Agent, no later than (x) three (3) Business Days after the end of each calendar month, a report that shall set forth the account balances, receipts, disbursements, transfers, investment transactions and accruals for each of the Project Accounts relating to the Collateral for which such Collateral Agent is a Secured Party and (y) three (3) Business Days after receipt thereof, copies of all information related to the Project Accounts or the transactions relating to the Collateral for which such Collateral Agent is a Secured Party. If the Securities Intermediary and a Collateral Agent are the same entity, then the reporting requirement in the preceding sentence is satisfied with respect to that Collateral Agent and no additional action shall be deemed required by the Securities Intermediary. The Deposit Account Bank shall at all times keep, or cause to be kept, proper books of record and accounts in which complete and accurate entries shall be made of all transactions relating to the Non-Pledged Accounts. Such books of record and accounts shall be available for inspection by the Intercreditor Agent, each Collateral Agent and the other Secured Parties and/or their respective agents or representatives duly authorized in writing, at reasonable hours and under reasonable circumstances and upon reasonable prior written request.

(b) Within fifteen (15) days after the end of each calendar month, the Collateral Agents shall furnish to the Intercreditor Agent and the Borrower a report that shall set forth in reasonable detail (i) the account balances, receipts, disbursements, transfers, investment transactions, and accruals for each of the Project Accounts relating to the Collateral they hold during the preceding calendar month and (ii) all transfers into, and the then current account balance in, the Operating Account (provided that the Deposit Account Bank, as holder of the Operating Account, has provided the Collateral Agents with such information). Within fifteen (15) days after the end of each calendar month, the Deposit Account Bank shall furnish to the Intercreditor Agent, the Borrower and (solely with respect to the Concessions Revenue Rent Account, the Handback Reserve Account and the Community Development Reserve Fund Account) the Port Authority a report that shall set forth in reasonable detail the account balances, receipts, disbursements, and transfers for each of the Non-Pledged Accounts during the preceding calendar month.

(c) Within ninety (90) days after the end of each calendar year, the Collateral Agents shall furnish to the Intercreditor Agent and the Borrower a report setting forth in reasonable detail (i) the account balances, receipts, disbursements, transfers, investment transactions, and accruals for each of the Project Accounts relating to the Collateral they hold during the preceding calendar year and (ii) all transfers into, and the then current account balance in, the Operating Account (provided that the Deposit Account Bank, as holder of the Operating Account, has provided the Collateral Agents with such information). Within ninety (90) days after the end of each calendar year, the Deposit Account Bank shall furnish to the Intercreditor Agent, the Borrower and (solely with respect to the Concessions Revenue Rent Account, the Handback Reserve Account and the

Community Development Reserve Fund Account) the Port Authority a report setting forth in reasonable detail the account balances, receipts, disbursements and transfers for each of the Non-Pledged Accounts during the preceding calendar year.

(d) The Securities Intermediary and Collateral Agents shall maintain records of all receipts, disbursements, transfers, and investments of funds with respect to the Project Accounts (and all records and information received by the Securities Intermediary and Collateral Agents from the Deposit Account Bank in connection with the Operating Account) until the fifth anniversary of the date on which all of the Secured Obligations shall have been paid in full. The Deposit Account Bank shall maintain records of all receipts, disbursements, transfers, and investments of funds with respect to the Non-Pledged Accounts until the fifth anniversary of the date on which all of the Secured Obligations shall have been paid in full.

(e) On or prior to the date that is six (6) months prior to the expiration date of any UCC financing statement that has been filed with respect to the Collateral for which a Collateral Agent is the Secured Party and is known to the Collateral Agent, the Collateral Agent shall provide the Intercreditor Agent and the Borrower notice of the impending expiration date. This clause (e) is not intended to modify the responsibility of, the liability of, or provide a defense to, the Borrower under any Financing Document with respect to the filing of continuation statements or the maintenance of the Collateral Agents' perfected security interest in the Collateral with the priority contemplated by the Financing Documents.

**Section 2.13 No Consequential Damages.** In no event shall the Collateral Agents, the Intercreditor Agent, the Deposit Account Bank or the Securities Intermediary be liable under or in connection with the Financing Documents for indirect, special, incidental, punitive or consequential losses or damages of any kind whatsoever, including but not limited to lost profits, whether or not foreseeable, even if the Collateral Agents, the Intercreditor Agent, the Deposit Account Bank and/or Securities Intermediary has been advised of the possibility thereof and regardless of the form of action in which such damages are sought, excluding in each case any such damages resulting from such Person's gross negligence, bad faith or willful misconduct.

**Section 2.14 Force Majeure.** In no event shall the Collateral Agents, Securities Intermediary or the Deposit Account Bank be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services not within its control, the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility; it being understood that the Collateral Agents, Securities Intermediary and the Deposit Account Bank shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances; and provided further that nothing in this Section 2.14 shall limit or exclude liability arising from gross negligence, bad faith or willful misconduct of the Collateral Agents, Securities Intermediary or the Deposit Account Bank (as applicable).

**Section 2.15 Additional Protections.** The rights, privileges, protections and benefits given to the Collateral Agents, the Intercreditor Agent, the Deposit Account Bank or the Securities

Intermediary, as the case may be, including, without limitation, its rights to be indemnified, are extended to, and shall be enforceable by, each agent, custodian and other Person employed to act hereunder by the Collateral Agents, the Intercreditor Agent, the Deposit Account Bank or the Securities Intermediary, as the case may be, including any Co-Collateral Agent, to the extent permitted to be so employed in accordance with the terms hereof; provided, however, that all such rights, privileges, protections and benefits are subject to the same limits and conditions imposed upon the Collateral Agents, the Intercreditor Agent, Deposit Account Bank or the Securities Intermediary, as the case may be.

**Section 2.16 No Liability for Clean-up of Hazardous Materials.** In the event that a Collateral Agent, in connection with the exercise of its rights and duties hereunder, is required to acquire title to an asset for any reason, or take any managerial action of any kind in regard thereto, in order to carry out any fiduciary or trust obligation for the benefit of another, which in the Collateral Agent's sole discretion may cause the Collateral Agent to be considered an "owner or operator" under the provisions of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. §9601, *et seq.*, or otherwise cause the Collateral Agent to incur liability under CERCLA or any other federal, state or local Law, the Collateral Agent reserves the right, instead of taking such action (unless such action is reasonably necessary to preserve the Collateral or protect the Security Interests in the Collateral and the Collateral Agent is (a) reasonably likely to be able to avail itself of a defense to liability under CERCLA or analogous state or local laws, and has had reasonable opportunity to conduct "all appropriate inquiry" as defined in 40 C.F.R. Part 312 or (b) reasonably expected to be indemnified by or on behalf of the Borrower for any losses, claims, damages and liabilities relating to such action pursuant to the terms herein; provided, however, that for purposes of this Section 2.17, the indemnification provided to the Collateral Agent by the Borrower pursuant to Section 7.02 is hereby acknowledged as acceptable), to either resign as a Collateral Agent or arrange for the transfer of the title or control of the asset to a court-appointed receiver to the extent such transfer is permitted by the terms of the Financing Documents. Except for such claims or actions arising directly from the gross negligence, bad faith or willful misconduct of a Collateral Agent, the Collateral Agent shall not be liable to any Person for any environmental claims or contribution actions under any federal, state or local Law by reason of the Collateral Agent's actions and conduct as authorized, empowered and directed hereunder or relating to the discharge, release or threatened release of hazardous materials into the environment.

**Section 2.17 Merger of the Collateral Agent, Securities Intermediary or Deposit Account Bank.**

(a) Any corporation or company into which a Collateral Agent shall be merged, or with which it shall be consolidated, or any corporation or company resulting from any merger or consolidation to which a Collateral Agent shall be a party, shall be the Collateral Agent under this Agreement, without the execution or filing of any paper or any further act on the part of the parties hereto, provided, that such resulting Person shall meet the requirements of Section 2.11(b). Upon the occurrence of any such event the Collateral Agent shall promptly provide written notice thereof to the Intercreditor Agent and the Borrower.

(b) Any corporation or company into which the Securities Intermediary shall be merged, or with which it shall be consolidated, or any corporation or company resulting from any

merger or consolidation to which the Securities Intermediary shall be a party, shall be the Securities Intermediary under this Agreement, without the execution or filing of any paper or any further act on the part of the parties hereto, provided, that such resulting Person shall meet the requirements specified in Section 2.11(b) with respect to the Collateral Agents (which requirements shall also apply to any Securities Intermediary). Upon the occurrence of any such event the Securities Intermediary shall promptly provide written notice thereof to the Intercreditor Agent and the Borrower.

(c) Any corporation or company into which the Deposit Account Bank shall be merged, or with which it shall be consolidated, or any corporation or company resulting from any merger or consolidation to which the Deposit Account Bank shall be a party, shall be the Deposit Account Bank under this Agreement, without the execution or filing of any paper or any further act on the part of the parties hereto, provided, that such resulting Person shall meet the requirements of Section 2.11(b) with respect to the Collateral Agents (which requirements shall also apply to any Deposit Account Bank). Upon the occurrence of any such event the Deposit Account Bank shall promptly provide written notice thereof to the Secured Debt Representatives and the Borrower.

**Section 2.18 Transfer to an Affiliate.** In addition to any rights it may have under Section 2.17 or under any other provision of this Agreement or any other Security Document, each Collateral Agent, the Securities Intermediary and the Deposit Account Bank may assign or transfer its rights under this Agreement and the other Security Documents to any Affiliate that meets the requirements of Section 2.11(b) and Section 2.19 subject to the prior written consent of the Borrower (so long as no Event of Default has occurred and is continuing) and the Intercreditor Agent.

**Section 2.19 Institutional Lender.** The Collateral Agents hereby represent and agree that each Collateral Agent is an Institutional Lender as set forth in subclause (ii)(A) of the definition of “Institutional Lender” in the Lease Agreement; it being understood and agreed, however, that each Collateral Agent, acting in its capacity as a Collateral Agent, shall not be considered to be a “lender.”

**Section 2.20 Notice of Adverse Claims.** Each Collateral Agent hereby represents (as to itself only) that, except for the claims and interests of the Secured Parties and the Borrower in each of the Project Accounts, such Collateral Agent (a) as of the date hereof, has no actual knowledge of, and has received no written notice of, and (b) as of each date on which any Project Account is established pursuant to this Agreement, has received no notice of, any claim to, or interest in, any Project Account. If any Person asserts any Lien against any Project Account, the Collateral Agents, upon obtaining written notice thereof, will notify the Intercreditor Agent, the Secured Parties and the Borrower within two Business Days of such notice thereof.

### **ARTICLE III BORROWER REMAINS LIABLE**

Anything herein to the contrary notwithstanding, (a) the Borrower shall remain liable under its contracts and agreements (including the Financing Documents and the Project Documents) to the extent set forth therein to perform all of its duties and obligations thereunder to the same extent as if this Agreement had not been executed, (b) the exercise by the Collateral Agents of any of the

rights hereunder shall not release the Borrower from any of its duties or obligations under its contracts and agreements, and (c) neither the Collateral Agents nor any of the other Secured Parties shall have any obligation or liability under the contracts and agreements of the Borrower solely by reason of this Agreement, nor shall the Collateral Agents nor any other Secured Party be obligated to perform any of the obligations or duties of the Borrower thereunder or to take any action to collect or enforce any claim for payment assigned thereunder. Notwithstanding the foregoing, if the Borrower fails to perform any agreement of the Borrower contained herein relating to the perfection of any Security Interests in or preservation of the Collateral, the Collateral Agents may (but shall not be obligated to) themselves perform, or cause performance of, such obligation, and the reasonable expenses of the Collateral Agents incurred in connection therewith shall be payable by the Borrower under Article VII hereof.

#### **ARTICLE IV REASONABLE CARE**

The powers conferred on the Collateral Agents hereunder are being conferred solely to protect their interest in the Collateral for the benefit of the Secured Parties and shall not impose any duty upon them to exercise any such powers unless otherwise expressly provided. Except for the safe custody and preservation of the Collateral in their possession and the accounting for monies actually received, transferred or disbursed by it hereunder, the Collateral Agents shall have no other duty as to the Collateral, whether or not the Collateral Agents or any of the other Secured Parties have or are deemed to have knowledge of any matters, or as to the taking of any necessary steps to preserve rights against any parties or any other rights pertaining to the Collateral. The Collateral Agents hereby agree to exercise reasonable care in respect of the custody and preservation of the Collateral. The Collateral Agents shall be deemed to have exercised reasonable care in the custody and preservation of the Collateral in their possession if such Collateral is accorded treatment substantially equal to that which the Collateral Agents accord their own property.

### **Section 5.13 O&M Reserve Account.**

(a) On the Transfer Date immediately following the Phase 1 End of Funding Date, the Borrower will direct that the O&M Reserve Account be funded in an amount equal to the then-applicable O&M Reserve Requirement with proceeds from the Sub-Accounts of the Construction Account or from funds in the Pre-Substantial Completion Revenue Account in accordance with Section 5.02(b)(6). On each Transfer Date thereafter, the Securities Intermediary will cause amounts in the Pre-Substantial Completion Revenue Account or the Post-Substantial Completion Revenue Account, as applicable and to the extent available, to be deposited in the O&M Reserve Account in accordance with Section 5.02(b)(6) or Section 5.03(b)(8) hereof, as applicable, in each case so that amounts on deposit in the O&M Reserve Account are equal to the then-applicable

O&M Reserve Requirement. Any amount on deposit in the O&M Reserve Account in excess of the O&M Reserve Requirement shall be applied in accordance with the requirements of Section 5.02(c) or Section 5.03(c) hereof.

(b) Subject to the following sentence, all amounts on deposit in the O&M Reserve Account shall be available exclusively for funding any shortfall in the Pre-Substantial Completion Revenue Account in accordance with Section 5.02(e) or in the Post-Substantial Completion Revenue Account in accordance with Section 5.03(d), to make payments to any Interest Payment Sub-Account or Hedge Ordinary Course Payment Sub-Account in accordance with Section 5.06(e) or Section 5.10(e), as applicable, and as provided in Section 5.13(a) above, and will not be available for any other purpose, except in the event of an Enforcement Action against the Collateral in which case they shall be applied in accordance with Section 6.06. The Borrower shall have the right, at any time, to cause the transfer, pursuant to a Funds Transfer Certificate (substantially in the form of Exhibit D-1 for transfers prior to the Phase 2 End of Funding Date and Exhibit D-2 for transfers on or after the Phase 2 End of Funding Date), of amounts from the O&M Reserve Account directly into the Operating Account in the event that the amount on deposit in the Operating Account is insufficient to satisfy in full the amount of O&M Expenses then due and payable. The Securities Intermediary shall make such transfers instructed by the Borrower from the O&M Reserve Account to the Operating Account prior to complying with Section 5.03(d) above with respect to any shortfall in the Operating Account.

(c) In the event that the Port Authority has succeeded to the Borrower's position under the Management Services Agreement pursuant to Section 2(e)(4)(vii) of the Lease Agreement, the Collateral Agents shall, at the direction of the Port Authority following termination of this Agreement in accordance with Section 5.23, transfer and assign their interests in the Manager Guarantee to the Port Authority.

#### **Section 5.14 Major Maintenance Reserve Account.**

(a) Promptly following the Phase 1 End of Funding Date the Borrower will direct that the Major Maintenance Reserve Account be funded in an amount equal to the Major Maintenance Reserve Requirement at such time from funds available in the Construction Account (excluding any sub-account holding Tax-Exempt Obligations proceeds or investment earnings thereon, unless the Borrower has delivered to the Securities Intermediary, Collateral Agents and the applicable Secured Debt Representative a Favorable Opinion of Bond Counsel) or from funds in the Pre-Substantial Completion Revenue Account in accordance with Section 5.02(b)(7). On each Transfer Date after the Phase 1 End of Funding Date, the Securities Intermediary will cause amounts in the Pre-Substantial Completion Revenue Account or the Post-Substantial Completion Revenue Account, as applicable and to the extent available, to be deposited in the Major Maintenance Reserve Account in accordance with Section 5.02(b)(7) or Section 5.03(b)(9) hereof, respectively. Except as expressly provided in sub-section (c) below, any amount on deposit in the Major Maintenance Reserve Account in excess of the Major Maintenance Reserve Requirement shall be applied in accordance with the requirements of Section 5.02(c) or Section 5.03(c) hereof. For purposes of clarification, the Major Maintenance Reserve Requirement will be determined by reference to the amounts set forth in the Borrower's Asset Preservation Schedule (which need not be uniform from year to year) as the Major Maintenance Reserve Requirement, which is required to be updated from time to time as set forth in the Lease Agreement, and the Major Maintenance

Reserve Requirement will be adjusted to reflect the requirements set forth in the then-current Asset Preservation Schedule. Prior to the Phase 1 End of Funding Date, and thereafter on an annual basis, the Borrower shall deliver to the Collateral Agents a schedule showing the Major Maintenance Reserve Requirement for the five (5) year period commencing with the year during which the schedule is delivered, together with a Borrower certification as to the accuracy of the related calculations.

(b) Subject to the balance of this Section 5.14(b), all amounts on deposit in the Major Maintenance Reserve Account shall be available exclusively for funding Major Maintenance, and application in accordance with Section 5.14(a) and Section 5.18, and will not be available for any other purpose, except in the event of an Enforcement Action against the Collateral. The Borrower shall have the right to cause the transfer, pursuant to a Funds Transfer Certificate (substantially in the form of Exhibit D-1 for transfers prior to the Phase 2 End of Funding Date and Exhibit D-2 for transfers on or after the Phase 2 End of Funding Date), of amounts from the Major Maintenance Reserve Account directly into the Operating Account at any time and from time to time for purposes of paying Major Maintenance and to the Handback Reserve Account as set forth in Section 5.18. The Securities Intermediary shall make such transfers instructed by the Borrower from the Major Maintenance Reserve Account to the Operating Account prior to complying with Section 5.03(d) with respect to any shortfall in the Operating Account, and from the Major Maintenance Reserve Account to the Handback Reserve Account to fund the Handback Reserve Amount as set forth in Section 5.18, but only to the extent that such transfer does not cause the remaining balance in the Major Maintenance Reserve Account to be below the Major Maintenance Reserve Requirement at such time.

(c) Notwithstanding any other provision of this Agreement to the contrary, the Borrower may, upon notice to the Collateral Agents and the Intercreditor Agent, so long as no Event of Default has occurred and is continuing, substitute all or any portion of the cash or Eligible Investments on deposit in the Major Maintenance Reserve Account with an Acceptable Letter of Credit in favor of the Collateral Agents. In the event that the Borrower substitutes cash or Eligible Investments on deposit in the Major Maintenance Reserve Account with such Acceptable Letter of Credit, and delivers any such Acceptable Letter of Credit to the Collateral Agents, the cash or Eligible Investments so substituted will (notwithstanding the terms of Section 5.03(c)) be transferred to the Pre-Substantial Completion Revenue Account (if such substitution is made on or prior to the Phase 2 End of Funding Date) or Post-Substantial Completion Revenue Account (if such substitution is made after the Phase 2 End of Funding Date). The undrawn face value of any such Acceptable Letter of Credit shall be included when calculating the balance on deposit in the Major Maintenance Reserve Account.

(d) The Borrower may, from time to time, direct the Senior Collateral Agent to draw on the Acceptable Letter of Credit furnished pursuant to Section 5.14(c), in the amount specified by the Borrower. If the funds on deposit in the Major Maintenance Reserve Account are not sufficient to make in full the transfers (x) directed in a Funds Transfer Certificate (substantially in the form of Exhibit D-2) delivered by the Borrower in accordance with Section 5.14(b) or (y) required pursuant to Section 5.03(d) or Section 5.18, the Senior Collateral Agent shall (without direction from the Borrower or the Port Authority) draw on such Acceptable Letter of Credit in an amount equal to such shortfall. Further, the Senior Collateral Agent shall (without direction from the Borrower or the Port Authority) draw on such Acceptable Letter of Credit for the entire

available amount if: (i) such letter of credit is not replaced thirty (30) days prior to expiry thereof with immediately available funds of equal amount deposited into the Major Maintenance Reserve Account or with a replacement Acceptable Letter of Credit for the same available amount, (ii) within twenty (20) days of being notified by the Borrower or the Intercreditor Agent that the issuer thereof is no longer an Eligible LC Issuer, the Borrower shall not have provided a replacement Acceptable Letter of Credit or deposited cash into the Major Maintenance Reserve Account, in each case in an amount equal to the then available amount of such Acceptable Letter of Credit, or (iii) the Intercreditor Agent has notified the Collateral Agents that an Event of Default has occurred and is continuing. The Borrower shall promptly notify the Collateral Agents upon the Borrower becoming aware that the issuer of an Acceptable Letter of Credit furnished pursuant to Section 5.14(c) is no longer an Eligible LC Issuer. All funds drawn under such Acceptable Letter of Credit shall be deposited in the Major Maintenance Reserve Account.

(e) The Borrower shall direct the Securities Intermediary to transfer amounts from the Major Maintenance Reserve Account directly to the Port Authority (or as otherwise directed by the Port Authority) in accordance with (i) a Funds Transfer Certificate (substantially in the form of Exhibit D-1 or Exhibit D-2, as applicable) or (ii) a certificate of the Port Authority certifying that the Port Authority is entitled to such funds under Section 54(b) or Section 86(c)(6) of the Lease Agreement, in either case to compensate the Port Authority for performing (or causing to be performed) Major Maintenance in compliance with the terms of Section 54 and Section 86(c)(6) of the Lease Agreement. The Borrower shall cause the transfer, pursuant to a Funds Transfer Certificate, of amounts from the Major Maintenance Reserve Account directly to (I) the Port Authority upon a termination of the Lease in compliance with the terms of Section 86(d) of the Lease (and the Borrower hereby irrevocably instructs the Deposit Account Bank to transfer any such amounts to the Port Authority upon receiving written notice from the Securities Intermediary, the Collateral Agents, the Port Authority or the Borrower specifying that such a termination has occurred and the relevant amount payable) and (II) from and after the date that is five (5) calendar years prior to the projected Expiration Date (as defined in the Lease), for deposit into the Handback Reserve Account in accordance with Section 87 of the Lease Agreement. The Securities Intermediary shall, in accordance with Section 5.14(d), draw on any Acceptable Letter of Credit furnished pursuant to Section 5.14(c) in order to satisfy any such transfer direction.

### **Section 5.15 Extraordinary Receipts Account.**

(a) Insurance and Condemnation Proceeds.

(i) The Borrower shall promptly deposit or cause to be deposited directly into (A) the Casualty Proceeds Sub-Account of the Extraordinary Receipts Account all Borrower Insurance Proceeds (other than insurance proceeds under business interruption, advance of loss of profit or delay in start-up coverage) received by the Borrower or to its order and (B) the Condemnation Proceeds Subaccount of the Extraordinary Receipts Account all condemnation proceeds (or similar compensation, awards, damages and other payments or relief, including any compensation payable in connection with an Expropriation Event) ("Borrower Condemnation Proceeds").

(ii) Except as provided by Section 6.06 and subject to Section 5.15(c), amounts on deposit in the Casualty Proceeds Sub-Account or the Condemnation Proceeds

Subaccount of the Extraordinary Receipts Account will be withdrawn and paid to the Borrower to be applied to restoration of the Premises, or any portion thereof, to the extent required by and otherwise in accordance with the Lease Agreement upon delivery by the Borrower to the Securities Intermediary, not later than the third (3rd) Business Day prior to the proposed transfer date, of a Funds Transfer Certificate, signed by a Responsible Officer of the Borrower, setting forth the matters contemplated therein, and, in the event that restoration with respect to any one or series of related casualty or condemnation events is reasonably expected to cost in excess of \$5 million, together with a certificate of the Technical Advisor substantially in the form of Exhibit J, setting forth the matters contemplated therein; provided that following the Discharge of Senior Bank Obligations or the Condemnation Proceeds Subaccount, no such certificate of the Technical Advisor will be required under this Section 5.15(a)(ii). If any funds remain on deposit in the Casualty Proceeds Subaccount, the Condemnation Proceeds Subaccount or Extraordinary Receipts Account following final completion of such restoration in accordance with the requirements of the Lease Agreement, the Borrower shall direct the Securities Intermediary to transfer such excess fund to the Operating Cashflow Sub-Account of the Construction Account, if before the Substantial Completion Date, or thereafter to the Post-Substantial Completion Revenue Account.

(iii) If any Borrower Insurance Proceeds or Borrower Condemnation Proceeds are deposited into the Extraordinary Receipts Account that are not required to be applied to restoration of the Premises in accordance with the Lease Agreement, the Borrower will instruct the Securities Intermediary, promptly upon deposit thereof into the Extraordinary Receipts Account, to transfer such proceeds (A) if any Senior Obligations are Outstanding, *pro rata* (based on the outstanding principal amounts of the Senior Obligations and, if any, the aggregate Hedge Termination Payment under the Secured Hedge Agreements, as certified to the Securities Intermediary by the Intercreditor Agent) (I) for the Senior Loans, to the Administrative Agent pursuant to Section 5.15(c)(i) or (vi), as applicable, for application in accordance with the Credit Agreement and the Common Terms Agreement, (II) for any Senior Bonds, to the respective Principal Payment Sub-Accounts and Interest Payment Sub-Accounts of the Senior Obligations Payment Account for application in accordance with the Indenture, the Common Terms Agreement, and the Credit Agreement, as applicable, and (III) for the Secured Hedge Agreements to each Hedge Provider for payment of Ordinary Course Payment and Hedge Termination Payments in accordance with the Secured Hedge Agreements and (B) if no Senior Obligations are Outstanding, to the applicable Principal Payment Sub-Accounts and Interest Payment Sub-Accounts of the Subordinate Obligations Payment Account for application in accordance with the Subordinate Financing Documents.

(b) *Borrower Lease Termination Proceeds.* The Borrower shall promptly deposit into the Extraordinary Receipts Account the Port Authority Default Termination Payment or any other payment or proceeds received by the Borrower from the Port Authority in respect of a termination of the Lease Agreement (including, without limitation, amounts under Section 77 of the Lease Agreement) (collectively the “Borrower Lease Termination Proceeds”). The Borrower hereby irrevocably directs the Collateral Agents or Securities Intermediary, as applicable, promptly following its receipt of any Borrower Lease Termination Proceeds, to:

(i) draw on each letter of credit credited to the Debt Service Reserve Accounts, the Ramp-Up Reserve Account, the O&M Reserve Account or the Major Maintenance Reserve Account, in each case for the full amount thereof, and

(ii) promptly transfer such Borrower Lease Termination Proceeds, the proceeds from each such letter of credit draw and the amounts on deposit in the Debt Service Reserve Accounts, the Ramp-up Reserve Account, and the O&M Reserve Account (A) if any Senior Obligations are Outstanding, *pro rata* (based on the outstanding principal amounts of the Senior Loans, the Senior Bonds and the aggregate Hedge Termination Payments under the Secured Hedge Agreements as certified to the Securities Intermediary by the Intercreditor Agent), (I) for the Senior Loans, to the Administrative Agent pursuant to Section 5.15(c)(iii) for application in accordance with the Credit Agreement and Common Terms Agreement and (II) for any Senior Bonds, to the respective Principal Payment Sub-Accounts and Interest Payment Sub-Accounts of the Senior Obligations Payment Account for application in accordance with the Indenture and the Common Terms Agreement, as applicable, and (III) for the Secured Hedge Agreements to each Hedge Provider for payment of Ordinary Course Payments and Hedge Termination Payments in accordance with the Secured Hedge Agreements and (B) if no Senior Obligations are Outstanding, to the respective Principal Payment Sub-Accounts and Interest Payment Sub-Accounts of the Subordinate Obligations Payment Account for application in accordance with the Financing Documents.

(c) *Senior Loan Prepayments.* The following amounts shall be deposited in the Extraordinary Receipts Account (or an applicable Sub-Account thereof) and thereafter transferred by the Securities Intermediary (without the requirement of a Funds Transfer Certificate) *pro rata*, in accordance with Section 2.02(b) and (c) of the Common Terms Agreement, among the Senior Loans, the Series 2022A Bonds, and the Permitted Hedge Agreements, to (I)(x) the Administrative Agent and (y) to the 2022A Tax-Exempt Bond Principal Payment Sub-Account and 2022A Tax Exempt Bond Interest Payment Sub-Account of the Senior Obligations Payment Account, respectively, and (II) the Permitted Hedge Providers and Hedge Providers, in each case, for application in accordance with the Indenture, the Common Terms Agreement, and the Credit Agreement, promptly upon receipt to effectuate any prepayment of any Senior Loans, the redemption of the Series 2022A Bonds, and payment of any amounts required to be paid under the Permitted Hedge Agreements:

(i) all Net Cash Proceeds received by the Borrower as a result of any condemnation or similar event (including any Expropriation Event) that are required to be applied to a mandatory prepayment or redemption of the Senior Bank Obligations in accordance with Section 2.02(a)(i) of the Common Terms Agreement;

#### **Section 5.17 Remaining Revenue Account and Distribution Account.**

(a) *Remaining Revenue Account.* On each Transfer Date the Securities Intermediary will cause amounts in the Post-Substantial Completion Revenue Account, to the extent available, to be deposited in the Remaining Revenue Account in accordance with Section 5.03(b)(12). Proceeds of the Remaining Revenue Account shall, until applied pursuant to Section 5.17(c), be used to fund a shortfall in the Post-Substantial Completion Revenue Account, in accordance with Section 5.03(d), or to make payments to any Interest Payment Sub-Account or Hedge Ordinary Course Payment Sub-Account in accordance with Section 5.06(e) or Section 5.10(e), as applicable.

### **Section 5.18 Handback Reserve Account.**

(a) No later than the date that is five (5) calendar years prior to the scheduled Expiration Date, the Borrower shall establish a Handback Reserve Account (the “Handback Reserve Account”) with the Deposit Account Bank, such account to be maintained in the name of and be subject to control of, the Port Authority. The Borrower will confirm such establishment to the Collateral Agent.

(b) The Handback Reserve Account shall not constitute a Project Account and shall not be subject to any Security Interest pursuant to any Security Document and shall not (including any funds on deposit therein) constitute any part of the Collateral, and no Secured Party (including the Collateral Agents) shall have any right thereto, including any right to transfer funds out of such account in the case of any insufficiency of the amounts on deposit in the Post-Substantial Completion Revenue Account to make any disbursements contemplated by clauses *First* through *Eleventh* under Section 5.03(b), inclusive.

(c) Notwithstanding any other provision of this Agreement to the contrary, the Borrower may, upon notice to the Port Authority, the Collateral Agent, and the Intercreditor Agent, substitute all or any portion of the cash or Eligible Investments on deposit in the Handback Reserve Account with an Acceptable Letter of Credit in favor of the Port Authority, satisfying the requirements of the Handback Performance Security under the Lease Agreement, for purposes of such Handback Reserve Account. In the event that the Borrower substitutes cash or Eligible Investments on deposit in the Handback Reserve Account with such Acceptable Letter of Credit, and delivers any such Acceptable Letter of Credit to the Port Authority, the cash or Eligible Investments so substituted will (notwithstanding the terms of Section 5.03(c)) be transferred to the Distribution Account without (and not subject to) any conditions, restrictions or limitations. The undrawn face value of any such Acceptable Letter of Credit shall be included when calculating the balance on deposit in the Handback Reserve Account.

(d) Promptly following the date that is five (5) calendar years prior to the scheduled Expiration Date, the Borrower shall direct that funds then on deposit in the Major Maintenance Reserve Account shall be transferred (to the extent such transfer does not cause the balance remaining in the Major Maintenance Reserve Account immediately following such transfer to be below the then-applicable Major Maintenance Reserve Requirement) to the Handback Reserve Account in an amount equal to the then applicable Handback Reserve Amount. If amounts in the Major Maintenance Reserve Account are not sufficient to fund the Handback Reserve Account at the Handback Reserve Amount, the Borrower shall, in accordance with the terms hereof, direct the funds be transferred from other sources sufficient to fully fund the Handback Reserve Amount. Thereafter the Handback Reserve Account will be funded in accordance with Section 5.03(b)(9), in the amount equal to the Handback Reserve Amount. The Borrower shall promptly inform the Deposit Account Bank of (i) the delivery of any letter of credit pursuant to Section 5.18(c) and (ii) the date and amount of any draw on such letter of credit. The amount of any such draw shall be deemed credited to the Handback Reserve Account for the purposes of any transfers under Section 5.03(b)(9). The Port Authority shall have the exclusive right to withdraw, direct the transfer of, or otherwise dispose of funds from the Handback Reserve Account in accordance with the terms of the Lease Agreement.

### **Section 5.19 Community Development Reserve Fund Account.**

(a) The Borrower hereby instructs the Deposit Account Bank to establish the Community Development Reserve Fund Account (the “Community Development Reserve Fund Account”) as of the Closing Date, and such account shall be maintained in the name of the Borrower. The Community Development Reserve Fund Account will be funded on the Closing Date in the amount of \$8,000,000. The Borrower will confirm such establishment to the Collateral Agent.

(b) The Community Development Reserve Fund Account shall not constitute a Project Account and shall not be subject to any Security Interest pursuant to any Security Document and shall not (including any funds on deposit therein) constitute any part of the Collateral, and no Secured Party (including the Collateral Agents) shall have any right thereto, including any right to transfer funds out of such account in the case of any insufficiency of the amounts on deposit in the Post-Substantial Completion Revenue Account to make any disbursements contemplated by clauses *First* through *Eleventh* under Section 5.03(b), inclusive.

(c) Transfers from the Community Development Reserve Fund Account shall be made, from time to time, by the Deposit Account Bank in accordance with the written instructions of the Borrower in a form attached hereto as Exhibit G and the Deposit Account Bank will so transfer such funds and not require compliance with any other conditions hereunder in connection with such transfer.

**Section 5.20 Funds as Collateral.** Any deposit made into the Project Accounts hereunder (except through clerical or other manifest error or in a manner that is otherwise inconsistent with this Agreement) shall be irrevocable and all cash, cash equivalents, Eligible Investments, instruments, investments and other securities on deposit in the Project Accounts shall be subject to the Security Interest in favor of the Collateral Agents (on behalf of the Secured Parties) pursuant to the Security Documents and shall be held by the Securities Intermediary for the benefit of the Collateral Agents as Collateral for the benefit of the Secured Parties as provided herein.

### **Section 5.21 Investment.**

(a) Funds in the Project Accounts may be invested and reinvested only in Eligible Investments (at the risk and expense of the Borrower) in accordance with written instructions given to the Securities Intermediary by the Borrower (prior to the occurrence of an Event of Default and, thereafter so long as such Event of Default shall be continuing, as directed by the Intercreditor Agent), and, unless an Event of Default has occurred and is continuing, the Borrower is entitled to instruct the Securities Intermediary to liquidate Eligible Investments in the Project Accounts for purposes of effecting any such investment or reinvestment or for any other purpose permitted hereunder.

(b) The Securities Intermediary shall not be required to take any action with respect to investing the funds in any Project Account in the absence of written instructions by the Borrower or the Intercreditor Agent (to the extent provided in accordance with the terms hereof and of the Intercreditor Agreement). The Securities Intermediary shall not be liable for any loss resulting

from any Eligible Investment or the sale or redemption thereof made in accordance with the terms hereof.

(c) Any such investments shall mature not later than the respective dates when the funds held for the credit of the particular Project Account will be required for the purposes intended for such Account, and no Eligible Investments may mature beyond the latest maturity date of any Bonds Outstanding at the time such Eligible Investments are deposited.

(d) If and when cash is required for disbursement in accordance with this Article or Section 6.06 hereof, the Securities Intermediary is authorized, without instructions from the Borrower, to the extent necessary to make payments or transfers required pursuant to this Article or Section 6.06 hereof, in the event the Borrower fails to direct the Securities Intermediary to do so in a timely manner, to cause Eligible Investments to be sold or otherwise liquidated into cash (without regard to maturity) in such manner as the Securities Intermediary shall deem reasonable under the circumstances.

(e) All funds in the Project Accounts (other than the Operating Account) and all Eligible Investments made in respect thereof shall be held by the Securities Intermediary. The interests of the Borrower in the Project Accounts (including the Operating Account) and all Eligible Investments made in respect thereof shall constitute part of the Collateral subject to the pledge and security interest created by the Security Documents.

(f) Eligible Investments credited to any Project Account or sub-account thereof shall be deemed at all times to be part of such account or sub-account in which such money was originally held. Net income or gain received and collected from such investments shall be credited and losses charged to the Project Account or sub-account thereof from which such investment shall have been made. The Securities Intermediary shall sell or present for redemption any obligations so purchased whenever directed in writing by the Borrower in order to provide money to make any payment or transfer of money from any such Project Account or sub-account thereof.

(g) The Securities Intermediary shall have no obligation to invest or reinvest the funds if all or a portion of the funds is deposited with (or instructions with respect to the same are given to) the Securities Intermediary after 11 a.m. (E.S.T. or E.D.T., as applicable) on the day of deposit. Instructions to invest or reinvest that are received after 11 a.m. (E.S.T. or E.D.T., as applicable) will be treated as if received on the following Business Day.

(h) In the event the Securities Intermediary does not receive investment instructions, the amounts held by the Securities Intermediary pursuant to the provisions of this Agreement shall not be invested and the Securities Intermediary shall not incur any liability for interest or income thereon.

(i) The parties hereto each acknowledge that non-deposit investment products are not obligations of, or guaranteed, by the Securities Intermediary or the Deposit Account Bank nor any of their respective Affiliates; are not FDIC insured; and are subject to investment risks, including the possible loss of principal amount invested in one of the money market funds made available by the Securities Intermediary and initially selected by the Borrower.

(j) Any investment direction contained herein may be executed through an affiliated broker or dealer of the Securities Intermediary and any such affiliated broker or dealer shall be entitled to such broker's or dealer's usual and customary fees for such execution as agreed to by the Borrower. It is agreed and understood that the Securities Intermediary may earn fees associated with the investments outlined above to the extent previously agreed with the Borrower. Neither the Securities Intermediary nor its Affiliates shall have a duty to monitor the investment ratings of any Eligible Investments.

(k) Investments may be held by the Securities Intermediary directly or through any clearing agency or depository (collectively, the "Clearing Agency") including, without limitation, the federal reserve/treasury book-entry system for United States and federal agency securities, and DTC. The Securities Intermediary shall not have any responsibility or liability for the actions or omissions to act on the part of any Clearing Agency.

(l) In all cases, all investments and reinvestments of funds in the Project Accounts shall be in compliance with the Code and the Tax Certificate.

**Section 5.22 Withdrawal and Application of Funds; Priority of Transfers from Project Accounts; Event of Default.**

(a) Except as provided in Sections 5.02 through 5.17 and Section 5.26 of this Agreement and sub-section (d) below, each withdrawal or transfer of funds from the Project Accounts (other than from the Operating Account and the Construction Account and its sub-accounts) by the Securities Intermediary on behalf of the Borrower will be made pursuant to an executed Funds Transfer Certificate, substantially in the form of Exhibit D-1 for transfers prior to the Phase 2 End of Funding Date and Exhibit D-2 for transfers on or after the Phase 2 End of Funding Date, which certificate will be provided and prepared by the Borrower, as applicable and will contain a certification by the Borrower, as applicable, that such withdrawal or transfer complies with the requirements of this Agreement, the Common Terms Agreement and each other Financing Document. A copy of each Funds Transfer Certificate and Construction Account Withdrawal Certificate will be sent by the Borrower to the Port Authority concurrently, for informational purposes only (addressed to the Port Authority's Director of the Office of Financial Planning at the following electronic mail address: acarvajalino@panynj.gov, which the Port Authority may change by notice to the other parties hereto).

(b) Unless a shorter period is expressly contemplated hereby or is acceptable to the Collateral Agents and the Intercreditor Agent, such Funds Transfer Certificate relating to each applicable Project Account (other than the Operating Account) will be delivered to the Securities Intermediary (with a copy to the Collateral Agents and Intercreditor Agent) no later than two (2) Business Days prior to each date on which funds are proposed to be withdrawn or transferred. The Securities Intermediary shall comply with any such Funds Transfer Certificate; provided that, in the event that a certificate does not comply with the requirements of this Agreement and the other Financing Documents, the Securities Intermediary has the right to reject such certificate by delivery of notice of the same to the Borrower and the Borrower will not be entitled to cause the proposed withdrawal or transfer until it has submitted a revised and compliant certificate; and, provided, further, that the failure to give any such notice shall not be deemed to be an approval of the proposed withdrawal or transfer or to be a waiver of any rights of the Secured Parties with

respect thereto. For the avoidance of doubt, the Collateral Agents and the Intercreditor Agent shall at all times have the right to give the notice contemplated by the second sentence of this paragraph (b) if a Funds Transfer Certificate does not comply with the terms of this Agreement.

(c) Subject to the following sub-section, the Borrower will have the right to withdraw or cause to be transferred funds from the Operating Account, solely for the purposes set forth in Section 5.16, at any time without approval or consent of the Intercreditor Agent, the Collateral Agents, or any other Person, so long as such withdrawal is effected in accordance with the terms of this Agreement and the Account Control Agreement.

(d) Notwithstanding anything to the contrary contained in this Agreement, subject to compliance with the Intercreditor Agreement with respect to the taking of any Enforcement Action, the Intercreditor Agent, without consent of the Borrower, may instruct the Collateral Agents in writing to apply proceeds of the Project Accounts to the payment of Secured Obligations, in accordance with the terms of this Agreement and the Intercreditor Agreement and in the order set forth in Section 6.06, provided that any instruction to apply amounts on deposit in the Project Accounts in accordance with this Article V shall not constitute an Enforcement Action.

(e) (i) Notwithstanding anything herein to the contrary, on and after any date on which the Securities Intermediary receives a written notice from the Collateral Agents stating that an Event of Default has occurred and is continuing (the date of receipt by the Depository Agent of any such notice, a “Default Notice Date”), the Securities Intermediary shall thereafter accept all notices and instructions required or permitted to be given to the Securities Intermediary pursuant to the terms of this Agreement only from the Applicable Collateral Agent (in accordance with Sections 5.24(c) and (j)) and not from the Borrower or any other Person (except from the Port Authority to the extent of the Port Authority’s express rights under this Agreement), and the Securities Intermediary shall not withdraw, dispose of, transfer, pay or otherwise distribute any monies in any of the Project Accounts except pursuant to such notices and instructions from the Applicable Collateral Agent (which notices and instructions will continue to direct disbursement of the amounts due and owing to the Port Authority from the Non-Pledged Accounts hereunder) until such time as the Securities Intermediary receives written notice from the Borrower, countersigned by the Applicable Collateral Agent, stating that such Event of Default no longer exists due to the same having been waived (or deemed waived) or cured or no longer existing in accordance with the terms of the Financing Documents.

(ii) Notwithstanding anything herein to the contrary, the Collateral Agents shall, upon written notice from the Required Senior Secured Parties, execute and deliver the Activation Notice or take any such action necessary under the Account Control Agreement to instruct the Deposit Account Bank to accept all notices and instructions required or permitted to be given to the Deposit Account pursuant to the terms of the Account Control Agreement only from the Applicable Collateral Agent and not from the Borrower or any other Person (except from the Port Authority to the extent of the Port Authority’s express rights under this Agreement), and the Deposit Account Bank shall not withdraw, dispose of, transfer, pay or otherwise distribute any monies in the Operating Account except pursuant to such notices and instructions from the Applicable Collateral Agent (which notices and instructions will continue to direct disbursement of the amounts due and owing to the Port Authority from the Operating Account, if any) until such time as the Deposit

Account Bank receives written notice from the Applicable Collateral Agent authorizing the Borrower to provide instructions or notices to the Deposit Account Bank.

(f) Notwithstanding any other provision of this Agreement to the contrary, the Collateral Agents will not be obligated to monitor or verify (i) the accuracy of any Funds Transfer Certificate or Construction Account Withdrawal Certificate or other written instructions provided to the Collateral Agents for the transfer or deposit of funds with respect to any Project Account or any other account described herein, or (ii) the use of amounts withdrawn from any Project Accounts or any other account described herein; and shall be entitled to rely on requisitions or instructions provided hereunder.

(g) With respect to any Funds Transfer Certificate submitted to the Securities Intermediary pursuant to Section 5.02(b) or Section 5.03(b):

(i) Any Secured Debt Representative, acting reasonably, may dispute the application of proceeds in such Funds Transfer Certificate, by delivering notice (such notice must specifically state that the Person delivering it is a Secured Debt Representative and refer to this sub-paragraph (i)), to the Lessee, the Securities Intermediary, the Collateral Agents and the Intercreditor Agent on the grounds that the application of proceeds therein specified is not in accordance with the Financing Documents. The Lessee will have the right thereafter to submit a corrected Funds Transfer Certificate which conforms to the requirements of the Financing Documents or submit the matter to dispute resolution in accordance with the applicable Financing Document;

(ii) The Lessee may, in its discretion, submit a new, updated Funds Transfer Certificate in replacement of any Funds Transfer Certificate in order to correct any certifications, wiring or other payment instructions set forth therein; and

(iii) Any corrected or updated Funds Transfer Certificate submitted pursuant to sub-paragraphs (i) or (ii) must be provided to the Securities Intermediary at least one (1) Business Day prior to the proposed date of the transfers to be made pursuant thereto.

**Section 5.23 Termination of Project Accounts.** This Agreement shall automatically terminate and be of no further force and effect (a) with respect to the Senior Collateral Agent, the Senior Secured Parties and the Senior Obligations, upon the Discharge of Senior Obligations, subject to the rights of the Senior Secured Parties under Section 6.5 of the Intercreditor Agreement; and (b) with respect to the Subordinate Collateral Agent, the Subordinate Secured Parties and the Subordinate Obligations, upon the Discharge of Subordinate Obligations, if applicable; provided, however, that for so long as no Senior Obligations remain Outstanding, as confirmed by the Intercreditor Agent upon written request from the Borrower (which confirmation the Intercreditor Agent shall not unreasonably withhold or delay), all rights and remedies of the Senior Collateral Agent hereunder and under the other Transaction Documents shall be deemed to have been assigned to and vested in the Subordinate Collateral Agent, if applicable. Upon the later to occur of (x) the Discharge of Senior Obligations, or (y) the Discharge of Subordinate Obligations, if applicable, as confirmed by the Intercreditor Agent upon written request from the Borrower (which confirmation the Intercreditor Agent shall not unreasonably withhold or delay), this Agreement will terminate (except as otherwise expressly set out herein) and the Collateral Agents and

Securities Intermediary, as applicable, will (unless a later date is requested by the Borrower) within ten (10) days of receipt of a request from the Borrower, countersigned by the Intercreditor Agent, and at the expense of the Borrower, close the Project Accounts (other than the Operating Account which will remain at the full discretion of the Borrower in accordance with the terms of the Account Control Agreement) and/or liquidate any investments credited thereto and/or transfer the funds deposited therein or credited thereto, as directed by the Borrower. Thereafter, the Collateral Agents and the and the Securities Intermediary will be released from any further obligation to comply with any obligation under any Financing Document except as specifically provided therein, in each case as contemplated therein. Nothing contained in this Section will be construed to modify or otherwise affect the Collateral Agents' Security Interest in the Project Accounts and the funds therein, prior to such transfer in accordance with the terms hereof. Notwithstanding the foregoing, in the event this Agreement is terminated, the Borrower will be required to continue to comply with the priority of payments contemplated by Sections 5.02(b) and 5.03(b) as applicable.

#### **Section 5.24 Securities Intermediary.**

(a) The Project Accounts shall be established and maintained as securities accounts with a securities intermediary (other than the Operating Account, which shall be established and maintained by the Deposit Account Bank pursuant to the Account Control Agreement). Each of the parties to this Agreement hereby agrees that The Bank of New York Mellon (or any successor thereto) shall act as the securities intermediary (in such capacity, the "Securities Intermediary") under and for the purposes of this Agreement and for so long as The Bank of New York Mellon (or any successor thereto) is the Senior Collateral Agent and the Subordinate Collateral Agent.

(b) The Securities Intermediary hereby accepts and agrees to act as such under this Agreement and represents and warrants that it is as of the date hereof, and shall be for so long as it is the Securities Intermediary hereunder, a banking corporation or a national bank that in the ordinary course of its business maintains securities accounts for others, meets the requirements and qualifications set forth in the first sentence of Section 5.24(e) of this Agreement and is acting in that capacity hereunder. The Securities Intermediary agrees with the parties hereto that each of the Project Accounts (except for the Operating Account) shall be an account to which financial assets may be credited and undertake to treat each Collateral Agent, as applicable, as entitled to exercise the rights that comprise such financial assets. The Securities Intermediary agrees with the parties hereto that each item of property credited to each Project Account (except for the Operating Account) shall be treated as a financial asset, including, without limitation, cash and certificates of deposit. Each Collateral Agent and the Securities Intermediary represents and warrants that it has not entered into any agreement or taken any other action that gives any Person other than the Collateral Agents control over any of the Project Accounts (except for the Operating Account) or that is otherwise inconsistent with this Agreement. Each Collateral Agent and the Securities Intermediary agrees that it shall not become a party to any agreement or take any action that gives any Person other than the Collateral Agent control over any of the Project Accounts (except for the Operating Account) or that is otherwise inconsistent with this Agreement. The Securities Intermediary agrees that any financial assets credited to such Project Accounts (except for the Operating Account), or any "securities entitlement" (as defined in Section 8-102(a)(17) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) with respect thereto, shall not be subject to any Security Interest or right of setoff in favor of the Securities Intermediary or anyone claiming through the Securities Intermediary (other

than the Collateral Agents). The Securities Intermediary hereby represents that, except for the claims and interests of the Collateral Agents and the Borrower in the Project Accounts and the Deposit Account Bank in the Operating Account, the Securities Intermediary has no knowledge of, and has received no notice of, any claim to, or interest in, any Project Account. If any Person asserts any lien (including any writ, garnishment, judgment, warrant of attachment, execution or similar process) against any Project Account (except for the Operating Account), the Securities Intermediary, upon obtaining written notice thereof, will promptly notify the Collateral Agents, the Intercreditor Agent and the Borrower thereof.

(c) It is the intent of the Collateral Agents and the Borrower that the Collateral Agents (for the benefit of the applicable Secured Parties) be the entitlement holders with respect to the Project Accounts (except for the Operating Account). In any event, the Securities Intermediary hereby agrees that until the Discharge of Senior Obligations it will comply with entitlement orders with respect to the Project Accounts (except for the Operating Account) originated by the Senior Collateral Agent without further consent by the Borrower, or any other Person. In the case of a conflict between any instruction or order originated by the Senior Collateral Agent and any instruction or order originated by the Borrower or any other Person other than a court of competent jurisdiction, the instruction or order originated by the Senior Collateral Agent shall prevail. After the Discharge of Senior Obligations and until the Discharge of Subordinate Obligations, if applicable, the Subordinate Collateral Agent shall be entitled to provide, and the Securities Intermediary hereby agrees to comply with entitlement orders with respect to, the Project Accounts (except for the Operating Account) and of the Borrower's "security entitlements". The Securities Intermediary covenants that it will not agree with any Person other than the Collateral Agents to comply with entitlement orders with respect to the Project Accounts (except for the Operating Account) originated by any Person or entity other than the Collateral Agents. In the case of a conflict between any instruction or order originated by the Subordinate Collateral Agent and any instruction or order originated by the Borrower or any other Person other than the Senior Collateral Agent or a court of competent jurisdiction, the instruction or order originated by the Subordinate Collateral Agent shall prevail.

(d) The Securities Intermediary shall not change the name or account number of any Project Account without the prior written consent of the Collateral Agents, as applicable, and the Borrower and at least five (5) Business Days' prior notice to the Intercreditor Agent, and shall not change the entitlement holder. The Securities Intermediary shall at all times act as a "securities intermediary" (within the meaning of Section 8-102(a)(14) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) in maintaining the Project Accounts (except for the Operating Account) and shall credit to each Project Account (except for the Operating Account) each financial asset to be held in or credited to each Project Account (except for the Operating Account) pursuant to this Agreement. To the extent, if any, that the Collateral Agents are deemed to hold directly, as opposed to having a security entitlement in, any financial asset held by the Securities Intermediary for the Collateral Agents, the Securities Intermediary hereby agrees that it is holding such financial asset as the agent of the Collateral Agents and hereby expressly acknowledges and agrees that it has received notification of the Collateral Agents' security interest in such financial asset and that it is holding possession of such financial asset for the benefit of the Collateral Agents.

(e) Each Project Account (except for the Operating Account) shall remain at all times with a “securities intermediary” (within the meaning of Section 8-102(a)(14) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) that is a bank organized under the laws of the United States of America or any state thereof that has offices in the State of New York with unsecured long-term debt which shall be rated “A” or better by S&P or “A2” or better by Moody’s and that has a total capital stock and unimpaired surplus of not less than \$500,000,000. The Securities Intermediary shall give notice to the Collateral Agents and the Borrower of the location of the Project Accounts (other than the Operating Account) and of any change thereof prior to the use or change thereof. If at any time the Securities Intermediary shall fail to meet such requirements and qualifications set forth in the first sentence above, the Borrower shall replace the Securities Intermediary as soon as practicable with a qualifying Securities Intermediary.

(f) Unless otherwise provided herein, any income received by the Collateral Agents with respect to the balance from time to time on deposit in each Project Account (except for the Operating Account), including any interest or capital gains on investments in overnight securities made with amounts on deposit in each Project Account (except for the Operating Account), shall be transferred to the Pre-Substantial Completion Revenue Account or the Post-Substantial Completion Revenue Account. All right, title and interest in and to the cash amounts on deposit from time to time in each Project Account together with any investments in overnight securities from time to time made pursuant to this Section shall constitute part of the Collateral for the Secured Obligations and shall be held for the benefit of the Secured Parties and the Borrower as their interests shall appear hereunder and shall not constitute payment of the Secured Obligations (or any other obligations to which such funds are provided hereunder to be applied) until applied thereto as provided in this Agreement.

(g) In the event that, notwithstanding the last sentence of subsection (b) above, the Securities Intermediary has or subsequently obtains by agreement, operation of Law or otherwise a Security Interest in any of the Project Accounts, or any financial asset credited thereto, or any “securities entitlement” (as defined in Section 8-102(a)(17) of the UCC or, with respect to book-entry securities, in the applicable Federal Book-Entry Regulations) with respect thereto, the Securities Intermediary hereby agrees that such security interest shall be subordinate to the security interest of the Collateral Agents.

(h) The “securities intermediary’s jurisdiction” of the Securities Intermediary for purposes of the UCC (or the Uniform Commercial Code of any other jurisdiction to the extent applicable) is the State of New York.

(i) Terms used in this Section that are defined in the UCC shall have the meaning set forth in the UCC. Without limiting the foregoing, the term “securities intermediary” shall, with respect to book-entry securities, have the meaning given to it under 31 C.F.R. Part 357 (sale and issue of marketable book-entry Treasury bills, notes and bonds); 12 C.F.R. Part 615 (book-entry securities of the Farm Credit Administration and related conditions); 12 C.F.R. 987 (book-entry securities of the Financial Federal Housing Board), 12 C.F.R. Part 1511 (book-entry securities of the Resolution Funding Corporation); 24 C.F.R. Part 81 (book-entry securities of the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation); 31 C.F.R. Part 354 (book-entry securities of the Student Loan Marketing Association); 18 C.F.R. Part 1314

(book-entry securities of Tennessee Valley Authority); and 24 C.F.R. Part 350 (book-entry securities of Government National Mortgage Association).

(j) To the extent that the Project Accounts are not considered “securities accounts” (within the meaning of Section 8-501(a) of the UCC), the Project Accounts shall be deemed to be “deposit accounts” (as defined in Section 9-102(a)(29) of the UCC), which the Collateral Agents shall maintain with the Securities Intermediary acting not as a securities intermediary but as a “bank” (within the meaning of Section 9-102(a)(8) of the UCC). The Borrower hereby irrevocably directs and the Securities Intermediary hereby agrees to comply, at all times prior to the Discharge of the Senior Obligations, with any and all instructions originated by the Senior Collateral Agent directing disposition of funds in the Project Accounts (except for the Operating Account) without any further consent of the Borrower or any other person. In the case of a conflict between any instruction or order originated by the Senior Collateral Agent and any instruction or order originated by the Borrower or any other Person (other than a court of competent jurisdiction), the instruction or order originated by the Senior Collateral Agent shall prevail. The Borrower hereby irrevocably directs, and the Securities Intermediary hereby agrees to, comply at all times following the Discharge of the Senior Obligations but prior to the Discharge of the Subordinate Obligations, with any and all instructions originated by the Subordinate Collateral Agent directing disposition of funds in the Project Accounts (except for the Operating Account) without any further consent of the Borrower or any other person. In the case of a conflict between any instruction or order originated by the Subordinate Collateral Agent and any instruction or order originated by the Borrower or any other Person other than a court of competent jurisdiction, the instruction or order originated by the Subordinate Collateral Agent shall prevail.

(k) The value of the Eligible Investments shall be included on the monthly statements of account delivered by the Collateral Agents to the Borrower.

### **Section 5.25 Appointment and Change of Deposit Account Bank.**

(a) The Bank of New York Mellon, a New York banking corporation, is hereby appointed by the Collateral Agents, as Deposit Account Bank hereunder. The Deposit Account Bank hereby accepts such appointment and agrees to act as Deposit Account Bank in the manner contemplated herein and in the Financing Documents to which the Deposit Account Bank is a party. The Deposit Account Bank is hereby authorized and directed to act in strict accordance with the terms of this Agreement and from and after the Closing Date, the Borrower, the Issuer, the Securities Intermediary, the Trustee and the Collateral Agents each hereby irrevocably instruct and authorize the Deposit Account Bank to deposit funds (promptly upon receipt thereof) into, and transfer and withdraw funds from, the Project Accounts and Non-Pledged Accounts, as applicable, in accordance with the express terms of this Agreement, including without limitation the waterfall provisions described in Sections 5.02 and 5.03, as applicable. None of the provisions hereof or of the other Financing Documents to which the Deposit Account Bank is a party shall be construed to require the Deposit Account Bank to expend or risk its own funds or otherwise to incur any personal liability, financial or otherwise, in the performance of any of its duties hereunder or thereunder, except in instances of fraud, bad faith, gross negligence or willful misconduct.

(b) So long as no Event of Default has occurred and is continuing, upon thirty (30) Business Days’ written notice to the Intercreditor Agent and the Collateral Agents, the Deposit

Account Bank may be changed to another bank by the Borrower; provided, that such bank satisfies the requirements for the Deposit Account Bank set forth in this Section 5.25(b). If the Borrower exercises such right to replace the Deposit Account Bank, the Collateral Agent will deliver a termination notice with respect to the existing Account Control Agreement governing the Operating Account to be effective upon (x) the transfer to the new Deposit Account Bank of all funds of the Borrower held by the retiring Deposit Account Bank in the Operating Account, and (y) execution and delivery of a new Account Control Agreement with the new Deposit Account Bank. If the Deposit Account Bank at any time gives notice that it no longer wishes to act as a Deposit Account Bank or that it will no longer be subject to the terms of an Account Control Agreement, or that it will no longer act upon the instructions of the Borrower or the Collateral Agents in accordance with the applicable Account Control Agreement as a result of its determination that such action would result in the violation of any applicable Law, rule or regulation or for any other reason (a “Deposit Account Bank Termination Notice”), the Borrower shall promptly (and, in any event prior to the effective date of such Deposit Account Bank Termination Notice) appoint a replacement Deposit Account Bank; provided that the Borrower delivers to the Collateral Agents an opinion to the effect that after the appointment of such replacement Deposit Account Bank, the Collateral Agents will remain perfected in any accounts held thereunder; provided, further, that such bank shall be organized under the laws of the United States of America or any state thereof with a branch office in the State of New York having a combined capital and surplus of not less than \$500,000,000. The Operating Account shall at all times be maintained with a single bank. The Borrower shall notify the Collateral Agent and the Intercreditor Agent of any Deposit Account Bank Termination Notice promptly upon receipt thereof by the Borrower.

(c) The new Deposit Account Bank shall be required, prior to becoming the Deposit Account Bank, to (i) enter into one or more Account Control Agreements, substantially in the form of Exhibit C hereto or in such other form as may be approved by the Collateral Agents, with the Borrower and the Collateral Agents and carry out such further acts as the Collateral Agents may reasonably request in order to perfect the security interest of the Collateral Agents in the Operating Account and (ii) agree to provide the reports similar to the reports required to be provided pursuant to Section 2.12(b) and (c).

**Section 5.26 Inadequately Identified Amounts.** In the event that the Securities Intermediary receives any amount which is inadequately or incorrectly identified as to the Project Account into which such amount is to be credited, the Securities Intermediary shall notify the Collateral Agents and the Borrower (with a copy of such notice to the Intercreditor Agent) of such event and shall request instructions as to the Project Account into which such amount should be credited. The Securities Intermediary shall credit such amount to the Pre-Substantial Completion Revenue Account or the Post-Substantial Completion Revenue Account, as applicable, until such time as the Securities Intermediary receives instructions from the Applicable Collateral Agent or, so long as no Event of Default has occurred and is continuing, the Borrower in accordance herewith stating that such amount should be credited to another Project Account in accordance with the Financing Documents, in which case the Securities Intermediary shall credit such amount to the Project Account designated by the Borrower (or, following the occurrence and during the continuance of an Event of Default, the Applicable Collateral Agent).

**Section 5.27 Tax Reporting.** All interest or other earnings, if any, relating to the Project Accounts shall be reported to the Internal Revenue Service and, to the extent applicable, all state and local taxing authorities under the name and taxpayer identification number of the Borrower. The Borrower shall prepare or cause to be prepared any tax returns or other forms or information required to be filed in connection with any such earnings. The Collateral Agents do not have any ownership interest in the Collateral deposited hereunder but is serving as collateral agent only and having only possession thereof. The Borrower shall pay or reimburse the Collateral Agents upon request for any transfer taxes or other taxes relating to the Collateral incurred in connection herewith and shall indemnify and hold harmless the Collateral Agents from any amounts that it is obligated to pay in the way of such taxes. The Borrower will provide the Collateral Agents with appropriate W-9 forms for taxpayer identification numbers, number certifications, or W-8 forms for non-resident alien certifications. This Section shall survive notwithstanding any termination of this Agreement or the resignation or removal of the Collateral Agents.

**Section 5.28 Reserved.**

**Section 5.29 Investment of Funds in Non-Pledged Accounts.** Notwithstanding any provision hereof to the contrary, neither the Borrower nor the Port Authority shall direct the Deposit Account Bank to invest any funds on deposit in a Non-Pledged Account, unless such funds are, in accordance with the terms of this Agreement, expected to be on deposit in such account for at least two (2) Business Days.

**Section 5.30 Escrow of Disputed Amounts.** If directed by the Borrower, payments or other receipts received by the Borrower (including, without limitation, from any airline) that are subject to a dispute (the “Disputed Payment Amounts”) will be deposited into an escrow account established for such purpose with the Deposit Account Bank. Upon resolution of such dispute, amounts due to the Borrower from such escrow account shall be deposited (and the Borrower shall ensure the escrow arrangements governing such escrow account require the Deposit Account Bank to deposit such amounts) directly to Operating Cashflow Sub-Account of the Construction Account, before the Substantial Completion of the Project, and thereafter to the Post-Substantial Completion Revenue Account.

**Section 5.31 Secured Obligations Payment Shortfall Notice.** Following receipt of a Funds Transfer Certificate immediately before an Interest Payment Date or a Principal Payment Date, the Securities Intermediary, shall, after giving effect to the withdrawals, transfers and disbursements requested in such Funds Transfer Certificate (and in any Construction Account Withdrawal Certificate delivered at or around the date of such Funds Transfer Certificate), calculate whether or not there is a shortfall in the Hedge Ordinary Course Payment Account, the Hedge Termination Payment Account, any Sub-Account of the Senior Obligations Payment Account or any Sub-Account of the Subordinate Obligations Payment Account with regards to the Ordinary Course Payment, Interest Payment, Hedge Termination Payment or Principal Payment due on such Interest Payment Date or Principal Payment Date, as applicable. If there is such a shortfall, and the Phase 2 End of Funding Date has occurred, the Securities Intermediary shall promptly give effect to the transfers contemplated in Section 5.03(d) hereof, and calculate whether any such shortfall remains after such transfers. If, after giving effect to all of the transfers described above there remains any such shortfall in the Hedge Ordinary Course Payment Account, the Hedge Termination Payment Account, any Sub-Account of the Senior Obligations Payment

Account or any Sub-Account of the Subordinate Obligations Payment Account, as applicable, the Securities Intermediary shall give notice of the same to the Intercreditor Agent, specifying each Project Account or Sub-Account with such shortfall and the amount of each such shortfall (such notice to be given no later than 10.30 a.m. (E.S.T. or E.D.T., as applicable) on the Business Day following the date on which the Securities Intermediary receives such Funds Transfer Certificate).

## **ARTICLE VI COLLATERAL AND REMEDIES**

**Section 6.01 Administration of Collateral.** The Account Collateral shall be held by the Senior Collateral Agent for the benefit of the Senior Secured Parties and, upon the issuance or incurrence of Additional Subordinate Obligations, by the Subordinate Collateral Agent for the benefit of the Subordinate Secured Parties, in each case, pursuant to the terms hereof and the other applicable Security Documents and shall be administered by the Securities Intermediary and Collateral Agents in the manner contemplated hereby, by the Intercreditor Agreement and by the other Security Documents.

**Section 6.02 Notice of Event of Default.** Notwithstanding anything to the contrary contained in this Agreement or any document executed in connection with any of the Secured Obligations, the Collateral Agents, unless a Responsible Officer of a Collateral Agent shall have actual knowledge thereof, shall not be deemed to have any knowledge of any Event of Default unless and until it shall have received written notice from the Borrower, the Intercreditor Agent, or another Secured Party describing such Event of Default in reasonable detail. If a Collateral Agent receives any such notice from the Borrower, such Collateral Agent shall deliver a copy thereof to the Intercreditor Agent and each other Secured Party, and if a Collateral Agent receives any such notice from a Person other than the Borrower, such Collateral Agent shall deliver a copy thereof to each other Secured Party and the Borrower. Further, each Collateral Agent shall deliver a copy of any such notice it receives to the Port Authority, at the address set forth in Section 33 of the Lease Agreement. In addition, if, (i) a Collateral Agent becomes aware (in accordance with the terms of the Financing Documents) of the occurrence of an Event of Default, it shall promptly give notice thereof to the Intercreditor Agent and each other Secured Party, and (ii) the Intercreditor Agent becomes aware (in accordance with the terms of the Financing Documents) of the occurrence of an Event of Default, it shall promptly give notice thereof to the Collateral Agents.

**Section 6.03 Enforcement of Remedies.** Upon the occurrence and during the continuance of any Event of Default, the Collateral Agents shall, subject to the other provisions of this Agreement, take such Enforcement Action or other actions with respect to such Event of Default as shall be directed by the Intercreditor Agent, acting in accordance with the terms of the Intercreditor Agreement and the Security Documents (such direction, a “Direction Notice”); provided that, in the absence of a Direction Notice, each such Collateral Agent may (but shall not be obligated to) take such action (with notice thereof to the Port Authority, the other Collateral Agent, the Issuer, the Intercreditor Agent and the Borrower), or refrain from taking such action, with respect to such Event of Default as it shall deem advisable in the best interests of the Secured Parties that it represents, and in each case solely to the extent permitted hereunder, under the Intercreditor Agreement and the other Financing Documents. Upon receipt by a Collateral Agent of a Direction Notice to such effect, such Collateral Agent shall seek to enforce the Security Documents (with notice thereof to the Port Authority, the Issuer, any other Collateral Agent, the

Trustee, the Intercreditor Agent, the Administrative Agent and the Borrower) and to realize upon the Collateral in accordance with such Direction Notice and otherwise in accordance with the terms hereof and of the Security Documents; provided, however, that no Collateral Agent shall be obligated to follow any Direction Notice if the Collateral Agents reasonably determines that such Direction Notice is in conflict with any provisions of any applicable Law, the Intercreditor Agreement or any Security Document, and the Collateral Agents shall not, under any circumstances, except in the event of gross negligence or willful misconduct, be liable to any Secured Party, the Borrower, or any other Person for following a Direction Notice. No Secured Party other than the Intercreditor Agent shall have any authority or power, express or implied, to direct the Collateral Agents as to the exercise of rights and remedies, implementation of Enforcement Actions or any other action with respect to the Collateral so long as any Secured Obligation is Outstanding; provided that nothing in this Section shall preclude the Collateral Agents from following the directions of the Borrower (other than following the occurrence and during the continuance of any Event of Default) or the Port Authority, in each case, if and to the extent such instructions are expressly authorized under this Agreement. The Intercreditor Agent shall exercise its powers under this Section in accordance with the provisions of the Intercreditor Agreement.

**Section 6.04 Remedies of the Secured Parties.** Unless expressly permitted by the Intercreditor Agreement or otherwise consented to in writing by the Intercreditor Agent (acting in accordance with the terms of the Intercreditor Agreement), and in any event subject to the provisions of the Intercreditor Agreement, no Secured Party, individually or together with any other Secured Parties (excepting the Collateral Agents in their capacity as Secured Parties), shall have the right to, nor shall it, (i) exercise or enforce any of the rights, powers or remedies which any Collateral Agents are authorized to exercise or enforce under this Agreement or any of the other Security Documents with respect to the Collateral, (ii) sue for or institute any creditor's proceedings (including an injunction garnishment, execution or levy, whether before or after judgment) in respect of any Secured Obligation (whether or not for the payment of money) owing to it under or in respect of any Financing Document, (iii) take any step for the winding-up, administration of or dissolution of, or any insolvency proceeding in relation to, the Borrower, or for a voluntary arrangement, scheme of arrangement or other analogous step in relation to the Borrower, or (iv) apply for any order for an injunction or specific performance in respect of the Borrower in relation to any of the Financing Documents; it being understood that nothing herein shall restrict the Secured Parties' ability to take a Permitted Action in accordance with the Intercreditor Agreement.

**Section 6.05 Secured Party Information.** In the event that a Collateral Agent proceeds to foreclose upon, collect, sell or otherwise dispose of or take any other action with respect to any or all of the Collateral or to enforce any provisions of the Security Documents or takes any other action pursuant to this Agreement or any provision of the Security Documents or requests directions from the Intercreditor Agent as provided herein, in each case in accordance with the terms of the Financing Documents, upon the request of such Collateral Agent, the Intercreditor Agent shall promptly deliver a written notice to such Collateral Agent setting forth (a) the aggregate amount of Secured Obligations owing to such Secured Party as of the date specified by such Collateral Agent in such request and (b) such other information as such Collateral Agent may reasonably request.

The obligations of the Borrower under this Section shall survive the payment in full of the Secured Obligations, any resignation or removal of the Collateral Agents and the Securities Intermediary pursuant to Section 2.11 of this Agreement, and the termination of this Agreement pursuant to Article VIII.

(ix) the receipt of any notice asserting an Event of Default under, or purporting to terminate or suspend performance of, any Financing Document.

(d) Notwithstanding anything to the contrary, in no event shall the Collateral Agents have any obligation to determine the sufficiency of any such financial information or to, in any manner, independently evaluate the Borrower’s compliance with any financial covenants in connection therewith.

**Section 10.05 Project Accounts.** The Borrower shall establish and maintain each account or sub-account, including the Project Accounts and the Operating Account and other accounts and sub-accounts required from time to time by the Lease Agreement and the Financing Documents to be maintained by the Borrower and the Borrower shall not maintain or permit to be maintained any accounts other than as permitted and contemplated in this Agreement and the other Financing Documents or the Lease Agreement.

case except to the extent failure to obtain, maintain, and comply with such Governmental Approvals or comply with applicable Laws would not reasonably be expected to have a Material Adverse Effect.

#### **Section 10.07 Use of Tax-Exempt Obligations Proceeds; Tax Covenant.**

(a) The net proceeds of the Tax-Exempt Obligations shall be loaned to the Borrower pursuant to the terms of the TDC Loan Agreements. Tax-Exempt Obligations loaned to the Borrower pursuant to the TDC Loan Agreements shall be used solely to pay eligible Project Costs as specified in the Tax Certificate (or, to the extent not used therefor, to repay the relevant portion of such indebtedness).

(b) The Borrower covenants for the benefit of the Issuer and the Owners of the Tax-Exempt Obligations that it will not take any action or omit to take any action with respect to the Tax-Exempt Obligations, the proceeds thereof, any other funds of the Borrower or any of the facilities financed with the proceeds of the Tax-Exempt Obligations if such action or omission (i) would cause the interest on the Tax-Exempt Obligations to lose their excludability from gross income for federal income tax purposes under Section 103 of the Code or (ii) would cause interest on the Tax-Exempt Obligations to lose their exemption from income taxation in the State.

(c) The Borrower further covenants, represents and warrants that the procedures set forth in the Tax Certificate implementing the covenant in paragraph (b) above shall be complied with to the extent necessary to comply with the covenant in paragraph (b) above.

(d) The Borrower shall not permit any use of the proceeds of the Tax-Exempt Obligations which would cause the Tax-Exempt Obligations to be classified as “arbitrage bonds” within the meaning of Section 148 of the Code.

(e) The Borrower shall aid and assist the Issuer in connection with preparing and submitting to the IRS a Form 8038 (or other applicable information reporting statement) at the time and in the form required by the Code; provided that the Borrower will not be responsible for late or non-conforming filings (except to the extent Borrower fails to timely provide information required for such filings).

(f) The Borrower will adopt and implement written tax compliance procedures to assure the compliance with the Tax Covenants sufficient (i) to monitor the requirements of Section 148 of the Code and (ii) to ensure that all nonqualified bonds are remediated in accordance with the Code and the regulations thereunder.

(g) In the event that less than ninety-five percent (95%) of the proceeds of the Tax-Exempt Obligations have been spent by the fifth (5th) anniversary of the issue date of the Tax-Exempt Obligations (the “5-year Redemption Date”), at the election of the Borrower by written notice to the Securities Intermediary and the Trustee, the Borrower shall direct the Securities Intermediary to use any proceeds of the Tax-Exempt Obligations remaining on deposit in each Project Account established for the applicable Tax-Exempt Obligations (to the extent not otherwise required to be rebated to the United States in accordance with Section 148(f) of the Code and the Indenture) within ninety (90) days after the 5-year Redemption Date, to either (a) purchase the applicable Tax-Exempt Obligations for cancellation at any reasonable price as determined by

the Borrower, which price, however, shall not exceed the principal amount thereof to be redeemed plus accrued and unpaid interest thereon to the date fixed for redemption, or (b) redeem Tax-Exempt Obligations at the Redemption Price or Accreted Redemption Price, as applicable; unless the Borrower delivers to Collateral Agents, the Issuer and the Trustee an Opinion of Bond Counsel to the effect that the proceeds remaining in such Project Account need not be applied in accordance with the foregoing in order to maintain the tax-exempt status of interest on the applicable Tax-Exempt Obligations.

(h) Notwithstanding any other provision of this Agreement to the contrary, so long as necessary to maintain the exclusion from gross income for federal income tax purposes of interest on the Tax-Exempt Obligations, the covenants contained in this Section shall survive the payment of the Tax-Exempt Obligation and the interest thereon, including any payment or defeasance thereof pursuant to Article VII of the Master Indenture or the applicable TDC Loan Agreement.

**Section 10.09 Taxes.** The Borrower shall timely pay and discharge all Taxes before they become delinquent unless they are being contested by appropriate proceedings, and the Borrower has provided adequate reserves which are maintained in accordance with GAAP or unless the failure to pay and discharge could not reasonably be expected to have a Material Adverse Effect.

**Section 10.11 Limitations on Fundamental Changes; Sale of Assets, Etc.**

(a) The Borrower covenants not to amend or modify its Organizational Documents in a manner that is materially adverse to the interests of the Secured Parties, other than any amendment or modification to permit a transfer of equity interests of the Borrower as permitted pursuant to Section 51 of the Lease Agreement or as otherwise permitted under this Agreement;

(b) The Borrower covenants not to sell, assign or otherwise transfer all or substantially all of the assets owned or leased by the Borrower and related to the Project unless the Borrower, in addition to satisfying the other requirements of the Financing Documents, shall have delivered to the Collateral Agents, the Trustee and the Issuer an Opinion of Bond Counsel to the effect that such transaction will not adversely affect the tax-exempt status of the Tax-Exempt Obligations.

(c) The Borrower shall not, except as permitted under the Project Documents and the Financing Documents, enter into any partnership, joint venture, profit-sharing or similar arrangement whereby the Borrower's income or profits are shared with any person (except as may be contemplated by the organizational agreements of the Borrower or the Sponsors) or form or have any subsidiaries.

**Section 10.12 Arm’s-Length Transactions.** The Borrower shall not enter into any material transactions with any Affiliates unless such transaction is fair and commercially reasonable to the Borrower on an arm’s length basis and contains terms no less favorable to such entity than those which would be included in an arm’s-length transaction with a non-Affiliate; provided that the agreements referenced in Section 3.04(b) of the Common Terms Agreement, and amounts payable to the Sponsors in respect of Project Costs incurred by such Equity Member(s) on behalf of the Borrower prior to the Closing Date or as consideration for the provision of Equity Support (and any amendments or supplements to any of the foregoing) will be deemed not to violate this covenant.

**Section 10.13 Eligible Investments.** The Borrower shall not make or direct the Agents to make any investments other than Eligible Investments and under no circumstances shall the Agents be required to make a determination as to whether an investment is an Eligible Investment.

**Section 10.14 Changes in Name, Place of Business or Fiscal Year.** The Borrower shall not, at any time:

(a) change its name, jurisdiction of formation, or principal place of business without giving the Agents and the Issuer at least thirty (30) days prior written notice; or

(b) change its Fiscal Year without prior written notice sent to the Agents and the Issuer at least thirty (30) days prior to such change.

**Section 10.15 [Reserved]**

**Section 10.16 Negative Pledge.** The Borrower shall not permit any lien upon or with respect to the Existing Terminal Facilities or the New Terminal Facilities or any of the funds established pursuant to this Agreement or the other Financing Documents, other than Permitted Liens.

**Section 10.17 Nationally Recognized Rating Agencies.**

(a) The Borrower shall maintain a credit rating for the Senior Secured Debt from at least one Designated Rating Agency. The Borrower shall use commercially reasonable efforts to cooperate with each Nationally Recognized Rating Agency rating the Senior Secured Debt and, if applicable, any Additional Obligations, in connection with any review which may be undertaken by such Nationally Recognized Rating Agency.

(b) The Borrower shall enter into and comply with a reasonable and customary “ratings surveillance” agreement with at least one Nationally Recognized Rating Agency rating the Senior Secured Debt and, if applicable, any Additional Obligations.

**Section 10.18 Transfer and Deposit of Funds.** The Borrower shall not permit any transfer of funds out of the Remaining Revenue Account unless specifically permitted under this Agreement. In addition, the Borrower shall deposit Disputed Payment Amounts with respect to payments of airline rates and charges in an escrow account established for the purpose of holding disputed amounts under this Agreement in accordance with Section 5.30.

**Section 10.20 Status of Entity.** The Borrower shall use commercially reasonable efforts to maintain its status as a “pass-through” entity for federal income tax purposes.

**Section 10.21 Limitations on Indebtedness.** The Borrower shall not create, incur, assume, suffer to exist or be liable for any Indebtedness, other than Permitted Indebtedness.

**Section 10.22 Public Purpose Covenants.**

(a) [Reserved].

(b) The Borrower shall operate or cause the Existing Terminal Facilities and the New Terminal Facilities to be operated as an authorized project for a purpose and use as provided for under the Act (as in effect on the date hereof) until the expiration or earlier termination of the TDC Loan Agreements.

(c) Within ninety (90) days after the end of each Fiscal Year of the Borrower, the Borrower shall furnish to the Agents and the Issuer the following:

(i) a certification indicating whether or not the Borrower is aware of any condition, event or act which constitutes an Event of Default, or which would constitute an Event of Default with the giving of notice or passage of time, or both, under any of the Financing Documents; and

(ii) a certification indicating the amounts Outstanding for the Series 2022A Bonds and any Additional Bonds issued, and the current interest rates related to such Series 2022A Bonds and Additional Bonds issued.

(d) The Borrower will at all times preserve and protect the Project in accordance with the Lease Agreement.

**Section 10.23 Post-Issuance Tax Compliance.**

(a) The Borrower shall follow their tax procedures adopted pursuant to Section 10.7(f) in order to satisfy its Tax Covenants.

(b) If pursuant to the procedures of the Borrower, the Borrower determines that it must take remedial action to cure a violation of a Tax Covenant, it will promptly notify the Agents and the Issuer as to the action to be taken.

(c) In the event an Agent becomes aware of a possible violation of a Tax Covenant, the Agent shall have the right, upon notice to the Borrower, to conduct its own investigation, and at the sole but reasonable cost and expense of the Borrower, to retain Bond Counsel to determine any and all actions required to remediate such violation.

**Section 10.24 Costs and Expenses of the Issuance of the Bonds.** All reasonable expenses incurred by the Issuer in connection with the preparation, execution, delivery, recording and filing of the Financing Documents, and in connection with the preparation, issuance and delivery of the Series 2022A Bonds, the Issuer's fees as described in Exhibit B to the TDC Loan Agreements, and the reasonable fees and expenses of Bond Counsel shall be paid by the Borrower. The Borrower shall also pay throughout the term of the Senior Loans, the Series 2022A Bonds and any Additional Bonds the Issuer's reasonable fees and expenses incurred pursuant to the terms of the Financing Documents.

**Section 10.25 Rate Covenant/Financial Ratio Covenant for Secured Obligations.**

(a) The Borrower covenants and agrees to take all lawful measures to establish, prescribe and collect Project Revenues sufficient, after paying all O&M Expenses (including all O&M Expenses not constituting Permitted O&M Expenses and all Ground Rent, First Additional Rent, Second Additional Rental, and Third Additional Rent), to achieve, in each DSCR Calculation Period, (i) during the Ramp-Up Period, (A) a Total Debt Service Coverage Ratio of 1.25x and (B) a Senior Debt Service Coverage Ratio of 1.30x, and (ii) after the Ramp-Up End Date, (A) a Total Debt Service Coverage Ratio of 1.15x and (B) a Senior Debt Service Coverage Ratio of 1.20x, both on a prospective basis (based on its forecasts prepared by the Borrower, which forecasts shall be based on reasonable assumptions (on the basis of information known to the Borrower on the date of preparation thereof) as to all factual matters material to the estimates therein) and on a retrospective basis (based on its annual audited and quarterly unaudited financial statements most recently required to be delivered), subject to the terms of Section 5.12.

(b) If the Total Debt Service Coverage Ratio or the Senior Debt Service Coverage Ratio does not meet the conditions outlined in Section 10.25(a) for an upcoming fiscal year, then the Borrower shall request a third party to recommend revisions to its Annual Operating Budget and, after taking into account such recommendations, shall revise its Annual Operating Budget to produce (to the extent practicable using prudent business judgment) sufficient revenues to satisfy such Total Debt Service Coverage Ratio or Senior Debt Service Coverage Ratio requirement.

(c) If the Borrower revises its Annual Operating Budget pursuant to Section 10.25(b), then failure to satisfy the conditions set forth in Section 10.25(a) shall not be deemed an Event of Default under the TDC Loan Agreements, the Credit Agreement or the other Financing Documents.

**Section 10.26 [Reserved].**

**Section 10.27 Additional Obligations.**

(a) *Additional Senior Obligations.* The Borrower shall not incur Additional Senior Obligations unless each of the following additional conditions are satisfied as of the date on which such Additional Senior Obligations are incurred:

(i) The Borrower has provided to the Senior Collateral Agent evidence indicating that, as of the date of incurrence of such Additional Senior Obligations, the Borrower has met the requirements under the Lease Agreement for the incurrence of such

Additional Senior Obligations (as such requirements are in effect on the date hereof without giving effect to any waiver by the Port Authority); and

(ii) The Borrower has provided to the Senior Collateral Agent (A) evidence that, after giving effect to the incurrence of such Additional Senior Obligations the Borrower is in compliance with Section 10.25 and (B) a certificate from an Airport Consultant stating that, based upon reasonable assumptions, projected Project Revenues will be sufficient to satisfy the requirements of Section 10.25(a) (including such Additional Senior Obligations proposed to be incurred but excluding any Senior Obligations proposed to be Refinanced with the proceeds of such Additional Senior Obligations) for each Fiscal Year following the incurrence of such Additional Senior Obligations to the final maturity of all Outstanding Senior Obligations,

(iii) the Rating Agencies then rating the then Outstanding Senior Obligations affirm (A) that such then Outstanding Senior Obligations will maintain an investment grade rating from at least two Rating Agencies after giving pro forma effect to the incurrence of such Additional Senior Obligations, or (B) that the ratings on the then Outstanding Senior Obligations, after giving pro forma effect to the incurrence of such Additional Senior Obligations, will not be lowered as a result of the incurrence of the Additional Senior Obligations; and

(iv) prior to the Discharge of Senior Bank Obligations in their entirety, the conditions set forth in Section 6.18 of the Common Terms Agreement are satisfied as determined by the Required Bank Finance Parties;

provided that, the Borrower need not satisfy the conditions in clause (ii) or (iii) above to (x) incur Additional Senior Obligations that are Completion Obligations, if the aggregate principal amount of such Completion Obligations (together with the principal amount of all previously incurred Completion Obligations) does not exceed 10% of the aggregate original principal amount of all Secured Obligations issued prior to the first incurrence of Completion Obligations, or (y) incur Additional Senior Obligations to Refinance Outstanding Senior Obligations, if the incurrence of such Additional Senior Obligations does not result in an increase in Annual Debt Service in any Fiscal Year on all Outstanding Senior Obligations following the incurrence of such Additional Senior Obligations.

(b) *Additional Subordinate Obligations.* The Borrower shall not incur Additional Subordinate Obligations unless each of the following additional conditions are satisfied as of the date on such Additional Subordinate Obligations are incurred:

(i) The Borrower has provided to the Collateral Agent evidence indicating that, as of the date of incurrence of such Additional Subordinate Obligations, the Borrower has met the requirements under the Lease Agreement for the incurrence of such Additional Subordinate Obligations (as such requirements are in effect on the date hereof without giving effect to any waiver by the Port Authority); and

(ii) The Borrower has provided to the Collateral Agents (A) evidence that, after giving effect to the incurrence of such Additional Subordinate Obligations the Borrower is

in compliance with Section 10.25 and (B) a certificate from an Airport Consultant stating that, based upon reasonable assumptions, projected Project Revenues will be sufficient to satisfy the requirements of Section 10.25(a) (including such Additional Subordinate Obligations proposed to be incurred but excluding any Subordinate Obligations proposed to be Refinanced with the proceeds of such Additional Subordinate Obligations) for each Fiscal Year following the incurrence of the Additional Subordinate Obligations to the final maturity of all Outstanding Subordinate Obligations, provided that with respect to the incurrence of such Additional Subordinate Obligations issued pursuant Section 84(a)(B)(I)(3) of the Lease Agreement, (A) the Borrower will only be required to achieve, in each DSCR Calculation Period, a Total Debt Service Coverage Ratio of 1.10x during the Ramp-up Period and a Total Debt Service Coverage Ratio of 1.0x thereafter and (B) the Borrower need not satisfy the prospective financial ratios in Section 10.25(a) for any periods during which 100% of the Aggregate Debt Service on the Additional Subordinate Obligations is capitalized;

(iii) prior to the Discharge of Senior Bank Obligations in their entirety, the conditions set forth in Section 6.18 of the Common Terms Agreement are satisfied as determined by the Required Bank Finance Parties; and

(iv) no TDC Building Loan Agreement supplement is entered into with respect to such Additional Subordinate Obligations;

provided that, the Borrower need not satisfy the conditions in clause (ii) above to (x) incur Additional Subordinate Obligations that are Completion Obligations, if the aggregate principal amount of such Completion Obligations (together with the principal amount of all previously incurred Completion Obligations) does not exceed 10% of the aggregate original principal amount of all Secured Obligations issued prior to the first incurrence of Completion Obligations, or (y) incur Additional Subordinate Obligations to Refinance Outstanding Subordinate Obligations, if the incurrence of such Additional Subordinate Obligations does not result in an increase in Annual Debt Service in any Fiscal Year on all Outstanding Subordinate Obligations following the incurrence of such Additional Subordinate Obligations.

## **ARTICLE XI COVENANTS OF THE ISSUER**

**Section 11.01 Binding Obligations of the Issuer.** For and in consideration of the benefits accruing and expected to accrue to it as a Secured Party under this Agreement, the Issuer hereby acknowledges, represents and warrants that this Agreement has been duly authorized, executed and delivered by, and is valid and binding on the Issuer. The obligations of the Issuer under this Article XI shall be binding upon it and its successors and assigns, shall be absolute and unconditional, and shall remain in full force and effect until the payment of the Bonds and the satisfaction, discharge and release of the Indenture.

**Section 11.02 Issuer Tax Covenant.** The Issuer covenants that it shall not take any action within its control that would, nor refrain from taking any action reasonably requested by the Borrower, the Trustee or the Collateral Agents, as applicable, if refraining would, cause the interest

on the Tax-Exempt Obligations to become includable in gross income for federal income tax purposes; provided, however, that the breach of this covenant shall not result in any pecuniary liability of the Issuer and the only remedy to which the Issuer shall be subject shall be specific performance. Notwithstanding any other provision of the Indenture to the contrary, so long as it is necessary to maintain the exclusion of interest on the Tax-Exempt Obligations from gross income for federal income tax purposes, the covenants contained in this Section shall survive the payment of the Tax-Exempt Obligations and the interest thereon, including any payment or defeasance thereof pursuant to Section 7.01 of the Master Indenture.

**Section 11.03 Issuer Arbitrage Covenants.** The Issuer covenants and certifies to and for the benefit of the owners of the Tax-Exempt Obligations Outstanding that money on deposit in any Account or Subaccount in connection with the Tax-Exempt Obligations, whether or not such money was derived from proceeds of the sale of the Tax-Exempt Obligations or from any other source, will not be used in a manner which will cause the Tax-Exempt Obligations to be classified as “arbitrage bonds” within the meaning of Section 148 of the Code or “hedge bonds” under Section 149(g) of the Code or otherwise cause the interest on the Tax-Exempt Obligations to be included in gross income for Federal income tax purposes. Pursuant to such covenant, the Issuer obligates itself to comply throughout the term of the Tax-Exempt Obligations with the requirements of Section 148 of the Code, as provided in the Tax Certificate. Further, the Issuer shall make or cause to be made any and all payments required to be made to the United States Department of the Treasury in connection with the Tax-Exempt Obligations pursuant to Code Section 148(f) from amounts made available for such purpose by the Borrower. The Issuer shall keep, or cause to be kept, accurate records of each investment property (as that term is defined in Section 148 of the Code) acquired, directly or indirectly, with the proceeds of the Tax-Exempt Obligations. Notwithstanding any other provision of the Indenture to the contrary, so long as necessary to maintain the exclusion of interest on the Tax-Exempt Obligations from gross income for federal income tax purposes, the covenants contained in this Section shall survive the payment of the Tax-Exempt Obligations and the interest thereon, including any payment or defeasance thereof pursuant to Section 7.01 the Master Indenture. Notwithstanding any provision of this Section 11.03, if the Issuer obtains an Opinion of Bond Counsel to the effect that any action required under this Section 11.03 is no longer required or that some further action is required to maintain the exclusion from federal income tax of interest on the Tax-Exempt Obligations, the Issuer may rely conclusively on such Opinion in complying with the requirements of this Section 11.03, and the covenants contained herein shall be deemed modified to that extent.

**Section 11.04 Further Assurances and Corrective Instruments.** The Issuer agrees that it will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the expressed intentions of the Financing Documents and as may be necessary or desirable for establishing, maintaining, assuring, conveying, granting, assigning, securing and confirming the Security Interests (whether now existing or hereafter arising) granted by or on behalf of the Borrower to the Collateral Agents, as applicable, for the benefit of the applicable Secured Parties, pursuant to the Security Documents, or intended so to be granted pursuant to the Security Documents, or which the Borrower may become bound to grant.

**Section 11.05 Amendments Not Requiring Consent of Issuer.** Subject to Section 12.02 hereof, the Issuer acknowledges and agrees that the Collateral Agents (acting upon the instruction

of the Intercreditor Agent), the Intercreditor Agent and the Borrower may amend this Agreement without the consent or approval of the Issuer, provided that such modification or amendment does not, in the good faith opinion of the Collateral Agents (acting upon the instruction of the Intercreditor Agent), the Intercreditor Agent and the Borrower, have an adverse effect on the rights or interests of the Issuer or the Bondholders or the tax-exempt status of the Tax-Exempt Obligations.

## **ARTICLE XII MISCELLANEOUS PROVISIONS**

**Section 12.01 Further Assurances.** The Borrower agrees that it will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the expressed intentions of the Financing Documents and as may be necessary or desirable for establishing, maintaining, assuring, conveying, granting, assigning, securing and confirming the applicable Security Interests (whether now existing or hereafter arising) granted by or on behalf of the Borrower to the Collateral Agents, as applicable, for the benefit of the applicable Secured Parties, pursuant to the Security Documents, or intended so to be granted pursuant to the Security Documents, or which the Borrower may become bound to grant, and the subject of each such Security Interest will comply with the requirements under the Financing Documents and the Borrower's representations and warranties in Section 2.2 hereof. The Agents and the Issuer and their respective successors, assignees and agents are each authorized to file or cause to be filed any financing statements, supplements and further instruments in connection with the foregoing, provided that Agents and the Issuer shall have no responsibilities for such filings, other than executing the documents requested by the Borrower. The Agents' and the Issuer's approval shall not be required prior to the release of Security Interests that have been properly discharged.

### **Section 12.02 Amendments; Waivers.**

(a) Any term, covenant, agreement or condition of this Agreement or any of the Security Documents may be amended or waived only by an instrument in writing signed by each Collateral Agent (acting upon the instruction of the Intercreditor Agent), the Intercreditor Agent and the Borrower; provided, that (i) no such amendment or waiver shall violate any restriction or other provision of the Indenture, the Common Terms Agreement or any other Financing Documents and (ii) the consent of the Securities Intermediary shall be required for any amendment to Section 5.24 or any other amendment that would modify the rights or obligations of the Securities Intermediary. Further, the Port Authority shall be a third party beneficiary of the following provisions hereof (and related defined terms), which shall not be amended or modified without the prior written consent of the Port Authority: (i) Sections 5.02(b), 5.02(c), 5.03(a), 5.03(b), 5.04(o), 5.05, 5.13(c), 5.14(e), 5.18, or 5.19, or (ii) any other section to the extent (A) conferring on the Port Authority the right to receive notices or copies of certificates and/or the right to provide written instructions to the Collateral Agents, as applicable, and/or (B) inconsistent with or in conflict with any term of the Lease Agreement.

(b) The waiver (whether express or implied) by the Collateral Agents of any breach of the terms or conditions of this Agreement, and the consent (whether express or implied) of any Secured Party shall not prejudice any remedy of the Collateral Agents or any other Secured Party

in respect of any continuing or other breach of the terms and conditions hereof, and shall not be construed as a bar to any right or remedy which the Collateral Agents or such other Secured Party would otherwise have on any future occasion under this Agreement.

(c) No failure to exercise nor any delay in exercising, on the part of the Collateral Agents or any other Secured Party, of any right, power or privilege under this Agreement shall operate as a waiver thereof; further, no single or partial exercise of any right, power or privilege under this Agreement shall preclude any other or further exercise thereof or the exercise of any other right, power or privilege available to it. All remedies hereunder and under the other Security Documents are cumulative and are not exclusive of any other remedies that may be available to the Collateral Agents, whether at law, in equity or otherwise.

### **Section 12.03 Successors and Assigns.**

(a) Except for the third party beneficiary rights expressly conferred upon the Port Authority under Section 12.02(a) hereof, this Agreement and the other Security Documents shall be binding upon, and inure, solely to the benefit of the Collateral Agents, the Securities Intermediary, the Deposit Account Bank, the Borrower, the Secured Parties and their respective successors and permitted assigns and, subject to Section 6.04 hereof, each Secured Party shall be an express third party beneficiary of this Agreement.

(b) Nothing contained in this Agreement or any other Security Document is intended to limit the right of any Secured Party to assign, transfer or grant participations in its rights in its respective Secured Obligations and Financing Documents.

**Section 12.04 Notices.** Unless otherwise expressly provided herein, all notices, instructions, consents, requests, directions and other communications provided for herein (each, a “Notice”) shall be in writing, and each Notice shall be (a) personally delivered to the duly designated officer or representative of the applicable Party; (b) delivered to the office of such officer or representative during regular business hours or (c) forwarded to such officer or representative at such address by certified or registered mail or a reputable express overnight courier, with delivery receipt requested, in each case addresses as follows:

(i) if to the Port Authority, to the address set forth therefor in the Lease Agreement.

The identity of such Responsible Officers, as well as their specimen signatures, will be delivered to the Collateral Agents in the form of one or more duly completed and executed Incumbency Certificates in the form of Exhibit H each of which will remain in effect until such party notifies the Collateral Agents of any change by delivery of a replacement Incumbency Certificate duly completed and executed in the form of Exhibit H.

In their capacity as Collateral Agents, the Collateral Agents will accept all instructions and documents complying with the above under the indemnities provided in this Agreement, and reserves the right to refuse to accept any instructions or documents which fail, or appear to fail, to comply with the terms hereof; provided that in the event of any such refusal by the Collateral Agents, the Collateral Agents shall promptly notify the relevant Responsible Officer executing the instructions or delivering the documents of such non-compliance and provide a reasonable time

period for the correction thereof. Further to this procedure, the Collateral Agents reserve the right to telephone a Responsible Officer of the Intercreditor Agent or the Borrower to confirm the details of such instructions or documents if they are not already on file with it as standing instructions, and the Collateral Agents agree that they will promptly telephone a Responsible Officer of the Intercreditor Agent or the Borrower, as applicable, if the Collateral Agents have determined that it will refuse to accept any instructions or documents which fail, or appear to fail, to comply. The Collateral Agents and the parties hereto agree that the above constitutes a commercially reasonable security procedure.

Any party hereto may change its address for Notices by notice to the Borrower, the Collateral Agents, and the Intercreditor Agent. All Notices required or permitted to be given pursuant to this Agreement shall be in writing.

Notices shall be deemed received when actually received in the office of the addressee (or by the addressee if personally delivered) or when delivery is refused, as shown on the receipt of the U.S. Postal Service, private carrier or other Person making the delivery. If mailed, the Notices herein required to be served shall be deemed effective and served as of the date of the return of verification of delivery of certified or registered mailing thereof, or one (1) day after deposit with a reputable express overnight courier.

The Collateral Agents shall, upon request, provide written confirmation of its receipt of all such notices. All instructions required under this Agreement will be delivered to the Collateral Agents in writing, in either original or facsimile form, executed by a Responsible Officer.

In addition to the above means of giving notice, the Collateral Agents, the Deposit Account Bank, the Security Intermediary and the Intercreditor Agent (each an “Instructed Party”) shall have the right to accept and act upon instructions, including funds transfer instructions (“Instructions”) given pursuant to (and in accordance with) this Agreement and delivered using Electronic Means; provided, however, that the Borrower shall provide to each Instructed Party an incumbency certificate listing persons with the authority to provide such Instructions (“Authorized Persons”) and containing specimen signatures of such Authorized Persons, which incumbency certificate shall be amended by the Borrower whenever a person is to be added or deleted from the listing. If the Borrower elects to give any Instructed Party any Instructions using Electronic Means, and such Instructed Party, in its discretion, elects to act upon such Instructions, such Instructed Party’s understanding of such Instructions shall be deemed controlling. The Borrower understands and agrees that if an Instructed Party cannot determine the identity of the actual sender of such Instructions, such Instructed Party may conclusively presume that directions that purport to have been sent by an Authorized Person listed on the incumbency certificate provided to such Instructed Party have been sent by such Authorized Persons. The Borrower shall be responsible for ensuring that only Authorized Persons transmit such Instructions to the Instructed Parties and that the Borrower and all Authorized Persons are solely responsible to safeguard the use and confidentiality of applicable user and authorization codes, passwords and/or authentication keys upon receipt by the Borrower. No Instructed Party shall be liable for any losses, costs or expenses arising directly or indirectly from such Instructed Party’s reliance upon and compliance with such Instructions notwithstanding such directions conflict or are inconsistent with a subsequent written instruction. The Borrower agrees: (i) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Instructed Parties, including without limitation the risk of an Instructed Party

acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Instructed Parties and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Borrower; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Instructed Parties immediately upon learning of any compromise or unauthorized use of the security procedures.

**Section 12.05 Counterparts.** This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one and the same instrument and any of the parties hereto may execute this Agreement by signing any such counterpart. Delivery of an executed signature page to this Agreement by electronic transmission shall be as effective as delivery of a manually signed counterpart of this Agreement. Each party hereto acknowledges and agrees that they may execute this Agreement, and any variation or amendment hereto, using Electronic Signatures. Such Electronic Signatures are intended to authenticate this writing and to have the same force and effect as handwritten signatures.

**Section 12.06 Applicable Law; Waiver of Jury Trial.** THE EFFECT AND MEANING OF THIS AGREEMENT AND THE RIGHTS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED ACCORDING TO, THE LAWS OF THE STATE, WITHOUT GIVING EFFECT TO THE PRINCIPLES OF CONFLICTS OF LAWS THEREOF. EACH OF THE ISSUER AND THE BORROWER HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

**Section 12.07 Captions.** The headings of the several articles and sections and subsections of this Agreement are inserted for convenience only and shall not in any way affect the meaning or construction of any provision of this Agreement.

**Section 12.08 Severability.** Whenever possible, each provision of this Agreement shall be interpreted in such a manner as to be effective and valid under applicable Law, but if any provision of this Agreement shall be prohibited by or invalid under applicable Law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this Agreement.

**Section 12.09 Collateral Agents' Rights.**

(a) If at any time the Collateral Agents are served with any judicial or administrative order, judgment, decree, writ or other form of judicial or administrative process which in any way affects the Collateral (including but not limited to orders of attachment or garnishment or other forms of levies or injunctions or stays relating to the transfer of such property), the Collateral Agents are authorized to comply therewith in any manner it or legal counsel of its own choosing (at the sole cost and expense of the Borrower) reasonably deems appropriate; and if the Collateral Agents comply with any such judicial or administrative order, judgment, decree, writ or other form of judicial or administrative process, the Collateral Agents shall not be liable to any of the parties

hereto or to any other Person or entity even though such order, judgment, decree, writ or process may be subsequently modified or vacated or otherwise determined to have been without legal force or effect.

(b) In the event of any dispute between or conflicting claims by or among the Borrower, the Secured Parties and/or any other Person or entity with respect to any property being held by the Collateral Agents in connection with this Agreement or the other Security Documents, the Collateral Agents shall be entitled, in their sole discretion, to refuse to comply with any and all claims, demands or instructions with respect to such property so long as such dispute or conflict shall continue, and the Collateral Agents shall not be or become liable in any way to the Borrower, the Secured Parties or any other party for failure or refusal to comply with such conflicting claims, demands or instructions. Any Collateral Agent shall be entitled to refuse to act with respect to any such dispute or conflicting claims until, in its sole discretion, either (i) such dispute or conflicting claims, demands or instructions shall have been determined by a final order, judgment or decree of a court of competent jurisdiction (at the sole cost and expense of the Borrower), which order, judgment or decree is not subject to appeal, or settled by agreement between the conflicting parties as evidenced in a writing reasonably satisfactory to such Collateral Agents or (ii) such Collateral Agents shall have received security or an indemnity reasonably satisfactory to it sufficient to hold it harmless from and against any and all losses which it may incur by reason of so acting. Any court order, judgment or decree shall be accompanied by a legal opinion by counsel for the presenting party, reasonably satisfactory to the Collateral Agents in such Collateral Agent's sole and absolute discretion, to the effect that said order, judgment or decree represents a final adjudication of the rights of the parties by a court of competent jurisdiction, and that the time for appeal from such order, judgment or decree has expired without an appeal having been perfected (which opinion may be subject to customary assumptions, qualifications or exceptions). The Collateral Agents shall act on such court order and legal opinions without further question.

(c) To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify, and record information that identifies each Person who opens an account. When any account or sub-account is opened, the Collateral Agents shall be entitled to such information that will allow it to identify the individual or entity who is establishing the relationship or opening the account and may also ask for formation documents such as articles of incorporation or other identifying documents to be provided.

(d) Whenever reference is made in this Agreement to any action by, consent, designation, specification, requirement or approval of, notice, request or other communication from, or other direction given or action to be undertaken or to be (or not to be) suffered or omitted by the Collateral Agents or to any election, decision, opinion, acceptance, use of judgment, expression of satisfaction or other exercise of discretion, rights or remedies to be made (or not to be made) by the Collateral Agents, it is understood that in all such cases when the Intercreditor Agent has objected or, to the extent the consent of the Intercreditor Agent is required for the same, it has not consented (in either case, acting at the direction of the Required Creditors, in accordance with the Intercreditor Agreement), the Collateral Agents shall be fully justified in failing or refusing to take any such action under this Agreement. This provision is intended solely for the benefit of the Collateral Agents and their successors and permitted assigns and is not intended to

and will not entitle the other parties hereto to any defense, claim or counterclaim, or confer any rights or benefits on any party hereto.

**Section 12.10 Transfers to and from Accounts.** Notwithstanding anything herein to the contrary, all deposits to and withdrawals from the Accounts established herein shall be made via wire transfer.

**Section 12.11 PATRIOT Act Notification.** The Collateral Agents hereby notify the Borrower that pursuant to the requirements of the USA PATRIOT ACT, Title III of Pub. L., 107-56 (signed into law October 26, 2001) (the “PATRIOT Act”), the Collateral Agents may be required to obtain, verify and record information that identifies the Borrower, which information includes the **name, address, tax identification number and other information** regarding the Borrower that will allow the Collateral Agents to identify the Borrower in accordance with the PATRIOT Act.

**Section 12.12 Events Occurring on Days That Are Not Business Days.** Other than as expressly set forth in this Agreement, if the date for making any payment or the last day for the performance of any act or the exercising of any right under this Agreement is a day that is not a Business Day, such payment shall be made, such act shall be performed and such right shall be exercised on the next succeeding Business Day, with the same force and effect as if done on the nominal date herein.

**Section 12.13 Role of the Intercreditor Agent.** The Intercreditor Agent shall be entitled to all of its rights, benefits, protections and immunities set forth in the Intercreditor Agreement. Notwithstanding anything to the contrary herein, the Intercreditor Agent shall not be obligated to provide any consents, directions, determinations, acceptances, rejections or other similar actions pursuant to this Agreement unless it shall have first been so directed by the Required Creditors pursuant to the Intercreditor Agreement, and the Intercreditor Agent shall have no liability for taking any such actions in accordance with such directions and shall not be liable for any failure or delay in taking such actions resulting from any failure or delay by such parties in providing such directions.

**Section 12.14 Issuer Acknowledgement.** The Issuer acknowledges that it has received a copy of the Intercreditor Agreement.

**Section 12.15 Effectiveness Date.** The date of this Agreement is for reference purposes only and shall not be construed to imply that this Agreement was executed as of the date first written above. This Agreement has been executed by the parties hereto and is effective on the Closing Date.

The Bond Insurer is intended to be and is hereby explicitly recognized as being a third-party beneficiary with respect to Sections 2.4, 3.3(a)(viii), 3.5(a), 4.4(b), 5.4 and 8.3(b)(vi) of the Intercreditor Agreement. For all purposes of this Agreement, “Additional Senior Creditor”, “Secured Parties” and “Senior Secured Parties” shall include the Bond Insurer (but only with respect to the Senior Bond Insurer Obligations), and “Additional Senior Obligations” “Senior Obligations” “Senior Secured Debt” and “Senior Bond Obligations” shall each include the Senior Bond Insurer Obligations. Without limiting the foregoing, in determining whether any amendment, supplement, modification, or waiver under this Agreement would reasonably be expected to have a materially adverse effect on the rights and interests of the Bond Insurer or the security for the Insured Bonds, the Senior Collateral Agent shall act upon the reasonable direction of the applicable Bond Insurer. In the event that in connection with the issuance of Additional Insured Bonds, any Bond Insurer of such Additional Insured Bonds obtains terms under the Financing Documents (other than the Bond Insurer Premium amount) that are more favorable than those under the Financing Documents applicable to the Series 2024 Bond Insurer, such terms under the Financing Documents applicable to the Series 2024 Bond Insurer shall be revised at the time of the issuance of such Additional Insured Bonds so that they are as, but no more, favorable than the terms obtained by the Bond Insurers of such Additional Insured Bonds.”

All condemnation proceeds, including interest thereon, which may heretofore and hereafter be received by the Mortgagor pursuant to the Lease Agreement and which are not required to be paid to or retained by the Port Authority under the Lease Agreement or paid to or retained by the City pursuant to the Basic Lease or the Lease Agreement;

Any agreements, contracts, certificates, instruments, franchises, permits, licenses, plans, specifications and other documents, (other than the leases, subleases, sub-subleases, lettings, licenses, concessions or other agreements for the use of space in the Premises pledged above) now or hereafter entered into, as each of the same may have been and may be further amended, modified or supplemented from time to time, and all rights therein and thereto, to the extent respecting or pertaining to the occupation, development, construction, repair, maintenance, management or operation of the Premises and any part thereof or any business or activity conducted on the Premises and any part thereof and all right, title and interest of the Mortgagor therein and thereunder (provided that, to the extent any third-party consent may be required in connection with the mortgaging of such document, no such document shall be deemed mortgaged until the required consent is obtained or the requirement waived); and

TOGETHER WITH any rights granted to the Mortgagor under the Lease Agreement of ingress and egress to, on and over other portions of the Premises, between the Premises and city streets or public ways outside the Premises by means of existing roadways at the Premises to be used in common with others having rights of passage within the Premises, and any substitute means of ingress and egress, in all cases subject to the Lease Agreement;

TOGETHER WITH all of the Mortgagor's right, title and interest to all proceeds of any sale, transfer, financing, refinancing, or conversion into cash or liquidated claims, whether voluntary or involuntary of any of the Mortgaged Property, including, without limitation, but subject to the terms of the Lease Agreement, all insurance proceeds resulting from damage to or destruction of the Premises; and

TOGETHER WITH all additional estates, right, title and interest of the Mortgagor in and to the Premises, any and all buildings, improvements and fixtures now or hereafter situated thereon and the Mortgaged Property or any part thereof which may from time to time be acquired by the Mortgagor, in each case pursuant to the Lease Agreement; and subject to the same limitations and qualifications set forth in this Section 2 as if such estates, rights, titles and interests of the Mortgagor were estates, rights, titles and interest of the Mortgagor on the date hereof, all rights, titles and interests of the Mortgagor in and to any additional property and rights that may from time to time hereafter be subjected to the lien hereof in writing by the Mortgagor or by anyone on their behalf.

Each of the rights granted in this Leasehold Mortgage is and shall be (a) appurtenant to the leasehold estate in the Premises created by the Lease Agreement, (b) automatically transferred with any permitted assignment or other transfer of the Lease Agreement and the leasehold estate created thereby and (c) coupled with an interest and irrevocable during the term of the Lease Agreement.

Except to the extent required for the performance of any of the obligations of the Mortgagor under the Lease Agreement and as permitted thereunder, nothing contained in this Leasehold Mortgage shall grant to the Leasehold Mortgagee any rights whatsoever in the air space above the Premises in excess of the heights of the structures thereon as set forth in the final Project Documents.

TO HAVE AND TO HOLD the Mortgaged Property, together with all rights and claims of the Mortgagor therein, to the Leasehold Mortgagee, its successors and assigns forever, upon the terms and conditions and for the uses hereinafter set forth.

PROVIDED, HOWEVER, these presents are upon the express condition that, if the Mortgagor shall pay to the owners of the Senior Building Loan Obligations at the time and in the manner provided in each evidence of the Senior Building Loan Obligations, and shall pay and perform the other obligations in full, as set forth in this Leasehold Mortgage, and shall comply with each and every covenant and condition set forth herein and therein, and no Senior Secured Party shall have any commitment to lend or make available any additional funds to the Mortgagor pursuant to any Senior Financing Document and this Leasehold Mortgage, then these presents and the estate hereby granted shall cease, terminate and be void.

The Leasehold Mortgagee may exercise any rights granted hereby in respect of the Mortgaged Property or any remedies (including cure rights) with respect to the Mortgaged Property, subject in all cases to the Lease Agreement; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor under this Leasehold Mortgage or otherwise take any action that interferes with the Mortgagor's construction, operation

or maintenance of the Mortgaged Property, except as otherwise provided in the Senior Financing Documents.

This Leasehold Mortgage and the lien created hereby are subordinate to the fee estate held by the City in the Mortgaged Property and to the leasehold estate held by the Port Authority pursuant to the Basic Lease. In no event shall the lien created by this Leasehold Mortgage attach to (a) the fee or any other estate held by the City in the Mortgaged Property, (b) any other property which becomes the City's property upon the termination or expiration of the Basic Lease or (c) the leasehold estate from the City or otherwise held by the Port Authority in the Mortgaged Property. This instrument does not extend to or affect, or represent a lien or encumbrance on, the estate or interest of the fee owner of the Premises that are the subject of this instrument or any property located therein or thereon, and in the event of any inconsistent provision in this instrument, this provision shall prevail.

For the avoidance of doubt, the Senior Collateral Agent is a Recognized Mortgagee (as defined in the Lease Agreement).

For the avoidance of doubt, except as may be provided in the Lease Agreement, the Port Authority shall have no liability whatsoever for payment of any principal sum secured by this Leasehold Mortgage, or any interest accrued thereon or any other sum secured hereby or accruing hereunder and, to the fullest extent allowable under applicable Law and except as provided in the Section 83 of the Lease Agreement, the Leasehold Mortgagee affirms and acknowledges that it shall not be entitled to seek any damages or other amounts against the Port Authority for any or all of the same. Further, the Port Authority shall have no obligation to the Leasehold Mortgagee in regard to the enforcement of the Port Authority's rights and remedies under the Lease Agreement or as otherwise provided by applicable Law; except to the extent the Port Authority has expressly agreed in the Lease Agreement that its rights thereunder are subject to the rights of the Recognized Mortgagee (as defined in the Lease Agreement) or granted other rights to the Recognized Mortgagee, in each case, under Section 83 or elsewhere in the Lease Agreement or under the Senior Financing Documents.

For the avoidance of doubt, in no instance shall the Leasehold Mortgagee, by virtue of this Leasehold Mortgage, acquire any greater rights or interest in the Premises than the Mortgagor has at any applicable time under the Lease Agreement (other than such specific rights or interests as may be granted to or acquired by the Leasehold Mortgagee as a Recognized Mortgagee (as defined in the Lease Agreement) in accordance with Section 83 of the Lease Agreement).

### Section 3. Representations, Warranties and Covenants.

The Mortgagor represents, warrants and covenants to and with the Leasehold Mortgagee as follows:

(i) The Mortgagor is a limited liability company duly organized and existing in good standing under the laws of the State of Delaware, is lawfully seized of the Mortgaged Property, has the power and authority to create, pledge and grant the leasehold mortgage as provided in this Leasehold Mortgage, to own its property and assets, to lease the

Premises and to enter into this Leasehold Mortgage, and its execution, delivery and performance of the obligations hereunder has been duly authorized by all necessary action on the part of the Mortgagor;

(ii) The Mortgagor has a valid leasehold interest in the portion of the Premises comprised of real property (other than Permanent Rights of Access (as defined in the Lease Agreement)), subject only to Permitted Liens. The Mortgaged Property is, and the Mortgagor will keep the Mortgaged Property, free and clear of all liens and encumbrances other than the Permitted Liens. Other than Permitted Liens, Mortgagor has not made an assignment of the Mortgaged Property which is assigned hereunder which remains in effect as of the date hereof, except pursuant to the Senior Financing Documents, and will forever warrant and defend the title to the Mortgaged Property against all claims and demands by, through or under the Mortgagor and will maintain and preserve the validity and priority of the lien of this Leasehold Mortgage so long as the 2022 TDC Building Notes or any Note issued under the TDC Building Loan Agreement, is outstanding;

(iii) The Mortgagor agrees that it will promptly and fully comply with all the terms, provisions, covenants, conditions, obligations and agreements imposed upon or assumed by the Mortgagor under the Lease Agreement, this Leasehold Mortgage, and the other Senior Financing Documents, except to the extent any such non-compliance is permitted by the Senior Financing Documents;

(iv) The Mortgagor agrees that in the event that the Mortgagor fails to perform any of its obligations under this Leasehold Mortgage, the Lease Agreement or under the other Senior Financing Documents, the Leasehold Mortgagee shall have the right (but not the obligation), to the extent set forth in the Lease Agreement, to perform such obligations in accordance with the terms and conditions of the Lease Agreement, this Leasehold Mortgage and the other Senior Financing Documents; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor or otherwise take any action that interferes with the Mortgagor's construction, operation or maintenance of the Mortgaged Property, except as otherwise provided in the Senior Financing Documents; and

(v) The Mortgagor will prepare and execute any documents necessary to record this Leasehold Mortgage. Mortgagor authorizes and directs the Senior Collateral Agent to prepare and file any necessary financing statements and, at periodic intervals, continuation statements pursuant to the Uniform Commercial Code as in effect in the State of Delaware (or any other relevant jurisdiction, including the State of New York) and any other documents required to perfect or continue the perfection of the lien and security interest granted in this Leasehold Mortgage. Mortgagor will pay all filing or recording costs with respect thereto and all costs of filing or recording this Leasehold Mortgage or any other instrument, agreement or document executed and delivered pursuant to this Leasehold Mortgage in all public offices where filing or recording is deemed by the Leasehold Mortgagee to be necessary or desirable.

Section 4. Payment of Debt Service.

Mortgagor will promptly pay, or cause to be paid, all payments due pursuant to the TDC Building Loan Agreement, the 2022 TDC Building Notes and all other sums secured hereby when due and will continue to be liable for the payment of debt service until such sums are paid in full, notwithstanding any actions which may be brought by the Leasehold Mortgagee to recover any amount or amounts for installments of debt service or other sums to which it may be lawfully entitled under this Leasehold Mortgage or the other Senior Financing Documents, or to recover any amount or amounts in respect of taxes, assessments, water rents, sewer rents or other public charges, or fire or other insurance premiums to which it may be lawfully entitled under this Leasehold Mortgage.

Section 5. Insurance.

(a) The Mortgagor shall comply with the requirements of Section 10.03 of the Collateral Agency and Accounts Agreement.

(b) The Mortgagor hereby assigns and shall deliver to the Leasehold Mortgagee all insurance proceeds the Mortgagor is entitled to under the Lease Agreement which are not required to be paid to or retained by the Port Authority under the Lease Agreement or paid to or retained by the City pursuant to the Basic Lease or the Lease Agreement and does receive as collateral and further security for the Senior Building Loan Obligations of the Mortgagor secured hereby, to be applied in accordance with the Lease Agreement, the Intercreditor Agreement and the Collateral Agency and Accounts Agreement.

Section 6. Condition of Premises.

The Mortgagor will comply in all material respects with its obligations under the Lease Agreement with respect to the maintenance of the condition and repair of the Mortgaged Property.

Nothing contained in this Leasehold Mortgage, nor any action or inaction of any Leasehold Mortgagee, shall constitute any consent or request, express or implied, by the Leasehold Mortgagee (a) for the performance of any labor or services or the furnishing of any materials or other property in respect of the Mortgaged Property or any part thereof, or (b) as giving the Mortgagor any right, power or authority to contract for or permit the performance of any labor or services or the furnishing of any materials or other property, in such fashion as would permit the making of any claim against any Leasehold Mortgagee in respect thereof or any claim that any lien based on the performance of such labor or services or the furnishing of such materials or other property is superior to this Leasehold Mortgage.

Section 7. Lease Agreement.

(a) The Mortgagor covenants that it will not (i) do, or permit anything to be done, or omit or refrain from doing anything, the doing or omission of which will give the Port Authority a right to terminate the Lease Agreement, and (ii) terminate, or (to the extent it has the right to consent) consent to the termination of, the Lease Agreement without the prior written approval of the Leasehold Mortgagee. Upon the occurrence of any Event of Default under the

Lease Agreement, the Mortgagor shall promptly take such actions as may be necessary to timely effect a cure thereof. To the extent the Mortgagor receives any payment attributable to the Senior Building Loan Obligations, such amounts will be immediately paid to the Senior Collateral Agent for disposition in accordance with the Senior Financing Documents. The obligation under the immediately preceding sentence shall survive any termination of this Leasehold Mortgage for so long as any Senior Building Loan Obligations remain outstanding.

(b) The approval of the Leasehold Mortgagee (such approval not to be unreasonably withheld, delayed or conditioned) is required for any amendment, variation, modification of, or a waiver of the Mortgagor's rights and obligations under the following provisions of the Lease Agreement: Section 2(ee) (*Compensation Events*), Section 2(ff) (*Delay Events*), Section 4 (*Rental*) (other than Excess Value Rent, so long as Excess Value Rent continues to be payable solely from the Remaining Revenue Account on a Quarterly Distribution Date on which the Mortgagor is permitted, pursuant to the Financing Documents, to distribute such cash), Section 19 (*Condemnation*), Section 21 (*Termination by the Port Authority*), Section 23 (*Waiver of Redemption*), Section 24 (*Survival of the Obligations of the Lessee*), Section 25 (*Reletting by the Port Authority*), Section 26 (*Remedies to be Non-Exclusive*), Section 27 (*Delivery of Possession of the Premises at the End of the Term*), Section 28 (*Acceptance of Surrender of Lease*), Section 29 (*Basic Lease*), Section 53 (*Purchase of Property*), Section 76 (*Termination by Lessee*), Section 77 (*Effect of Termination by Lessee*), Section 83 (*Project Financing*) and Section 84 (*Refinancing*) (including, in each case, amendments to or variations or modifications of the defined terms used in such provisions to the extent such amendments, variations or modifications affect the substance of such provisions), or any other amendment, variation or modification of the Lease Agreement that could reasonably be expected to have a material adverse effect on the rights or interests of the Bondholders, the Bank Lenders or Leasehold Mortgagee (or any other Senior Secured Party). The Leasehold Mortgagee will respond to any request from the Mortgagor or the Port Authority for approval of a modification or amendment of the Lease Agreement within a reasonable period of time. The Leasehold Mortgagee acknowledges that its consent shall not be required if an amendment to, or variation or modification of, the Lease Agreement is necessary for the Port Authority, in the Port Authority's sole discretion, to be in compliance with the Basic Lease or any applicable law and, provided, further, the Leasehold Mortgagee shall not require the Port Authority to pay any fee, charge, or other amount (including reimbursement of any cost or expense) in connection with providing the consent of the Leasehold Mortgagee (where such consent is required, as provided in the Lease Agreement or in any other Senior Financing Documents).

(c) The parties hereto acknowledge that, except as otherwise approved in writing by the Port Authority, all rights of the Leasehold Mortgagee in its capacity as a transferee of the Mortgagor's rights under the Lease Agreement shall be subject and subordinate to all of the provisions of the Lease Agreement and to all of the rights of the Port Authority thereunder, including without limitation Section 83 thereof.

#### Section 8. Power of Attorney.

Upon the occurrence and during the continuance of an Event of Default hereunder, the Mortgagor hereby irrevocably constitutes and appoints the Leasehold Mortgagee with full authority in the name, place and stead of Mortgagor to do any and all things required to be done

in the Leasehold Mortgagee's discretion, to carry out the terms and accomplish the purposes of this Leasehold Mortgage as fully and effectively as the Mortgagor could do, including, but not limited to, the power to endorse the Mortgagor's name to checks, notes or other instruments for the payment of money, to deposit the same for the benefit of Leasehold Mortgagee and to institute, prosecute and settle all claims of Mortgagor in connection therewith. This power of attorney is coupled with an interest and shall be irrevocable until all of the Senior Building Loan Obligations is paid or satisfied in full and this Leasehold Mortgage is terminated. This power of attorney shall survive the dissolution and liquidation of Mortgagor. The powers conferred upon Leasehold Mortgagee hereunder are solely to protect its interest and shall not impose any duty upon it to exercise any of such powers.

Section 9. No Assumption by the Leasehold Mortgagee.

Nothing in this Leasehold Mortgage contained, nor any action or inaction on the part of the Leasehold Mortgagee, is intended or shall be construed as establishing between the Leasehold Mortgagee and any sublessee or between the Leasehold Mortgagee and the landlord under the Lease Agreement or any party to the Senior Financing Documents, the relationship of lessor and/or lessee or as rendering the Leasehold Mortgagee responsible or liable to any person for the manner of maintenance of the property demised under or affected by the subleases, the Lease Agreement or the Senior Financing Documents or the conduct of any business therein or as an assumption by the Leasehold Mortgagee of any liability to any Person for the fulfillment of any covenant or obligation of the subleases, the Lease Agreement or the Senior Financing Documents prior to such time as the Leasehold Mortgagee has taken ownership of the Mortgagor's interest in the Lease Agreement by foreclosure or otherwise (including a new lease has been executed between the Port Authority, as lessor and the Leasehold Mortgagee or its designee, as lessee). The Mortgagor shall at all times remain fully liable for the fulfillment of all of the terms and conditions of this Leasehold Mortgage. Further, the parties acknowledge and agree that, in accordance with Section 83(a)(11) of the Lease Agreement, notwithstanding any enforcement of the security under this Leasehold Mortgage or any restrictions contained in the Senior Financing Documents, the Mortgagor shall remain fully liable to the Port Authority for the payment of all sums owing to the Port Authority under the Lease Agreement and the performance and observance of all of the covenants and obligations of the Lessee (as such term is defined in the Lease Agreement) under the Lease Agreement, unless otherwise satisfied.

Section 10. Events of Default.

An event of default ("Event of Default") hereunder shall exist upon the occurrence and during the continuation of any of the following events:

(i) A failure to make payment under the TDC Building Loan Agreement, the 2022 TDC Building Notes or any Note issued under the TDC Building Loan Agreement of any and all amounts required when due for the payment of interest (including any Defaulted Interest), Sinking Fund Requirement, Redemption Price or principal in respect of any Series 2022A Bonds or any Senior Loans, which failure has resulted in the occurrence and continuance of an Event of Default under and as defined in the TDC Building Loan Agreement;

(ii) The Port Authority shall have given an Event of Default Notice as described in Section 21 of the Lease Agreement; or

(iii) An “Event of Default” shall have occurred and is continuing under any other of the Senior Financing Documents, but only for so long as such “Event of Default” is continuing.

Section 11. Rights and Remedies.

(a) General.

The Leasehold Mortgagee shall have those rights and remedies under this Leasehold Mortgage as are specifically provided by this Leasehold Mortgage, the Lease Agreement, the Indenture, and the other Senior Financing Documents subject to the terms and conditions stated herein, therein, at law and in equity, in each case, subject to the terms of the Intercreditor Agreement. Any amounts received by the Leasehold Mortgagee in the exercise of its rights and remedies under this Leasehold Mortgage shall be applied by the Leasehold Mortgagee in accordance with Section 15 hereof.

(b) Mortgagor Deemed Lessee.

(i) Notwithstanding any provisions hereof to the contrary, the Mortgagor, for all purposes under the Lease Agreement, shall be deemed to be the tenant under the Lease Agreement (unless and until the Recognized Mortgagee (as such term is defined in the Lease Agreement) shall have acquired the tenant’s interest in the Lease Agreement or a new lease has been executed between the Port Authority, as lessor, and the Mortgagee, as lessee, pursuant to Section 83 of the Lease Agreement, as the case may be), and the Leasehold Mortgagee shall not have any right to use or occupy the Mortgaged Property for any of the purposes set forth in Section 5 of the Lease Agreement or for any other purpose whatsoever (except as permitted in connection with the exercise of the Leasehold Mortgagee’s rights and remedies under this Leasehold Mortgage, the Lease Agreement or the other Senior Financing Documents, and except for the purpose of preserving the Mortgaged Property to the extent permitted in the Lease Agreement, this Leasehold Mortgage, or the other Senior Financing Documents, as applicable, in each case, subject to the terms of the Intercreditor Agreement), and the Leasehold Mortgagee acknowledges that the consent of the Port Authority to this Leasehold Mortgage has been given expressly upon such condition.

(ii) Except as permitted in connection with the exercise of the Leasehold Mortgagee’s rights and remedies under this Leasehold Mortgage, the Lease Agreement or the other Senior Financing Documents, and except for the purpose of preserving the Mortgaged Property to the extent permitted in the Lease Agreement, this Leasehold Mortgage and the other Senior Financing Documents, the Mortgagor shall have full and complete control of the operation and use of the Mortgaged Property.

(c) Notice of Default, Foreclosure Notice and Port Authority's Right to Purchase.

(i) The Leasehold Mortgagee shall send to the Port Authority a copy of each notice of an Event of Default given under this Leasehold Mortgage or any other Senior Financing Document, and any notice given under any such documents that the Lessee Debt (as defined in the Lease Agreement) secured hereby and then outstanding has become immediately due and payable, in accordance with Section 83(c)(2) of the Lease Agreement (a "Foreclosure Notice"), at the same time as and whenever any such Foreclosure Notice shall have been sent to the Mortgagor, but the Port Authority shall not have the right to cure any such Event of Default or other event that resulted in such Lessee Debt becoming immediately due and payable except to the extent provided in Section 11(c)(ii) below. Together with each Foreclosure Notice, the Leasehold Mortgagee shall give the Mortgagor and the Port Authority written notice, in accordance with Section 83(h)(1) of the Lease Agreement, of the amount of the unpaid principal amount of the 2022 TDC Building Notes, any other Note issued under the TDC Building Loan Agreement, and any accrued and unpaid interest thereon (including any default interest then outstanding under such documents), any prepayment premiums or penalties, make-whole amounts or other prepayment amounts or breakage costs that would be due and payable upon payoff of such amounts, and all other amounts that would be due and owing under the Senior Financing Documents (with good faith estimates provided to the extent of any liabilities, such as termination amounts under hedging arrangements, which cannot be finalized at the time of notice), and the per diem interest which will accrue on the principal amount of such outstanding debt thereunder from and after the date of such notice.

(ii) To the extent provided and in accordance with the terms and conditions of Section 83(h) of the Lease Agreement, the Port Authority shall have the right, but not the obligation, following the giving of a Foreclosure Notice by the Leasehold Mortgagee to purchase this Leasehold Mortgage and the other Senior Financing Documents from the Leasehold Mortgagee by tendering to the Leasehold Mortgagee an amount that shall equal the total amount specified in the Foreclosure Notice, including per diem interest through the date of such tender, and upon such tender this Leasehold Mortgage shall terminate and be of no further force and effect. Promptly following the Port Authority's tender of such amount specified in such Foreclosure Notice, the Mortgagor shall cause to be executed, and the Leasehold Mortgagee shall execute, a satisfaction of this Leasehold Mortgage, cause the same to be filed in the Office of the City Register for Queens County and take all other and additional actions that are required in order to discharge the lien of this Leasehold Mortgage as of record. The Leasehold Mortgagee hereby acknowledges, and agrees to be bound by, the provisions of Section 83(h) of the Lease Agreement (Port Authority's Right to Pay Off Lessee Debt).

(iii) The Leasehold Mortgagee shall give additional notice to the Mortgagor and the Port Authority of the commencement of any proceeding to foreclose upon this Leasehold Mortgage as well as all subsequent pleadings, notices and documents in connection with such proceedings and the termination or discontinuance thereof and any other proceedings to realize on any security interest or separate agreement of the Mortgagor with respect to the Senior Building Loan Obligations, and shall keep the Port Authority advised of the progress of such proceedings.

(iv) Nothing herein shall be deemed to preclude the Port Authority from bidding on the same terms and conditions as independent third parties for or from becoming the owner of the Mortgaged Property and the other property encumbered by the other Senior Security Documents and the Mortgagor's leasehold estate free from any claims, equities or rights of redemption of the Mortgagor, the Bondholders, the Bank Lenders and the Leasehold Mortgagee, (and the other Senior Secured Parties) and the Port Authority shall have the right to bid for the Mortgaged Property and the property encumbered by the other Senior Security Documents and the Mortgagor's leasehold estate on the same terms and conditions as independent third parties at any sale, public or private, whether held pursuant to a judgment of foreclosure or otherwise.

(v) Without limiting any other provisions of the Lease Agreement, if a purchaser at a foreclosure sale shall acquire title to the Lease Agreement and the Mortgagor's leasehold estate thereunder, such purchaser's rights to assign, sell or transfer the leasehold shall be as set forth in the Lease Agreement.

(d) Incorporation of Additional Rights and Remedies.

Pursuant to certain provisions of the Lease Agreement, the Indenture and the other Senior Financing Documents, including, without limitation, Section 83 of the Lease Agreement, the Leasehold Mortgagee has certain rights and remedies upon an Event of Default, including, without limitation, the Foreclosure Rights and the right to compel a New Agreement (as defined in the Lease Agreement), all of which provisions are hereby incorporated herein by reference as if fully set forth herein, and the Leasehold Mortgagee shall have the benefit of and be entitled to rely on such provisions, subject to the terms and conditions stated therein and the terms and conditions of this Leasehold Mortgage, with the same force and effect as if they were set forth in full in this Leasehold Mortgage, in each case, subject to the terms of the Intercreditor Agreement.

(e) Leasehold Mortgagee's Ability to Cure Default.

(i) If an "Event of Default" (under and as defined in the Lease Agreement) shall have occurred and be continuing, Mortgagor acknowledges and agrees that the Port Authority (as lessor under the Lease Agreement) has agreed to accept and permit the curing of any "Event of Default" (under and as defined in the Lease Agreement) by the Recognized Mortgagee (as such term is defined in the Lease Agreement), on behalf of the Senior Secured Parties, or its designee, including, without limitation, any Qualified Terminal Operator (as defined in the Lease Agreement) appointed in accordance with the Lease Agreement or any other designee, agent or assignee of the rights of the Recognized Mortgagee, provided that such designee, agent or assignee of the rights of the Leasehold Mortgagee is not a Prohibited Party (as defined in the Lease Agreement) and cures such default in accordance with the applicable terms of the Lease Agreement, as, if and with the same force and effect as though cured by the Mortgagor. The curing of any such "Event of Default" (under and as defined in the Lease Agreement) by the Recognized Mortgagee shall not be deemed to cure any default by the Mortgagor under this Leasehold Mortgage or the other Senior Financing Documents and shall not relieve the Mortgagor from any obligation to reimburse the Leasehold Mortgagee for any costs and expenses incidental to the curing of such defaults.

(ii) Without limiting the generality of the other provisions of this Leasehold Mortgage, and without waiving or releasing Mortgagor from its obligations hereunder, the Recognized Mortgagee, on behalf of the Senior Secured Parties, may personally, or by its agents or attorneys, including, but not limited to, any Qualified Terminal Operator appointed in accordance with the Lease Agreement, (but shall not be obligated to), subject in each case to the terms of the Intercreditor Agreement, take any action at law or in equity that, subject to the terms and conditions of the Lease Agreement or as otherwise approved in writing by the Port Authority, that the Leasehold Mortgagee, in its capacity as the Recognized Mortgagee, in its sole discretion, deems necessary or desirable to prevent or cure any or “Event of Default” (under and as defined in the Lease Agreement) by the Mortgagor in the performance of or compliance with any of the Mortgagor’s covenants or obligations under the Lease Agreement or any Senior Financing Document, except where non-compliance could not reasonably be expected to result in any of the following: (a) a Material Adverse Effect, (b) a material adverse effect on the Project or the transactions contemplated by the Senior Financing Documents, taken as a whole, or (c) an adverse effect on the validity or enforceability of any such Senior Financing Document against the Mortgagor, and the Leasehold Mortgagee and any Person designated by the Leasehold Mortgagee shall have, and are hereby granted, the right to enter upon the Premises to such extent and as often as the Leasehold Mortgagee in its sole discretion deems necessary or desirable to prevent or cure any such default or “Event of Default” (under and as defined in the Lease Agreement) by the Mortgagor, subject to the terms and conditions of the Lease Agreement or as otherwise approved by the Port Authority in writing; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor or otherwise take any action that interferes with the Mortgagor’s construction, operation or maintenance of the Mortgaged Property except as otherwise provided in the Senior Financing Documents and the Lease Agreement. The Leasehold Mortgagee may, but shall not be required to, expend such sums of money as the Leasehold Mortgagee, in its sole discretion, deems necessary for any such purpose, and the Mortgagor hereby agrees to pay to the Leasehold Mortgagee, immediately upon demand, all reasonable sums so expended by the Leasehold Mortgagee, together with interest thereon from the date of disbursement at a rate of interest per annum equal two (2) percentage points above the rate published by The Wall Street Journal (or, if The Wall Street Journal or if such rate shall not be published, a domestic financial newspaper of comparable status designated by Leasehold Mortgagee) from time to time as the generally prevailing rate of interest charged by commercial banks on ninety (90) day unsecured loans to their most preferred corporate customers in Queens County (the “Default Rate”). All reasonable sums so expended by the Leasehold Mortgagee, the respective Secured Debt Representative or any Senior Secured Parties and such interest thereon shall be added to the Senior Building Loan Obligations of the Mortgagor to Leasehold Mortgagee and the Senior Secured Parties and secured by the lien of this Leasehold Mortgage.

(f) Remedies.

(i) Subject to the limitations of Section 11(a) hereof and the terms of the Intercreditor Agreement, upon the occurrence and during the continuance of an Event of Default beyond any applicable cure or grace period, the Leasehold Mortgagee may in addition to any rights or remedies available to it hereunder, subject to the terms and conditions of the Lease Agreement (including Section 83 thereof) or as otherwise approved in writing by the Port Authority, without notice or demand, as it deems advisable to protect and enforce its rights against

the Mortgagor and in and to the Mortgaged Property and without impairing or otherwise affecting the other rights and remedies of the Leasehold Mortgagee, take any one or more of the following actions, either personally, or by its agents or attorneys, including, but not limited to, any Qualified Terminal Operator appointed in accordance with the Lease Agreement, at such times and in such order as the Leasehold Mortgagee shall determine in its sole discretion: (A) subject to satisfaction of applicable Port Authority procedures and policies, enter into and upon all or any part of the Premises, and each and every part thereof, and exclude the Mortgagor, its agents and servants wholly therefrom; and (B) having and holding the same, use, operate, manage and control the Mortgaged Property and conduct the business thereof, either personally or by its superintendents, managers, agents, servants, attorneys or receivers; and (C) upon every such entry, at the expense of the Mortgagor, from time to time, either by purchase, repairs or construction, maintain and restore the Mortgaged Property, and insure the same; and (D) likewise, from time to time, at the expense of the Mortgagor, make all necessary or proper repairs, renewals and replacements and such useful alterations, additions, betterments and improvements thereto and thereon as it may seem advisable subject to the satisfaction of applicable Port Authority procedures and policies as required under the Lease Agreement; and (E) in every such case have the right to manage and operate the Mortgaged Property and to carry on the business thereof and exercise all rights and powers of the Mortgagor with respect thereto, either in the name of the Mortgagor or otherwise as it shall deem best.

(ii) Subject to the limitations of Section 11(a) hereof, upon the occurrence and during the continuance of an Event of Default beyond any applicable cure or grace period, without limiting the generality of the other provisions of this Leasehold Mortgage or any other rights at law or in equity, the Leasehold Mortgagee, with or without entry, personally or by its agents or attorneys, including, but not limited to, any Qualified Terminal Operator appointed in accordance with the Lease Agreement, insofar as applicable, may, in each case subject to the applicable provisions of the Lease Agreement (including Section 83 thereof) and the Senior Financing Documents:

(1) sell the Mortgaged Property to the extent permitted and pursuant to the procedures provided by law, and all estate, right, title and interest, claim and demand therein, and right of redemption thereof, at one or more sales as an entirety or in parcels, and at such time and place upon such terms and after such notice thereof as may be required or permitted by law;

(2) institute proceedings for the foreclosure of this Leasehold Mortgage; or

(3) take such steps to protect and enforce its rights whether by action, suit or proceeding in equity or at law for the specific performance of any covenant, condition or agreement in the Lease Agreement, this Leasehold Mortgage or any of the other Senior Financing Documents, or in aid of the execution of any power herein granted, or for any foreclosure hereunder, or for the enforcement of any other appropriate legal or equitable remedy or otherwise as the Leasehold Mortgagee shall elect.

(iii) Notwithstanding the foregoing, a waiver of an “Event of Default” under the Indenture, the TDC Building Loan Agreement or the Intercreditor Agreement or a rescission of a declaration of acceleration of the Series 2022A Bonds under the Indenture, the Senior Loans under the Credit Agreement, the 2022 TDC Building Notes, or of any Senior Building Loan Obligations pursuant to the Intercreditor Agreement and a rescission and annulment of its consequences shall constitute a waiver of the corresponding Event of Default under this Leasehold Mortgage; provided, that no such waiver or rescission shall extend to or affect any subsequent or other default hereunder or impair any right consequent thereon except to the extent expressly provided in such waiver or rescission; and provided, further that no such waiver or rescission shall constitute a waiver or rescission by the Port Authority with respect to any related default or event of default arising under the Lease Agreement, unless the Port Authority has separately waived or rescinded in writing.

(g) Bankruptcy.

(i) If the Port Authority, or anyone holding by, through or under the Port Authority or a trustee in bankruptcy shall elect to reject the Lease Agreement pursuant to Section 365(a) of the Bankruptcy Code, or a successor statute, thereby giving to Mortgagor the right to elect to treat the Lease Agreement as terminated pursuant to Section 365(h)(1)(A)(i) of the Bankruptcy Code, or a successor statute, Leasehold Mortgagee shall have the exclusive right to exercise said right and Mortgagor hereby assigns said right to Leasehold Mortgagee. Mortgagor shall not, without Leasehold Mortgagee’s prior written consent, elect to treat either the Lease Agreement or the leasehold estate created thereby as terminated under Subsection 365(h)(1)(A)(i) of the Bankruptcy Code or any successor statutory provision, after rejection or disaffirmance of the Lease Agreement by the Port Authority or by any trustee of such party, and any such election made without such consent shall, to the extent permitted by law, be void and ineffective.

(ii) Mortgagor hereby unconditionally assigns, transfers and sets over to Leasehold Mortgagee all of Mortgagor’s claims and rights to the payment of damages that may hereafter arise as a result of any rejection or disaffirmance of the Lease Agreement by the Port Authority or by any trustee of such party, pursuant to the Bankruptcy Code. To the extent Mortgagor fails to timely and reasonably proceed upon reasonable prior written request of Leasehold Mortgagee, Leasehold Mortgagee shall have and is hereby granted the right to proceed, in its own name or in the name of Mortgagor, in respect of any claim, suit, action or proceeding relating to the rejection or disaffirmance of the Lease Agreement (including, without limitation, the right to file and prosecute, to the exclusion of Mortgagor, any proofs of claim, complaints, motions, applications, notices and other documents) in any case in respect of the Port Authority under the Bankruptcy Code. This assignment constitutes a present, irrevocable and unconditional assignment of the foregoing claims, rights and remedies, and shall continue in effect until the Senior Building Loan Obligations shall have been satisfied and discharged in full. Any amounts received by Leasehold Mortgagee as damages arising out of any such rejection of the Lease Agreement shall be applied by Leasehold Mortgagee in accordance with Section 15 hereof.

(iii) In the event that any action, proceeding, motion or notice shall be commenced or filed by the Port Authority in respect of the Lease Agreement or the Mortgaged Property or any part thereof, in connection with any case under the Bankruptcy Code, and Mortgagor shall fail to timely and reasonably proceed upon reasonable prior written request by

Leasehold Mortgagee, Leasehold Mortgagee shall have, and is hereby granted, the option, to the exclusion of Mortgagor, exercisable upon notice from Leasehold Mortgagee to Mortgagor, to conduct and control any such litigation with counsel of Leasehold Mortgagee's choice. Leasehold Mortgagee may proceed, in its own name or in the name of Mortgagor, in connection with any such litigation, and Mortgagor agrees to execute any and all powers, authorizations, consents and other documents required by Leasehold Mortgagee in connection therewith. Mortgagor shall, upon demand, pay to Leasehold Mortgagee all reasonable costs and expenses (including, without limitation, reasonable legal fees and disbursements) paid or incurred by Leasehold Mortgagee, before and after judgment, in connection with the prosecution or conduct of any such proceedings, and, to the extent permitted by law, such costs and expenses shall be deemed expenses incurred in upholding the lien of this Leasehold Mortgage and added to the Senior Building Loan Obligations. Mortgagor shall not, without the prior written consent of Leasehold Mortgagee, commence any action, suit, proceeding or case, or file any application or make any motion, in respect of the Lease Agreement in any such case under the Bankruptcy Code.

(iv) In the event that a petition under the Bankruptcy Code shall be filed by or against Mortgagor, and Mortgagor, or anyone claiming through or under Mortgagor or a trustee in bankruptcy shall have the right to reject the Lease Agreement pursuant to Section 365(a) of the Bankruptcy Code or a successor statute, Mortgagor shall give Leasehold Mortgagee and the Port Authority at least thirty (30) days' prior written notice of the date on which application shall be made to the court for authority to reject the Lease Agreement; provided, however, that if a trustee in bankruptcy shall have a right to reject the Lease Agreement in less than thirty (30) days, then Mortgagor shall give such notice to Leasehold Mortgagee and the Port Authority immediately upon Mortgagor's knowledge of such application, provided further, that in the event that Mortgagor or its trustee in bankruptcy shall have decided to reject or disaffirm the Lease Agreement, then prior to making any application to effectuate any such rejection or disaffirmance Mortgagor shall offer instead, upon not less than thirty (30) days written notice to the Leasehold Mortgagee and the Port Authority, to attempt to assign the Lease Agreement to the Leasehold Mortgagee, its designee or nominee, in accordance with, and subject to, the terms and conditions of the Lease Agreement, or as otherwise approved by the Port Authority in writing. In no event shall the Mortgagor have an obligation to cure any outstanding defaults in connection with any such assignments. In the event Leasehold Mortgagee accepts such offer within such thirty (30) day period, as it may be extended by mutual agreement, Mortgagor shall not seek to reject or disaffirm the Lease Agreement and shall instead promptly assign the Lease Agreement to Leasehold Mortgagee, its designee or nominee, in accordance with, and subject to, the terms and conditions of the Lease Agreement, or as otherwise approved by the Port Authority in writing. In the event of any rejection or disaffirmance of the Lease Agreement by Mortgagor or anyone claiming through or under Mortgagor or a trustee in bankruptcy without having first made the preceding written offer to assign, upon written election by the Leasehold Mortgagee such rejection or disaffirmance shall be deemed an assignment of the Lease Agreement to the Leasehold Mortgagee, its designee or nominee, subject to, the terms and conditions of the Lease Agreement, or as otherwise approved by the Port Authority in writing. Furthermore, until such time as the Lease is so rejected or disaffirmed or otherwise assumed by Mortgagor, Leasehold Mortgagee shall have the right to seek adequate protection for payment of the Senior Building Loan Obligations.

(v) If any of the assignments provided for in this Section are held to be unenforceable, then Mortgagor, anyone claiming by, through or under Mortgagor or a trustee in bankruptcy, shall not exercise rights purportedly assigned to Leasehold Mortgagee without the prior written consent of Leasehold Mortgagee, and if Leasehold Mortgagee shall give such consent, Mortgagor, anyone claiming by, through or under Mortgagor or a trustee in bankruptcy shall promptly exercise said rights.

(vi) To the extent permitted by applicable law and to the extent that a petition under the Bankruptcy Code shall have been filed by or against Mortgagor and Mortgagor unreasonably fails to act in a timely manner upon reasonable prior written request of Leasehold Mortgagee, Mortgagor hereby assigns, transfers and sets over to Leasehold Mortgagee a right to apply to the Bankruptcy Court under Subsection 365(d)(4) of the Bankruptcy Code for an order extending the period during which the Lease Agreement may be rejected or assumed after the entry of any order for relief in respect of Mortgagor under Chapter 7 or Chapter 11 of the Bankruptcy Code.

#### Section 12. Sale by the Leasehold Mortgagee.

(a) The Leasehold Mortgagee may adjourn from time to time any sale by it to be made under or by virtue of this Leasehold Mortgage by announcement at the time and place appointed for such sale or for such adjourned sale or sales; and, except as otherwise provided by any applicable provision of law, the Leasehold Mortgagee, without further notice or publication, may make such sale at the time and place to which the same shall be so adjourned.

(b) Upon the completion of any sale or sales made by the Leasehold Mortgagee under or by virtue of this Leasehold Mortgage, the Leasehold Mortgagee, or an officer of any court empowered to do so, shall execute and deliver to the accepted purchaser or purchasers a good and sufficient instrument, or good and sufficient instruments, assigning and transferring all of the Mortgagor's estate, right, title and interest in and to the property and rights sold. The Leasehold Mortgagee may, at the Leasehold Mortgagee's option, also foreclose this Leasehold Mortgage for any portion of the sums secured hereby which is then due and payable, subject to the continuing lien of this Leasehold Mortgage for the balance of the Senior Building Loan Obligations then due. Upon the occurrence and during the continuance of an Event of Default beyond the applicable cure or grace period, the Leasehold Mortgagee is hereby irrevocably appointed the true and lawful attorney-in-fact of the Mortgagor, in its name and stead, to make all necessary conveyances, assignments, transfers and deliveries of the Mortgaged Property and rights so sold and for that purpose the Leasehold Mortgagee may execute all necessary instruments of assignment and transfer, and may substitute one or more persons with like power, the Mortgagor hereby ratifying and confirming all that its said attorney-in-fact or such substitute or substitutes shall lawfully do by virtue hereof. Nevertheless, the Mortgagor, if so requested by the Leasehold Mortgagee, shall ratify and confirm any such sale or sales by executing and delivering to the Leasehold Mortgagee or to such purchaser or purchasers all such instruments as may be advisable, in the judgment of the Leasehold Mortgagee, for the purpose, and as may be designated, in such request. Any such sale or sales made under or by virtue of this Leasehold Mortgage, whether made under the power of sale herein granted or under or by virtue of judicial proceedings or of a judgment or decree of foreclosure and sale, shall operate to divest all the estate, right, title, interest, claim and demand whatsoever, whether at law or in equity, of the Mortgagor in and to the property and rights so sold,

and shall be a perpetual bar both at law and in equity against the Mortgagor and against any and all persons claiming or who may claim the same, or any part thereof from, through or under the Mortgagor.

(c) The purchase money, proceeds or avails of any sale made under or by virtue of this Leasehold Mortgage, together with any other sums which then may be held by the Leasehold Mortgagee under this Leasehold Mortgage, whether under the provisions of this Section 12 or otherwise, shall be applied in the order set forth in Section 15 hereof.

(d) Upon any sale made under or by virtue of this Leasehold Mortgage or any of the other Senior Security Documents, whether made under the power of sale herein granted or under or by virtue of judicial proceedings or of a judgment or decree of foreclosure and sale, the Leasehold Mortgagee may bid for and acquire the Mortgaged Property and the other property encumbered by the other Senior Security Documents or any part thereof and in lieu of paying cash therefor may make settlement for the purchase price by crediting upon the indebtedness of the Mortgagor secured by this Leasehold Mortgage the net sales price after deducting therefrom the expenses of the sale and the costs of the action and any other sums which the Leasehold Mortgagee are authorized to deduct under this Leasehold Mortgage.

(e) The foregoing paragraphs (a)-(d) shall be subject to the terms and conditions of the Lease Agreement or as otherwise approved by the Port Authority in writing.

### Section 13. Receivers.

(a) Upon the occurrence and during the continuance of an Event of Default beyond the applicable cure or grace period and immediately upon the commencement of any action, suit or other legal proceedings by the Leasehold Mortgagee to obtain judgment for the principal of, and interest on, the 2022 TDC Building Notes, any Note issued under the TDC Building Loan Agreement and other sums required to be paid by the Mortgagor pursuant to any provision of this Leasehold Mortgage, or of any other nature in aid of the enforcement of the Lease Agreement, this Leasehold Mortgage or other Senior Financing Documents, the Mortgagor will and hereby does (i) waive the service of process and enter its voluntary appearance in such action, suit or proceeding, and (ii) if required by the Leasehold Mortgagee, consent to the appointment of a receiver or receivers in respect of the Mortgaged Property (subject to the last sentence of this Section 13(a)). After the happening of any Event of Default and during its continuance, and upon the commencement of any proceedings to foreclose this Leasehold Mortgage, or to enforce the specific performance hereof or in aid thereof or upon the commencement of any other judicial proceeding to enforce any right of the Leasehold Mortgagee, the Leasehold Mortgagee shall be entitled, as a matter of right, if it shall so elect, without the giving of notice to any other party and without regard to the adequacy or inadequacy of any security for the indebtedness, forthwith either before or after declaring the unpaid principal of the 2022 TDC Building Notes or any Note issued under the TDC Building Loan Agreement to be due and payable, to the appointment of such a receiver or receivers. Any receiver appointed hereunder must qualify as a Qualified Terminal Operator.

(b) Upon the occurrence and during the continuance of an Event of Default beyond the applicable cure or grace period, notwithstanding the appointment of any receiver,

liquidator or trustee of the Mortgagor, or of any of its property, or of the Mortgaged Property or any part thereof, the Leasehold Mortgagee shall be entitled to retain possession and control of all property now or hereafter held under this Leasehold Mortgage.

Section 14. Election of Remedies.

(a) If the indebtedness secured hereby is now or hereafter further secured by chattel mortgages, pledges, contracts, guaranties, assignments of leases, or other securities, the Leasehold Mortgagee may at its option exhaust any one or more of said securities and the security hereunder, either concurrently or independently, and in such order as it may determine.

(b) The rights of the Leasehold Mortgagee, granted and arising under the clauses and covenants contained in this Leasehold Mortgage, the Lease Agreement and in the other Senior Financing Documents, shall be separate, distinct and cumulative of other powers and rights herein granted and all other rights which the Leasehold Mortgagee may have in law or equity, and none of them shall be in exclusion of the others; and all of them are cumulative to the remedies for collection of indebtedness, enforcement of rights under mortgages and preservation of security as provided at law. No act of the Leasehold Mortgagee shall be construed as an election to proceed under any one provision herein or under the Lease Agreement, or Senior Financing Documents to the exclusion of any other provision, or an election of remedies to the bar of any other remedy allowed at law or in equity, anything herein or otherwise to the contrary notwithstanding.

Section 15. Application of Proceeds.

All proceeds received by the Leasehold Mortgagee from the sale or other disposition of this Leasehold Mortgage or from the exercise by the Leasehold Mortgagee of any right or remedy under this Leasehold Mortgage, whether received from a new lessee or otherwise, shall be applied in accordance with the Collateral Agency and Accounts Agreement.

Section 16. Waiver by the Mortgagor.

The Mortgagor will not at any time insist upon, or plead, or in any manner whatever claim or take any benefit or advantage of any stay or extension or moratorium law, any exemption from execution or sale of the Mortgaged Property or any part thereof, wherever enacted, now or at any time hereafter in force, which may affect the covenants and terms of performance of this Leasehold Mortgage, nor claim, take or insist upon any benefit or advantage of any law now or hereafter in force providing for the valuation or appraisal of the Mortgaged Property, or any part thereof, prior to any sale or sales thereof which may be made pursuant to any provision herein, or pursuant to the decree, judgment or order of any court of competent jurisdiction; nor, after any such sale or sales, claim or exercise any right under any statute heretofore or hereafter enacted to redeem the property so sold or any part thereof and the Mortgagor hereby expressly waives all benefit or advantage of any such law or laws, and covenants not to hinder, delay or impede the execution of any power herein granted or delegated to the Leasehold Mortgagee, but to suffer and permit the execution of every power as though no such law or laws had been made or enacted. The Mortgagor, for itself and all who may claim under it, waives, to the extent that it lawfully may, all right to have the Mortgaged Property marshaled upon any foreclosure hereof.

Section 17. Condemnation.

In the event that pursuant to the terms of Section 19 of the Lease Agreement, any portion of the Premises is acquired by a Taking pursuant to Section 19 of the Lease Agreement, such portion that is subject to such Taking shall be free and clear of this Leasehold Mortgage and any interest of the Leasehold Mortgagee in the Mortgaged Property. The Mortgagor hereby assigns to the Leasehold Mortgagee any payments received by the Mortgagor pursuant to Section 19 of the Lease Agreement as collateral and further security for the Senior Building Loan Obligations and the Mortgagor hereby consents to and directs that the Port Authority pay to the Leasehold Mortgagee, to the extent the Port Authority receives any proceeds as a result of or in connection with such Taking in relation to the Premises and to which the Mortgagor is entitled to under the Lease Agreement, such amount provided under Section 19 of the Lease Agreement. Any amount so paid by the Port Authority to the Leasehold Mortgagee shall be applied by the Leasehold Mortgagee in accordance with the Lease Agreement and the Senior Financing Documents.

No sale, transfer or assignment by the Mortgagor of its interest in the Mortgaged Property or the Mortgagor's leasehold estate to the Port Authority shall create a merger between the estates of the Port Authority and the Mortgagor unless the Port Authority, the Mortgagor and the Leasehold Mortgagee consent to such merger in writing, nor shall any such sale, transfer or assignment be deemed to affect or diminish the liabilities of the Mortgagor with respect to the Mortgaged Property, whether for survived damages or otherwise.

Section 18. Costs of Litigation and Collection.

If any action or proceeding is commenced to which the Leasehold Mortgagee is made a party or in which it becomes necessary, in the opinion of the Leasehold Mortgagee's counsel, to defend or uphold the lien of this Leasehold Mortgage, or if this Leasehold Mortgage is put into the hands of an attorney for collection, suit, action or foreclosure, all sums expended by the Leasehold Mortgagee, including reasonable counsel fees, shall be paid by the Mortgagor, together with interest thereon at the Default Rate, and any such sum shall be a further lien on the Mortgaged Property prior to any subsequently attaching or accruing claim or interest and shall be deemed secured by this Leasehold Mortgage; and, in any action or proceedings to foreclose this Leasehold Mortgage, or to recover or collect the indebtedness, the provisions of law respecting the recovery of costs, disbursements and allowances shall prevail unaffected by this covenant.

Section 19. Security Agreement and Fixture Filing.

This Leasehold Mortgage shall also be considered to be and shall be construed as a security agreement with respect to any Mortgaged Property which is not real property. Upon the occurrence and during the continuance of an Event of Default hereunder, the Leasehold Mortgagee may in its discretion, subject to the terms of the Intercreditor Agreement, require the Mortgagor to assemble the collateral and make it available to the Leasehold Mortgagee at a place reasonably convenient to all parties to be designated by the Leasehold Mortgagee. The Leasehold Mortgagee shall give the Mortgagor written notice of the time and place of any public sale of any of the collateral or of the time after which any private sale or other intended disposition thereof is to be made by sending notice to the Mortgagor at least ten (10) days before the time of the sale or other disposition, which provisions for notice the Mortgagor agrees are reasonable.

Certain of the Mortgaged Property is or will become “fixtures” (as that term is defined in the UCC) on the Premises, and this Leasehold Mortgage, upon being filed for record in the real estate records of the city or county wherein such fixtures are situated, shall operate also as a financing statement filed as a fixture filing in accordance with the applicable provisions of said UCC upon such of the Mortgaged Property that is or may become fixtures.

Section 20. Additional Senior Obligations.

The Mortgagor and the Leasehold Mortgagee understand and agree that, subject to the terms and conditions set forth in the Senior Financing Documents, the Issuer may, from time to time, establish and authorize the issuance and (as applicable) sale of, and the Mortgagor may incur, Additional Senior Obligations for purposes of the Project on a parity basis with the Loan Facility. In the case of any such issuance of Additional Senior Obligations, such Additional Senior Obligations shall have the same notes, pledges, mortgages, security interests and assignments applicable to the Senior Bonds and/or the Loan Facility, as applicable, pursuant to the Supplemental Indenture or Additional Senior Financing Documents, as applicable, authorizing such Additional Senior Obligations, and the Mortgagor and the Leasehold Mortgagee shall execute such documents as may reasonably be required by the Issuer acting at the request of either the Mortgagor or the Intercreditor Agent, as applicable, in accordance with the Intercreditor Agreement, to accomplish such purposes.

Section 21. Further Assurances.

The Mortgagor will from time to time within ten (10) Business Days after written request by the Leasehold Mortgagee, execute, acknowledge and deliver any further instrument or instruments, including but not limited to mortgages, assignments, assignments of leases, security agreements, financing statements, renewal affidavits, certificates, continuation statements, assignments, or other documents or instruments (in each case, provided that such documents do not contravene the Lease Agreement unless otherwise approved in writing by the Port Authority) that the Leasehold Mortgagee may reasonably request in order to reaffirm, correct, protect, preserve, continue, extend or maintain the evidence of the Senior Building Loan Obligations hereby secured and the lien and security interest hereof to all or any part of the Mortgaged Property intended to be hereby mortgaged, whether now mortgaged, later substituted for, or acquired subsequent to the date of this Leasehold Mortgage and any extension or modification thereof. The Mortgagor will, upon demand, pay any reasonable expenses incurred by the Leasehold Mortgagee in the preparation, execution and filing of any such documents.

Section 22. Payment by the Leasehold Mortgagee.

If the Mortgagor (i) fails to pay any claim, lien or encumbrance which is prior or junior to this Leasehold Mortgage, or any rent or payment due under the Lease Agreement when due, or any tax or assessment or insurance premium when due, or (ii) fails to keep the Mortgaged Property or personal property in good repair, or (iii) shall commit or permit physical waste, or if there be commenced any action or proceeding affecting all or any part of the Mortgaged Property or personal property or the title thereto, then the Leasehold Mortgagee, at its option, may pay such claim, lien, encumbrance, rent, payment, tax, assessment, or premium, with right of subrogation thereunder, may make such repairs and take such steps as the Leasehold Mortgagee deems

advisable to prevent or cure, if any, such waste, and may appear in any such action or proceeding and retain counsel therein, and take any action therein as the Leasehold Mortgagee deems advisable, and for any of said purposes the Leasehold Mortgagee may advance such sums of money as it deems necessary; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor or otherwise take any action that interferes with the Mortgagor's construction, operation or maintenance of the Mortgaged Property, except as otherwise provided in the Lease Agreement and the Senior Financing Documents.

Section 23. Leasehold Mortgagee Expenses.

In addition to securing the payment of the Senior Building Loan Obligations, this Leasehold Mortgage shall further secure payment of any and all additional indebtedness owing by the Mortgagor to the Leasehold Mortgagee for advances, charges, expenses or fees reasonably made, incurred, or expended by the Leasehold Mortgagee pursuant to this Leasehold Mortgage.

Section 24. Payments Secured.

The Mortgagor will pay to the Leasehold Mortgagee within ten (10) Business Days after written notice and without further demand therefor by the Leasehold Mortgagee, all sums of money advanced by the Leasehold Mortgagee to cure a default pursuant to this Leasehold Mortgage, together with interest on each such advancement from the date of disbursement at the Default Rate, and all such sums and such interest thereon shall be secured hereby.

Section 25. Inspection by the Leasehold Mortgagee.

Subject to the terms and conditions of the Lease Agreement, the Leasehold Mortgagee and any persons authorized by the Leasehold Mortgagee shall have the right to enter and inspect the Premises at all reasonable times upon reasonable notice, subject to the terms of the Lease Agreement, provided that such right shall be limited to one time per calendar year unless an Event of Default has occurred and is continuing. The Leasehold Mortgagee shall not have any duty to make any such inspection and shall not incur any liability or obligation for not making such inspection.

Section 26. Compromise Without Notice.

Any action, suit or proceeding brought by the Leasehold Mortgagee pursuant to this Leasehold Mortgage or otherwise, and any claim made by any such person under this Leasehold Mortgage or otherwise, may be compromised, withdrawn or otherwise dealt with by such person without any notice to or approval of the Mortgagor, except as expressly required hereunder.

Section 27. Suits Without Acceleration.

After the expiration of any applicable period of notice, the Leasehold Mortgagee shall have the right from time to time to sue for any sums, whether interest, principal or any installment of either or both, taxes, penalties, or any other sums required to be paid under the terms of this Leasehold Mortgage, as the same become due, without regard to whether or not all of the indebtedness shall be due on demand, and without prejudice to the right of the Leasehold

Mortgagee thereafter to enforce any appropriate remedy against the Mortgagor, including sale under this Leasehold Mortgage, or any other action, for a default or defaults by the Mortgagor existing at the time such earlier action was commenced.

Section 28. Estoppel Certificate.

The Mortgagor, upon request, made either personally or by mail, shall certify by a writing, duly acknowledged, to the Leasehold Mortgagee or to any proposed assignee of any interest in this Leasehold Mortgage, the amount of the Senior Building Loan Obligations then owing under this Leasehold Mortgage and whether any offsets or defenses exist against such indebtedness within ten (10) days after its receipt of such written request.

Section 29. Indemnification.

The Mortgagor shall (regardless of any covenant with respect to insurance) indemnify and save harmless the Leasehold Mortgagee and its members, directors, officers, employees, attorneys and agents (the "Indemnified Parties") against and from any and all liability and expenses arising from their participation in the transactions contemplated hereby, including without limitation (a) any and all claims by or on behalf of any Person arising out of (i) any condition of the Mortgaged Property or any part thereof, or (ii) the acquisition, installation, construction, reconstruction, improvement, use, occupancy, conduct or management of or any work or anything whatsoever done or omitted to be done in or about the Mortgaged Property or any part thereof, or (iii) any accident, injury, or damage whatsoever to or death of any Person occurring in or about the Mortgaged Property or any part thereof, or (iv) any breach or default by the Mortgagor of any of its obligations under the Senior Financing Documents, or (v) any act or omission of the Mortgagor or any of its agents, contractors, servants, employees, or licensees, or (vi) the offering, reoffering, issuance, sale, resale or remarketing of any Series of Bonds or any Senior Loans, or (vii) any action, suit, claim or proceedings instituted or threatened in connection with the transactions contemplated by this Leasehold Mortgage; (b) any and all losses, costs, counsel fees, expenses or liabilities reasonably incurred in connection with any such claim or any action or proceeding brought thereon; and (c) any costs of collection; provided, however, that the Mortgagor shall not be required to indemnify any Person otherwise to be indemnified under this Section 29 for any liabilities or expenses incurred by such Person to the extent caused by or resulting from the bad faith, willful misconduct or gross negligence of such Person. In case any action or proceeding is brought against the Leasehold Mortgagee or any of its members, directors, officers, employees, attorneys or agents by reason of such claim, the Mortgagor, upon notice from the affected party, shall resist or defend such action or proceeding and release the Leasehold Mortgagee or any such member, director, officer, employee, attorney or agent from any such action or claim. Subject to the foregoing, the Leasehold Mortgagee shall cooperate and join with the Mortgagor at the expense of the Mortgagor as may be required in connection with any action taken or defended by the Mortgagor; in so doing, the Mortgagor shall take no action that would result in a determination of guilt or liability against the Leasehold Mortgagee or any of its members, directors, officers, employees, attorneys and agents without the express written consent of such party.

The Leasehold Mortgagee and its members, directors, officers, employees, attorneys and agents shall, in connection with their respective rights under this Section 29, be

entitled to the advice of counsel (who may also be counsel for the Mortgagor) at the Mortgagor's expense, and shall be wholly protected as to action taken or omitted to be taken in good faith in reliance on such advice. They may rely conclusively on any communication or other document furnished to them under the Senior Financing Documents and reasonably believed by them to be genuine. They shall not be liable for any action (i) taken by them in good faith and reasonably believed by them to be within the discretion or powers conferred upon them, or (ii) in good faith not taken by them because reasonably believed to be beyond the discretion or powers conferred upon them, or (iii) taken by them pursuant to any direction or instruction by which they are governed by the Senior Financing Documents, or (iv) omitted to be taken for any of the reasons set forth in the preceding clauses (i) or (iii), or omitted to be taken by them by reason of the lack of any direction or instruction required hereby or by any of the other Senior Financing Documents for such action; nor shall they be responsible for the consequences of any error of judgment reasonably made by them. The Leasehold Mortgagee shall in no event be liable for the application or misapplication of funds, or for other acts or defaults, by any Person, except (i) its own members, directors, officers and employees and (ii) in the case of the Senior Collateral Agent, others specified and only to the extent set forth in Section 2.10 of the Collateral Agency and Accounts Agreement. When any consent or other action by them is called for by the Senior Financing Documents, they may defer such action pending receipt of such certificates, opinions, documents or other supporting evidence as may be required hereunder or under the applicable Senior Financing Documents. They shall not be required to take any remedial action (other than the giving of notice) unless indemnity reasonably satisfactory to them is furnished for any expense or liability to be incurred thereby. They shall be entitled to reimbursement for expenses reasonably incurred or advances reasonably made, in the exercise of their rights or the performance of their obligations hereunder, to the extent that they act without previously obtaining indemnity (in addition to their rights to reimbursement set forth elsewhere herein). No permissive right or power to act which they may have shall be construed as a requirement to act; and no delay in the exercise of a right or power shall affect the subsequent exercise of that right or power. The provisions of this Section shall survive payment in full of the Senior Building Loan Obligations, any resignation or removal of the Leasehold Mortgagee pursuant to this Leasehold Mortgage, and the termination of this Leasehold Mortgage.

### Section 30. Information.

At the time of delivery of financial statements under any applicable Mortgagor Continuing Disclosure Agreement, if any, the Mortgagor will deliver to the Leasehold Mortgagee a certificate stating that, to the best of its knowledge and belief based on reasonable due diligence, no condition or event exists which constitutes, or which (after notice or lapse of time or both) would constitute, an Event of Default, or if any such condition or event exists, specifying the nature and period of existence thereof and what action it is taking or proposes to take with respect thereto.

### Section 31. Invalidity of Certain Provisions / Severability.

All rights, powers and remedies provided herein may be exercised only to the extent that the exercise thereof does not violate any applicable law, and are intended to be limited to the extent necessary so that they will not render this Leasehold Mortgage invalid, unenforceable or not entitled to be recorded, registered or filed under any applicable law. If any term of this Leasehold Mortgage shall be held to be invalid, illegal or unenforceable, the validity, legality and

enforceability of other terms of this Leasehold Mortgage shall in no way be affected thereby. If any provision hereof or of any of the written instruments evidencing part or all of the Senior Building Loan Obligations is invalid or unenforceable under any statute, regulation or rule of law in any jurisdiction such provision shall be deemed inoperative to the extent that it may conflict therewith and shall be deemed modified to conform to such statute, regulation or rule of law to the extent permitted in keeping with the intentions of the parties hereto, and the remainder of this Leasehold Mortgage and the application of any such invalid or unenforceable provision to parties, jurisdictions or circumstances other than to whom or to which it is held invalid or unenforceable, shall not be affected thereby nor shall same affect the validity or enforceability of any other provision of this Leasehold Mortgage.

Section 32. Interest Limitation.

It is not intended by any provision of this Leasehold Mortgage or other Senior Financing Documents to charge interest or premium at a rate in excess of the maximum rate of interest permitted to be charged to the Mortgagor under applicable law on a cumulative basis. Nevertheless, if by mistake or error interest or premium in excess of such maximum rate shall be paid for any period, the excess amount shall, if permitted by applicable law, be retained by Leasehold Mortgagee as additional cash collateral for the 2022 TDC Building Notes and any Note issued under the TDC Building Loan Agreement to be held without interest or trust or, if not permitted to be so held by Leasehold Mortgagee, shall either be refunded to the Mortgagor or shall be applied in reduction of principal, if permitted by applicable law.

Section 33. Lien Law.

Mortgagor, in compliance with Section 13 of the New York State Lien Law, shall receive all advances secured by this Leasehold Mortgage and shall hold the right to receive such advances as a trust fund to be applied first for the purpose of paying the cost of improvement and shall apply the same first to the payment of the cost of improvement before using any part of the total of the same for any other purpose. This Leasehold Mortgage shall constitute a “construction mortgage” as that term is defined in the version of the Code enacted in the state where the Mortgaged Property is located.

Mortgagor agrees that it shall indemnify and hold Leasehold Mortgagee harmless from and against any loss or liability, cost or expense, including, without limitation, any judgments, attorneys’ fees, costs of appeal bonds and printing costs arising out of or relating to any proceeding instituted by any claimant alleging priority over the lien of this Leasehold Mortgage, and/or if the Mortgaged Property or any part thereof is within the State of New York by any claimant alleging a violation by Mortgagor or Mortgagee of any section of Article 3-A of the New York State Lien Law.

Section 34. Construction.

The clauses and covenants contained in this Leasehold Mortgage which are construed by Sections 254 and 271 of the New York Real Property Law shall be construed as provided in those Sections, except that the provisions of subsection 4 of said Section 254 shall not in any manner apply to or construe the provisions of this Leasehold Mortgage; the additional

clauses and covenants contained herein shall afford rights supplemental to and not exclusive of the rights conferred by the clauses and covenants construed by said Sections 254 and 271 and shall not impair, modify, alter or defeat such rights (except that the provisions of Section 34 hereof shall be exclusive of and shall be in substitution for the rights which would be conferred by the clauses and covenants construed by said subsection 4 of said Section 254), notwithstanding that such additional clauses and covenants may relate to the same subject matter or provide for different or additional rights in the same or similar contingencies as the clauses and covenants construed by said Sections 254 and 271; and in the event of any inconsistencies between the provisions of Sections 254 and 271 and the provisions of this Leasehold Mortgage, the provisions of this Leasehold Mortgage shall prevail.

Section 35. Waiver of Redemption.

The Mortgagor hereby waives any and all rights to recover and regain the Mortgaged Property and all rights of redemption, granted by or under any present or future law in the event it is evicted or dispossessed for any cause, or in the event the Port Authority or Leasehold Mortgagee obtains possession of the Mortgaged Property in any lawful manner.

Section 36. Mortgaged Personal Property.

So long as an Event of Default shall not have occurred and be continuing, the Mortgagor shall have the right to remove free and clear of this Leasehold Mortgage any part or all of the Mortgaged Personal Property, provided such removal does not materially impair the value or function of the Premises, or to substitute therefore any other property of the Mortgagor of a type or character or function similar to that which is removed, in each case subject to the requirements of the Lease Agreement and the Senior Financing Documents.

Section 37. Discharge of Leasehold Mortgage by the Lessee.

This Leasehold Mortgage shall be deemed satisfied, discharged and of no further force and effect upon the retirement, redemption, refunding, defeasance, satisfaction or other payment or discharge of the Senior Building Loan Obligations in full accordance with the provisions of the Senior Financing Documents, and the Leasehold Mortgagee shall execute and deliver to the Port Authority and the Mortgagor all documents, in recordable form, that may be required or reasonably requested to evidence the discharge and satisfaction of this Leasehold Mortgage.

Section 38. Delays and Omissions.

Any failure or delay by the Leasehold Mortgagee to require strict performance by the Mortgagor of any of the provisions, warranties, terms and conditions contained in this Leasehold Mortgage, the other Senior Financing Documents or in any other agreement, document or instrument, shall not affect the right of the Leasehold Mortgagee to demand strict compliance and performance therewith, and any waiver of any default shall not affect or constitute a waiver of any other default, whether prior or subsequent thereto, and whether of the same or of a different type. None of the warranties, conditions, provisions and terms contained in this Leasehold Mortgage, the other Senior Financing Documents or in any other agreement, document or instrument shall be deemed to have been waived by any act or knowledge of the Leasehold

Mortgagee, its agents, officers or employees, but only by an instrument in writing, signed by the Leasehold Mortgagee and specifying such waiver.

The Mortgagor hereby consents to any lawful act by the Leasehold Mortgagee for the purpose of taking lawful possession of the Mortgaged Property after an Event of Default that has occurred and is continuing and subject to the provisions of this Leasehold Mortgage and the Lease Agreement.

In case, by reason of the suspension of regular mail service as a result of a strike, work stoppage or similar activity, it shall be impractical to mail notice of any event when such notice is required to be given pursuant to any provision of this Leasehold Mortgage, any manner of giving notice as shall be satisfactory to the Leasehold Mortgagee shall be deemed to be a sufficient giving of such notice.

(b) Pursuant to Section 83 of the Lease Agreement, if any notice of an Event of Default under any of the Senior Financing Documents is sent to the Mortgagor, the Leasehold Mortgagee will simultaneously send a copy to the Port Authority at the address provided in the Lease Agreement.

Section 40. LAW GOVERNING THE LEASEHOLD MORTGAGE.

THE EFFECT AND MEANING OF THIS LEASEHOLD MORTGAGE AND THE RIGHTS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF.

Section 41. Sale, Conveyance, Transfer, Mortgage, Pledge, Assignment and Modification.

Any sale or transfer of the Leasehold Mortgagee's interest in this Leasehold Mortgage, or any part hereof, shall be subject to any applicable provisions of the Lease Agreement, including, without limitation, Section 83(e) thereof.

Except as expressly permitted pursuant to the Lease Agreement and the Senior Financing Documents, the Mortgagor shall not cause or permit a sale, conveyance, mortgage, grant, bargain, encumbrance, pledge, assignment, grant of any options with respect to, or any other transfer or disposition (directly or indirectly, voluntarily or involuntarily, by operation of law or otherwise, and whether or not for consideration or of record) of a legal or beneficial interest in the Mortgaged Property or any part thereof or the Mortgagor, without the prior written consent of Leasehold Mortgagee, other than any pledge or security interest granted in the equity of an indirect equity holder of the Mortgagor, granted by a holder of such equity to its lenders as collateral security. Notwithstanding anything to the contrary contained herein or in any of the other Senior Financing Documents, this Leasehold Mortgage shall survive an assignment of the Lease Agreement, and this Leasehold Mortgage shall remain in full force and effect.

The Mortgagor shall not surrender or terminate the Lease Agreement, or enter into any agreement to do so, without the prior written consent of the Leasehold Mortgagee, but only to the extent the surrender is not in connection with the expiration of the Term (as defined in the Lease Agreement). Any agreement, surrender or termination in violation of the preceding sentence shall be void ab initio.

Section 42. Counterparts.

This Leasehold Mortgage may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. The exchange of copies of this Leasehold Mortgage and of signature pages by facsimile or portable document format (“PDF”) transmission shall constitute effective execution and delivery of this Leasehold Mortgage as to the parties hereto. Signatures of the parties hereto transmitted by facsimile, electronic, manual or PDF shall be deemed to be their original signatures for all purposes.

Section 43. Titles.

Titles to the sections of this Leasehold Mortgage are solely for the convenience of the parties and are not an aid in the interpretation of this Leasehold Mortgage or any part hereof.

Section 44. Assignment of Mortgaged Rents.

Subject to and in compliance with the terms of the Lease Agreement, Mortgagor hereby absolutely and unconditionally assigns to Leasehold Mortgagee all of Mortgagor’s right, title and interest in and to all current and future Subleases and Mortgaged Rents; it being intended by the Mortgagor that this assignment constitutes a present, absolute assignment and not an assignment for additional security only. Nevertheless, subject to the terms of the Senior Security Documents, Leasehold Mortgagee grants to the Mortgagor a revocable license to collect, receive, use and enjoy the Mortgaged Rents and the Mortgagor shall hold the Mortgaged Rents, or a portion thereof sufficient to discharge all current sums due on the Senior Building Loan Obligations, for use in the payment of such sums or as otherwise provided in the Senior Financing Documents.

Section 45. Miscellaneous.

(a) Immunity of Commissioners, Officers, Agents, Representatives and Employees of the Port Authority.

Neither the Commissioners of the Port Authority nor any of the officers, agents, representatives or employees of the Port Authority shall be charged personally with any liability or held liable under any term or provision of this Leasehold Mortgage or any supplement, modification or amendment hereto or because of the consent to this Leasehold Mortgage.

(b) Basic Lease & Lease Agreement Shall Control. Notwithstanding anything contained in this Leasehold Mortgage or any consent or approval of the Port Authority hereto, it is understood, agreed and is hereby expressly provided in this Leasehold Mortgage, that the rights of the Leasehold Mortgagee, or its assignee or its successor-in-interest, as applicable, in its capacity as a transferee of the Mortgagor’s rights under the Lease Agreement, (i) shall in all respects be as specified in and shall be subject and subordinate to the terms, covenants, conditions and provisions set forth in the Lease Agreement and (ii) shall be subject and subordinate to the terms, covenants, conditions, and provisions of the Basic Lease. The terms, covenants, conditions and provisions of the Lease Agreement and the Basic Lease shall govern as between the Port Authority, the Mortgagor, and the Leasehold Mortgagee, in its capacity as a transferee of the Mortgagor’s rights under the Lease Agreement, and in the event of any inconsistency between the

terms, covenants, conditions and provisions of the Lease Agreement and the Basic Lease, as applicable, and the terms, covenants, conditions and provisions of this Leasehold Mortgage, the terms, covenants, conditions, and provisions of the Lease Agreement and the Basic Lease, as applicable, shall control. Further, as between the Port Authority, the Mortgagor, and the Leasehold Mortgagee, to the extent the Port Authority approves this Leasehold Mortgage, the parties acknowledge and agree any such approval shall not be deemed to constitute, nor imply, an amendment to the terms of the Lease Agreement, unless the Port Authority expressly identifies the same as an amendment to the Lease Agreement in its approval.

(c) Port Authority's Copy of Leasehold Mortgage.

Without limiting the Port Authority's right of approval thereof, the Leasehold Mortgagee shall give the Port Authority a true copy of this Leasehold Mortgage and a true copy of any amendments hereof.

(d) Statement Regarding Residential Dwelling Units.

The real property subject to this Leasehold Mortgage is not principally improved or to be improved by one or more structures containing in the aggregate not more than six residential dwelling units, each having its own cooking facilities.

(e) Limitation on Disposition of the Mortgagor's Interest in the Lease Agreement.

The Leasehold Mortgagee shall require that any transferee, assignee or purchaser of the Mortgagor's leasehold estate under the Lease Agreement or any new lessee shall assume the rights and obligations, from and after date of assumption, of the Mortgagor under the Senior Financing Documents.

(f) Non-liability of Individuals; Limitations on Recourse.

(i) Notwithstanding any other provision of this Leasehold Mortgage to the contrary, no (x) commissioner, director, employee, committee member, manager, managing director, officer, agent, representative, nor any (y) owner, shareholder, member, partner, controlling Person, principal, or ultimate beneficial owner, in each case, whether direct or indirect, of the Leasehold Mortgagee or of the Mortgagor or any Affiliate of the Leasehold Mortgagee or the Mortgagor or of any of the foregoing, shall be charged personally or held contractually liable by or to the other party, or any third-party beneficiary hereof, under, or in connection with, any term or provision of this Leasehold Mortgage or of any supplement, modification or amendment to this Leasehold Mortgage or because of any breach thereof, or because of its or their execution or attempted execution.

(ii) Notwithstanding any other provision of this Leasehold Mortgage to the contrary, and as a material consideration for the Mortgagor's entry into this Leasehold Mortgage, it is acknowledged and agreed that neither the Leasehold Mortgagee (or any of its successors or assigns) nor any third party beneficiary hereof shall have any recourse or shall make any claim under or in connection with this Leasehold Mortgage, against any commissioner, director, employee, committee member, manager, managing director, officer, agent,

representative, owner, shareholder, member, partner, controlling Person, principal, or ultimate beneficial owner, in each case, whether direct or indirect, of the Mortgagor or any Affiliate of the Mortgagor under, or in connection with, this Leasehold Mortgage and the sole recourse of the Leasehold Mortgagee (or its successors or assigns) and any third party beneficiary hereof shall be against the Mortgagor's assets irrespective of any failure of the Mortgagor to comply with applicable Law or any provision of this Leasehold Mortgage. The acknowledgements and agreements set forth in this Section are made expressly for the benefit of the Persons referred to herein, individually or collectively.

(iii) For the purposes of this Section, the protections afforded to the Leasehold Mortgagee under this Section shall be deemed to protect the Senior Collateral Agent, nominee of the Senior Collateral Agent, any successor to the Leasehold Mortgagee, any Qualified Terminal Operator and any director, manager, managing director, controlling person, direct or indirect shareholder, member, partner, principal, ultimate or indirect shareholder, owner, officer or agent thereof in respect of any obligations hereunder or under any of the Senior Financing Documents.

(iv) Nothing in this Section will be deemed a release of any member or Affiliate or Mortgagor from their obligations under any guaranty or any other agreement made by such member of Affiliate with, or for the benefit of, the Mortgagor, the Project, the Senior Collateral Agent or any other Senior Secured Parties; provided that neither the Leasehold Mortgagee nor any third party beneficiary hereof shall be subrogated, or have any right of subrogation, to any claim of the Mortgagor for any capital contributions to the Mortgage from any member of the Mortgagor or any associated claims under any guaranty, letter of credit or other security provided by any member of the Mortgagor for the benefit of the Mortgagor, in each case, except to the extent otherwise expressly set forth in the Senior Financing Documents.

(v) The Senior Collateral Agent has executed this Leasehold Mortgage and the other Senior Security Documents not in its individual capacity but solely as Senior Collateral Agent in connection with the rights and obligations of the Senior Collateral Agent. In connection with the Senior Collateral Agent's execution of this Leasehold Mortgage and the other Senior Security Documents, in no event shall the Senior Collateral Agent, in its individual capacity, have any liability for the representations, warranties, covenants, agreements or other obligations of the Senior Collateral Agent hereunder or thereunder or in any of the certificates, notices or agreements delivered pursuant hereto or thereto, except to the extent the Senior Collateral Agent may be liable under the Senior Security Documents. Mortgagor acknowledges and confirms that the indemnity in Section 7.02 of the Collateral Agency and Accounts Agreement and Section 7.2 of the TDC Building Loan Agreement shall apply with respect to the Senior Collateral Agent's performance of its obligations hereunder (as though such indemnity was set forth herein in its entirety).

(vi) All obligations of the Senior Collateral Agent and the other Senior Secured Parties incurred hereunder or under any other Senior Financing Document shall be limited obligations of the Senior Collateral Agent and the other Senior Secured Parties, payable solely and only from proceeds, revenues and other amounts derived by the Senior Collateral Agent from the Trust Estate and security under the Senior Security Documents.

(g) No Merger.

So long as any of the Senior Building Loan Obligations secured hereby shall remain unpaid or unsatisfied, unless Leasehold Mortgagee shall otherwise consent in writing, the leasehold interest in the Premises or any other interest of the Mortgagor or Leasehold Mortgagee in the Mortgaged Property or the Senior Building Loan Obligations or other security therefore shall not merge with any other interest therein, but shall always be kept separate and distinct, notwithstanding the union of said title either in the Mortgagor, Leasehold Mortgagee or in any other party, by purchase or otherwise.

(h) Successors and Assigns.

This Leasehold Mortgage shall be binding upon and solely for the benefit of the parties hereto and their respective permitted successors and assigns. The terms, covenants, conditions and warranties contained herein and the powers granted hereby shall run with the land, shall inure to the benefit of and bind all parties hereto and their respective heirs, executors, administrators, and permitted successors and assigns and all subsequent holders of Senior Security Documents. Except if and as expressly permitted under Section 20 of the Lease Agreement and Section 41 hereof and the other Senior Financing Documents, the Mortgagor shall not assign any of its rights or obligations hereunder to any party without the written consent of the Leasehold Mortgagee. The Leasehold Mortgagee may assign any of its rights or obligations hereunder at any time to any party subject to the terms of the Lease Agreement (including Section 83 thereof) and such assignment shall benefit its heirs, executors, administrators, successors and assigns.

(i) No Partnership.

Nothing contained herein shall be deemed to constitute the parties hereto as partners or joint venturers in any manner or matter whatsoever.

(j) Construction and Interpretation of Agreement.

Whenever appropriate herein or required by the context or circumstances, the masculine shall be construed as a feminine and/or neuter, the singular as the plural and vice versa. All rules of construction of drafting ambiguities applicable under Section 36 of the Lease Agreement shall apply equally to this Leasehold Mortgage.

(k) Limitation of Liability of Leasehold Mortgagee.

Each Leasehold Mortgagee has executed this Leasehold Mortgage not in its individual capacity but solely as Leasehold Mortgagee in connection with the rights and obligations of the Leasehold Mortgagee. In connection with a Leasehold Mortgagee's execution of this Leasehold Mortgage as Leasehold Mortgagee, in no event shall a Leasehold Mortgagee, in its individual capacity, have any liability for the representations, warranties, covenants, agreements or other obligations of a Leasehold Mortgagee hereunder or in any of the certificates, notices or agreements delivered pursuant hereto, except in the case of the Senior Collateral Agent, to the extent the Senior Collateral Agent may be liable under the Senior Security Documents.

(l) Property Clause.

This property is not and will not be improved by a one to six family dwelling or residences.

(m) Date for Reference Purposes Only.

The date of this Leasehold Mortgage is for reference purposes only and shall not be construed to imply that this Leasehold Mortgage was executed as of the date first written above. This Leasehold Mortgage has been executed by the parties hereto and is effective on the Closing Date.

(n) Subordination. The rights and remedies of the Leasehold Mortgagee, in its capacity as a transferee of the Mortgagor's rights under the Lease Agreement, shall be subject and subordinate to the terms and conditions of Section 83 of the Lease Agreement. In the event of any conflict between this Leasehold Mortgage and the Lease Agreement, the terms and conditions of the Lease Agreement shall control and be binding.

Section 46. Mortgage Priority.

This Leasehold Mortgage is being executed contemporaneously with the Project Leasehold Mortgage granted to the Senior Collateral Agent by the Mortgagor with respect to the Lease Agreement and shall be senior in lien priority to such mortgage recording regardless of the order of recording thereof.

Section 47. Relative Priority.

It is the intent of Mortgagor and Leasehold Mortgagee that, with respect to the Mortgaged Property, the relative priority of the respective liens of this Leasehold Mortgage and the Project Leasehold Mortgage shall be as follows: (a) the lien of this Leasehold Mortgage shall have first priority and (b) the lien of the Project Leasehold Mortgage shall have second priority.

Section 48. TDC Building Loan Agreement.

This is a building loan and "construction loan" mortgage, the proceeds of which are loaned for the purpose of financing the construction of certain improvements on the Mortgaged Property. This Leasehold Mortgage is subject to all of the terms, covenants, conditions and provisions of the TDC Building Loan Agreement, which TDC Building Loan Agreement and all of the terms, covenants, conditions and provisions thereof are by this reference incorporated herein and made a part hereof with the same force and effect as if set forth at length herein. The proceeds of the building loan secured hereby are to be advanced by Leasehold Mortgagee to Mortgagor in accordance with the provisions of the TDC Building Loan Agreement. Mortgagor shall observe and perform all of the terms, covenants, conditions and provisions of the TDC Building Loan Agreement on Mortgagor's part to be observed or performed. All advances made and all indebtedness arising and accruing under the TDC Building Loan Agreement from time to time shall be secured hereby. In the event of any conflict or ambiguity between the terms, covenants, conditions and provisions of this Leasehold Mortgage and the TDC Building Loan Agreement, the terms, covenants, conditions and provisions which shall enlarge the rights and remedies of

Leasehold Mortgagee and the interest of Leasehold Mortgagee in the Mortgaged Property, afford Leasehold Mortgagee greater financial security in the Mortgaged Property and better assure payment of the indebtedness in full, shall control.

Section 49. State-Specific Provisions.

(a) Principles of Construction.

In the event of any inconsistencies between the terms and conditions of this Section 49 and the terms and conditions of this Leasehold Mortgage, the terms and conditions of this Section 49 shall control and be binding.

(b) Maximum Secured Amount.

Notwithstanding anything contained herein to the contrary, the maximum amount of indebtedness secured by this Leasehold Mortgage at execution or which under any contingency may become secured hereby at any time hereafter is Three Billion Ninety-Four Million Six Hundred Seventeen Thousand Four Hundred Fifteen dollars \$3,094,617,415, plus interest thereon as provided in the Financing Documents, plus all amounts expended by Leasehold Mortgagee after default by Mortgagor that constitute payment of (i) taxes, charges or assessments that may be imposed by law upon the Mortgaged Property, (ii) premiums on insurance policies covering the Mortgaged Property, (iii) expenses incurred in protecting or upholding the lien of this Leasehold Mortgage, including, but not limited to the expenses of any litigation to prosecute or defend the rights and lien created by this Mortgage, (iv) expenses incurred in protecting the collateral encumbered by this Leasehold Mortgage, or (v) any amount, cost or charge to which Leasehold Mortgagee becomes subrogated upon payment, whether under recognized principles of law or equity, or under express statutory authority.

(c) Section 291-f Agreement.

(i) Mortgagor hereby covenants and agrees with Leasehold Mortgagee that Mortgagor will not, without the prior written consent of Leasehold Mortgagee, accept prepayments of installments of rent to become due thereunder for more than one (1) month in advance, except to the extent that such prepayment is presently expressly permitted to a tenant under the provisions of its respective lease.

(ii) This Leasehold Mortgage is intended to be, and shall operate as, the agreement described in Section 291-f of the Real Property Law of the State of New York and shall be entitled to the benefits afforded thereby. Mortgagor acknowledges and agrees that Leasehold Mortgagee shall have the right to deliver notice of this Leasehold Mortgage in form and substance reasonably acceptable to Mortgagor, to all present and future holders of any interest in any lease (except for such leases to which Section 291-f is inapplicable), by assignment or otherwise, and Mortgagor agrees to take and/or allow Leasehold Mortgagee to take such other action as may now or hereafter be reasonably required to afford Leasehold Mortgagee the full protections and benefits of Section 291-f. Leasehold Mortgagee may request the recipient of any such notice to acknowledge the receipt thereof.

(d) Mortgage Recording Tax; Limited Role of the Co-Leasehold Mortgagee.

(i) The Issuer is acting in the capacity of Leasehold Mortgagee hereunder solely for the purpose of making available to the parties an exemption from mortgage recording tax and to secure certain obligations of the Mortgagor to the Issuer under the Senior Financing Documents. In that connection, the Issuer will and hereby agrees to submit this Leasehold Mortgage to the Office of the City Register, Queens County, for recordation, at Mortgagor's sole cost and expense. The Mortgagor will promptly pay, or cause to be paid, any mortgage recording taxes (if the exemption is not granted), fees or other charges, if any, due in connection with this Leasehold Mortgage and the other Senior Financing Documents. Upon recording this Leasehold Mortgage, the Issuer shall execute one or more assignment agreements evidencing the assignment of all of its legal right, title and interest as Leasehold Mortgagee hereunder to Senior Collateral Agent. The foregoing assignments shall be made without recourse, representation or warranty by the Leasehold Mortgagee, in any case or event or for any purpose whatsoever. Thereafter, Senior Collateral Agent, at Mortgagor's sole cost and expense, shall promptly file such assignment with the Queens County Clerk's Office. Upon such assignment, all references herein to the Leasehold Mortgagee shall mean and apply solely to Senior Collateral Agent as the sole remaining party comprising the Leasehold Mortgagee, and its successors and assigns.

(ii) The Mortgagor acknowledges that the Issuer is entering into this Leasehold Mortgage solely as an accommodation to the other parties hereto, and that the Issuer shall have absolutely no obligations, responsibilities or liabilities under this Leasehold Mortgage. The parties hereto acknowledge that the Issuer is executing this Leasehold Mortgage solely to bind itself with respect to this Leasehold Mortgage and that the Issuer's execution does not amount to or evidence the Issuer's agreement with or endorsement of any other provisions of this Leasehold Mortgage.

(iii) The Senior Collateral Agent and the other Senior Secured Parties hereby release the Issuer from all claims, causes of action, suits, actions, arbitrations, inquiries, litigations, proceedings, controversies, disputes, governmental or regulatory investigations, liabilities, damages, costs, obligations, judgments and covenants at law or in equity incurred or suffered by the Senior Collateral Agent or any other Senior Secured Parties with respect to any assertion by applicable governmental authorities that a mortgage recording tax is due with respect to this Leasehold Mortgage.

(iv) The Issuer shall not be under any duty to examine or pass upon the validity, effectiveness, enforceability, genuineness or value of this Leasehold Mortgage or any document executed in connection therewith, and the Issuer is entitled to assume the validity, enforceability, effectiveness and due authorization thereof.

Except to the extent required for the performance of any of the obligations of the Mortgagor under the Lease Agreement and as permitted thereunder, nothing contained in this Leasehold Mortgage shall grant to the Leasehold Mortgagee any rights whatsoever in the air space above the Premises in excess of the heights of the structures thereon as set forth in the final Project Documents.

TO HAVE AND TO HOLD the Mortgaged Property, together with all rights and claims of the Mortgagor therein, to the Leasehold Mortgagee, its successors and assigns forever, upon the terms and conditions and for the uses hereinafter set forth.

PROVIDED, HOWEVER, these presents are upon the express condition that, if the Mortgagor shall pay to the owners of the Senior Project Loan Obligations at the time and in the manner provided in each evidence of the Senior Project Loan Obligations, and shall pay and perform the other obligations in full, as set forth in this Leasehold Mortgage, and shall comply with each and every covenant and condition set forth herein and therein, and no Senior Secured Party shall have any commitment to lend or make available any additional funds to the Mortgagor pursuant to any Senior Financing Document and this Leasehold Mortgage, then these presents and the estate hereby granted shall cease, terminate and be void.

The Leasehold Mortgagee may exercise any rights granted hereby in respect of the Mortgaged Property or any remedies (including cure rights) with respect to the Mortgaged Property, subject in all cases to the Lease Agreement; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor under this Leasehold Mortgage or otherwise take any action that interferes with the Mortgagor's construction, operation or maintenance of the Mortgaged Property, except as otherwise provided in the Senior Financing Documents.

This Leasehold Mortgage and the lien created hereby are subordinate to the fee estate held by the City in the Mortgaged Property and to the leasehold estate held by the Port Authority pursuant to the Basic Lease. In no event shall the lien created by this Leasehold Mortgage attach to (a) the fee or any other estate held by the City in the Mortgaged Property, (b) any other property which becomes the City's property upon the termination or expiration of the Basic Lease or (c) the leasehold estate from the City or otherwise held by the Port Authority in the Mortgaged Property. This instrument does not extend to or affect, or represent a lien or encumbrance on, the estate or interest of the fee owner of the Premises that are the subject of this instrument or any property located therein or thereon, and in the event of any inconsistent provision in this instrument, this provision shall prevail.

For the avoidance of doubt, the Senior Collateral Agent is a Recognized Mortgagee (as defined in the Lease Agreement).

For the avoidance of doubt, except as may be provided in the Lease Agreement, the Port Authority shall have no liability whatsoever for payment of any principal sum secured by this Leasehold Mortgage, or any interest accrued thereon or any other sum secured hereby or accruing hereunder and, to the fullest extent allowable under applicable Law and except as provided in the Section 83 of the Lease Agreement, the Leasehold Mortgagee affirms and acknowledges that it shall not be entitled to seek any damages or other amounts against the Port Authority for any or all of the same. Further, the Port Authority shall have no obligation to the Leasehold Mortgagee in regard to the enforcement of the Port Authority's rights and remedies under the Lease Agreement or as otherwise provided by applicable Law; except to the extent the Port Authority has expressly agreed in the Lease Agreement that its rights thereunder are subject to the rights of the Recognized Mortgagee (as defined in the Lease Agreement) or granted other rights to the Recognized Mortgagee, in each case, under Section 83 or elsewhere in the Lease Agreement or under the Senior Financing Documents.

For the avoidance of doubt, in no instance shall the Leasehold Mortgagee, by virtue of this Leasehold Mortgage, acquire any greater rights or interest in the Premises than the Mortgagor has at any applicable time under the Lease Agreement (other than such specific rights or interests as may be granted to or acquired by the Leasehold Mortgagee as a Recognized Mortgagee (as defined in the Lease Agreement) in accordance with Section 83 of the Lease Agreement).

### Section 3. Representations, Warranties and Covenants.

The Mortgaged Property is, and the Mortgagor will keep the Mortgaged Property, free and clear of all liens and encumbrances other than the Permitted Liens. Other than Permitted Liens, Mortgagor has not made an assignment of the Mortgaged Property which is assigned hereunder which remains in effect as of the date hereof, except pursuant to the Senior Financing Documents, and will forever warrant and defend the title to the Mortgaged Property against all claims and demands by, through or under the Mortgagor and will maintain and preserve the validity and priority of the lien of this Leasehold Mortgage so long as the 2022 TDC Project Notes or any Note issued under the TDC Project Loan Agreement, is outstanding;

(iii) The Mortgagor agrees that it will promptly and fully comply with all the terms, provisions, covenants, conditions, obligations and agreements imposed upon or assumed by the Mortgagor under the Lease Agreement, this Leasehold Mortgage, and the other Senior Financing Documents, except to the extent any such non-compliance is permitted by the Senior Financing Documents;

(iv) The Mortgagor agrees that in the event that the Mortgagor fails to perform any of its obligations under this Leasehold Mortgage, the Lease Agreement or under the other Senior Financing Documents, the Leasehold Mortgagee shall have the right (but not the obligation), to the extent set forth in the Lease Agreement, to perform such obligations in accordance with the terms and conditions of the Lease Agreement, this Leasehold Mortgage and the other Senior Financing Documents; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor or otherwise take any action that interferes with the Mortgagor's construction, operation or maintenance of the Mortgaged Property, except as otherwise provided in the Senior Financing Documents; and

(v) The Mortgagor will prepare and execute any documents necessary to record this Leasehold Mortgage. Mortgagor authorizes and directs the Senior Collateral Agent to prepare and file any necessary financing statements and, at periodic intervals, continuation statements pursuant to the Uniform Commercial Code as in effect in the State of Delaware (or any other relevant jurisdiction, including the State of New York) and any other documents required to perfect or continue the perfection of the lien and security interest granted in this Leasehold Mortgage. Mortgagor will pay all filing or recording costs with respect thereto and all costs of filing or recording this Leasehold Mortgage or any other instrument, agreement or document executed and delivered pursuant to this Leasehold Mortgage in all public offices where filing or recording is deemed by the Leasehold Mortgagee to be necessary or desirable.

#### Section 4. Payment of Debt Service.

Mortgagor will promptly pay, or cause to be paid, all payments due pursuant to the TDC Project Loan Agreement, the 2022 TDC Project Notes and all other sums secured hereby when due and will continue to be liable for the payment of debt service until such sums are paid in full, notwithstanding any actions which may be brought by the Leasehold Mortgagee to recover any amount or amounts for installments of debt service or other sums to which it may be lawfully

entitled under this Leasehold Mortgage or the other Senior Financing Documents, or to recover any amount or amounts in respect of taxes, assessments, water rents, sewer rents or other public charges, or fire or other insurance premiums to which it may be lawfully entitled under this Leasehold Mortgage.

Section 5. Insurance.

(a) The Mortgagor shall comply with the requirements of Section 10.03 of the Collateral Agency and Accounts Agreement.

(b) The Mortgagor hereby assigns and shall deliver to the Leasehold Mortgagee all insurance proceeds the Mortgagor is entitled to under the Lease Agreement which are not required to be paid to or retained by the Port Authority under the Lease Agreement or paid to or retained by the City pursuant to the Basic Lease or the Lease Agreement and does receive as collateral and further security for the Senior Project Loan Obligations of the Mortgagor secured hereby, to be applied in accordance with the Lease Agreement, the Intercreditor Agreement and the Collateral Agency and Accounts Agreement.

Section 6. Condition of Premises.

The Mortgagor will comply in all material respects with its obligations under the Lease Agreement with respect to the maintenance of the condition and repair of the Mortgaged Property.

Nothing contained in this Leasehold Mortgage, nor any action or inaction of any Leasehold Mortgagee, shall constitute any consent or request, express or implied, by the Leasehold Mortgagee (a) for the performance of any labor or services or the furnishing of any materials or other property in respect of the Mortgaged Property or any part thereof, or (b) as giving the Mortgagor any right, power or authority to contract for or permit the performance of any labor or services or the furnishing of any materials or other property, in such fashion as would permit the making of any claim against any Leasehold Mortgagee in respect thereof or any claim that any lien based on the performance of such labor or services or the furnishing of such materials or other property is superior to this Leasehold Mortgage.

Section 7. Lease Agreement.

(a) The Mortgagor covenants that it will not (i) do, or permit anything to be done, or omit or refrain from doing anything, the doing or omission of which will give the Port Authority a right to terminate the Lease Agreement, and (ii) terminate, or (to the extent it has the right to consent) consent to the termination of, the Lease Agreement without the prior written approval of the Leasehold Mortgagee. Upon the occurrence of any Event of Default under the Lease Agreement, the Mortgagor shall promptly take such actions as may be necessary to timely effect a cure thereof. To the extent the Mortgagor receives any payment attributable to the Senior Project Loan Obligations, such amounts will be immediately paid to the Senior Collateral Agent for disposition in accordance with the Senior Financing Documents. The obligation under the immediately preceding sentence shall survive any termination of this Leasehold Mortgage for so long as any Senior Project Loan Obligations remain outstanding.

(b) The approval of the Leasehold Mortgagee (such approval not to be unreasonably withheld, delayed or conditioned) is required for any amendment, variation, modification of, or a waiver of the Mortgagor's rights and obligations under the following provisions of the Lease Agreement: Section 2(ee) (*Compensation Events*), Section 2(ff) (*Delay Events*), Section 4 (*Rental*) (other than Excess Value Rent, so long as Excess Value Rent continues to be payable solely from the Remaining Revenue Account on a Quarterly Distribution Date on which the Mortgagor is permitted, pursuant to the Financing Documents, to distribute such cash), Section 19 (*Condemnation*), Section 21 (*Termination by the Port Authority*), Section 23 (*Waiver of Redemption*), Section 24 (*Survival of the Obligations of the Lessee*), Section 25 (*Reletting by the Port Authority*), Section 26 (*Remedies to be Non-Exclusive*), Section 27 (*Delivery of Possession of the Premises at the End of the Term*), Section 28 (*Acceptance of Surrender of Lease*), Section 29 (*Basic Lease*), Section 53 (*Purchase of Property*), Section 76 (*Termination by Lessee*), Section 77 (*Effect of Termination by Lessee*), Section 83 (*Project Financing*) and Section 84 (*Refinancing*) (including, in each case, amendments to or variations or modifications of the defined terms used in such provisions to the extent such amendments, variations or modifications affect the substance of such provisions), or any other amendment, variation or modification of the Lease Agreement that could reasonably be expected to have a material adverse effect on the rights or interests of the Bondholders, the Bank Lenders or Leasehold Mortgagee (or any other Senior Secured Party). The Leasehold Mortgagee will respond to any request from the Mortgagor or the Port Authority for approval of a modification or amendment of the Lease Agreement within a reasonable period of time. The Leasehold Mortgagee acknowledges that its consent shall not be required if an amendment to, or variation or modification of, the Lease Agreement is necessary for the Port Authority, in the Port Authority's sole discretion, to be in compliance with the Basic Lease or any applicable law and, provided, further, the Leasehold Mortgagee shall not require the Port Authority to pay any fee, charge, or other amount (including reimbursement of any cost or expense) in connection with providing the consent of the Leasehold Mortgagee (where such consent is required, as provided in the Lease Agreement or in any other Senior Financing Documents).

(c) The parties hereto acknowledge that, except as otherwise approved in writing by the Port Authority, all rights of the Leasehold Mortgagee in its capacity as a transferee of the Mortgagor's rights under the Lease Agreement shall be subject and subordinate to all of the provisions of the Lease Agreement and to all of the rights of the Port Authority thereunder, including without limitation Section 83 thereof.

#### Section 8. Power of Attorney.

Upon the occurrence and during the continuance of an Event of Default hereunder, the Mortgagor hereby irrevocably constitutes and appoints the Leasehold Mortgagee with full authority in the name, place and stead of Mortgagor to do any and all things required to be done in the Leasehold Mortgagee's discretion, to carry out the terms and accomplish the purposes of this Leasehold Mortgagee as fully and effectively as the Mortgagor could do, including, but not limited to, the power to endorse the Mortgagor's name to checks, notes or other instruments for the payment of money, to deposit the same for the benefit of Leasehold Mortgagee and to institute, prosecute and settle all claims of Mortgagor in connection therewith. This power of attorney is coupled with an interest and shall be irrevocable until all of the Senior Project Loan Obligations is paid or satisfied in full and this Leasehold Mortgagee is terminated. This power of attorney shall

survive the dissolution and liquidation of Mortgagor. The powers conferred upon Leasehold Mortgagee hereunder are solely to protect its interest and shall not impose any duty upon it to exercise any of such powers.

Section 9. No Assumption by the Leasehold Mortgagee.

Nothing in this Leasehold Mortgage contained, nor any action or inaction on the part of the Leasehold Mortgagee, is intended or shall be construed as establishing between the Leasehold Mortgagee and any sublessee or between the Leasehold Mortgagee and the landlord under the Lease Agreement or any party to the Senior Financing Documents, the relationship of lessor and/or lessee or as rendering the Leasehold Mortgagee responsible or liable to any person for the manner of maintenance of the property demised under or affected by the subleases, the Lease Agreement or the Senior Financing Documents or the conduct of any business therein or as an assumption by the Leasehold Mortgagee of any liability to any Person for the fulfillment of any covenant or obligation of the subleases, the Lease Agreement or the Senior Financing Documents prior to such time as the Leasehold Mortgagee has taken ownership of the Mortgagor's interest in the Lease Agreement by foreclosure or otherwise (including a new lease has been executed between the Port Authority, as lessor and the Leasehold Mortgagee or its designee, as lessee). The Mortgagor shall at all times remain fully liable for the fulfillment of all of the terms and conditions of this Leasehold Mortgage. Further, the parties acknowledge and agree that, in accordance with Section 83(a)(11) of the Lease Agreement, notwithstanding any enforcement of the security under this Leasehold Mortgage or any restrictions contained in the Senior Financing Documents, the Mortgagor shall remain fully liable to the Port Authority for the payment of all sums owing to the Port Authority under the Lease Agreement and the performance and observance of all of the covenants and obligations of the Lessee (as such term is defined in the Lease Agreement) under the Lease Agreement, unless otherwise satisfied.

Section 10. Events of Default.

An event of default ("Event of Default") hereunder shall exist upon the occurrence and during the continuation of any of the following events:

(i) A failure to make payment under the TDC Project Loan Agreement, the 2022 TDC Project Notes or any Note issued under the TDC Project Loan Agreement of any and all amounts required when due for the payment of interest (including any Defaulted Interest), Sinking Fund Requirement, Redemption Price or principal in respect of any Series of Senior Bonds or any Senior Loans, which failure has resulted in the occurrence and continuance of an Event of Default under and as defined in the TDC Project Loan Agreement;

(ii) The Port Authority shall have given an Event of Default Notice as described in Section 21 of the Lease Agreement; or

(iii) An "Event of Default" shall have occurred and is continuing under any other of the Senior Financing Documents, but only for so long as such "Event of Default" is continuing.

Section 11. Rights and Remedies.

(a) General.

The Leasehold Mortgagee shall have those rights and remedies under this Leasehold Mortgage as are specifically provided by this Leasehold Mortgage, the Lease Agreement, the Indenture, and the other Senior Financing Documents subject to the terms and conditions stated herein, therein, at law and in equity, in each case, subject to the terms of the Intercreditor Agreement. Any amounts received by the Leasehold Mortgagee in the exercise of its rights and remedies under this Leasehold Mortgage shall be applied by the Leasehold Mortgagee in accordance with Section 15 hereof.

(b) Mortgagor Deemed Lessee.

(i) Notwithstanding any provisions hereof to the contrary, the Mortgagor, for all purposes under the Lease Agreement, shall be deemed to be the tenant under the Lease Agreement (unless and until the Recognized Mortgagee (as such term is defined in the Lease Agreement) shall have acquired the tenant's interest in the Lease Agreement or a new lease has been executed between the Port Authority, as lessor, and the Mortgagee, as lessee, pursuant to Section 83 of the Lease Agreement, as the case may be), and the Leasehold Mortgagee shall not have any right to use or occupy the Mortgaged Property for any of the purposes set forth in Section 5 of the Lease Agreement or for any other purpose whatsoever (except as permitted in connection with the exercise of the Leasehold Mortgagee's rights and remedies under this Leasehold Mortgage, the Lease Agreement or the other Senior Financing Documents, and except for the purpose of preserving the Mortgaged Property to the extent permitted in the Lease Agreement, this Leasehold Mortgage, or the other Senior Financing Documents, as applicable, in each case, subject to the terms of the Intercreditor Agreement), and the Leasehold Mortgagee acknowledges that the consent of the Port Authority to this Leasehold Mortgage has been given expressly upon such condition.

(ii) Except as permitted in connection with the exercise of the Leasehold Mortgagee's rights and remedies under this Leasehold Mortgage, the Lease Agreement or the other Senior Financing Documents, and except for the purpose of preserving the Mortgaged Property to the extent permitted in the Lease Agreement, this Leasehold Mortgage and the other Senior Financing Documents, the Mortgagor shall have full and complete control of the operation and use of the Mortgaged Property.

(c) Notice of Default, Foreclosure Notice and Port Authority's Right to Purchase.

(i) The Leasehold Mortgagee shall send to the Port Authority a copy of each notice of an Event of Default given under this Leasehold Mortgage or any other Senior Financing Document, and any notice given under any such documents that the Lessee Debt (as defined in the Lease Agreement) secured hereby and then outstanding has become immediately due and payable, in accordance with Section 83(c)(2) of the Lease Agreement (a "Foreclosure Notice"), at the same time as and whenever any such Foreclosure Notice shall have been sent to the Mortgagor, but the Port Authority shall not have the right to cure any such Event of Default or

other event that resulted in such Lessee Debt becoming immediately due and payable except to the extent provided in Section 11(c)(ii) below. Together with each Foreclosure Notice, the Leasehold Mortgagee shall give the Mortgagor and the Port Authority written notice, in accordance with Section 83(h)(1) of the Lease Agreement, of the amount of the unpaid principal amount of the 2022 TDC Project Notes, any other Note issued under the TDC Project Loan Agreement, and any accrued and unpaid interest thereon (including any default interest then outstanding under such documents), any prepayment premiums or penalties, make-whole amounts or other prepayment amounts or breakage costs that would be due and payable upon payoff of such amounts, and all other amounts that would be due and owing under the Senior Financing Documents (with good faith estimates provided to the extent of any liabilities, such as termination amounts under hedging arrangements, which cannot be finalized at the time of notice), and the per diem interest which will accrue on the principal amount of such outstanding debt thereunder from and after the date of such notice.

(ii) To the extent provided and in accordance with the terms and conditions of Section 83(h) of the Lease Agreement, the Port Authority shall have the right, but not the obligation, following the giving of a Foreclosure Notice by the Leasehold Mortgagee to purchase this Leasehold Mortgage and the other Senior Financing Documents from the Leasehold Mortgagee by tendering to the Leasehold Mortgagee an amount that shall equal the total amount specified in the Foreclosure Notice, including per diem interest through the date of such tender, and upon such tender this Leasehold Mortgage shall terminate and be of no further force and effect. Promptly following the Port Authority's tender of such amount specified in such Foreclosure Notice, the Mortgagor shall cause to be executed, and the Leasehold Mortgagee shall execute, a satisfaction of this Leasehold Mortgage, cause the same to be filed in the Office of the City Register for Queens County and take all other and additional actions that are required in order to discharge the lien of this Leasehold Mortgage as of record. The Leasehold Mortgagee hereby acknowledges, and agrees to be bound by, the provisions of Section 83(h) of the Lease Agreement (Port Authority's Right to Pay Off Lessee Debt).

(iii) The Leasehold Mortgagee shall give additional notice to the Mortgagor and the Port Authority of the commencement of any proceeding to foreclose upon this Leasehold Mortgage as well as all subsequent pleadings, notices and documents in connection with such proceedings and the termination or discontinuance thereof and any other proceedings to realize on any security interest or separate agreement of the Mortgagor with respect to the Senior Project Loan Obligations, and shall keep the Port Authority advised of the progress of such proceedings.

(iv) Nothing herein shall be deemed to preclude the Port Authority from bidding on the same terms and conditions as independent third parties for or from becoming the owner of the Mortgaged Property and the other property encumbered by the other Senior Security Documents and the Mortgagor's leasehold estate free from any claims, equities or rights of redemption of the Mortgagor, the Bondholders, the Bank Lenders and the Leasehold Mortgagee, (and the other Senior Secured Parties) and the Port Authority shall have the right to bid for the Mortgaged Property and the property encumbered by the other Senior Security Documents and the Mortgagor's leasehold estate on the same terms and conditions as independent third parties at any sale, public or private, whether held pursuant to a judgment of foreclosure or otherwise.

(v) Without limiting any other provisions of the Lease Agreement, if a purchaser at a foreclosure sale shall acquire title to the Lease Agreement and the Mortgagor's leasehold estate thereunder, such purchaser's rights to assign, sell or transfer the leasehold shall be as set forth in the Lease Agreement.

(d) Incorporation of Additional Rights and Remedies.

Pursuant to certain provisions of the Lease Agreement, the Indenture and the other Senior Financing Documents, including, without limitation, Section 83 of the Lease Agreement, the Leasehold Mortgagee has certain rights and remedies upon an Event of Default, including, without limitation, the Foreclosure Rights and the right to compel a New Agreement (as defined in the Lease Agreement), all of which provisions are hereby incorporated herein by reference as if fully set forth herein, and the Leasehold Mortgagee shall have the benefit of and be entitled to rely on such provisions, subject to the terms and conditions stated therein and the terms and conditions of this Leasehold Mortgage, with the same force and effect as if they were set forth in full in this Leasehold Mortgage, in each case, subject to the terms of the Intercreditor Agreement.

(e) Leasehold Mortgagee's Ability to Cure Default.

(i) If an "Event of Default" (under and as defined in the Lease Agreement) shall have occurred and be continuing, Mortgagor acknowledges and agrees that the Port Authority (as lessor under the Lease Agreement) has agreed to accept and permit the curing of any "Event of Default" (under and as defined in the Lease Agreement) by the Recognized Mortgagee (as such term is defined in the Lease Agreement), on behalf of the Senior Secured Parties, or its designee, including, without limitation, any Qualified Terminal Operator (as defined in the Lease Agreement) appointed in accordance with the Lease Agreement or any other designee, agent or assignee of the rights of the Recognized Mortgagee, provided that such designee, agent or assignee of the rights of the Leasehold Mortgagee is not a Prohibited Party (as defined in the Lease Agreement) and cures such default in accordance with the applicable terms of the Lease Agreement, as, if and with the same force and effect as though cured by the Mortgagor. The curing of any such "Event of Default" (under and as defined in the Lease Agreement) by the Recognized Mortgagee shall not be deemed to cure any default by the Mortgagor under this Leasehold Mortgage or the other Senior Financing Documents and shall not relieve the Mortgagor from any obligation to reimburse the Leasehold Mortgagee for any costs and expenses incidental to the curing of such defaults.

(ii) Without limiting the generality of the other provisions of this Leasehold Mortgage, and without waiving or releasing Mortgagor from its obligations hereunder, the Recognized Mortgagee, on behalf of the Senior Secured Parties, may personally, or by its agents or attorneys, including, but not limited to, any Qualified Terminal Operator appointed in accordance with the Lease Agreement, (but shall not be obligated to), subject in each case to the terms of the Intercreditor Agreement, take any action at law or in equity that, subject to the terms and conditions of the Lease Agreement or as otherwise approved in writing by the Port Authority, that the Leasehold Mortgagee, in its capacity as the Recognized Mortgagee, in its sole discretion, deems necessary or desirable to prevent or cure any or "Event of Default" (under and as defined in the Lease Agreement) by the Mortgagor in the performance of or compliance with any of the Mortgagor's covenants or obligations under the Lease Agreement or any Senior Financing

Document, except where non-compliance could not reasonably be expected to result in any of the following: (a) a Material Adverse Effect, (b) a material adverse effect on the Project or the transactions contemplated by the Senior Financing Documents, taken as a whole, or (c) an adverse effect on the validity or enforceability of any such Senior Financing Document against the Mortgagor, and the Leasehold Mortgagee and any Person designated by the Leasehold Mortgagee shall have, and are hereby granted, the right to enter upon the Premises to such extent and as often as the Leasehold Mortgagee in its sole discretion deems necessary or desirable to prevent or cure any such default or “Event of Default” (under and as defined in the Lease Agreement) by the Mortgagor, subject to the terms and conditions of the Lease Agreement or as otherwise approved by the Port Authority in writing; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor or otherwise take any action that interferes with the Mortgagor’s construction, operation or maintenance of the Mortgaged Property except as otherwise provided in the Senior Financing Documents and the Lease Agreement. The Leasehold Mortgagee may, but shall not be required to, expend such sums of money as the Leasehold Mortgagee, in its sole discretion, deems necessary for any such purpose, and the Mortgagor hereby agrees to pay to the Leasehold Mortgagee, immediately upon demand, all reasonable sums so expended by the Leasehold Mortgagee, together with interest thereon from the date of disbursement at a rate of interest per annum equal two (2) percentage points above the rate published by The Wall Street Journal (or, if The Wall Street Journal or if such rate shall not be published, a domestic financial newspaper of comparable status designated by Leasehold Mortgagee) from time to time as the generally prevailing rate of interest charged by commercial banks on ninety (90) day unsecured loans to their most preferred corporate customers in Queens County (the “Default Rate”). All reasonable sums so expended by the Leasehold Mortgagee, the respective Secured Debt Representative or any Senior Secured Parties and such interest thereon shall be added to the Senior Project Loan Obligations of the Mortgagor to Leasehold Mortgagee and the Senior Secured Parties and secured by the lien of this Leasehold Mortgagee.

(f) Remedies.

(i) Subject to the limitations of Section 11(a) hereof and the terms of the Intercreditor Agreement, upon the occurrence and during the continuance of an Event of Default beyond any applicable cure or grace period, the Leasehold Mortgagee may in addition to any rights or remedies available to it hereunder, subject to the terms and conditions of the Lease Agreement (including Section 83 thereof) or as otherwise approved in writing by the Port Authority, without notice or demand, as it deems advisable to protect and enforce its rights against the Mortgagor and in and to the Mortgaged Property and without impairing or otherwise affecting the other rights and remedies of the Leasehold Mortgagee, take any one or more of the following actions, either personally, or by its agents or attorneys, including, but not limited to, any Qualified Terminal Operator appointed in accordance with the Lease Agreement, at such times and in such order as the Leasehold Mortgagee shall determine in its sole discretion: (A) subject to satisfaction of applicable Port Authority procedures and policies, enter into and upon all or any part of the Premises, and each and every part thereof, and exclude the Mortgagor, its agents and servants wholly therefrom; and (B) having and holding the same, use, operate, manage and control the Mortgaged Property and conduct the business thereof, either personally or by its superintendents, managers, agents, servants, attorneys or receivers; and (C) upon every such entry, at the expense of the Mortgagor, from time to time, either by purchase, repairs or construction, maintain and

restore the Mortgaged Property, and insure the same; and (D) likewise, from time to time, at the expense of the Mortgagor, make all necessary or proper repairs, renewals and replacements and such useful alterations, additions, betterments and improvements thereto and thereon as it may seem advisable subject to the satisfaction of applicable Port Authority procedures and policies as required under the Lease Agreement; and (E) in every such case have the right to manage and operate the Mortgaged Property and to carry on the business thereof and exercise all rights and powers of the Mortgagor with respect thereto, either in the name of the Mortgagor or otherwise as it shall deem best.

(ii) Subject to the limitations of Section 11(a) hereof, upon the occurrence and during the continuance of an Event of Default beyond any applicable cure or grace period, without limiting the generality of the other provisions of this Leasehold Mortgage or any other rights at law or in equity, the Leasehold Mortgagee, with or without entry, personally or by its agents or attorneys, including, but not limited to, any Qualified Terminal Operator appointed in accordance with the Lease Agreement, insofar as applicable, may, in each case subject to the applicable provisions of the Lease Agreement (including Section 83 thereof) and the Senior Financing Documents:

(1) sell the Mortgaged Property to the extent permitted and pursuant to the procedures provided by law, and all estate, right, title and interest, claim and demand therein, and right of redemption thereof, at one or more sales as an entirety or in parcels, and at such time and place upon such terms and after such notice thereof as may be required or permitted by law;

(2) institute proceedings for the foreclosure of this Leasehold Mortgage; or

(3) take such steps to protect and enforce its rights whether by action, suit or proceeding in equity or at law for the specific performance of any covenant, condition or agreement in the Lease Agreement, this Leasehold Mortgage or any of the other Senior Financing Documents, or in aid of the execution of any power herein granted, or for any foreclosure hereunder, or for the enforcement of any other appropriate legal or equitable remedy or otherwise as the Leasehold Mortgagee shall elect.

(iii) Notwithstanding the foregoing, a waiver of an “Event of Default” under the Indenture, the TDC Project Loan Agreement or the Intercreditor Agreement or a rescission of a declaration of acceleration of the Series 2022A Bonds under the Indenture, the Senior Loans under the Credit Agreement, the 2022 TDC Project Notes, or of any Senior Project Loan Obligations pursuant to the Intercreditor Agreement and a rescission and annulment of its consequences shall constitute a waiver of the corresponding Event of Default under this Leasehold Mortgage; provided, that no such waiver or rescission shall extend to or affect any subsequent or other default hereunder or impair any right consequent thereon except to the extent expressly provided in such waiver or rescission; and provided, further that no such waiver or rescission shall constitute a waiver or rescission by the Port Authority with respect to any related default or event of default arising under the Lease Agreement, unless the Port Authority has separately waived or rescinded in writing.

(g) Bankruptcy.

(i) If the Port Authority, or anyone holding by, through or under the Port Authority or a trustee in bankruptcy shall elect to reject the Lease Agreement pursuant to Section 365(a) of the Bankruptcy Code, or a successor statute, thereby giving to Mortgagor the right to elect to treat the Lease Agreement as terminated pursuant to Section 365(h)(1)(A)(i) of the Bankruptcy Code, or a successor statute, Leasehold Mortgagee shall have the exclusive right to exercise said right and Mortgagor hereby assigns said right to Leasehold Mortgagee. Mortgagor shall not, without Leasehold Mortgagee's prior written consent, elect to treat either the Lease Agreement or the leasehold estate created thereby as terminated under Subsection 365(h)(1)(A)(i) of the Bankruptcy Code or any successor statutory provision, after rejection or disaffirmance of the Lease Agreement by the Port Authority or by any trustee of such party, and any such election made without such consent shall, to the extent permitted by law, be void and ineffective.

(ii) Mortgagor hereby unconditionally assigns, transfers and sets over to Leasehold Mortgagee all of Mortgagor's claims and rights to the payment of damages that may hereafter arise as a result of any rejection or disaffirmance of the Lease Agreement by the Port Authority or by any trustee of such party, pursuant to the Bankruptcy Code. To the extent Mortgagor fails to timely and reasonably proceed upon reasonable prior written request of Leasehold Mortgagee, Leasehold Mortgagee shall have and is hereby granted the right to proceed, in its own name or in the name of Mortgagor, in respect of any claim, suit, action or proceeding relating to the rejection or disaffirmance of the Lease Agreement (including, without limitation, the right to file and prosecute, to the exclusion of Mortgagor, any proofs of claim, complaints, motions, applications, notices and other documents) in any case in respect of the Port Authority under the Bankruptcy Code. This assignment constitutes a present, irrevocable and unconditional assignment of the foregoing claims, rights and remedies, and shall continue in effect until the Senior Project Loan Obligations shall have been satisfied and discharged in full. Any amounts received by Leasehold Mortgagee as damages arising out of any such rejection of the Lease Agreement shall be applied by Leasehold Mortgagee in accordance with Section 15 hereof.

(iii) In the event that any action, proceeding, motion or notice shall be commenced or filed by the Port Authority in respect of the Lease Agreement or the Mortgaged Property or any part thereof, in connection with any case under the Bankruptcy Code, and Mortgagor shall fail to timely and reasonably proceed upon reasonable prior written request by Leasehold Mortgagee, Leasehold Mortgagee shall have, and is hereby granted, the option, to the exclusion of Mortgagor, exercisable upon notice from Leasehold Mortgagee to Mortgagor, to conduct and control any such litigation with counsel of Leasehold Mortgagee's choice. Leasehold Mortgagee may proceed, in its own name or in the name of Mortgagor, in connection with any such litigation, and Mortgagor agrees to execute any and all powers, authorizations, consents and other documents required by Leasehold Mortgagee in connection therewith. Mortgagor shall, upon demand, pay to Leasehold Mortgagee all reasonable costs and expenses (including, without limitation, reasonable legal fees and disbursements) paid or incurred by Leasehold Mortgagee, before and after judgment, in connection with the prosecution or conduct of any such proceedings, and, to the extent permitted by law, such costs and expenses shall be deemed expenses incurred in upholding the lien of this Leasehold Mortgage and added to the Senior Project Loan Obligations. Mortgagor shall not, without the prior written consent of Leasehold Mortgagee, commence any

action, suit, proceeding or case, or file any application or make any motion, in respect of the Lease Agreement in any such case under the Bankruptcy Code.

(iv) In the event that a petition under the Bankruptcy Code shall be filed by or against Mortgagor, and Mortgagor, or anyone claiming through or under Mortgagor or a trustee in bankruptcy shall have the right to reject the Lease Agreement pursuant to Section 365(a) of the Bankruptcy Code or a successor statute, Mortgagor shall give Leasehold Mortgagee and the Port Authority at least thirty (30) days' prior written notice of the date on which application shall be made to the court for authority to reject the Lease Agreement; provided, however, that if a trustee in bankruptcy shall have a right to reject the Lease Agreement in less than thirty (30) days, then Mortgagor shall give such notice to Leasehold Mortgagee and the Port Authority immediately upon Mortgagor's knowledge of such application, provided further, that in the event that Mortgagor or its trustee in bankruptcy shall have decided to reject or disaffirm the Lease Agreement, then prior to making any application to effectuate any such rejection or disaffirmance Mortgagor shall offer instead, upon not less than thirty (30) days written notice to the Leasehold Mortgagee and the Port Authority, to attempt to assign the Lease Agreement to the Leasehold Mortgagee, its designee or nominee, in accordance with, and subject to, the terms and conditions of the Lease Agreement, or as otherwise approved by the Port Authority in writing. In no event shall the Mortgagor have an obligation to cure any outstanding defaults in connection with any such assignments. In the event Leasehold Mortgagee accepts such offer within such thirty (30) day period, as it may be extended by mutual agreement, Mortgagor shall not seek to reject or disaffirm the Lease Agreement and shall instead promptly assign the Lease Agreement to Leasehold Mortgagee, its designee or nominee, in accordance with, and subject to, the terms and conditions of the Lease Agreement, or as otherwise approved by the Port Authority in writing. In the event of any rejection or disaffirmance of the Lease Agreement by Mortgagor or anyone claiming through or under Mortgagor or a trustee in bankruptcy without having first made the preceding written offer to assign, upon written election by the Leasehold Mortgagee such rejection or disaffirmance shall be deemed an assignment of the Lease Agreement to the Leasehold Mortgagee, its designee or nominee, subject to, the terms and conditions of the Lease Agreement, or as otherwise approved by the Port Authority in writing. Furthermore, until such time as the Lease is so rejected or disaffirmed or otherwise assumed by Mortgagor, Leasehold Mortgagee shall have the right to seek adequate protection for payment of the Senior Project Loan Obligations.

(v) If any of the assignments provided for in this Section are held to be unenforceable, then Mortgagor, anyone claiming by, through or under Mortgagor or a trustee in bankruptcy, shall not exercise rights purportedly assigned to Leasehold Mortgagee without the prior written consent of Leasehold Mortgagee, and if Leasehold Mortgagee shall give such consent, Mortgagor, anyone claiming by, through or under Mortgagor or a trustee in bankruptcy shall promptly exercise said rights.

(vi) To the extent permitted by applicable law and to the extent that a petition under the Bankruptcy Code shall have been filed by or against Mortgagor and Mortgagor unreasonably fails to act in a timely manner upon reasonable prior written request of Leasehold Mortgagee, Mortgagor hereby assigns, transfers and sets over to Leasehold Mortgagee a right to apply to the Bankruptcy Court under Subsection 365(d)(4) of the Bankruptcy Code for an order extending the period during which the Lease Agreement may be rejected or assumed after the entry

of any order for relief in respect of Mortgagor under Chapter 7 or Chapter 11 of the Bankruptcy Code.

Section 12. Sale by the Leasehold Mortgagee.

(a) The Leasehold Mortgagee may adjourn from time to time any sale by it to be made under or by virtue of this Leasehold Mortgage by announcement at the time and place appointed for such sale or for such adjourned sale or sales; and, except as otherwise provided by any applicable provision of law, the Leasehold Mortgagee, without further notice or publication, may make such sale at the time and place to which the same shall be so adjourned.

(b) Upon the completion of any sale or sales made by the Leasehold Mortgagee under or by virtue of this Leasehold Mortgage, the Leasehold Mortgagee, or an officer of any court empowered to do so, shall execute and deliver to the accepted purchaser or purchasers a good and sufficient instrument, or good and sufficient instruments, assigning and transferring all of the Mortgagor's estate, right, title and interest in and to the property and rights sold. The Leasehold Mortgagee may, at the Leasehold Mortgagee's option, also foreclose this Leasehold Mortgage for any portion of the sums secured hereby which is then due and payable, subject to the continuing lien of this Leasehold Mortgage for the balance of the Senior Project Loan Obligations then due. Upon the occurrence and during the continuance of an Event of Default beyond the applicable cure or grace period, the Leasehold Mortgagee is hereby irrevocably appointed the true and lawful attorney-in-fact of the Mortgagor, in its name and stead, to make all necessary conveyances, assignments, transfers and deliveries of the Mortgaged Property and rights so sold and for that purpose the Leasehold Mortgagee may execute all necessary instruments of assignment and transfer, and may substitute one or more persons with like power, the Mortgagor hereby ratifying and confirming all that its said attorney-in-fact or such substitute or substitutes shall lawfully do by virtue hereof. Nevertheless, the Mortgagor, if so requested by the Leasehold Mortgagee, shall ratify and confirm any such sale or sales by executing and delivering to the Leasehold Mortgagee or to such purchaser or purchasers all such instruments as may be advisable, in the judgment of the Leasehold Mortgagee, for the purpose, and as may be designated, in such request. Any such sale or sales made under or by virtue of this Leasehold Mortgage, whether made under the power of sale herein granted or under or by virtue of judicial proceedings or of a judgment or decree of foreclosure and sale, shall operate to divest all the estate, right, title, interest, claim and demand whatsoever, whether at law or in equity, of the Mortgagor in and to the property and rights so sold, and shall be a perpetual bar both at law and in equity against the Mortgagor and against any and all persons claiming or who may claim the same, or any part thereof from, through or under the Mortgagor.

(c) The purchase money, proceeds or avails of any sale made under or by virtue of this Leasehold Mortgage, together with any other sums which then may be held by the Leasehold Mortgagee under this Leasehold Mortgage, whether under the provisions of this Section 12 or otherwise, shall be applied in the order set forth in Section 15 hereof.

(d) Upon any sale made under or by virtue of this Leasehold Mortgage or any of the other Senior Security Documents, whether made under the power of sale herein granted or under or by virtue of judicial proceedings or of a judgment or decree of foreclosure and sale, the Leasehold Mortgagee may bid for and acquire the Mortgaged Property and the other property

encumbered by the other Senior Security Documents or any part thereof and in lieu of paying cash therefor may make settlement for the purchase price by crediting upon the indebtedness of the Mortgagor secured by this Leasehold Mortgage the net sales price after deducting therefrom the expenses of the sale and the costs of the action and any other sums which the Leasehold Mortgagee are authorized to deduct under this Leasehold Mortgage.

(e) The foregoing paragraphs (a)-(d) shall be subject to the terms and conditions of the Lease Agreement or as otherwise approved by the Port Authority in writing.

### Section 13. Receivers.

(a) Upon the occurrence and during the continuance of an Event of Default beyond the applicable cure or grace period and immediately upon the commencement of any action, suit or other legal proceedings by the Leasehold Mortgagee to obtain judgment for the principal of, and interest on, the 2022 TDC Project Notes, any Note issued under the TDC Project Loan Agreement and other sums required to be paid by the Mortgagor pursuant to any provision of this Leasehold Mortgage, or of any other nature in aid of the enforcement of the Lease Agreement, this Leasehold Mortgage or other Senior Financing Documents, the Mortgagor will and hereby does (i) waive the service of process and enter its voluntary appearance in such action, suit or proceeding, and (ii) if required by the Leasehold Mortgagee, consent to the appointment of a receiver or receivers in respect of the Mortgaged Property (subject to the last sentence of this Section 13(a)). After the happening of any Event of Default and during its continuance, and upon the commencement of any proceedings to foreclose this Leasehold Mortgage, or to enforce the specific performance hereof or in aid thereof or upon the commencement of any other judicial proceeding to enforce any right of the Leasehold Mortgagee, the Leasehold Mortgagee shall be entitled, as a matter of right, if it shall so elect, without the giving of notice to any other party and without regard to the adequacy or inadequacy of any security for the indebtedness, forthwith either before or after declaring the unpaid principal of the 2022 TDC Project Notes or any Note issued under the TDC Project Loan Agreement to be due and payable, to the appointment of such a receiver or receivers. Any receiver appointed hereunder must qualify as a Qualified Terminal Operator.

(b) Upon the occurrence and during the continuance of an Event of Default beyond the applicable cure or grace period, notwithstanding the appointment of any receiver, liquidator or trustee of the Mortgagor, or of any of its property, or of the Mortgaged Property or any part thereof, the Leasehold Mortgagee shall be entitled to retain possession and control of all property now or hereafter held under this Leasehold Mortgage.

### Section 14. Election of Remedies.

(a) If the indebtedness secured hereby is now or hereafter further secured by chattel mortgages, pledges, contracts, guaranties, assignments of leases, or other securities, the Leasehold Mortgagee may at its option exhaust any one or more of said securities and the security hereunder, either concurrently or independently, and in such order as it may determine.

(b) The rights of the Leasehold Mortgagee, granted and arising under the clauses and covenants contained in this Leasehold Mortgage, the Lease Agreement and in the other

Senior Financing Documents, shall be separate, distinct and cumulative of other powers and rights herein granted and all other rights which the Leasehold Mortgagee may have in law or equity, and none of them shall be in exclusion of the others; and all of them are cumulative to the remedies for collection of indebtedness, enforcement of rights under mortgages and preservation of security as provided at law. No act of the Leasehold Mortgagee shall be construed as an election to proceed under any one provision herein or under the Lease Agreement, or Senior Financing Documents to the exclusion of any other provision, or an election of remedies to the bar of any other remedy allowed at law or in equity, anything herein or otherwise to the contrary notwithstanding.

Section 15. Application of Proceeds.

All proceeds received by the Leasehold Mortgagee from the sale or other disposition of this Leasehold Mortgage or from the exercise by the Leasehold Mortgagee of any right or remedy under this Leasehold Mortgage, whether received from a new lessee or otherwise, shall be applied in accordance with the Collateral Agency and Accounts Agreement.

Section 16. Waiver by the Mortgagor.

The Mortgagor will not at any time insist upon, or plead, or in any manner whatever claim or take any benefit or advantage of any stay or extension or moratorium law, any exemption from execution or sale of the Mortgaged Property or any part thereof, wherever enacted, now or at any time hereafter in force, which may affect the covenants and terms of performance of this Leasehold Mortgage, nor claim, take or insist upon any benefit or advantage of any law now or hereafter in force providing for the valuation or appraisal of the Mortgaged Property, or any part thereof, prior to any sale or sales thereof which may be made pursuant to any provision herein, or pursuant to the decree, judgment or order of any court of competent jurisdiction; nor, after any such sale or sales, claim or exercise any right under any statute heretofore or hereafter enacted to redeem the property so sold or any part thereof and the Mortgagor hereby expressly waives all benefit or advantage of any such law or laws, and covenants not to hinder, delay or impede the execution of any power herein granted or delegated to the Leasehold Mortgagee, but to suffer and permit the execution of every power as though no such law or laws had been made or enacted. The Mortgagor, for itself and all who may claim under it, waives, to the extent that it lawfully may, all right to have the Mortgaged Property marshaled upon any foreclosure hereof.

Section 17. Condemnation.

In the event that pursuant to the terms of Section 19 of the Lease Agreement, any portion of the Premises is acquired by a Taking pursuant to Section 19 of the Lease Agreement, such portion that is subject to such Taking shall be free and clear of this Leasehold Mortgage and any interest of the Leasehold Mortgagee in the Mortgaged Property. The Mortgagor hereby assigns to the Leasehold Mortgagee any payments received by the Mortgagor pursuant to Section 19 of the Lease Agreement as collateral and further security for the Senior Project Loan Obligations and the Mortgagor hereby consents to and directs that the Port Authority pay to the Leasehold Mortgagee, to the extent the Port Authority receives any proceeds as a result of or in connection with such Taking in relation to the Premises and to which the Mortgagor is entitled to under the Lease Agreement, such amount provided under Section 19 of the Lease Agreement. Any

amount so paid by the Port Authority to the Leasehold Mortgagee shall be applied by the Leasehold Mortgagee in accordance with the Lease Agreement and the Senior Financing Documents.

No sale, transfer or assignment by the Mortgagor of its interest in the Mortgaged Property or the Mortgagor's leasehold estate to the Port Authority shall create a merger between the estates of the Port Authority and the Mortgagor unless the Port Authority, the Mortgagor and the Leasehold Mortgagee consent to such merger in writing, nor shall any such sale, transfer or assignment be deemed to affect or diminish the liabilities of the Mortgagor with respect to the Mortgaged Property, whether for survived damages or otherwise.

Section 18. Costs of Litigation and Collection.

If any action or proceeding is commenced to which the Leasehold Mortgagee is made a party or in which it becomes necessary, in the opinion of the Leasehold Mortgagee's counsel, to defend or uphold the lien of this Leasehold Mortgage, or if this Leasehold Mortgage is put into the hands of an attorney for collection, suit, action or foreclosure, all sums expended by the Leasehold Mortgagee, including reasonable counsel fees, shall be paid by the Mortgagor, together with interest thereon at the Default Rate, and any such sum shall be a further lien on the Mortgaged Property prior to any subsequently attaching or accruing claim or interest and shall be deemed secured by this Leasehold Mortgage; and, in any action or proceedings to foreclose this Leasehold Mortgage, or to recover or collect the indebtedness, the provisions of law respecting the recovery of costs, disbursements and allowances shall prevail unaffected by this covenant.

Section 19. Security Agreement and Fixture Filing.

This Leasehold Mortgage shall also be considered to be and shall be construed as a security agreement with respect to any Mortgaged Property which is not real property. Upon the occurrence and during the continuance of an Event of Default hereunder, the Leasehold Mortgagee may in its discretion, subject to the terms of the Intercreditor Agreement, require the Mortgagor to assemble the collateral and make it available to the Leasehold Mortgagee at a place reasonably convenient to all parties to be designated by the Leasehold Mortgagee. The Leasehold Mortgagee shall give the Mortgagor written notice of the time and place of any public sale of any of the collateral or of the time after which any private sale or other intended disposition thereof is to be made by sending notice to the Mortgagor at least ten (10) days before the time of the sale or other disposition, which provisions for notice the Mortgagor agrees are reasonable.

Certain of the Mortgaged Property is or will become "fixtures" (as that term is defined in the UCC) on the Premises, and this Leasehold Mortgage, upon being filed for record in the real estate records of the city or county wherein such fixtures are situated, shall operate also as a financing statement filed as a fixture filing in accordance with the applicable provisions of said UCC upon such of the Mortgaged Property that is or may become fixtures.

Section 20. Additional Senior Obligations.

The Mortgagor and the Leasehold Mortgagee understand and agree that, subject to the terms and conditions set forth in the Senior Financing Documents, the Issuer may, from time to time, establish and authorize the issuance and (as applicable) sale of, and the Mortgagor may incur, Additional Senior Obligations for purposes of the Project on a parity basis with the Loan

Facility. In the case of any such issuance of Additional Senior Obligations, such Additional Senior Obligations shall have the same notes, pledges, mortgages, security interests and assignments applicable to the Senior Bonds and/or the Loan Facility, as applicable, pursuant to the Supplemental Indenture or Additional Senior Financing Documents, as applicable, authorizing such Additional Senior Obligations, and the Mortgagor and the Leasehold Mortgagee shall execute such documents as may reasonably be required by the Issuer acting at the request of either the Mortgagor or the Intercreditor Agent, as applicable, in accordance with the Intercreditor Agreement, to accomplish such purposes.

Section 21. Further Assurances.

The Mortgagor will from time to time within ten (10) Business Days after written request by the Leasehold Mortgagee, execute, acknowledge and deliver any further instrument or instruments, including but not limited to mortgages, assignments, assignments of leases, security agreements, financing statements, renewal affidavits, certificates, continuation statements, assignments, or other documents or instruments (in each case, provided that such documents do not contravene the Lease Agreement unless otherwise approved in writing by the Port Authority) that the Leasehold Mortgagee may reasonably request in order to reaffirm, correct, protect, preserve, continue, extend or maintain the evidence of the Senior Project Loan Obligations hereby secured and the lien and security interest hereof to all or any part of the Mortgaged Property intended to be hereby mortgaged, whether now mortgaged, later substituted for, or acquired subsequent to the date of this Leasehold Mortgage and any extension or modification thereof. The Mortgagor will, upon demand, pay any reasonable expenses incurred by the Leasehold Mortgagee in the preparation, execution and filing of any such documents.

Section 22. Payment by the Leasehold Mortgagee.

If the Mortgagor (i) fails to pay any claim, lien or encumbrance which is prior or junior to this Leasehold Mortgage, or any rent or payment due under the Lease Agreement when due, or any tax or assessment or insurance premium when due, or (ii) fails to keep the Mortgaged Property or personal property in good repair, or (iii) shall commit or permit physical waste, or if there be commenced any action or proceeding affecting all or any part of the Mortgaged Property or personal property or the title thereto, then the Leasehold Mortgagee, at its option, may pay such claim, lien, encumbrance, rent, payment, tax, assessment, or premium, with right of subrogation thereunder, may make such repairs and take such steps as the Leasehold Mortgagee deems advisable to prevent or cure, if any, such waste, and may appear in any such action or proceeding and retain counsel therein, and take any action therein as the Leasehold Mortgagee deems advisable, and for any of said purposes the Leasehold Mortgagee may advance such sums of money as it deems necessary; provided, however, so long as an Event of Default shall not have occurred and be continuing, the Leasehold Mortgagee shall not have the right to enter the Premises to cure or prevent any default by the Mortgagor or otherwise take any action that interferes with the Mortgagor's construction, operation or maintenance of the Mortgaged Property, except as otherwise provided in the Lease Agreement and the Senior Financing Documents.

Section 23. Leasehold Mortgagee Expenses.

In addition to securing the payment of the Senior Project Loan Obligations, this Leasehold Mortgage shall further secure payment of any and all additional indebtedness owing by the Mortgagor to the Leasehold Mortgagee for advances, charges, expenses or fees reasonably made, incurred, or expended by the Leasehold Mortgagee pursuant to this Leasehold Mortgage.

Section 24. Payments Secured.

The Mortgagor will pay to the Leasehold Mortgagee within ten (10) Business Days after written notice and without further demand therefor by the Leasehold Mortgagee, all sums of money advanced by the Leasehold Mortgagee to cure a default pursuant to this Leasehold Mortgage, together with interest on each such advancement from the date of disbursement at the Default Rate, and all such sums and such interest thereon shall be secured hereby.

Section 25. Inspection by the Leasehold Mortgagee.

Subject to the terms and conditions of the Lease Agreement, the Leasehold Mortgagee and any persons authorized by the Leasehold Mortgagee shall have the right to enter and inspect the Premises at all reasonable times upon reasonable notice, subject to the terms of the Lease Agreement, provided that such right shall be limited to one time per calendar year unless an Event of Default has occurred and is continuing. The Leasehold Mortgagee shall not have any duty to make any such inspection and shall not incur any liability or obligation for not making such inspection.

Section 26. Compromise Without Notice.

Any action, suit or proceeding brought by the Leasehold Mortgagee pursuant to this Leasehold Mortgage or otherwise, and any claim made by any such person under this Leasehold Mortgage or otherwise, may be compromised, withdrawn or otherwise dealt with by such person without any notice to or approval of the Mortgagor, except as expressly required hereunder.

Section 27. Suits Without Acceleration.

After the expiration of any applicable period of notice, the Leasehold Mortgagee shall have the right from time to time to sue for any sums, whether interest, principal or any installment of either or both, taxes, penalties, or any other sums required to be paid under the terms of this Leasehold Mortgage, as the same become due, without regard to whether or not all of the indebtedness shall be due on demand, and without prejudice to the right of the Leasehold Mortgagee thereafter to enforce any appropriate remedy against the Mortgagor, including sale under this Leasehold Mortgage, or any other action, for a default or defaults by the Mortgagor existing at the time such earlier action was commenced.

Section 28. Estoppel Certificate.

The Mortgagor, upon request, made either personally or by mail, shall certify by a writing, duly acknowledged, to the Leasehold Mortgagee or to any proposed assignee of any interest in this Leasehold Mortgage, the amount of the Senior Project Loan Obligations then owing

under this Leasehold Mortgage and whether any offsets or defenses exist against such indebtedness within ten (10) days after its receipt of such written request.

Section 29. Indemnification.

The Mortgagor shall (regardless of any covenant with respect to insurance) indemnify and save harmless the Leasehold Mortgagee and its members, directors, officers, employees, attorneys and agents (the "Indemnified Parties") against and from any and all liability and expenses arising from their participation in the transactions contemplated hereby, including without limitation (a) any and all claims by or on behalf of any Person arising out of (i) any condition of the Mortgaged Property or any part thereof, or (ii) the acquisition, installation, construction, reconstruction, improvement, use, occupancy, conduct or management of or any work or anything whatsoever done or omitted to be done in or about the Mortgaged Property or any part thereof, or (iii) any accident, injury, or damage whatsoever to or death of any Person occurring in or about the Mortgaged Property or any part thereof, or (iv) any breach or default by the Mortgagor of any of its obligations under the Senior Financing Documents, or (v) any act or omission of the Mortgagor or any of its agents, contractors, servants, employees, or licensees, or (vi) the offering, reoffering, issuance, sale, resale or remarketing of any Series of Bonds or any Senior Loans, or (vii) any action, suit, claim or proceedings instituted or threatened in connection with the transactions contemplated by this Leasehold Mortgage; (b) any and all losses, costs, counsel fees, expenses or liabilities reasonably incurred in connection with any such claim or any action or proceeding brought thereon; and (c) any costs of collection; provided, however, that the Mortgagor shall not be required to indemnify any Person otherwise to be indemnified under this Section 29 for any liabilities or expenses incurred by such Person to the extent caused by or resulting from the bad faith, willful misconduct or gross negligence of such Person. In case any action or proceeding is brought against the Leasehold Mortgagee or any of its members, directors, officers, employees, attorneys or agents by reason of such claim, the Mortgagor, upon notice from the affected party, shall resist or defend such action or proceeding and release the Leasehold Mortgagee or any such member, director, officer, employee, attorney or agent from any such action or claim. Subject to the foregoing, the Leasehold Mortgagee shall cooperate and join with the Mortgagor at the expense of the Mortgagor as may be required in connection with any action taken or defended by the Mortgagor; in so doing, the Mortgagor shall take no action that would result in a determination of guilt or liability against the Leasehold Mortgagee or any of its members, directors, officers, employees, attorneys and agents without the express written consent of such party.

The Leasehold Mortgagee and its members, directors, officers, employees, attorneys and agents shall, in connection with their respective rights under this Section 29, be entitled to the advice of counsel (who may also be counsel for the Mortgagor) at the Mortgagor's expense, and shall be wholly protected as to action taken or omitted to be taken in good faith in reliance on such advice. They may rely conclusively on any communication or other document furnished to them under the Senior Financing Documents and reasonably believed by them to be genuine. They shall not be liable for any action (i) taken by them in good faith and reasonably believed by them to be within the discretion or powers conferred upon them, or (ii) in good faith not taken by them because reasonably believed to be beyond the discretion or powers conferred upon them, or (iii) taken by them pursuant to any direction or instruction by which they are governed by the Senior Financing Documents, or (iv) omitted to be taken for any of the reasons

set forth in the preceding clauses (i) or (iii), or omitted to be taken by them by reason of the lack of any direction or instruction required hereby or by any of the other Senior Financing Documents for such action; nor shall they be responsible for the consequences of any error of judgment reasonably made by them. The Leasehold Mortgagee shall in no event be liable for the application or misapplication of funds, or for other acts or defaults, by any Person, except (i) its own members, directors, officers and employees and (ii) in the case of the Senior Collateral Agent, others specified and only to the extent set forth in Section 2.10 of the Collateral Agency and Accounts Agreement. When any consent or other action by them is called for by the Senior Financing Documents, they may defer such action pending receipt of such certificates, opinions, documents or other supporting evidence as may be required hereunder or under the applicable Senior Financing Documents. They shall not be required to take any remedial action (other than the giving of notice) unless indemnity reasonably satisfactory to them is furnished for any expense or liability to be incurred thereby. They shall be entitled to reimbursement for expenses reasonably incurred or advances reasonably made, in the exercise of their rights or the performance of their obligations hereunder, to the extent that they act without previously obtaining indemnity (in addition to their rights to reimbursement set forth elsewhere herein). No permissive right or power to act which they may have shall be construed as a requirement to act; and no delay in the exercise of a right or power shall affect the subsequent exercise of that right or power. The provisions of this Section shall survive payment in full of the Senior Project Loan Obligations, any resignation or removal of the Leasehold Mortgagee pursuant to this Leasehold Mortgage, and the termination of this Leasehold Mortgage.

#### Section 30. Information.

At the time of delivery of financial statements under any applicable Mortgagor Continuing Disclosure Agreement, if any, the Mortgagor will deliver to the Leasehold Mortgagee a certificate stating that, to the best of its knowledge and belief based on reasonable due diligence, no condition or event exists which constitutes, or which (after notice or lapse of time or both) would constitute, an Event of Default, or if any such condition or event exists, specifying the nature and period of existence thereof and what action it is taking or proposes to take with respect thereto.

#### Section 31. Invalidity of Certain Provisions / Severability.

All rights, powers and remedies provided herein may be exercised only to the extent that the exercise thereof does not violate any applicable law, and are intended to be limited to the extent necessary so that they will not render this Leasehold Mortgage invalid, unenforceable or not entitled to be recorded, registered or filed under any applicable law. If any term of this Leasehold Mortgage shall be held to be invalid, illegal or unenforceable, the validity, legality and enforceability of other terms of this Leasehold Mortgage shall in no way be affected thereby. If any provision hereof or of any of the written instruments evidencing part or all of the Senior Project Loan Obligations is invalid or unenforceable under any statute, regulation or rule of law in any jurisdiction such provision shall be deemed inoperative to the extent that it may conflict therewith and shall be deemed modified to conform to such statute, regulation or rule of law to the extent permitted in keeping with the intentions of the parties hereto, and the remainder of this Leasehold Mortgage and the application of any such invalid or unenforceable provision to parties, jurisdictions or circumstances other than to whom or to which it is held invalid or unenforceable,

shall not be affected thereby nor shall same affect the validity or enforceability of any other provision of this Leasehold Mortgage.

Section 32. Interest Limitation.

It is not intended by any provision of this Leasehold Mortgage or other Senior Financing Documents to charge interest or premium at a rate in excess of the maximum rate of interest permitted to be charged to the Mortgagor under applicable law on a cumulative basis. Nevertheless, if by mistake or error interest or premium in excess of such maximum rate shall be paid for any period, the excess amount shall, if permitted by applicable law, be retained by Leasehold Mortgagee as additional cash collateral for the 2022 TDC Project Notes and any Note issued under the TDC Project Loan Agreement to be held without interest or trust or, if not permitted to be so held by Leasehold Mortgagee, shall either be refunded to the Mortgagor or shall be applied in reduction of principal, if permitted by applicable law.

Section 33. Lien Law.

Mortgagor, in compliance with Section 13 of the New York State Lien Law, shall receive all advances secured by this Leasehold Mortgage and shall hold the right to receive such advances as a trust fund to be applied first for the purpose of paying the cost of improvement and shall apply the same first to the payment of the cost of improvement before using any part of the total of the same for any other purpose. This Leasehold Mortgage shall constitute a “construction mortgage” as that term is defined in the version of the Code enacted in the state where the Mortgaged Property is located.

Mortgagor agrees that it shall indemnify and hold Leasehold Mortgagee harmless from and against any loss or liability, cost or expense, including, without limitation, any judgments, attorneys’ fees, costs of appeal bonds and printing costs arising out of or relating to any proceeding instituted by any claimant alleging priority over the lien of this Leasehold Mortgage, and/or if the Mortgaged Property or any part thereof is within the State of New York by any claimant alleging a violation by Mortgagor or Mortgagee of any section of Article 3-A of the New York State Lien Law.

Section 34. Construction.

The clauses and covenants contained in this Leasehold Mortgage which are construed by Sections 254 and 271 of the New York Real Property Law shall be construed as provided in those Sections, except that the provisions of subsection 4 of said Section 254 shall not in any manner apply to or construe the provisions of this Leasehold Mortgage; the additional clauses and covenants contained herein shall afford rights supplemental to and not exclusive of the rights conferred by the clauses and covenants construed by said Sections 254 and 271 and shall not impair, modify, alter or defeat such rights (except that the provisions of Section 34 hereof shall be exclusive of and shall be in substitution for the rights which would be conferred by the clauses and covenants construed by said subsection 4 of said Section 254), notwithstanding that such additional clauses and covenants may relate to the same subject matter or provide for different or additional rights in the same or similar contingencies as the clauses and covenants construed by said Sections 254 and 271; and in the event of any inconsistencies between the provisions of

Sections 254 and 271 and the provisions of this Leasehold Mortgage, the provisions of this Leasehold Mortgage shall prevail.

Section 35. Waiver of Redemption.

The Mortgagor hereby waives any and all rights to recover and regain the Mortgaged Property and all rights of redemption, granted by or under any present or future law in the event it is evicted or dispossessed for any cause, or in the event the Port Authority or Leasehold Mortgagee obtains possession of the Mortgaged Property in any lawful manner.

Section 36. Mortgaged Personal Property.

So long as an Event of Default shall not have occurred and be continuing, the Mortgagor shall have the right to remove free and clear of this Leasehold Mortgage any part or all of the Mortgaged Personal Property, provided such removal does not materially impair the value or function of the Premises, or to substitute therefore any other property of the Mortgagor of a type or character or function similar to that which is removed, in each case subject to the requirements of the Lease Agreement and the Senior Financing Documents.

Section 37. Discharge of Leasehold Mortgage by the Lessee.

This Leasehold Mortgage shall be deemed satisfied, discharged and of no further force and effect upon the retirement, redemption, refunding, defeasance, satisfaction or other payment or discharge of the Senior Project Loan Obligations in full accordance with the provisions of the Senior Financing Documents, and the Leasehold Mortgagee shall execute and deliver to the Port Authority and the Mortgagor all documents, in recordable form, that may be required or reasonably requested to evidence the discharge and satisfaction of this Leasehold Mortgage.

Section 38. Delays and Omissions.

Any failure or delay by the Leasehold Mortgagee to require strict performance by the Mortgagor of any of the provisions, warranties, terms and conditions contained in this Leasehold Mortgage, the other Senior Financing Documents or in any other agreement, document or instrument, shall not affect the right of the Leasehold Mortgagee to demand strict compliance and performance therewith, and any waiver of any default shall not affect or constitute a waiver of any other default, whether prior or subsequent thereto, and whether of the same or of a different type. None of the warranties, conditions, provisions and terms contained in this Leasehold Mortgage, the other Senior Financing Documents or in any other agreement, document or instrument shall be deemed to have been waived by any act or knowledge of the Leasehold Mortgagee, its agents, officers or employees, but only by an instrument in writing, signed by the Leasehold Mortgagee and specifying such waiver.

The Mortgagor hereby consents to any lawful act by the Leasehold Mortgagee for the purpose of taking lawful possession of the Mortgaged Property after an Event of Default that has occurred and is continuing and subject to the provisions of this Leasehold Mortgage and the Lease Agreement.

Any notice to be sent to the Port Authority hereunder shall be sent to the Port Authority at the address provided by the Port Authority in the Lease Agreement.

In case, by reason of the suspension of regular mail service as a result of a strike, work stoppage or similar activity, it shall be impractical to mail notice of any event when such notice is required to be given pursuant to any provision of this Leasehold Mortgage, any manner of giving notice as shall be satisfactory to the Leasehold Mortgagee shall be deemed to be a sufficient giving of such notice.

(b) Pursuant to Section 83 of the Lease Agreement, if any notice of an Event of Default under any of the Senior Financing Documents is sent to the Mortgagor, the Leasehold Mortgagee will simultaneously send a copy to the Port Authority at the address provided in the Lease Agreement.

Section 40. LAW GOVERNING THE LEASEHOLD MORTGAGE.

THE EFFECT AND MEANING OF THIS LEASEHOLD MORTGAGE AND THE RIGHTS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREOF.

Section 41. Sale, Conveyance, Transfer, Mortgage, Pledge, Assignment and Modification.

Any sale or transfer of the Leasehold Mortgagee's interest in this Leasehold Mortgage, or any part hereof, shall be subject to any applicable provisions of the Lease Agreement, including, without limitation, Section 83(e) thereof.

Except as expressly permitted pursuant to the Lease Agreement and the Senior Financing Documents, the Mortgagor shall not cause or permit a sale, conveyance, mortgage, grant, bargain, encumbrance, pledge, assignment, grant of any options with respect to, or any other transfer or disposition (directly or indirectly, voluntarily or involuntarily, by operation of law or otherwise, and whether or not for consideration or of record) of a legal or beneficial interest in the Mortgaged Property or any part thereof or the Mortgagor, without the prior written consent of Leasehold Mortgagee, other than any pledge or security interest granted in the equity of an indirect equity holder of the Mortgagor, granted by a holder of such equity to its lenders as collateral security. Notwithstanding anything to the contrary contained herein or in any of the other Senior Financing Documents, this Leasehold Mortgage shall survive an assignment of the Lease Agreement, and this Leasehold Mortgage shall remain in full force and effect.

The Mortgagor shall not surrender or terminate the Lease Agreement, or enter into any agreement to do so, without the prior written consent of the Leasehold Mortgagee, but only to the extent the surrender is not in connection with the expiration of the Term (as defined in the Lease Agreement). Any agreement, surrender or termination in violation of the preceding sentence shall be void ab initio.

Section 42. Counterparts.

This Leasehold Mortgage may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument. The exchange of copies of this Leasehold Mortgage and of signature pages by facsimile or portable document format ("PDF") transmission shall constitute effective execution and delivery of this Leasehold Mortgage as to the parties hereto. Signatures of the parties hereto transmitted by facsimile, electronic, manual or PDF shall be deemed to be their original signatures for all purposes.

Section 43. Titles.

Titles to the sections of this Leasehold Mortgage are solely for the convenience of the parties and are not an aid in the interpretation of this Leasehold Mortgage or any part hereof.

Section 44. Assignment of Mortgaged Rents.

Subject to and in compliance with the terms of the Lease Agreement, Mortgagor hereby absolutely and unconditionally assigns to Leasehold Mortgagee all of Mortgagor's right, title and interest in and to all current and future Subleases and Mortgaged Rents; it being intended by the Mortgagor that this assignment constitutes a present, absolute assignment and not an assignment for additional security only. Nevertheless, subject to the terms of the Senior Security Documents, Leasehold Mortgagee grants to the Mortgagor a revocable license to collect, receive, use and enjoy the Mortgaged Rents and the Mortgagor shall hold the Mortgaged Rents, or a portion thereof sufficient to discharge all current sums due on the Senior Project Loan Obligations, for use in the payment of such sums or as otherwise provided in the Senior Financing Documents.

Section 45. Miscellaneous.

(a) Immunity of Commissioners, Officers, Agents, Representatives and Employees of the Port Authority.

Neither the Commissioners of the Port Authority nor any of the officers, agents, representatives or employees of the Port Authority shall be charged personally with any liability or held liable under any term or provision of this Leasehold Mortgage or any supplement, modification or amendment hereto or because of the consent to this Leasehold Mortgage.

(b) Basic Lease & Lease Agreement Shall Control. Notwithstanding anything contained in this Leasehold Mortgage or any consent or approval of the Port Authority hereto, it is understood, agreed and is hereby expressly provided in this Leasehold Mortgage, that the rights of the Leasehold Mortgagee, or its assignee or its successor-in-interest, as applicable, in its capacity as a transferee of the Mortgagor's rights under the Lease Agreement, (i) shall in all respects be as specified in and shall be subject and subordinate to the terms, covenants, conditions and provisions set forth in the Lease Agreement and (ii) shall be subject and subordinate to the terms, covenants, conditions, and provisions of the Basic Lease. The terms, covenants, conditions and provisions of the Lease Agreement and the Basic Lease shall govern as between the Port Authority, the Mortgagor, and the Leasehold Mortgagee, in its capacity as a transferee of the Mortgagor's rights under the Lease Agreement, and in the event of any inconsistency between the terms, covenants, conditions and provisions of the Lease Agreement and the Basic Lease, as applicable, and the terms, covenants, conditions and provisions of this Leasehold Mortgage, the terms, covenants, conditions, and provisions of the Lease Agreement and the Basic Lease, as applicable, shall control. Further, as between the Port Authority, the Mortgagor, and the Leasehold Mortgagee, to the extent the Port Authority approves this Leasehold Mortgage, the parties acknowledge and agree any such approval shall not be deemed to constitute, nor imply, an amendment to the terms of the Lease Agreement, unless the Port Authority expressly identifies the same as an amendment to the Lease Agreement in its approval.

(c) Port Authority's Copy of Leasehold Mortgage.

Without limiting the Port Authority's right of approval thereof, the Leasehold Mortgagee shall give the Port Authority a true copy of this Leasehold Mortgage and a true copy of any amendments hereof.

(d) Statement Regarding Residential Dwelling Units.

The real property subject to this Leasehold Mortgage is not principally improved or to be improved by one or more structures containing in the aggregate not more than six residential dwelling units, each having its own cooking facilities.

(e) Limitation on Disposition of the Mortgagor's Interest in the Lease Agreement.

The Leasehold Mortgagee shall require that any transferee, assignee or purchaser of the Mortgagor's leasehold estate under the Lease Agreement or any new lessee shall assume the rights and obligations, from and after date of assumption, of the Mortgagor under the Senior Financing Documents.

(f) Non-liability of Individuals; Limitations on Recourse.

(i) Notwithstanding any other provision of this Leasehold Mortgage to the contrary, no (x) commissioner, director, employee, committee member, manager, managing director, officer, agent, representative, nor any (y) owner, shareholder, member, partner, controlling Person, principal, or ultimate beneficial owner, in each case, whether direct or indirect, of the Leasehold Mortgagee or of the Mortgagor or any Affiliate of the Leasehold Mortgagee or the Mortgagor or of any of the foregoing, shall be charged personally or held contractually liable by or to the other party, or any third-party beneficiary hereof, under, or in connection with, any term or provision of this Leasehold Mortgage or of any supplement, modification or amendment to this Leasehold Mortgage or because of any breach thereof, or because of its or their execution or attempted execution.

(ii) Notwithstanding any other provision of this Leasehold Mortgage to the contrary, and as a material consideration for the Mortgagor's entry into this Leasehold Mortgage, it is acknowledged and agreed that neither the Leasehold Mortgagee (or any of its successors or assigns) nor any third party beneficiary hereof shall have any recourse or shall make any claim under or in connection with this Leasehold Mortgage, against any commissioner, director, employee, committee member, manager, managing director, officer, agent, representative, owner, shareholder, member, partner, controlling Person, principal, or ultimate beneficial owner, in each case, whether direct or indirect, of the Mortgagor or any Affiliate of the Mortgagor under, or in connection with, this Leasehold Mortgage and the sole recourse of the Leasehold Mortgagee (or its successors or assigns) and any third party beneficiary hereof shall be against the Mortgagor's assets irrespective of any failure of the Mortgagor to comply with applicable Law or any provision of this Leasehold Mortgage. The acknowledgements and agreements set forth in this Section are made expressly for the benefit of the Persons referred to herein, individually or collectively.

(iii) For the purposes of this Section, the protections afforded to the Leasehold Mortgagee under this Section shall be deemed to protect the Senior Collateral Agent, nominee of the Senior Collateral Agent, any successor to the Leasehold Mortgagee, any Qualified Terminal Operator and any director, manager, managing director, controlling person, direct or indirect shareholder, member, partner, principal, ultimate or indirect shareholder, owner, officer or agent thereof in respect of any obligations hereunder or under any of the Senior Financing Documents.

(iv) Nothing in this Section will be deemed a release of any member or Affiliate of Mortgagor from their obligations under any guaranty or any other agreement made by such member or Affiliate with, or for the benefit of, the Mortgagor, the Project, the Senior Collateral Agent or any other Senior Secured Parties; provided that neither the Leasehold Mortgagee nor any third party beneficiary hereof shall be subrogated, or have any right of subrogation, to any claim of the Mortgagor for any capital contributions to the Mortgage from any member of the Mortgagor or any associated claims under any guaranty, letter of credit or other security provided by any member of the Mortgagor for the benefit of the Mortgagor, in each case, except to the extent otherwise expressly set forth in the Senior Financing Documents.

(v) The Senior Collateral Agent has executed this Leasehold Mortgage and the other Senior Security Documents not in its individual capacity but solely as Senior Collateral Agent in connection with the rights and obligations of the Senior Collateral Agent. In connection with the Senior Collateral Agent's execution of this Leasehold Mortgage and the other Senior Security Documents, in no event shall the Senior Collateral Agent, in its individual capacity, have any liability for the representations, warranties, covenants, agreements or other obligations of the Senior Collateral Agent hereunder or thereunder or in any of the certificates, notices or agreements delivered pursuant hereto or thereto, except to the extent the Senior Collateral Agent may be liable under the Senior Security Documents. Mortgagor acknowledges and confirms that the indemnity in Section 7.02 of the Collateral Agency and Accounts Agreement and Section 7.2 of the TDC Project Loan Agreement shall apply with respect to the Senior Collateral Agent's performance of its obligations hereunder (as though such indemnity was set forth herein in its entirety).

(vi) All obligations of the Senior Collateral Agent and the other Senior Secured Parties incurred hereunder or under any other Senior Financing Document shall be limited obligations of the Senior Collateral Agent and the other Senior Secured Parties, payable solely and only from proceeds, revenues and other amounts derived by the Senior Collateral Agent from the Trust Estate and security under the Senior Security Documents.

(g) No Merger.

So long as any of the Senior Project Loan Obligations secured hereby shall remain unpaid or unsatisfied, unless Leasehold Mortgagee shall otherwise consent in writing, the leasehold interest in the Premises or any other interest of the Mortgagor or Leasehold Mortgagee in the Mortgaged Property or the Senior Project Loan Obligations or other security therefore shall not merge with any other interest therein, but shall always be kept separate and distinct, notwithstanding the union of said title either in the Mortgagor, Leasehold Mortgagee or in any other party, by purchase or otherwise.

(h) Successors and Assigns.

This Leasehold Mortgage shall be binding upon and solely for the benefit of the parties hereto and their respective permitted successors and assigns. The terms, covenants, conditions and warranties contained herein and the powers granted hereby shall run with the land, shall inure to the benefit of and bind all parties hereto and their respective heirs, executors, administrators, and permitted successors and assigns and all subsequent holders of Senior Security Documents. Except if and as expressly permitted under Section 20 of the Lease Agreement and Section 41 hereof and the other Senior Financing Documents, the Mortgagor shall not assign any of its rights or obligations hereunder to any party without the written consent of the Leasehold Mortgagee. The Leasehold Mortgagee may assign any of its rights or obligations hereunder at any time to any party subject to the terms of the Lease Agreement (including Section 83 thereof) and such assignment shall benefit its heirs, executors, administrators, successors and assigns.

(i) No Partnership.

Nothing contained herein shall be deemed to constitute the parties hereto as partners or joint venturers in any manner or matter whatsoever.

(j) Construction and Interpretation of Agreement.

Whenever appropriate herein or required by the context or circumstances, the masculine shall be construed as a feminine and/or neuter, the singular as the plural and vice versa. All rules of construction of drafting ambiguities applicable under Section 36 of the Lease Agreement shall apply equally to this Leasehold Mortgage.

(k) Limitation of Liability of Leasehold Mortgagee.

Each Leasehold Mortgagee has executed this Leasehold Mortgage not in its individual capacity but solely as Leasehold Mortgagee in connection with the rights and obligations of the Leasehold Mortgagee. In connection with a Leasehold Mortgagee's execution of this Leasehold Mortgage as Leasehold Mortgagee, in no event shall a Leasehold Mortgagee, in its individual capacity, have any liability for the representations, warranties, covenants, agreements or other obligations of a Leasehold Mortgagee hereunder or in any of the certificates, notices or agreements delivered pursuant hereto, except in the case of the Senior Collateral Agent, to the extent the Senior Collateral Agent may be liable under the Senior Security Documents.

(l) Date for Reference Purposes Only.

The date of this Leasehold Mortgage is for reference purposes only and shall not be construed to imply that this Leasehold Mortgage was executed as of the date first written above. This Leasehold Mortgage has been executed by the parties hereto and is effective on the Closing Date.

(m) Subordination. The rights and remedies of the Leasehold Mortgagee, in its capacity as a transferee of the Mortgagor's rights under the Lease Agreement, shall be subject and subordinate to the terms and conditions of Section 83 of the Lease Agreement. In the event of any

conflict between this Leasehold Mortgage and the Lease Agreement, the terms and conditions of the Lease Agreement shall control and be binding.

(n) Property Clause.

This property is not and will not be improved by a one to six family dwelling or residences.

Section 46. Mortgage Priority.

This Leasehold Mortgage is being executed contemporaneously with the Building Leasehold Mortgage granted to the Senior Collateral Agent by the Mortgagor with respect to the Lease Agreement and shall be junior in lien priority to such mortgage recording regardless of the order of recording thereof.

Section 47. Relative Priority.

It is the intent of Mortgagor and Leasehold Mortgagee that, with respect to the Mortgaged Property, the relative priority of the respective liens of this Leasehold Mortgage and the Building Leasehold Mortgage shall be as follows: (a) the lien of the Building Leasehold Mortgage shall have first priority and (b) the lien of this Leasehold Mortgage shall have second priority.

Section 48. TDC Project Loan Agreement.

This is a project loan mortgage, the proceeds of which are loaned for the purpose of financing the indirect costs (other than the cost of improvements) in connection with the Property. This Leasehold Mortgage is subject to all of the terms, covenants, conditions and provisions of the TDC Project Loan Agreement, which TDC Project Loan Agreement and all of the terms, covenants, conditions and provisions thereof are by this reference incorporated herein and made a part hereof with the same force and effect as if set forth at length herein. The proceeds of the project loan secured hereby are to be advanced by Leasehold Mortgagee to Mortgagor in accordance with the provisions of the TDC Project Loan Agreement. (c) Section 291-f Agreement.

(i) Mortgagor hereby covenants and agrees with Leasehold Mortgagee that Mortgagor will not, without the prior written consent of Leasehold Mortgagee, accept prepayments of installments of rent to become due thereunder for more than one (1) month in advance, except to the extent that such prepayment is presently expressly permitted to a tenant under the provisions of its respective lease.

The foregoing assignments shall be made without recourse, representation or warranty by the Leasehold Mortgagee, in any case or event or for any purpose whatsoever. Thereafter, Senior Collateral Agent, at Mortgagor's sole cost and expense, shall promptly file such assignment with the Queens County Clerk's Office. Upon such assignment, all references herein to the Leasehold Mortgagee shall mean and apply solely to Senior Collateral Agent as the sole remaining party comprising the Leasehold Mortgagee, and its successors and assigns.

(ii) The Mortgagor acknowledges that the Issuer is entering into this Leasehold Mortgage solely as an accommodation to the other parties hereto, and that the Issuer shall have absolutely no obligations, responsibilities or liabilities under this Leasehold Mortgage. The parties hereto acknowledge that the Issuer is executing this Leasehold Mortgage solely to bind itself with respect to this Leasehold Mortgage and that the Issuer's execution does not amount to or evidence the Issuer's agreement with or endorsement of any other provisions of this Leasehold Mortgage.

(iii) The Senior Collateral Agent and the other Senior Secured Parties hereby release the Issuer from all claims, causes of action, suits, actions, arbitrations, inquiries, litigations, proceedings, controversies, disputes, governmental or regulatory investigations, liabilities, damages, costs, obligations, judgments and covenants at law or in equity incurred or suffered by the Senior Collateral Agent or any other Senior Secured Parties with respect to any assertion by applicable governmental authorities that a mortgage recording tax is due with respect to this Leasehold Mortgage.

(a) The Borrower shall have the option to prepay all or any part of the Series 2022A Bond Project Loans hereunder at the times and in the amounts as necessary to cause the Issuer to redeem the corresponding Series 2022A Bonds, in accordance with the terms of the Indenture, the Common Terms Agreement, the Bond Purchase Agreement, the Bondholder's Agreement and the Series 2022A Bonds that may be subject to optional redemption. The Issuer, at the request of the Borrower, if applicable, shall forthwith take all steps (other than the payment of funds necessary to effect such redemption (except with respect to funds provided by the Borrower to the Issuer)) necessary under the applicable redemption provisions of the Indenture and the Common Terms Agreement to effect redemption of all or part of the Outstanding Series 2022A Bonds, as may be specified by the Borrower and required by the Indenture and the Common Terms Agreement, on the date established for such redemption.

(b) The Borrower acknowledges that the Series 2022A Bonds are further subject to extraordinary redemption, in whole or in part, as provided in Section 2.04 of the First Supplemental Indenture. The Issuer, at the request of the Borrower, if applicable, shall forthwith take all steps (other than the payment of funds necessary to effect such prepayment (except with respect to funds provided by the Borrower to the Issuer)) necessary under the applicable prepayment provisions of the Credit Agreement to effect prepayment of all or part of

the Outstanding Senior Loans, as may be specified by the Borrower and required by the Credit Agreement or the Common Terms Agreement, on the date established for such prepayment.

(b) To the extent that the Issuer is required to so prepay or offer to prepay the Senior Term Loans or the Security Deposit Loans (or any portion thereof) in accordance with the Credit Agreement or the Common Terms Agreement, or any other Senior Financing Document, the Borrower shall prepay the TDC Senior Term Loan Project Loans and/or the TDC Security Deposit Project Loans, as applicable, in a principal amount equal to the full amount of such prepayment or offer to prepay that has been accepted by the relevant Bank Finance Parties in accordance with the terms of the relevant Senior Financing Documents. To the extent that the Issuer is required to accompany such prepayment with (i) a payment of all accrued but unpaid interest on amounts prepaid, (ii) a payment of breakage costs or other amounts related to such prepayment, or (iii) a payment of any other relevant amounts, including any fees, make-whole amounts or prepayment premiums, under the terms of the relevant Senior Financing Documents in respect of the Senior Loans being prepaid, the Borrower shall make a corresponding payment in the aggregate amount of such payments to or on behalf of the Issuer under the relevant Senior Financing Documents pursuant to the terms of the Credit Agreement, the Common Terms Agreement and the Collateral Agency and Accounts Agreement.

**ARTICLE VI**  
**SPECIAL COVENANTS OF THE BORROWER**

**Section 6.1 Borrower Covenants.**

**ARTICLE VII**  
**ASSIGNMENT; INDEMNIFICATION**

**Section 7.1 Assignment.**

Except as expressly contemplated herein, in the Indenture, the Credit Agreement, the Common Terms Agreement, the Collateral Agency and Accounts Agreement and the Security Documents, or in the other Financing Documents, neither the Borrower nor the Issuer may assign its interest in this Loan Agreement.

**Section 7.2 Release and Indemnification Covenants.**

(a) The Borrower agrees to and does hereby indemnify and hold harmless the Issuer and any member, principal, officer, director, official, agent, employee, and attorney thereof, any person who “controls” the Issuer (within the meaning of Section 15 of the Securities Act of 1933, as amended, or Section 20 of the Securities Exchange Act of 1934, as amended), the Trustee and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Administrative Agent and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Agents and any member, principal, officer, director, official, agent, employee, and attorney thereof, and the State (collectively, the “Indemnified Parties”) against any and all losses, claims, damages or liabilities (including all costs, expenses and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties to the extent caused by, relating to, arising out of, resulting from, or in any way connected with (i) the condition, use, ownership, possession, conduct, management, planning, design, acquisition, construction, installation, financing, or sale of the Project or any part thereof including the payment of the Rebate Amount to the federal government, (ii) the acceptance or administration by the Issuer without gross negligence or willful misconduct of its duties under the Indenture, (iii) any untrue statement of a material fact contained in the Borrower’s application to the Issuer, (iv) any omission by the Borrower of a material fact necessary to be stated in the Borrower’s application to the Issuer, (v) the acceptance and administration of the duties of the Trustee under the Indenture, the Senior Financing Documents and any documents related thereto, and (vi) the acceptance and administration of the duties of the Administrative Agent or any of the Agents under the Senior Financing Documents to which each may be a party. In case any action shall be brought against one or more of the Indemnified Parties based upon any of the above and in respect to which indemnity may be sought against the Borrower, such Indemnified Party shall promptly notify the Borrower in writing, and except where the Borrower is the claimant, the Borrower shall assume the defense thereof, including the employment of counsel reasonably satisfactory to the Indemnified Party, the payment of all reasonable costs and expenses and the right to negotiate and consent to settlement. Any one or more of the Indemnified Parties shall have the right to employ separate counsel at the expense of the Borrower in any such action and to participate in the defense thereof if, in the reasonable opinion of the Indemnified Party, a conflict of interest could arise out of the representation of the parties by the same counsel. The Borrower shall not be liable for any settlement of any such action effected without the consent of the Borrower, but if settled with the consent of the Borrower, or if there is a final judgment for the claimant on any such action, the Borrower agrees to indemnify and hold harmless the Indemnified Parties from and against any loss or liability by reason of such settlement or judgment.

(b) The Borrower agrees to and does hereby indemnify and hold harmless the Indemnified Parties against any and all losses, claims, damages or liabilities (including all costs, expenses, and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties and caused by, relating to, arising out of, resulting from, or in any way connected to an examination, investigation or audit of the Tax-Exempt Bonds by the IRS. In the event of such examination, investigation or audit, the Indemnified Parties shall have the right to employ counsel reasonably satisfactory to the Borrower at the expense of the Borrower. In such event, the Borrower shall assume the primary role in responding to and negotiating with the IRS, but shall inform the Indemnified Parties of the status of the investigation. In the event the Borrower fails to respond adequately and promptly to the IRS, the Issuer shall have the right to assume the primary role in responding to and negotiating with the IRS and shall have the right to enter into a closing agreement, for which the Borrower shall be liable.

(c) Notwithstanding anything in this Loan Agreement to the contrary which may limit recourse to the Borrower or may otherwise purport to limit the liability of the Borrower, the provisions of this Section 7.2 shall control the Borrower's obligations, and shall survive repayment of the Series 2022A Bonds or any Additional Bonds and the Senior Loans.

(d) Notwithstanding anything to the contrary contained herein, the Borrower shall have no liability to indemnify the Issuer, the Senior Collateral Agent, the Administrative Agent or the Trustee against claims or damages resulting from such parties' own gross negligence or willful misconduct.

(e) If the reimbursement provided for in this Section 7.2 is unenforceable, or is unavailable to the Borrower in respect of any losses, claims, damages, or liabilities (or actions in respect thereof) of the type subject to reimbursement herein, then the Borrower shall, in lieu of reimbursing such Indemnified Parties, contribute to the amount paid or payable by such Indemnified Parties as a results of such losses, claims, damages or liabilities (or actions in respect thereof).

Subject to Section 8.02 of the Master Indenture and the terms of the Intercreditor Agreement, no remedy hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Loan Agreement or now or hereafter existing at Law or in equity. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Issuer, the Trustee or any Agent to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be required by Law or expressly hereunder (or as required under any other Senior Financing Document).

Following the occurrence and during the continuance of an Event of Default, the Trustee may, at the reasonable and documented costs and expense of the Borrower, employ or retain such counsel, accountants, appraisers or other experts or advisors as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Trustee's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in

acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Trustee, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Trustee shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons and so long as such persons are permitted to act hereunder.

Following the occurrence and during the continuance of an Event of Default, the Administrative Agent may, at the reasonable and documented costs and expense of the Borrower, employ or retain such counsel, accountants, appraisers or other experts or advisors as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Administrative Agent's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Administrative Agent, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Administrative Agent shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons and so long as such persons are permitted to act hereunder.

**Section 8.7 No Additional Waiver Implied by One Waiver.**

In the event any agreement contained in this Loan Agreement should be breached by any party and thereafter waived by another party as permitted hereunder, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

(a) The Issuer is a local development corporation duly formed and validly existing under Section 1411 of the New York Not-for-Profit Corporation Law, being Chapter 35 of the Consolidated Laws of New York, created by action of the New York Job Development Authority established under Section 1802, Subtitle I, Title 8, Article 8, of the New York Public Authorities Law and has the full power and authority to (i) enter into, execute, deliver and perform its obligations under this Loan Agreement and any other Issuer Documents, (ii) assign its rights (other than Reserved Rights) under this Loan Agreement, the Series 2022A Building Note, the TDC Bank Debt Building Note, the Senior Collateral Documents, and the Building Leasehold Mortgage to the Senior Collateral Agent in accordance with the terms of the Indenture and Collateral Agency and Accounts Agreement, (iii) issue the Series 2022A Bonds and obtain the Senior Term Loan under the Credit Agreement, and (iv) loan the proceeds of the issuance and sale of the Series 2022A Bonds and make the TDC Senior Term Loan Building Loan under the terms of this Loan Agreement to the Borrower for the purpose of financing the Building Loan Costs and other costs contemplated by Section 3.3 hereof.

The Issuer has duly authorized (i) the execution and delivery of this Loan Agreement and the other Issuer Documents, and the assignment of its rights (other than the Reserved Rights) under this Loan Agreement to the Senior Collateral Agent in accordance with the terms of the Indenture and the other Issuer Documents, and the performance of its obligations hereunder and thereunder, (ii) the issuance and delivery of the Series 2022A Bonds, (iii) the loan of the proceeds of the Loan Facility to the Borrower for the purpose of financing a portion of the Building Loan Costs and other costs contemplated by Section 3.3 hereof

and by the TDC Project Loan Agreement. The Issuer has duly executed and delivered this Loan Agreement, and simultaneously therewith, the Issuer has duly executed and delivered the other Issuer Documents. No such authority or proceedings have been repealed, revoked, rescinded or amended and all such authority and proceedings are in full force and effect.

(c) The Issuer has published notice of public hearing for the Project and held a public hearing for the Project pursuant to Section 147(f) of the Code, and following such public hearing the Governor of the State, based upon a record of such public hearing and the representations made by the Borrower relating to the Project, approved the issuance of the Tax-Exempt Obligations pursuant to Section 147(f) of the Code.

(d) No further approval, consent or withholding of objection on the part of any regulatory body, federal, state or local, is required in connection with (i) the issuance and delivery of the Series 2022A Bonds by the Issuer or (ii) the execution or delivery of or compliance by the Issuer with the terms and conditions of this Loan Agreement or any other Issuer Document. The consummation by the Issuer of the transactions set forth in the manner and under the terms and conditions as provided in this Loan Agreement and the other Issuer Documents will comply with all applicable Laws and all required approvals or consents. Notwithstanding the preceding sentences, no representation is expressed as to any action required under federal or state securities or Blue Sky Laws in connection with the sale or distribution of the Series 2022A Bonds.

(e) The Issuer is not in breach of or in default under this Loan Agreement or the other Issuer Documents or in violation of any applicable constitutional provision, law or administrative regulation of the State or the United States or any applicable judgment or decree or any loan agreement, indenture, bond, note, resolution, agreement or other instrument to which the Issuer is a party or is otherwise subject, in each case which breach, default or violation would have a material adverse effect on, or impede, contradict, prohibit or otherwise limit or condition, the authorization, issuance, sale or delivery of the Series 2022A Bonds, or the authorization, execution, delivery and performance of this Loan Agreement or the other Issuer Documents, and no event has occurred and is continuing which, with the passage of time or the giving of notice, or both, would constitute such a breach, default or violation. The execution, delivery and performance of its obligations under this Loan Agreement or the other Issuer Documents by the Issuer do not and will not conflict with or result in a violation or a breach of any organizational documents of the Issuer or any Law or the terms, conditions or provisions of any restriction under any Law, contract, agreement or instrument to which the Issuer is now a party or by which the Issuer is bound, or constitute a default under any of the foregoing.

(f) There is no action, suit, proceeding or litigation pending or, to the best knowledge of the Issuer, threatened, against the Issuer (i) seeking to restrain or enjoin the issuance, sale, execution or delivery of the Series 2022A Bonds or the execution and delivery of the Indenture or any other Issuer Document, or (ii) in any way contesting or affecting the (1) validity of the Series 2022A Bonds, the Indenture or any other Issuer Documents, or (2) any proceedings of the Issuer taken with respect to the issuance or sale of the Series 2022A Bonds, the borrowing of the proceeds of the Loan Facility by the Issuer, the loan of the proceeds of the Loan Facility by the Issuer to the Borrower, the pledge or application of any monies or security provided for the

Each of this Loan Agreement and the other Issuer Documents constitutes the legal, valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with the terms thereof, except as may be limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent transfer or other similar Laws or judicial action affecting the enforcement of creditors' rights generally and the application of general principles of equity (regardless of whether enforceability is considered in a proceeding in equity or at law). The execution and delivery of this Loan Agreement and the other Issuer Documents, the performance by the Issuer of its obligations hereunder and thereunder and the consummation of the transactions herein and therein contemplated do not and will not (i) materially conflict with, or constitute a material breach or result in a material violation of any agreement or other instrument to which the Issuer is a party or by which it is bound or (ii) conflict with, or constitute a breach or result in a violation of the Act or bylaws of the Issuer, any constitutional or statutory provision or order, rule, regulation, decree or ordinance of any court, government or governmental authority having jurisdiction over the Issuer or its property.

(h) (i) When the Series 2022A Bonds are issued, transferred, authenticated and delivered in accordance with the provisions of the Indenture and the Common Terms Agreement, the Series 2022A Bonds will have been duly authorized, executed, issued and delivered and will constitute valid, special limited obligations of the Issuer payable solely from the revenue and other monies derived by the Issuer from the Series 2022A Building Note and the Series 2022A Project Note and nothing in the Series 2022A Bonds, the Indenture or the Common Terms Agreement shall be construed as assigning or pledging therefor any other funds or assets of the Issuer. (ii) When the Senior Term Loans are made in accordance with the provisions of the Credit Agreement and Common Terms Agreement, the Senior Term Loans will constitute valid, special limited obligations of the Issuer payable solely from the revenue and other monies derived by the Issuer from the TDC Bank Debt Building Note and the TDC Bank Debt Project Note and nothing in the Credit Agreement or Common Terms Agreement shall be construed as assigning or pledging therefor any other funds or assets of the Issuer. Neither the State nor any political subdivision nor instrumentality thereof (other than the Issuer, to the extent herein provided) nor the City are obligated to pay, and neither of the faith or credit nor the taxing power of the State nor the City is pledged to the repayment of the Senior Term Loans.

(i) Any certificate signed by the Chair, President, Chief Financial Officer, or any other Issuer Representative duly authorized by the Issuer shall be deemed a representation and warranty by the Issuer to the respective parties as to the statements made therein.

(j) The Issuer makes no representation as to (i) the financial position or business condition of the Borrower, (ii) the value of the Project or its suitability for any particular purpose, or (iii) the correctness, completeness or accuracy of any of the statements, materials (financial or otherwise), representations or certifications furnished or to be made by the Borrower in connection with the sale or transfer of the Series 2022A Bonds, the execution and delivery of this Loan Agreement or the consummation of the transactions contemplated hereby.

(p) There is no action, suit, proceeding, inquiry or investigation at law or in equity before or by any court or administrative agency, or to the knowledge of the Borrower threatened against the Borrower or its property, or contesting the due organization of the Borrower wherein an unfavorable decision, ruling or finding, to the extent reasonably expected, would reasonably be expected to (i) have a Material Adverse Effect, (ii) have an adverse effect on the validity or enforceability against the Borrower of the Senior Financing Documents to which it is a party or (iii) in any way adversely affect the federal tax-exempt status of the interest on the Tax-Exempt Bonds or, if applicable, other amounts to be received by the Issuer pursuant to the Indenture, this Loan Agreement, or the TDC Project Loan Agreement.

The Issuer hereby agrees to request Drawings of Series 2022A Bonds (which requests may be made by the Borrower on behalf of the Issuer) on each date of Drawing and upon the Trustee's receipt of a Drawing Request or other written instructions (including from the Borrower on behalf of the Issuer) in accordance with the Indenture, the Bond Purchase Agreement and the Bondholder's Agreement and instruct the Trustee to deliver to the Securities Intermediary the proceeds received from each Drawing in the amounts designated for the applicable date of Drawing in Schedule 2.04 of the Credit Agreement for deposit directly into the Series 2022A Bond Proceeds Sub-Account of the Tax-Exempt Bond Proceeds Sub-Account of the Construction Account maintained by the Securities Intermediary pursuant to

The Issuer hereby agrees to request Borrowings of Senior Term Loans (which requests may be made by the Borrower on behalf of the Issuer) on each date of Borrowing and upon the Administrative Agent’s receipt of a Borrowing Request or other written instructions (including from the Borrower on behalf of the Issuer) pursuant to the Credit Agreement, the Issuer hereby instructs the Administrative Agent to deliver to the Securities Intermediary the proceeds of each Borrowing (as defined in the Common Terms Agreement) of the Senior Term Loans in the amounts designated for the applicable date of Borrowing in Schedule 2.04 of the Credit Agreement, for deposit directly into the Bank Loan Proceeds Sub-Account of the Construction Account maintained by the Securities Intermediary pursuant to the Collateral Agency and Accounts Agreement and as otherwise required by the Collateral Agency and Accounts Agreement.

The Borrower shall receive all advances of funds under this Loan Agreement and will hold the right to receive such advances as a trust fund to be applied first to the payment of the “cost of the improvement” under subdivision 5 of Section 2 of the Lien Law of the State before using any part of the same for any other purpose.

**Section 3.4 Building Loans as Security for Loan Facility.**

The Borrower acknowledges that payments by the Borrower under this Loan Agreement and the TDC Project Loan Agreement are intended to provide for payment of the interest, principal, premium, if any, and Redemption Price on the Series 2022A Bonds and principal, interest and other amounts on the Senior Loans in addition to any fees required to be paid by the Issuer or the Borrower pursuant to the Credit Agreement and Common Terms Agreement.

**Section 3.5 Limitation of Issuer’s Liability.** The Loan Facility is a special and limited obligation of the Issuer, payable solely from and secured exclusively by the Senior Collateral, and, in the case of the Series 2022A Bonds, the Trust Estate, including the payments to be made by the Borrower under this Loan Agreement, and any Additional Obligations Loan Agreement Supplement. The Loan Facility is not payable from taxes or appropriations made by the State, or of any county, municipality or any other political subdivision, agency or instrumentality established under the Laws of the State or the City. The Loan Facility does not constitute an indebtedness, or a pledge of the faith and credit of, the State or any county, municipality or other political subdivision, agency or instrumentality established under the Laws of the State (other than the Issuer), or the City or any political subdivision thereof within the meaning or application of any constitutional provision or limitation. The special limited obligation of the Issuer to pay the amount of the interest, principal, premium, if any, and Redemption Price of the Series 2022A Bonds and the principal, interest and other amounts on the Senior Loans, does not constitute a pledge of the faith, credit or taxing power of the State or the City or any county, municipality or any other political subdivision, agency or instrumentality established under the Laws of the State or the City thereof within the meaning or application of any constitutional provision or limitation. The Issuer has no taxing power. The Secured Parties have, individually and collectively, no right to have taxes levied or compel appropriations by the State or the City or any county, municipality or any other political subdivision, agency or instrumentality established under the Laws of the State, or the City of the State or the City for the payment of any or all of the amount of such interest, principal, premium, if any, or Redemption Price of the Series 2022A Bonds or principal, interest or other amounts on the Senior Loans.

No provision, covenant, or agreement contained in this Loan Agreement, or any obligations herein imposed upon the Issuer, or the breach thereof shall give rise to a pecuniary liability of the Issuer or any member, officer or agent of the Issuer or a charge against the Issuer’s general credit. In making the agreements, provisions and covenants set forth in this Loan Agreement, the Issuer has not obligated itself except with respect to the application of the payments, as hereinabove provided.

No recourse shall be had for the payment of interest, principal, premium, if any, or Redemption Price of the Series 2022A Bonds or principal, interest or other amounts on the Senior Loans, or for any claim based thereon or upon any obligation, covenant or agreement in this Loan Agreement contained, against any past, present or future officer, director, member, trustee, employee or agent of the Issuer or any officer, director, member, trustee, employee or agent of any successor entity, as such, either directly or through the Issuer or any successor entity, under any rule of law or equity, statute or constitution or by enforcement by any assessment or penalty or otherwise.

All covenants, stipulations, promises, agreements and obligations of the Issuer set forth herein shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the Issuer and not of any member, officer or employee of the Issuer in his or her individual capacity, and no recourse shall be had for the payment of interest, principal, premium, if any, or Redemption Price of the Series 2022A Bonds or principal, interest and other amounts on the Senior Loans, or for any claim based thereon or hereunder against any member, officer or employee of the Issuer or any Person executing the Loan Facility in their individual capacity.

**Section 3.6 Compliance with Indenture, the Credit Agreement, Intercreditor Agreement and Collateral Agency and Accounts Agreement.** In accordance with any applicable provisions of the Indenture, the Issuer shall take any action directed by the Borrower to the extent required under, or permitted by, the provisions of the Indenture, this Loan Agreement, the Credit Agreement, the Common Terms Agreement, the Bond Purchase Agreement, the Bondholder's Agreement, the Intercreditor Agreement, and the Collateral Agency and Accounts Agreement.

(b) The Borrower consents to the terms and conditions of the Indenture. The Borrower shall take all action required to be taken by the Borrower in the Indenture as if the Borrower were a party thereto.

(e) If the principal or Redemption Price and interest on the Series 2022A Bonds shall have been paid sufficiently that payment of all Series 2022A Bonds Outstanding and all interest and other amounts payable thereon shall be deemed to have occurred in accordance with Article VII of the Master Indenture and the Common Terms Agreement, then, with respect to the Series 2022A Bonds no longer Outstanding for purposes of the Indenture, the obligations of the Borrower to make payments pursuant to Section 4.1(a)(1) hereof shall be deemed to have been satisfied in full, and the Borrower's obligations under Section 4.1(a)(1) hereof and this Loan Agreement and the Series 2022A Building Note shall be discharged, as applicable.

(f) If the principal, interest and other amounts on the Senior Term Loans shall have been paid sufficiently that payment of all Senior Term Loans shall be deemed to have occurred and the commitments of the Lenders to make Senior Term Loans have expired or been irrevocably cancelled or terminated in accordance with the terms of the Credit Agreement and the Common Terms Agreement, the obligations of the Borrower to make payments pursuant to Section 4.1(a)(2) hereof shall be deemed to have been satisfied in full, and the Borrower's obligations under Section 4.1(a)(2) hereof and this Loan Agreement and the TDC Bank Debt Building Note shall be discharged

The Issuer, at the request of the Borrower, if applicable, shall forthwith take all steps (other than the payment of funds necessary to effect such prepayment (except with respect to funds provided by the Borrower to the Issuer)) necessary under the applicable prepayment provisions of the Credit Agreement to effect prepayment of all or part of the Outstanding Senior Term Loans, as may be specified by the Borrower and required by the Credit Agreement or the Common Terms Agreement, on the date established for such prepayment.

## **ARTICLE VII ASSIGNMENT; INDEMNIFICATION**

### **Section 7.1 Assignment.**

Except as expressly contemplated herein, in the Indenture, the Credit Agreement, the Common Terms Agreement, the Collateral Agency and Accounts Agreement and the Security Documents, or in the other Financing Documents, neither the Borrower nor the Issuer may assign its interest in this Loan Agreement.

### **Section 7.2 Release and Indemnification Covenants.**

(a) The Borrower agrees to and does hereby indemnify and hold harmless the Issuer and any member, principal, officer, director, official, agent, employee, and attorney thereof, any person who “controls” the Issuer (within the meaning of Section 15 of the Securities Act of 1933, as amended, or Section 20 of the Securities Exchange Act of 1934, as amended), the Trustee and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Administrative Agent and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Agents and any member, principal, officer, director, official, agent, employee, and attorney thereof, and the State (collectively, the “Indemnified Parties”) against any and all

losses, claims, damages or liabilities (including all costs, expenses and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties to the extent caused by, relating to, arising out of, resulting from, or in any way connected with (i) the condition, use, ownership, possession, conduct, management, planning, design, acquisition, construction, installation, financing, or sale of the Project or any part thereof including the payment of the Rebate Amount to the federal government, (ii) the acceptance or administration by the Issuer without gross negligence or willful misconduct of its duties under the Indenture, (iii) any untrue statement of a material fact contained in the Borrower's application to the Issuer, (iv) any omission by the Borrower of a material fact necessary to be stated in the Borrower's application to the Issuer, (v) the acceptance and administration of the duties of the Trustee under the Indenture, the Senior Financing Documents and any documents related thereto, and (vi) the acceptance and administration of the duties of the Administrative Agent or any of the Agents under the Senior Financing Documents to which each may be a party. In case any action shall be brought against one or more of the Indemnified Parties based upon any of the above and in respect to which indemnity may be sought against the Borrower, such Indemnified Party shall promptly notify the Borrower in writing, and except where the Borrower is the claimant, the Borrower shall assume the defense thereof, including the employment of counsel reasonably satisfactory to the Indemnified Party, the payment of all reasonable costs and expenses and the right to negotiate and consent to settlement. Any one or more of the Indemnified Parties shall have the right to employ separate counsel at the expense of the Borrower in any such action and to participate in the defense thereof if, in the reasonable opinion of the Indemnified Party, a conflict of interest could arise out of the representation of the parties by the same counsel. The Borrower shall not be liable for any settlement of any such action effected without the consent of the Borrower, but if settled with the consent of the Borrower, or if there is a final judgment for the claimant on any such action, the Borrower agrees to indemnify and hold harmless the Indemnified Parties from and against any loss or liability by reason of such settlement or judgment.

(b) The Borrower agrees to and does hereby indemnify and hold harmless the Indemnified Parties against any and all losses, claims, damages or liabilities (including all costs, expenses, and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties and caused by, relating to, arising out of, resulting from, or in any way connected to an examination, investigation or audit of the Tax-Exempt Bonds by the IRS. In the event of such examination, investigation or audit, the Indemnified Parties shall have the right to employ counsel reasonably satisfactory to the Borrower at the expense of the Borrower. In such event, the Borrower shall assume the primary role in responding to and negotiating with the IRS, but shall inform the Indemnified Parties of the status of the investigation. In the event the Borrower fails to respond adequately and promptly to the IRS, the Issuer shall have the right to assume the primary role in responding to and negotiating with the IRS and shall have the right to enter into a closing agreement, for which the Borrower shall be liable.

(c) Notwithstanding anything in this Loan Agreement to the contrary which may limit recourse to the Borrower or may otherwise purport to limit the liability of the Borrower, the provisions of this Section 7.2 shall control the Borrower's obligations, and shall survive repayment of the Series 2022A Bonds or any Additional Obligations and the Senior Term Loans.

(d) Notwithstanding anything to the contrary contained herein, the Borrower shall have no liability to indemnify the Issuer, the Senior Collateral Agent, the Administrative Agent or the

Trustee against claims or damages resulting from such parties' own gross negligence or willful misconduct.

(e) If the reimbursement provided for in this Section 7.2 is unenforceable, or is unavailable to the Borrower in respect of any losses, claims, damages, or liabilities (or actions in respect thereof) of the type subject to reimbursement herein, then the Borrower shall, in lieu of reimbursing such Indemnified Parties, contribute to the amount paid or payable by such Indemnified Parties as a results of such losses, claims, damages or liabilities (or actions in respect thereof).

(ii) Whenever an Event of Default described in Section 8.01(m) shall have occurred all amounts outstanding under the Series 2022A Building Notes and the TDC Bank Debt Note shall immediately become due and payable, in each case, without presentment, demand, protest or notice any kind, all of which are hereby waived, by the Borrower.

(b) Subject in all events to the terms of the Intercreditor Agreement, upon any Credit Acceleration (as defined in the Common Terms Agreement) and/or any other acceleration of

Senior Obligations (other than the Secured Hedge Agreements), the Loan Facility Loans shall be concurrently accelerated hereunder to the same extent and the Borrower shall have an obligation to repay the Loan Facility Loans that have been so accelerated and pay all interest accrued in respect thereof, along with any fees, make-whole amounts, prepayment premiums, breakage costs and any other amounts then due and payable to the Issuer in accordance with this Loan Agreement, the Collateral Agency and Accounts Agreement and the other Senior Financing Documents. (c) Any rights and remedies as are given to the Issuer under this Loan Agreement will also extend to the Bank Finance Parties, the Owners of the Bonds, the Administrative Agent, the Senior Collateral Agent, and the Trustee, who will be entitled to the benefit of all covenants and agreements contained in this Loan Agreement, subject to the terms of the Indenture, the Credit Agreement, the Common Terms Agreement, the Senior Collateral Documents and the Intercreditor Agreement.

(d) Any Enforcement Action and any other exercise of remedies (including acceleration of any Loan Facility Loans) hereunder shall be taken solely in accordance with the Intercreditor Agreement and the Collateral Agency and Accounts Agreement and in accordance with the applicable Senior Financing Document(s) and all amounts paid to or received by the Senior Collateral Agent or any other Secured Party and representing the proceeds of the Collateral or the proceeds of any action taken pursuant to an Enforcement Action shall be subject to Article VI of the Collateral Agency and Accounts Agreement.

(e) If an Enforcement Action has occurred, the Issuer shall, in accordance with the instructions from the Intercreditor Agent, (i) direct the Senior Collateral Agent to take or cause to be taken any and all actions necessary to implement any available remedies with respect to the Collateral under any of the Senior Collateral Documents, and (ii) take on behalf of the Owners and Bank Finance Parties, in accordance with the instructions of the Intercreditor Agent, whatever other action under the Senior Collateral Documents, at law or in equity, as may appear necessary or desirable to collect the amounts then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under this Loan Agreement or the rights of the Owners and Bank Finance Parties, in each case subject to the terms of the Collateral Agency and Accounts Agreement and the Intercreditor Agreement.

(f) Any amounts collected pursuant to actions taken under this Section 8.2 and the Senior Collateral Documents shall be applied in accordance with Section 6.06 of the Collateral Agency and Accounts Agreement.

**Section 8.3 Rescission and Waiver.**

(a) The Issuer shall rescind any acceleration of the Loan Facility Loans and its consequences immediately after the acceleration of the applicable Senior Obligations has been rescinded in accordance with the Senior Financing Documents.

(b) The Issuer shall waive any Event of Default immediately after any such Event of Default has been waived in accordance with the applicable Senior Financing Documents.

(c) The Issuer shall have the right to, but shall be under no obligation to (except with respect to paragraphs (a) and (b) above of this Section 8.3), waive any other Event of Default at any time.

(d) In case of any such waiver or rescission, then and in every such case the Issuer, the Trustee, and the Borrower shall be restored to their former positions and rights, but no such waiver shall extend to any subsequent or other Event of Default, or impair any right consequent thereon.

**Section 8.4 No Remedy Exclusive.**

Subject to Section 8.02 of the Master Indenture and the terms of the Intercreditor Agreement, no remedy hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Loan Agreement or now or hereafter existing at Law or in equity. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Issuer, the Trustee or any Agent to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be required by Law or expressly hereunder (or as required under any other Senior Financing Document).

**Section 8.5 Additional Issuer Remedies on Default.**

In addition to the remedies above, if the Borrower commits a breach or threatens to commit a breach of the Reserved Rights, the Issuer shall have the right and remedy, without posting bond or other security, to have such Reserved Rights specifically enforced by any court having equity jurisdiction, it being acknowledged and agreed that any such breach or threatened breach will cause immediate and irreparable injury to the Issuer and that money damages will not provide an adequate remedy therefor.

**Section 8.6 Agreement to Pay Attorneys' Fees and Expenses.**

Following the occurrence and during the continuance of an Event of Default or upon the request of the Borrower to review or analyze the financing of the Series 2022A Bonds, the Senior Term Loans or any related financing instruments, if the Issuer shall employ attorneys or incur other expenses for the collection of payments required hereunder or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower herein contained, the Borrower agrees that it will therefor pay to the Issuer its share of the reasonable fees of such

attorneys and such other reasonable, properly invoiced and documented expenses so incurred by the Issuer in connection with the same.

Following the occurrence and during the continuance of an Event of Default, the Trustee may, at the reasonable and documented costs and expense of the Borrower, employ or retain such counsel, accountants, appraisers or other experts or advisors as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Trustee's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Trustee, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Trustee shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons and so long as such persons are permitted to act hereunder.

Following the occurrence and during the continuance of an Event of Default, the Administrative Agent may, at the reasonable and documented costs and expense of the Borrower, employ or retain such counsel, accountants, appraisers or other experts or advisors as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Administrative Agent's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Administrative Agent, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Administrative Agent shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons and so long as such persons are permitted to act hereunder.

**Section 8.7 No Additional Waiver Implied by One Waiver.**

In the event any agreement contained in this Loan Agreement should be breached by any party and thereafter waived by another party as permitted hereunder, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

**ARTICLE IX

(c) The Borrower also will pay, in accordance with the terms of the Collateral Agency and Accounts Agreement, the reasonable fees and expenses of the Trustee and the Agents, including, without limitation, any fees or expenses incurred pursuant to Section 8.02(b) of the Master Indenture, and all other amounts which may be payable to the Trustee under the terms of the Indenture or in accordance with any contractual arrangement between the Borrower and the Trustee with respect thereto.

(d) The Borrower hereby covenants and agrees to pay, or cause to be paid, to the Bond Insurer, the Bond Insurer Reimbursement Amounts, the Bond Insurer Premium and the Bond Insurer Fees, as follows:

- (i) Subject to the last sentence of this Section 4.1(d)(i), the Borrower hereby covenants and agrees to pay, or cause to be paid, to the Senior Collateral Agent for the benefit of the Bond Insurer any Bond Insurer Advances, as provided in Section 4.02 of the Second Supplemental Indenture and Section 5.02(b)(4), Section 5.02(b)(5), Section 5.03(b)(4), Section 5.03(b)(5), Section 6.06(b)(i)(B), or Section 6.06(b)(i)(C) (as applicable) of the Collateral Agency and Accounts Agreement. The Borrower shall cause the Senior Collateral Agent to receive sufficient funds to pay the Bond Insurer Reimbursement Amounts in the same manner as the payment of interest, principal, Accreted Value, and Redemption Price on the Insured Series 2024 Bonds pursuant to Section 4.1(a) hereof. The Borrower shall pay to the Senior Collateral Agent for the benefit of the Bond Insurer any Bond Insurer Late Payment Interest in accordance with the Second Supplemental Indenture. The Borrower's obligations under this Section 4.1(d)(i) shall be deemed

satisfied to the extent the Bond Insurer has received payment of the Bond Insurer Reimbursement Amounts due to the Bond Insurer pursuant to the Second Supplemental Indenture.

- (ii) Subject to the last sentence of this Section 4.1(d)(ii), the Borrower hereby covenants and agrees to pay, or cause to be paid, to the Senior Collateral Agent for the benefit of the Bond Insurer, any unpaid Bond Insurer Premium, as a fee, administrative cost and expense due and payable under the Financing Documents, as and when due under the terms of the Bond Insurer Premium Schedule; it being understood that in no event will the Bond Insurer be entitled to accelerate or otherwise demand payment of the Bond Insurer Premium prior to the date scheduled for payment thereof under the Bond Insurer Premium Schedule. To the extent that any payment of the Bond Insurer Premium is not paid when due, interest shall accrue on such unpaid amounts from the date such amount is due until the date the Bond Insurer is paid in full at a rate equal to the Bond Insurer Late Payment Rate. Such Bond Insurer Premium, together with any unpaid amounts and any interest that may accrue thereon, shall be payable to the Senior Collateral Agent for the benefit of the Bond Insurer by the Senior Collateral Agent pursuant to Section 5.02(b)(1), Section 5.03(b)(1) or Section 6.06(b)(i)(A) of the Collateral Agency and Accounts Agreement, as applicable. The Borrower's obligations under this Section 4.1(d)(ii) shall be deemed satisfied to the extent the Bond Insurer has received payment of the Bond Insurer Premium due from or on behalf of the Borrower to the Senior Collateral Agent for the benefit of the Bond Insurer as a Senior Secured Party pursuant to the terms of the Collateral Agency and Accounts Agreement.
  
- (iii) Subject to the last sentence of this Section 4.1(d)(iii), the Borrower hereby covenants and agrees to pay or reimburse, or cause to be paid or reimbursed, the Bond Insurer, for any and all documented charges, fees, costs and expenses that the Bond Insurer may reasonably pay or incur in connection with (i) the administration, enforcement, defense or preservation of any rights under this First Project Loan Agreement Amendment or any other Senior Financing Document or the Bond Insurance Policy, (ii) the pursuit of any remedies under this First Project Loan Agreement Amendment or any other Senior Financing Document or the Bond Insurance Policy or otherwise afforded by law or equity, (iii) any amendment, waiver or other action with respect to, or related to this First Project Loan Agreement Amendment or any other Senior Financing Document, whether or not executed or completed, or (iv) any litigation or other dispute in connection with the Indenture or the transactions contemplated thereby initiated by third parties, in each case, other than any charges, fees, costs or expenses resulting from the failure to honor the Bond Insurer's obligations under the Bond Insurance Policy or any other Financing Document, its willful misconduct or gross negligence (collectively, the "Bond Insurer Fees"). The Borrower will pay the Bond Insurer Fees to the Senior Collateral Agent for the benefit of the Bond Insurer in accordance with the Second Supplemental Indenture. The Bond Insurer reserves the right to charge a reasonable fee as a condition to executing any amendment, waiver or consent proposed in respect of this

First Project Loan Agreement Amendment or any other Senior Financing Document. The Borrower shall cause the Senior Collateral Agent to receive sufficient funds to enable the Senior Collateral Agent to transfer to the Bond Insurer the Bond Insurance Fees due and payable as administrative costs of the Bond Insurer pursuant to Section 5.02(b)(1), Section 5.03(b)(1) or 6.06(b)(i) of the Collateral Agency and Accounts Agreement, as applicable. The Borrower's obligations under this Section 4.1(d)(iii) shall be deemed satisfied to the extent the Bond Insurer has received payment of the Bond Insurer Fees due from or on behalf of the Borrower to the Senior Collateral Agent for the benefit of the Bond Insurer as a Senior Secured Party pursuant to the terms of the Collateral Agency and Accounts Agreement.

- (iv) For the avoidance of doubt, the amounts to be paid to the Bond Insurer pursuant to this Section 4.1(d) are the same as (and not in addition to) the amounts required to be paid under Section 4.1(d) of the First Building Loan Agreement Amendment.

(e) Notwithstanding anything to the contrary in any other Financing Documents, the Borrower shall not pay, distribute, declare the payment of or make any Permitted Tax Distributions, whether as a dividend, loan, investment, loan repayment or in any other form, (i) pursuant to Section 5.03(b)(6) of the Collateral Agency and Account Agreement, in an amount exceeding \$20 million per calendar year, and (ii) pursuant to Section 5.03(b)(11) of the Collateral Agency and Account Agreement, in any amount at any time.

(f) In the event that the Borrower should fail to make any of the payments required in this Section 4.1, the amount so in default shall continue as an obligation of the Borrower until the amount in default shall have been fully paid, and the Borrower agrees to pay the same with interest thereon, to the extent and in such amount as provided under the Indenture and the Collateral Agency and Accounts Agreement.

(g) To the extent any moneys have been deposited by the Borrower, or on the Borrower's behalf, pursuant to the Collateral Agency and Accounts Agreement, into the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account for the purpose of paying interest on and principal of the Series 2024A Bonds when due and into the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account for the purpose of paying interest on and principal of the Series 2024B Bonds when due, the Borrower's payment obligations pursuant to this Section 4.1 with respect to the applicable payment of interest, principal, Accreted Value, and Redemption Price in respect of such Bonds will be deemed satisfied. If the principal or Redemption Price and interest on the Series 2024 Bonds shall have been paid sufficiently that payment of all Series 2024 Bonds Outstanding and all interest and other amounts payable thereon shall be deemed to have occurred in accordance with Article VII of the Master Indenture, then, with respect to the Series 2024 Bonds no longer Outstanding for purposes of the Indenture, the obligations of the Borrower to make payments pursuant to Section 4.1(a)(i) hereof shall be deemed to have been satisfied in full, and the Borrower's obligations under Section 4.1(a)(i) hereof and this First Project Loan Agreement Amendment and the Series 2024 Project Note shall be discharged, as applicable.

(h) The Borrower agrees to make such payments to the Senior Collateral Agent and take such other actions as are required of it under any of the Tax Certificates including any payments to satisfy any Rebate Amount and for any rebate analyst engaged to calculate such Rebate Amount. The obligation of the Borrower to make such payments and to take such other actions shall be absolute and

unconditional and shall remain in effect and be binding upon the Borrower notwithstanding the release and discharge of this First Project Loan Agreement Amendment or any of the Tax Certificates.

(i) All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, all payments by the Borrower hereunder shall be made from the applicable Subaccount of the Senior Obligations Payment Account, or other applicable Project Account, in accordance with the Collateral Agency and Accounts Agreement to the specified Secured Debt Representative(s) or Senior Secured Party, as applicable, for the account of the respective Senior Secured Party to which such payment is owed, on the date and at the time and location specified in the relevant Senior Financing Documents, in Dollars, in immediately available funds; provided, however, the insufficiency of funds in any Project Account shall not relieve the Borrower of any payment obligation hereunder.

**Section 4.2. Unconditional Obligations.** The obligations of the Borrower to make the payments required in Section 4.1 hereof and to perform and observe the other agreements contained herein shall be absolute and unconditional and shall not be subject to any defense or any right of setoff, counterclaim or recoupment arising out of (a) any breach by the Issuer, the Trustee, or any other Agent or any other Senior Secured Party of any obligation to the Borrower, whether hereunder or otherwise, or (b) any indebtedness or liability at any time owing to the Borrower by the Issuer, the Trustee, any other Agent or any other Senior Secured Party. Until the Discharge of Senior Obligations, the Borrower will not suspend or discontinue any payments provided for in Section 4.1 hereof, and the Borrower (1) will perform and observe all other obligations of the Borrower contained in this First Project Loan Agreement Amendment and the Senior Financing Documents and (2) will not terminate this First Project Loan Agreement Amendment or any Senior Financing Document, except as permitted by the Senior Financing Documents, for any cause, or any failure of the Issuer, the Trustee, any other Agent or any other Senior Secured Party to perform and observe any agreement, whether express or implied, or for any failure of the Issuer, the Trustee, any other Agent or any other Senior Secured Party to comply with any duty, liability or obligation of the Issuer, the Trustee, any other Agent or any other Senior Secured Party, as applicable, arising out of or connected with this First Project Loan Agreement Amendment.

**Section 4.3. Borrower Approval of Indenture.** A copy of the Indenture has been submitted to the Borrower for its examination and review. By its execution of this First Project Loan Agreement Amendment, the Borrower acknowledges that it has approved, has agreed to and is bound by the provisions of the Indenture, as incorporated herein. The Borrower agrees that the Trustee, as assignee of the Issuer pursuant to the Indenture, shall be entitled to enforce and to benefit from the terms and conditions of the Series 2024 Project Note and of this First Project Loan Agreement Amendment that relate to it notwithstanding the fact that it is not a signatory to either.

## **ARTICLE V PREPAYMENT PROVISIONS AND REDEMPTION**

**Section 5.1. Prepayments and Redemption of the Series 2024 Bonds.** The Borrower shall have the option to prepay all or any part of the Series 2024 Bond Project Loan hereunder at the times and in the amounts as necessary to cause the Issuer to redeem the Series 2024 Bonds, as applicable, in accordance with the terms of the Indenture, the Common Terms Agreement and the Series 2024 Bonds that may be subject to optional redemption. The Issuer, at the request of the Borrower, if applicable, shall forthwith take all steps (other than the payment of funds necessary to effect such redemption (except with respect to funds provided by the Borrower to the Issuer)) necessary under the applicable redemption provisions of the Indenture and the Common Terms Agreement to effect redemption of all or part of the Outstanding Series 2024 Bonds, as may be specified by the Borrower and required by the Indenture and the Common Terms Agreement, on the date established for such redemption. The Series 2024 Bonds shall

further be subject to extraordinary redemption and mandatory sinking fund redemption as provided in Sections 2.07 and 2.08 of the Second Supplemental Indenture. **Section 7.1. Assignment.** Except as expressly contemplated herein, in the Indenture, the Credit Agreement, the Common Terms Agreement, the Collateral Agency and Accounts Agreement and the Security Documents, or in the other Financing Documents, neither the Borrower nor the Issuer may assign its interest in this First Project Loan Agreement Amendment.

**Section 7.2. Release and Indemnification Covenants.**

(a) The Borrower agrees to and does hereby indemnify and hold harmless the Issuer and any member, principal, officer, director, official, agent, employee, and attorney thereof, any person who “controls” the Issuer (within the meaning of Section 15 of the Securities Act of 1933, as amended, or Section 20 of the Securities Exchange Act of 1934, as amended), the Trustee and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Administrative Agent and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Agents and any member, principal, officer, director, official, agent, employee, and attorney thereof, and the State (collectively, the “Indemnified Parties”) against any and all losses, claims, damages or liabilities (including all costs, expenses and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties to the extent caused by, relating to, arising out of, resulting from, or in any way connected with (i) the condition, use, ownership, possession, conduct, management, planning, design, acquisition, construction, installation, financing, or sale of the Project or any part thereof including the payment of the Rebate Amount to the federal government, (ii) the acceptance or administration by the Issuer without gross negligence or willful misconduct of its duties under the Indenture, (iii) any untrue statement of a material fact contained in the Borrower’s application to the Issuer, (iv) any omission by the Borrower of a material fact necessary to be stated in the Borrower’s application to the Issuer, (v) the acceptance and administration of the duties of the Trustee under the Indenture, the Senior Financing Documents and any documents related thereto, and (vi) the acceptance and administration of the duties of the Administrative Agent or any of the Agents under the Senior Financing Documents to which each may be a party. In case any action shall be brought against one or more of the Indemnified Parties based upon any of the above and in respect to which indemnity may be sought against the Borrower, such Indemnified Party shall promptly notify the Borrower in writing, and except where the Borrower is the claimant, the Borrower shall assume the defense thereof, including the employment of counsel reasonably satisfactory to the Indemnified Party, the payment of all reasonable costs and expenses and the right to negotiate and consent to settlement. Any one or more of the Indemnified Parties shall have the right to employ separate counsel at the expense of the Borrower in any such action and to participate in the defense thereof if, in the reasonable opinion of the Indemnified Party, a conflict of interest could arise out of the representation of the parties by the same counsel. The Borrower shall not be liable for any settlement of any such action effected without the consent of the Borrower, but if settled with the consent of the Borrower, or if there is a final judgment for the claimant on any such action, the Borrower agrees to indemnify and hold harmless the Indemnified Parties from and against any loss or liability by reason of such settlement or judgment.

(b) The Borrower agrees to and does hereby indemnify and hold harmless the Indemnified Parties against any and all losses, claims, damages or liabilities (including all costs, expenses, and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties and caused by, relating to, arising out of, resulting from, or in any way connected to an examination, investigation or audit of the Tax-Exempt Bonds by the IRS. In the event of such examination, investigation or audit, the Indemnified Parties shall have the right to employ counsel reasonably satisfactory to the Borrower at the expense of the Borrower. In such event, the Borrower shall assume the primary role in responding to and negotiating with the IRS but shall inform the Indemnified Parties of the status of the investigation. In the event the Borrower fails to respond adequately and promptly

to the IRS, the Issuer shall have the right to assume the primary role in responding to and negotiating with the IRS and shall have the right to enter into a closing agreement, for which the Borrower shall be liable.

(c) Notwithstanding anything in this First Project Loan Agreement Amendment to the contrary which may limit recourse to the Borrower or may otherwise purport to limit the liability of the Borrower, the provisions of this Section 7.2 shall control the Borrower's obligations and shall survive repayment of the Series 2024 Bonds.

(d) Notwithstanding anything to the contrary contained herein, the Borrower shall have no liability to indemnify the Issuer, the Senior Collateral Agent, the Administrative Agent or the Trustee against claims or damages resulting from such parties' own gross negligence or willful misconduct.

(e) If the reimbursement provided for in this Section 7.2 is unenforceable, or is unavailable to the Borrower in respect of any losses, claims, damages, or liabilities (or actions in respect thereof) of the type subject to reimbursement herein, then the Borrower shall, in lieu of reimbursing such Indemnified Parties, contribute to the amount paid or payable by such Indemnified Parties as a result of such losses, claims, damages or liabilities (or actions in respect thereof).

All payments by the Borrower to the Issuer under this Article VIII shall be deemed satisfied by the Borrower, upon the Borrower making or causing to be made in accordance with the Collateral Agency and Accounts Agreement an equivalent payment to the relevant Secured Debt Representative(s) or Secured Party, as applicable, of the accelerated Outstanding Secured Obligations (along with all other fees, make-whole amounts, prepayment premiums, and any other amounts then due and payable by the Issuer to the relevant Secured Debt Representative(s) or Secured Party, as applicable, in accordance with the Senior Financing Documents).

(d) Any rights and remedies as are given to the Issuer under this First Project Loan Agreement Amendment will also extend to the Owners of the Series 2024 Bonds, the Senior Collateral Agent, and the Trustee, who will be entitled to the benefit of all covenants and agreements contained in this First Project Loan Agreement Amendment, subject to the terms of the Indenture, the Senior Collateral Documents and the Intercreditor Agreement.

(e) Any Enforcement Action and any other exercise of remedies hereunder shall be taken solely in accordance with the Intercreditor Agreement and the Collateral Agency and Accounts Agreement and in accordance with the applicable Senior Financing Document(s) and all amounts paid to or received by the Senior Collateral Agent or any other Secured Party and representing the proceeds of the Collateral or the proceeds of any action taken pursuant to an Enforcement Action shall be subject to Article VI of the Collateral Agency and Accounts Agreement.

(f) If an Enforcement Action has occurred, the Issuer shall, in accordance with the instructions from the Intercreditor Agent, (i) direct the Senior Collateral Agent to take or cause to be taken any and all actions necessary to implement any available remedies with respect to the Collateral under any of the Senior Collateral Documents, and (ii) take on behalf of the Owners and Bank Finance Parties, in accordance with the instructions of the Intercreditor Agent, whatever other action under the Senior Collateral Documents, at law or in equity, as may appear necessary or desirable to collect the amounts then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under this First Project Loan Agreement Amendment or the rights of the Owners and Bank Finance Parties, in each case subject to the terms of the Collateral Agency and Accounts Agreement and the Intercreditor Agreement.

(g) Any amounts collected pursuant to actions taken under this Section 8.2 and the Senior Collateral Documents shall be applied in accordance with Section 6.06 of the Collateral Agency and Accounts Agreement.

### **Section 8.3. Rescission and Waiver.**

(a) The Issuer shall waive any Event of Default immediately after any such Event of Default has been waived in accordance with the applicable Senior Financing Documents.

(b) The Issuer shall have the right to, but shall be under no obligation to (except with respect to paragraph (a) above of this Section 8.3), waive any other Event of Default at any time.

(c) In case of any such waiver or rescission, then and in every such case the Issuer, the Trustee, and the Borrower shall be restored to their former positions and rights, but no such waiver shall extend to any subsequent or other Event of Default, or impair any right consequent thereon.

**Section 8.4. No Remedy Exclusive.** Subject to Section 8.02 of the Master Indenture and the terms of the Intercreditor Agreement, no remedy hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this First Project Loan Agreement Amendment or now or hereafter existing at Law or in equity. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Issuer, the Trustee or any Agent to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be required by Law or expressly hereunder (or as required under any other Senior Financing Document).

**Section 8.5. Additional Issuer Remedies on Default.**

In addition to the remedies above, if the Borrower commits a breach or threatens to commit a breach of the Reserved Rights, the Issuer shall have the right and remedy, without posting bond or other security, to have such Reserved Rights specifically enforced by any court having equity jurisdiction, it being acknowledged and agreed that any such breach or threatened breach will cause immediate and irreparable injury to the Issuer and that money damages will not provide an adequate remedy therefor.

**Section 8.6. Agreement to Pay Attorneys' Fees and Expenses.**

(a) Following the occurrence and during the continuance of an Event of Default or upon the request of the Borrower to review or analyze the financing of the Series 2024 Bonds or any related financing instruments, if the Issuer shall employ attorneys or incur other expenses for the collection of payments required hereunder or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower herein contained, the Borrower agrees that it will therefor pay to the Issuer its share of the reasonable fees of such attorneys and such other reasonable, properly invoiced and documented expenses so incurred by the Issuer in connection with the same.

(b) Following the occurrence and during the continuance of an Event of Default, the Trustee may, at the reasonable and documented costs and expense of the Borrower, employ or retain such counsel, accountants, appraisers or other experts or advisors as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Trustee's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Trustee, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Trustee shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons and so long as such persons are permitted to act hereunder.

**Section 8.7. No Additional Waiver Implied by One Waiver.** In the event any agreement contained in this First Project Loan Agreement Amendment should be breached by any party and thereafter waived by another party as permitted hereunder, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

**Section 9.2. Third Party Beneficiaries.** The Trustee shall be a third party beneficiary of the following provisions hereof (and related defined terms), which shall not be amended or modified without the prior written consent of the Trustee: Article VII Assignment; Indemnification, Article VIII Events of Default, Section 9.3 and Section 9.4 hereof. To the extent that this First Project Loan Agreement Amendment or any other Senior Financing Document to which the Bond Insurer is not a party confers upon, gives or grants to the Bond Insurer, itself and not as a Senior Secured Party represented by the Trustee pursuant hereto, any right, remedy or claim hereunder or thereunder, the Bond Insurer, in its capacity as such, is intended to be and is hereby explicitly recognized as being a third-party beneficiary of such right, remedy or claim and may exercise all legal rights and remedies in connection herewith and therewith; provided, that any exercise of any right, remedy or claim by the Bond Insurer with respect to the Senior Bond Insurer Obligations (including seeking foreclosure or proceeding against the Senior Collateral) shall be done through the Trustee as the Bond Insurer's Secured Debt Representative in accordance with the provisions of the Intercreditor Agreement, the Second Supplemental Indenture and the other Financing Documents.

**Section 9.3. Notices.** Notices under this First Project Loan Agreement Amendment shall be given in accordance with Section 12.04 of the Collateral Agency and Accounts Agreement.

**Section 9.5. Severability.** Whenever possible, each provision of this First Project Loan Agreement Amendment shall be interpreted in such a manner as to be effective and valid under applicable Law, but if any provision of this First Project Loan Agreement Amendment shall be prohibited by or invalid under applicable Law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this First Project Loan Agreement Amendment.

**Section 9.6. Amendments, Changes and Modifications.**

(a) Subsequent to the issuance of the Series 2024 Bonds and prior to payment in full of the Series 2024 Bonds issued hereunder (or provision for the payment thereof having been made in accordance with the provisions of the Indenture), and except as otherwise expressly provided in the Indenture, the Intercreditor Agreement and the Collateral Agency and Accounts Agreement, this First

Project Loan Agreement Amendment may not be effectively amended, changed, modified, altered or terminated except in a writing executed by the Borrower and the Issuer, and otherwise in accordance with the Indenture, the Intercreditor Agreement, the Collateral Agency and Accounts Agreement and the other Senior Financing Documents, as applicable. Any amendment, supplement, modification to, or waiver of, this First Project Loan Agreement Amendment that requires the consent of the Owners of the Insured Series 2024 Bonds or that materially adversely affects the rights and interests of the Bond Insurer or the security for the Insured Series 2024 Bonds shall be subject to the prior written consent of the Bond Insurer; provided, that any amendment, supplement, modification or waiver related to the incurrence of Additional Obligations by the Borrower pursuant to Section 10.27 of the Collateral Agency and Accounts Agreement shall not be deemed to materially adversely affect the rights and interests of the Bond Insurer and shall not be subject to the prior written consent of the Bond Insurer under this First Project Loan Agreement Amendment, so long as any such Additional Obligations have no greater priority to payment than the existing Senior Obligations. Without limiting the foregoing, in determining whether any amendment, supplement, modification, waiver, consent, or other action to be taken, or any failure to take action, under this First Project Loan Agreement Amendment that would reasonably be expected to have a material adverse effect on the rights and interests of the Bond Insurer or the security for the Insured Series 2024 Bonds, the Issuer shall act upon the reasonable direction of the Bond Insurer. In the event that in connection with the issuance of Additional Insured Bonds, the Bond Insurer of such Additional Insured Bonds obtains terms under this First Project Loan Agreement Amendment (other than the Bond Insurer Premium amount) that are more favorable than those under this First Project Loan Agreement Amendment applicable to the Bond Insurer of the Insured 2024 Bonds, such terms under this First Project Loan Agreement Amendment applicable to the Bond Insurer of the Insured 2024 Bonds shall be revised at the time of the issuance of such Additional Insured Bonds so that they are as, but no more favorable.

(b) Without the Bond Insurer's prior written consent, the Borrower shall not agree to any amendment to the Senior Bank Financing Documents that would extend the final maturity date of the Senior Bank Obligations beyond November 17, 2031.

(b) The Borrower will also, in accordance with the terms of the Collateral Agency and accounts Agreement, pay when due and payable the reasonable fees and expenses of the Issuer related to the issuance of the Series 2024 Bonds, including without limitation, reasonable attorneys and consultants' fees and expenses. The fees to be paid to the Issuer include (i) the Issuance Fee, which shall be paid on the Series 2024 Closing Date and (ii) the Annual Administrative Fee, which shall be paid on the Series 2024 Closing Date and thereafter on an annual basis, beginning on the first anniversary of the Series 2024 Closing Date, in each subsequent year the Series 2024 Bonds are Outstanding, and which Annual Administrative Fee shall, for the avoidance of doubt, supersede and replace the annual administrative fee payable by the Borrower pursuant to Section 4.1(b) of the Original TDC Building Loan Agreement, each of (i) and (ii) as described in Exhibit E hereto. For the avoidance of doubt, the fees to be paid to the Issuer pursuant to this Section 4.1(b) are the same as (and not in addition to) the fees required to be paid under Section 4.1(b) of the First Project Loan Agreement Amendment.

(c) The Borrower also will pay, in accordance with the terms of the Collateral Agency and Accounts Agreement, the reasonable fees and expenses of the Trustee and the Agents, including, without limitation, any fees or expenses incurred pursuant to Section 8.02(b) of the Master Indenture, and all other amounts which may be payable to the Trustee under the terms of the Indenture or in accordance with any contractual arrangement between the Borrower and the Trustee with respect thereto.

(d) The Borrower hereby covenants and agrees to pay, or cause to be paid, to the Bond Insurer, the Bond Insurer Reimbursement Amounts, the Bond Insurer Premium and the Bond Insurer Fees, as follows:

- (i) Subject to the last sentence of this Section 4.1(d)(i), the Borrower hereby covenants and agrees to pay, or cause to be paid, to the Senior Collateral Agent for the benefit of the Bond Insurer any Bond Insurer Advances, as provided in Section 4.02 of the Second Supplemental Indenture and Section 5.02(b)(4), Section 5.02(b)(5), Section 5.03(b)(4), Section 5.03(b)(5), Section 6.06(b)(i)(B), or Section 6.06(b)(i)(C) (as applicable) of the Collateral Agency and Accounts Agreement. The Borrower shall cause the Senior Collateral Agent to receive sufficient funds to pay the Bond Insurer Reimbursement Amounts in the same manner as the payment of interest, principal, Accreted Value, and Redemption Price on the Insured Series 2024 Bonds pursuant to Section 4.1(a) hereof. The Borrower shall pay to the Senior Collateral Agent for the benefit of the Bond Insurer any Bond Insurer Late Payment Interest in accordance with the Second Supplemental Indenture. The Borrower's obligations under this Section 4.1(d)(i) shall be deemed satisfied to the extent the Bond Insurer has received payment of the Bond Insurer Reimbursement Amounts due to the Bond Insurer pursuant to the Second Supplemental Indenture.
- (ii) Subject to the last sentence of this Section 4.1(d)(ii), the Borrower hereby covenants and agrees to pay, or cause to be paid, to the Senior Collateral Agent for the benefit of the Bond Insurer, any unpaid Bond Insurer Premium, as a fee, administrative cost and expense due and payable under the Financing Documents, as and when due under the terms of the Bond Insurer Premium Schedule; it being understood that in no event will the Bond Insurer be entitled to accelerate or otherwise demand payment of the Bond Insurer Premium prior to the date scheduled for payment thereof under the Bond Insurer Premium Schedule. To the extent that any payment of the Bond Insurer Premium is not paid when due, interest shall accrue on such unpaid amounts from the date such amount is due until the date the Bond Insurer is paid in full at a rate equal to the Bond Insurer Late Payment Rate. Such Bond Insurer Premium, together with any unpaid amounts and any interest that may accrue thereon, shall be payable to the Senior Collateral Agent for the benefit of the Bond Insurer by the Senior Collateral Agent pursuant to Section 5.02(b)(1), Section 5.03(b)(1) or Section 6.06(b)(i)(A) of the Collateral Agency and Accounts Agreement, as applicable. The Borrower's obligations under this Section 4.1(d)(ii) shall be deemed satisfied to the extent the Bond Insurer has received payment of the Bond Insurer Premium due from or on behalf of the Borrower to the Senior Collateral Agent for the benefit of the Bond Insurer

as a Senior Secured Party pursuant to the terms of the Collateral Agency and Accounts Agreement.

- (iii) Subject to the last sentence of this Section 4.1(d)(iii), the Borrower hereby covenants and agrees to pay or reimburse, or cause to be paid or reimbursed, the Bond Insurer, for any and all documented charges, fees, costs and expenses that the Bond Insurer may reasonably pay or incur in connection with (i) the administration, enforcement, defense or preservation of any rights under this First Building Loan Agreement Amendment or any other Senior Financing Document or the Bond Insurance Policy, (ii) the pursuit of any remedies under this First Building Loan Agreement Amendment or any other Senior Financing Document or the Bond Insurance Policy or otherwise afforded by law or equity, (iii) any amendment, waiver or other action with respect to, or related to this First Building Loan Agreement Amendment or any other Senior Financing Document, whether or not executed or completed, or (iv) any litigation or other dispute in connection with the Indenture or the transactions contemplated thereby initiated by third parties, in each case, other than any charges, fees, costs or expenses resulting from the failure to honor the Bond Insurer's obligations under the Bond Insurance Policy or any other Financing Document, its willful misconduct or gross negligence (collectively, the "Bond Insurer Fees"). The Borrower will pay the Bond Insurer Fees to the Senior Collateral Agent for the benefit of the Bond Insurer in accordance with the Second Supplemental Indenture. The Bond Insurer reserves the right to charge a reasonable fee as a condition to executing any amendment, waiver or consent proposed in respect of this First Building Loan Agreement Amendment or any other Senior Financing Document. The Borrower shall cause the Senior Collateral Agent to receive sufficient funds to enable the Senior Collateral Agent to transfer to the Bond Insurer the Bond Insurance Fees due and payable as administrative costs of the Bond Insurer pursuant to Section 5.02(b)(1), Section 5.03(b)(1) or 6.06(b)(i) of the Collateral Agency and Accounts Agreement, as applicable. The Borrower's obligations under this Section 4.1(d)(iii) shall be deemed satisfied to the extent the Bond Insurer has received payment of the Bond Insurer Fees due from or on behalf of the Borrower to the Senior Collateral Agent for the benefit of the Bond Insurer as a Senior Secured Party pursuant to the terms of the Collateral Agency and Accounts Agreement.
- (iv) For the avoidance of doubt, the amounts to be paid to the Bond Insurer pursuant to this Section 4.1(d) are the same as (and not in addition to) the amounts required to be paid under Section 4.1(d) of the First Project Loan Agreement Amendment.

(e) Notwithstanding anything to the contrary in any other Financing Documents, the Borrower shall not pay, distribute, declare the payment of or make any Permitted Tax Distributions, whether as a dividend, loan, investment, loan repayment or in any other form, (i) pursuant to Section 5.03(b)(6) of the Collateral Agency and Account Agreement, in an amount exceeding \$20 million per calendar year, and (ii) pursuant to Section 5.03(b)(11) of the Collateral Agency and Account Agreement, in any amount at any time.

(f) In the event that the Borrower should fail to make any of the payments required in this Section 4.1, the amount so in default shall continue as an obligation of the Borrower until the amount in default shall have been fully paid, and the Borrower agrees to pay the same with interest thereon, to the extent and in such amount as provided under the Indenture and the Collateral Agency and Accounts Agreement.

(g) To the extent any moneys have been deposited by the Borrower, or on the Borrower's behalf, pursuant to the Collateral Agency and Accounts Agreement, into the 2024A Tax-Exempt Bond Interest Payment Sub-Account or the 2024A Tax-Exempt Bond Principal Payment Sub-Account for the purpose of paying interest on and principal of the Series 2024A Bonds when due and into the 2024B Tax-Exempt Bond Interest Payment Sub-Account or the 2024B Tax-Exempt Bond Principal Payment Sub-Account for the purpose of paying interest on and principal of the Series 2024B Bonds when due, the Borrower's payment obligations pursuant to this Section 4.1 with respect to the applicable payment of interest, principal, Accreted Value, and Redemption Price in respect of such Bonds will be deemed satisfied. If the principal or Redemption Price and interest on the Series 2024 Bonds shall have been paid sufficiently that payment of all Series 2024 Bonds Outstanding and all interest and other amounts payable thereon shall be deemed to have occurred in accordance with Article VII of the Master Indenture, then, with respect to the Series 2024 Bonds no longer Outstanding for purposes of the Indenture, the obligations of the Borrower to make payments pursuant to Section 4.1(a)(i) hereof shall be deemed to have been satisfied in full, and the Borrower's obligations under Section 4.1(a)(i) hereof and this First Building Loan Agreement Amendment and the Series 2024 Building Note shall be discharged, as applicable.

(h) The Borrower agrees to make such payments to the Senior Collateral Agent and take such other actions as are required of it under any of the Tax Certificates including any payments to satisfy any Rebate Amount and for any rebate analyst engaged to calculate such Rebate Amount. The obligation of the Borrower to make such payments and to take such other actions shall be absolute and unconditional and shall remain in effect and be binding upon the Borrower notwithstanding the release and discharge of this First Building Loan Agreement Amendment or any of the Tax Certificates.

(i) All payments to be made by the Borrower shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, all payments by the Borrower hereunder shall be made from the applicable Subaccount of the Senior Obligations Payment Account, or other applicable Project Account, in accordance with the Collateral Agency and Accounts Agreement to the specified Secured Debt Representative(s) or Senior Secured Party, as applicable, for the account of the respective Senior Secured Party to which such payment is owed, on the date and at the time and location specified in the relevant Senior Financing Documents, in Dollars, in immediately available funds; provided, however, the insufficiency of funds in any Project Account shall not relieve the Borrower of any payment obligation hereunder.

**Section 4.2. Unconditional Obligations.** The obligations of the Borrower to make the payments required in Section 4.1 hereof and to perform and observe the other agreements contained herein shall be absolute and unconditional and shall not be subject to any defense or any right of setoff, counterclaim or recoupment arising out of (a) any breach by the Issuer, the Trustee, or any other Agent or any other Senior Secured Party of any obligation to the Borrower, whether hereunder or otherwise, or (b) any indebtedness or liability at any time owing to the Borrower by the Issuer, the Trustee, any other Agent or any other Senior Secured Party. Until the Discharge of Senior Obligations, the Borrower will not suspend or discontinue any payments provided for in Section 4.1 hereof, and the Borrower (1) will perform and observe all other obligations of the Borrower contained in this First Building Loan Agreement Amendment and the Senior Financing Documents and (2) will not terminate this First Building Loan Agreement Amendment or any Senior Financing Document, except as permitted by the Senior Financing Documents, for any cause, or any failure of the Issuer, the Trustee, any other Agent or any other Senior Secured Party

to perform and observe any agreement, whether express or implied, or for any failure of the Issuer, the Trustee, any other Agent or any other Senior Secured Party to comply with any duty, liability or obligation of the Issuer, the Trustee, any other Agent or any other Senior Secured Party, as applicable, arising out of or connected with this First Building Loan Agreement Amendment.

**Section 4.3. Borrower Approval of Indenture.** A copy of the Indenture has been submitted to the Borrower for its examination and review. By its execution of this First Building Loan Agreement Amendment, the Borrower acknowledges that it has approved, has agreed to and is bound by the provisions of the Indenture, as incorporated herein. The Borrower agrees that the Trustee, as assignee of the Issuer pursuant to the Indenture, shall be entitled to enforce and to benefit from the terms and conditions of the Series 2024 Building Note and of this First Building Loan Agreement Amendment that relate to it notwithstanding the fact that it is not a signatory to either.

## **ARTICLE V PREPAYMENT PROVISIONS AND REDEMPTION**

**Section 5.1. Prepayments and Redemption of the Series 2024 Bonds.** The Borrower shall have the option to prepay all or any part of the Series 2024 Bond Building Loan hereunder at the times and in the amounts as necessary to cause the Issuer to redeem the Series 2024 Bonds, as applicable, in accordance with the terms of the Indenture, the Common Terms Agreement and the Series 2024 Bonds that may be subject to optional redemption. The Issuer, at the request of the Borrower, if applicable, shall forthwith take all steps (other than the payment of funds necessary to effect such redemption (except with respect to funds provided by the Borrower to the Issuer)) necessary under the applicable redemption provisions of the Indenture and the Common Terms Agreement to effect redemption of all or part of the Outstanding Series 2024 Bonds, as may be specified by the Borrower and required by the Indenture and the Common Terms Agreement, on the date established for such redemption. The Series 2024 Bonds shall further be subject to extraordinary redemption and mandatory sinking fund redemption as provided in Sections 2.07 and 2.08 of the Second Supplemental Indenture. Upon any such redemption in full and payment of all amounts required by Article VII of the Master Indenture, the Series 2024 Bond Building Loan shall terminate as provided in Section 9.1 hereof.

**Section 7.1. (a) The Borrower agrees to and does hereby indemnify and hold harmless the Issuer and any member, principal, officer, director, official, agent, employee, and attorney thereof, any person who “controls” the Issuer (within the meaning of Section 15 of the Securities Act of 1933, as amended, or Section 20 of the Securities Exchange Act of 1934, as amended), the Trustee and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Administrative Agent and any member, principal, officer, director, official, agent, employee, and attorney thereof, the Agents and any member, principal, officer, director, official, agent, employee, and attorney thereof, and the State (collectively, the

“Indemnified Parties”) against any and all losses, claims, damages or liabilities (including all costs, expenses and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties to the extent caused by, relating to, arising out of, resulting from, or in any way connected with (i) the condition, use, ownership, possession, conduct, management, planning, design, acquisition, construction, installation, financing, or sale of the Project or any part thereof including the payment of the Rebate Amount to the federal government, (ii) the acceptance or administration by the Issuer without gross negligence or willful misconduct of its duties under the Indenture, (iii) any untrue statement of a material fact contained in the Borrower’s application to the Issuer, (iv) any omission by the Borrower of a material fact necessary to be stated in the Borrower’s application to the Issuer, (v) the acceptance and administration of the duties of the Trustee under the Indenture, the Senior Financing Documents and any documents related thereto, and (vi) the acceptance and administration of the duties of the Administrative Agent or any of the Agents under the Senior Financing Documents to which each may be a party. In case any action shall be brought against one or more of the Indemnified Parties based upon any of the above and in respect to which indemnity may be sought against the Borrower, such Indemnified Party shall promptly notify the Borrower in writing, and except where the Borrower is the claimant, the Borrower shall assume the defense thereof, including the employment of counsel reasonably satisfactory to the Indemnified Party, the payment of all reasonable costs and expenses and the right to negotiate and consent to settlement. Any one or more of the Indemnified Parties shall have the right to employ separate counsel at the expense of the Borrower in any such action and to participate in the defense thereof if, in the reasonable opinion of the Indemnified Party, a conflict of interest could arise out of the representation of the parties by the same counsel. The Borrower shall not be liable for any settlement of any such action effected without the consent of the Borrower, but if settled with the consent of the Borrower, or if there is a final judgment for the claimant on any such action, the Borrower agrees to indemnify and hold harmless the Indemnified Parties from and against any loss or liability by reason of such settlement or judgment.

(b) The Borrower agrees to and does hereby indemnify and hold harmless the Indemnified Parties against any and all losses, claims, damages or liabilities (including all costs, expenses, and reasonable counsel fees actually incurred in investigating or defending such claim) suffered by any of the Indemnified Parties and caused by, relating to, arising out of, resulting from, or in any way connected to an examination, investigation or audit of the Tax-Exempt Bonds by the IRS. (b) Whenever an Event of Default described in Section 8.01(m) of the Original TDC Building Loan Agreement shall have occurred all amounts outstanding under the Series 2024 Building Notes shall immediately become due and payable, in each case, without presentment, demand, protest or notice any kind, all of which are hereby waived, by the Borrower.

(c) Subject in all events to the terms of the Intercreditor Agreement, upon any Credit Acceleration (as defined in the Common Terms Agreement) and/or any other acceleration of Senior Obligations (other than the Secured Hedge Agreements), the Series 2024 Bond Loans shall be concurrently accelerated hereunder to the same extent and the Borrower shall have an obligation to repay the Series 2024 Bond Loans that have been so accelerated and pay all interest accrued in respect thereof, along with any fees, make-whole amounts, prepayment premiums, and any other amounts then due and payable to the Issuer in accordance with this First Building Loan Agreement Amendment, the Collateral Agency and Accounts Agreement and the other Senior Financing Documents. All payments by the Borrower to the Issuer under this Article VIII shall be deemed satisfied by the Borrower, upon the Borrower making or causing to be made in accordance with the Collateral Agency and Accounts Agreement an equivalent payment to the relevant Secured Debt Representative(s) or Secured Party, as applicable, of the accelerated Outstanding Secured Obligations (along with all other fees, make-whole amounts, prepayment premiums, and any other amounts then due and payable by the Issuer to the relevant Secured Debt Representative(s) or Secured Party, as applicable, in accordance with the Senior Financing Documents).

(d) Any rights and remedies as are given to the Issuer under this First Building Loan Agreement Amendment will also extend to the Owners of the Series 2024 Bonds, the Senior Collateral Agent, and the Trustee, who will be entitled to the benefit of all covenants and agreements contained in this First Building Loan Agreement Amendment, subject to the terms of the Indenture, the Senior Collateral Documents and the Intercreditor Agreement.

(e) Any Enforcement Action and any other exercise of remedies hereunder shall be taken solely in accordance with the Intercreditor Agreement and the Collateral Agency and Accounts

(f) If an Enforcement Action has occurred, the Issuer shall, in accordance with the instructions from the Intercreditor Agent, (i) direct the Senior Collateral Agent to take or cause to be taken any and all actions necessary to implement any available remedies with respect to the Collateral under any of the Senior Collateral Documents, and (ii) take on behalf of the Owners and Bank Finance Parties, in accordance with the instructions of the Intercreditor Agent, whatever other action under the Senior Collateral Documents, at law or in equity, as may appear necessary or desirable to collect the amounts then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under this First Building Loan Agreement Amendment or the rights of the Owners and Bank Finance Parties, in each case subject to the terms of the Collateral Agency and Accounts Agreement and the Intercreditor Agreement.

(g) Any amounts collected pursuant to actions taken under this Section 8.2 and the Senior Collateral Documents shall be applied in accordance with Section 6.06 of the Collateral Agency and Accounts Agreement.

**Section 8.3. Rescission and Waiver.**

(a) The Issuer shall waive any Event of Default immediately after any such Event of Default has been waived in accordance with the applicable Senior Financing Documents.

(b) The Issuer shall have the right to, but shall be under no obligation to (except with respect to paragraph (a) above of this Section 8.3), waive any other Event of Default at any time.

(c) In case of any such waiver or rescission, then and in every such case the Issuer, the Trustee, and the Borrower shall be restored to their former positions and rights, but no such waiver shall extend to any subsequent or other Event of Default, or impair any right consequent thereon.

**Section 8.4. No Remedy Exclusive.** Subject to Section 8.02 of the Master Indenture and the terms of the Intercreditor Agreement, no remedy hereunder is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this First Building Loan Agreement Amendment or now or hereafter existing at Law or in equity. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right or power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Issuer, the Trustee or any Agent to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be required by Law or expressly hereunder (or as required under any other Senior Financing Document).

**Section 8.5. Additional Issuer Remedies on Default.**

In addition to the remedies above, if the Borrower commits a breach or threatens to commit a breach of the Reserved Rights, the Issuer shall have the right and remedy, without posting bond or other security, to have such Reserved Rights specifically enforced by any court having equity jurisdiction, it being acknowledged and agreed that any such breach or threatened breach will cause immediate and irreparable injury to the Issuer and that money damages will not provide an adequate remedy therefor.

**Section 8.6. Agreement to Pay Attorneys' Fees and Expenses.**

(a) Following the occurrence and during the continuance of an Event of Default or upon the request of the Borrower to review or analyze the financing of the Series 2024 Bonds or any related financing instruments, if the Issuer shall employ attorneys or incur other expenses for the collection of payments required hereunder or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower herein contained, the Borrower agrees that it will therefor pay to the Issuer its share of the reasonable fees of such attorneys and such other reasonable, properly invoiced and documented expenses so incurred by the Issuer in connection with the same.

(b) Following the occurrence and during the continuance of an Event of Default, the Trustee may, at the reasonable and documented costs and expense of the Borrower, employ or retain such counsel, accountants, appraisers or other experts or advisors as it may reasonably require for the purpose of determining and discharging its rights and duties hereunder and, in the absence of the Trustee's gross negligence, bad faith or willful misconduct in employing or retaining any such counsel, accountants, appraisers, experts or advisors, may act and rely and shall be protected in acting and relying in good faith on the opinion or advice of or information obtained from any counsel, accountant, appraiser or other expert or advisor, whether retained or employed by the Borrower or by the Trustee, in relation to any matter arising in the administration hereof, and shall not be responsible for any act or omission on the part of any of them. In addition, the Trustee shall not be liable for any acts or omissions of its nominees, correspondents, designees, agents, subagents or subcustodians except to the extent of its gross negligence, bad faith or willful misconduct in nominating or appointing such persons and so long as such persons are permitted to act hereunder.

**Section 8.7. No Additional Waiver Implied by One Waiver.** In the event any agreement contained in this First Building Loan Agreement Amendment should be breached by any party and thereafter waived by another party as permitted hereunder, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

To the extent that this First Building Loan Agreement Amendment or any other Senior Financing Document to which the Bond Insurer is not a party confers upon, gives or grants to the Bond Insurer, itself and not as a Senior Secured Party represented by the Trustee pursuant hereto, any right, remedy or claim hereunder or thereunder, the Bond Insurer, in its capacity as such, is intended to be and is hereby explicitly recognized as being a third-party beneficiary of such right,

remedy or claim and may exercise all legal rights and remedies in connection herewith and therewith; provided, that any exercise of any right, remedy or claim by the Bond Insurer with respect to the Senior Bond Insurer Obligations (including seeking foreclosure or proceeding against the Senior Collateral) shall be done through the Trustee as the Bond Insurer's Secured Debt Representative in accordance with the provisions of the Intercreditor Agreement, the Second Supplemental Indenture and the other Financing Documents.

**Section 9.3. Notices.** Notices under this First Building Loan Agreement Amendment shall be given in accordance with Section 12.04 of the Collateral Agency and Accounts Agreement.

**Section 9.5. Severability.** Whenever possible, each provision of this First Building Loan Agreement Amendment shall be interpreted in such a manner as to be effective and valid under applicable Law, but if any provision of this First Building Loan Agreement Amendment shall be prohibited by or invalid under applicable Law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this First Building Loan Agreement Amendment.

**Section 9.6. Amendments, Changes and Modifications.**

(a) Subsequent to the issuance of the Series 2024 Bonds and prior to payment in full of the Series 2024 Bonds issued hereunder (or provision for the payment thereof having been made in accordance with the provisions of the Indenture), and except as otherwise expressly provided in the Indenture, the Intercreditor Agreement and the Collateral Agency and Accounts Agreement, this First Building Loan Agreement Amendment may not be effectively amended, changed, modified, altered or terminated except in a writing executed by the Borrower and the Issuer, and otherwise in accordance with the Indenture, the Intercreditor Agreement, the Collateral Agency and Accounts Agreement and the other Senior Financing Documents, as applicable. In the event that in connection with the issuance of Additional Insured Bonds, the Bond Insurer of such Additional Insured Bonds obtains terms under this First Building Loan Agreement Amendment (other than the Bond Insurer Premium amount) that are more favorable than those under this First Building Loan Agreement Amendment applicable to the Bond Insurer of the Insured 2024 Bonds, such terms under this First Building Loan Agreement Amendment applicable to the Bond Insurer of the Insured 2024 Bonds shall be revised at the

time of the issuance of such Additional Insured Bonds so that they are as, but no more, favorable. Any such amendments to this First Building Loan Agreement Amendment shall be filed with the New York County Clerk, Queens County, within ten (10) days or as otherwise provided by the Lien Law.

(b) Without the Bond Insurer's prior written consent, the Borrower shall not agree to any amendment to the Senior Bank Financing Documents that would extend the final maturity date of the Senior Bank Obligations beyond November 17, 2031.

## **1. DEFINITIONS**

### **1.1 Defined Terms**

Unless otherwise specified, capitalized terms used in this Agreement have the meaning assigned to them in Exhibit A to the Collateral Agency and Accounts Agreement.

### **1.2 Rules of Interpretation**

Except as otherwise expressly provided, the rules of interpretation set forth in Exhibit A of the Collateral Agency and Accounts Agreement shall apply to this Agreement and the other Senior Collateral Documents and Subordinate Collateral Documents.

### **1.3 Certifications, Etc.**

All certifications, notices, declarations, representations, warranties and statements made by any officer, director or employee of an Obligor pursuant to or in connection with this Agreement shall be made in such person's capacity as officer, director or employee on behalf of such Obligor and not in such Person's individual capacity.

### **1.4 Divisions**

For all purposes under the Financing Documents, in connection with any division or plan of division under Delaware law (or any comparable event under a different jurisdiction's laws): (a) if any asset, right, obligation or liability of any Person becomes the asset, right, obligation or liability of a different Person, then it shall be deemed to have been transferred from the original Person to the subsequent Person, and (b) if any new Person comes into existence, such new Person shall be deemed to have been organized on the first date of its existence by the holders of its Equity Interests at such time.

## **2. ACKNOWLEDGEMENT OF SECURITY INTERESTS**

### **2.1 Grant; Relative Priorities**

(a) The parties hereto acknowledge and agree that (i) pursuant to the applicable Senior Collateral Documents, each Obligor has granted (or may grant, as applicable) to the Senior Collateral Agent, for the benefit of the Senior Secured Parties, a security interest in all such Obligor's rights, title and interest in, to and under the Senior Collateral owned by such Obligor to secure the payment and performance of all present and future Senior Obligations and (ii) pursuant to the applicable Subordinate Collateral Documents, each Obligor may grant, from time to time, to the Subordinate Collateral Agent, for the benefit of the Subordinate Secured Parties, a security interest in all such Obligor's rights, title and interest in, to and under the Subordinate Collateral owned by such Obligor to secure the payment and performance of all Subordinate Obligations.

(b) Notwithstanding, among other things, (i) the date, time, method, manner or order of grant, attachment or perfection of any Security Interests securing the Senior Obligations granted on the Collateral or any Security Interests securing the Subordinate Obligations granted on the Collateral, (ii) anything contained in any filing or agreement to which any Agent or other Senior Secured Party or Subordinate Secured Party (either individually or collectively) or in the case of any Agent, for its own behalf or on behalf of any other Senior

Secured Parties or Subordinate Secured Parties, now or hereafter may be a party, (iii) the perfection of or avoidability of such Security Interests or claims securing the Senior Obligations or the Subordinate Obligations, as the case may be, (iv) any provision of the UCC, any other applicable Law, including the New York State Lien Law (Chapter 33 of the Consolidated Laws of New York), or any provision of the Subordinate Debt Documents, (v) any defect or deficiencies in, or failure to perfect or lapse in perfection of, or avoidance as a fraudulent conveyance or otherwise of, the Security Interests securing the Senior Obligations or the Subordinate Obligations or (vi) any other circumstance whatsoever, in each case, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against the Lessee or any other Obligor, each of the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) and the Trustee (on behalf of each Subordinate Bondholder) hereby agrees that:

- (i) any Security Interest on the Collateral securing any Senior Obligations now or hereafter held by or on behalf of any Senior Secured Party or any agent or trustee therefor, regardless of how acquired, whether by grant, possession, statute, operation of law, subrogation or otherwise, shall be senior in all respects and prior to any Security Interest on the Collateral securing any Subordinate Obligations; and
  - (ii) any Security Interest on the Collateral securing any Subordinate Obligations now or hereafter held by or on behalf of the Subordinate Collateral Agent, any Subordinate Secured Party or any agent or trustee therefor regardless of how acquired, whether by grant, possession, statute, operation of law, subrogation or otherwise, shall be junior and subordinate in all respects to all Security Interests in the Collateral securing any Senior Obligations. All Security Interests in the Collateral securing any Senior Obligations shall be and remain in all respects prior to all Security Interests in the Collateral securing any Subordinate Obligations for all purposes, whether or not such Security Interests securing any Senior Obligations are subordinated to any Security Interest securing any other obligation of the Lessee, any other Obligor or any other Person.
- (c) Each of the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties), the Senior Collateral Agent (on behalf of itself and the Senior Secured Parties), and each Senior Secured Party party hereto and each Subordinate Secured Party party hereto acknowledges and agrees that:
- (i) the grants of Security Interests pursuant to the Senior Collateral Documents and the Subordinate Collateral Documents constitute two separate and distinct grants of Security Interests: (A) the Security Interest under the Senior Collateral Documents securing the payment and performance of the Senior Obligations to the extent provided therein and (B) the Security Interest under the Subordinate Collateral Documents securing the payment and performance of the Subordinate Obligations to the extent provided therein;
  - (ii) the Security Interests under the Subordinate Collateral Documents securing the Subordinate Obligations are subject and subordinate on the terms contained in this Agreement to the Security Interests under the Senior Collateral Documents securing the Senior Obligations; and

- (iii) because of, among other things, their differing rights in the Collateral, the Subordinate Obligations are fundamentally different from the Senior Obligations and must be separately classified in any Plan of Reorganization proposed or adopted in an Insolvency or Liquidation Proceeding with respect to any Obligor.

To further effectuate the intent of the parties as provided in the immediately preceding paragraph, if a court in any Insolvency or Liquidation Proceeding or otherwise holds that the claims of the Senior Secured Parties and the Subordinate Secured Parties in respect of the Collateral constitute only one secured claim (rather than separate classes of senior and junior secured claims), then each of the parties hereto hereby acknowledges and agrees that, all distributions shall be made as if there were separate classes of senior and junior secured claims against the Obligors in respect of the Collateral (with the effect being that, to the extent that the aggregate value of the Collateral is sufficient (for this purpose ignoring all claims held by the Subordinate Secured Parties), the Senior Secured Parties shall be entitled to receive, on a *pro rata* basis, in addition to amounts distributed to them in respect of principal, pre-petition interest and other claims, all amounts owing (or that would be owing if there were such separate classes of senior and junior secured claims) in respect of post-petition interest, fees, expenses, make-whole or similar amounts that are due and owing under the Senior Financing Documents, including any additional interest payable pursuant to the Senior Financing Documents, arising from or related to a default, in each case whether allowed or disallowed as a claim in any Insolvency or Liquidation Proceeding) before any distribution is made in respect of the claims held by the Subordinate Secured Parties with respect to the Collateral, with each of the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) and the Trustee (on behalf of each Subordinate Bondholder), hereby acknowledging and agreeing to turn over to the Senior Collateral Agent, for itself and on behalf of the Senior Secured Parties, Collateral or proceeds thereof otherwise received or receivable by them to the extent necessary to effectuate the intent of this sentence, even if such turnover has the effect of reducing the claim or recovery of the Subordinate Secured Parties.

## **2.2 Prohibition on Contesting Security Interests; No Marshalling**

Each of the Subordinate Collateral Agent (for itself and on behalf of each Subordinate Secured Party), the Senior Collateral Agent (for itself and on behalf of each Senior Secured Party), and each Senior Secured Party party hereto agrees that it will not (and hereby waives any right to) directly or indirectly contest or support any other Person in contesting, in any proceeding (including any Insolvency or Liquidation Proceeding), the priority, validity, perfection, extent or enforceability of a Security Interest held, or purported to be held, by or on behalf of any of the Senior Secured Parties in the Senior Collateral or by or on behalf of any of the Subordinate Secured Parties in the Subordinate Collateral, as the case may be, or the provisions of this Agreement; provided, that nothing in this Agreement shall be construed to prevent or impair the rights of the Senior Collateral Agent or any Senior Secured Party to enforce this Agreement, including the provisions of this Agreement relating to the priority of the Security Interests securing the Senior Obligations as provided in Sections 2.1 and 3.1. Until the Discharge of Senior Obligations, neither the Subordinate Collateral Agent nor any Subordinate Secured Party will assert (and each of the Subordinate Collateral Agent (for itself and on behalf of each Subordinate Secured Party) and each Subordinate Secured Party hereby waives) any marshaling, appraisal, valuation or other similar right that may otherwise be available to a junior secured creditor.

## **2.3 No New Security Interests**

- (a) So long as the Discharge of Senior Obligations has not occurred, and regardless of whether or not an Insolvency or Liquidation Proceeding has been commenced by or against the

Lessee or any other Obligor, the parties hereto agree that no Obligor shall (other than with respect to the Segregated Collateral securing the applicable Secured Obligations):

- (i) grant or permit any additional Security Interests in any asset or property to secure any Subordinate Obligation unless it has granted or concurrently grants a Security Interest on such asset or property to secure the Senior Obligations; or
  - (ii) grant or permit any additional Security Interests in any asset or property to secure any Senior Obligations unless it has granted or concurrently grants a Security Interest on such asset or property to secure the Subordinate Obligations; provided, that this provision will not be violated if the Subordinate Collateral Agent is given a reasonable opportunity to accept a Security Interest on any asset or property and the Subordinate Collateral Agent states in writing that the Subordinate Financing Documents prohibit the Subordinate Collateral Agent from accepting a Security Interest on such asset or property or if the Subordinate Collateral Agent otherwise expressly declines to accept a Security Interest on such asset or property.
- (b) To the extent that the foregoing provisions of this Section 2.3 are not complied with for any reason, without limiting any other rights and remedies available to the Senior Collateral Agent and/or the Senior Secured Parties, the Subordinate Collateral Agent, on behalf of the Subordinate Secured Parties, agrees that any amounts received by or distributed to any Subordinate Secured Party pursuant to or as a result of Security Interests granted in contravention of Section 2.3(a) shall be subject to Section 4.3.

#### **2.4 Similar Security Interests and Agreements; Segregated Pledged Accounts**

The parties hereto agree that it is their intention that the Senior Collateral and the Subordinate Collateral be identical, other than with respect to (a) the Senior Debt Reserve Account and the Ramp-up Reserve Account, which shall constitute Senior Collateral available only to the Senior Secured Parties, (b) the Subordinate Debt Service Reserve Account, if any, which shall constitute Subordinate Collateral available only to the Subordinate Secured Parties, (c) any Senior Cash Collateral Account, which shall constitute Senior Collateral available only to the applicable Senior Secured Parties, and (d) the Segregated Proceeds Pledged Accounts which shall constitute Senior Collateral available only to the Bank Finance Parties. In furtherance of the foregoing, the parties hereto agree, subject to the other provisions of this Agreement upon request by the Senior Collateral Agent or the Subordinate Collateral Agent, to cooperate in good faith (and to direct their counsel to cooperate in good faith) from time to time in order to determine the specific items included in the Senior Collateral and the Subordinate Collateral and the steps taken to perfect their respective Security Interests thereon and the identity of the respective parties obligated under the Senior Financing Documents and the Subordinate Financing Documents.

#### **2.5 Nature of Obligations**

The priorities of the Security Interests provided in Section 2.1 hereof shall not be altered or otherwise affected by (a) any Refinancings of the Senior Obligations or the Subordinate Obligations

nor (b) any action or inaction which any of the Senior Secured Parties or Subordinate Secured Parties may take or fail to take in respect of the Collateral.

## **2.6 Subordination Agreement**

The parties hereto intend that the provisions of this Agreement be a subordination agreement within the meaning of Section 510(a) of the Bankruptcy Laws or any successor statute.

## **2.7 Reliance by Senior Secured Parties**

The Trustee, as agent for and on behalf of the Subordinate Bondholders, acknowledges and agrees that the provisions of this Agreement are, and are intended to be, an inducement and a consideration to each Senior Secured Party, whether the Senior Obligations held by any Senior Secured Party were created or acquired before or after the issuance of any or all of the Subordinate Obligations, to acquire and continue to hold such Senior Obligations and such Senior Secured Party shall be deemed conclusively to have relied on such subordination provisions in acquiring and continuing to hold, or in continuing to hold, such obligations.

## **2.8 Pro Rata Prepayments.**

If at the time any prepayment, redemption or repurchase of any Senior Secured Debt would be required to be made with any Net Cash Proceeds (or any similar amount, however denominated) pursuant to any Senior Financing Document, the Issuer or the Lessee is required to redeem, prepay or offer to repurchase (or to cause such prepayment, redemption or repurchase) any other Senior Secured Debt with such Net Cash Proceeds (or such similar amount, however denominated) pursuant to the terms of the documentation governing such other Senior Secured Debt, then the Lessee shall cause such Net Cash Proceeds to be applied on a *pro rata* basis to the prepayment, redemption or repurchase of all Senior Secured Debt that is required to be so prepaid, redeemed or repurchased (determined on the basis of the aggregate outstanding principal amount of the applicable Senior Secured Debt at such time) in accordance with the terms of the Collateral Agency and Accounts Agreement. Notwithstanding anything to the contrary in any other Financing Document, no prepayment or redemption of Subordinate Secured Debt shall be made prior to the Discharge of Senior Obligations.

## **3. ENFORCEMENT**

### **3.1 Exercise of Remedies**

Each Secured Party that is party to this agreement (or, in the case of any Secured Party that is not party to this Agreement, the Agent acting on behalf of such Secured Party) agrees that at any time, including upon the occurrence and continuation of an Event of Default, no Secured Party shall take any Enforcement Action or instruct any Agent to take any Enforcement Action, against any Obligor or any Collateral, except through an Act of Secured Parties as provided for in Article 8 or pursuant to an Enforcement Exception. The Applicable Collateral Agent, acting upon an Act of Secured Parties or pursuant to an Enforcement Exception, shall have the exclusive right to take any Enforcement Action or to otherwise exercise remedies (including setoff (but subject to Section 5.4(a)) and the right to Credit Bid all of the Senior Obligations or, after the Discharge of Senior Obligations, the Subordinate Obligations, as applicable) and make determinations regarding the release, sale, disposition or restrictions with respect to the Collateral in accordance with the applicable Senior Collateral Documents or Subordinate Collateral Documents. In exercising rights and remedies with respect to the Collateral, the Applicable Collateral Agent, acting upon an Act of

Secured Parties, may enforce the provisions of the Senior Collateral Documents or the Subordinate Collateral Documents, as applicable, and exercise remedies thereunder, all in such order and in such manner as they may determine in the exercise of their sole discretion, subject in each case to the terms and conditions of this Agreement, the Senior Collateral Documents and the Subordinate Collateral Documents, as applicable, and applicable Law. Such exercise and enforcement shall include the rights of the Applicable Collateral Agent (or any other agent appointed pursuant to an Act of Secured Parties) to sell or otherwise dispose of Collateral upon foreclosure, to incur expenses in connection with such sale or disposition, and to exercise all the rights and remedies of a secured creditor under the UCC and the Senior Collateral Documents or the Subordinate Collateral Documents, as applicable, and of a secured creditor under the Bankruptcy Laws of any applicable jurisdiction (including set-off (but subject to Section 5.4) and the right to Credit Bid all (but not less than all) of the Senior Obligations or the Subordinate Obligations, as applicable).

### **3.2 Enforcement of Security Interests**

- (a) The Required Senior Secured Parties and the Required Subordinate Secured Parties will have, subject in all cases to the terms of this Agreement, the right to authorize and direct the Applicable Collateral Agent with respect to the Senior Collateral Documents or the Subordinate Collateral Documents, as the case may be, and the Collateral, including the exclusive right to authorize or direct the Applicable Collateral Agent to enforce, collect or realize on any Collateral or exercise any other right or remedy with respect to the Collateral, subject in each case to the terms and conditions of the Senior Collateral Documents and the Subordinate Collateral Documents, as applicable, and applicable Law.
- (b) Until the Discharge of Senior Obligations, and regardless of whether an Insolvency or Liquidation Proceeding has been commenced by or against the Lessee or any other Obligor, except to the extent directed or consented to by the Required Senior Secured Parties, the Subordinate Collateral Agent on behalf of itself and each Subordinate Secured Party agrees that it will not:
  - (i) request judicial relief, in any Insolvency or Liquidation Proceeding or in any other court, that would hinder, delay, limit or prohibit the lawful exercise or enforcement of any right or remedy otherwise available to the Senior Secured Parties in respect of the Security Interests granted to the Senior Collateral Agent, for the benefit of the Senior Secured Parties;
  - (ii) oppose or otherwise contest any motion for relief from the automatic stay or for any injunction against foreclosure or enforcement of Security Interests granted to the Senior Collateral Agent, for the benefit of the Senior Secured Parties, or any Senior Secured Party, or made or supported by the Senior Collateral Agent, acting at the direction of, or as consented to by, the Required Senior Secured Parties, or by any Senior Secured Party in any Insolvency or Liquidation proceeding;
  - (iii) oppose or otherwise contest any lawful exercise by the Senior Collateral Agent, acting at the direction of, or as consented to by, the Required Senior Secured Parties, of the right to Credit Bid the Senior Obligations at any sale in foreclosure of the Security Interests granted to the Senior Collateral Agent, for the benefit of the Senior Secured Parties, or otherwise;
  - (iv) oppose or otherwise contest any other request for judicial relief made in any court by the Senior Collateral Agent, acting at the direction of, or as consented to by, the

Required Senior Secured Parties, relating to the lawful enforcement of any Senior Secured Party;

- (v) exercise or seek to exercise any rights or remedies (including the right to Credit Bid) with respect to any Collateral or institute any action or proceeding with respect to such rights or remedies (including any action of foreclosure, enforcement, collection or execution, or any Insolvency or Liquidation Proceeding);
- (vi) object to the forbearance by the Senior Secured Parties from bringing or pursuing any foreclosure proceeding or action or any other exercise of any rights or remedies relating to the Collateral;
- (vii) oppose or otherwise contest any claim by any Senior Secured Party for allowance in any Insolvency or Liquidation Proceeding of an Obligor of Senior Obligations consisting of post-petition interest, fees or expenses; and
- (viii) challenge the validity, enforceability, perfection or priority of the Security Interests held by or for the benefit of any Senior Secured Party;

provided, that, so long as the Discharge of Senior Obligations has not occurred, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against the Lessee or any other Obligor, the Senior Collateral Agent shall have the exclusive right, and the Required Senior Secured Parties shall have the exclusive right to instruct the Senior Collateral Agent, to enforce rights, exercise remedies (including set off and the right to Credit Bid their debt) and make determinations regarding the release, disposition, or restrictions with respect to the Collateral without any consultation with or the consent of any Subordinate Collateral Agent or any other Subordinate Secured Parties, in each case, all as though the Subordinate Obligations did not exist.

- (c) Notwithstanding the foregoing, the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) or any Subordinate Secured Party, as applicable, may:
  - (i) file a claim or statement of interest with respect to the Subordinate Obligations; provided, that an Insolvency or Liquidation Proceeding has been commenced by or against the Lessee (or the applicable Obligor);
  - (ii) with respect to the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties), take any action (not adverse to the priority status of the Security Interests in the Collateral securing the Senior Obligations, or the rights of the Senior Secured Parties to exercise remedies in respect thereof) in order to create, perfect, preserve or protect, but not enforce, its Security Interest on the Collateral;
  - (iii) with respect to the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties), file any necessary responsive or defensive pleadings in opposition to any motion, claim, adversary proceeding or other pleading made by any Person objecting to or otherwise seeking the disallowance of the claims of the Subordinate Secured Parties, including any claims secured by the Collateral, if any, in each case in accordance with the terms of this Agreement and the Subordinate Collateral Documents;

- (iv) vote on any Plan of Reorganization, arrangement, compromise or liquidation, file any proof of claim, make other filings and make any arguments and motions that are, in each case, in accordance with the terms of this Agreement and the Subordinate Collateral Documents, with respect to the Subordinate Obligations and the Collateral, in each case not inconsistent with the provisions of this Agreement; and
- (v) bid for or purchase Collateral at any public, private or judicial foreclosure upon such Collateral initiated by the Senior Collateral Agent or any Senior Secured Party, or any sale of Collateral during an Insolvency or Liquidation Proceeding of the Lessee; provided, that such bid may not include a “Credit Bid” in respect of any Subordinate Obligations unless the cash proceeds of such bid are otherwise sufficient to cause the Discharge of Senior Obligations.

The Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) and the Trustee (on behalf of each Subordinate Bondholder) agrees that it will not take or receive any Collateral or any proceeds of Collateral in connection with the exercise of any right or remedy (including set-off and recoupment) with respect to any Collateral in its capacity as a creditor, unless and until the Discharge of Senior Obligations has occurred, as confirmed in writing by each Secured Debt Representative in respect of Senior Obligations to the Senior Collateral Agent, the Lessee and the Senior Secured Parties.

Without limiting the generality of the foregoing, unless and until the Discharge of Senior Obligations has occurred, as confirmed in writing by each Secured Debt Representative in respect of Senior Obligations, to the Senior Collateral Agent, the Lessee and the Senior Secured Parties, except as expressly provided in Section 6.3(b) and this Section 3.2(c), the sole right of the Subordinate Collateral Agent and the Subordinate Secured Parties with respect to the Collateral is to hold a Security Interest on the Collateral pursuant to the Subordinate Collateral Documents for the period and to the extent granted therein and to receive a share of the proceeds of Collateral, if any, after the Discharge of Senior Obligations has occurred, in accordance with Section 6.06 of the Collateral Agency and Accounts Agreement and the Subordinate Financing Documents.

- (d) Each of the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) and the Trustee (on behalf of each Subordinate Bondholder) hereby:
  - (i) agrees not to take any action that would hinder, delay, limit, or prohibit any exercise of remedies under any of Senior Financing Documents or which is otherwise prohibited hereunder, including any collection, sale, lease, exchange, transfer or other disposition of the Collateral, whether by foreclosure or otherwise (including, without limitation, any action that would limit, invalidate, avoid, or set aside any Security Interest or Senior Collateral Document or subordinate the priority of the Senior Obligations to the Subordinate Obligations or grant the Security Interests securing the Subordinate Obligations equal ranking to the Security Interests securing the Senior Obligations);
  - (ii) waives any and all rights it may have as a subordinate creditor or otherwise to object to the manner in which any of the Senior Secured Parties seek to exercise any rights in respect of the Collateral or to enforce or collect the Senior Obligations or the Security Interests securing the Senior Obligations granted in any of the Collateral undertaken in accordance with this Agreement, regardless of whether

any action or failure to act by or on behalf of the Senior Secured Parties is adverse to the interest of any of the Subordinate Secured Parties; and

- (iii) acknowledges and agrees that no covenant, agreement or restriction contained in the Subordinate Collateral Documents or any other Subordinate Financing Document (other than this Agreement) shall be deemed to restrict in any way the rights and remedies of Senior Secured Parties with respect to the Collateral as set forth in this Agreement and the Senior Financing Documents.
- (e) The Subordinate Collateral Agent (on behalf of itself or the Subordinate Secured Parties) or any Subordinate Secured Party may exercise rights and remedies as an unsecured creditor against the Lessee or any other Obligor that has granted Security Interests to secure the Subordinate Obligations in accordance with the terms of the Subordinate Financing Documents and applicable Law (other than initiating or joining in an involuntary case or proceeding under any Insolvency or Liquidation Proceeding with respect to any Obligor) subject in all cases to the terms of this Agreement, including the provisions in Sections 2, 4 and 6 of this Agreement; it being understood, that in the event that any Subordinate Secured Party becomes a judgment lien creditor in respect of Collateral as a result of its enforcement of its rights as an unsecured creditor with respect to the Subordinate Obligations, such judgment lien shall also be subject to the terms of this Agreement for all purposes (including in relation to the Senior Obligations) as the other Security Interests securing the Subordinate Obligations are subject to this Agreement.
- (f) Notwithstanding anything to the contrary herein or in any of the Financing Documents, with respect to the exercise of any rights or remedies of any of the Secured Parties with respect to the Collateral, the Applicable Collateral Agent shall act solely as directed pursuant to an Act of Secured Parties; provided, that any such exercise (i) shall only occur after the occurrence and during the continuance of an Event of Default under the applicable Financing Documents and (ii) shall only be made in accordance with the terms set forth in this Agreement and the applicable Senior Collateral Documents and Subordinate Collateral Documents, as the case may be.
- (g) Subject to the provisions of Sections 3.1 and 5.3, the Senior Secured Parties may, at any time and from time to time in accordance with the Senior Financing Documents and applicable Law, without the consent of, or notice to, any Subordinate Secured Party, without incurring responsibility to any Subordinate Secured Party and without impairing or releasing the Security Interest priorities and other benefits provided in this Agreement (even if any right of subrogation or other right or remedy of any Subordinate Secured Party is affected, impaired or extinguished thereby), do one or more of the following:
  - (i) change the manner, place or terms of payment or change or extend the time of payment of, or amend, renew, exchange, increase or alter, the terms of any of the Senior Obligations or any Security Interest on any Senior Collateral or guaranty thereof or any liability of any Obligor, or any liability incurred directly or indirectly in respect thereof (including any increase in or extension of the Senior Obligations, without any restriction as to the tenor or terms of any such increase or extension) or otherwise amend, renew, exchange, extend, modify or supplement in any manner any Security Interests held by any Senior Secured Party, the Senior Obligations or any of the Senior Financing Documents;

- (ii) sell, exchange, release, surrender, realize upon, enforce or otherwise deal with in any manner and in any order any part of the Senior Collateral or any liability of any Obligor to the Senior Secured Parties, or any liability incurred directly or indirectly in respect thereof;
  - (iii) settle or compromise any Senior Obligation or any other liability of any Obligor or any security therefor or any liability incurred directly or indirectly in respect thereof and apply any sums by whomsoever paid and however realized to any liability (including the Senior Obligations) in any manner or order; and
  - (iv) exercise or delay in or refrain from exercising any right or remedy against any Obligor or any other Person, elect any remedy and otherwise deal freely with any Obligor or any Senior Collateral and any security and any guarantor or any liability of any Obligor to the Senior Secured Parties or any liability incurred directly or indirectly in respect thereof.
- (h) Following notice of any Event of Default under the applicable Financing Documents received pursuant to Section 3.6, any applicable Secured Debt Representative may request in writing that the Applicable Collateral Agent pursue any lawful action in respect of the Collateral in accordance with the terms of the Senior Collateral Documents or the Subordinate Collateral Documents, as applicable. Upon any such written request, the Applicable Collateral Agent shall seek the consent of the applicable Secured Parties (such consent, if granted, to be provided in an Act of Secured Parties) to pursue such action (provided, that the Applicable Collateral Agent shall not be required to advise the applicable Secured Parties whether or not to pursue any such action). Following receipt of any notice that any such Event of Default has occurred, the Applicable Collateral Agent may await direction from the applicable Secured Parties (as set forth in an Act of Secured Parties) and will act, or decline to act, as so directed in such Act of Secured Parties, in the exercise and enforcement of the Applicable Collateral Agent's interests, rights, powers and remedies in respect of the Collateral or under the Senior Collateral Documents or the Subordinate Collateral Documents, as applicable, or applicable Law and, following the initiation of such exercise of remedies, the Applicable Collateral Agent will act, or decline to act, with respect to the manner of such exercise of remedies as directed by the applicable Secured Parties pursuant to an Act of Secured Parties. Subsequent to the Applicable Collateral Agent receiving written notice that any such Event of Default has occurred entitling the Applicable Collateral Agent to foreclose upon, collect or otherwise enforce the Security Interests granted to it pursuant to the Senior Collateral Documents or Subordinate Collateral Documents, as applicable, then, unless it has been directed to the contrary in an Act of Secured Parties, the Applicable Collateral Agent in any event may (but will not be obligated to) take all lawful and commercially reasonable actions permitted under the Senior Collateral Documents or the Subordinate Collateral Documents, as applicable, to the extent not prohibited or inconsistent with the terms hereof, that it may deem necessary or advisable in its reasonable judgment to protect or preserve its interest in the Collateral and the interests, rights, powers and remedies granted or available to the Applicable Collateral Agent under, pursuant to or in connection with the Senior Collateral Documents or the Subordinate Collateral Documents, as applicable.

### **3.3 Permitted Actions of Senior Secured Parties**

Notwithstanding anything to the contrary herein or in any other Financing Document, the Subordinate Secured Debt Representative (for itself and on behalf of each Subordinate Secured Party) hereby acknowledges and agrees that, whether or not any Insolvency or Liquidation Proceeding has been commenced by or against any Obligor, in the event of a foreclosure or sale by the Senior Collateral Agent on all or substantially all of the Collateral pursuant to a public or private sale or other disposition of any of the Collateral (including any foreclosure on and sale of Equity Interests of the Lessee), the Subordinate Obligations shall only survive if and to the extent that the proceeds of any such foreclosure and sale are sufficient to cause the Discharge of Senior Obligations, and the Subordinate Obligations of each Subordinate Secured Party shall otherwise be extinguished by such foreclosure or sale and the unsecured claims of such Subordinate Secured Party shall be deemed to be released.

- (ii) Upon the request of the Lessee, in connection with (A) any Disposition (other than in connection with the exercise of any Senior Secured Party's rights and remedies in respect of the Collateral provided for in Sections 3.1 and 3.2, which shall be governed by clause (i) above) by the Lessee permitted by (or, if not addressed therein, not prohibited by) the Senior Financing Documents, or (B) the release of any Collateral with the consent of the Required Senior Secured Parties, or as otherwise permitted by the Senior Financing Documents (other than in connection with the exercise of any Senior Secured Party's rights and remedies in respect of the Collateral provided for in Sections 3.1 and 3.2, which shall be governed by clause (i) above) then, in each case, prior to the Discharge of Senior Obligations and to the extent permitted, the Senior Collateral Agent shall, at the Lessee's expense, execute and deliver to the Lessee such documents (including UCC termination statements, reconveyances, customary pay-off letters, and return of Collateral) and take such other action as the Lessee may request to evidence the irrevocable and concurrent release of any Security Interest granted or purported to be granted under any of the Senior Collateral Documents in the applicable Collateral subject to release as contemplated by the foregoing clauses (A) or (B), as applicable; and provided further, that, except for releases contemplated by Section 5.1(a)(i) in connection with the Senior Collateral Agent's remedies under the Senior Collateral Documents the proceeds of which will be distributed in accordance with Section 6.06 of the Collateral Agency and Accounts Agreement, (1) in no event shall the Equity Interests in the Lessee pledged pursuant to the Senior Pledge Agreement or any Subordinate Collateral Document, be released pursuant to this Section 5.1(a) and (2) in no event shall all or substantially all of the Collateral be released pursuant to this Section 5.1(a) except, in each case, to the extent that the Senior Collateral Agent (for itself or on behalf of any of the Senior Secured Parties), is simultaneously releasing its Security Interests in the Collateral in connection with the Discharge of Senior Obligations or the Subordinate Collateral Agent (for itself or on behalf of any of the Subordinate Secured Parties) is simultaneously releasing its Security Interests in the Collateral

Upon any such release described in the preceding sentence, the Security Interests, if any, of the Subordinate Collateral Agent, for itself or for the benefit of the Subordinate Secured Parties, on the applicable Collateral and, if applicable, the Subordinate Obligations of such Obligor under the Subordinate Financing Documents shall be automatically, unconditionally and simultaneously released. The Subordinate Collateral Agent, at the Lessee's expense, shall promptly execute and deliver to the Senior Collateral Agent or the Lessee such termination statements, releases and other documents as the Senior Collateral Agent or the Lessee may request to evidence the foregoing releases. In connection with any such release, the Senior Collateral Agent and each applicable Secured Debt Representative shall be entitled to conclusively and exclusively rely (without further investigation) on the written requests and related certifications of the Lessee delivered in connection therewith in delivering the applicable documents relating to any such Disposition or release.

- (iii) Prior to or concurrently with any release contemplated by Section 5.1(a)(ii), the Lessee shall deliver to the Senior Collateral Agent and each Secured Debt Representative of a Senior Secured Party, written notice identifying the relevant Collateral to be released from the Security Interests under the Senior Collateral Documents and, to the extent applicable, Senior Obligations under the Senior Financing Documents, together with a certification by the Lessee stating that such release is in compliance with the terms of all of the Financing Documents.

This power is coupled with an interest and is irrevocable until the Discharge of Senior Obligations.
- (c) Until the Discharge of Senior Obligations occurs, to the extent that the Senior Secured Parties (i) have released any Security Interest on Collateral and any such Security Interests are later reinstated or (ii) obtain any new Security Interests, then the Subordinate Collateral Agent, for itself and for the Subordinate Secured Parties, shall be granted a Security Interest on any such Collateral, subject to the Security Interest subordination provisions of this Agreement.

the Security Interests shall not be required for release of the Security Interests if the Security Interests are permitted to be automatically released without further action by any person pursuant to the relevant Senior Financing Documents.

- (e) Upon the later of the Discharge of Senior Obligations and the Discharge of Subordinate Obligations, all rights to the Collateral shall revert to the applicable Obligor and, upon the written request of the Lessee, the Collateral Agents will, at the Lessee's expense, (i) promptly cause to be transferred and delivered, without any recourse, warranty or representation whatsoever, any Collateral and any proceeds received in respect thereof and (ii) execute and deliver to the Obligors such UCC termination statements and other documentation and take such other action as such Obligors may reasonably request to evidence the termination and release of the Security Interests in the Collateral; provided that such evidence of the termination and release of the Security Interests shall not be required for release of the Security Interests if the Security Interests are permitted to be automatically released without further action by any person pursuant to the relevant Senior Financing Documents.

Until the Discharge of Senior Obligations has occurred, if any Subordinate Secured Party shall, at any time, receive any proceeds of any such insurance policy or any such award or payment in contravention of this Agreement, it shall segregate and hold in trust and forthwith pay such proceeds over to the Senior Collateral Agent in accordance with Section 4.3. Notwithstanding the foregoing, the Port Authority Indemnified Parties (as defined in the Lease Agreement) and the City Insureds (as defined in the Lease Agreement) will have the sole exclusive right to be named as (a) additional insureds and loss payee as their respective interests may appear in the Lease Agreement in all property damage insurance policies required under the Lease Agreement and (b) additional insured in all liability insurance policies required under the Lease Agreement (other than professional liability, employer's liability and workers' compensation).

## **5.3 Amendments to Financing Documents; Class Voting**

waivers or consents to the Lessee, the Issuer, the Pledgor or any other Person (any of the foregoing a “**Modification**”), as such Agent or Secured Party deems proper in connection with its respective Financing Documents pursuant to the terms of such Financing Documents; provided, that no such Modification shall:

- (i) increase the lending commitments by more than ten percent of the amount thereof as of the Closing Date (provided that this paragraph (i) shall not prevent any Modification to reflect any incurrence of Additional Obligations in compliance with the Financing Documents), shorten the fixed maturity, alter the prepayment or cash sweep provisions so as to accelerate the repayment of any Secured Obligations, or shorten the amortization schedule of any Senior Obligations;
  - (ii) modify the rate or change the method of calculation of interest upon any Secured Obligations in a manner that increases the interest rate (in the case of any Senior Obligation, by more than 2% per annum), or shorten the time for payment of interest on the applicable Secured Obligations, except in each case with respect to Section 2.21 under the Credit Agreement;

(c) Notwithstanding anything to the contrary in the Financing Documents but subject to the amendments, consents and waivers provisions of any Senior Debt Document and Sections 5.3(e) and 10.3 hereof, without the consent of any other Person other than the signatories to the applicable Senior Collateral Document, if required, the Required Senior Secured Parties may agree to amend, modify, terminate or waive of any provision of the Senior Collateral Documents (other than this Agreement and the Collateral Agency and Accounts Agreement, which may only be amended, modified, terminated or waived in accordance with Section 10.3 hereof and Section 12.02 of the Collateral Agency and Accounts Agreement) or consent to any such departure therefrom. If the Required Senior Secured Parties consent to any such amendment, modification, termination or waiver of any provision of any such Senior Collateral Documents, or consent to any departure by any Obligor therefrom, then such amendment, modification, termination, waiver or consent shall apply automatically (proportionately adjusted to preserve any cushions and set-backs in the Subordinate Collateral Documents relative to the Senior Collateral Documents) to the comparable (if any) provision in the comparable Subordinate Collateral Document (other than this Agreement) without further action by, or consent of, any other Secured Party.

(d) The Lessee agrees that each Subordinate Collateral Document shall include the following language (or language to similar effect reasonably approved by the Senior Collateral Agent on behalf of the Senior Secured Parties):

(e)

(i) Subject in each case to Section 5.1, Section 5.5, and Section 5.3(e)(ii),

(A) No amendment, modification, termination, waiver, or consent in respect of any Senior Collateral Document may be made or provided by any Senior Secured Party (or Secured Debt Representative on its behalf) without the consent of the Required Senior Secured Parties (or Secured Debt Representative on their behalf) and notwithstanding anything to the contrary in this Agreement or in any of the Senior Collateral Documents, no amendment, modification, termination, waiver or consent in respect of this Agreement or the Senior Collateral Documents shall be effective without the written consent of each Senior Secured Party (or its Secured Debt Representative acting with the consent of the Required Bank Finance Parties, the Required Bondholders or the Required Percentage of such other applicable Senior Secured Parties) that would be affected thereby; and

(B) No amendment, modification, termination, waiver, or consent in respect of any Subordinate Collateral Document may be made or provided by any Subordinate Secured Party (or Secured Debt Representative on its behalf) without the consent of the Required Subordinate Secured Parties (or Secured Debt Representative on their behalf). (ii) Notwithstanding anything to the contrary herein, no Hedge Provider shall have any right to consent to or approve any amendment, modification or waiver of this Agreement or any Senior Collateral Documents, except as set forth in Section 10.3.

In furtherance of the foregoing, in connection with any such amendment, supplement or modification described in this Section 5.3(f), (A) the Lessee shall notify the applicable Collateral Agent(s) and the Intercreditor Agent in writing of its intent to enter into such amendment, supplement or modification, as applicable, which notice shall include a certification regarding compliance with this Section 5.3(f) and attach the applicable amendment, supplement or modification, and (B) such Collateral Agent(s) shall, within ten Business Days after receipt of such written notice from the Lessee, execute and deliver the requested amendment, supplement or modification and such other documents and instruments as the Lessee may reasonably request to effectuate such amendment, supplement or modification.

- (a) Notwithstanding anything in this Agreement to the contrary but subject to the terms of this Section 5.4(a), nothing contained in this Agreement shall be construed to impair the rights of any Hedge Provider to exercise its rights to recoup, set-off, close-out, off-set or net amounts under and among any Secured Hedge Agreements to which it is a party to the extent permitted under such Secured Hedge Agreements, or require any Hedge Provider to share any amounts received or deemed received by it in respect of any obligation owed to it as a result of any such recoupment, set-off, close-out, off-set or netting to the extent permitted under such Secured Hedge Agreements (which amounts shall be solely for the benefit of such Hedge Provider and not for the benefit of any other Secured Party); provided, that each such applicable Hedge Provider agrees that it shall only exercise such rights of recoupment, set-off, close-out, off-set and netting with respect to amounts under such Secured Hedge Agreements and not any other agreements.
- (b) The Class of Secured Parties for whom any Segregated Pledged Account is established pursuant to the Collateral Agency and Accounts Agreement shall have a first priority Security Interest in the funds deposited into such account. Nothing contained in this Agreement shall be construed to impair the rights of any such Class of Secured Parties referenced in the first sentence of this clause (b) to exercise its rights and remedies with respect to any funds available in such Segregated Pledged Account. Except as expressly provided in the Collateral Agency and Accounts Agreement, the Class of Secured Parties referenced in the first sentence of this clause (b) shall not have any obligation to share any amounts received or deemed received from funds on deposit in such Segregated Pledge Account with any other Person.

Collateral pursuant to the Senior Financing Documents and Subordinate Financing Documents.

- (b) Subject to clause (d) below, upon (A) execution and delivery to the Collateral Agents of an Accession Agreement substantially in the form of Exhibit A by the Persons to whom the obligations referred to in the immediately preceding paragraph (a) are owed (or by the agent or trustee representing such Person), or if such Person is Subordinate Collateral Agent for the Subordinate Secured Parties, execution and delivery to the Senior Collateral Agent of an Accession Agreement, (B) delivery of the certificate and written notice set forth in Section 5.5(c) below, and (C) satisfaction of all requirements set forth in this Agreement and the Senior Collateral Documents and/or Subordinate Collateral Documents as to the confirmation, grant or perfection of the applicable Collateral Agent's Security Interest to secure such obligations, such Persons shall become "Secured Parties" (and Senior Secured Parties or Subordinate Secured Parties, as applicable) hereunder, and the Lessee's obligations to such Persons shall become "Senior Obligations" or "Subordinate Obligations", as applicable, hereunder, and the agreements representing such obligations shall become "Financing Documents", "Senior Financing Documents" or "Subordinated Financing Documents", as applicable, hereunder, in each case automatically without the need of any Person taking any action hereunder. Each Accession Agreement shall indicate whether the Indebtedness to which it relates constitutes Senior Obligations or Subordinate Obligations.
- (c) With respect to any additional obligations referred to in Section 5.5(a) above to be secured hereunder after the Closing Date, the Lessee will be permitted to designate as an additional holder of Senior Obligations or Subordinate Obligations, as applicable, hereunder each Person who is, or who becomes, the holder of Senior Obligations or Subordinate Obligations, as applicable, incurred by the Lessee subject to the limitations set forth herein.   - (ii) a written notice specifying the name and address of the Secured Debt Representative for such additional obligations for purposes of this Agreement.
- (d) Notwithstanding the foregoing and notwithstanding any other provision to the contrary contained in this Agreement or in any other Financing Document, any additional Hedge Provider shall become a Secured Party and a Senior Secured Party hereunder and under the Senior Collateral Documents on the date of execution of the applicable additional Secured Hedge Agreement regardless of whether an Accession Agreement shall have been executed and delivered to the Collateral Agents on or prior to such date (it being understood and agreed that each Hedge Provider party to a Secured Hedge Agreement, shall be a Secured Party and a Senior Secured Party hereunder and under the Senior Collateral Documents as

and from such date); provided, that each such additional Hedge Provider shall, unless such Hedge Provider is already a party hereto (whether as a result of executing an Accession Agreement or otherwise) within ten Business Days after the execution (or novation to the Lessee) of the applicable Secured Hedge Agreement execute and deliver to the Collateral Agents an Accession Agreement and such Accession Agreement executed by the applicable additional Hedge Provider shall be conclusive evidence of the status of the Lessee's obligations under such Secured Hedge Agreement as Senior Obligations.

## **6. INSOLVENCY OR LIQUIDATION PROCEEDINGS.**

### **6.1 Finance and Sale Issues**

- (a) Until the Discharge of Senior Obligations has occurred, if the Lessee shall be subject to any Insolvency or Liquidation Proceeding and the Senior Collateral Agent (acting pursuant to instructions from the Required Senior Secured Parties) shall desire to permit or not object to the use of “Cash Collateral” (as such term is defined in Section 363(a) of the Bankruptcy Code) (“**Cash Collateral**”) on which the Senior Collateral Agent or any other creditor has a Security Interest, or to permit the Lessee to obtain financing, whether from the Senior Secured Parties or any other Person under Section 364 of the Bankruptcy Code or any similar Bankruptcy Law (“**DIP Financing**”), then the Senior Collateral Agent (on behalf of itself and the Senior Secured Parties), the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties), the Administrative Agent (on behalf of itself and the Bank Finance Parties), the Trustee (on behalf of itself, each Senior Bondholder (other than the Series 2022A Bonds) and each Subordinate Bondholder) and each Senior Secured Party party hereto (in the case of the Senior Secured Parties, subject to Section 6.1(b) below) agrees that it will raise no objection to such Cash Collateral use or DIP Financing (including any proposed orders for such Cash Collateral use or DIP Financing which are acceptable to the Senior Collateral Agent (at the direction of the Required Senior Secured Parties)), and to the extent the Security Interests securing the Senior Obligations are subordinated to or *pari passu* with such DIP Financing, the Subordinate Collateral Agent (on behalf of the Subordinate Secured Parties) will subordinate its Security Interests in the Collateral to the Security Interests securing such DIP Financing (and continue to be subordinated to all Senior Obligations) and any “carve-out” for professional and United States Trustee fees, and the Subordinate Collateral Agent (on behalf of the Subordinate Secured Parties) will not request adequate protection or any other relief in connection therewith (except as expressly agreed by the Senior Collateral Agent or to the extent permitted by Section 6.3(b)). Each Subordinate Secured Party agrees that it will not seek consultation rights in connection with, and it will raise no objection or oppose, and will be deemed to consent to, any sale, liquidation or other disposition of Collateral under Section 363 of the Bankruptcy Code, pursuant to a Plan of Reorganization or liquidation, or otherwise, if the Required Senior Secured Parties have consented to such sale, liquidation or other disposition. The Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) and the Trustee (on behalf of each Subordinate Bondholder) each further agrees that it will not directly or indirectly oppose or impede entry of any order (including, without limitation, with respect to any bidding or sale procedures or the retention of professionals) in connection with such sale, liquidation or other disposition of Collateral if the Required Senior Secured Parties have consented to such sale, liquidation or disposition and such order does not impair the rights of the Subordinate Secured Parties under Section 363(k) of the Bankruptcy Code (so long as the

cash proceeds of any such Credit Bid are sufficient (and are applied) to cause the Discharge of Senior Obligations upon the consummation of any such sale or other disposition).

- (b) If the Lessee shall be subject to any Insolvency or Liquidation Proceeding and the Senior Collateral Agent (acting pursuant to an Act of Secured Parties) shall desire to permit the use of Cash Collateral on which the Senior Collateral Agent or any other creditor has a Security Interest, or to permit the Lessee to obtain DIP Financing, then the Administrative Agent (on behalf of itself and the Bank Finance Parties), the Trustee (on behalf of itself and each Senior Bondholder (other than the Series 2022A Bonds)), each Hedge Provider and each other Senior Secured Party party hereto agrees that it will raise no objection to such Cash Collateral use or DIP Financing, and agrees, to the extent consented to by the Senior Collateral Agent (acting pursuant to an Act of Secured Parties), to subordinate their Security Interests in the Collateral to the Security Interests securing such DIP Financing, so long as: (i) each Senior Secured Party (or its Secured Debt Representative) retains the right to object to any ancillary agreements or ancillary arrangements regarding the Cash Collateral use or DIP Financing that are materially prejudicial to its interests (unless such ancillary agreements or arrangements, including any adequate protection orders, are equally materially prejudicial to all Senior Secured Parties, in which case there shall be no independent right of a Senior Secured Party to object); (ii) the DIP Financing does not compel the Lessee to seek confirmation of a specific Plan of Reorganization for which all or substantially all of the material terms are set forth in the DIP Financing documentation or a related document; (iii) the DIP Financing documentation or Cash Collateral order does not expressly require the liquidation of the Collateral prior to a default under the DIP Financing documentation or Cash Collateral order; (iv) the Senior Secured Parties of each Class of Senior Obligations retain the benefit of their Security Interests on all Collateral pledged to the lenders providing the DIP Financing, including proceeds thereof arising after the commencement of such proceeding, with the same priority relative to all the other Senior Secured Parties (other than any Security Interests of the Senior Secured Parties constituting Security Interests on Collateral securing the DIP Financing) as existed prior to the commencement of the Insolvency or Liquidation Proceeding; (v) the Senior Secured Parties of each series of Senior Obligations are granted Security Interests on any additional Collateral pledged to any Senior Secured Parties as adequate protection in connection with such use of Cash Collateral or DIP Financing, with the same priority relative to the Senior Secured Parties as set forth in this Agreement; (vi) if any amount of such Cash Collateral or the proceeds of the DIP Financing are applied to repay any of the Senior Obligations, such amount is applied pursuant to Section 6.06 of the Collateral Agency and Accounts Agreement; and (vii) if any Senior Secured Parties are granted adequate protection, including in the form of periodic payments, in connection with such use of Cash Collateral or DIP Financing, the proceeds of such adequate protection are applied pursuant to Section 6.06 of the Collateral Agency and Accounts Agreement; provided, that the Senior Secured Parties receiving adequate protection shall not object to any other Senior Secured Party receiving adequate protection comparable to any adequate protection granted to such Senior Secured Parties in connection with a DIP Financing or use of Cash Collateral; and provided, further, that (A) with respect to the requirements set forth in clauses (i) through (vii), the Senior Secured Parties shall retain the right to object to such proposed use of Cash Collateral or DIP Financing solely with respect to such terms and (B) the Senior Secured Parties of each Class shall have a right to object to the grant of a Security Interest to secure the DIP Financing over any Collateral subject to Security Interests in favor of the Senior Secured Parties of such Class or its Agent that does not constitute Shared Collateral.

- (c) Prior to the Discharge of Senior Obligations, without the consent of the Senior Collateral Agent (at the direction of the Required Senior Secured Parties, in their sole discretion), the Subordinate Collateral Agent, for itself and on behalf of each Subordinate Secured Party, agrees that no Subordinate Secured Party (or any affiliate or managed fund thereof) shall propose or enter into any DIP Financing unless:
- (i) each of the following shall have occurred:
    - (A) the Lessee shall have offered each Senior Secured Party in writing the opportunity to provide DIP Financing; and
    - (B) each Senior Secured Party has notified the Lessee it does not intend to provide such DIP Financing;
- provided that (x) any such DIP Financing proposed or entered into by any Subordinate Secured Party (or any affiliate or managed fund thereto) does not include a “roll-up” of the Subordinate Obligations that existed prior to the commencement of the case under the Bankruptcy Code, (y) any such DIP Financing is secured only by Security Interests which are junior in priority to any and all of the Security Interests securing the Senior Obligations (including any adequate protection liens), in each case of the foregoing clauses (x) or (y), unless such DIP Financing also causes the Discharge of Senior Obligations to occur upon entry of a final order approving such DIP Financing.

## **6.2 Relief from the Automatic Stay**

Until the Discharge of Senior Obligations has occurred, each of the Subordinate Secured Parties agrees that none of them shall: (a) seek (or support any other Person seeking) relief from the automatic stay or any other stay in any Insolvency or Liquidation Proceeding in respect of the Collateral, without the prior written consent of the Senior Collateral Agent (acting at the direction of the Required Senior Secured Parties), or (b) oppose (or support any other Person in opposing) any request by the Senior Collateral Agent for relief from such stay.

## **6.3 Adequate Protection**

- (a) So long as the Discharge of Senior Obligations has not occurred, each of the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) and the Trustee (on behalf of each Subordinate Secured Party), agrees that none of them shall oppose, raise any objection to, or contest (or join with or support any other Person opposing, objecting to or contesting):
- (i) any request by the Senior Collateral Agent (on behalf of the Senior Secured Parties) for adequate protection under any Bankruptcy Law or the granting of any such request; or
  - (ii) any objection by any Senior Collateral Agent (on behalf of the Senior Secured Parties) or any Senior Secured Party to any motion, relief, action or proceeding based on the Senior Collateral Agent (on behalf of the Senior Secured Parties) or any Senior Secured Party claiming a lack of adequate protection.
- (b) Each of the Subordinate Collateral Agent (on behalf of itself and the Subordinate Secured Parties) and the Trustee (on behalf of each Subordinate Bondholder), agrees that none of

them shall seek or accept any form of adequate protection under any of Sections 362, 363 and/or 364 of the Bankruptcy Code (or any similar provision under any other Bankruptcy Law) with respect to the Collateral in any Insolvency or Liquidation Proceeding of the Lessee, except that:

- (i) if the Senior Secured Parties (or any subset thereof) are granted adequate protection in the form of replacement Security Interests on any Obligor's assets, the Subordinate Secured Parties or the Subordinate Collateral Agent on their behalf may seek or request adequate protection in the form of a replacement Security Interest on the same assets of such Obligor as awarded to the Senior Secured Parties, which Security Interest will be subordinated to the Security Interests securing the Senior Obligations (including any replacement Security Interests granted in respect of the Senior Obligations), any DIP Financing (and all obligations relating thereto) and any "carve-out" in respect of professional and United States Trustee fees or otherwise agreed to by the Senior Collateral Agent on the same basis as the other Security Interests securing the Subordinate Obligations are so subordinated to the Senior Obligations under this Agreement;
- (ii) if the Senior Secured Parties (or any subset thereof) are granted adequate protection in the form of additional collateral in connection with any Cash Collateral use or DIP Financing, then the Subordinate Collateral Agent (on behalf of itself or any of the Subordinate Secured Parties), may seek or request adequate protection in the form of a Security Interest on such additional collateral, which Security Interest will be subordinated to the Security Interests securing the Senior Obligations (including any replacement Security Interests granted in respect of the Senior Obligations) and any DIP Financing (and all obligations relating thereto) and any "carve-out" in respect of professional and United States Trustee fees or otherwise agreed to by the Senior Collateral Agent on the same basis as the other Security Interests securing the Subordinate Obligations are so subordinated to the Senior Obligations under this Agreement;
- (iii) if the Senior Secured Parties are granted adequate protection in the form of an administrative expense claim, then the Subordinate Collateral Agent (on behalf of itself or any of the Subordinate Secured Parties), may seek or request adequate protection in the form of an administrative expense claim, which administrative expense claim will be subject and subordinated to any claims of the Senior Collateral Agent and/or the Senior Secured Parties (including any administrative expense claim) in respect of the Senior Obligations, and to any DIP Financing (and all obligations relating thereto) and any "carve-out" in respect of professional and United States Trustee fees or otherwise agreed to by the Senior Collateral Agent, and the Subordinate Collateral Agent (on behalf of itself or any of the Subordinate Secured Parties) and each Subordinate Secured Party hereby waives any rights under Section 1129(a)(9) of the Bankruptcy Code (or any similar provision under any other Bankruptcy Law) with respect to any adequate protection claims they are granted, and hereby consents and agrees that any such adequate protection claims may be paid under a Plan of Reorganization or similar dispositive restructuring plan in any form having a value on the effective date thereof equal to the allowed amount of such administrative claims; and
- (iv) if the Senior Secured Parties are granted cash payments with respect to interest on the Senior Obligations, then the Subordinate Collateral Agent (on behalf of itself

or any of the Subordinate Secured Parties) may seek or request adequate protection in the form of cash payments with respect to interest on the Subordinate Obligations; provided, such cash payments do not exceed an amount equal to the interest accruing on the principal amount of Subordinate Obligations outstanding on the date such relief is granted at the interest rate under the Subordinate Financing Documents and accruing from the date the Subordinate Collateral Agent is granted such relief. If any Subordinate Secured Party receives post-petition interest and/or adequate protection payments in an Insolvency or Liquidation Proceeding of any Obligor (“**Subordinate Adequate Protection Payments**”), and the Discharge of Senior Obligations does not occur upon the effectiveness of the Plan of Reorganization for, or conclusion of, such Insolvency or Liquidation Proceeding, then, each Subordinate Secured Party shall pay over to the Senior Secured Parties an amount (the “**Pay-Over Amount**”) equal to the lesser of (x) the Subordinate Adequate Protection Payments received by such Subordinate Secured Parties and (y) the amount of the shortfall (the “**Shortfall**”) in payments needed to achieve the Discharge of Senior Obligations; provided, that to the extent any portion of the Shortfall represents payments received by the Senior Secured Parties in the form of promissory notes, equity or other property, equal in value to the cash paid in respect of the Pay-Over Amount, the Senior Secured Parties shall, upon receipt of the Pay-Over Amount, transfer those promissory notes, equity or other property, pro rata, equal in value to the cash paid in respect of the Pay-Over Amount to the applicable Subordinate Secured Parties in exchange for the Pay-Over Amount.

- (c) Notwithstanding anything herein to the contrary, the Senior Secured Parties shall not be deemed to have consented to, and expressly retain their rights to object to any grant of adequate protection to the Subordinate Secured Parties made pursuant to Section 6.3(b).

#### **6.4 No Waiver**

Except as otherwise expressly agreed to herein, nothing contained herein shall prohibit or in any way limit the Senior Collateral Agent or any Senior Secured Party from objecting in any Insolvency or Liquidation Proceeding with respect to any Obligor or otherwise to any action taken by the Subordinate Collateral Agent or any of the Subordinate Secured Parties, including the seeking by the Subordinate Collateral Agent or any Subordinate Secured Parties of adequate protection or the asserting by the Subordinate Collateral Agent or any Subordinate Secured Party of any of its rights and remedies under the Subordinate Financing Documents or otherwise.

#### **6.5 Avoidance Issues**

If any Senior Secured Party is required in any Insolvency or Liquidation Proceeding or otherwise to turn over or otherwise pay to the estate of the Lessee or any other Obligor any amount paid in respect of the Senior Obligations (a “**Recovery**”), then such Senior Secured Party shall be entitled to a reinstatement of Senior Obligations with respect to all such recovered amounts on the date of such Recovery. In such event, (a) the Discharge of Senior Obligations or the Discharge of Senior Bank Obligations, as applicable, shall be deemed not to have occurred and (b) if this Agreement shall have been terminated prior to such Recovery, this Agreement shall be reinstated in full force and effect, and such prior termination shall not diminish, release, discharge, impair or otherwise affect the obligations of the parties hereto from such date of reinstatement. Any amounts received by any Subordinate Collateral Agent or other Subordinate Secured Party on account of the Subordinate Obligations after the termination of this Agreement shall, in the event of a

reinstatement of this Agreement pursuant to this Section 6.5, be held in trust for and paid over to the Senior Collateral Agent for the benefit of the Senior Secured Parties, for application to the reinstated Senior Obligations. This Section 6.5 shall survive termination of this Agreement.

## **6.6 Reorganization Securities**

Notwithstanding Section 4.3 hereof, and regardless of whether a Discharge of Senior Obligations shall occur in connection with a confirmed Plan of Reorganization in any Insolvency or Liquidation Proceeding, if debt obligations of the reorganized debtor secured by Security Interests in any property of the reorganized debtor are distributed pursuant to a Plan of Reorganization or similar dispositive restructuring plan, both on account of Senior Obligations and on account of Subordinate Obligations, then, to the extent the debt obligations distributed on account of the Senior Obligations and on account of the Subordinate Obligations are secured by Security Interests in the same property, the provisions of this Agreement will survive the distribution of such debt obligations pursuant to such plan and will apply with like effect to the Security Interests securing such debt obligations.

## **6.7 Post-Petition Interest**

Neither the Subordinate Collateral Agent nor any Subordinate Secured Party shall oppose or seek to challenge any claim by the Senior Collateral Agent or any Senior Secured Party for allowance in any Insolvency or Liquidation Proceeding with respect to any Obligor of Senior Obligations consisting of post-petition interest, fees or expenses. Regardless of whether any such claim for post-petition interest, fees or expenses is allowed or allowable, and without limiting the generality of the other provisions of this Agreement, this Agreement expressly is intended to include and does include the “rule of explicitness” in that this Agreement expressly entitles the Senior Secured Parties, and is intended to provide the Senior Secured Parties with the right, to receive payment of all post-petition interest, fees or expenses through distributions made pursuant to the provisions of this Agreement even if such interest, fees and expenses are not or may not be allowed or allowable against the bankruptcy estate of the Lessee or any other Obligor under Section 502(b)(2) or Section 506(b) of the Bankruptcy Code or under any other provision of the Bankruptcy Code or any other Bankruptcy Law.

## **6.8 Waiver**

The Subordinate Collateral Agent, for itself and on behalf of the Subordinate Secured Parties waives any claim it may hereafter have against any Senior Secured Party arising out of the election of any Senior Secured Party of the application of Section 1111(b)(2) of the Bankruptcy Code, and/or out of any Cash Collateral or financing arrangement or out of any grant of a security interest in connection with the Collateral in any Insolvency or Liquidation Proceeding, including, without limitation, any claim under Sections 506(c) or 552 of the Bankruptcy Code.

## **6.9 Effectiveness in Insolvency Proceedings.**

This Agreement shall be effective before, during and after the commencement of an Insolvency or Liquidation Proceeding. The relative rights as to the Collateral and proceeds thereof shall continue after the commencement of any Insolvency or Liquidation Proceeding on the same basis as prior to the date of the petition therefor, subject to any court order approving the financing of, or use of cash collateral by, any Obligor. All references herein to any “Obligor” shall include such Obligor as a debtor-in-possession and any receiver or trustee for such Obligor.

## **6.10 Limitations.**

None of the Subordinate Collateral Agent or any of the Subordinate Secured Parties, as applicable, shall oppose, object to or contest (or join with or support any third party in opposing, objecting or contesting, as the case may be) in any Insolvency or Liquidation Proceeding involving any Secured Obligation, (i) the determination of the extent of any Security Interests held by any of the Senior Secured Parties or the value of any claims of Senior Secured Parties under Section 506(a) of the Bankruptcy Code or otherwise, or (ii) the payment to the Senior Secured Parties of interest, fees or expenses under Section 506(b) of the Bankruptcy Code or otherwise. None of the Subordinate Collateral Agent or any of the Subordinate Secured Parties shall assert or support any assertion of, and hereby waive any right that they may have to assert or support any claim for costs or expenses of preserving or disposing of any Collateral under Section 506(c) of the Bankruptcy Code or any similar provision of any other Bankruptcy Law.

## **6.11 Voting for Plan of Reorganization.**

- (a) Each of the Senior Secured Parties and the Subordinate Secured Parties shall be entitled to vote as separate classes with respect to any Plan of Reorganization or arrangement in connection with any Insolvency or Liquidation Proceeding.
- (b) The Subordinate Secured Parties shall be entitled to vote to accept or reject any Plan of Reorganization in connection with any Insolvency or Liquidation Proceeding so long as such Plan of Reorganization is a Conforming Plan of Reorganization and shall be entitled to vote to reject any such Plan of Reorganization that is a Non-Conforming Plan of Reorganization; provided, that the Subordinate Collateral Agent, on behalf of itself and the related Subordinate Secured Parties and each Subordinate Secured Party (by its acceptance of the benefits of the Subordinate Financing Documents) agrees that none of the Subordinate Secured Parties shall be entitled to take any action or vote in any way that supports any Non-Conforming Plan of Reorganization unless such Non-Conforming Plan of Reorganization has been approved by the requisite amount and number of Senior Secured Parties or to object to a Plan of Reorganization to which the requisite holders of Senior Obligations have consented on the grounds that any sale of Collateral thereunder or pursuant thereto is for inadequate consideration, or that the sale process in respect thereof was inadequate. Without limiting the generality of the foregoing or of the other provisions of this Agreement, any vote to accept, and any other act to support the confirmation or approval of, any Non-Conforming Plan of Reorganization by any Subordinate Secured Party shall be inconsistent with and accordingly, a violation of the terms of this Agreement, and the Senior Collateral Agent shall be entitled (and is hereby authorized by the Subordinate Secured Parties) to have any such vote to accept a Non-Conforming Plan of Reorganization changed and any such support of any such Non-Conforming Plan of Reorganization withdrawn.

## **6.12 Subordinate Secured Party Rights to Collateral**

To the extent that any Subordinate Collateral Agent or any Subordinate Secured Party has or acquires rights under Section 363 or Section 364 of the Bankruptcy Code with respect to any of the Collateral, each Subordinate Collateral Agent agrees, on behalf of itself and the related Subordinate Secured Parties, not to assert any of such rights without the prior written consent of the Senior Collateral Agent; provided, that if requested by the Senior Collateral Agent, each Subordinate Collateral Agent shall timely exercise such rights in the manner requested by the Senior Collateral Agent, including any rights to payments in respect of such rights.

## **6.13 Determination of Distributions on Account of Security Interests on Collateral**

For the purposes of this Agreement, including for the purposes of Sections 4.3 and 6 hereof, there shall be a presumption that any distribution to or for the benefit of the Subordinate Secured Parties under any Plan of Reorganization for any Obligor shall be on account of or by virtue of the Subordinate Collateral. Each of the Subordinate Collateral Agent and the Trustee (in its capacity as the Subordinate Secured Debt Representative, on behalf of itself and the Subordinate Bondholders), shall have the burden of rebutting that presumption, and of proving the portion (if any) of any distribution under any Plan of Reorganization to, or for the benefit of, any Subordinate Bondholders that does not consist of proceeds of (or is not otherwise on account of or by virtue of) such Security Interest in the Collateral, in each case by clear and convincing evidence.

## **7. THE INTERCREDITOR AGENT**

### **7.1 Appointment**

Each Senior Secured Party that is a Party to this Agreement (or, in the case that any Senior Secured Party is not a Party to this Agreement, the Secured Debt Representative or Agent acting on behalf of such Senior Secured Party), the Trustee on behalf of each Subordinate Bondholder and each other Subordinate Secured Party that is a Party to this Agreement (or, in the case that any Subordinate Secured Party is not a Party to this Agreement, the Secured Debt Representative or Agent acting on behalf of such Subordinate Secured Party) hereby appoints The Bank of New York Mellon to act as its intercreditor agent in connection with this Agreement and the Financing Documents to which the Intercreditor Agent is a party (or which contemplate the participation of the Intercreditor Agent) and authorizes it to execute and deliver, and perform its obligations under, each of the Financing Documents to which the Intercreditor Agent is a party and to exercise such rights, powers and authorities as are specifically delegated to the Intercreditor Agent by the terms in this Agreement and any of the Financing Documents together with all such rights, powers and authorities as are reasonably incidental to this Agreement. Each of the Senior Secured Parties that is a Party to this Agreement (or, in the case that any Senior Secured Party is not a Party to this Agreement, the Secured Debt Representative or Agent acting on behalf of such Senior Secured Party for itself, each Person on whose behalf it executes this Agreement), the Trustee on behalf of each Subordinate Bondholder, and each other Subordinate Secured Party that is a Party to this Agreement (or, in the case that any Subordinate Secured Party is not a Party to this Agreement, the Agent acting on behalf of such Subordinate Secured Party), in each case, and in each case any Person claiming through it, agrees to be bound by the exercise of such rights, powers and authorities by the Intercreditor Agent as are contained in, and exercised in accordance with the terms of, the Financing Documents. The Intercreditor Agent shall have no duties or obligations except those expressly in this Agreement and in the Financing Documents to which the Intercreditor Agent is a party. By its signature to this Agreement, The Bank of New York Mellon accepts such appointment.

### **7.2 Intercreditor Agent's Rights and Obligations**

- (a) **Intercreditor Agent's Rights.** In connection with this Agreement and the Financing Documents, the Intercreditor Agent may at all times:
  - (i) assume, absent written notice to the contrary, that (A) any representation warranty, recital or statement made by any other Senior Secured Party, Subordinate Secured Party or the Lessee is true, (B) no Event of Default exists and (C) none of the other

Senior Secured Parties, Subordinate Secured Parties nor the Lessee is in breach or default of its obligations under any Financing Document;

- (ii) assume any notice, certificate or report given by any other Senior Secured Party, Subordinate Secured Party or Agent has been validly given by a Person authorized to do so as evidenced by a writing which states that such Person is an authorized representative of such Senior Secured Party, Subordinate Secured Party or Agent and act upon such notice or certificate unless the same is revoked or superseded by a further notice or certificate;
- (iii) assume that the address, e-mail addresses, telefax and telephone numbers for the giving of any written notice to any Person under this Agreement are those identified in this Agreement, until it has received from such Person a written notice designating some other office of such Person to replace any such address, e-mail addresses, telefax and telephone numbers, and act upon any such notice until the same is superseded by a further written notice;
- (iv) rely and (except as otherwise provided herein) act upon a certificate or request signed by or on behalf of any other Senior Secured Party, Subordinate Secured Party or Agent with respect to any matters of fact represented to be within the knowledge of such Senior Secured Party, Subordinate Secured Party or Agent and which states that the Person signing such certificate is an authorized representative of such Senior Secured Party, Subordinate Secured Party or Agent and, where applicable, states specifically the Financing Document and provision thereof pursuant to which the Intercreditor Agent is being directed to act;
- (v) rely upon any communication (including, but not limited to, any note, letter, cablegram, telegram, teletype message, facsimile or e-mail) or document reasonably believed by it to be genuine and to have been signed or sent by an authorized representative of a Senior Secured Party, Subordinate Secured Party or Agent and not inconsistent with any requirement of this Agreement;
- (vi) seek instructions from:
  - (A) the Required Senior Secured Parties;
  - (B) Secured Debt Representatives; or
  - (C) as applicable, any other Senior Secured Party (the “**Unilaterally Enforcing Senior Creditor**”) properly acting under and in accordance with an Enforcement Exception authorized in this Agreement,

as to the exercise of any of their rights, powers or discretion under this Agreement and, in the event that it does so, it shall not be considered as having acted unreasonably when acting in accordance with such instructions or, in the absence of any (or any clear) instructions, when refraining from taking any action or exercising any right, power or discretion under this Agreement.

- (vii) subject to the limitations in this Agreement, be entitled to all of the rights, privileges and immunities afforded it in its capacities as Senior Collateral Agent and Subordinate Collateral Agent under the Collateral Agency and Accounts Agreement, as may be applicable.

- (b) **Notice.** The Intercreditor Agent shall, subject to Section 7.2(a):
- (i) promptly provide each Agent with a copy of any notice, report, certificate or other document which it, in its capacity as Intercreditor Agent, receives from or delivers to: (A) any Senior Secured Party; (B) the Lessee or Lessee's subcontractor; (C) any other Agent; or (D) any Governmental Authority;
  - (ii) except as otherwise provided herein, act as Intercreditor Agent under this Agreement in accordance with any instructions given to it by the Required Senior Secured Parties or any Unilaterally Enforcing Senior Creditor in accordance with the terms of this Agreement and of the Financing Documents; and
  - (iii) if so instructed by the Required Senior Secured Parties or any Unilaterally Enforcing Senior Creditor, in accordance with the terms of this Agreement, refrain from exercising any right, power or discretion vested in it as the Intercreditor Agent under this Agreement.
- (c) **Notice Detail Requirement.**
- (i) Any notice delivered by any Agent or Senior Secured Party to the Intercreditor Agent shall include reasonable detail describing the event, action or proposed action of such Agent or Senior Secured Party.
  - (ii) The Intercreditor Agent agrees that it will post to EMMA, within 24 hours of its receipt, any notice received from any Agent or Senior Secured Party under, or in accordance with, this Agreement.
- (d) **Removal of the Intercreditor Agent.** The Required Senior Secured Parties may remove the Intercreditor Agent from its appointment hereunder with or without cause by giving not less than thirty (30) days prior written notice to that effect to the Intercreditor Agent, the Lessee and each Agent; provided, that no such removal shall be effective until a successor for the Intercreditor Agent is appointed and the resigning Intercreditor Agent has transferred to its successor all of its rights and obligations in its capacity as Intercreditor Agent and the successor Intercreditor Agent has executed and delivered an agreement to be bound by the terms of this Agreement and the Financing Documents and to perform all duties required of the Intercreditor Agent hereunder and under the Financing Documents. If the entity serving as Intercreditor Agent is also the entity serving as Collateral Agent, it must also forfeit such role if removed by the Required Senior Secured Parties as Intercreditor Agent; provided, that such forfeiture of the Collateral Agent role shall only be effective upon the appointment of a successor Collateral Agent pursuant to and in accordance with the Collateral Agency and Accounts Agreement.
- (e) **Successor Intercreditor Agent.** If the Required Senior Secured Parties give the Intercreditor Agent notice of removal pursuant to Section 7.2(d), then a successor to the Intercreditor Agent may be appointed by the Required Senior Secured Parties during a sixty (60) day period beginning on the date of such notice but, if no such successor is so appointed within sixty (60) days after the above notice, the resigning Intercreditor Agent may appoint such a successor or petition to a court of competent jurisdiction to appoint such a successor, and all costs and expenses (including attorneys' fees and expenses) incurred by the Intercreditor Agent in connection with such petition to a court shall be paid by the Lessee.

- (i) If a successor to the Intercreditor Agent is appointed under the provisions of this Section 7.2(e), then:
  - (A) the predecessor Intercreditor Agent shall be discharged from any further obligation hereunder (but without prejudice to any accrued liabilities);
  - (B) the removal pursuant to Section 7.2(d) of the predecessor Intercreditor Agent notwithstanding, the provisions of this Agreement shall inure to the predecessor Intercreditor Agent's benefit as to any actions taken or omitted to be taken by it under this Agreement and the other Financing Documents while it was the Intercreditor Agent;
  - (C) the predecessor Intercreditor Agent shall continue to be entitled to the rights, privileges, protections, exculpations and indemnities available to the Intercreditor Agent with respect to the periods prior to such Person's removal from that capacity; and
  - (D) the successor Intercreditor Agent and each of the other parties hereto shall have the same rights and obligations amongst themselves as they would have had if such successor Intercreditor Agent had been a party hereto beginning on the date of this Agreement.

## **8. ACTIONS FOR INTERCREDITOR VOTE**

### **8.1 Decision Making**

Each Secured Party that is a Party to this Agreement (or, in the case that any Secured Party is not a Party to this Agreement, the Agent acting on behalf of such Secured Party) agrees, that each decision made in accordance with the terms of this Agreement shall be binding upon each Secured Party to the applicable Financing Documents.

### **8.2 Voting Generally; Intercreditor Votes**

- (a) Subject to the Enforcement Exceptions and Permitted Actions, where, in accordance with this Agreement or any other Financing Document, the direction or other decision or action of the Intercreditor Agent or the applicable Collateral Agent is requested or required, the giving of such direction, the making of such decision, or the taking of such action by the Intercreditor Agent, the applicable Collateral Agent, the Required Senior Secured Parties or Required Subordinate Secured Parties, as applicable, shall be decided by an Act of Secured Parties determined in accordance with voting procedures set forth in Section 8.3 and Section 8.4 (an "**Intercreditor Vote**") other than to the extent expressly permitted under the applicable Financing Document.
- (b) In connection with any Act of Secured Parties or any consent or other direction of the applicable Secured Parties pursuant to this Agreement, the amount of votes which each applicable series of Senior Obligations or Subordinate Obligations, as applicable, is entitled to vote hereunder shall be determined on and as of the date the matter to be voted on is presented to such series for vote.
- (c) Except where such right is expressly reserved to the discretion of the applicable Bank Finance Party, none of the Bank Finance Parties shall exercise any voting, consent,

direction or other right under this Agreement in a manner that is inconsistent with a determination made by the Required Bank Finance Parties or otherwise by the applicable Bank Finance Parties in accordance with the Common Terms Agreement or any other Senior Bank Financing Documents.

### **8.3 Intercreditor Votes; Each Party's Entitlement to Vote**

- (a) Subject to Sections 8.3(b) and 8.4 below, each Senior Secured Party shall be entitled to vote in each Intercreditor Vote conducted under this Agreement. The purpose of each Intercreditor Vote will be to determine the decision of the Required Senior Secured Parties with respect to the instruction or other decision that is the subject of such Intercreditor Vote.
- (b) Notwithstanding anything to the contrary in this Agreement or in any Financing Document, none of:
  - (i) the Lessee, any Sponsor or any of their respective Affiliates that from time to time holds any Senior Obligation;
  - (ii) any Senior Secured Party that has agreed to vote in respect of the Senior Obligations held by it at the direction or subject to the approval or disapproval of the Lessee, any Sponsor or any of their respective Affiliates;
  - (iii) any Prohibited Person, Disqualified Institution, Defaulting Bank Finance Party or Defaulting Lender (each as defined in the Common Terms Agreement);
  - (iv) solely during the period prior to any Enforcement Action, the Hedge Providers; and
  - (v) the holders of any Senior Obligations if the principal of, and interest accrued on, such Senior Obligations have been fully paid, discharged or legally defeased pursuant to the terms of the applicable Financing Document,

- (C) this Agreement otherwise requires an Act of Secured Parties;

then the Intercreditor Agent shall promptly notify each Agent, that an Intercreditor Vote is being taken with respect to the matter in question, specifying:

(B) Once (A) above is determined, the vote either for, or against, any subject decision or action, of the Senior Secured Parties which have a Class Percentage, either individually or collectively, that meets or exceeds the threshold for Required Senior Secured Parties will determine the outcome of each Intercreditor Vote. The Intercreditor Agent shall promptly notify each Agent of the outcome of each Intercreditor Vote.

**(iv) Determination of Required Subordinate Secured Parties –**

(A) The Intercreditor Agent shall be able to rely on the Voting Certification of the Subordinate Secured Debt Representative to determine if the threshold for Required Subordinate Secured Parties has been met.

The rights and remedies of the parties to this Agreement are cumulative and are not exclusive of any rights or remedies that they would otherwise have.

No waiver of any provision of this Agreement or consent to any departure by any party therefrom shall in any event be effective unless the same shall be permitted by paragraph (b) of this Section 10.3, and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given and shall in no way impair the rights of the parties making such waiver in any other respect or at any other time. #### ***Letting***

On November 17, 2022, the Port Authority and Lessee entered into the Lease Agreement. Pursuant to the Lease Agreement, the Port Authority, as lessor, leased to the Lessee the Initial Premises, consisting of the Terminal 6 Parcel and the improvements thereon, and on December 1, 2022, the Port Authority leased to the Lessee the Terminal 7 Premises, consisting of the Terminal 7 Parcel and the improvements thereon, subject in each case to certain conditions. The Initial Premises and the Terminal 7 Premises, in each case to the extent subject to the Lease Agreement, are referred to herein as the “Premises.” The Lease Agreement excludes from the leasehold interests the AirTrain, the Cogeneration Facility, the traffic systems, and the airport fuel storage and distribution system on or relating to the Premises.

Under the Lease Agreement, the Lessee will not require existing Terminal 7 airlines to relocate but will try to accommodate them in the new Terminal 6 facilities. The Port Authority and Lessee will cooperate to accommodate additional airlines in Terminal 7 before its decommissioning. Pursuant to the Lease Agreement, the Lessee can charge airlines for using Terminal 7 and has exclusive rights to maintain and operate the Premises and collect revenues.

The Lessee agreed to accept the Premises “as is” in the condition as of the applicable Lease Commencement Date. The Lessee agreed to indemnify and hold harmless the Port Authority Indemnified Parties for certain risks, responsibilities, costs and expenses as set forth in the Lease Agreement, and the Lessee assumed responsibility for risks, costs and expenses arising out of or in connection with certain Environmental Requirements. Under the Lease Agreement, the Port Authority shall not have any responsibility for any work or installation to the Premises to make the same usable by the Lessee, to place it in any particular condition or to reimburse the Lessee for any work or installation as may be made by or on behalf of the Lessee, except as expressly set forth in the Lease Agreement.

The Premises are leased to the Lessee and the Lessee takes the same subject to all the following: (i) easements, restrictions, reservations, covenants and agreements, if any, to which the Premises are subject as of the applicable Lease Commencement Date, and rights of the public in and to any public street; (ii) rights, if any, of any enterprise, public or private, which is engaged in furnishing heating, light, power, gas, telecommunications, telephone, steam, or other utility services and of New York City and the State of New York; (iii) Applicable Laws and Governmental Approvals, if any, of the United States of America, New York City or the State of New York or other Governmental Authority, (iv) the Basic Lease, and (v) any other matters stated in the Lease Agreement to which the Premises are subject, including rights of access by the Port Authority to the extent set forth in the Lease Agreement.

## ***Design and Construction by the Lessee***

During the D&C Work Period and with respect to the D&C Work only and not (i) the operations of the Existing Terminal Facilities prior to the Terminal 7 Parcel Lease Commencement Date or (ii) the Operations and Maintenance Work in respect of the New Terminal Facilities, the Lessee shall be obligated to conduct the D&C Work as described below.

### D&C Work

The Lessee agreed pursuant to the Lease Agreement, at its sole cost and expense (except as otherwise provided in the Lease Agreement), to complete the Construction Project, including to (x) design and construct the New Terminal Facilities on the Premises and (y) design and/or construct all or a portion of the Off-Premises Facilities outside the Premises, all as set forth in the Lease Agreement and Project Documents and in accordance with Good Order Requirements, Applicable Law and Applicable Standards. The Lessee is required to comply with Best Management Practices in the performance of the D&C Work.

### Scope of Work for the Construction Project

The D&C Work shall include the Design Work and the Construction Work required by the Lease Agreement and the other Project Documents. The D&C Work shall be separated into phases. The D&C Work related to the New Terminal Facilities and the Ground Transportation Center, in each case, shall be or become a part of the Premises under the Lease Agreement. The work shall include, without limitation,

- the decommissioning and demolition of certain existing structures, fixtures and other improvements comprising the Existing Terminal Facilities; and
- the design and construction on and under the Premises of, among other things
  - the New Terminal Building consisting of approximately 1,150,000 square feet of floor space, including a consolidated Federal Inspection Services (FIS) facility replacing the existing Terminal 7 FIS facilities;
  - aircraft ramp and apron areas serving the New Terminal Building;
  - adjustment to the taxiway on the north side of the Terminal 6 Parcel;
  - work related to terminal frontage and access roads;
  - work related to connecting the New Terminal Building with Terminal 5;
  - work on related infrastructure and facilities; and
  - transformation of the ground floor of the Terminal 5 Parking Garage, also known as the Yellow Garage, and the adjacent portion of the roadway network into the Ground Transportation Center servicing the New Terminal Facilities.

### Scope of D&C Work for the Off-Premises Facilities

The Lessee is obligated to perform certain D&C Work off the Premises. The D&C Work related to the Off-Premises Facilities shall be performed by the Lessee off the Premises and, in each case, shall not be or become a part of the Premises under the Lease Agreement.

### Port Authority Enabling Work.

Under the Lease Agreement, the Lessee and the Port Authority acknowledge that the Port Authority shall perform, at no cost or expense to the Lessee (except as otherwise provided in the Lease Agreement), certain work, which shall include the following work and which shall not constitute part of the D&C Work or the Construction Project:

(A) roadways connecting the CTA roadways to Terminal 5 and the New Terminal Facilities; and

(B) construction of new Central Substation 2, along with a back-up power source connected to the 15 kv supply to the Premises, as required for operation of the New Terminal Facilities.

### Phases of D&C Work

As set forth in the Lease Agreement, the Lessee shall cause the construction of the D&C Work to be performed in two phases: Phase 1 D&C Work and Phase 2 D&C Work shall include, among other things, the following elements:

- construction of the portion of the New Terminal Facilities on the Terminal 6 Parcel expanded to the east building edge of the Existing Terminal Facilities on the Terminal 7 Parcel;
- decommissioning of two Gates on the east side of the existing Terminal 7
- construction of the Ground Transportation Center; and
- construction of the associated Off-Premises Facilities.

The Phase 2 D&C Work shall include, among other things, the following elements:

- demolition of the Existing Terminal Facilities on the Terminal 7 Parcel;
- construction of the remaining portion of the New Terminal Facilities on the Terminal 7 Parcel; and
- construction of the associated Off-Premises Facilities.

Without limiting the Lessee's obligations regarding the Phase 2 D&C Work, the Lessee agrees that the commencement of the Phase 2 D&C Work shall be conditioned upon the Lessee having satisfied in full certain conditions, unless waived in writing by the Port Authority, including, among other things, delivery of an updated Baseline Schedule, certain project plans and manuals, copies of Key Contracts, an updated Transportation Management Plan (if required), and an updated environmental management plan.

### Pre-Term Work

Under the Lease Agreement, the Parties acknowledge that the Lessee and/or Lessee-Related Entities have performed (or had performed on their behalf) certain Pre-Term Work, including geotechnical and environmental testing. The terms and conditions of the Lease Agreement (other than the insurance requirements thereunder) and the Lessee's obligations thereunder with respect to correcting and rectifying any Defects, Nonconforming Work or other defects and deficiencies in the D&C Work or in the Off-Premises Facilities at the Lessee's sole cost and expense shall apply to any and all Pre-Term Work

performed prior to the Effective Date pursuant to the Pre-Term Work Agreement, including obligations of the Lessee to correct and rectify any Defects, Nonconforming Work or other defects and deficiencies.

#### Estimated Construction Amount

Under the Lease Agreement, the Lessee is expected to expend not less than \$4 billion for the D&C Work, which excludes costs that are to be reimbursed pursuant to the Port Authority Milestone Payment.

#### Perimeter Intrusion Detection System (PIDS)

The Lessee acknowledges that modifications to the PIDS, which protects the Airport, are required to accommodate the Construction Project. The Port Authority's PIDS provider shall be responsible for implementing such modifications and the Port Authority shall provide all final end equipment including, but not limited to, intrusion detection sensors, CCTV surveillance, digital recording and display equipment, conduit, wiring, and mounting devices, all as more fully set forth in the Requirements and Provisions for Work. The Lessee agrees to reimburse the Port Authority promptly upon demand for all costs incurred by the Port Authority in connection with the PIDS Work.

#### Project Schedule

The Baseline Schedule for the Construction Project was delivered to the Port Authority as of the Effective Date and is the basis for monitoring the timely performance of the D&C Work by the Lessee. The Lessee is responsible for providing the Port Authority with updates to the Baseline Schedule in accordance with the Lease Agreement.

If the Lessee fails to achieve (x) DBO of the Phase 1 D&C Work by the date which is thirty (30) calendar days following the Scheduled Phase 1 DBO Date, or (y) DBO of the Phase 2 D&C Work by the date which is thirty (30) calendar days following the Scheduled Phase 2 DBO Date (each, a "Completion Milestone"), in each case as the same may be extended in connection pursuant to any Delay Event, the Lessee shall be required to pay the D&C Work Delay Payments. The failure of the Lessee to achieve Substantial Completion of Phase 2 by the Outside Completion Date shall be deemed to be an Event of Default that is continuing under the Lease Agreement until the achievement of Substantial Completion of Phase 2, notwithstanding that the Lessee may be current in the payments of any D&C Work Delay Payments then due and payable.

#### Key Contracts

With certain exceptions, the Lease Agreement requires that all Key Contracts are competitively procured by the Lessee to enable the receipt of fixed price or guaranteed maximum price bids. The Lease Agreement requires the Lessee to observe all of the provisions of the Key Contracts and to diligently and without delay enforce their terms and conditions. The Lease Agreement further prohibits the Lessee from taking certain actions related to the Key Contracts without the prior written consent of the Port Authority, including, without limitation, the following:

- (i) terminating any part of any Key Contract (subject to limited exceptions);
- (ii) amending or varying any Key Contract in any material respect, other than to the extent required to comply with any amendment of the Lease Agreement or pursuant to change orders implemented in accordance with the Lease Agreement;

- (iii) consenting, approving or authorizing an assignment or replacement of such Key Contract, except as permitted by the Lease Agreement;
- (iv) in any material respect, departing from its obligations under any Key Contract; or
- (v) entering into any agreement replacing all or part of any Key Contract, unless as permitted under the Lease Agreement.

With certain permitted exceptions, the Lessee is required to include in all Contracts it executes for the performance of the D&C Work a provision that obligates each Contractor to be subject to certain payment requirements specified in the Lease Agreement. The Lessee is also obligated to require that its Contractors include the same provisions in all of their respective Contracts for the performance of the D&C Work.

Subject to certain other provisions in the Lease Agreement, the Lessee is obligated to (1) exercise Best Management Practice in each (x) Key Contract for any part of the D&C Work, and (y) Contract for the performance of the D&C Work in excess of Ten Million Dollars (\$10,000,000) that the Lessee executes, and (2) at a minimum (i) require each Contractor to carry out the D&C Work in accordance with (A) Good Order Requirements, Applicable Laws, Applicable Standards, and Best Management Practice, and (B) the terms, conditions and standards set forth in the Project Documents applicable to such Contractor, and (ii) include a covenant to maintain (other than Port Authority Governmental Approvals) and comply with all Governmental Approvals applicable to the performance of the applicable D&C Work, among other required actions related to the performance of the D&C Work set forth in the Lease Agreement.

#### Risk of Loss; Indemnification

The Lessee assumes the risk of loss or damage to all of the D&C Work prior to the completion thereof and the risk of loss or damage to all property of the Port Authority arising out of or in connection with the performance of the D&C Work. In the event of such loss or damage, the Lessee shall forthwith repair, replace and make good the D&C Work and the property of the Port Authority without cost or expense to the Port Authority.

The Lessee is required to impose and enforce obligations on its Contractors to indemnify and hold harmless the Port Authority Indemnified Parties from and against all Third-Party Claims arising or alleged to arise out of the performance of the D&C Work and for all expenses incurred by it and by them in the defense, settlement or satisfaction thereof, excepting only such risks, responsibilities, costs and expenses arising solely from the gross negligence or willful misconduct of the Port Authority. The Lessee also indemnifies and holds harmless the Port Authority Indemnified Parties from Third-Party Claims made by any Contractors for unpaid amounts for the performance of any Work.

#### Construction Security

The Lessee is obligated to cause each of its Lead Contractors to provide Construction Security, including, without limitation, the following: (x) one or more parent guaranties (if more than one, such guarantee shall be issued on a joint and several basis) from reputable parent guarantors acceptable to the Port Authority, or (y) one or more D&C Letters of Credit, or (z) a payment and performance bond from a surety acceptable to the Port Authority, or a combination of the foregoing security provided in clauses (x), (y) and (z), in each case in amounts, on terms, and in form and substance reasonably acceptable to the Port Authority and the Recognized Mortgagee and sufficient for the financing evidenced and secured by the then-applicable Financing Documents to achieve an investment grade rating.

### Construction Application

Prior to the commencement of each Phase of the D&C Work (except as permitted by the Lease Agreement), the Lessee shall execute and submit to the Port Authority for the Port Authority's approval one or more Construction Applications, which shall set forth in detail, by appropriate plans and specifications, the scope of D&C Work that the Lessee proposes to perform and the manner of and time periods for performing the same. All D&C Work shall be performed in accordance with the Construction Application submitted to and approved by the Port Authority prior to the commencement of the applicable portion of the D&C Work. The Port Authority may approve the Construction Application or may, in accordance with the TCAP Process, issue a "Conditional Approval to Construct Letter", in each case within the time periods provided under the Requirements and Provisions for Work. Upon issuance of such conditional approval by the Port Authority, the Lessee may commence relevant D&C Work only in the approved areas. If the Port Authority approves or conditionally approves a Construction Application, the Lessee may, subject to of the terms of the Lease Agreement, commence performance of the proposed D&C Work as set forth therein. In the event that the Lessee disputes the Port Authority's rejection of any Construction Application, in whole or in part, then such dispute shall be referred to the Chief Engineer pursuant to the Lease Agreement.

### Governmental Approvals

The Lessee is solely responsible for securing, obtaining and maintaining all Governmental Approvals (including any revision, modification, amendment, supplement, renewal or extension thereof) required in connection with the performance of its obligations or exercise of its rights under the Project Documents, except for the Port Authority Governmental Approvals, in each case in accordance with the provisions of the Lease Agreement.

### Warranties; Nonconforming Work

The Lessee is responsible for the rectification at its own expense of all Nonconforming Work, including, to the extent necessary, through removal and/or replacement, whether discovered by the Lessee or by the Port Authority. Under the Lease Agreement, the Lessee makes certain Warranties to the Port Authority.

In addition, the Lessee is obligated to obtain from all Contractors appropriate representations, warranties, guarantees and obligations in accordance with the Lease Agreement and other Project Documents, for work all as set forth in the Lease Agreement. The Lessee shall cause any warranties so obtained to be expressly extended to the Port Authority.

The Warranty with respect to each Phase shall be for a term of two (2) years from the issuance by the Port Authority of the Phase 1 Completion Certificate or the Completion Certificate, as applicable, but, with respect to any portion of the D&C Work that is repaired or replaced during such two (2)-years periods, such term shall be for two (2) years from the date of repair or replacement of such portion of the D&C Work; provided, that the Warranty with respect to any Installation Portion or Partial Occupancy Portion that has achieved partial completion prior to the Phase 1 Completion Date or the Completion Date, as applicable, shall commence from the issuance by the Port Authority of a "Temporary Certificate of Authorization to Occupy or Use" with respect to such Installation Portion or Partial Occupancy Portion, as applicable; and provided, further, that the Lessee shall not have any Warranty obligations with respect to any Off-Premises Facilities (or a portion thereof) once such Off-Premises Facilities (or a portion thereof) have been turned over to the Port Authority in accordance with the Lease Agreement and the related construction warranties have been assigned to the Port Authority in accordance with the Lease Agreement.

If (i) any D&C Work is identified as being Nonconforming Work at any time during the Term, or (ii) a Defect in the D&C Work encompassed by the Warranty has occurred during the applicable Warranty Period, then at any time during the Term with respect to clause (i) and at any time during the D&C Work Period and thereafter during the Warranty Period with respect to clause (ii), as applicable, the Port Authority shall be entitled to require that the Lessee (or a Contractor on its behalf), at its sole expense, rectify such Nonconforming Work or Defect, as applicable. The Lessee shall prepare, submit and, upon Port Authority approval, promptly implement a Corrective Action Plan meeting the requirements of the Lease Agreement developed by the Lessee with respect to such Nonconforming Work or Defect in the D&C Work, as applicable. If the Lessee and the Contractor have failed within thirty (30) days after receipt of written notice from the Port Authority of any Nonconforming Work or Defect, as applicable, to provide a Corrective Action Plan acceptable to the Port Authority or thereafter fail to commence and diligently continue correction of such Nonconforming Work or Defect, as applicable, pursuant to, and within the time permitted in, the Corrective Action Plan, the Port Authority shall be entitled to rectify such Nonconforming Work or Defect, in accordance with the Lease Agreement, including the right to be reimbursed for such efforts.

#### Completion of the Phase 1 D&C Work

The Lessee is obligated to achieve DBO of the Phase 1 D&C Work (other than punch list items approved by the Port Authority) by no later than the Scheduled Phase 1 DBO Date; provided, however, that the failure of the Lessee to complete such work by such date shall not constitute a default under the Lease Agreement and the sole remedy under such circumstances shall be payment of D&C Work Delay Payments pursuant to the terms of the Lease Agreement. When the Lessee believes that it has satisfied all of the requirements in order to achieve Substantial Completion of Phase 1, the Lessee shall advise the Port Authority and shall deliver to the Port Authority a certificate by an authorized officer of the Architect of Record or Engineer of Record certifying that the applicable requirements of the Lease Agreement have been met.

Following (and subject to) delivery of the above-referenced certificate to the Port Authority, the Phase 1 D&C Work will be inspected by the Port Authority (and the Lessee shall be required to cooperate and coordinate with the Port Authority to facilitate such inspection and allow the Port Authority to perform an audit review of all compliance-related documents in accordance with the TCAP Process, the Airport Security Guidelines Manual, the Requirements and Provisions for Work and within the timeframes set forth in the Requirements and Provisions for Work in order to permit the Port Authority to certify that the conditions for Substantial Completion of Phase 1 have (or have not) been met), and if the same has been completed as certified by the Lessee and the Architect of Record or Engineer of Record, and the Lessee has complied, in all respects, with the requirements of the Lease Agreement, the other Project Documents, Good Order Requirements, Applicable Standards and Applicable Law with respect to such Phase 1 D&C Work, a certificate to such effect shall be issued to the Lessee by the Port Authority (the “**Phase 1 Completion Certificate**”). The Lessee shall promptly transfer custody and control of the Off-Premises Facilities forming part of the Phase 1 Improvements to the Port Authority following receipt of the Phase 1 Completion Certificate (if not previously transferred upon completion thereof pursuant to the Lease Agreement (as described below), and the Lessee shall have no further obligations with respect to such Off-Premises Facilities and the associated Temporary Rights of Access except as otherwise set forth in the Lease Agreement or the other Project Documents. The date specified in the Phase 1 Completion Certificate is referred to in the Lease Agreement as the “Phase 1 Completion Date.”

Following Substantial Completion of Phase 1, the Lessee shall promptly proceed to achieve DBO of the Phase 1 D&C Work. The requirements for DBO of the Phase 1 D&C Work shall be as follows: (A) the Port Authority shall have delivered the Phase 1 Completion Certificate; (B) the concession spaces required to be opened and operating upon DBO of the Phase 1 D&C Work, as set forth in the Approved Pro Forma Concessions Plan or then-effective Comprehensive Concessions Plan, as applicable, shall be

substantially complete and ready for use (other than additional punch list items approved by the Port Authority), including the fit-out of such concession spaces; (C) the Phase 1 D&C Work specifically identified in the Baseline Schedule as extending beyond Substantial Completion of Phase 1 shall be substantially complete and ready for use (other than additional punch list items approved by the Port Authority); (D) the completion of Operational Readiness Activation and Transition (ORAT) for Phase 1 D&C Work; and (E) the Phase 1 D&C Work shall be fit for its intended purpose and functional to commence regular revenue passenger operations including required tenant spaces, support spaces, U.S. Customs and Border Protection/TSA spaces, furniture, fixtures and equipment, art and branding, advertising, feature zones, landscaping, and employee and passenger amenities. Subject to the Lease Agreement, the Lessee shall not use or permit the use of the Phase 1 D&C Work with respect to the New Terminal Facilities or any portion thereof by passengers or any other third parties until the Port Authority and the Lessee agree that DBO of the Phase 1 D&C Work has been achieved.

Following DBO of the Phase 1 D&C Work, the Lessee shall promptly proceed to complete all outstanding punch list items for the Phase 1 D&C Work and submit to the Port Authority a "Request for Final Inspection" with respect to the Phase 1 D&C Work in accordance with the TCAP Process. Following (A) a final inspection by the Port Authority of the Phase 1 D&C Work under the TCAP Process, (B) confirmation by the Port Authority that all outstanding punch list items for the Phase 1 D&C Work have been completed and (C) the submission of all required documentation by the Lessee to the Port Authority and the approval thereof by the Port Authority where such approval is required in accordance with the Project Documents, Good Order Requirements, Applicable Law or Applicable Standards, the Port Authority shall promptly issue a "Final Certificate of Authorization to Occupy or Use" under the TCAP Process with respect to the Phase 1 D&C Work.

#### Completion of the Phase 2 D&C Work

The Lessee is obligated to substantially complete the Phase 2 D&C Work (other than punch list items approved by the Port Authority and the Phase 2 D&C Work specifically identified in the Baseline Schedule as extending beyond Substantial Completion of Phase 2) by no later than the Outside Completion Date; provided, however, that the failure of the Lessee to complete such work by the Scheduled Completion Date (as opposed to the Outside Completion Date) shall not constitute a default under the Lease Agreement and the sole remedy under such circumstances shall be payment of D&C Work Delay Payments pursuant to the Lease Agreement.

When the Lessee believes that it has satisfied all of the requirements in order to achieve Substantial Completion of Phase 2, the Lessee shall advise the Port Authority to such effect in accordance with the Lease Agreement and other Project Documents and shall deliver to the Port Authority a certificate by an authorized officer of the Lessee and the Architect of Record or Engineer of Record certifying that the requirements of the Lease Agreement have been met and that the Phase 2 D&C Work has been constructed in accordance with the requirements of the Lease Agreement.

Following (and subject to) delivery of the above-referenced certificate to the Port Authority, the Phase 2 D&C Work will be inspected by the Port Authority (and the Lessee shall be required to cooperate and coordinate with the Port Authority to facilitate such inspection and allow the Port Authority to perform an audit review of all compliance-related documents in accordance with the TCAP Process, the Airport Security Guidelines Manual, the Requirements and Provisions for Work and within the timeframes set forth in the Requirements and Provisions for Work in order to permit the Port Authority to certify that the conditions for Substantial Completion of Phase 2 have (or have not) been met), and if the same has been completed as certified by the Lessee and the Architect of Record or Engineer of Record, and the Lessee has complied, in all respects, with the requirements of the Lease Agreement, the other Project Documents, Good Order Requirements, Applicable Standards and Applicable Law with respect to such Phase 2 D&C Work,

a certificate to such effect shall be issued to the Lessee by the Port Authority (the “**Completion Certificate**”). The Lessee shall promptly transfer, following receipt of the Completion Certificate, custody and control to the Port Authority of the Off-Premises Facilities not previously transferred to the Port Authority, and the Lessee shall have no further obligations with respect to such Off-Premises Facilities and the associated Temporary Rights of Access except as otherwise set forth in the Lease Agreement and the other Project Documents.

Following Substantial Completion of Phase 2, the Lessee shall promptly proceed to achieve DBO of the Phase 2 D&C Work. The requirements for DBO of the Phase 2 D&C Work shall be as follows: (A) the Port Authority shall have delivered the Completion Certificate; (B) the concession spaces required to be opened and operating upon DBO of the Phase 2 D&C Work, as set forth in the Approved Pro Forma Concessions Plan or then-effective Comprehensive Concessions Plan, as applicable, shall be substantially complete and ready for use (other than additional punch list items approved by the Port Authority), including the fit-out of such concession spaces; (C) the Phase 2 D&C Work specifically identified in the Baseline Schedule as extending beyond Substantial Completion of Phase 2 shall be substantially complete and ready for use (other than additional punch list items approved by the Port Authority); (D) the completion of Operational Readiness Activation and Transition (ORAT) for Phase 2 D&C Work; and (E) the Phase 2 D&C Work shall be fit for its intended purpose and functional to commence regular revenue passenger operations including required tenant spaces, support spaces, U.S. Customs and Border Protection/TSA spaces.

Subject to the terms of the Lease Agreement, the Lessee shall not use or permit the use of the Phase 2 D&C Work with respect to the New Terminal Facilities or any portion thereof by passengers or any other third parties until the Port Authority and the Lessee agree that DBO of the Phase 2 D&C Work has been achieved.

Following DBO of the Phase 2 D&C Work, the Lessee shall promptly proceed to complete all outstanding punch list items for the Phase 2 D&C Work and submit to the Port Authority a “Request for Final Inspection” with respect to the Phase 2 D&C Work in accordance with the TCAP Process. Following (a final inspection and confirmation by the Port Authority that all outstanding conditions have been completed as of the Completion Date, the Port Authority shall promptly issue a “Final Certificate of Authorization to Occupy or Use” under the TCAP Process with respect to the Phase 2 D&C Work.

#### Partial Completion

Notwithstanding the other provisions of the Lease Agreement regarding completion of D&C Work, when a material portion of the D&C Work is substantially completed or is properly usable for the purposes set forth the Lease Agreement, the Lessee may, at its discretion, advise the Port Authority to such effect and deliver to the Port Authority (i) a certificate of the Lessee certifying that the applicable requirements of the Lease Agreement with respect to such Installation Portion or Partial Occupancy Portion have been met and that such Installation Portion or the Partial Occupancy Portion, as applicable, has been constructed, in all respects, in accordance with all approved Construction Applications and the provisions of the Lease Agreement and Project Documents, and (ii) a certificate of the Architect of Record certifying that the approved Construction Applications relating to such Installation Portion or Partial Occupancy Portion are in compliance with the Project Documents, Good Order Requirements, Applicable Law and Applicable Standards, and (iii) a certificate of the Engineer of Record certifying that such Installation Portion or Partial Occupancy Portion has been constructed in accordance with the Project Documents, Good Order Requirements, Applicable Law and Applicable Standards. The Lessee shall also certify that such Installation Portion or Partial Occupancy Portion, as applicable, can be properly used without interfering in any material respect with the completion of the remaining D&C Work of the applicable Phase.

Following (and subject to) delivery of the above-referenced certificates to the Port Authority, the Port Authority may inspect and test all life safety systems of the Installation Portion or Partial Occupancy Portion, as applicable, and perform an audit review of all compliance-related documents. The Port Authority in its discretion may issue a “Temporary Certificate of Authorization to Occupy or Use” in accordance with the TCAP Process with respect to such Installation Portion or Partial Occupancy Portion.

#### Other Redevelopments

The Lessee and the Port Authority each acknowledges in the Lease Agreement the execution and delivery by it of the Construction Coordination Agreement. The Port Authority covenants in the Lease Agreement to use reasonable efforts to coordinate the D&C Work (which is being performed during the same time period as the Other Redevelopments) and such Other Redevelopments in a Non-Discriminatory Manner to the extent that unanticipated conflicts arise, so as to enable the D&C Work to continue, minimize any disruption to the traveling public, address Good Order Requirements, and accommodate performance of the Port Authority Enabling Work in each case in accordance with applicable provisions of the Lease Agreement and the Construction Coordination Agreement.

#### Shared Taxilanes: Aircraft Start-Up Positions

The Port Authority and the Lessee have agreed to comprehensive plans addressing the control and use of shared taxilanes and Aircraft start-up positions during the D&C Work Period and during the Term. The Lessee is obligated to comply with its obligations under such plans during the D&C Work Period and the Term, as applicable.

#### D&C Work Changes

The Lease Agreement permits negotiated changes to the D&C Work, and requires the Parties to use good faith efforts to negotiate a program to achieve at least \$25 million in D&C Work Cost savings, by implementing some or all of the changes to the D&C Work identified in the Lease, with such additional changes as may be agreed to by the Parties and added to an exhibit to the Lease setting forth the same.

#### Port Authority Changes

Subject to other provisions in the Lease Agreement, the Port Authority has the right from time to time during the D&C Work Period to effect a Port Authority Change affecting the design and/or the construction of the D&C Work.

Subject to other provisions in the Lease Agreement, as soon as practicable, the Lessee shall submit to the Port a proposed Change Order Proposal covering the requested Port Authority Change. If the Port Authority approves the Change Order Proposal, under the Lease Agreement, the Port Authority and the Lessee shall enter into a change order and the Lessee shall implement such change order.

The Lessee may reject a proposed Port Authority Change by notifying the Port Authority of a Rejected Port Authority Change if the Lessee can demonstrate that such Port Authority Change would either (A) materially delay achieving DBO with respect to any applicable Phase of the D&C Work, achieving Substantial Completion of Phase 1, or achieving Substantial Completion of Phase 2, or (B) materially increase direct costs to perform the Project Work.

In the event of a Rejected Port Authority Change, the Port Authority may, in its absolute discretion, direct the Lessee to proceed with implementing a Rejected Port Authority Change. In such event (w) the applicable milestone date that would be delayed by such Rejected Port Authority Change will be extended for

a period equal to the delay caused by the change, (x) Lessee shall be entitled to Lessee Damages, (y) the Lessee shall be entitled to appropriate adjustments to any KPIs under the Lease Agreement, and (z) the Lessee shall be entitled to reimbursement by the Port Authority for any net adverse impact to its forecasted costs and revenues.

If the parties are unable to reach an agreement on a proposed Port Authority Change (other than a Rejected Port Authority Change), the Port Authority may, in its sole and absolute discretion, direct the Lessee to proceed with the implementation of such Port Authority Change, and the Lessee shall perform the work in question as so directed and will be entitled to claim reimbursement from the Port Authority for any actual and reasonable incremental costs incurred by the Lessee during the D&C Work Period and the estimated incremental costs of the Lessee's performance of the Operations and Maintenance Work to the extent such Port Authority Change increases the square footage of the New Terminal Facilities or requires the use of materials or components that have materially higher costs of operations or maintenance than prior to such Port Authority Change.

#### Rules and Regulations Changes; RPW Changes and Changes to the New Airport Design Guidelines.

The Lessee is required to comply at all times with all Rules and Regulations, the New Airport Design Guidelines and the Requirements and Provisions for Work and any changes thereto (including Rules and Regulations Changes and RPW Changes), in addition to, Good Order Requirements, Applicable Law, Applicable Standards and the requirements set forth in the Lease Agreement and the other Project Documents. However, if, during the D&C Work Period, the Port Authority issues or publishes any Rules and Regulations Change or any RPW Change or informs the Lessee of any change to the New Airport Design Guidelines, which, in each case, takes or took effect after the earlier of (i) the Effective Date and (ii) the GMP Contract Date (such a change, a "Qualifying D&C Change"), and such Qualifying D&C Change cannot be complied with by the Lessee without the Lessee incurring cumulative additional D&C Work Costs for the D&C Work of not less than \$25,000,000, then such Qualifying D&C Change shall be treated, subject to certain exceptions, in all respects under the Lease Agreement as a Port Authority Change.

#### Lessee Changes

The Lessee may propose to the Port Authority during the D&C Work Period, for the Port Authority's approval, (A) with respect to the New Terminal Facilities, a change in the D&C Work that increases or reduces the scope or changes the function or intent of such D&C Work as described in the Project Documents, or deviates from the requirements of the Project Documents or the Parties' rights and/or obligations therein, or that is required to conform the D&C Work to Applicable Law or Applicable Standards, (B) with respect to the Off-Premises Facilities, a change in the D&C Work that is required to conform the D&C Work to Applicable Law or Applicable Standards, or (C) a variance from the Rules and Regulations or Good Order Requirements, but in each case excluding any proposed variance that is related to a Value Engineering Lessee Change (each such change, a "**Lessee Change**").

As soon as practicable after the Port Authority receives the proposed Lessee Change, the Port Authority and the Lessee shall meet and discuss the matters referred to therein. The Port Authority may reject the Lessee Change in the Port Authority's sole and absolute discretion; provided that the Port Authority shall not reject any proposed Lessee Change required to conform the D&C Work to Good Order Requirements, Applicable Law or Applicable Standards. Following such discussions and receipt of any additional information the Port Authority has requested, the Port Authority shall issue a response to the Lessee within the timeframes set forth in the Lease Agreement and other Project Documents. If the Port Authority rejects any proposed Lessee Change, such rejection shall not be subject to challenge by the Lessee

except with respect to rejection of a proposed Lessee Change that the Lessee asserts is required to conform the D&C Work to Good Order Requirements, Applicable Law or Applicable Standards.

If the Port Authority approves the Lessee Change, the Lessee shall prepare and submit to the Port Authority for its approval a proposed change order covering the approved Lessee Change. If the Port Authority approves the proposed change order, the Port Authority and the Lessee shall enter into a change order, which will become a part of the Construction Application and the Lessee shall design and perform all D&C Work required to implement such Lessee Changes at the Lessee's sole cost and expense. If applicable, the Scheduled Phase 1 Completion Date, the Scheduled Phase 1 DBO Date, the Scheduled Completion Date and/or the Scheduled Phase 2 DBO Date shall be extended to a new date reflected in the approved change order.

#### Value Engineering Lessee Changes

If the Parties shall have determined the existence of a Delay Event that is affecting the performance of the D&C Work in accordance with the Lease Agreement, the Lessee shall be entitled, notwithstanding the requirements for a Lessee Change set forth in the Lease Agreement, to make adjustments to implement changes in the D&C Work that represent value engineering modifications to the scope of the D&C Work that satisfy the requirements of the Lease Agreement ("Value Engineering Lessee Changes"). The Lessee shall be entitled to implement any Value Engineering Lessee Change that achieves Project Work cost savings to minimize the impact of a Delay Event on Project Work cost so long as the Port Authority determines, in its reasonable discretion, that such Value Engineering Lessee Change meet certain conditions, including, without limitation, that the change is consistent with achieving world-class New Terminal Facilities, and does not have an adverse impact on critical path items in the Baseline Schedule. As soon as practicable after the Port Authority receives the proposed Value Engineering Lessee Change, the Port Authority and the Lessee shall meet and discuss the matters referred to therein. Following such discussions and receipt of any additional information the Port Authority has requested, the Port Authority shall issue a response to the Lessee. If the Port Authority approves the proposed Value Engineering Lessee Change, the Lessee shall prepare and submit to the Port Authority a change order reflecting the Value Engineering Lessee Change and, assuming the sufficiency of the same, the Port Authority and the Lessee shall enter into such change order. Upon entering into the change order, the Lessee shall design and/or make such Value Engineering Lessee Changes at the Lessee's sole cost and expense.

#### Compliance Directives; Suspension of D&C Work

The Lease Agreement requires, in performing the D&C Work, that the Lessee shall, and shall cause its Contractor to, promptly comply, at the Lessee's cost and expense (except as otherwise provided in the Lease Agreement), with any direction issued by the Port Authority to (i) remedy any Emergency, (ii) cause the Lessee or its Contractor to comply with any Applicable Law, Applicable Standard, the Comprehensive Security Plan, the Airport Security Program (including the Exclusive Area Agreement) or any TSA-issued security directives, information circulars and public advisories which the Lessee or its Contractor has failed to comply with, and (iii) respond to Good Order Requirements.

The Port Authority, acting through the Resident Engineer or the General Manager of the Airport, shall at any time have the right and authority to suspend, in whole or in part, the D&C Work by written order to the Lessee pursuant to the Lease Agreement.

#### Compensation Events

Under the Lease Agreement, certain activities are deemed to be "Compensation Events" triggering compensation obligations of the Port Authority in favor of the Lessee. The Lessee is obligated to give

written notice to the Port Authority within twenty (20) Business Days following the date on which the Lessee first becomes aware (or should have become aware, using all reasonable due diligence) that an event has occurred that the Lessee claims is a Compensation Event (a “Compensation Event Notice”). The Compensation Event Notice will set forth the pertinent details regarding the Compensation Event as required by the Lease Agreement. The Lessee will bear the burden of proving the occurrence of a claimed Compensation Event and the resulting impacts, including the Lessee Damages. If, for any reason, the Lessee fails to give the written Compensation Event Notice within the time period required by the Lease Agreement, the Lessee will be deemed to have irrevocably and forever waived and released any Claim or right to Lessee Damages or other adverse effects on costs, expenses and liabilities attributable to such event that the Lessee may otherwise have been able to claim as a Compensation Event.

After the Lessee submits a Compensation Event Notice, the Port Authority may, but is not required to, obtain, at its sole cost and expense from a technical consultant, a comprehensive report as to the Lessee’s estimate of the Lessee Damages attributable to the claimed Compensation Event. Without prejudice to the foregoing, the Port Authority may, but is not required to, prepare any such report or study on its own behalf. If it is finally determined in accordance with the Lease Agreement that the Lessee’s estimate of the Lessee Damages is materially incorrect, the Lessee will reimburse the Port Authority for its reasonable costs and expenses in connection with the preparation of any such report or study by the Port Authority or a consultant.

The Lessee damages with respect to any Compensation Event will be calculated as the sum of (A) any adverse Net Cost Impact calculated pursuant to the Lease Agreement and (B) solely with respect to a Port Authority Change (including a Rejected Port Authority Change), any additional amount payable to the Lessee pursuant to the Lease Agreement, without duplication (“Lessee Damages”). The Lessee Damages will be net of all applicable insurance proceeds payable (or that would have been payable but for certain conditions as described in the Lease Agreement) to the Lessee or its Contractors on account of the Compensation Event.

The Port Authority shall not be required to pay any Lessee Damages until such Lessee Damages exceed the Port Authority Contingency Amount. Without limiting the requirements in respect of Compensation Event payments generally, to the extent any Lessee Damages calculation includes an amount designated to reimburse the Lead Contractor for delay liquidated damages paid by such Lead Contractor, such designated amount of Lessee Damages shall be payable no earlier than the date of receipt by the Lessee of the corresponding delay liquidated damages by the Lessee (whether by payment by the Lead Contractor or through offset against amounts payable by the Lessee to the Lead Contractor), and, when received from the Port Authority, such designated amount shall be applied by the Lessee exclusively towards reimbursement of the Lead Contractor for any such reimbursable delay liquidated damages.

In addition, the Lessee Damages shall also be net of all amounts recovered, or made available to the Lessee from any Sublessee or other third-party source, with respect to the adverse Lessee Damages attributable to such Compensation Event. The Lessee shall use reasonable efforts to pursue any and all potential sources of funds or reimbursement from any Sublessee or other third-party source to offset Lessee Damages.

Without limiting the Lessee’s rights with respect to non-monetary relief for Delay Events or the termination provisions of the Lease Agreement, the Lessee Damages as determined according to the Lease Agreement for Compensation Events will represent the sole right to compensation and damages for the adverse effects of a Compensation Event against the Port Authority and the Port Authority and its officers, directors, Commissioners, agents, authorized representatives, consultants and employees. Compensation Events can occur only during the D&C Period.

If the Port Authority and Lessee cannot agree on the amount of Lessee Damages or method of payment thereof in connection with a Compensation Event, or if the Port Authority disagrees that a claimed Compensation Event has occurred (or as to its consequences) or that the Lessee is entitled to relief under the Lease Agreement, the Parties shall resolve such dispute in accordance with the dispute resolution provisions of the Lease Agreement.

Following a determination of the Lessee Damages pursuant to the Lease Agreement, the Port Authority will pay the Lessee for such Lessee Damages in accordance with the following terms and conditions:

- (a) if any portion of Lessee Damages is to pay for prior D&C Work Costs during the D&C Work Period which have already been incurred by the Lessee or its Contractor, the Port Authority shall pay such portion in lump sum within forty (40) Business Days after the final determination of such portion of Lessee Damages, unless otherwise agreed to by the Lessee;
- (b) if any portion of Lessee Damages is to pay for future D&C Work Costs during the D&C Work Period, then the Port Authority shall have no obligation to make advance payments with respect thereof and shall have the right to pay such portion of the Lessee Damages as such costs are incurred or paid by the Lessee in periodic progress payments in arrears or otherwise in accordance with the Port Authority's standard practices and procedures for paying its contractors and Applicable Law;
- (c) if any portion of Lessee Damages is to pay for future D&C Work Costs during the D&C Work Period and the Port Authority elects, at its option, to pay such portion as a direct, lump-sum payment, the net present value of such portion of the Lessee Damages will be determined using a discount rate mutually agreed by the Parties; and
- (d) if the Port Authority elects to make periodic payments, at any time subsequent to such election described in paragraph (b) above, the Port Authority may elect to complete payment of such Lessee Damages by lump sum payment of the present value of the remaining balance of such Lessee Damages (or portion thereof) using the discount rate specified in paragraph (c) above;

provided that (i) to the extent the Parties mutually agree to a schedule for the payment of any Lessee Damages, the Port Authority shall pay such Lessee Damages in accordance with such schedule, and (ii) only with respect to Lessee Damages (or a portion thereof) payable from and after the commencement of payment by the Lessee of rentals under the Lease Agreement, the Port Authority may elect to pay for such Lessee Damages by one or more adjustments to such rentals.

#### Delay Events

The term "Delay Event" means any of the following events or conditions (subject to certain limitations set forth in the Lease Agreement), which occurs during the D&C Work Period that causes a delay in the Lessee's performance of the Project Work or otherwise adversely affects the Lessee's ability to perform the D&C Work in compliance with the Project Documents):

- the occurrence of any Force Majeure event with respect to the Lessee or any Lessee-Related Entity;
- the discovery of any Unknown Condition by the Lessee during the performance of the D&C Work that adversely impacts the Lessee's performance of the D&C Work;
- the existence of any agreement, easement, right of entry, covenant, condition, restriction or other instrument to which the New Terminal Facilities or Off-Premises Facilities are subject and which

materially interferes with the performance of the D&C Work and such agreement, easement, right of entry, covenant, condition, restriction or other instrument (A) is not known to the Lessee or any Lessee-Related Entity (it being understood that the Lessee will be charged with the knowledge of JetBlue as a result of JetBlue's operations as lessee on the Initial Premises prior to the Terminal 6 Parcel Lease Commencement Date), (B) was not notified to the Lessee by the Port Authority in, or cannot be reasonably inferred from the Disclosed Documents, (C) is not identified in, or is not apparent upon inspection of public records, or cannot be reasonably inferred from, the Available Documents or publicly available information, and (D) could not reasonably have been identified through review and analysis of Available Documents or publicly available information;

- the issuance of any injunction, restraining order or other similar legal order by a court of competent jurisdiction under Applicable Law based on a claim that challenges the Port Authority's authority to enter into the Lease Agreement or the transactions contemplated thereby, which injunction or order prohibits or enjoins prosecution of the D&C Work;
- any Rules and Regulations Change or RPW Change (to the extent not covered otherwise by any of the other Delay Events or in an approved change order implementing a Port Authority Change) that materially and adversely impacts the Lessee's performance of the D&C Work;
- any suspension of the D&C Work by the Port Authority in excess of twenty-four (24) hours made in response to (a) the existence of conditions unsafe for workers, other personnel or the general public, (b) an Emergency, (c) a Force Majeure event, (d) the presence of a "VIP," dignitary or other person requiring special security arrangements or expedited handling at the Airport, or (e) as the Port Authority reasonably determines to be necessary to respond to Good Order Requirements;
- the occurrence of any Compensation Event or event that would have constituted a Compensation Event but for a Force Majeure event with respect to the Port Authority or an Emergency;
- any breach by the Port Authority of any material obligation under the Lease Agreement or the Construction Coordination Agreement (to the extent not covered otherwise by any of the other Delay Events); or
- any failure by British Airways to comply with the surrender obligations set forth in the British Airways Lease with respect to the Terminal 7 Parcel on or prior to the end of the Existing Terminal Facilities Stub Operating Period as a result of a delay to the completion of the Terminal 8 site at the Airport required for British Airways' relocation to the Terminal 8 site at the Airport;

except, in each case, to the extent arising by reason of or attributable to (A) the negligence or willful misconduct of a Lessee-Related Entity or (B) any act or omission by a Lessee-Related Entity in breach of the provisions of the Lease Agreement or any other Project Document.

In the event of the occurrence of a Delay Event, the Lessee shall give a Delay Event Notice. The Delay Event Notice will include certain pertinent details set forth in the Lease Agreement. If for any reason the Lessee fails to give such written Delay Event Notice within the time period required by the Lease Agreement, the Lessee will be deemed to have irrevocably and forever waived and released any Claim or right to time extensions or any other relief with respect to such event that the Lessee may otherwise have been able to claim as a Delay Event pursuant to the Lease Agreement or any Project Document.

Upon the occurrence of an event that is or may be a Delay Event, the Lessee will, and will cause each of its Contractors to, take all steps reasonably necessary to mitigate the effects of such event, including

all steps that would generally be taken in accordance with Best Management Practice. The Lessee will promptly deliver to the Port Authority an explanation of the measures being undertaken to mitigate the delay and other consequences of such event. The Lessee will notify the Port Authority within fifteen (15) days following the date on which it first became aware (or should have become aware, using all reasonable due diligence) that such event has ceased. In the event that the Lessee fails to take (or to cause its Contractors to take) mitigation measures as required pursuant to the Lease Agreement, the delay and excuse of performance permitted under the Lease Agreement shall be reduced to the extent that such mitigation measures, if taken, would have reduced the impact of such event on the Lessee.

Notwithstanding the occurrence of an event that is or may be a Delay Event, the Lessee will continue its performance and observance pursuant to the Lease Agreement of all of its obligations and covenants to be performed to the extent that it is reasonably able to do so and will use reasonable efforts to, and will cause each of its Contractors to use reasonable efforts to, minimize the effect and duration of such event. Without limiting the foregoing, the occurrence of a Delay Event will not excuse the Lessee from timely payment of monetary obligations pursuant to the Lease Agreement (except as otherwise set forth in the Lease Agreement) or compliance with Good Order Requirements, Applicable Law, Applicable Standards, the Requirements and Provisions for Work and other Project Documents, except temporary inability to comply as a direct result of the Delay Event or other excuse from compliance with respect to performance of the D&C Work or performance of the Operations and Maintenance Work as summarized below.

#### Delay Events Affecting Performance of the D&C Work

Subject to the provisions of the Lease Agreement, a Delay Event that is agreed between the Parties occurring during the D&C Work Period affecting the performance of the D&C Work will (A) excuse the Lessee from performance of its obligations to perform the D&C Work pursuant to the Lease Agreement but only to the extent that such D&C Work is directly affected by such Delay Event, (B) extend the Scheduled Phase 1 Completion Date, the Scheduled Phase 1 DBO Date, the Scheduled Completion Date and/or the Scheduled Phase 2 DBO Date day-for-day for any delays in the performance of the D&C Work directly caused by such Delay Event using a Time Impact Analysis, in each case, based on the then-effective Baseline Schedule and taking into account impacts of the Delay Event on critical path items in accordance with the Requirements and Provisions for Work, but only to the extent the Delay Event actually delays the performance of the D&C Work beyond such applicable date, and (C) permit the Lessee to implement a Value Engineering Lease Change to achieve cost savings to minimize the impact of such Delay Event.

#### Delay Events Affecting Performance of the Operations and Maintenance Work

Subject to the terms of the Lease Agreement, a Delay Event that is agreed between the Parties affecting performance of the Operations and Maintenance Work will (i) excuse the Lessee from its obligations to perform Operations and Maintenance Work during the pendency of such Delay Event pursuant to the Lease Agreement but only to the extent that such Operations and Maintenance Work is directly affected by such Delay Event and (ii) with respect to the Lessee's obligations to satisfy and achieve KPIs as more particularly described in the Lease Agreement shall entitle the Lessee to adjustments (either temporary or permanently) as necessary to reflect the impact of such Delay Event upon the Lessee's ability to satisfy such obligations.

#### Sole Remedy and Release of Claims

Without limiting the Lessee's rights with respect to monetary relief for Compensation Events, the delay incurred or schedule relief from the Lessee's obligations under the Lease Agreement as determined according to the Lease Agreement with respect to a Delay Event during the D&C Work Period will

represent the sole and exclusive right to relief for the adverse effects of a Delay Event with respect to the D&C Work against the Port Authority and the Port Authority and its related parties; provided that the foregoing limitation shall not apply to any Claims of the Lessee against the Port Authority during the D&C Work Period arising out of or relating to certain actions or omissions of the Port Authority in violation of the Lease Agreement. If (i) the Parties cannot agree on the extent of any delay incurred or non-monetary relief from the Lessee's obligations under the Lease Agreement, or (ii) the Port Authority disagrees that a claimed Delay Event has occurred (or as to its consequences) or that the Lessee is entitled to relief under the Lease Agreement, the Parties shall resolve such dispute in accordance with the dispute resolution provisions of the Lease Agreement.

### ***Term***

The term of the Lease Agreement (the "Term") shall commence as to any portion of the Premises on the applicable Lease Commencement Date and shall expire on the earlier of (i) the Expiration Date and (ii) any earlier termination of the Lease Agreement in accordance with its terms

### ***Rental***

#### Ground Rent

For each year or portion thereof occurring during the Term, the Lessee shall pay to the Port Authority Ground Rent with respect to (x) Terminal 6 Parcel from and after the Effective Date, and (y) the Terminal 7 Parcel from and after the Terminal 7 Parcel Lease Commencement Date.

As further specified in the Lease Agreement, Ground Rent shall be payable by the Lessee in advance on the Effective Date and monthly thereafter on the first day of each calendar month, in an amount equal to one-twelfth (1/12) of the annual applicable Ground Rent. On January 1 of each applicable New Year following the Effective Date, the Ground Rental Rate for such New Year will equal the sum of (A) Ground Rent for the previous Calendar Year *plus* (B) the product of (x) Ground Rent for the previous Calendar Year and (y) the greater of (I) 4% and (II) fifty percent (50%) of the CPI Percentage Increase for the New Year. The payment of Ground Rent shall be pro-rated for stub periods, as applicable. The payment of Ground Rent shall be senior and prior to the payment of any Lessee Debt or any debt service thereof and payable as a Permitted O&M Expense.

#### First Additional Rent

In the event that the Lessee has entered into a Leasehold Mortgage, in addition to all other Rentals due under the Lease Agreement, the Lessee shall pay the Port Authority the **First Additional Rent**; provided that if more than one Leasehold Mortgage is entered into contemporaneously with respect to a single debt financing, only one First Additional Rent payment will be due annually with respect to such Leasehold Mortgages collectively. Further, any financing for Phase 2 may constitute additional indebtedness contemplated under the Financing Documents and Leasehold Mortgage(s) entered into in connection with Phase 1, and shall not be subject to a separate leasehold mortgage fee or rental payment under the Lease Agreement. The payment of the First Additional Rent shall be pro-rated for stub periods, as applicable, and shall be senior and prior to the payment of any Lessee Debt or any debt service thereof and payable as a Permitted O&M Expense.

#### Second Additional Rental

For each year or portion thereof occurring during the Term, commencing on the Terminal 7 Parcel Lease Commencement Date and continuing to and including the Expiration Date, in addition to all other

Rentals due under the Lease Agreement, the Lessee shall pay to the Port Authority the **Second Additional Rental** in an amount equal to the Second Additional Rental Rate for such year, as set forth in an exhibit to the Lease Agreement describing such *Second Additional Rental Rate*. The Second Additional Rental shall be payable by the Lessee in advance on the Terminal 7 Parcel Lease Commencement Date and monthly thereafter on the first day of each calendar month, in an amount equal to one-twelfth (1/12) of the annual Second Additional Rental. The payment of Second Additional Rental shall be pro-rated for stub periods, as applicable.

Notwithstanding the above paragraph, during each month during the years from and including 2030 to and including 2035 (the “Second Additional Rent Deferral Period”), no Second Additional Rental shall be due or payable in such month, and the Lessee’s obligation to pay the amount of such Second Additional Rental shall be deferred as described below, if the Lessee’s projected Senior Debt Service Coverage Ratio for the 12-month period including such month, as calculated as of the most recent Calculation Date preceding such month and assuming payment of such Second Additional Rental, would be less than 1.2x, provided that:

(i) the amount of Second Additional Rental that may be deferred in any Calendar Year shall not exceed Twenty-five Million Dollars (\$25,000,000) and the amount of Second Additional Rental that may be deferred throughout the entirety of the Second Additional Rent Deferral Period shall not exceed One Hundred Million Dollars (\$100,000,000) in the aggregate;

(ii) any Second Additional Rental amounts that are deferred in accordance with the Lease Agreement (“Deferred Second Additional Rent”) shall accrue interest at a rate of 7.5% per year (with interest accruing from the date such Second Additional Rental amount was deferred through the date of payment);

(iii) Deferred Second Additional Rent, and interest thereon, shall become due and payable beginning in January 2036, in each month only to the extent that Lessee’s projected Senior Debt Service Coverage Ratio for the 12-month period including such month, as calculated as of the most recent Calculation Date preceding such month and assuming payment of such Deferred Second Additional Rent and interest thereon, would equal or exceed 1.3x;

(iv) no Distributions shall be permitted if at any time there is Deferred Second Additional Rent and/or any interest thereon then accrued and unpaid; and

(v) upon the consummation of any Recapitalization event, prior to any application of distributable proceeds from such Recapitalization event to Distributions, such proceeds shall be applied to payment of Deferred Second Additional Rent, and interest thereon, until Deferred Second Additional Rent, and interest thereon, are paid in full.

The payment of Second Additional Rental shall be senior and prior to the payment of any Lessee Debt or any debt service thereof and payable as a Permitted O&M Expense. Deferred Second Additional Rent, and any accrued interest thereon, shall constitute Second Additional Rent and shall be payable at the same priority of payment as Second Additional Rent that has not been deferred. The deferral of any portion of Second Additional Rental pursuant to the Lease Agreement shall not defer or otherwise impact the Lessee’s obligations under the Lease Agreement to pay all other Rentals in accordance with the terms and conditions of the Lease Agreement.

### Third Additional Rental

The Lessee shall pay to the Port Authority the **Third Additional Rental** pursuant to the Lease Agreement. The payment of Third Additional Rent shall be senior and prior to the payment of any Lessee Debt or any debt service thereof and payable as a Permitted O&M Expense.

### Excess Value Rent

Certain additional rental amounts due under the Lease Agreement are referred to as “**Excess Value Rent**” and shall be due to the Port Authority only after the Lessee has received certain specified levels of internal rate of return on sponsor investment.

### Concessions Revenue Rents

From and following the Terminal 7 Parcel Lease Commencement Date and throughout the Term, the Lessee shall require each Concession Sublessee operating in the Existing Terminal Facilities to pay rentals to the Lessee on terms and conditions specified in the applicable Concession Sublease. For each Calendar Year, or portion thereof, occurring on and after the Terminal 7 Parcel Lease Commencement Date and throughout the Term, the Lessee, in addition to all other Rentals due under the Lease Agreement, shall pay Concessions Revenue Rent to the Port Authority with respect to any rentals received from Concession Sublessees operating in the Existing Terminal Facilities on the Terminal 7 Parcel, calculated in accordance with the Lease Agreement.

Throughout the **Concession Period**, the Lessee shall require each Concession Sublessee operating in the New Terminal Facilities to pay rentals to the Lessee on terms and conditions specified in the applicable Concession Sublease. For each Calendar Year, or portion thereof, occurring during the Concession Period, the Lessee, in addition to all other Rentals due under the Lease Agreement, shall pay **Concessions Revenue Rent** within thirty (30) days after the end of each Current Calendar Year.

During the Deferral Period, payment of a portion of the Concessions Revenue Rent equal to 50% of the Concessions Revenue Rent for the then Current Calendar Year shall be paid to the Port Authority senior and prior to the payment of any Lessee Debt or any debt service thereof, and payment of the remaining portion of the Concessions Revenue Rent (the “Subordinate Concessions Revenue Rent”), including any amounts attributable to any minimum guaranteed rent, shall be subordinate to payment of Lessee Debt constituting senior debt or subordinate debt (of any tier) extended to the Lessee by any party other than a direct or indirect constituent owner of the Lessee, but senior and prior to the payment of Lessee Debt constituting loans made by the direct or indirect constituent owners of the Lessee to the Lessee (whether structured as loans or preferred equity). To the extent Lessee does not have sufficient funds available to pay any amount of Subordinate Concessions Revenue Rent when due, then Lessee may defer payment of such Subordinate Concessions Revenue Rent (“Deferred Concessions Revenue Rent”); provided, that (y) any Deferred Concessions Revenue Rent shall accrue interest at the rate of 7.5%, and (z) no Distributions shall be permitted if at any time there is Deferred Concessions Revenue Rent then accrued and unpaid.

Solely for purposes of the Lease Agreement provisions related to Concession Revenue Rents, the Gross Rents received by the Lessee under any arrangement whereby the Lessee engages in the concession sales of goods or services to the general public at the Premises pursuant to the Lease Agreement shall be included in the Gross Rents.

### Port Authority Cost Reimbursement

The Lessee will reimburse the Port Authority for reasonable third-party out-of-pocket expenses incurred by the Port Authority directly related to the development of the Premises pursuant to the Lease Agreement in an aggregate amount not to exceed \$40,000,000. Amounts equal to \$25,000,000 shall be paid during the construction of the New Terminal Facilities on the Terminal 6 Parcel, and an amount equal to \$15,000,000 shall be paid during the Phase 2 Term of Months. Any such costs or sums incurred by the Port Authority and reimbursed by the Lessee shall constitute additional rental under the Lease Agreement *pari passu* in priority to Ground Rent.

### O&M Expenses

In addition to the Rentals required to be paid under the Lease Agreement, the Lessee shall pay Permitted O&M Expenses as and when such amounts shall become due and payable. The payment of Permitted O&M Expenses shall be, and the payment of Other O&M Expenses may be, senior and prior to the payment of any Lessee Debt or any debt service thereof, and the payment of Rentals required to be paid under the Lease Agreement (other than Excess Value Rent) shall be senior and prior to the payment of any Other O&M Expenses.

### *Use of Premises*

#### General

The Lessee shall use and operate the Premises as an airline passenger terminal and related purposes, including the use and occupancy by (i) the Lessee, (ii) Scheduled Aircraft Operators who are Airline Sublessees, (iii) Concession Sublessees and other Sublessees, (iv) Governmental Authorities and (v) the Port Authority, in each instance in accordance with, pursuant to and subject to the terms of the Lease Agreement. In connection with such use and operation of the Premises, the Lessee is obligated to perform the Operations and Maintenance Work; provided that the Lessee's maintenance and repair obligations with respect to the Ground Floor of the Yellow Garage portion of the Ground Transportation Center shall be limited to light maintenance and repairs.

#### Use for Passenger Terminal Related Services

The Lease Agreement contemplates the Existing Terminal Facilities and the New Terminal Facilities being used by Scheduled Aircraft Operators who are Airline Sublessees pursuant to the Lease Agreement or who have arrangements with an Airline Sublessee solely, and by the Lessee, in connection with such Scheduled Aircraft Operators' business of transportation by Aircraft and for activities reasonably required only for such purposes as described in the Lease Agreement, including aircraft transportation and ancillary uses customary for a commercial air terminal and air transportation business.

#### Conduct of Operations

The Lessee is required to diligently conduct all its operations at the Premises in a safe and careful manner, in accordance with Best Management Practice, Applicable Laws, the Applicable Standards and Good Order Requirements; provided that, from and after the Terminal 7 Parcel Lease Commencement Date, the Lessee shall diligently operate the Existing Terminal Facilities on the Terminal 7 Parcel (or any portion thereof) at a standard and level of quality consistent with Applicable Laws, all Applicable Standards and Good Order Requirements.

### Concessions

Subject to the terms of the Lease Agreement, the Existing Terminal Facilities and the New Terminal Facilities shall be used by Concession Sublessees solely in connection with retail sales of goods and services (including food and beverage, news and gifts, duty free, retail and specialty retail, spas, shoe shines, foreign currency exchange, and automated retail machines) at the Premises and for activities reasonably required for such purposes and for such purposes and activities only.

### Reciprocal Rights Agreement

The Lessee is obligated under the Lease Agreement to comply with and perform its obligations under the Reciprocal Rights Agreement that it has entered into with JetBlue. As between the Lessee and the Port Authority, the Lessee is solely responsible for the JMP RRA Work. If (i) the JetBlue T5 Lease terminates and is not renewed on similar terms, and (ii) either (x) a substitute lease permitting the use of Terminal 5 existing infrastructure as a passenger terminal is entered into by the Port Authority or (y) the use of the Terminal 5 existing infrastructure as a passenger terminal is continued directly by the Port Authority, the Port Authority is obligated to use reasonable efforts to provide access to, and maintain the right to the areas provided to the Lessee under the Reciprocal Rights Agreement. Further, if the JetBlue T5 Lease terminates and is not renewed on similar terms, the Port Authority will (a) provide access to, and maintain the right to certain easement area that is being provided to the Lessee under the Reciprocal Rights Agreement or (b) provide the Lessee with other alternative airside access to runways and taxiways at the Airport from certain areas at Gate 31 as further described in the Reciprocal Rights Agreement.

The Lessee is obligated to permit JetBlue to use the Ground Transportation Center and other portions of the Premises in accordance with the Reciprocal Rights Agreement and related easements. The Lessee must cooperate with the Port Authority in exercising its rights under the Terminal 5 Lease if in the event of a JetBlue default thereunder (including permitting the Port Authority such rights otherwise exercisable by JetBlue under the Reciprocal Rights Agreement to the extent such remedy is available under the Terminal 5 Lease) and the Port Authority's rights of entry under the Lease Agreement shall include areas as to which the Lessee has a right of access pursuant to the Reciprocal Rights Agreement.

### ***Security***

#### Comprehensive Security Plan

The Lessee and the Port Authority have agreed upon a **Comprehensive Security Plan or CSP**, which describes security to be performed by the Lessee throughout the Term on or at the Premises. The Comprehensive Security Plan is required to be maintained by Lessee throughout the Term, and the Lessee shall impose and enforce the applicable requirements of the Comprehensive Security Plan on its Sublessees. The Comprehensive Security Plan shall at all times throughout the Term comply with the requirements of 49 C.F.R. Parts 1520 and 1542, in addition to Port Authority CSO security requirements for airport terminals, including the requirements identified in the Lease Agreement.

The Lessee has agreed to assume and fulfill all of the Port Authority's obligations and responsibilities with respect to the Premises under the Comprehensive Security Plan and to take all measures required, necessary or appropriate to implement and carry out the requirements of the Comprehensive Security Plan. The Lessee shall investigate each and every security violation or breach with respect to the Premises, determine the cause thereof and take appropriate and timely action in response thereto.

In the event of a Lessee failure to comply with any security requirement, pursuant to the Comprehensive Security Plan, or ASP, or failure to achieve compliance by the relevant Airline Sublessees with any EAA or any applicable federal regulation, the Airport Security Manager may halt Project Work until compliance by the Lessee is satisfied and/or the Port Authority may perform on behalf of the Lessee to ensure the security requirements are satisfied and one hundred fifteen percent (115%) of all costs and expenses of the Port Authority in connection therewith shall be payable by the Lessee to the Port Authority on demand without any days of grace and without prejudice to any other rights and remedies of the Port Authority under the Lease Agreement. Such amount, if any, shall constitute additional rental due and payable to the Port Authority under the Lease Agreement, *pari passu* in priority to Ground Rent.

### Security Systems

The Lease Agreement requires the Lessee to regularly conduct inspections of its security systems, keep the security systems operational and in compliance with the Comprehensive Security Plan, the ASP, each EAA, the Rules and Regulations, Applicable Laws and Applicable Standards, maintain the capabilities to immediately deactivate Airport security identification cards or badges to prevent access to restricted security areas, maintain and operate its security access control system, and immediately report deficiencies to the Airport Security Manager.

### ***Insurance***

The Lessee must procure and maintain, and where applicable and expressly provided for in the Lease Agreement cause to be procured and maintained by third parties, insurance policies required under the Lease Agreement, including, but not limited to, casualty insurance for the full replacement cost of the Premises, Commercial General Liability, Commercial Automobile Liability, Pollution Legal Liability and OCIP Contractors Pollution Liability, Professional Liability Insurance, and other liability insurance, including Liquor Liability Insurance, Cyber Liability, Network Security and Data Breach Insurance, builder's risk insurance and business interruption insurance, each at amounts specifically set forth in the Lease Agreement. The Lessee is required to use the proceeds of any property insurance policy (other than business interruption insurance) for the repair, replacement or rebuilding of the Premises, subject to the Financing Documents. Except as expressly provided in the Lease Agreement, all losses within the scope of the insurance requirements under the Lease Agreement which are not recoverable by insurance or deductible will be the responsibility of and paid by the Lessee.

### ***Damage to or Destruction of the Premises***

If the Premises, or any part thereof, shall be damaged by fire, the elements, the public enemy or other casualty, the Lessee shall promptly remove all debris resulting from such damage from the Premises, and to the extent, if any, that the removal of debris under such circumstances is covered by insurance, the proceeds thereof (other than proceeds of any business interruption insurance) actually made available to the Lessee shall be used by the Lessee for that purpose in compliance with the Lease Agreement, subject to any requirements in the Financing Documents, if any, regarding the conditions to the release of the proceeds of casualty insurance from the applicable collateral account of the Lessee.

If the Premises, or any part thereof, shall be damaged by fire, the elements, the public enemy or other casualty, the Premises shall be restored, replaced and rebuilt by the Lessee with due diligence in accordance with the plans and specifications for the Premises approved by the Port Authority as they existed prior to such damage by and at the expense of the Lessee and if such damage is covered by insurance, the proceeds thereof (other than proceeds of any business interruption or similar insurance) actually made available to the Lessee

shall be used by the Lessee for that purpose, subject to any requirements in the Financing Documents if any, and the terms of the Lease Agreement.

The Lessee has agreed that, except to the extent expressly provided in the Lease Agreement, no damage or destruction of the Premises shall entitle the Lessee to terminate the Lease Agreement, or to be released or relieved of its obligations thereunder, including without limitation the obligation to pay all Rentals.

### ***Indemnity***

Without limiting any other indemnity, hold harmless or defense obligations of the Lessee under the Lease Agreement, or any rights and remedies available to the Port Authority at law or in equity or under the Lease Agreement, the Lessee must indemnify and hold harmless the Port Authority Indemnified Parties, from and against any and all Claims and Losses, and shall reimburse such Port Authority Indemnified Parties for such Port Authority Indemnified Parties' Losses, in each case incurred in connection with the defense of all Third-Party Claims, including, but not limited to, Third-Party Claims for death or personal injuries or for property damages and Claims of the City against the Port Authority pursuant to the provision of the Basic Lease whereby the Port Authority has agreed to indemnify the City against Claims, in each case to the extent arising out of: (i) any breach or default of any term or provision of the Lease Agreement or any other Project Document by any Lessee-Related Entity and/or Equity Member, including, without limitation, the representations, warranties or covenants made under the Lease Agreement; (ii) the use, occupancy, operation, design, construction and financing of the Premises, the Rights of Access and the O&M Access Areas, and any and all activities incidental to or in furtherance thereof, including the performance of the D&C Work, in each case by Lessee, any Lessee-Related Entity and/or Equity Member or others with the consent of a Lessee-Related Entity and/or any Equity Member; (iii) any other acts or omissions of any Lessee-Related Entity and/or Equity Member, or their respective guests, invitees or other persons who are doing business with such Lessee-Related Entity and/or Equity Member, in each case, on the Premises, the Rights of Access and/or the O&M Access Areas; (iv) any other acts or omissions of any Lessee-Related Entity and/or Equity Member in connection with the Project Work (whether on Premises or on any other portion of the Airport); and (v) any claim by any Contractor for Losses caused by interference by the Lessee or any other Lessee-Related Entity with, or hindering the progress of, completion of Project Work being performed by such Contractor, or resulting from failure of the Lessee or any other Lessee-Related Entity to cooperate in the performance of such Project Work (any such Claim, an "Indemnified Claim"); provided, that the indemnity provided in this paragraph shall not apply to (1) Losses (x) arising from any Excluded Liabilities, (y) arising from the gross negligence or willful misconduct of the Port Authority or any of its officers, employees and agents, (z) to the extent that indemnity would be precluded pursuant to the provisions of Section 5-321 of the General Obligations Law of the State of New York or (2) Lessee Damages to be paid by the Port Authority pursuant to the Lease Agreement; and provided further that the indemnity provided this paragraph shall not apply to Losses suffered by the Port Authority Indemnified Parties caused solely as a result of the negligence of the Port Authority, as finally determined pursuant to a non-appealable judgment of a court of competent jurisdiction.

### ***Condemnation***

If a Taking covers the entire Premises, then the Lease Agreement shall, as of the Date of the Taking, cease and terminate in the same manner and with the same effect as if such date were the original date of expiration of the Lease Agreement. In such event, the Port Authority shall pay to the Lessee fair value of Lessee's leasehold interests in the Premises; provided, however, that (x) the Port Authority's foregoing payment obligation to the Lessee shall be limited to a proportionate share (as determined by the Port Authority in its sole and absolute discretion following consultation with affected tenants at the Airport) of the condemnation proceeds available

to be paid to the Lessee and the Port Authority's other affected tenants at the Airport, and (y) such available condemnation proceeds shall be limited to the amount of the condemnation proceeds received by the Port Authority from the condemning authority and remaining after the Port Authority has been compensated for (A) the value of its leasehold interest in the portion of the Airport subject to the Taking or (B) the sum of the unamortized portion of the Port Authority's investment in improvements at the portion of the Airport subject to the Taking and any remaining deferred charges for equipment acquired by the Port Authority for use at or in connection with its operation of the portion of the Airport subject to the Taking, whichever of (A) or (B) is greater. In making the determination of "proportionate share" provided in the first proviso of the preceding sentence, the Port Authority's determination shall be final and binding on the Lessee. Any payment made by the Port Authority as described in this paragraph is subject and subordinate in all respects to payment of debt service on Consolidated Bonds as required by the applicable provisions of the Consolidated Bond Resolution and payment into the General Reserve Fund of the amount necessary to maintain the General Reserve Fund at the amount specified in the General Reserve Fund Statutes. Any payment made by the Port Authority as described in this paragraph is not secured by or payable from the General Reserve Fund. Additionally, the Port Authority's obligation to pay any amount as described in this paragraph does not create any lien on, pledge of or security interest in any revenues, reserve funds or other property of the Port Authority.

If the Taking covers a Material Part of the Premises or of the Public Landing Area, then the Lessee and the Port Authority shall each have an option exercisable by notice given within ten (10) Business Days after the Date of the Taking to terminate the Lease Agreement with respect to the Premises not taken, as of the Date of the Taking, and such termination shall be effective as if the Date of the Taking were the original date of expiration of the Lease Agreement. If either Party exercises this option, the Port Authority shall pay to the Lessee fair value of Lessee's leasehold interests in the Premises; provided, however, that any such payment shall be limited in a manner similar to the limits described above.

If a Taking covers less than a Material Part of the Premises or the Public Landing Area, or if a Taking covers a Material Part of the Premises or of the Public Landing Area but neither party exercises its option to terminate the letting of the Premises not taken, then: (i) the Term shall continue as to the portion of the Premises not so taken, and the letting as to the part of the Premises so taken shall, as of the Date of the Taking, cease and terminate in the same manner and with the same effect as if the Term had on that date expired, (ii) Ground Rent shall be reduced, pro-rata, based on the number of acres which are the subject of the Taking, (iii) the Lessee (subject to all other applicable terms and provisions of the Lease Agreement) shall proceed diligently to restore any remaining part of the Premises not so taken so that the Premises shall be a complete, operable, self-contained architectural unit in good condition and repair, and the proceeds of that portion of any award paid in trust to the Port Authority pursuant to Section 23.3 of the Basic Lease attributable to the improvements on the Premises not so taken shall be made available by the Port Authority to and be used by the Lessee for that purpose. The Port Authority shall retain any excess of such award over the costs of the restoration.

Notwithstanding the other condemnation provisions in the Lease Agreement to the contrary, if a Taking of all or a Material Part of the Premises or the Public Landing Area is effected by the Port Authority as the condemning authority, the Lessee shall be entitled to (x) pursue rights and remedies available at law or in equity for fair and reasonable compensation as available under Applicable Law (based on the fair value of the leasehold interest condemned taking into account, and being reduced for, any abatements of Rentals), and (y) Ground Rent shall be reduced for the period of such Taking based on the number of acres so taken, and (z) Second Additional Rental shall be reduced for the period of such Taking in an equitable manner as determined by the Port Authority.

Notwithstanding any of the condemnation provisions in the Lease Agreement providing for payment by the Port Authority to the Lessee, to the extent the City is the condemning authority and the City affords the Lessee, and the Lessee accepts, the option to attorn to, or enter into a direct lease with, the City, and continue to operate the New Terminal Facilities on terms that are not materially less favorable to the Lessee than the terms of the Lease Agreement, the Lessee shall not be entitled to any payments as described above. If the City's offer as aforesaid is not materially less favorable to the Lessee than the terms of the Lease Agreement and the Lessee does not accept such offer, then such rejection of the City's offer shall constitute, and be deemed to constitute, a full and complete release of the Port Authority and relinquishment of the Lessee's right to receive payments from the Port Authority as described above.

### ***Assignment and Sublease***

#### Assignment

Except as expressly provided or permitted under the Lease Agreement, no Transfer, Assignment, or Interest Disposition may occur without the prior written consent of the Port Authority, which consent may be given or withheld by the Port Authority in its sole and absolute discretion. Any Transfer, Assignment or Interest Disposition not made in accordance with the provisions of the Lease Agreement shall be null and void *ab initio* and of no force or effect. Any consent granted by the Port Authority to any Transfer, Assignment or Interest Disposition shall not be construed or deemed to release, relieve or discharge the Lessee or any other person claiming any right, title or interest in the Lease Agreement from any applicable requirement to obtain the prior written consent of the Port Authority to a subsequent Transfer, Assignment or Interest Disposition; and such assignee, successor or transferee or other Person claiming any right, title or interest in the Lease Agreement shall not effect or allow a Transfer, Assignment or Interest Disposition without such prior written consent of the Port Authority. The Lessee shall not use or permit any Person to use the Premises or any portion thereof for any purpose other than the purposes stated in the Lease Agreement. Except as provided in the Lease Agreement or otherwise permitted in writing by the Port Authority, the Lessee shall not permit the Premises to be used or occupied by any Person other than its and its Sublessees' officers, employees, guests, passengers, contractors and representatives. The foregoing restrictions shall not restrict or prohibit the exercise by a Recognized Mortgagee, or a designee, agent or assignee of the rights of such Recognized Mortgagee, of its rights under the Financing Documents in accordance with the Lease Agreement.

#### Subleases

The Lessee shall not sublet, license or grant occupancy rights in or to the Premises or any portion thereof, or enter into any Sublease or enter into any amendment or modification to or permit any extension of an existing Sublease (other than an extension of an existing Sublease pursuant to the express terms thereof as long as such option to extend was approved by the Port Authority in connection with any Consent to Sublease), in each case, without the prior written consent of the Port Authority as provided in the Lease Agreement.

The Port Authority may not withhold its consent for any Exempt Airline Sublease if in connection with such matter (A) the Lessee has provided all of the materials required by the Lease Agreement, (B) the Exempt Airline Sublease complies with and includes all of the terms required by the Lease Agreement, and (C) in the case of an Exempt Airline Sublease that qualifies as such under clause (A), (B) or (C) of the definition thereof, the operations of the applicable Airline Sublessee under such Exempt Airline Sublease are consistent with, and could not be reasonably expected to exceed the enplanements and time-of-use passenger flow set forth in the Comprehensive Terminal Leasing Plan then in effect. The Port Authority's consent to other Subleases shall not be unreasonably withheld, conditioned, or delayed, nor applied in a discriminatory fashion, so long as the applicable requirements of the Lease Agreement have been satisfied.

Subject to the terms and conditions of the Lease Agreement, including the consent of the Port Authority to the extent required thereby, the Lessee may enter into Subleases with any of the following Sublessees: (i) Airline Sublessees, (ii) Concession Sublessees, (iii) Governmental Agencies, (iv) Contractors performing Project Work on the Premises or otherwise providing services to Lessee or any Sublessee, provided that any such Subleases shall be for temporary Subleases for office and/or storage space only; and (v) such other Persons for such other purposes as are permitted under the Lease Agreement.

#### Terminal Leasing Plan

The Lessee and the Port Authority have developed and mutually agreed to the Comprehensive Terminal Leasing Plan. The Lease Agreement requires the Lessee to submit to the Port Authority a written statement indicating whether or not there are any updates to the Comprehensive Terminal Leasing Plan at least ninety (90) days prior to the start of each Calendar Year during the Term. If so, the Lessee shall include in the written statement a reasonably detailed narrative of such updates. If any such update sets forth a change to the principles and methodologies of Airline Terminal Rates applicable to Airline Subleases as set forth in the most recently approved Comprehensive Terminal Leasing Plan, the Lessee shall submit to the Port Authority an updated Financial Model reflecting such change.

In addition to the annual updates to the Comprehensive Terminal Leasing Plan delivered pursuant to the Lease Agreement, the Lessee shall submit for the approval of the Port Authority an update to the Approved Pro Forma Terminal Leasing Plan with respect to the New Terminal Facilities, at least eighteen (18) months prior to the projected Completion Date of the applicable New Terminal Facilities. Such update to the Approved Pro Forma Terminal Leasing Plan shall be accompanied by (i) a certificate of the Lessee, signed by a responsible officer thereof, stating that the Lessee reasonably believes that the proposed Comprehensive Terminal Leasing Plan is consistent with the applicable provisions of the Lease Agreement and (ii) a written narrative describing in reasonably sufficient detail any differences between such revised Comprehensive Terminal Leasing Plan and the Comprehensive Terminal Leasing Plan then in effect. The update to the Approved Pro Forma Terminal Leasing Plan, as approved by the Port Authority, shall be the Comprehensive Terminal Leasing Plan for the first year of operations of the applicable New Terminal Facilities.

#### Concession Subleases

Between the Terminal 7 Parcel Lease Commencement Date and the decommissioning of the Existing Terminal Facilities on the Terminal 7 Parcel (or any portion thereof) in anticipation of the demolition thereof, the Lessee shall diligently operate the concession program at the operating portions of the Existing Terminal Facilities at a level of quality at or above the current operations of such concession program as of the Terminal 7 Parcel Lease Commencement Date. The Lessee shall be required to develop a premier world-class concession program at the New Terminal Facilities that will support and advance the role of the New Terminal Facilities in providing a convenient and comfortable arrival to and departure from the Airport, consistent with the image and status of New York City as a foremost domestic gateway and America's foremost international gateway. Subject in each case to the requirements set forth in the Lease Agreement, the Lessee's concession program shall embody the Lessee's full commitment to quality, value and customer service, evidence operations in accordance with the Best Management Practice, evidence compliance with the Port Authority's Customer Care Standards, and evidence the Lessee's full commitment to the optimal financial return to the Lessee and the Port Authority in light of the concession program goals and requirements set forth in the Lease Agreement and in the Comprehensive Concessions Plan.

The Lessee is obligated, either directly, through the Manager or through a separate concession manager as described in the Lease Agreement, to employ or retain a full-time trained professional staff at all

times during the Term of sufficient size, expertise, ability, suitability and experience to carry out its responsibilities under the Lease Agreement with respect to Concession Subleases.

***Termination by the Port Authority (Events of Default)***

The occurrence of any of the events described in such section, including without limitation, the following events shall constitute an “Event of Default” under the Lease Agreement:

- the Lessee shall become insolvent or shall take the benefit of any present or future insolvency statute, or shall make a general assignment for the benefit of creditors, or file a voluntary petition in bankruptcy or a petition or answer seeking an arrangement or its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any other law or statute of the United States of America or of any state thereof, or consent to the appointment of a receiver, trustee, or liquidator of all or substantially all of its property or takes any action in furtherance of the foregoing; or
- by order or decree of a court the Lessee shall be adjudged bankrupt or an order shall be made approving a petition filed by any of its creditors or by any of the stockholders (or partners, members or equityholders, as applicable) of the Lessee seeking its reorganization or the readjustment of its indebtedness under the federal bankruptcy laws or under any law or statute of the United States of America or of any state thereof, in each case, which decree, judgment or order is not stayed or vacated within sixty (60) days after the entry thereof; or
- (i) the Lessee shall voluntarily abandon, desert or vacate the Premises or discontinue its operations at the Airport or its performance of the Project Work (other than a discontinuance in connection with any condemnation, Delay Event, Force Majeure or any other event that, with the passage of time, would constitute an Unavailability Event) for a period of thirty (30) or more consecutive days, or, (ii) after exhausting or abandoning any right of further appeal, the Lessee shall be prevented for a period of sixty (60) days by action of any Governmental Authority having jurisdiction thereof, from conducting its operations or the Project Work at the Airport, due to any act or omission of any Lessee-Related Entity; or
- any lien (other than a Permitted Lien) is filed against the Premises because of any act or omission of the Lessee, any Lessee-Related Entity and/or any Equity Member, and shall not be discharged of record, or by bonding through an insurance company duly authorized to write such bonds in New York State, in each case within ninety (90) days after the Lessee has knowledge thereof or has received notice thereof; or
- upon any Sublease, Transfer, Assignment or Interest Disposition, except as expressly permitted under the Lease Agreement; or
- except as expressly permitted in the Lease Agreement, the Lessee shall, without the prior written approval of the Port Authority, become a possessor or merged corporation in a merger, a constituent corporation in a consolidation, or a corporation in dissolution; or
- the Lessee shall fail (x) duly and punctually to pay the Rentals due pursuant to the Lease Agreement and such failure shall continue unremedied for five (5) days following the date on which such payment was due, (y) to make any other payment of fees or charges required under the Lease Agreement when due to the Port Authority and such failure shall continue unremedied for thirty (30) days following the date on which such payment was

due, or (z) to deposit or cause the deposit of funds to any reserve accounts in the amounts and within the time periods required by the Security Agreement and the Lease Agreement and such failure shall continue for ten (10) days after receipt of notice of default from the Port Authority; or

- the Lessee shall fail to keep, perform and observe each and every promise, covenant and agreement set forth in the Lease Agreement or any other document incorporated by reference in the Lease Agreement on its part to be kept, performed, or observed, within thirty (30) days after receipt of written notice of default thereunder from the Port Authority or within such shorter period as may be required by any applicable Governmental Authority; or
- any representation or warranty made or deemed to be made by the Lessee in the Lease Agreement or in any other certificates or agreements delivered by Lessee to the Port Authority in connection with the Lease Agreement shall be found to be incorrect, false or misleading in any material respect as of the time made (whether by affirmative statement or omission of such statement), unless cured within ninety (90) days following the earlier of (x) the date the Lessee obtained actual or constructive knowledge of such incorrect, false or misleading representation, warranty or omission or (y) the date of notice thereof from the Port Authority to the Lessee; or
- failure by the Lessee to comply with Applicable Laws and such failure is not cured within thirty (30) days (provided that the time period for cure may be extended in certain circumstances) after the earlier of the Lessee having knowledge of such failure and receipt of notice of such failure from the Port Authority or the applicable Governmental Authority, or such shorter period as may be required by any applicable Governmental Authority; or
- the Lessee fails to keep, perform, and observe every direction issued by the Port Authority pursuant to the Lease Agreement (including any bulletin, directive, or other instruction issued by the General Manager of the Airport or the Chief Security Officer) or issued by the Port Authority in its capacity as a bi-state agency, an airport operator, or the tenant under the Basic Lease, if such failure shall continue unremedied or unwaived for a period of ten days (provided that the time period for cure may be extended in certain circumstances), or
- the Lessee fails to keep, perform or observe any promise, covenant or agreement in the Lease Agreement or any document incorporated by reference into the Lease Agreement and such failure shall continue unremedied or unwaived for a period of 30 days after the date on which the Lessee receives written notice thereof from the Port Authority, or within such shorter period as may be required by any applicable governmental authority (provided that the time period for cure may be extended in certain circumstances)
- the Lessee fails to maintain (or cause to be obtained and maintained) insurance coverage required by the Lease Agreement in accordance with the applicable provisions of the Lease Agreement, including failure to comply with the requirements relating to the amount, terms or coverage, and, with respect to any such failure that results from a change by the Port Authority to the insurance coverage requirements under the Lease Agreement or the failure by an insurance carrier to maintain the ratings required pursuant to the Lease Agreement, such failure continues without cure for a period of five Business Days after the initial date of such failure,
- failure by the Lessee to achieve Substantial Completion of Phase 2 by the Outside Completion Date, as such date may be adjusted from time to time as expressly provided the Lease Agreement; or

- certain other events described in the Lease Agreement.

In the case of any Event of Default, subject to certain exceptions, the Lessee is entitled to cure such Event of Default by preparing and submitting for Port Authority approval a remedial plan that shall set forth a schedule and specific actions to be taken by the Lessee to cure such Event of Default and, if applicable, reduce the likelihood of such defaults occurring in the future. Any failure of the Lessee to comply diligently with such approved remedial plan shall be deemed to be an Event of Default, provided that the Port Authority shall have the right to terminate the Lease Agreement without any further entitlement of the Lessee to a cure period, or any further notices of any kind, for such Event of Default or to the proposal of another remedial plan (but subject only to the notice and cure rights of the Recognized Mortgagees pursuant to the Lease Agreement).

Upon the occurrence and during the continuation of an Event of Default, the Port Authority may, by written notice to the Lessee with a copy to the Recognized Mortgagees, declare that an Event of Default has occurred (such notice, an "Event of Default Notice"). Thereafter, subject to the cure rights of the Recognized Mortgagees, the Port Authority may terminate the rights of the Lessee under the Lease. The Port Authority's right of termination under the Lease Agreement and the exercise thereof, shall, subject to any and all applicable notice and cure periods under the Lease Agreement, be and operate as a conditional limitation.

In the event the Port Authority exercises its right to terminate the Lease Agreement, the Lessee shall be obligated to pay to the Port Authority an amount equal to all costs and expenses incurred by the Port Authority in connection with such termination, including, without limitation, any re-entry, regaining or resumption of possession, collecting all amounts due to the Port Authority, the cleaning, repair or restoration of any space which may be used and occupied under the Lease Agreement (on failure of the Lessee to have it cleaned, repaired or restored), the care and maintenance of such space during any period of non-use of the space, the foregoing to include, without limitation, personnel costs and legal expenses (including but not limited to the reasonable cost to the Port Authority of in-house legal services), repairing the space and putting the space in order (such as but not limited to repairing, cleaning and restoring the same pursuant to the Lease Agreement). Unless sooner terminated, the term of the letting under the Lease Agreement shall expire in any event upon the Expiration Date. Termination shall not relieve the Lessee of any liabilities or obligations under the Lease Agreement which shall have accrued on or prior to the effective date of termination.

### ***Survival of the Obligations of the Lessee***

In the event that the letting shall have been terminated in accordance with a Port Authority Termination Notice, or the interest of the Lessee canceled pursuant thereto, or in the event that the Port Authority has re-entered, regained or resumed possession of the Premises in accordance with its rights of re-entry under the Lease Agreement, all the Rental obligations of the Lessee under the Lease Agreement (and all other obligations of the Lessee that have not been fully performed) shall survive such termination or cancellation, or re-entry, regaining or resumption of possession and shall remain in full force and effect for the full term of the letting under the Lease Agreement as if the same had not been terminated. The amount of damages for the period of time subsequent to termination or cancellation (or re-entry, regaining or resumption of possession) on account of the Lessee's Rental obligations, shall be calculated pursuant to the Lease Agreement.

### ***Basic Lease***

The Lease Agreement provides that it shall terminate with the termination or expiration of the Basic Lease (subject to the Lessee's obligation to attorn to, or enter into a direct lease on identical terms with, New York City, at the option of the City), such termination to be effective on such date and to have the same effect as if the Term had expired on that date. If (i) such termination is due to a default arising under Section 25.1 of the Basic Lease from the gross negligence or willful misconduct of the Port Authority, as finally determined pursuant to a non-appealable judgment of a court of competent jurisdiction (and not a breach or default arising from or related to any act or failure to act by the Lessee or any Lessee-Related Entity) and (ii) the City does not afford the Lessee the option to attorn to, or enter into a direct lease with, the City on the terms that are substantially the same as the terms of the Lease Agreement, then the Lessee shall be entitled to termination compensation in accordance with the Lease Agreement but only to the extent that such termination is determined pursuant to a final, non-appealable judgment of a court of competent jurisdiction to be a failure of quiet enjoyment in accordance with the Lease Agreement. If such termination is due to any act or failure to act *by* the Lessee or any *Lessee-Related Entity*, the Lessee will be solely responsible for any loss or damages resulting therefrom.

Under the Lease Agreement, the Port Authority and the Lessee agree to certain terms related to the Basic Lease, including, without limitation, the following:

- The Lease Agreement is subject and subordinate to the Basic Lease and to any interest superior to that of the Port Authority;
- The Lessee shall not pay rent or other sums under the Lease Agreement for more than one (1) month in advance (excluding security and other deposits required under the Lease Agreement);
- Future amendments to the terms and provisions of the Basic Lease may require certain modifications to the Lease Agreement; provided that the Port Authority will meet and confer with the Lessee at the Lessee's request to determine whether any steps may be taken to mitigate any material adverse effects on the Lessee as a direct and sole result of such amendment to the Basic Lease.

### ***Force Majeure***

Following a Force Majeure event, the Affected Party shall not be deemed to be in violation of the Lease Agreement, and the Affected Party shall be excused from performance of its obligations in accordance with the Lease Agreement but only to the extent that such performance is prevented by such Force Majeure, unless, in any case, the delay or prevention of performance shall result from failure on the part of the Affected Party to use reasonable care to prevent the events claimed as Force Majeure or avoid the delay resulting from such events, or use reasonable efforts to cure such delay or mitigate the impacts upon of performance; provided, however, that except to the extent expressly provided for in any other provision of the Lease Agreement nothing in this paragraph shall relieve the Lessee of any obligation to pay any Rentals specified under the Lease Agreement or any other fees, charges or money payments due by the Lessee.

### ***Quiet Enjoyment***

The Port Authority covenants and agrees in the Lease Agreement that the Lessee, so long as it pays all Rentals under the Lease Agreement and performs all the covenants, conditions and provisions of the Lease Agreement on its part to be performed, shall and may peacefully and quietly have and enjoy the Premises throughout the Term free of any act or acts of the Port Authority except as expressly agreed

upon in the Lease Agreement. The Port Authority has sufficient rights, title and interest pursuant to the Basic Lease to grant to the Lessee the rights, title and interest granted under the Lease Agreement, subject only to the terms and conditions of the Lease Agreement and the Basic Lease.

### ***One JFK and New York Experience***

The design and architectural appearance of the New Terminal Facilities is required to be consistent with the Airport advisory panel's master vision for the Airport as described in its Vision Plan Recommendations for a 21st Century Airport for the State of New York and the accommodation of a Port Authority approved connected, architecturally consistent character for the Airport to result in a consistent appearance throughout the Airport that embodies the spirit, resiliency and dynamism of New York (the "One JFK Environment"). The Lessee is required to comply with the Requirements and Provisions for Work and New Airport Design Guidelines with respect to such branding, design elements and materials as the Port Authority has set forth in order to achieve the One JFK Environment, including changes thereto in accordance with the Lease Agreement. The Lessee is also required to include within the New Terminal Facilities operations and concessions intended to promote the "Taste NY" campaign, or at the direction of the Port Authority, such other campaigns as may be developed by the Port Authority or by Governmental Authorities from time to time during the Term, in each case in accordance with any applicable terms of the Requirements and Provisions for Work.

### ***Interest Dispositions***

#### Permitted Interest Dispositions

Certain Interest Dispositions may be made without regard to other restrictions under the Lease Agreement, including, without limitation, the following:

- Transfers of Equity Interests, securities evidencing ownership or any other ownership interests, pursuant to bona fide open market transactions on a recognized stock exchange or any initial or subsequent public offerings on such a recognized stock exchange provided that, in connection with any such initial or subsequent public offerings, the direct or indirect ownership interest in the Lessee of the entity whose securities are listed or being listed does not represent, directly or indirectly, more than thirty percent (30%) of the value of the assets of such entity;
- Transfers of (x) Equity Interests in the Lessee or HoldCo or (y) direct or indirect Equity Interests in an Equity Member's beneficial owners, in each case, between or among Persons that are under common Control;
- Transfers of (x) Equity Interests in the Lessee or HoldCo by an Equity Member, or (y) direct or indirect Equity Interests in an Equity Member's beneficial owners, in each case, to a pension fund or employee equity compensation plan sponsored, maintained and Controlled by such Equity Member or its Affiliates;
- Transfers of (x) Equity Interests in the Lessee or HoldCo or (y) direct or indirect Equity Interests in an Equity Member's beneficial owners, in each case, by a Governmental Authority;
- Transfers of (x) Equity Interests in the Lessee or HoldCo or (y) direct or indirect Equity Interests in an Equity Member's beneficial owners; provided that for purposes of this clause there occurs

no change in the Person(s) with ultimate power to Control such Equity Member or the Lessee, as applicable;

- Subject to compliance with the foreclosure provisions of the Lease Agreement, foreclosure by a Recognized Mortgagee in respect of a pledge of any Equity Interests of the Lessee or any other exercise of rights or remedies pursuant to the terms of any Equity Pledge;
- Transfers of direct or indirect Equity Interests in an Equity Member, provided that, in connection with such Transfer, the direct or indirect interest in the Lessee held by the entity in which the Equity Interests are being directly Transferred does not represent more than twenty percent (20%) of the value of such entity; or
- Transfers of (x) Equity Interests in the Lessee or HoldCo, or (y) direct or indirect Equity Interests in an Equity Member's beneficial owners, in each case, to employee(s) of such Interest Transferor as part of an employee incentive program;

provided, that any Interest Disposition which is either to a Prohibited Party or in violation of Applicable Laws, even if otherwise permitted shall as described above, be void *ab initio*.

#### Other Interest Dispositions

Except for the Interest Dispositions permitted as described above, no Interest Disposition may be made prior to the first (1<sup>st</sup>) anniversary of Substantial Completion of the Project without the Port Authority's consent. From and after the first (1<sup>st</sup>) anniversary of Substantial Completion of the Project, all Interest Dispositions will be permitted, except to the extent (w) the Interest Disposition results in a Change in Lessee Control, (x) there exists an uncured Event of Default, (y) the proposed transferee is a Prohibited Party, or (z) the Lessee has failed to sufficiently demonstrate that the Premises will continue to be operated and maintained by a Qualified Terminal Operator.

Further, except for the Interest Dispositions permitted as described above under "*Permitted Interest Dispositions*," and notwithstanding the immediately preceding paragraph, prior to the fifth (5<sup>th</sup>) anniversary of Substantial Completion of the Project, no Interest Disposition may be made by any QTO Equity Member without the Port Authority's consent, which would result in such QTO Equity Member holding less than fifteen percent (15%) of the Equity Interests in the Lessee.

From and after the fifth (5<sup>th</sup>) anniversary of Substantial Completion of the Project, the Port Authority will not unreasonably withhold its consent to any Interest Disposition for which the Port Authority's consent is required if the Lessee has sufficiently demonstrated that the Premises will be operated and maintained by a Qualified Terminal Operator.

#### Equity Gain Share

Except for (A) Interest Dispositions described in paragraph 1 or paragraph 8 above under the heading "Permitted Interest Dispositions"; (B) Interest Dispositions described in paragraph 7 above under the heading "Permitted Interest Dispositions" by an entity that is not (i) an Equity Member, (ii) a Parent Fund, (iii) an entity that owns a direct Equity Interest in a Parent Fund, (iv) an entity Controlled by any of the entities described in the foregoing clauses (i)-(iii), or (v) a Parent or an entity Controlled by a Parent unless, in the case of this clause (v), such Interest Disposition does not result in a change of control of the entity in which the applicable interest is being transferred; (C) Transfers of (y) Equity Interests in the

Lessee or HoldCo or (z) direct or indirect Equity Interests in an Equity Member's beneficial owners, in each case, between or among Persons that are under common Control and that do not result in cash proceeds; and (D) Transfers of indirect Equity Interests in the Lessee effectuated by the Transfer of indirect Equity Interests in a Parent Fund by Non-Controlled Persons provided that:

- (i) such indirect Equity Interests in the Parent Fund were not established and/or sold to circumvent the payment of the Equity Gain Share;
- (ii) the indirect Equity Interest in the Lessee was not the only asset and did not represent substantially all of the assets held by the entity in which the Non-Controlled Person is transferring its interest as of the date such interest was acquired by the Non-Controlled Person; and
- (iii) no Equity Member or its Affiliate could be entitled to a management fee, performance fee, incentive allocation or promote based upon the consideration paid to the Non-Controlled Person for such indirect Equity Interest;

upon an Interest Disposition the Lessee shall pay or cause to be paid to the Port Authority the Equity Gain Share.

### ***Environmental Obligations***

Under the Lease Agreement, the Lessee is generally responsible for compliance with, and for causing Lessee-Related Entities, Sublessees, guests, patrons, invitees, business visitors, Contractors, Suppliers and furnishers of services and those doing business with it, to comply with, all Environmental Requirements.

The Lessee is responsible for the management, treatment, storage, transportation, or disposal of any Hazardous Substances encountered in soils, construction debris, storm-water and groundwater in the areas excavated as part of the D&C Work. The Lessee is not required to remediate Hazardous Substances present on, in or under the Premises or the Temporary Rights of Access on or prior to the commencement date of the Lease Agreement that are outside of the Excavation Boundary, unless required to do so by a Governmental Authority. If any such contamination is on the Terminal 7 Parcel, the Lease Agreement provides that the Lessee may exercise any rights the Port Authority may have under its lease with British Airways to recover such costs.

The Lessee is generally responsible for all costs, losses, liabilities, damages and operational requirements arising under or with respect to compliance with Environmental Requirements. The Lessee's liability is subject to certain exclusions, risk re-allocation and remedies. The Lessee is not responsible for remedial action or environmental liabilities arising from (i) a Hazardous Substance release occurring or existing outside of the Premises and the Temporary Rights of Access on or prior to the commencement date of the Lease Agreement; (ii) pre-existing Hazardous Substances that are present on, in, or under the Premises or Rights of Access as a result of migration from another location, except to the extent caused by the Lessee or a lessee-related entity; (iii) fines and penalties imposed by any Governmental Authority with respect to violations of Environmental Requirements based on facts, circumstances or events existing or occurring prior to the commencement date of the Lease Agreement; and (iv) the presence at approved disposal locations of pre-existing Hazardous Substances disposed of by the Lessee during the D&C Work in compliance with the Lease Agreement. In addition, the Lessee has the right to make a claim for delay if, without the negligence or culpable act or omission of the Lessee or any occupant, it incurs certain environmental damages in connection with unknown Hazardous Substances required to be managed as part of the D&C Work.

### ***Reserved Uses***

The Port Authority has reserved exclusively to itself and its designees the right to implement, conduct, control, approve and receive any fees, rents or profits, with respect to the Reserved Uses.

### ***Termination by Lessee***

The Lessee may terminate the Lease Agreement with sixty (60) days' written notice to the Port Authority, effective upon the date set forth in such notice, if any one or more of the following events shall occur:

- (a) failure by the Port Authority, within thirty (30) days following receipt of notice by the Lessee, to make payment of any undisputed amounts owed to the Lessee; or
- (b) the Port Authority expressly repudiates or willfully (with an intent to deprive the Lessee of its rights to quiet enjoyment) fails to provide or defend, Lessee's right to quiet enjoyment of the Premises pursuant to the terms of the Lease Agreement such that the Lessee is unable to (x) construct the New Terminal Facilities or (y) operate the Existing Terminal Facilities (prior to the decommissioning of the Existing Terminal Facilities) and/or the New Terminal Facilities, in each case for a period of not less than one hundred eighty (180) consecutive days, unless arising out of action or omission of the Lessee or another Lessee-Related Entity; or
- (c) the Port Authority willfully fails to tender the Premises or any portion thereof to the Lessee in accordance with the time periods required by the terms of the Lease Agreement.

The sole remedy upon the occurrence of an event set forth above shall be the right of termination described above, subject to certain other provisions of the Lease Agreement. Notwithstanding the foregoing, to the extent that the Lessee elects not to terminate the Lease Agreement as described above, then the Lessee shall retain each and every remedy for breach of the Lease Agreement which it has in law and in equity.

### ***Effect of Termination by Lessee***

If the Lessee terminates the letting pursuant to paragraph (b) above under the heading "Termination by Lessee," then the Port Authority shall pay compensation to the Lessee in the amount of the Port Authority Default Termination Payment. Any Port Authority Default Termination Payment is subject and subordinate in all respects to payment of debt service on Consolidated Bonds as required by the applicable provisions of the Consolidated Bond Resolution and payment into the General Reserve Fund of the amount necessary to maintain the General Reserve Fund at the amount specified in the General Reserve Fund Statutes. Any Port Authority Default Termination Payment obligation is not secured by or payable from the General Reserve Fund. Additionally, the Port Authority's obligation to pay any Port Authority Default Termination Payment does not create any lien on, pledge of or security interest in any revenues, reserve funds or other property of the Port Authority.

### ***Airport-Wide Facilities and Services***

The Lessee has agreed to pay a portion of the capital expenditures and operating expenditures relating to any development by the Port Authority of any Airport-wide facilities during the Term to the extent that such Airport-wide facility (i) (A) demonstrably benefits the Premises, directly or indirectly or (B) is used

by either the Lessee or any of its tenants in connection with their activities at the Premises, in each case, on a fair and reasonable basis relative to all others who receive benefits or use of such Airport-wide facility, and (ii) is implemented by the Port Authority to facilitate safety, security or operational efficiencies at the Airport; provided, that such expenditures reflect actual, direct and allocable indirect expenditures of the Port Authority and are fairly and reasonably allocated by the Port Authority among the Lessee and other terminal operators and other users at the Airport and the requirement to pay for such capital expenditures and operating expenditures is applied with transparency to Lessee and in a Non-Discriminatory Manner and that all terminal operators will be required to assume responsibility for their respective allocated shares of the expenditures at substantially the same time.

The Lessee has agreed to (x) make a contribution to the Port Authority in an amount up to \$13,847,323 to support Airport-wide traffic mitigation efforts (the “Airport Traffic Mitigation”), which contribution shall be made during the performance of the D&C Work, and (y) during the D&C Work Period, spend an amount up to the Traffic Mitigation Capital Amount for traffic mitigation directly related to the roadway network that supports Terminal 5 and the New Terminal Facilities (the “New Terminal Facilities Traffic Mitigation Plan”), which Traffic Mitigation Capital Amount shall be disbursed as directed by the Port Authority.

To the extent the Lessee incurs less than the Traffic Mitigation Capital Amount for the New Terminal Facilities Traffic Mitigation Plan (the difference between the Traffic Mitigation Capital Amount and the actual costs of the New Terminal Facilities Traffic Mitigation Plan, the “Traffic Mitigation Savings Amount”) and the Port Authority incurs additional traffic mitigation costs for the Airport Traffic Mitigation (i) as a result of the Project Work, and (ii) to implement the New Terminal Facilities Traffic Mitigation Plan, on the Effective Date, Lessee will reimburse the Port Authority for an amount equal to the lesser of (1) the Traffic Mitigation Savings Amount, and (2) the portion of the total costs of implementing the New Terminal Facilities Traffic Mitigation Plan which the Parties agree is reasonably allocated to Terminal 5 and the New Terminal Facilities.

#### ***Milestone Payments for the Cost of the Redevelopment Work***

The Lessee and Port Authority have agreed to certain fixed payments to be paid by the Parties as follows:

- On the Milestone Payment Date, the Port Authority Milestone Payment with respect to the KIAC Fuel Line; and
- On the Milestone Payment Date, the Lessee Milestone Payment for Roadways with respect to the roadways; and
- On the Milestone Payment Date, the Lessee Milestone Payment for Backup Power Supply and together with the Lessee Milestone Payment for Roadways.

Except for (x) Lessee Damages with respect to any Compensation Event (including for greater certainty any amount payable by the Port Authority in connection with a Port Authority Change), if any, and (y) the Port Authority Milestone Payment, the Port Authority shall have no other obligation or liability with respect to the cost of the Lessee’s D&C Work, and the Lessee shall be responsible for all increases to costs for the D&C Work and any reduction in revenues resulting from any failure of performance (including delays) of the D&C Work.

## **Project Financing**

### **Leasehold Mortgage**

Except as expressly authorized in the Lease Agreement, the Lessee shall not mortgage the Lessee's interest in the Lease Agreement or the letting under the Lease Agreement in whole or in part, or any portion of the Premises in whole or in part, directly or indirectly, by operation of law or otherwise. The Parties acknowledge that the Lessee intends to enter into one or more financings or series of financings to incur Lessee Debt, including any Refinancings, from time to time during the Term. The Lessee shall have the right, at its sole cost and expense, in connection with incurring (i) the Initial Lessee Debt under the initial Security Documents, (ii) Lessee Debt incurred in connection with Phase 2 D&C Work under Financing Documents applicable thereto, or (iii) subject to the refinancing provisions of the Lease Agreement, any subsequent Lessee Debt (including any other Lessee Debt issued in accordance with the terms of then-existing Financing Documents that were approved by the Port Authority in accordance with the Lease Agreement to the extent such approval was required), to grant a Leasehold Mortgage to secure the obligations of the Lessee with respect to such Lessee Debt; provided, that at the time of execution and delivery of any such Leasehold Mortgage, no Event of Default has occurred and shall be continuing and certain conditions shall be satisfied, including, without limitation, the following:

- the Leasehold Mortgage (A) may not cover any property of, or secure any debt issued or guaranteed by, any Person other than the Lessee (or a financial institution providing a financial guaranty or similar credit enhancement in respect of any debt of the Lessee), (B) shall only secure the obligations of the Lessee under the then-existing Financing Documents, (C) shall not be cross-defaulted with any other agreement or document made by the Lessee and/or a Recognized Mortgagee in connection with any indebtedness other than the Financing Documents, and (D) shall be in compliance with the terms of the Lease Agreement;
- no Leasehold Mortgage shall encumber less than the entire interest of the Lessee under the Lease Agreement, except as expressly permitted by the Lease Agreement;
- no Leasehold Mortgage or other Financing Document shall encumber any property other than the Premises, the Lessee's assets (including Lessee's Personal Property, subject to certain other terms of the Lease Agreement) and the Equity Interests in the Lessee, or contain any cross-default, cross-collateral or similar provisions with respect to any such other property other than such assets and property as are covered by other Security Documents under the Financing Documents;
- the aggregate principal amount of Lessee Debt secured by the Leasehold Mortgage shall not exceed a maximum amount of \$4,225,000,000 (excluding the amount of any Lessee Debt issued in connection with certain refinancings) of the Lease Agreement, determined without reduction for any prepayments, redemptions or refunds made pursuant to any of the Financing Documents at any time during the term thereof, unless otherwise agreed by the Port Authority; provided that the Lessee shall not incur any Refinancing to refinance all or any portion of the Initial Bank Lessee Debt without the prior written consent of the Port Authority (not to be unreasonably withheld or delayed) if such Refinancing would cause the aggregate principal amount of Lessee Debt secured by the Leasehold Mortgage (disregarding any Lessee Debt previously issued in connection with certain other refinancings) to exceed \$4,225,000,000;
- no Leasehold Mortgage or other instrument purporting to mortgage, pledge, encumber or create a lien, charge or security interest on or against any or all of the Lessee's interest in the Lease

Agreement shall extend to or affect the fee simple interest in the Premises, the Port Authority's interest under the Basic Lease or the Lease Agreement or the Port Authority's or the City's reversionary interest and estate in and to the Premises or any part thereof;

- the Port Authority shall have no liability whatsoever for payment of the principal sum secured by any Leasehold Mortgage, or any interest accrued thereon or any other sum secured thereby or accruing thereunder and, except for violation by the Port Authority of the express obligations to a Recognized Mortgagee set forth in the Lease Agreement and for any remedies of the Recognized Mortgagee provided by Applicable Law, no Recognized Mortgagee shall be entitled to seek any damages or other amounts against the Port Authority for any or all of the same, or
- various other restrictions set forth in the Lease Agreement.

### Recognized Mortgagee

A Person that (A) holds a Leasehold Mortgage that complies with the terms and conditions set forth in of the Lease Agreement and (B) is an Institutional Lender or an agent or trustee acting on behalf of one or more Institutional Lenders, shall be entitled to the benefits and protections provided to a Recognized Mortgagee pursuant to the Lease Agreement (such Person, a "Recognized Mortgagee"), and shall be considered a third-party beneficiary of the project finance and refinancing provisions of the Lease Agreement. In all events, at any one time there shall not be more than two (2) Recognized Mortgagees entitled to the benefits and protections of the Lease Agreement. The Lessee shall deliver to the Port Authority copies of all financial statements delivered to the Recognized Mortgagee under the Financing Documents and certain reports and notices delivered under the Collateral Agency and Accounts Agreement and the Common Terms Agreement.
